### **Narratives**

#### Areas of Greatest Need:

The City of Detroit has one of the highest home foreclosure rates among the nation's largest metropolitan areas. The City has over 67,000 foreclosed properties, 65 percent remain vacant. The foreclosure problem is widespread and touches almost every neighborhood in the city. The City recognizes that the \$47,137,690 NSP allocation must be implemented in a strategic manner to result in the stabilization of neighborhoods most severly impacted by foreclosure and abandonment. The funds have been targeted to nine neighborhoods that were selected based upon the data that showed: over 51 percent of the population in the Census block groups met the low moderate middle income criteria; a high prcentage of home foreclosures, a high percentage of homes financed by sub=prime mortagage related loans; and were also identified as likely to face a significant rise in the rate of home foreclosures. The City also aliging this process with othr local stabilization and development efforts.

### Distribution and and Uses of Funds:

The goals of the City of Detroit Neighborhood Strategy Program are: Continue to implement the City¿s Master Plan to reinforce,revitalize and rebuild targeted neighborhoods; Reduce the vast numbers of vacant properties causing blight and undermining the vitality of neighborhoods; Reverse the decline of neighborhood housing values; Stabilize neighborhoods negatively impacted by foreclosure and abandonment; Eliminate blighted structures to enhance public safety and improve quality of life; Invest in select neighborhoods to achieve greater impact with limited resources especially neighborhoods targeted by LISC, Skillman, the Community Foundation and NDNI; Protect recent investments by public and private partners Attract other public/private financing to leverage NSP funds; Create new jobs and stimulate small business development;Demolish existing structures to accommodate future development or alternative uses.

#### **Definitions and Descriptions:**

In addition, the continued affordability compliance will be a part of any Development Agreement implemented between the City and the Developer/Non-profit owner. (4) Describe housing rehabilitation standards that will apply to NSP assisted activities. Response: The City of Detroit, Planning and Development Department (P&DD) continually upgrades and enhances its' contractor rehabilitation "Performance Standards". #### Low Income Targeting:

LOW INCOME TARGETING

Identify the estimated amount of funds appropriated or otherwise made available under the NSP to be used to purchase and redevelop abandoned or foreclosed upon homes or residential properties for housing individuals or families whose income do not exceed 50% of area median income: \$ 11,784,422.50

Note: At least 25% of funds must be used for housing individuals and families whose incomes do not exceed 50 percent of area median income. Response:

The City of Detroit will use at least \$11,784,422.50 of the NSP grant and 25% of any program income received to provide subsidy assistance to offset acquisition and

construction/rehabilitation costs, of single family and multi-family residential properties for households whose incomes do not exceed 50% of Area Median Income (AMI). The City will issue a public Notice of Funding Availability (NOFA) to eligible for-profit and non-profit developers and sponsors to submit projects that are "ready to go" for NSP consideration and funding approval. Section 8 certificates may also be available to targeted low-income rental households

#### Acquisition and Relocation:

ACQUISITIONS & RELOCATION

The City of Detroit is projecting to demolish 1,400 dwelling units that are < 80% of area median income If so, include:

• The number of low- and moderate-income dwelling units-i.e., 80% of area

The NSP program includes two low- and moderate-income requirements at section 2301(f)(3)(A) that supersede existing CDBG income qualification requirements. NSP allows the

use of only the low- and moderate income National Objective.

All NSP funding will be spent on individuals and families at or below 120 percent of the area

median income. At least 25 percent of appropriated funds must be spent on housing for individuals or families with incomes that do not exceed 50% AMI For the purposes of NSP an activity may meet the HERA low- and moderate income national objective if the assisted activity:

oprovides or improves permanent residential structures that will be occupied by a household whose income is at or below 120 percent of area median income abbreviated (LMMH);

Às a projection, we will demolish 1,400 units. units. However, the physical inspection median income-reasonably expected to be demolished or converted as a direct result of NSP-assisted activities.

and/ or appraisal will ultimately, determine the actual numbers. The cost to rehabilitate the property and the likelihood of it being sold in the existing market conditions will be

the criteria

Response:

Background

Indicate whether grantee intends to demolish or convert any low- and moderate-income

dwelling units (i.e., 80% of area median income).

o serves an area in which at least 51 percent of the residents have incomes at or below 120 percent of area median income (LMMA);

ocreates or retains jobs for persons whose household incomes are at or below 120 percent of median income (LMMJ); or

oserves a limited clientele whose incomes are at or below 120 percent of area median income (LMMC).

Property acquisition activities are dependent on the national objective met by the subsequent reuse of the property. Activities identified by the City of Detroit will comply with a national objective as follows:

oAcquisition for rehabilitation structures will meet the LMMH national objective

oAcquisition for demolition possible green spaces or land bank will meet the LMMA

national objective

oAcquisition for land bank use will meet the LMMA national objective1

1 Acquisition and management activities of the land bank may provide sufficient benefit to an area generally to meet a national objective (LMMA) prior to final disposition of the banked property. HUD notes that the grantee must determine theactual service area benefiting from a land bank's activities, in accordance with the regulations. The Land bank may not hold a property for more than 10 years without obligating the property for a specific, eligible redevelopment of that property in accordance with NSP requirements.

#### **Public Comment:**

The City of Detroit posted a notice in the newspaper November 5, 2008 announcing the Neighborhood Stabilization Program (NSP) funds allocated to Detroit and the substantial amendment to the Consolidated Plan. A revision was also posted on November 19, 2008 to correct a typo regarding the website. We took citizen comments into consideration and worked with the Detroit City Council and their staff to decide the best use of NSP funds. We modified the allocation amounts and added some additional activities based on comments from citizens and City Council. However, some of the comments did not apply to NSP and others were not eligible. The City of Detroit conducted community level meetings to obtain additional citizen input regarding program implementation. Meeting dates, requests for proposals, and program updates were posted on the Detroit website as well as any amendments. A summary of the comments received from our NSP website during the comment period is summarized in the substantial amendment. The City of Detroit received 119 comments regarding

demolition, historic structures, location questions, suggested projects, use of NSP funding, tax questions and miscellaneous comments.
