COMMISSIONER MOORE: I know, right. 6 CHAIRPERSON CARTER: Here he comes. 7 8 (At 3:03 p.m., Assistant Dolunt entered the 9 room.) 10 CHAIRPERSON CARTER: Thank you, Assistant Chief Dolunt, for joining us. 11 12 ASSISTANT CHIEF DOLUNT: You're welcome, Thank you for having me. 13 ma'am. 14 CHAIRPERSON CARTER: At this time, Attorney 15 Bernard, would you please introduce the rest of the staff. 16 ATTORNEY BERNARD: Yes, Madam Chair. 17 18 Ms. Gail Oxendine I'm sure will be joining 19 us. 18	That completes my introductions.

22	ASSISTANT CHIEF DOLUNT: Let's see. We've

25	Washington, Captain Chambers, Lieutenant Miles. Is it

Page 8 1 lieutenant still? Okay. Who else is back there? 2 Daley, Sergeant Daley, and -- oh. Gail's here, Gail Oxendine. And I believe that's it. 3 4 Did I miss anybody? 5 Oh, Diane. Diane. I'm sorry. That's it. I'm sorry. 6 7 CHAIRPERSON CARTER: At this time, 8 commissioners, you have before you the agenda for 9 Thursday, May 26. What is your pleasure? 10 COMMISSIONER CRAWFORD: So moved. COMMISSIONER MOORE: Support. 11 CHAIRPERSON CARTER: It's been moved and 12 13 supported that we approve the agenda for Thursday, May 26. Is there any discussion? 14 Those in favor? 15 16 COMMISSIONERS: Aye. 17 CHAIRPERSON CARTER: Those opposed? Motion carries. 18 At this time, commissioners, first have 19 20 before you the minutes from Thursday, May 19. Is 21 there a motion for approval? 2.2 COMMISSIONER SANDERS: Approve and 23 support -- approval. Sorry. 24 COMMISSIONER MOORE: Support. CHAIRPERSON CARTER: It's been moved and 25

	Page 9
1	supported that we approve the minutes from Thursday,
2	May 19, 2016.
3	Is there any discussion?
4	Those in favor?
5	COMMISSIONERS: Aye.
6	CHAIRPERSON CARTER: Those opposed?
7	The motion carries.
8	At this time I do not have anything to
9	report so and OCI the chief investigator is on
10	vacation, and the person who is supposed to make the
11	presentation is sick, I think.
12	MR. CROMWELL: Yeah, we can make a report.
13	CHAIRPERSON CARTER: Okay. Okay.
14	MR. CROMWELL: Good afternoon. The
15	supervising investigator, Ainsley Cromwell for the
16	record.
17	I'm going to give you some statistics for
18	the Office of the Chief Investigator. As of today the
19	Office of the Chief Investigator has 162 open cases.
20	Ten of those cases have been submitted to either the
21	chief investigator or a supervising investigator. And
22	we have no cases over 90 days.
23	For our statistics for the month of April
24	2016, 77 complaints were filed for that month, a
25	one-percent increase over last year. At the end of

	Page 10
1	April 2016 OCI had a caseload of 152 open cases, 316
2	cases were filed year-to-date and 337 cases were
3	closed year-to-date by OCI. We incurred a 27-percent
4	increase I'm sorry, 27 percent of the 77 cases
5	filed in the month of April involved officers that
6	were unknown. Of the known units, the Twelfth
7	Precinct led complaints at 11 percent, the Second and
8	Fifth Precincts came in at seven percent and the Third
9	Precinct came in at six percent of those 77 cases.
10	The leading area of concerns of the 77
11	cases filed for the month of April involved 146
12	allegations, which were as follows:
13	Thirty-two percent were procedure, 28
14	demeanor, 16 service and seven percent were
15	harassment.
16	Of the 60 occasions that were closed in
17	April 2016, the allegation findings were as follows:
18	Thirty-four percent were not sustained, 13
19	percent were exonerated, unfounded was at 15 percent,
20	and the sustained percentage was at 15.
21	The leading area of concern in the 60 cases
22	that were closed were procedure at 40 percent,
23	demeanor at 24 percent, service at nine percent and
24	harassment at eight percent.

Madam Chair, that concludes the statistical

Page 11 1 report for the month of April for OCI. 2 CHAIRPERSON CARTER: Thank you, Investigator Cromwell. 3 4 Commissioners, do you have any questions? 5 COMMISSIONER MOORE: Through the Chair. CHAIRPERSON CARTER: Mr. Moore. 6 COMMISSIONER MOORE: Investigator Cromwell, 7 8 seems that procedure and demeanor are always one and 9 two forever as it relates to complaints. Is there any 10 training taking place to your knowledge so that we can reduce those statistics in those areas? 11 12 MR. CROMWELL: There is training taking 13 place. However, with the various amount of procedures 14 that are in the Detroit Police manual, almost 15 everything falls under procedure. That's why we're 16 always going to see procedure as the leading category 17 and demeanor comes second. That's been historically 18 the same over the last few years. 19 COMMISSIONER MOORE: So it's safe to say 20 that one complaint can generate procedure and another 21 category? 22 MR. CROMWELL: That's correct. 23 COMMISSIONER MOORE: Thank you, sir. 24 CHAIRPERSON CARTER: Any other questions?

Commissioner Crawford.

	Page 12
1	COMMISSIONER CRAWFORD: Yes, ma'am, through
2	the Chair.
3	Yes, sir. Do you have any stats on cases
4	that have been appeals that have been filed in
5	terms of citizens who are not satisfied with the
6	result of an investigation and we sign off on it, you
7	know, those of us on the complaint committee? And I
8	know there's an appeals process. Do you have any
9	stats on that?
10	MR. CROMWELL: We don't have a statistical
11	number. However, the percentage is very low. We can
12	start tracking that. We have not tracked it in the
13	past that I'm aware of. But say for the 60 cases that
14	we closed for the month of April we may get one
15	maybe one or two citizens that were not satisfied with
16	the complaint. And sometimes they're just not
17	satisfied with the answer, but we've done an objective
18	investigation and that's where it is.
19	COMMISSIONER CRAWFORD: Yes, sir, because I
20	raised an issue several months ago and it talked about
21	the as a matter of fact, I received a process in
22	writing in terms of the steps that one needs to go
23	through to file an appeal. And I've had discussion
24	with a couple of the commissioners in terms of that

process, but also to the citizens. And it's been

stated at this table. Sometime I want to talk to the
commissioners, you know. And as I've always said, I'm
open to any conversation anyway to resolve any of the
differences or in terms of what they may feel wasn't a
complete investigation or something of that nature.
And, well, I don't have any buffer black folks around
me. You know, I don't have anybody to buffer. You
know, people can call me up and talk to me about
anything.

Page 13

So that was a concern, because I know for a fact two that are really adamant about, you know, what they may feel wasn't a complete investigation or there was something that wasn't looked at. And there's no disrespect to any of us that sign off on any of these complaints, because what we get is what we read and we sign off on it, so ...

MR. CROMWELL: Well, we have seen a rise in certain complaints involving accident reports. And we may do an investigation and feel that the officer's report was correct or we can't make a determination since we weren't there. But there are some citizens that feel you have to take my word for it, I was not at fault for this accident, you know, and it leads to insurance rates going up. And we see those type of citizens complaining for an appeal.

	Page 14
1	So it depends on the circumstances in
2	certain cases. And we move those up the chain if we
3	find out the people want to appeal. We go through the
4	process.
5	COMMISSIONER CRAWFORD: Okay. Well, I just
6	wanted to state that I'm always open to communicate to
7	try to resolve, you know, if possible some of the
8	issues. And, of course, they do have this right to
9	appeal and they should.
10	And, Commissioner Shelby, because you're
11	the Chair of our committee, we can meet. And,
12	Commissioner Brooks, yeah, so we can maybe an hour
13	prior to one of these meetings so we can discuss some
14	of this and look at particularly these two particular
15	ones, because they're really adamant about you
16	know, so we can I mean even if they want to come in
17	and talk I don't have any take issue with that so
18	we can resolve it.
19	COMMISSIONER SHELBY: Yes, sir.
20	COMMISSIONER CRAWFORD: All right. Thank
21	you.
22	MR. CROMWELL: Okay. Thank you.
23	CHAIRPERSON CARTER: Any other questions?
24	COMMISSIONER BROOKS: I understand that

harassment is the highest number, 77, which is eight

Page 15 1 percent. Did I get that correctly? 2 MR. CROMWELL: Of the leading categories, I 3 believe harassment came in at eight percent, which was 4 the lowest category. 5 COMMISSIONER BROOKS: The lowest? 6 MR. CROMWELL: Yes. COMMISSIONER BROOKS: That's what I wanted 7 8 to know. Thank you. 9 VICE CHAIRPERSON BELL: Madam Chair, I just 10 want to speak to demeanor. Basically any encounter, a citizen filing a complaint, they are concerned. Just 11 12 the nature of the contact, they are not happy with the officer's demeanor, even though you have good 13 14 demeanor, but they are not totally satisfied with 15 their encounter. 16 And I'm going to give you an example. I 17 think years ago they talked about when an officer 18 dispensed a ticket for the traffic violation then say, 19 "Have a good day." Well, I recall executive deputy 20 chief came down with a policy. A person getting a ticket is not having a good day, so would you refrain 21 from that type of remarks. 2.2 23 I don't know if that's true today with that 24 type of dialogue, but basically that's why you see

demeanor always going to be high because just the

	Page 16
1	nature of a person filing a complaint. They concerned
2	about, you know, the demeanor. That was high when I
3	was there the five years and it's continued to be
4	high, just the nature of the encounter, interaction
5	with the public unfortunate, you know. You can be on
6	your best behavior, not tell it, but they don't like
7	your demeanor because you have an encounter, you know,
8	that type.
9	Procedure is a little bit different, but
10	most people don't understand some of the procedure
11	that we undergo. So that's a different ballpark.
12	Thank you.
13	COMMISSIONER SHELBY: Through the Chair.
14	It kind of concerns me the 27 percent of
15	unknown officers. Any plans to do anything
16	differently in terms of investigation to identify the
17	officers?
18	MR. CROMWELL: Well, one symptom of the
19	unknown officers that make citizens who come into
20	contact with the officers don't take the time to read
21	their name. They just know at the corner of such and
22	such I encountered this officer, I want to make a
23	complaint. So that's why you're seeing a high number
24	of unknown at that time. Later on when the case is
25	closed or under investigation, we do determine who the

1	unknown officer is in most cases.
2	CHAIRPERSON CARTER: Commissioner Crawford.
3	COMMISSIONER CRAWFORD: Yes, ma'am.
4	Sir, to kind of pin you back on what
5	Commissioner Bell just stated about demeanor, a
6	complaint was filed today with your office from a
7	citizen in my district. I had a conversation with her
8	the other day, and that's exactly what it was about.
9	It was about demeanor of the officers and unknown
10	officer she didn't know, but fortunately she didn't
11	know who the officers were. The officers were
12	dispatched to her home so and I put in a call to
13	the commander of the Eleventh Precinct, Commander
14	Leach, today. So I'm sure that he and I will talk
15	about this.
16	But one thing that the citizen said that
17	was really profound and that was she had been in
18	her grandmother had been in that house, and she now
19	has this house in the Eleventh Precinct since 1954,
20	and they've never called the police. They only called
21	the police one time and that was in 1989. And Miss
22	Bell said 1989 they called the police once and they
23	called the police because her grandmother had passed.
24	And this encounter from what she says was
25	not a good encounter a couple nights ago. And in that

Page 18 1 conversation she stated that, you know, in all these 2 years -- and I know that from the community growing 3 up. In the black community they never called the 4 police, because it was a sense of community and we kind of handled things. They didn't call -- they 5 didn't call the police back in the '40s and the '50s 6 and the '60s, because they didn't know the police, 7 8 they didn't trust the police. So this is her 9 encounter since 1989. 10 And, you know, we'll let the OCI 11 investigate and see what happened here, but that was 12 kind of a profound statement there. And I do 13 understand, you know, like I said, because we had a 14 sense of community back then. So people handled --15 and that's what she thought, that she and the 16 individuals, you know, they could kind of handle it in 17 the neighborhood, you know, the old school way and it 18 would be resolved without calling the police. 19 Thank you. 20 MR. CROMWELL: Okay. 21 CHAIRPERSON CARTER: Thank you. Any other 22 questions, commissioners? 23 COMMISSIONER BROOKS: I'd just like to 24 compliment the OCI team, because all the civilian

complaints I read you all do a thorough job and rarely

	Page 19
1	do I have any questions to ask. So I just want to say
2	you do a great job.
3	MR. CROMWELL: Thank you, Commissioner
4	Brooks.
5	COMMISSIONER BROOKS: You're welcome.
6	CHAIRPERSON CARTER: Thank you,
7	Investigator Cromwell.
8	MR. CROMWELL: Thank you.
9	CHAIRPERSON CARTER: At this time I'd like
10	to acknowledge Commissioner Vann, Commissioner Bishop
11	Vann who came in about 10 minutes ago, for the record.
12	Thanks for joining us.
13	COMMISSIONER VANN: Thank you.
14	CHAIRPERSON CARTER: All right. At this
15	time, Assistant Chief Dolunt, you've got the floor.
16	ASSISTANT CHIEF DOLUNT: Just a couple
17	things. I've had a rough stretch. The last six weeks
18	have been rough. We are yet we're two homicides up
19	over last year and four non-fatals over last year, and
20	last year was one of the lowest years ever. Armed
21	robberies are down 10 percent excuse me, yeah, 10
22	percent. And our carjackings are down 24 percent.
23	That being said, we know what happened last
24	night with the young girl. She is still alive.
25	Initially we were told that

1	AUDIENCE MEMBER: She passed.
2	ASSISTANT CHIEF DOLUNT: We were told she
3	passed away, and that's not the case. It's some
4	misinformation given to us by someone who felt that if
5	they told us that the individual had passed away we'd
6	be more thorough in our investigation. I'm not going
7	to call that person out, but that's what was said.
8	And then the mother found out and was highly upset,
9	called the media and said, no, my daughter is still
10	alive. Unfortunately, the child is on life support.
11	A little earlier today we did put Mr
12	what's his name?
13	AUDIENCE MEMBER: Smelley.
14	ASSISTANT CHIEF DOLUNT: Smelley, Cleveland
15	Smelley. We got him in a motel on Eight Mile with our
16	surveillance. Oak Park Police Department got a police
17	run. A concerned citizen called and said he's there.
18	We made entry, and he gave up without a fight. So
19	he's with the DDC right now. And hopefully we'll have
20	a warrant prepared by tomorrow and submit to Ms.
21	Worthy and we'll go from there. There are three
22	people in custody right now, and it all stems from a
23	spilled drink.
24	So I know I was a little animated last
25	night.

1	MS. SMITH: Yes, you was.
2	ASSISTANT CHIEF DOLUNT: But, like the rest
3	of you, I'm very tired of senseless violence,
4	especially when it affects a little kid. And I know
5	D.C. Hall was at the hospital last night. I was at
6	the scene. She was at the hospital. And it had a
7	profound effect on her to see such a cute little girl
8	who was going to be is going to be three on June
9	13th. She's not even three yet. And just because of
10	ignorance on adults and the lack of common sense,
11	because there were a lot of kids at the scene. It's
12	nice out, a lot of kids out there.
13	So anyway I want to thank Oak Park and Gang
14	Intel and everyone who worked all night, Homicide,
15	SRT, to get him in custody.
16	Do you have any questions?
17	CHAIRPERSON CARTER: Any questions?
18	COMMISSIONER VANN: Madam Chair, if I may
19	and, of course, I think I raised this last week about
20	the perception of crime. And I know that our
21	department is working very, very hard. And many of
22	these incidents are not things that they are things
23	that they respond to. And, of course, we make that
24	very, very clear.
25	I think this commission although should be

vigilant in terms of our advocacy with regard to these
kinds of matters that are happening in our community.
I don't think that we should become so anesthetized to
it that we just accept a report. And, you know, most
categories the numbers are down and, you know, that
kind of thing, because that is certainly not the
reality in terms of what's happening on the ground and
in the streets for so many people who are residents of
this city.

Page 22

And so I think that we -- our outreach will continue to be expressed. And I think certainly our concern for families, and most especially our babies and our children, should continuously be vigorously defended. And I think that, you know, this commission should be on record as being tremendously appalled by what we see to be, you know, the conditional status of our community as it relates to just the dishonor of the dignity of life. And I know that all of us feel that way. We've had private conversations about it, but I just think that the public should be aware.

We hear the impassioned assistant chief in the media with regard to his comments and others,

Deputy Chief Hall and others that we hear on a regular basis, but I think that the community also needs to hear from the Board of Police Commissioners in terms

	Page 23
1	of our outrage, our concern, our disgust with this
2	kind of behavior and what it's doing to our community.
3	And we know this is just the beginning of
4	the summer and we know that this you know, summer's
5	long, and so we need to raise that. I just think we
6	need to raise that. We need to be on record saying
7	that because the people of the city deserve to hear
8	that from us.
9	CHAIRPERSON CARTER: Thank you,
LO	Commissioner.
11	And Commissioner Crawford.
12	COMMISSIONER CRAWFORD: Yes, ma'am, through
L3	the Chair.
L 4	Commissioner Vann, I understand and echo
15	some of your same sentiments. That was my district.
L 6	Also, too, again what you just stated and what others
L7	need to state, particularly those of us that are a
L8	little bit older, the elders in the community, is
L 9	we're not telling the story. You know, we're not
20	telling the truth and giving a history, because our
21	community there was a sense of community. This stuff
22	was not going on 40, 50 years ago. I know the stats
23	are always going to say, well, today crime is down 47
24	years low, but 47, 50, 60 years ago you could go to

the corner store and there wasn't Plexiglass. There

weren't carjackings or purse snatchings. Nobody could
walk down the street and call a woman a bitch, because
her brothers looked for them and the brothers in the
neighborhood took care of it on the spot if they saw
that.

Page 24

So then we had a sense of community where everybody looked out for each other. We didn't have all these shootings and stabbings and these type of things going on in the community. So people today don't understand that, because they didn't grow up in that era, but it's upon us to let the people know and educate them as to what it was like.

And I realize the culture today has shifted and it's more of a gun culture, more of a culture of trying to settle an argument or dispute with a gun or violence. But until we — the day comes where we get back to that sense of community, where we can move about in our community without being carjacked or robbed or some of these other heinous crimes being committed against the community. And that's the responsibility of the community to deal with that.

Like the elder told me, Mrs. Bell, the one who has filed this complaint, they never called the police. You know, we never called the police in the community, because it was a sense of community. You

	Page 25
1	could park your car in front of your house, leave your
2	doors open, your windows up, you could park your car
3	people park their cars sometimes, come home in the
4	middle of the night, leave the radio on in the car
5	because they forgot and left the keys in the ignition
6	and come back out in the morning and the car is still
7	there. Your neighbor might knock on your door and
8	tell you the motor is still running on your car. And
9	the windows are down in the summer, a summer night.
10	We don't have that today.
11	Thank you.
12	COMMISSIONER MOORE: Through the Chair.
13	CHAIRPERSON CARTER: Commissioner Bell
14	and
15	COMMISSIONER MOORE: I'm sorry.
16	VICE CHAIRPERSON BELL: Madam Chair, I
17	think that Commissioner Vann is right on point. I
18	think he's requesting a form of press release and
19	perhaps a form of press conference after the holiday,
20	perhaps next Thursday if we could work up the press
21	release prior to and have a press conference prior
22	to on this very issue. And I feel the emotion A.C.
23	Dolunt and the rest of the people responding in these
24	on the scene, because it's just unheard of in policing
25	that we respond to so many instances of young

1	people young kids are being killed in the city of
2	Detroit in this nature. So I think Bishop Vann is
3	right on point that we should have the staff to work
4	that up. And with the holiday and all I think next
5	week would be more timely to generate that type of PR
6	and a press statement and press conference that the
7	board can participate in our own standing.
8	CHAIRPERSON CARTER: Commissioner Moore.
9	COMMISSIONER MOORE: Thank you, Madam
10	Chair. Just the point that both Commissioners Vann
11	and Crawford brought up in regards to crime
12	statistics. It's a difference between crime going
13	down and crime reporting going down. It's impossible
14	for us to measure crime going down, because 100
15	percent of every crime will have to be reported. So
16	it's called the dark figure of crime. It's a theory
17	that was created. I didn't create it. It was created
18	by a criminologist or sociologists many years ago.
19	It's called the dark figure of crime. So there is a
20	difference between crime going down and crime
21	reporting.
22	Thank you, Madam Chair.
23	CHAIRPERSON CARTER: Thank you.
24	Any other comments?
25	So we will work that up for next Thursday.

	Page 27
1	In my view of things, young people have lost their
2	way. They have no respect for elders, no respect for
3	life itself, no respect for weapons and what they do
4	to people, to lives, to children, and it's not a game.
5	These kids don't see it coming, and it's just not
6	fair. It's very unfortunate that our kids have to
7	live with what they're living with. So we look
8	forward to next week working that out.
9	Commissioner Vann, thank you for bringing
10	that up.
11	Any other comments, commissioners?
12	Next on the agenda we have a presentation
13	from the Metro Service Metropolitan Division.
14	Thank you.
15	COMMANDER BARREN: Through the Chair,
16	Commander Elvin Barren, commanding officer of
17	Metropolitan Division. We will be doing a
18	presentation with Metropolitan Access, keeping in mind
19	that we specialize in critical incident response,
20	strategic patrol. And we also, and the slides may not
21	point this out, but we also although we are not a
22	precinct entity, we spend a lot of time engaging in
23	the community. We've done plenty of family outings
24	with churches, block clubs. We spend a lot of time at

25

schools, particularly during the summer months for

1	career days and whatnot.
2	Captain Patterson, who is the newest member
3	of the executive team for Metropolitan Division, it's
4	no secret he's been a part of this metropolitan makeup
5	for a long time. He's a 30-year veteran. He's going
6	to do the presentation.
7	And in closing, as far as my part,
8	Metropolitan Division also is engaged in churches as
9	relate to the training for active shooters in houses
10	of worships. And we've done to date about 12
11	churches. When we get those requests, we get those
12	meetings set up and we drive that at training. They
13	seem to appreciate it a whole lot.
14	So without further ado, I'm going to drive
15	it to the presentation with Captain Patterson.
16	CAPTAIN PATTERSON: Thank you, Commander
17	Barren.
18	Good afternoon, board.
19	COMMISSIONERS: Good afternoon.
20	CAPTAIN PATTERSON: I'd like to also
21	acknowledge Assistant Chief James White, Deputy Chief
22	U.R. Hall, Detroit Police Department's Metropolitan
23	Division.
24	I'm going to start off with the Special

Response Team. The Special Response Team's mission,

	Page 29
1	SRT, has been established for the purpose of assisting
2	departmental personnel during circumstances which
3	involve life-threatening situations. The SRT has
4	highly trained supervisors and personnel skilled in
5	the use of special equipment and techniques designed
6	to reduce the risk of injuries to departmental
7	personnel and innocent citizens in dangerous
8	situations.
9	Last year's statistics. SRT arrested 61
10	felons, had five misdemeanor arrests, wrote 37
11	citations, investigated 83 vehicles, investigated 379
12	persons, recovered 68 weapons, of high risk
13	situations, 75, and 20 barricaded gunman situations.
14	Our next unit is Bomb Squad. Their mission
15	is investigation, diagnosis and render safe a
16	suspected explosive, incendiary and pyrotechnic,
17	chemical, biological or radiological devices, the
18	investigation and render safe of military ordinance
19	such as hand grenades. They perform post blast
20	investigations. They have operational investigative
21	support following bomb threats. They provide special
22	event support and VIP protection. They have ordinance
23	and logistical support to the mobile field force

Trends and statistics. Calls have trended

during critical incidents.

24

1	upward sharply since 2010. Explosive-related calls
2	are expected to continue to increase due to global
3	events, increased awareness and local demographic
4	changes. In 2015 there were 104 calls for service.
5	This year we've responded to 47 calls for service
6	vear-to-date.

The next unit is the Harbormaster Unit and the Underwater Recovery Team. HMU and URT are tasked with patrol, search, rescue and recovery. The units work closely with Homeland Security to maintain the international border and respond to water emergencies along the riverfront. The Underwater Recovery Team is responsible for the recovery of evidence disposed of in the Detroit River and adjacent waterways. This includes drowning victims, homicide victims, vehicles, weapons, things of that nature, or any other contraband that is thrown into the river and needs to be recovered by the Detroit Police Department.

The Tactical Response Unit. Their mission is to address violent crimes, aggravated assaults, street robberies throughout the city of Detroit in partnership with the community to identify the underlying conditions that lead to crime and disorder while supporting patrol operations.

TRU current statistics. Arrests resulting

1	from police runs, warrants and investigations.
2	Year-to-date, seven armed robbery arrests, 24 homicide
3	arrests, 22 narcotic arrests, 133 other felony
4	arrests, 226 carrying concealed weapons arrests, and
5	also we've recovered 328 weapons off the streets of
6	Detroit.
7	Traffic enforcement. Their mission, they
8	ensure traffic safety, enforce city and state traffic
9	codes. They provide dignitary escorts in vehicles on
LO	their police motorcycles which are Harley-Davidsons.
L1	They provide escorts for the President, Vice
12	President, local government officials and other VIPs.
L3	They also perform funeral escorts. And when there's a
L 4	large funeral procession they provide the escorts for
L5	those, too.
L 6	Also assigned with the Traffic Enforcement
L 7	Unit is our Weights and Measures Unit. All officers
L8	assigned to Weights and Measures are certified motor
L 9	carrier officers. They enforce city, state and
20	federal commercial vehicle violations. They inspect
21	and approve bond plates for vehicles for hire, taxies
22	and limos. They inspect and approve licenses for junk

Enforcement action of traffic enforcement.

Through 2015 and 2016 they've issued 31,128 moving

23

24

25

dealers.

	Page 32
1	violations. They've also impounded a total of 2,982
2	vehicles from unlicensed drivers within the city of
3	Detroit.
4	Air support, flight operations services.
5	They provide, search and rescue, investigative
6	flights, traffic enforcement, traffic control. They
7	relay information. They provide security over events.
8	They do provide HEMP services. And HEMP is Help
9	Eliminate Marijuana Planting. They'll fly over
LO	certain areas if we receive a report of someone having
L1	a growth thing in their backyard or in some area of
L2	Detroit, and they'll fly over and they'll locate it.
L3	They fly aerial observation, tactical support. They
L 4	work with Homeland Security. They help with and help
L5	stop vehicle pursuits. They provide aerial
16	photography, crime scene and recognizance, thermal
L7	imagery, surveillance and tracking. They transport.
L8	They also provide radio retrans, and they also provide
L9	training or help with training, especially with our
20	SRT unit.
21	Air support stats for 2015, 2016. So far
22	to date 14 stolen cars assisted in six armed robbery
23	cases, assisted in four RAUDAA, which you might know
24	as carjackings. Police officer in trouble runs,
> 5	they've responded to six of those wehicle pursuits

	Page 33
1	18, total felonies, 31. Bailouts, that's when a
2	person jumps out of a car and flees a location, 12 of
3	those, and have assisted in 22 arrests.
4	The Detroit Police Canine Unit. Use of
5	police canine, they use police canines in locating and
6	apprehension of perpetrators. Canines used in the
7	recovery of lost or missing persons. Canines are also
8	used for explosive and narcotic detections.
9	Yesterday we went to a demonstration for
10	vapor wake. And the Olympia Company, or Ilich, the
11	Ilitch family, is donating a vapor wake dog. These
12	dogs are provided to us, and they're utilized outside
13	of a venue such as Comerica Park, Ford Field. And
14	what these dogs are able to do, you can walk a crowd
15	of people by these dogs, and if anyone happens to have
16	some kind of explosive device or vest on their person
17	this dog, without being intrusive, will follow that
18	person. And whenever that person or that device stops
19	that dog will sit in front of that device or that
20	person. So we've just obtained that yesterday, and
21	our officers will be training with that new dog soon.
22	Canine 2016 stats. Canine tracks and area
23	searches, 55, narcotic searches, 29, bomb sweeps, 51,
24	canine demonstrations, 47.

25

The Detroit Police Mounted Section. Their

mission, they enforce all state and local laws and
ordinances, special events at precincts, special
requests from community such as neighborhood,
downtown, midtown, Medical Center, Corktown, Mexican
Village, parks. In Rouge Park they have movies in the
park, and they're often around there to provide extra
security for the citizens. They provide high profile
they respond to high profile events in areas, high
profile events such as the fireworks, parades, all
sporting venues, concerts, protests, hostile crowds
and funeral escorts. During whenever we lose an
officer they provide the riderless horse, or the
rideless horse, and they walk the horse by during that
ceremony.

One of our newest units, the Citywide Park Unit, their mission as they were established in 2014 is to effectively enforce all laws relating to parks, recreation, centers — recreation centers, excuse me, providing professional community policing to all city parks to ensure a safe and secure atmosphere for residents and visitors of Detroit.

Current year-to-date statistics. Proactive policing. They've had 92 felony arrests, 48 misdemeanor arrests, 19 juveniles detained, 14 guns recovered, 784 vehicles impounded, 8,448 vehicles

	Page 35
1	investigated, 9,756 people investigated. They've
2	written 27,620 citations. They responded to 380
3	police runs. They seized 29 vehicles. They've
4	recovered 144.5 grams of marijuana, seven grams of
5	cocaine, and \$2,984 in cash seized.
6	Our newest unit is the Tactical Emergency
7	Medical Support, also known as the TEMS team. Their
8	mission it was founded in 2015 under the leadership
9	of Chief of Police, James Craig. The TEMS team is the
10	department's newest high risk specialty team. The
11	primary function of the TEMS team is to provide the
12	highest level of pre-hospital care in various high
13	risk and tactical environments by providing direct
14	medical support to the city of Detroit's other high
15	risk specialty teams and to members of the public that
16	they encounter and serve. This mission includes the
17	medical monitoring of team members while involved in
18	actual or training operations.
19	That's the end of my presentation. Are
20	there any questions?
21	CHAIRPERSON CARTER: Commissioners, do you
22	have any questions for Captain Patterson?
23	COMMISSIONER VANN: Madam Chair, just a
24	commendation. I have great experience working with

25

Commander Barren with the training pieces that he's

	Page 36
1	done in the community. And we had one such training
2	and it was a great, great encounter, and everybody was
3	very, very professional. And our team benefited from
4	the help that we received from the Metropolitan
5	Division.
6	And I just wanted to tell you to keep up
7	the good work and know that all of us working together
8	in the community can make this a safer place for
9	everyone.
10	CAPTAIN PATTERSON: Thank you, sir.
11	COMMANDER BARREN: Thank you, sir.
12	CHAIRPERSON CARTER: Any other questions?
13	COMMISSIONER SHELBY: Yeah, through the
14	Chair.
15	CHAIRPERSON CARTER: Commissioner Shelby.
16	COMMISSIONER SHELBY: I think Metropolitan
17	Division is definitely going in the right direction.
18	You guys have come a long, long way in the department.
19	When I first come on, this is the pre-SRT days, we
20	didn't have a SRT team at that time. If we had a
21	critical situation, we just got some officers and
22	vests, shotgun team, went and took care of it.
23	I particularly like the part about the
24	tactical emergency support. That's something that's
25	really on the button. When I came on, every precinct

	Page 37
1	had a station wagon. You had a shots fired that's
2	before EMS. I'm telling my age. You get a run, the
3	station wagon would come out and we throw the person
4	in the station wagon and convey them to the hospital.
5	Every
6	You remember those days, don't you, Willie?
7	VICE CHAIRPERSON BELL: Yeah, I support
8	you.
9	COMMISSIONER SHELBY: Excellent job.
10	CAPTAIN PATTERSON: Thank you, sir.
11	VICE CHAIRPERSON BELL: Madam Chair, I just
12	want to
13	CHAIRPERSON CARTER: Commissioner Moore.
14	COMMISSIONER MOORE: Thank you, Madam
15	Chair.
16	First of all, a great presentation,
17	Captain. I appreciate the Metropolitan Division for
18	everything you do in District 7 to support
19	especially Rouge Park and the different issues that
20	transpire over there. So I'm a huge fan of the
21	Metropolitan Division.
22	I do have a question on Pages 6 and 7. You
23	mention 2015 and 2016. Is that January 1 of 2015 to
24	present or is that fiscal year?
25	CAPTAIN PATTERSON: That's January 1, 2015

1	to present date.
2	COMMISSIONER MOORE: And was it any reason
3	why it was broken down that way?
4	CAPTAIN PATTERSON: No, sir. I don't know
5	why it was broken down that way. I can get you some
6	additional stats if you need it, if you need last
7	year's stats or if you need
8	COMMISSIONER MOORE: I'm sure the
9	commander
10	CAPTAIN PATTERSON: them separate.
11	However you want them I can provide them.
12	COMMISSIONER MOORE: I'm sure the commander
13	will figure it out for me, so okay. Thanks.
14	CHAIRPERSON CARTER: Commissioner Bell.
15	VICE CHAIRPERSON BELL: Yes, Madam Chair.
16	On Page 6 also you cite 2,982 vehicles of
17	unlicensed drivers. It appears that we have a whole
18	lot of people in the city of Detroit driving without a
19	driver's license. I don't know how long you've been
20	tracking this, but I know the time and energy and the
21	manpower we go when we encounter unlicensed drivers.
22	Is that more today than versus in the past?
23	CAPTAIN PATTERSON: Yes, it is.
24	VICE CHAIRPERSON BELL: That's what I
25	thought.

1	CAPTAIN PATTERSON: And I believe it's
2	unfortunately it's probably due to the high insurance
3	prices and high registration costs. A lot of people
4	can't afford once they get a ticket and say they
5	let their license expire or they say their license
6	gets suspended, a lot of people can't afford to pay
7	these additional fees and to have their license
8	renewed, and I think that causes people to drive
9	unlicensed.
10	So we encounter this almost daily. I mean,
11	I used to work at Traffic Enforcement. I was a
12	sergeant there and I was also the lieutenant in
13	charge. And I could stop 10, 12 people, and 10 or 11
14	of those people wouldn't have licenses. So it's a
15	rising problem today, and I don't know if what we can
16	do about it.
17	VICE CHAIRPERSON BELL: And this just by
18	your division, Madam Chair. If we look at precincts,
19	all three shifts, the amount of time we spend in terms
20	of unlicensed drivers. And you can see why
21	hit-and-run is so high, because they don't have a
22	license or insurance.
23	So I know some people have been debating
24	about the D insurance, whatever that is, but this is a
25	significant problem. And in terms of people it's

Page 40 1 almost like not voting, not registered to vote that 2 don't vote. In the same manner that some people never really qualify for a license. They have no interest 3 4 in it. 5 CAPTAIN PATTERSON: That's correct. 6 VICE CHAIRPERSON BELL: Yes. They have no desire to follow the American right way to do things, 7 8 so ... 9 CAPTAIN PATTERSON: I remember when I was 10 16 I couldn't wait to obtain my license. 11 COMMISSIONER VANN: Yes, sir. 12 VICE CHAIRPERSON BELL: Maybe we need to do more educational and high school freshmen before they 13 14 get to that age, what, 16. I don't know, but parents -- it's significant manpower and costly to deal with 15 16 this issue. 17 CHAIRPERSON CARTER: Yes. I think a huge 18 thing was the schools not having --19 COMMISSIONER VANN: That's what I was just 20 getting ready -- the driver's training out of the 21 schools. And that's where most kids, you know, like I 2.2 say, when we were 16 that's the first thing we wanted, 23 because everybody in the school was getting one. 24 Everybody was being trained --

VICE CHAIRPERSON BELL: Yes.

	Page 41
1	COMMISSIONER VANN: and getting it the
2	right way, but that's not out there anymore.
3	CHAIRPERSON CARTER: Right.
4	COMMISSIONER VANN: So people just get a
5	car and just start driving.
6	CHAIRPERSON CARTER: Right, because it's
7	costly to take the test and everything in order to
8	obtain the license, so
9	COMMISSIONER VANN: Right.
10	CHAIRPERSON CARTER: Commissioner Crawford.
11	COMMISSIONER CRAWFORD: Yes, ma'am, Madam
12	Chair.
13	Yes, sir. Captain, could you put what
14	is it, Page 6, up on the screen? If you can pull that
15	up.
16	Oh. By the way, it's a great presentation.
17	Very informative, sir.
18	CAPTAIN PATTERSON: Thank you, sir.
19	COMMISSIONER CRAWFORD: Page 6, enforcement
20	action and air support.
21	CAPTAIN PATTERSON: Which one are you
22	looking for, sir?
23	COMMISSIONER CRAWFORD: The enforcement
24	action first.

CAPTAIN PATTERSON: Right here?

Page 42 1 COMMISSIONER CRAWFORD: Yes, sir, that 2 right there. 3 CAPTAIN PATTERSON: Okay. 4 COMMISSIONER CRAWFORD: Did you or 5 Commander Barren consult Commissioner Bell or Shelby 6 on that picture? That's from the '60s. The picture 7 for air support -- pull the air support up. It said it was on 6 also. That's from World War 1. I worked 8 9 aviation. We didn't look like that. He must have 10 collaborated with these two -- Commissioner Bell and Shelby on those pictures. 11 12 Thank you. 13 VICE CHAIRPERSON BELL: Madam Chair. 14 Good observation by Commissioner Crawford. 15 CHAIRPERSON CARTER: Any other questions, 16 commissioners? 17 COMMISSIONER BROOKS: I don't have a 18 question. I just have a statement. I'm very 19 impressed with the Harbormaster Unit and Underwater 20 Recovery Team. I live at the Riverfront Apartments, 2.1 and I've watched two people at two different times 2.2 commit suicide. And I've watched them bring the 23 bodies up. And it's really -- to watch the team at 24 work, I mean everything is just clockwise. So I just 25 want to -- I really didn't know what to call it. So

1	now I know that it's Harbormaster Unit and Underwater
2	Recovery Team, and they do a great job.
3	CAPTAIN PATTERSON: Thank you, ma'am.
4	CHAIRPERSON CARTER: Thank you.
5	Any other questions?
6	VICE CHAIRPERSON BELL: Madam Chair, I just
7	want to say one more comment, that you respond to all
8	the marches or protests in the city of Detroit. You
9	do an excellent job.
10	CAPTAIN PATTERSON: Thank you, sir.
11	VICE CHAIRPERSON BELL: I have witnessed
12	you in action in a couple of sites. So you do an
13	excellent job in terms of monitoring how you deal with
14	situations. So some of the people don't realize about
15	the demeanor and procedure how you handle a crowd
16	control, just interaction to give them the opportunity
17	to demonstrate what is the American way, and I want to
18	thank you for that type of awareness.
19	CAPTAIN PATTERSON: Well, what we try to
20	do, Commander Barren has established a lot of
21	relationships with a lot of these community leaders
22	that do these marches and demonstrations. With those
23	relationships, we're able to kind of cooperate with
24	each other to prevent any kind of an event or anything
25	to go the wrong way so we don't have any instances

Page 44
like Baltimore or something like that. We want to be
friends with the citizens of Detroit.
VICE CHAIRPERSON BELL: Yes, sir.
CAPTAIN PATTERSON: So we want to have a
firm hand, but we want to be nice about it. So that's
what we try to do.
VICE CHAIRPERSON BELL: Thank you.
COMMISSIONER SHELBY: Through the Chair,
one last question. We have critical incidents. Have
you given any thought to using like aerial drones or,
you know, observations or
CAPTAIN PATTERSON: Yes, sir. We're
currently in the process of initiating a plan where we
use drones for inside to go into barricaded gunman
situations where they can keep the officers out and
not involve the officers in a dangerous situation. We
can send the drone in and have them fly around on the
inside of the dwelling to locate the suspect or
whatever, see where he is, he or she is, and that way
we can save lives by not having to send our guys
directly in without any information about the inside
of a dwelling.
Currently we're trying to work through some
laws, some FAA laws, for the outside use of drones.

So once we do that we'll provide that policy to our

	Page 45
1	executives and they'll decide if there's going to be a
2	yay or nay on the outside portion of the drone
3	project.
4	COMMANDER BARREN: And just to keep this
5	is Commander Barren, for the record. This is not
6	approved. It still has to go through the channels.
7	This is conversation, discussions, but you will know
8	more about it as a body once that paperwork hits the
9	floor for your input and approval as well.
10	CHAIRPERSON CARTER: Thank you, Commander.
11	Any other questions or comments,
12	commissioners?
13	Thank you, Captain Patterson.
14	CAPTAIN PATTERSON: Thank you for your
15	time.
16	CHAIRPERSON CARTER: At this time we'll
17	have the presentation by for the police open data
18	initiative.
19	MS. FLORA: Good afternoon.
20	CHAIRPERSON CARTER: Good afternoon.
21	MS. FLORA: Let me put up my presentation
22	real quick.
23	Hello. My name is Diana Flora. I am a
24	Kresge Mayor's Fellow here at the Detroit Police
25	Department, which means that I am here for two years

	Page 46
1	working on data-related projects under the direction
2	of Tricia Stine (ph). And today I have the pleasure
3	to talk with you about one of those data projects that
4	is special in my heart, our open data initiatives here
5	at DPD.
6	So first I'd like to just walk through
7	basic question of what is open data, why is it
8	important, how is Detroit involved in open data
9	initiatives, what is the White House Police Data
10	Initiative and how is Detroit involved in that, and
11	finally what's next.
12	So first, what is open data? I like to
13	think of it as both a type of data and also a
14	movement. I say movement because there are local and
15	state governments across the country as well as
16	federal government, institutions such as universities,
17	organizations and private companies who are involved
18	in releasing their data open to the public. So what
19	is it? It's data, any type such as documents,
20	databases, records, transcripts released by a
21	government or organization that follows three basic
22	principals.
23	One, it's freely available to be used,
24	shared and reused by anyone for any purpose,

commercial or otherwise. It's available in a digital

2.2

format that can be used in combination with other data
and applications. And finally, it's available in its
entirety and can be downloaded in bulk. It often
appears on searchable websites that don't require a
fee or a log-in. So anyone from the public can access
it.

Page 47

So why is this important? I like to think of the following three benefits from both the resident perspective and the government perspective. So transparency, for the resident they have access to all types of information that they haven't accessed before. For government, greater transparency means that we forego some of the time we spend on pulling information for community requests or on freedom of information requests just by making it defaulted to open.

Social and community value for the resident, they can take data for themselves and take action. So, for example, a tech savvy individual in the Boston-Edison neighborhood created 48206.org, which pulls all of our crime data specific to the Boston-Edison neighborhood and shows that for their residents, their neighbors, so that they can take action based off of the crime that occurred in that neighborhood.

1	For government we have the same benefit in
2	mind. We want to equip people with the tools to act
3	themselves. And this is actually led to small
4	businesses generated based off of that information
5	both here in Detroit and outside.
6	So for the last, participation engagement,
7	for the resident they now have a view into what's
8	going on and they can ask questions they never thought
9	of. They can even challenge. And for government the
10	greater transparency means we have a more informed
11	citizenry.
12	So how is Detroit involved? In February of
13	2015, Mayor Duggan and Chief Information Officer
14	Bethany Black released their open data portal, which
15	houses all of our open data sets as a one-stop shop.
16	It's on data.Detroit.MI.gov. I encourage all of you
17	to take a look. It includes information like property
18	ownership, demolition, building permits as well as
19	public safety.
20	So you see that there's a public safety
21	button. And, if you click on that public safety
22	button, it houses all the information for both Detroit
23	Police Department and Detroit Fire Department, 23 data
24	sets in total. Many of these appear as large
25	spreadsheets, some of them as maps, some of them as

	charts.

2	But I want to show you a special
3	visualization, what we refer to as a data lens where
4	you can see crime and its distribution across
5	neighborhoods, across crime offense types and across
6	time. And again, anyone can access this at
7	data.Detroit.MI.gov. So you can refer to it yourself
8	or refer your constituents to it.

This page specifically is also filterable. So you can search every aspect of the data set, whether you want to know what larcenies occurred in 2015 in a specific neighborhood, or whatever your question might be.

So now that we know what open data is and why it's important, what is the White House Police Data Initiative. So the PDI began as an initiative out of the White House task force on 21st century policing, which was officially launched in April 2015. Police Data Initiative participants addressed open data and policing by using open data to increase transparency, build community trust and support innovation. So we as participant agencies share data about police/citizen interactions with the public, and we identify and disseminate best practices through what we call a community of practice, referring to

2.2

those participant agencies in Police	Data Initiative.
And today there are over 50 law enfo	rcement agencies
across the country that currently pa	rticipate in PDI.

So what does participation mean? For Detroit we have committed to releasing three data sets. We have already released crime incidents from 2009 to present, excluding sex-related crimes for the protection of the victim. We have also released 911 calls for service, also excluding rape-related calls for the protection of the victim. And that includes up from January 2016 to present.

Our third data set we plan on releasing is citizen complaints in partnership with the board and with Chief Investigator Pamela Drake who we are communicating with now. This data set citizen complaints will not include identifying information for either the officer or the person filing the complaint. However, it will release information, critical information understanding citizen complaints.

A second component of participation in Police Data Initiative is participating in a biweekly call with other PDI participants where we find, share and encourage replication of innovative work already underway. And we bring leaders together, whether they be from law enforcement agencies or technologists,

	Page 51
1	researchers, data scientists to collaborate on ideas
2	and solutions.
3	So I already mentioned why sharing data
4	might be important, but why open data for policing.
5	The White House has been strong on this issue and they
6	highlight the following points.
7	Transparency and external accountability
8	builds trust and legitimacy. It provides greater
9	context for police work. It increases opportunities
10	for citizen feedback and community engagement. It can
11	help agencies achieve key performance goals, and it
12	allows for creation of new tools and data products,
13	which help accelerate all of the above.
14	The map shows the 53 agencies that are
15	current participants, and they share a range of types
16	of information. All of us share crime incidents.
17	Many of us share 911 calls for service. But there are
18	other types of data sets shared like use of force,
19	officer-involved shootings, community engagement.
20	So today there are 53 agencies, but for the
21	for tomorrow the White House plans to expand it to
22	a hundred by the end of 2016. And they also plan to
23	continue to support jurisdictions and other partners
24	in executing their commitments as part of the
25	initiative.

	Page 52
1	For Detroit, we plan to publish the citizen
2	complaints data set. We also work with the Department
3	of Innovation and Technology very closely to encourage
4	the use of the portal through both engagement and
5	trainings.
6	And lastly, we continue we will continue
7	to participate in the White House initiative, and we
8	will evaluate more data sets for release.
9	I have a few resources for you, but thank
10	you very much and I would welcome any questions you
11	might have.
12	CHAIRPERSON CARTER: Commissioners, do you
13	have any questions for Ms. Flora?
14	Commissioner Crawford.
15	COMMISSIONER CRAWFORD: Yes, ma'am, through
16	the Chair.
17	Ma'am, is there a timetable when the police
18	complaints, citizen complaints, will be online?
19	MS. FLORA: Sure. I am speaking with Chief
20	Investigator Pamela Drake right now to access the
21	data. And I'll go through proper channels to make
22	sure it's approved and including the fields of
23	information, make sure it's clean and release it. So
24	as soon as I retrieve the information it should only

take a few weeks from there.

	Page 53
1	COMMISSIONER CRAWFORD: Yes, ma'am. Thank
2	you very much.
3	CHAIRPERSON CARTER: Commissioner Moore.
4	COMMISSIONER MOORE: Thank you, Madam
5	Chair.
6	A great presentation to begin with.
7	MS. FLORA: Thank you.
8	COMMISSIONER MOORE: What resources will
9	the federal government or the White House initiative
LO	provide specifically to the DPD? Is it money or is it
L1	manpower? What exactly?
L2	MS. FLORA: It's more about the community
L3	of practice. So the biweekly calls where participant
L 4	agencies can talk through challenges that they're
L 5	having releasing the information. The White House has
L 6	a commitment to this work, and so there are
L7	incentives. They work with private vendors that can
L8	help release information. They have relationships
L 9	with vendors like Socrata, which is the platform that
20	we use to release the information.
21	COMMISSIONER MOORE: Can you repeat that
22	term again?
23	MS. FLORA: Sure. So Socrata is the name
24	of the platform that we use to publish our open data.

COMMISSIONER MOORE: Thank you very much.

	Page 54
1	CHAIRPERSON CARTER: Other questions or
2	comments?
3	VICE CHAIRPERSON BELL: Yes, Madam Chair.
4	Are you making a are you going to make a
5	formal request to this board to utilize OCI as heading
6	the works?
7	MS. FLORA: I'm working with Pamela Drake,
8	yes.
9	VICE CHAIRPERSON BELL: My question is are
10	you going to make a formal request to the Board of
11	Police Commissioners?
12	MS. FLORA: Oh, okay.
13	VICE CHAIRPERSON BELL: OCI work for the
14	board, as you know, so you need to make a formal
15	request in reference to this particular matter.
16	MS. FLORA: Absolutely. I can do that.
17	VICE CHAIRPERSON BELL: Yes.
18	COMMISSIONER MOORE: Through the Chair.
19	Commissioner Bell, I guess if she's already
20	working with the board I mean with the chief
21	investigator she wouldn't have to come through us. It
22	would be nice, but I think we can bypass that step.
23	CHAIRPERSON CARTER: Well, the preliminary
24	thing was to get everything set up. So they haven't
25	put any information out there. So the formal request

	Page 55
1	and we have to approve everything that she will put
2	up on the website. So that part hasn't come. So when
3	that happens, when she's ready for that, she will make
4	the formal request, I'm sure.
5	VICE CHAIRPERSON BELL: Thank you, Madam
6	Chair.
7	MS. FLORA: Thank you.
8	CHAIRPERSON CARTER: Thank you.
9	Any other questions, commissioners?
LO	Thank you. Thank you, Ms. Flora.
11	Are there any standing committee reports?
12	Any new business?
13	MS. SMITH: Chief White wants to talk.
L 4	ASSISTANT CHIEF WHITE: Good afternoon,
15	board. Assistant Chief James White for the record.
L 6	Just for clarification sake, I wasn't clear
L7	on the directive with regards to the data for citizen
L8	complaints, because we already have the data with the
19	police department with regards to the actual citizens
20	complaint itself. It's really very similar to MAS.
21	And, if the board would remember, annually or
22	actually twice a year we would do a release to the
23	public of where we stood with our citizen complaints
24	when we were under a consent judgment.

This process, though much more elaborate,

	Page 56
1	just continues the goal of being transparent with the
2	community in identifying the number of complaints
3	received against officers of the police department and
4	allows the community to hold us responsible. We're
5	not attempting to release anymore data frankly than we
6	already are.
7	So is there a need for a formal request
8	beyond
9	VICE CHAIRPERSON BELL: I think we need
10	I'm sorry, Madam Chair.
11	I think we need clarity in reference to the
12	board looking at, you know, where we are in terms of
13	where we're going with this. I think a formal request
14	will all always be appropriate in terms of an outside
15	entity doing something versus what the department
16	released already that we approved.
17	ASSISTANT CHIEF WHITE: Okay.
18	VICE CHAIRPERSON BELL: Are we on the same
19	page?
20	ASSISTANT CHIEF WHITE: I think so. So
21	we'll provide a request to continue to pursue what
22	we're doing with the open data protocol for the
23	initiative that we're doing. Okay.
24	VICE CHAIRPERSON BELL: Okay. I think
25	we're on the same page.

Page 57 1 ASSISTANT CHIEF WHITE: All right. 2 CHAIRPERSON CARTER: I think we are. 3 COMMISSIONER MOORE: I think I need 4 clarity. 5 CHAIRPERSON CARTER: The only concern that I have with the information that is to be released, 6 the approval of the information that is to be released 7 so that information that is confidential would not be 8 9 released. 10 ASSISTANT CHIEF WHITE: Understood. Okay. We'll make clarification in our presentation that 11 12 there this no confidential information being released. 13 It's really no more than we're already releasing, but 14 just in a different format. 15 CHAIRPERSON CARTER: Okay. 16 ASSISTANT CHIEF WHITE: Okay. Thank you. 17 CHAIRPERSON CARTER: Thank you. 18 COMMISSIONER MOORE: Through the Chair. 19 I just think we probably need to have a 20 internal board meeting about that, because if the 21 information has already gone out from our chief investigator then for us to rubber stamp it seems like 2.2 23 it's kind of futile. CHAIRPERSON CARTER: The information didn't 24 25 go out. My understanding is that the information was

Page 58 1 so that they had an understanding of what information 2 could -- that the OCI had to put out. 3 COMMISSIONER MOORE: I guess a better 4 question would be to Ms. Flora. 5 Have you received any information from the chief investigator? 6 CHAIRPERSON CARTER: She has received 7 information. 8 9 COMMISSIONER MOORE: Okay. Thank you. 10 MS. FLORA: She and I have been speaking, and she provided a sample of the data. 11 COMMISSIONER MOORE: Gotcha. 12 13 MS. FLORA: She provided a sample just so I 14 could see what attributes and then she was going to 15 make a formal request to release it to us. 16 COMMISSIONER MOORE: Gotcha. Okay. Thank 17 you very much. Thank you, Madam Chair. 18 19 CHAIRPERSON CARTER: You're welcome. 20 New business? Under old business, I'd like to introduce 2.1 2.2 Mr. Gregory Hicks who is our new chief secretary --23 board secretary. So Mr. Hicks is here today. 24 I'd like to extend a warm welcome to you,

25

sir.

1	MR. HICKS: Thank you.
2	CHAIRPERSON CARTER: Thank you.
3	Commissioners, do you have any comments
4	or
5	COMMISSIONER CRAWFORD: Yes, ma'am.
6	Through the Chair. Come up and just I know you
7	introduced him, but he can introduce himself and if
8	they're any questions.
9	MR. HICKS: First of all, thank you very
LO	much. I tried to extend a welcome as different
11	members came in earlier just so that you would not see
L2	me behind a desk per se or podium. I would think that
L3	over time the relationship would be more personable
L 4	so, you know, to start out that way.
15	You're having some interesting discussions
16	in here. One I'm listening to the last round of
L7	discussions, for example. As these technology
L8	advances take place, I would think that one of the
19	things that the commission ought to do, just as a
20	question, is to carve out some I mean, what you're
21	talking about is more efficient ways of carving up,
22	categorizing and so forth data, you know, admittedly
23	data that you already have. But the technology allows
24	for you to kind of look at data in different ways.

And there might be some data requests that

1	you may want to make, you know, that should be
2	considered. And that consideration needs to be up
3	front, because as you exercise your responsibilities
4	and so forth there are certain types of things that
5	you can barrel down into the data and look for that
6	might just again help you discharge your
7	responsibilities as a board. That kind of exchange,
8	of course, takes place with people coming to you in a
9	respectful fashion as a board to engage you in terms
10	of your overall responsibilities. So I will just say
11	that kind of thing.
12	Beyond that, as a brother say in the
13	streets, happy to be here.
14	CHAIRPERSON CARTER: Thank you.
15	Mr. Bell.
16	VICE CHAIRPERSON BELL: I'll just say that
17	we're looking forward to having board interaction with
18	you in a informal process in terms of, I guess, in
19	terms of the Open Meetings Act allowing us to deal
20	with personnel matters. So I think that would be
21	forthcoming, perhaps as soon as I know you have a
22	starting date, and we appreciate you coming out this
23	evening in terms of, you know, interacting and
24	introducing yourself to the board. This is not your

official on the job yet. So we just wanted to thank

Page 61 1 you for showing up today and looking forward to --2 MR. HICKS: Thank you. 3 COMMISSIONER CRAWFORD: Through the Chair, 4 I want to thank you, too, Mr. Hicks. I strongly 5 suspected you had something to say, and I appreciate it. 6 MR. HICKS: Yeah. 7 Thank you. 8 CHAIRPERSON CARTER: Thank you. 9 announcements, our next Board of Police Commissioners 10 meeting will be Thursday, June 2nd, 2016 at 3 p.m. at the Detroit Public Safety Headquarters located at 1301 11 12 Third Street in the Michigan Room. Our next Board of Police Commissioners community meeting will be June 13 14 9th, 2016 at 6:30 p.m. in the Fourth Precinct at the 15 Southwest Public Safety Building located at 4700 West Fort Street. 16 At this time I'd like to thank Media 17 18 Services for being here. I neglected to do that earlier. I thank you for being here and recording the 19 20 session. 21 And at this time we'll have oral 2.2 communications from the audience. Please give your name and limit your comments to two minutes, please. 23 MS. BUTLER: Good afternoon. 24

COMMISSIONERS: Good afternoon.

1	MS. BUTLER: My name is Fredia Butler, and
2	I am a community activist and the secretary for the
3	Second Precinct Community Relations Council.

I've come here to learn and to get some ideas. And I'm very, very concern about the gun violence that is going on in our city. And one person had asked me about the Chief being on the cover of the National Rifle Association magazine and how he was encouraging guns. So I'm sorry that he's not here, but I'm sure he'll get the message what I have to say about that, because we don't need anymore guns in our community.

And I had asked about billboards to help to advertise to the community about the safety of guns or not having guns. And I was told that the department didn't have any money, but you can get grants. And I'm sure you have people here that can write grants to get money to do different things. You've got the dogs. I see that was given. That was a grant. So I would hope that you could do something like that.

And I talked with Commander Bettison about the public service announcements. And a long time ago we had a gentleman by the name of Jim Ingram, and he used to give very valuable information and something that will encourage and uplift, you know, and this is

1	what we need. And I think that you can have people
2	there's someone without in a threatening type of way
3	that would encourage behavior, give a little history,
4	whatever, because we need that type of help in our
5	community.
6	And next week I started coming to the
7	meetings more regularly, because when I lost our
8	captain out of the Second Precinct. And as soon as he
9	left as far as I'm concerned we have popped up this
10	medicinal marijuana place popped up in the community.
11	So I don't know what effect crime has changed, but it
12	was so low in our community while he was there. I
13	don't have anything against the new commander, because
14	we haven't been there long enough he hasn't been
15	there long enough so we can know, you know, his work
16	and how crime stats would be at this particular time.
17	But next week hopefully I'll have something to show
18	you that I think we can use all over the city that
19	will help our communities.
20	Thank you.
21	CHAIRPERSON CARTER: Thank you.
22	COMMISSIONER CRAWFORD: Through the Chair.
23	Ms. Butler?
24	MS. BUTLER: Yes.

COMMISSIONER CRAWFORD: You brought up the

1	name of Jim Ingram.
2	MS. BUTLER: Yes.
3	COMMISSIONER CRAWFORD: He's a friend of
4	mine, and Jim Ingram, "Drumbeat Commentary" every
5	morning.
6	MS. BUTLER: Yes.
7	COMMISSIONER CRAWFORD: We were as
8	teenagers we were almost late for school because we
9	had to stay in the house and listen to "Drumbeat" and
10	then we had to run and catch the bus.
11	MS. BUTLER: Yes.
12	COMMISSIONER CRAWFORD: And we're in the
13	back of the bus talking about what we heard on
14	"Drumbeat" commentary
15	MS. BUTLER: Right.
16	COMMISSIONER CRAWFORD: from Jim Ingram.
17	MS. BUTLER: Right.
18	COMMISSIONER CRAWFORD: Yes, ma'am. He's
19	missed in this city today.
20	MS. BUTLER: Yes. Thank you.
21	CHAIRPERSON CARTER: Thank you, ma'am.
22	Any other oral communications? Any other
23	oral communications? Any other oral communications?
24	MS. SMITH: All right. Good afternoon,
25	A.C. Bernice Smith.

1	To the commissioners, I have no bad news,
2	but only good news. Things worked out for the people
3	with that I brought here before you in regards to
4	their truck. But this morning I get another call
5	where and it was the Third Precinct this time where
6	the officers were called, because there was a
7	hit-and-run in front of the house. I thought the
8	young lady would be here, but I don't see her because
9	I told her to be here at three o'clock, because I had
LO	a funeral this afternoon.
L1	So anyway a hit-and-run. They got the
L2	the father chased him down or whatever the case may be
L3	and he did catch him. But in the meantime there was a
L 4	confusion rather than get into discussion, he has
L5	taken the information on the car and so forth. And it
L 6	was reported or the police was called. This is at
L7	2:30 in the morning. Our officers didn't show up
L8	until 4:15, Third Precinct.
L 9	So I didn't investigate because I was busy
20	this morning, but I did get in touch with the NPO,
21	Mr. Bell. So, therefore, he'll have all that
22	information and I won't have to go through our officer
23	here that the Chief assigned.
24	But anyway, seriously speaking, I'm very

upset also, like A.C. was. I saw him last night on

	Page 66
1	TV. And it is, it's terrible. We were discussing it
2	on the air this morning. And I can understand your
3	frustration, Chief, because it is totally unnecessary
4	for all this shooting, killing and so forth. I've
5	seen the time where you can discuss whatever you have
6	a problem with, but now, as Reggie said, we don't need
7	it. And the rest of you have expressed your thoughts
8	about it also.
9	And we have to be more conscientious about
10	these people that we have in our midst. In the
11	meantime, tell who it is, don't keep it to yourselves,
12	tell who it is.
13	And Mister the secretary, welcome to the
14	commission. We know you're going to be very fruitful
15	with us.
16	Take care. Thank you so much for your
17	time.
18	CHAIRPERSON CARTER: Thank you.
19	Mr. Crawford.
20	COMMISSIONER CRAWFORD: Oh, go ahead. I'm
21	sorry.
22	Yes, Madam Chair.
23	Mr. Brown, you have a time that says "One
24	Minute," then another one that says, "Stop." Do you
25	have a "Walk Up" timecard? Because Ms. Smith Ms.

	Page 6/
1	Smith, the Chair said "anymore comments" three times.
2	If you with all due respect
3	MS. SMITH: Were you watching him,
4	commissioners?
5	COMMISSIONER CRAWFORD: If you're late to
6	the podium again, we're going to dismiss the meeting.
7	MS. SMITH: I know you love me.
8	COMMISSIONER CRAWFORD: I love you. I'm
9	saying this out of love.
10	CHAIRPERSON CARTER: Any other oral
11	communications from the audience? Any other oral
12	communications?
13	COMMISSIONER CRAWFORD: This young lady in
14	the back.
15	MS. KINDLE: Hi. My name is Danita Kindle.
16	I live in the Eleventh Precinct. I lost my son in
17	August.
18	ATTORNEY BERNARD: What's your name again?
19	MS. KINDLE: Danita Kindle.
20	ATTORNEY BERNARD: Dalia?
21	MS. KINDLE: Danita, D-A-N-I-T-A, Kindle,
22	K-I-N-D-L-E. My son was murdered in August, and my
23	family has been going through a really traumatic
24	experience. Friday, May 20th, there was a car
25	accident in front of my house. Suffice it to say, the

1	police came and two of my kids were arrested by an
2	officer who was continuously harassed me and my kids.
3	She took my daughter, who is right back there, to
4	jail, she's pregnant, in front of the kids. We had
5	nothing to do with the accident. We were assisting
6	the people.

I filed a complaint about it, and yesterday she rolled past my house about six times. I'm already traumatized by losing my son and not knowing who did it or why, and now I've got to worry about my son, because she tried to pull her gun on my daughter when she was trying to arrest her in front of my grandkids for what I feel like is nothing. We were assisting an accident.

I would just like for her, which is -- her name is Sharon Johnson -- to just leave me and my family alone. We've been through enough as it is. I filed a complaint. And, like I said, ever since -- I filed the complaint. Now she just rides up and down my street all day.

CHAIRPERSON CARTER: When did you file the complaint?

MS. KINDLE: On Tuesday.

24 CHAIRPERSON CARTER: I'm sorry. First of 25 all, we are sorry for your loss. When did you file

1	the complaint?
2	MS. KINDLE: On Tuesday.
3	CHAIRPERSON CARTER: Tuesday.
4	MS. KINDLE: And Wednesday she start riding
5	up and down my street all day.
6	CHAIRPERSON CARTER: Okay. I'm going to
7	ask that the Office of the Chief Investigator they're
8	going to follow up with you right after the meeting.
9	And, A.C. Dolunt, if there's anyone
10	ASSISTANT CHIEF DOLUNT: I'm sorry. What
11	street do you live on?
12	MS. KINDLE: I live on Ryan.
13	ASSISTANT CHIEF DOLUNT: Ryan?
14	MS. KINDLE: Yes.
15	ASSISTANT CHIEF DOLUNT: What block?
16	MS. KINDLE: The block between Emery and
17	Seven Mile.
18	ASSISTANT CHIEF DOLUNT: Sheron Johnson?
19	MS. KINDLE: Yes. 4610.
20	ASSISTANT CHIEF DOLUNT: Okay. I have an
21	officer hit by a car. I'm sorry. I've got to answer
22	this.
23	CHAIRPERSON CARTER: Yeah. They're going
24	to follow up.
25	COMMISSIONER CRAWFORD: Yes, ma'am.

1	Through the Chair.
2	CHAIRPERSON CARTER: Yes.
3	COMMISSIONER CRAWFORD: Yes, ma'am. I need
4	to talk to you after the meeting, because I'm the
5	commissioner for that district.
6	MS. KINDLE: Okay.
7	COMMISSIONER CRAWFORD: And well, also
8	our chief investigator's office also
9	Did you file the complaint with the Chief
10	Investigator's Office?
11	MS. KINDLE: I filed it online, because
12	I
13	COMMISSIONER CRAWFORD: Okay.
14	MS. KINDLE: I'm scared to go to the police
15	station, because every encounter I have with her gets
