point, the last meeting was May 26 th?
CHAIRPERSON CARTER: Yes.
VICE CHAIR BELL: Says here, Willie E.
Burton, District 5, excused.
COMMISSIONER BURTON: Does not reflect inside the minutes here.

VICE CHAIR BELL: Oh, the minutes. Okay. I thought we just used that format as the format. No?

ATTORNEY BERNARD: This is the format we use.
VICE CHAIR BELL: This is the format we use.
COMMISSIONER VANN: It's part of the record.
VICE CHAIR BELL: It's part of the record that when you have the roll call you're absent or excused. This reflects part of the Minutes.

Anyway, we can move on.
COMMISSIONER BURTON: Through the Chair.
Previous it used to be in the body here of the minutes.
Not just up here where it says excused up here. It used to reflect that down here. Thank you, sir.

CHAIRPERSON CARTER: Thank you.
VICE CHAIR BELL: No problem.

CHAIRPERSON CARTER: So today I have to report out, I don't know if $I$ ever mentioned to you, Commissioners, that a couple -- a month ago, Chief Investigator Drake arranged for us to be able to park on the third floor because when we park in the parking structure on the sixth floor, whatever it is, it's usually no parking, I mean, no parking spaces available.

So we can now park on the third floor and come into that door and there are fewer cars parked on that so you'll have a closer parking space if you chose to come in that way. So, thank you, Chief Investigator Drake for getting that done.

And the second thing, the Board Secretary, his start date will be June 14th. He is defending his dissertation and he will be available June 14th, so that will be his start date.

And that's all I have to report today. And at this time we're going to have the $H R$ monthly report.

DIRECTOR OXENDINE: Good afternoon, Gale Oxendine, Director of Police Personnel, for the record. In your packet you have your report for the month of May 2015. Under Current Department Staffing we have 2,294 positions filled that are sworn, 343 civilian base, and 212 civilian restructuring. Under Sworn

Recruiting, the number of people in process continues to be a good number for us to move forward with our goal of hiring on a monthly basis. We've hired 187 to date for the fiscal year of 2015/16.

We hired just on May 31st this week 37 new recruits that started. So that was a great accomplishment for us this month. The impulse testing, we are now administering both the written examination and the physical agility exams. You see the numbers here of the number of people that we tested for both types of exams and those that passed.

This has really been the game changer in us being able to get recruits more quickly, and more quickly and also more quickly through the process.

In terms of total new hires, 37 sworn, eleven civilians, three police assistants, and six restructuring civilians for a total 57 for the month of May.

On page two of those new hires, six of these civilian new hires are Detroit residents, seven of the sworn new hires are Detroit residents. With respect to the Student Internship Program, we have a final list of 31 students. They will begin on Monday, June the 6th. It's a ten-week program, they'll work 32 hours a week, and then their Coffee and Cake Graduation will be held
on Wednesday, August the 10th. And I'll give you some future updates on that as we get closer to the date because we'd like for the Commissioners to attend that event.

With respect to attrition this was a pretty good month for attrition. We only lost twelve sworn in the month of May and we gained 37 , so we're 25 ahead, so that was a significant jump for us. Civilian attrition is eight, police assistance, one, and civilian restructuring, two, for a total of 23.

You have your leave of absence numbers in the various categories. With respect to Special Projects phrase three of the restricted duty project is on target to begin in July of 2016. The Summary Report for $\operatorname{FMLA}$ is included in your packet, read it at your leisure. I'll be happy to entertain any question that you might have about that.

And also, the sworn promotional exam, the results of the appeals process and the final results of the exam are expected this month in June. And that concludes my report and I'll take your question at this time.

CHAIRPERSON CARTER: Commissioners, questions for Director Oxendine?

COMMISSIONER SANDERS: Through the Chair.

CHAIRPERSON CARTER: Commissioner Sanders?
COMMISSIONER SANDERS: When it comes down to
the -- testing, and I see over here you had ten that failed the reading test and 24 failed the physical test.

DIRECTOR OXENDINE: Yes.
COMMISSIONER SANDERS: Are they able to take that over or not?

DIRECTOR OXENDINE: They can take the exam over. The physical agility we allow one additional test at our costs. With respect to the written exam they will have to take the written exam at their own cost. So they're able to take it again but they won't be able to take it through our process.

COMMISSIONER SANDERS: And one other question, when you fail, you fail, even if you fail by one, correct?

DIRECTOR OXENDINE: Yes. It's a state administered, $I$ mean, it's a state examination so we don't set the guidelines for that. They do. We just administer the test under the guidelines that they provide. So the written test is an online test so it's scored the next day by the administrators. We actually are just the test proctors and we provide the facility and also address any computer issues that may occur
during the testing process.
COMMISSIONER SANDERS: Okay. Thank you.
CHAIRPERSON CARTER: Any other questions,
Commissioners?
COMMISSIONER VANN: Madam Chair, I just
wanted to make sure I'm getting this right. You have 37 sworn and you have only seven of them are Detroit residents?

DIRECTOR OXENDINE: For this month, for the month of May, that's correct.

COMMISSIONER VANN: Oh, for the month of May?
DIRECTOR OXENDINE: That's correct.
COMMISSIONER VANN: And you normally chart
Detroit residencies?
DIRECTOR OXENDINE: Yes, sir.
COMMISSIONER VANN: When they come in?
DIRECTOR OXENDINE: Uh-huh.
COMMISSIONER VANN: Do you have, so then do you have numbers on how many of our Officers are Detroit residents?

DIRECTOR OXENDINE: Yes, sir. You requested that information and $I$ submitted that information to the Board.

COMMISSIONER VANN: Okay.
DIRECTOR OXENDINE: If you'd like for me to
provide that information monthly in this report, I can do so.

COMMISSIONER VANN: Okay. I just think that it's an important metric. If, for this month, for example, what's that, less than 20 percent? So I just think it is important.

DIRECTOR OXENDINE: Okay. So in the future I'll provide you like a month ending date, the number of Detroiters both sworn and civilian versus the numbers we have, positions we have filled. Would that be helpful?

COMMISSIONER VANN: For me, yes. Thank you.
DIRECTOR OXENDINE: Sure.
CHAIRPERSON CARTER: Any other questions?
Commissioner Bell?
VICE CHAIR BELL: Yes, Madam Chair. You indicated that the feedback of scores on the overall assessment would be now in the month of June, this month?

DIRECTOR OXENDINE: Yes.
VICE CHAIR BELL: Could you notify us? I encountered several Officers during Police Week in reference to what's promised last month and whatever, so would you notify us when those scores go out? I assume mid June or whenever, month of June. I got it.

DIRECTOR OXENDINE: Month of June. VICE CHAIR BELL: Thank you. I got it.

Okay.
DIRECTOR OXENDINE: Certainly.
CHAIRPERSON CARTER: Commission Crawford?
COMMISSIONER CRAWFORD: Yes, ma'am, through
the Chair. I just thank you, Madam Director. I
received an email from you and it was to the Board of Police Commissioners, all of us, assume all of us did on May the 11th, 2016 that's pertaining to the residency of percentages.

DIRECTOR OXENDINE: Yes.
COMMISSIONER CRAWFORD: Yes, ma'am. So I
just want to make the Commission and I'll be glad to give Commissioner Vann a copy of it also.

DIRECTOR OXENDINE: Okay. Thank you.
CHAIRPERSON CARTER: Thank you.
COMMISSIONER BURTON: Through the Chair?
CHAIRPERSON CARTER: Commissioner Burton?
COMMISSIONER BURTON: I have a question. For the past six months, how many Officers have we brought on since January?

DIRECTOR OXENDINE: I don't have that figure with me at this time but $I$ can provide you with that information.

COMMISSIONER BURTON: Thank you.
CHAIRPERSON CARTER: Any other questions,
Commissioners? I have one question, Director Oxendine. You said, you alluded to one test was on, I'm speaking to the MCO's physical agility test.

DIRECTOR OXENDINE: Yes.
CHAIRPERSON CARTER: So for all applicants we give them one free agility test. Is that what you're saying?

DIRECTOR OXENDINE: We give them either one rescheduled, if they fail to appear or if they're unsuccessful we give them another opportunity.

CHAIRPERSON CARTER: Okay. So is that for all the applicants whether they live in the City or not?

DIRECTOR OXENDINE: Yes, that's for anyone that's in that stage of the process.

CHAIRPERSON CARTER: Okay. Thank you.
Commissioner Crawford?
COMMISSIONER CRAWFORD: Yes, ma'am. How is that incentive program, the $\$ 250$ referral? How is that going?

DIRECTOR OXENDINE: Up until this last class we had only hired I believe the number is four people who had been referred. So you have to refer the
candidate and the candidate has to be hired in order for the member to receive the referral incentive.

This past month I believe the number is seven or eight in this one class. So I'm going to assume it's growing. We get a lot of referrals but they're not successful in getting hired or they drop out of the process or whatever the case maybe. But the ones that actually make it to the finish line we've had a total of about eleven or twelve at this time.

COMMISSIONER CRAWFORD: Yes. Thank you. And the one $I$ referred is in this class and he is a Detroit resident, but you don't owe me any money.
(Laughter.)
DIRECTOR OXENDINE: Thank you for the referral, sir.

CHAIRPERSON CARTER: Thank you, Director Oxendine. Chief Craig, thank you and the floor is yours.

CHIEF CRAIG: Thank you, Madam Chair, Board. I want to report out on crime and then I want to talk about a specific, certainly tragic incident involving the 13-year-old boy.

Year-to-date we're sitting at a six percent reduction in overall crime which includes both violent and property offenses. Violent crime is down five
percent. When we look at homicides we're slightly up three percent. In terms of raw numbers we're at 115 homicides year-to-date compared to 112 in 2015. So we're showing a three percent increase.

When you look at nonfatal shootings we're up one percent. This is probably the lowest we've been for the year. Raw numbers at 2016 we had 356 compared to 352. Again, overall violent crime is down five percent. Robberies continue to be the steepest reduction. When you look at robberies year-to-date, we're down ten percent; carjackings are down 30 percent. So we continue to see a steep decline there.

I just wanted to make note, I know there was discussion. Last week $I$ was in New York for Major City Chiefs. Some good news. And while I recognize that when you look at our overall crime numbers we still -I can't certainly wave a flag of success. Progress, yes.

When you look at the last three years we're still trending down. When you compare Detroit to other major cities, the majority of them factually we're declining compared to last year's stats. Now, you heard me report out that Detroit's experiencing some of the lowest homicide numbers over the last two years

2015/2014 in 47 years.
Again, I can't get excited over that because per capita our numbers are still too high. However, I will tell you that when I look at numbers I will use the numbers as a road map, if you will, as where we need to go, where the trends and patterns are occurring, that does not mean that we wave this flag of success.

When Los Angeles experienced deep reductions in crime; New York, did not happen overnight. I meet many in the community and what $I$ hear almost daily that they feel something is different in the City of Detroit. They feel safer.

But when you talk about that one victim who experiences a robbery or loses a child, certainly they don't feel safe. And as I've often times said one homicide is certainly one too many, one shooting is one to many. Let's face it, when you look at some of the most horrific offenses, since Easter you had five children shot. Two of them are non-fatal. So those individual events certainly drive fear.

Now any suggestion that this Police Chief or this Police Department is padding the numbers is incorrect, incorrect. I take full responsibility and accountability for making sure that the numbers are
correct. And my staff knows, and I know Deputy Chief Levalley who oversee our investigation function including gathering our data knows that $I$ consider it serious misconduct to manipulate and manage the numbers. There is no black hole. There is none.

It's a part of my job very seriously and I report out crime stats to at least show this is where we are year-to-date. We're in the second quarter of the year and the fact that we're still down is a good sign but certainly the work continues.

So I just wanted to go on the record make that point clear that $I$ consider it a serious misconduct anybody on my team manipulates any of these numbers. I take credit that we are transparent. It's important the public knows whether we're up or whether we're down even if it's one or two percent. Doesn't mean I'm sitting here saying we're successful and we can put our feet up.

Detroit Police Department works extremely hard, the men and woman. We have fewer than when I had when I started three years ago, but yet when you look at the work that's being done whether it's though neighborhood Police Officers, Green Light Initiative, things are getting done.

```
    Our response time is cut, our clearance rate
```

for homicide is about at the national average. Again, I'm not flying a flag of success. So I just want the record to reflect we take it serious and we work hard. So I want to thank our team for the work you do and our realtime crime certainly under the leadership of Deputy Chief Levalley who has done phenomenal work in driving or investigative support forward as well as making sure that the data that we put out is accurate.

As you all know the 9 th Precinct has been the source of the most violent crime in the City of Detroit. This year were sitting on homicides 21 percent reduction in the 9th Precinct compared to last year and non fatal shooting a 55 percent reduction in non fatal shootings. Again, the work continues but that's good news because we are starting to move in the right direction. So $I$ just wanted to make that point clear.

The second issue involving the tragic death of the 13-year-old. As many of you who have been following the news, this certainly started out as what appeared to a missing, it progressed into an abduction, an armed abduction. It was at that point that we launched a full-blown command post. We put imagines out to the media as quickly as we could.

Just in putting it in the total context of the work, we have over a hundred sworn Police Officers including DPD, MSP, FBI working here literally around the clock. In fact, one member of our team, Lieutenant Cole who had work in excess of 24 hours, it's his birthday, committed to trying to find this young man and certainly arrest the suspect involved in this. So I really want to take my hat off to the commitment and dedication.

And then as we continue to progress through our investigation it led us into the state of Ohio, Toledo so we have a support of about 30 additional law enforcement between Toledo Police Department as well as the Ohio FBI Office in that region. So a lot of support.

Tragic that we did find the little boy. I have since talked to his mother. You know, when you look at the videotape that we had to review our team reviewed 14 hours of videotape so they could identify who was responsible for this horrific act.

As you know, we arrested two. The main person we put out in the media. We immediately started getting tips from that. We certainly took into custody a female who is in his company who we arrested also in the state of Ohio. There was a third and a fourth
suspect we put out. The third suspect is currently in custody. We're still look for a fourth suspect. So the investigation is ongoing.

But, again, I want to applaud the phenomenal work by Detroit Police Department and our partners from the MSP, FBI. But that work is continuing. So you may have some questions about that, I'll entertain that. Before I open it up for questions, we are planning, this predates this rash of shootings involving children but we have a Youth Peace Summit which we invite everyone from the Board to attend at Chene Park. I don't have a specific date yet, trying to lock that down, but it's going to be at the end of June at Chene Park, we're going to have some entertainment.

In fact, the video that's gone viral now we had probably in excess of eight million views, has gone international. In fact, I know that Director Oxendine talked about recruitment. On of the things that video has done for us that after that video was shown we had a significant interest from probably our younger population in wanting to become Police Officers. So that's worked out very well for us, so we're excited. So we'll have a reenactment of that during the Youth Summit.

As you may have heard me report out the Blue Pigs are being reestablished, a volunteer group of Blue Pigs, and also another youth-based group, volunteer Police Officers called Blue Swag and we'll probably get some other entertainers that will be at this Youth Peace Summit.

And then lastly, before $I$ open up for questions, we're planning an executive retreat probably at the Detroit Yacht Club probably some time this month. I haven't set a date. I wanted to invite the Board to attend that if they have an opportunity.

So with that, $I$ open it for any questions that you might have or comments?

CHAIRPERSON CARTER: Commissioners, do you have any questions or comments?

COMMISSIONER BROOKS: Yes, I have one.
CHAIRPERSON CARTER: Commissioner Brooks?
COMMISSIONER BROOKS: I watched the news this morning and, you know, watched everyone on there. Has it been, how can I put this? Have they decided that that body is the body the young boy? Because the news today did not say.

CHIEF CRAIG: We certainly given the information we retrieved from our investigation there's a high probability, but the family has since
identified. The news is now reporting that that's the 13-year-one son, Devonte.

COMMISSIONER BROOKS: Thank you.
CHAIRPERSON CARTER: Any other questions or comments, Commissioners? Commissioner Vann?

COMMISSIONER VANN: Madam Chair. To the Chief, I've heard you mention before about, you know, some of the emotional and psychological weight that is placed on Officers when they are responding to heinous crimes of this nature.

And I would appreciate you just speaking to that. There's a human side to law enforcement because that I think a lot of times people don't think of, and the Officers that serve us so well are human beings. They have families. They have children many of them. And I just think that there's a human side to this. I can only imagine how many of the Officers and there's case after case after case and these different kind of occurrences taking place.

Would you just speak to that portion of it as well and what the Department may be doing to help Officers as well?

CHIEF CRAIG: Through the Chair. I appreciate the question. Certainly that's something that's very serious to me. One thing that I notice
coming into Detroit, unlike the other Police
Departments I had the fortune of leading and being a part of, that more of our Officers experience trauma.

We talk about PTSD, that $I$ know in Los
Angeles anytime an Officer was suffering from PTSD they generally were deployed in a war situation would return. But what I have seen in Detroit and I've seen some of the Officers suffering. So one of the things I noticed early on is that there's no peer support. And so in every Department I worked there was peer support.

So we launched probably now over a year ago peer support for our Officers so that any Officer experiencing any kind of trauma whether seeing a child that's been traumatized or some other horrific event, we don't assume the Officer's okay. We make an effort to make available to them resources whether it's through a doctor or just simply peer support.

As you know, any time an Officer's involved in a shooting incident they have to go for an evaluation and some of our Officers have been in multiple shootings situations.

Now the good news here, as I've said many times before, is that, you know, we have an extremely supportive community here in Detroit. Our Officers are not experiencing the same degree of what we hear and
read and see as it relates to other Police Departments like Baltimore, a lot of the anti-police rhetoric that is permeating this county today.

Here in Detroit what we see and what feel is the vast majority of Detroiters are highly supportive of the job that Police Officers do. I personally as well I can speak for all the Officers appreciate that kind of support.

Of course, there are those instances where some of that anti-police rhetoric that does have an impact. Especially when Officers are out giving their all. Imagine even taking this situation involving this 13-year-old, where just a week ago another child, five children, think about the Officers that have to go to the scene.

One the reasons we decided to launch a peer support effort was that as many of you may remember probably a year or so ago a case in 7 th Precinct involving the mother who placed two children in the freezer. The responding Officers were directly impacted by that. And so first thing I thought peer support. But we didn't have peer support. We do have it how.

So we not only have peer support, we certainly enhanced our relationship in working with the
clergy. As a matter of routine now clergy leaders do respond out. Not only do they meet with the Officers who have been exposed to trauma-like situations, but they also meet with community members who have been have exposed to trauma. So it's a big concern. I will continue to lead that effort and enhance it. But we are, you know, obviously moving in the right direction along those lines.

CHAIRPERSON CARTER: Any other questions or comments, Commissioners?

COMMISSIONER CRAWFORD: I have a comment on that. I think it was sometime last year, I think it was prior to you and a few Commissioner coming on board, sir, Commissioner Vann, I'm talking to. The peer support group did a presentation before us.

As a matter of fact, $I$ recall one of the Officers that is a part of that team is the one that was stabbed in the face or slash in the face on the Westside involving an incident with a woman in a vacant house or something to that effect. So they did a presentation and it was great. I appreciated it. It did have the appearance that it was going to be a great success so I think it is.

CHIEF CRAIG: Through the Chair, Commissioner Crawford, I appreciate that. It really has. I think
we have roughly fifty members now. Most of the Officers have been involved are Officers who had been involved in Officer involved shootings. They understand the trauma associated with that.

You may also know that we started a CITI Camp now going in how we treat trauma as it relates to our youthful citizens, I'm talking about middle school age. We started CITI Camp here in Detroit, and acronym for Children In Trauma Intervention because like our Police Officers like many of our adults, are children are suffering from being exposed to trauma.

It is not normal, it's not for a child to experience the level of violence in some of our neighborhoods. So that's why it so important that we intervene and especially Police Officers are involved in that effort because it really separates us.

We just graduated a class of 50 two weeks ago and the thing that most of those students reported out is they felt when they started the program they were -they didn't like Police Officers. Each and everyone of them said we love the Police, we see a different side of the Police. And so just in that alone has made a difference in building bridges in our youth community.

VICE CHAIR BELL: Yes, Madam Chair. Chief, I reported out -- first of all, I want to thank you for,
you know, you're outstanding work in the last 24 hours. I attended the 5th Precinct Community Meeting and Commander -- hearing and Commander Bettison were not there but the MPOs they was at the command post and community was pleased in terms of action. Because I live not too far from that area, east Warren and Outer Drive. And so I appreciate the work in the 9 th

Precinct. We have witness declined in terms of those types of activities so all the effort went into it is working.

One of the questions came up in terms of reporting out. Any feedback on Operation Ceasefire in terms of the young people that encounter? The program's been in existence two or three years, and is there any feedback in terms how success -- how ever you measure that, you know, I don't know.

CHIEF CRAIG: Through the Chair. I would say yes, we can give you full report out. I will tell you that when I arrived here three years go I had had great experience with the Ceasefire model in other cities, Cincinnati, in particular. I was not involved in the press with Ceasefire here in Detroit. It was actually kind of comical in my view. It has grown. One of the things that $I$ see that works very well with Ceasefire now especially as we transition
from the eastside now to the Westside and we've already started some of what we call the disruption work. I actually had a chance to go out to one location yesterday on the Westside where we go out and meet with individuals who are prone to engage in violence.

So the Officers are engaged. They believe in Ceasefire. I would tell you when I look at the double digit reduction in shootings and homicides on the eastside, the Mayor and I both believe that Ceasefire has been a direct result of that for that success.

You know, one thing that is very different about our Ceasefire effort here unlike any city I've been in, including Los Angeles, this is the only city where the Mayor has been directly involved, I know you've attended some of the call-ins, who is directly involved and committed to, you know, giving the promise, if you will. And I really believe when you have a U.S. Attorney, the Police Chief, the Mayor of the City, that goes a long way in really sending a message that we're serious about peace.

So I'm excited as we move to the Westside and we're certainly not going to the let the eastside go because we know how important per capita crime on the eastside are still somewhat high. I know that's another effort, another day.
A.C. Wies, D.C. Levalley, really are doing a phenomenal job not only, you know, driving, keeping the stats because we do look at Ceasefire stats. So if you would like us to do a Ceasefire presentation where we go into very specific statistics we can do that.

CHAIRPERSON CARTER: We would very much
appreciate that. In fact, the inquiry has been made in the past but we never received updates --

CHIEF CRAIG: Okay.
CHAIRPERSON CARTER: -- as to who takes advantage of what's offered at the program and the participants that go back to jail or whatever, whatever stats you can provide that will be helpful.

CHIEF CRAIG: What we can do, through the Chair, Deputy Chief Levalley can we make that available for next session?
D.C. LEVALLEY: Yes.

CHAIRPERSON CARTER: Thank you, Chief. Any other additional comments?

COMMISSIONER DEWAELSCHE: Madam Chair, if I may?

CHAIRPERSON CARTER: Commissioner Dewaelsche. COMMISSIONER DEWAELSCHE: I've been a Detroit resident all my life and I've said this before at other meetings, I am just amazed at the expediency or how
quickly the Detroit Police Department is resolving these cases. So I want to commend you. I do feel a lot safer. And $I$ know when you say, "Turn yourself in because we're going to get you." I believe it. It always happens. So thank you for that.

But I do have a question as it relates to children being involved in theses shootings, of late. Are we evaluating the incident and looking to see if there are any common threads?

And the reason why I say that is because even among people that $I$ work with and I talk with, we're wondering is there like a retaliation that maybe people have with other people and they're either purposely like shooting when they know there are children are around or is coincidental? Or I don't know, it just seems out of, you know, the normal for children to be involved.

And so, are we evaluating that? Do we see anything in common or is it just coincidental that we've had so many recently?

CHIEF CRAIG: Through the Chair. I can tell you in 39 years this month $I$ never seen this anywhere in any city. I mean, even in a city like Los Angeles, we have very structured, very organization gangs and during the height of LA the gang shootings 2,000
murders a year, I don't know the time where a child was targeted.

What I have seen of late and I've talked to members of my staff because they have not seen this, clearly, if you're engaging in a walk-by or drive-by shooting there have been several instances I've reported out that the suspect knew or should have known children were present and fired in the direction of their target knowing that there was a strong possibility of children.

Without going in details of this most recent incident, this adult male, this violent predatory suspect, someone $I$ refer to as a coward, knew he was dealing with a child. Make no mistake, this was a 13-year-old young man. And so there was no mistaking, it was purposeful in my view and so some of it is just that. I don't have a good answer for you but that is something that we look at it.

It's one thing to engage in a drive-by or walk-by shooting and you shoot into a crowd like you saw on Dexter and Webb a year ago in the park where there were children and families enjoying the summer and the persons who decided to shoot, children were present, it just didn't matter.

And so when you talk about the difference of
say a Los Angeles, that's just something you don't do. So, but here there have been suspects. And I've said it and I appreciate the acknowledgment. First, I want to give all the credit to the men and women who do the work because they do a phenomenal work. I'm fortunate to lead such a great Department.

But, you know, when you look at these situations you really, it's sometimes difficult to understand why would a grown person take on a defenseless child or someone who's defenseless who's elderly. Where's the reverence for life?

And so the thing that we must continue to do and, again, once, I have tremendous confidence and faith in this City because when we put the images out and when $I$ say that we will find you, we will get you, generally we do. It happened within 24 hours last night.

People respond to that and people know that this is a child, and $I$ know who did that and they talk to us despite the stigma people say, well, Detroit has a no snitching. That's not true. It's absolutely untrue.

Now, maybe among criminals they won't snitch on each either. But the good Detroiters, the average Detroiters makes up the vast majority of this City,
they will call us and they do.
COMMISSIONER DEWAELSCHE: Thank you.
CHIEF CRAIG: You're welcome.
CHAIRPERSON CARTER: Any other questions or
comments, Commissioners? Commissioner Sanders?
COMMISSIONER SANDERS: No. Only comment, through the Chair, I would say they do an excellent job period. Even in my own case where I live at Precinct 2, you're doing an excellent job, excellent job.

CHAIRPERSON CARTER: Thank you. Thank you, Chief.

CHIEF CRAIG: Thank you.
CHAIRPERSON CARTER: Are there any Standing
Committee Reports?
COMMISSIONER SANDERS: Through the Chair -we're going to fine tune some issues and make a recommendation to the Board at a later date.

CHAIRPERSON CARTER: Okay. Thank you.
COMMISSIONER CRAWFORD: Madam Chair, also as one who sits on the Citizen Complaint Committee, last week there were two citizens, well, there was one citizen that came before us and she did file a complaint. She's from my District. There was another complaint. I received a call from Commission Moore
because this other citizen called Commissioner Moore and referred it to me and she filed a citizen complaint.

So I just want to go on record to state that any citizen that $I$ advise to file a citizen complaint, that I will not personally review that complaint. Because that's what we do. We read and review complaints. Just so there's no appearance of any conflict of interest or improprieties, anything like that.

So I will personally will not read any complaint that I tell -- regardless as to whether or not they live in my District or not. If I advise the person to file a complaint, I probably would not review that complaint.

CHAIRPERSON CARTER: Thank you, Commission Crawford. Is there New Business? Any Old Business? Under Announcement our next Board of Police Commissioners Meetings will be Thursday, June 9th, 2016 at 6:30 p.m. in the 4th Precinct at the Southwest Public Safety Building, located at 4700 West Fort Street.

Our next Board of Police Commissioners Community Meeting will be July 14th, 2016 at 6:30 p.m., in the 10th Precinct at a location to be determined.

At this time we'll have Oral Communications
from the audience. Please give your name and limit
your comments to two minutes, please.
MS. PANNELL: Good afternoon. Sharon
Pannell. I'm from Detroit Police Citizen Academy.
We're having a picnic on July the 13th and we're inviting the Board and the Police Officers. It's free, Chief. And I just need a head count of who's going to come. It's from noon at Shelter 8 at Belle Isle. You're welcome.

CHAIRPERSON CARTER: Okay. Thank you, Ms. Pannell.

MS. BUTLER: Good afternoon.
CHAIRPERSON CARTER: Good afternoon.
MS. BUTLER: My name is Fredia Butler, and I am a community activists and also a counselor and also the secretary from the Second Precinct Community Relations Council.

I hope we all are watching the review or new version of Roots and think in terms of what is happening today. Education which is very important, gentrification and jobs and to dissect what is going on in the film today.

But last week I promised that I was going to bring you some information what I'm hoping that we can
have throughout the City because this is a flier that a gentleman in Southfield helped me, I gave him the information, and so I'm not that computer savvy where put the designs and what have you on it and he did it for me.

And I would like AmeriCorps who attends our meeting for COMPSTAT at the 2 nd Precinct on the second Monday of every month, they have promised they would make copies and get them out to the community, but they're not going to do it in color because color you know is more costly but they will do it in black and white.

And I feel that if we have a cleaner community that we will have less crime because a clean community you feel differently about yourself, and therefore it needs more than, we all have to work together, the Police Department, everybody has to work together to try to make a difference to make a change of minds in our communities. So I will give you each a copy of this so you can see the kind of work that I would like to see done in our community.

And Bishop Vann, through the Chair, Bishop Vann has the kind of voice that I would like to -- we need the research and use that type of voice because an official was telling me about Rap.

But in the classroom you need to lower the voice, lower the tempo in order to get their attention and get the results that you need and not the hyper, you know, when Rap is lot of hyper and all this going, but you need that calming effect to get some results. But like I said, that type of voice and the research, I think we can get big change in our communities. Thank you.

CHAIRPERSON CARTER: Thank you, ma'am. And I do work with the AmeriCorps Urban Safety Project, so I'll make sure they copy and disbursed those leaflets for you. Thank you, ma'am.

MS. BURTON: Oh, great. I'll see them on
Monday.
CHAIRPERSON CARTER: Thank you.
MR. KOWALSKI: Good afternoon, Commissioners.
COMMISSIONERS: Good afternoon.
MR. KOWALSKI: My name is Gary Kowalski. I am the owner of Tri-County Towing. Just give you a brief history. I started my company when I was 20 years old, got on the police list 1971, been towing all these years.

We had a little glitch in our company. We got behind on our administrative fees. Our tow permit was denied. The reason I'm here today I have the funds
available to bring us current. I just need a one-day extension. I can get it paid tomorrow. The Police Department has said it's in your hands as long I get the fees paid.

We just had some financial difficulties where we got behind. We got a good record with the City. Small company, we got about twelve people employed. Been in the City all our life. So I'm requesting that, you know, the Commissioners will grant that extension because they have the power to do that and I can have the ad fees to you by tomorrow morning.

CHAIRPERSON CARTER: If Officer -OFFICER MYERS: Myers.

CHAIRPERSON CARTER: Myers.
OFFICER MYERS: Good afternoon, Board. COMMISSIONERS: Good afternoon. OFFICER MYERS: Mr. Kowalski -SPEAKER: Can you give your name? OFFICER MYERS: I'm sorry, Officer Myers, Detroit Police Department, Resource Management for Tow Detail. He's owned Tri-County Tow for awhile and he was on our -- he had prior permit. When we were going through the process of renewing the permits, Tri-County Tow had not paid the admin fees from, it stopped January 2015 was the last payment made.

Payments are to be made every month on the 15th of the month for the prior month. So January's payment would be February 15th; February's payment would be March 15th, and so on.

Well, we hadn't received a payment for 16 months and I have an amount that would be owed but it's an estimate, and it's an estimate, it's an estimate based on what was paid in one month and that estimate was $\$ 66,000$.

The admin fees fluctuate up and down per month depending on how many cars that you tow. So 66,000 it would could be plus five to $\$ 10,000$, it could be 76 or 56 that's owed. We don't know. Finance would have to get all that together. But the permit was denied because of the non payment for the length of time.

Now, the season for the permit, the time for the permit is closed. I did let him know that and I cannot -- the problem with served -- well, the problem we would have with him coming back in after paying these fees is there's other people that would want in as well. He's not the only company that had this issue. And if he just pays the fees and comes back in then what about the other companies? It would open up a bag of worms, but.

CHAIRPERSON CARTER: So Deputy Chief
Washington, what is the recommendation of the
Department?
D.C. WASHINGTON: I would agree. Celia

Washington. I would agree with Officer Myers. The period of application for accepting applications has closed and Officer Myers, I believe gave notice prior to the denial and there are other towers would be in similar situation to reopen.

CHAIRPERSON CARTER: All right. Thank you.
Commissioners?
COMMISSIONER SANDERS: Through the Chair. CHAIRPERSON CARTER: Commissioner Sanders? COMMISSIONER SANDERS: One minute. I would go on the recommendation of the two Officers and the Chief, Deputy Chief on not renewing his license. CHAIRPERSON CARTER: His permit? COMMISSIONER SANDERS: His permit. CHAIRPERSON CARTER: Is there a motion? COMMISSIONER SANDERS: Pass a motion. CHAIRPERSON CARTER: Is there support? VICE CHAIR BELL: Support. CHAIRPERSON CARTER: It's been moved and supported that we not renew the permit for this towing company. Is there any discussion? Those in favor?

COMMISSIONERS: Aye.
CHAIRPERSON CARTER: Those opposed? Any
abstentions? The "ays" have it. Thank you.
MR. KOWALSKI: Thank you for your time.
MR. GOVENDER: Good afternoon. John Govender from Red's Towing Service. And I've been towing for the City for a long time. And yesterday I found out that I was taken off the rotation because of nonpayment of administrative fees and when $I$ turned in my application the Treasury Department gave me a clearance and I thought I was all paid up and then when I contacted her I found out that she said that I wasn't on the list so that's why they thought that all my fees were paid.

If I knew that my fees weren't paid I would paid it long before this time, you know, just asking for the opportunity to take care of the fees or -- with the Treasury Department and see if I can get put back on the rotation.

CHAIRPERSON CARTER: Officer Myers, do you want to respond to this at all?

OFFICER MYERS: Yes, ma'am. With the Treasury Department, of course I received the spread sheet, I wish I had it with me. I was here for another meeting and stayed after just for this. With this
spread sheet I have all -- at that time 24 towers and their payments to the Treasury Department for 2015/2016.

Red's Tow had no payments whatsoever for 2015 and all of 2016. We had no information for 2014. And Treasury informed me that they didn't even have Red's Tow on the list for as a City authorized tower. So it was never any payments received from Red's Tow for the administrative fee. And, yes, he was towing for the Police Department.

CHAIRPERSON CARTER: So he was towing for the Police Department but they were not on the list?

OFFICER MYERS: They didn't have him on the list for 2014.

CHAIRPERSON CARTER: Okay.
OFFICER MYERS: 2015, I talked to Treasury and let them know he was on this list and never received any type of payment whatsoever from him.

CHAIRPERSON CARTER: They never received any payment?

OFFICER MYERS: Correct.
CHAIRPERSON CARTER: Okay. Deputy Chief

## Washington?

D.C. WASHINGTON: Celia Washington. Just for clarification, in this instance $I$ would have some
concerns as to why this particular tower was never on the list of authorized towers. I do understand that Officer Myers did reach out to Finance to advise them.

And I had a conversation with this gentleman at our 1:30 meeting. All the towers know that they have to pay the $\$ 75$, that's the City of Detroit's money. This gentleman said that he had some accounting issues, some miscommunications with his accountant and he said that he has proof that he did pay.

Now, if that, in fact, is the case that he did pay these fees and they were misappropriated or put into the wrong account, that's a little bit different from the prior individual.

So if he can provide proof of payment that those fees were made from 2015 to present, then we'll come back before this Board.

CHAIRPERSON CARTER: Okay. Thank you. COMMISSIONER VANN: Madam Chair?

CHAIRPERSON CARTER: Commissioner Vann?
COMMISSIONER VANN: Just for a point of reference, $I$ remember the towing presentation that was given to us and $I$ just want to make sure that I'm clear on administrative fees. The administrative fees are taken by the tower initially with the tower with the responsibility of paying the fees from money that
they've already collected. Am I correct?
CHAIRPERSON CARTER: That's correct.
OFFICER MYERS: You're 100 percent correct.
COMMISSIONER VANN: Meaning that if the tow
is $\$ 100$ and the fee is $\$ 25$ and they keep $\$ 75$
hypothetically, then the tower already has the $\$ 100$ ?
OFFICER MYERS: Correct.
COMMISSIONER VANN: And out of the $\$ 100$ that they have collected from the customer is owed the administrative fees?

OFFICER MYERS: Yes, and I'll just give you amounts. It's $\$ 215.00$ for the tow, $\$ 125.00$ goes to the tow company, $\$ 125, \$ 75$ that's collected by the tow company goes to the City, the other $\$ 15$ is for the first day of storage. They also charged $\$ 15.00$ per day of storage that the vehicle was on the lot.

When that money is collected $\$ 75$ is supposed to go to the City per car. So when they collect this money it should be paid by the 15 th of the next month. COMMISSIONER VANN: Right. So I just wanted to be clear about that. I thought I had the right understanding.

OFFICER MYERS: Yes, you do.
COMMISSIONER VANN: And I just want to make sure that, I mean, that the towing companies are
apprised of what their responsibilities are knowing that when they, when a car leaves their lot they don't allow the car to leave the lot without somebody paying? OFFICER MYERS: Oh, that's correct.

COMMISSIONER VANN: If the car has left the lot, I make the assumption someone has paid, I also make the assumption that whatever is owed to the City they already have it in their coffers.

OFFICER MYERS: Correct.
COMMISSIONER VANN: And they also have their costs, which is not the majority of the money, but they also have the costs that are concerning the tow itself, including the City's money, which as I remember the presentation that you and your Department made you all don't have any power to make them pay other than the agreement that you have with them. In other words, you don't automatically take the money out of what they received.

OFFICER MYERS: No.
COMMISSIONER VANN: It's their responsibility to make sure that they are taking care of the City per tow.

OFFICER MYERS: Yes.
COMMISSIONER VANN: I just wanted to make sure, I mean, and I knew we would have a number of tow
companies coming in after that presentation after we were told just exactly what, you know, you needed to do with some who had not pay paid their fees. And I just wanted to be clear, I want the rest of the Commissioners to be clear this is money that the towers already have.

OFFICER MYERS: Yes, yes.
CHAIRPERSON CARTER: Thank you, Commissioner
Vann for making it clear.
COMMISSIONER SANDERS: Madam Chair?
CHAIRPERSON CARTER: Commissioner Sanders?
COMMISSIONER SANDERS: I'd like to make a motion that Red's Towing --

CHAIRPERSON CARTER: We're going to come back. We going to give them an opportunity to prove that they've made the payments.

COMMISSIONER SANDERS: If not?
CHAIRPERSON CARTER: If not, yes. So we'll give them two weeks, so we'll put it back on the agenda for two weeks from today.

COMMISSIONER CRAWFORD: Be thankful.
MR. GOVENDER: Thank you.
CHAIRPERSON CARTER: Commissioner Crawford,
I'm sorry, did you have something to say?
COMMISSIONER CRAWFORD: Not really. I just
wanted to thank Commissioner Vann for making it plain, making it plain.

CHAIRPERSON CARTER: Thank you. Any other Oral Communications?

MR. TRATT: Good afternoon, Commissioners. CHAIRPERSON CARTER: Good afternoon.

My name is Ian Tratt and $I$ am representing an organization called Children of Confidence. One of our key focuses is to upgrade the communities and just more regular community youth especially in the neighborhoods and --

ATTORNEY BERNARD: Excuse me, Madam Chair. Say his name and who's --

MR. TRATT: Ian Tratt, and Children of Confidence, I'm just out of here in Detroit.

ATTORNEY BERNARD: Thank you.
MR. TRATT: And we mentioned about Operation Ceasefire. I was curious to know if there are any other organization or any initiatives that the City and the Detroit Police Department is either activity collaborating with or interested in seeing more in terms of what the landscape of peace building initiatives throughout different parts of Detroit look like right now? I'm not sure $I$ said that in a clear sentence.

CHAIRPERSON CARTER: Okay. Try it again.
MR. TRATT: Okay. Well, what organizations
or initiatives aside from Operation Ceasefire have been close collaborators with the City of Detroit in helping stabilized neighborhoods and communities or are there any that --

CHAIRPERSON CARTER: Well, the Chief mentioned earlier CITI Camp. I know that he mentioned that.

Are there any others that you know of,
Commander Sims?
COMMANDER SIMS: Youth Summit.
CHAIRPERSON CARTER: Youth Summit.
D.C. WASHINGTON: Madam Chair, we can put him in touch with Commander Bettison.

CHAIRPERSON CARTER: Sounds good. Thank you. MR. TRATT: Thank you.

CHAIRPERSON CARTER: All right. Any other oral communications from the audience? Any other oral communications? Any oral communications?

Is there a motion to adjourn?
COMMISSIONER CRAWFORD: So move.
COMMISSIONER VANN: Supported.
CHAIRPERSON CARTER: It's been moved and supported that we adjourn. Those in favor?
