CHIEF INV. DAVIS-DRAKE: Good 19 afternoon, everyone. For the record, Pamela 20 Davis-Drake, Chief Investigator. 25

in for Chief Craig is our deputy chief Charles

Page 6 Fitzgerald sitting in for Chief Craig. 1 2 Would you introduce any other DPD family? 3 DEPUTY CHIEF FITZGERALD: Absolutely. 4 We have Elaine Miles from Homicide sitting in the 5 back, Capt. Mike Chambers from Professional 6 7 Standards with his head down trying to hide, Lt. 8 Javone Johnson from the Chief's office and Sgt. Joel Hewett from the Chief's office. 9 10 COMMISSIONER BELL: Thank you, thank 11 you. Do you have any -- corporate counsel, Butch Hollowell is in attendance. Good to see you this 12 13 afternoon, sir. 14 MR. HOLLOWELL: Thank you, Mr. Chairman, always a pleasure. 15 16 COMMISSIONER BELL: Thank you. Do we 17 have any elected officials or organization 18 representatives in the audience? 19 Yes, sir. 20 MR. DAVIS: William Davis, president of National Action Network. 21 22 COMMISSIONER BELL: Thank you. Any It's good to see all of you this 23 others? afternoon attending our meeting. It's good to be 24 on the inside because I think it was raining on

Page 7 the outside. We're going to move forward. 1 2 We have a business matter that we need to attend to, but what I'd like to do, do we have 3 any -- moving up on the agenda if the Board would 4 be so kind for audience participation at this 5 6 time. 7 Do we have anyone here to speak to the 8 Board of Police Commissioners concerning public 9 safety, you can take the mike at this time. I want to make sure we give you the opportunity. 10 11 I'm sorry, read off the cards, please. 12 MR. BROWN: Peter Rhodes. 13 COMMISSIONER BELL: There you go, Peter 14 Rhodes. 15 MR. RHODES: My name is Peter Rhodes, I'm a resident of Detroit. I've been here 16 17 before, it's always good to be back. I was here back in March of 2017 and we had a discussion at 18 19 that time about Detroit Police Department 20 security at Comerica Park and the new Little 21 Caesars Arena. 22 One of the media articles at that time 23 questioned whether the two sports teams were even paying any money for the Detroit Police 24

Department security.

Page 8

Well, I found out that they were paying 1 2 money, but there is no written contract, there's no agreement that's written and I can't quite 3 figure out how that's even done, but the reason 4 that was given to me because of security concerns 5 they don't want a written contract because they 6 don't want a lot of accounting for this money. 7 8 So I tried to come over to address the 9 Board for two minutes and say all city contracts including Detroit Police Department have to be 10 11 approved by Detroit City Council. 12 And the income is always subject to 13 review by the proper accounting and also the 14 auditor general if necessary. 15 And security concerns are always concerns, but they're never an excuse for not 16 17 having a proper written contract and not having a 18 proper system of accounting. So I'm going to 19 suggest that a week from today Thursday, June 22, at 3 o'clock according to the Internet grants and 20 contracts will be up on this agenda. 21 22 Now I would suggest that would be a

23

24

25

313-567-8100

good time to address this issue. That would give

the matter, other people enough time to research

the police department enough time to look into

RENAISSANCE hansonreporting.com

Page 9 it and then you could come to a proper conclusion 1 2 a week from today. However, I won't be here because I'm 3 taking my mom out to lunch a week from today and 4 I got a date. If you get to be 94 years old I'll 5 6 out you out to lunch. 7 COMMISSIONER BELL: Thank you, I look 8 forward to that. Why don't we duly note his 9 concerns and we will do the research and get back with you in a timely manner to make sure you are 10 11 aware we place that item on the agenda, is that 12 fair enough? 13 MR. RHODES: That's very fair. 14 COMMISSIONER BELL: Yes, sir. 15 COMMISSIONER CRAWFORD: Also through the Chair, also too you talked -- attorney, you 16 17 talked about a contract. I don't know if that's 18 -- and we'll find that out -- through secondary 19 employment via DPD, Detroit Police Department or 20 what. 21 I do know that Wayne County has some 22 sort of contract now if you want to call it that. 23 That was due to the fact that they wanted to try to get the deputies to do that and we voted that 24 down, so it was supposed to -- and they're still

Page 10 doing something in terms of that, but it's a 1 2 separate piece through Wayne County Sheriff's Department, so thank you. 3 COMMISSIONER BELL: Mr. Rhodes, 4 specifically you can contact our secretary, 5 Mr. Hicks, and make sure that we're clear on what 6 7 you're seeking for to us to investigate, is fat 8 appropriate? 9 MR. RHODES: Yes, sir. COMMISSIONER BELL: I want to 10 11 acknowledge Chief Craig for his attendance this 12 afternoon. Mr. Brown. 13 MR. BROWN: Yes, our next speaker is 14 Mr. William Davis. 15 MR. DAVIS: Good afternoon. As previously stated I'm the president of Detroit 16 17 Chapter of National Action Network and I'm also 18 president of the Detroit Active Retired Employees 19 Association, and through those meetings two 20 different large groups it's comes to my attention that I'd like to pass on this information. 21 22 A number of our members that live along the border areas of Detroit are concerned about 23 24 the fact that there seems to be more and more

25

suburban police officers stationary inside the

Page 11

Detroit border that's like, say, almost like doing a little speed traps where they might be waiting along Eight Mile at different places where they actually -- not like they're following somebody to give them a ticket, but they stationary like sitting up speed traps inside the city of Detroit and ticketing Detroit residents.

And we also have people that watch different courts and you go in a lot of suburban communities around Detroit, most of the people in those courts are black people from the city of Detroit.

So I think we have a concern about the fact that there's a number of police departments that sitting up shop writing tickets in the city of Detroit for our people that I can understand if they're on the border and they see somebody doing something, but they should not be inside the city of Detroit parked stationary to catch people speeding or whatever. That's my comments.

COMMISSIONER BELL: And we raised that issue a week ago or two weeks ago. In fact, we are looking into that particular matter and if you have any specific you can contact our Board Secretary Mr. Hicks. I think AC White, Assistant

Page 12 Chief White responded that if you have any 1 2 specific date and time and then we would -- they would look at it further, but we are aware of 3 that concern in reference to Eight Mile Road and 4 Mack Avenue, so we're duly aware of the concerns 5 of these outside agencies --6 7 MR. DAVIS: And on Tireman. 8 COMMISSIONER BELL: And Tireman, 9 anywhere there's a border, so we will make sure that we do due diligence to try to respond back 10 11 to you and any others who raise that issue 12 because we all are concerned about that 13 particular matter. 14 COMMISSIONER MALLETT: If I might, 15 Mr. Davis, we also have discussed at this Board 16 the inordinate amount on fees imposed, 17 particularly on those persons who really can't 18 afford them. One of the chief obstacles, 19 Mr. Chairman, for a person getting a job is owing 20 either a municipal, state or federal government It is a hinderance particularly for those 21 money.

25 And so it's a very very complicated

persons as the Chief well knows coming out of

prison. These matters don't go away just because

22

23

24

you did.

Page 13

1	issue, financing and I think we had this
2	discussion, but there was a bill introduced by a
3	couple of democratic legislators who at least
4	wanted to do an examination of the entire fee
5	structure to determine whether or not they were
6	equitable in the first place.
7	So it is something, Mr. Davis, we are
8	aware of and see the issue more broadly than just
9	the speed trap, but understand the broad impact
10	that the entire fee structure has on the ability
11	of citizens particularly trying to return to
12	everyday life to figure out how to get a new
13	start, so it's something that we're paying
14	attention to.
15	COMMISSIONER CRAWFORD: Through the
16	Chair, to further expound on that and
17	Commissioner Mallett is absolutely correct, but,
18	Mr. Davis, if you would as stated earlier bring,
19	I guess, get all the locations, but also too you
20	talked about the National Action Network
21	monitoring the courts, find out those if you
22	have sent people to the courts, traffic courts in
23	some of those suburban communities that you're
24	talking about, that's very effective.

25

I did it back in the '90s with

Page 14 Eastpointe and not only did I look at the 1 2 population and the diversity or lack thereof of the population in Eastpointe, but also too sat on 3 Mondays in those courts and just sat in the back 4 and documented the number of folks, even the 5 locations where they were ticketed at, but I will 6 say that the fines in those suburban courts are 7 8 much much higher than the 36th District Court. 9 They were back then and I'm sure they haven't 10 changed. So I mean for the same traffic 11 12 offenses, so -- and that was a for or less a pay 13 or you stay in jail, so thank you. 14 COMMISSIONER BELL: Thank you, 15 Commissioner Mallett, Commissioner Crawford. this time --16 17 One more, Mr. Chair. MR. BROWN: 18 COMMISSIONER BELL: One more, I'm 19 sorry. 20 MR. BROWN: Clifford Williams. MR. WILLIAMS: Good afternoon. 21 I would 22 like to ask a question why is it taking so long to keep these drug houses closed after they've 23 24 been busted?

CHIEF CRAIG:

Through the Chair, when

Page 15 you say "close", you mean after they reopen? 1 2 MR. WILLIAMS: They have reopened. 3 CHIEF CRAIG: And we're aware of some that have reopened and we go back and do an 4 investigation again. The process is we notify 5 the landlord and the whole idea and intent is to 6 7 actually take the house and we have Butch 8 Hollowell here, I don't know if you want to 9 expound any more on the process that we use. We haven't done a lot of them, but the 10 11 idea is we are aware some houses are closed and 12 they reopen. 13 MR. WILLIAMS: Well, this house has 14 been busted three times and they just been busted 15 within the last month or so according to the 224-dope because they know we very well, they 16 17 know my voice by heart. 18 CHIEF CRAIG: Is it on the west or east 19 side? 20 MR. WILLIAMS: Southwest Detroit, 21 Delray area. 22 CHIEF CRAIG: So Deputy Chief Fitzgerald is here. What I'd like him to do --23 24 MR. WILLIAMS: I got three houses that

-- I mean, they're just

Page 16 CHIEF CRAIG: Right. 1 2 MR. WILLIAMS: I had to throw my wife out because of the one house because it's an 3 opiate house. I threw my wife out in April and 4 other houses, the one house, they sell just about 5 everything. The house across from me, they're 6 7 selling cocaine right now, so --8 CHIEF CRAIG: Okay, Deputy Chief 9 Fitzgerald who has that side of town, he'll take the information and we'll see what the status is. 10 MR. WILLIAMS: I'm just curious 11 12 because, you know, one house that I'm talking 13 about mainly, that's been busted three times. The owner of the house is a seller and back when 14 15 Mayor Duggan was prosecutor he sent out letters saying there was -- they would forfeit the house 16 17 right away. 18 CHIEF CRAIG: We have a process in 19 place now to do that, so I can't speak to that, I 20 don't know which house, but Deputy Chief Fitzgerald will look into it, get back to you and 21 22 if we need to go in and open up another 23 investigation. 24 MR. WILLIAMS: I call every week.

CHIEF CRAIG:

I'm glad you do.

Page 17 1 MR. WILLIAMS: There's shootings. I 2 mean, it's not where we live, it's how we live and that's the main -- I mean, my grandkids -- my 3 son won't let my grandkids come down, spend the 4 night because of this. 5 6 CHIEF CRAIG: Okay. 7 MR. WILLIAMS: And it's sickening. 8 CHIEF CRAIG: You may know the 9 location, I don't want you to do it here in public, but if you talk to him in private. 10 11 MR. WILLIAMS: We can go outside and 12 talk. Thank you very much, have a blessed day. 13 COMMISSIONER BELL: Thank you, sir. 14 MR. HOLLOWELL: Melvin Butch Hollowell, corporation counsel, through the Chair. 15 You're quite right, after the second 16 17 bust we have the ability to forfeit the house and 18 we can buttress that by court order if necessary 19 on a residence, and so if we do have the address we'll work with you and we will ask the chief 20 judge for an order of closure where we get the 21 22 house forfeited, padlocked and secured. CHIEF CRAIG: That I think what would 23 24 help you, sir, is that we'll communicate with

25

them in real time as to where we are with these

Page 18 1 individual cases. 2 I appreciate it, it's MR. WILLIAMS: 3 just getting sickening. CHIEF CRAIG: Absolutely, I understand. 4 MR. WILLIAMS: I'm too old for this any 5 6 more. 7 CHIEF CRAIG: Thank you. 8 MR. HOLLOWELL: Thank you, sir, thank 9 you, Mr. Chair. 10 COMMISSIONER BELL: Thank you. I was 11 going to entertain a motion to go into a closed 12 session, but I want to make sure that the public 13 have an opportunity to receive the update 14 reference to the issue of dealing with marijuana, so I would like to have the Board yield to give 15 them that opportunity before we break for the 16 closed session. I don't want someone to leave 17 18 and not hear that update and might perhaps not 19 stay or come back, so would that person come 20 forward that's going to address the medical 21 marijuana update, thank you. 22 MS. PHILSON: Well, good afternoon, my 23 name is Jada Philson. I'm the zoning manager for 24 the Building Department.

MS. MOSLIMANI: Hello, everyone.

My

Page 19 name is Megan Moslimani, I'm an attorney in the 1 2 Law Department. MS. PHILSON: Currently the numbers 3 that we have, we have alleged locations are 273 4 within the city. In the process right now are 5 73, open and operating are 69. These numbers are 6 7 fluid, so they change all the time. 8 MS. MOSLIMANI: Let me explain kind of 9 what she said so you guys understand what's going So when she says "alleged locations", that 10 11 counting from the beginning when we first started 12 serving illegal medical marijuana centers in this 13 city, so that means after years of them not being 14 looked at, just being able to open up on their own, not needing any zoning or anything like that 15 or not following the law, the inspectors in BSEED 16 17 did a survey --18 (COMMISSIONER BURTON ARRIVES.) 19 MS. MOSLIMANI: -- they identified 20 around that many locations that could be seen as maybe had some signage, maybe somebody reported 21 22 it, so that alleged location number sounds really 23 big and scary, but we're not there any more. 24 The 69 that she identified that are in

25

the approval process and open, those ones were

Page 20

1	already operating before the ordinance was
2	enacted, and at that point because they were
3	operating before the ordinance was enacted and
4	they applied during our month that we give them
5	to apply, then they were allowed to stay open as
6	a privilege in the city pending the approval of a
7	license application.
8	We also have I think what are we at
9	now maybe 70 or 67, so then we have about 67
10	in the approval process, but they're not allowed
11	to remain open because they either didn't apply
12	during that 30-day period or they weren't open
13	before the ordinance was enacted.
14	So you're looking if you add those
15	numbers together around 130 that are going
16	through the Board of Zoning Appeals process and
17	waiting for their turn in line to be heard.
18	We also have five that have been
19	licenced.
20	MS. PHILSON: So, as she said, we do
21	have a lot of them are being held up in the Board
22	of Zoning Appeals process, so that's a timely
23	process. So far with building permit status 20
24	have applied with our department.

25

So far we have only issued three C of

Page 21 O's, so it's taken a little longer than expected, 1 2 but they're moving through the process. eventually get these through the process and some 3 will remain open and some will now. 4 5 MS. MOSLIMANI: And then some of the reasons that some haven't been granted a 6 7 certificate of occupancy or haven't been granted 8 other certificates if they've been granted a 9 license or vice-versa is because the building that they're in may need some work, the building 10 11 might have some things that have been identified 12 by an inspector on a correction order that we say 13 we need to do to make this building safe for 14 people to come in and out of. 15 So sometimes issues like that hold up whether or not they would be licensed. 16 17 that you guys all received this presentation when 18 corporate counsel Mr. Hollowell give a 19 presentation to you, so the presentation hasn't 20 changed. We're kind of in the same since a few 21 22 weeks ago when he gave that presentation. What I 23 will say is we're working now very actively on addressing the new laws that were passed and that 24 will take effect in December of this year.

Page 22 So we have a team working on writing 1 2 ordinances that will parallel the state laws that were passed and they're actively working on 3 those. 4 5 We hope to eventually opt into those laws and have ordinances for the city to be 6 7 passed. 8 COMMISSIONER BELL: Thank you. Commissioner Mallett? 9 COMMISSIONER MALLETT: Yeah, that was 10 11 going to be my question. So that there's a new 12 state structure now? 13 MR. MOSLIMANI: Right. COMMISSIONER MALLETT: And that will 14 15 supercede the Detroit ordinances? 16 MS. MOSLIMANI: I wouldn't necessarily 17 say supercede. There's nothing wrong with the 18 ordinances that we have today in effect. We were 19 very proactive when those ordinances were written 20 and we actually addressed things that weren't even addressed in the Medical Marijuana Act for 21 22 the state of Michigan, so we were proactive. Out city is ahead of other cities trying to do the 23 same thing. We had an ordinance before many 24

25

other cities did. We opted into that situation

Page 23 before other cities did and we also carved out a 1 2 narrow exception for medical marijuana caregiver centers which other cities did not do. 3 So we're on the right track. Our 4 ordinance won't be superceded or considered null 5 or void or even changed really. We'll be adding 6 7 to it and adding so that we parallel what's 8 happening at the state level just so that we have 9 our own ordinances on the books as well. But I don't see it affecting what we're 10 I don't know if you want to add anything 11 doing. 12 to that. I don't see it affecting anything that 13 we're doing or changing the structure that we've 14 put in place in the city. 15 COMMISSIONER MALLETT: Will the state laws inhibit the number of locations further? 16 17 MR. HOLLOWELL: Through the chair, 18 thank you, Commissioner Mallett and thank you 19 Megan Moslimani for always doing a great job in 20 this area. 21 So I would -- to respond to that, the 22 Detroit ordinance is complementary to the state 23 statute. It clarified a couple of things that 24 weren't clear.

Number 1 is a dispensary lawful or not

Page 24 lawful and they said it is lawful. Number 2, are 1 2 "edibles" authorized under the act or are they not and they are authorized. 3 With those two exceptions as well as 4 some additional language it's fully 5 complementary. We found that not only other 6 cities across Michigan, but other -- I've talked 7 to corporation counsel in other states as well 8 9 who have been mired in litigation and the protocols that we've put in place have enables us 10 11 to be successful 100 percent of the time. 12 Going to a question that was raised 13 when I did my last presentation, Commissioner 14 Vann, so while we're going through this process we continue the enforcement effort, very vigorous 15 enforcement effort with a neighborhood police 16 17 officer partnering with the Building Safety & 18 Engineering official and we have been able to go 19 and close a number of those through 20 administrative proceedings. 21 Ones you've gone through the Board of 22 Zoning Appeals -- or, I'm sorry, the Building, 23 Safety & Engineering you have an appeal as of right to the Board of Zoning Appeals. 24

25

So far, once -- and if you get denied

Page 25

there you can appeal to the Circuit Court. We haven't lost one of those cases in the Circuit Courts.

So we're enforcing on the one end to try to shut down the illegal operations and we are processing on the other end for those who have chosen to get in line and try to follow our ordinance.

And as I said to this honorable commission last time I was before it, we are aware that the "legalization" of marijuana may very well be on the ballot next year, so we're prepared for whatever happened if it passes or if it doesn't pass.

The other thing is the commission I'm sure has taken note of Attorney General Jeff
Sessions's comments at the Justice Department
relative to potential enforcement as it relates
to Schedule 1 drugs. Now, marijuana, even though
it is lawful in Michigan as for medicinal
purposes under specified conditions such as for
the treatment of HIV/AIDS or glaucoma or the
like, it is still a Schedule 1 drug which means
that, for example, for purposes of the Drug-Free
Zone Act going back to Congress in 1970, that's

Page 26 why we carved out that exception saying you can't 1 2 have an medical marijuana facility within 1,000 feet of a school because that's prescribed under 3 federal law. 4 5 We are in contact with the Justice Department as it relates to how they will enforce 6 7 that or what actions, if any, they will take in 8 Detroit, but that's all part of the evolving 9 nature of the laws that we're confronted with and we'll continue to go on the path we're going on. 10 11 (COMMISSIONER CARTER ARRIVES). 12 COMMISSIONER CRAWFORD: Through the 13 Chair; last year when this process all started 14 Commissioner Mallett and I had questions as to 15 the number of dispensaries that perhaps would be in Detroit and we were asking whether there's 16 17 going to be 100 or 300 so I'm glad to hear I 18 guess there may be, I guess, 70. 19 MR. HOLLOWELL: Five have been approved 20 as of today, and the city has room for approximately 50, so we have maps in our office 21 22 which show a circumference of 1,000 feet and you plug those into areas that have other controlled 23 uses or churches or parks or schools and once you 24

25

do all that and you look at the map, we have room

Page 27 for about 50 in the city. It's not a hard cap, 1 2 but based upon the mapping, that's probably what would be allowed. 3 COMMISSIONER CRAWFORD: And I still 4 think that we will be the capital in the state of 5 6 Michigan of marijuana dispensaries, the city of Detroit would be. I don't think there will be 7 8 any other city in the state with 50 or more. 9 MR. HOLLOWELL: I can't speak to that. I can say that they have -- they have a number in 10 11 Grand Rapids, a number in other cities, 12 Ypsilanti, Traverse City, and so we talk, that is 13 the lawyers for those cities and I, we talk about 14 the numbers that are there. We keep a close eye on it, we work cooperatively with DPD and BSEED 15 and Buildings Department on that and so we'll 16 17 just keep enforcing. 18 COMMISSIONER CRAWFORD: Yes, sir and I 19 will call you if I find -- do a little research and find there's a city with 50 or more in the 20 21 state of Michigan. 22 MR. HOLLOWELL: Yes, sir. 23 COMMISSIONER VANN: Mr. Chair, I don't mean to be redundant, but I'd just -- I think 24

25

it's important that the ordinance, the 2008

Page 28 ordinance, right, specifically is designed for 1 2 persons suffering from glaucoma, cancer and AIDS, is that correct? 3 That's correct. 4 MR. HOLLOWELL: 5 COMMISSIONER VANN: So you can't tell 6 me that people in Detroit are the only ones that 7 got glaucoma, AIDS and cancer. Why the 8 proliferation of these dispensaries in Detroit? 9 I mean, I remember many years ago as we all recall we talked about the proliferation of 10 11 liquor stores in Detroit as opposed to suburban 12 locations. It's just doesn't add up at all and 13 if we say that 50 is the goal and yet we're still 14 approving them, I don't know how realistic that 15 qoal is. And I'm not blaming the Law Department 16 17 because you have the legal piece of this which is 18 -- but there is a much deeper piece of this that 19 goes beyond legal for me. 20 In my district and my neighborhood these establishments are proliferating and I 21 22 don't know if they're licensed or not because 23 they're allowed to proliferate without licensing 24 with pending licences.

25

I don't know any other enterprise that

Page 29 is regulated that's allowed to do so. 1 So I quess 2 I'm just having some -- I think it causes confusion as well for the continued inconsistency 3 in the law, whether it's federal, state, local. 4 As has said, it's still a Schedule 1 5 drug, there's got to be clarity there. I mean, 6 7 our young people are confused. Many of them are using marijuana and wondering why they can't get 8 9 a job when there's a dispensary on every corner. It's a confusing thing, it's mixed 10 11 signals that we're giving to people in Detroit 12 where I don't see those mixed signals being given 13 in suburban areas. 14 MR. HOLLOWELL: Through the Chair, articulate as always, Commissioner Vann, our 15 obligation is to do what -- is to enforce the 16 laws on both the state level and well as the city 17 18 level although we're very involved in how to shape those laws and how to enforce those laws. 19 You're right, you're right, there are 20 conflicting messages if it's okay for medicinal 21 22 purposes, then why is it that it costs me my job 23 when they do a drug test. 24 As we know, the 2008 citizen initiative

which passed statewide which originally

Page 30

authorized medical marijuana did it for the purposes of, again, the treatment of certain kinds of illnesses. There are consequences to that. They're supposed to -- that is the users are supposed to get a card from the State, from the State Department of Licensing and Regulation indicating that they are a patient in need of that specifically -- those illnesses that are treated under the act.

And I don't think the -- I don't think that some individuals have anticipated what those consequences would be. For my purposes, I think the City Council did a great job and we worked closely with them in terms of putting together an ordinance that is enforceable and it's not got us mired down in the muck like other cities have.

As I said, we're up to five that have been approved. It's a very very rigorous process and we'll continue to enforce, but what you've said is always very spot on. Thank you, Mr. Chair.

COMMISSIONER DEWAELSCHE: Mr. Chair, I have one quick question. On your PowerPoint and the block that you call due process, it's indicated that you're looking at the balance

Page 31

1	between the oversaturation and patients' rights.
2	I guess I would like maybe further
3	clarification on that. Let me just ask this
4	question.
5	Is there something about patients'
6	rights that say we have to have so many medical
7	marijuana facilities in order to provide them
8	their right to access? That would be Number 1.
9	And then Number 2 is well, if you
10	could is there a point where we're not meeting
11	their rights because we don't have enough
12	facilities? Couldn't 10 be meeting patents'
13	rights and wouldn't that be a balance because I
14	agree with Commissioner both commissioners
15	that indicated that we have too many facilities.
16	50 would still be a lot in my opinion. I'm just
17	asking is there a point?
18	MR. HOLLOWELL: Sure. I mean, the
19	analogy is, I guess, if we had that many
20	pediatrician offices, is it apples versus apples
21	that way? That really isn't our inquiry. Our
22	inquiry goes more towards the property rights
23	that attach to the ordinance and whether or not
24	the procedures that we've laid forth are fair to
25	those entities that we've allowed to apply for

Page 32

1	the license. That's the key thing.
2	There's a provision under the State and
3	Federal Constitutions called the due process
4	clause and the procedural due process is the
5	thing that we have to be most concerned about.
6	It doesn't really pivot on the patients' rights
7	so much as it pivots on property rights and the
8	process that the City has laid out and is it
9	fair.
10	So our inquiry stops there. We don't
11	make a judgment one way or another about is it a
12	good thing or is it a bad thing. Our job is to
13	decide whether or not the process works and it's
14	fair to all parties.
15	COMMISSIONER DEWAELSCHE: And then just
16	real quick, another point. Do we know how many
17	patients these 160 something facilities are
18	serving? Do we evaluate that number?
19	MR. HOLLOWELL: We don't.
20	COMMISSIONER DEWAELSCHE: Because that
21	could be an argument. If we're only talking
22	about a few thousand, but we have hundreds of
23	facilities, then we don't need all of these
24	facilities.

MR. HOLLOWELL: So to me that would

Page 33

call for two things. One is if I had that data, which I don't, if I had that data that would go towards asking a legislative body such as the City Council or the State Legislature to say well, shouldn't there be some provision in the law that says that based on the number of patients that you have there should be some kind of a ratio of the number of facilities to the actual number of patients.

There isn't anything in the law as it relates to that today, so that's not something that we could make up. That's -- but that's a relevant question for a legislative body.

The other thing is that there isn't a line that is drawn around the boundary of the city, so it very well could be that you have individuals that live in a different community that would come to a dispensary in Detroit for treatment, and so those numbers wouldn't necessarily be predicated upon the physical boundaries of the city of Detroit, and vice-versa. You could have an individual that is a resident within the city of Detroit that goes to a dispensary in Ferndale which has a number of those.

Page 34 So those are questions for a 1 2 legislative body. In the executive branch as it relates to the Office of the Corporation Counsel 3 we administer those laws. We certainly can weigh 4 in on what kind of standards would likely survive 5 a court challenge in the event that that got 6 7 raised and I would certainly weigh in on that 8 respect. 9 But that it's a question for the legislative body. I'm going to work with the law 10 that we've got to make sure that it's 11 12 administered fairly and enforced properly. 13 COMMISSIONER DEWAELSCHE: Thank you so 14 much. 15 COMMISSIONER BELL: Commissioner 16 Shelby? 17 COMMISSIONER SHELBY: Through the 18 Chair, Mr. Hollowell, could you provide us a list 19 of the locations that have been approved? 20 MR. HOLLOWELL: We can. 21 COMMISSIONER SHELBY: Could you give 22 that to this Board? 23 MR. HOLLOWELL: Of course, through the 24 Chair, of course we can.

COMMISSIONER BELL: Thank you,

Page 35 Mr. Hollowell. I want to acknowledge 1 2 Commissioner Burton joined us about 10 minutes ago and Commissioner Lisa Carter has joined us. 3 So I just want to lift up a couple of 4 items in terms of the Chair reporting out today's 5 meeting before we take a brief recess. 6 7 As a board we want to show our 8 considered support and concern for the two 9 Detroit police officers recently shot, Officer Johnson of the 2nd Precinct and Officer Bentley 10 of the 7th Precinct. 11 12 Officer Johnson was transferred to 13 rehab and I'm pretty sure the chief is going to 14 give us an update in terms of rehab. And also 15 Officer Bentley is now discharged and he's at home recovering. 16 17 CHIEF CRAIG: Yes. 18 COMMISSIONER BELL: And we're thankful 19 for that as we continue to lift them up each and 20 every day in terms of complete recovery. And per a request of Commissioner 21 22 Richard Shelby, the staff has researched and drafted a resolution on House Bill 4416 through 23 24 4419 and general house bill 4416 and 4419

25

eliminates most if not all of the restrictions to

Page 36 carry a dangerous weapon in Michigan, laid an 1 2 agenda under resolution Ms. Melody White has said the policy would be at the pleasure of the Board 3 to summarize those two bills, so we're looking 4 forward to that type of dialog. 5 I would seek a formal approval of the 6 draft resolution at this time to address that. I 7 8 guess we're doing to do that at a later time in 9 the meeting. And commissioners, we need your 10 11 cooperation for the 2017 annual conference of the 12 National Association of Civilian Oversight in Law Enforcement, NACO. The dates are September 10 13 14 through September 14, 2017. 15 The conference will take place in Spokane, Washington and you have communication on 16 17 that and you need to contact Mr. Brown in terms 18 if you plan on attempting, we need to make arrangements where no one will be left out in 19 20 terms of hotel arrangements and flight arrangements. We don't want to do this at the 21 22 last minute, so make sure you check your calendar this week and let Mr. Brown know as soon as 23

And I just want to acknowledge about

tomorrow if at all possible.

24

Page 37 our election of youth chair and vice chair. 1 2 There was an article in the Michigan Chronicle highlighting our very own Chair Elect Lisa Carter 3 and our Vice-Chair Eva Dewaelsche. I'm happy to 4 see that type of exposure in the Michigan 5 6 Chronicle and hopefully other newspaper or media 7 in terms of our election of our yearly officers will take effect in July 1 per the Charter. 8 9 And Mr. Evan Stokes -- is Mr. Stokes Okay, Mr. Stokes is president of the 10th 10 11 Precinct Community Relations Committee has called 12 to our attention that the community meeting 13 scheduled for July 10 in the 10th Precinct is not 14 physically in the 10th Precinct. He's already located a suitable alternative meeting space. 15 Therefore, what I'm suggesting to the 16 Board, with the will of the Board we can move our 17 18 meeting to the Boys & Girls Club at 4242 19 Collingwood. 20 So unless the board is in opposition to 21 it, I think by comment consent I see that you 22 receive that.

23 COMMISSIONER MALLETT: Is that on the west side, Mr. Chairman?

COMMISSIONER BELL: Yes, that is on the

Page 38

1	west side.
2	COMMISSIONER MALLETT: Maybe that's why
3	we couldn't find it.
4	COMMISSIONER BELL: That is correct,
5	Commissioner Mallett. I got lost on the west
6	side last week. The 10th Precinct has always
7	accommodated us in terms of that location, I mean
8	hosting a meeting, and we need to make sure that
9	we contact each community relations board in that
10	precinct before we set a date with the commanding
11	officer and making sure we're on the same page
12	because they really represent the community.
13	They meet once a month and I know if
14	throughout the year, but they are engaging and he
15	raises concerns and I indicated we would address
16	that at this meeting, so you have that location,
17	sir, and the date will stay the same.
18	So one other matter, but I'm going to
19	hold that in abeyance. The Chair would entertain
20	a motion to go into closed session, no more than
21	15 minutes to address a legal issue with the
22	corporation counsel.
23	COMMISSIONER MALLETT: So moved.
24	COMMISSIONER DEWAELSCHE: Support.
25	COMMISSIONER RELL: It's been properly

Page 39 moved and supported. Discussion? 1 Those in favor 2 aye? 3 COMMISSIONERS: Aye. COMMISSIONER BELL: Those opposed? 4 Motion carries. So we'll be in that time frame. 5 I'm going to ask the staff and DPD to come back 6 7 when we reconvene, we appreciate your attendance 8 and your presence because we haven't gotten into 9 the meat of the meeting, so we want to have you come back when we reconvene. 10 11 SECRETARY HICKS: Excuse me, Mr. Chair. 12 We're going to utilize the room immediately in 13 the back so we don't have to go across the hall. 14 COMMISSIONER BELL: Okay, thank you. 15 (CLOSED SESSION HELD OFF THE RECORD.) 16 COMMISSIONER BELL: The Chair would 17 entertain a motion to reconvene. 18 COMMISSIONER MALLETT: So moved. 19 COMMISSIONER CARTER: Support. 20 COMMISSIONER BELL: Properly moved and 21 supported. Discussion? Those in favor aye? 22 COMMISSIONERS: Aye. 23 COMMISSIONER BELL: Those opposed? 24 Motion carried, we are back in session. resolution for Lt. Torey, is that still -- okay,

Page 40 I'm looking would someone just read the whereas 1 2 and before be it resolved. COMMISSIONER CARTER: Resolution 3 honoring retiring Lt. David A. Torey. 4 WHEREAS, David A. Torey was appointed 5 6 to the Detroit Police Department on October 1, 7 Upon graduating from the Detroit 8 Metropolitan Police Academy Officer Torey began his career at the 8th Precinct and 9 NOW THEREFORE BE IT RESOLVED that the 10 Detroit Board of Police Commissioners speaking on 11 12 behalf of the citizens of the city of Detroit and the Detroit Police Department award this 13 14 resolution in recognition of the Lt. David 15 Torey's 24 years of dedicated and diligent public service. 16 17 His professionalism, integrity and 18 standard of commitment to the city of Detroit and 19 its citizens merits our highest regards and best wishes for continued success. 20 21 We salute and congratulate you, Lt. 22 David Torey. 23 Move for adoption. 24 COMMISSIONER DEWAELSCHE: Support. 25

COMMISSIONER BELL: Been properly moved

	Page 41
1	and supported. Discussion? Those in favor, aye?
2	COMMISSIONERS: Aye.
3	COMMISSIONER BELL: Opposed? Motion
4	carried.
5	Next item would be Item B resolution to
6	reject House Bill 4416 through 4419.
7	COMMISSIONER SANDERS: So moved.
8	COMMISSIONER DEWAELSCHE: Support.
9	COMMISSIONER BELL: It's been properly
10	moved and supported. Discussion? Those in favor
11	aye.
12	COMMISSIONERS: Aye.
13	COMMISSIONER BELL: Opposed? Motion
14	carries. We have a resolution to cancel the
15	meeting on September 14, 2017 as we the
16	council meeting in the same time frame of last
17	year for the NACO conference and not to meet on
18	that particular date.
19	The Chair will entertain a motion to
20	that effect.
21	COMMISSIONER DEWAELSCHE: So moved.
22	COMMISSIONER MALLETT: Second.
23	COMMISSIONER BELL: Been properly moved

COMMISSIONERS: Aye.

Page 42 1 COMMISSIONER BELL: Those opposed? 2 Motion carries, thank you. COMMISSIONER MALLETT: Mr. Chairman, 3 could I ask on that, for those board members who 4 are attending that a report be given back to 5 6 those of us who are not going so that the public and the commissioners who were unable to attend 7 because I do think it's a presentation, 8 9 Mr. Chairman, that I think --COMMISSIONER BELL: Yes, definite, 10 11 definite. And I have one concern about -- we 12 normally -- and that is community meeting night, 13 right? 14 SECRETARY HICKS: On the 14th? That 15 sounds like that's the second. 16 COMMISSIONER BELL: My recommendation

COMMISSIONER BELL: My recommendation was that we reschedule that community meeting to the next week in September and that would be within that precinct because I don't know if that was a case last year. I think we rescheduled because we don't want to miss the opportunity to have our community meeting which is the most well-attended meeting and give people an opportunity. I can't think of what precinct that, but would you make that adjustment and that

17

18

23

24

Page 43 we would meet, our community meeting would be in 1 2 that time frame and that particular date and we'll notify all concerned parties. 3 Next item would be Chief Craig's 4 5 report. CHIEF CRAIG: Good afternoon. 6 7 going to start, Mr. Chair and Board, thanking all of you for your concern, your prayers and 8 9 thoughts on our two officers. As you've already reported out, Officer 10 11 Bentley was discharged. I had a chance on last 12 Friday to meet with him. He was in good spirits. 13 I thought he was going to be released then, but 14 they held him a while longer because he wasn't able to consume liquids or food at that point, so 15 we're hoping for a speedy recovery. 16 17 I did also go and visit on the same day 18 Officer Johnson who as you pointed out was moved 19 to a rehab location. 20 And he is making very little in the way of improvement, although when I met with him I 21 22 think -- at least I want to believe that when he heard my voice and I touched her hand he did 23 respond. His eye is now starting to track with 24

25

certain sounds, so again I think he has a long

Page 44 road, but we appreciate your prayers on that. 1 2 Also wanted to make note that tomorrow marks my 40th anniversary. I entered into the 3 Detroit Police Academy June 16, 1977. I know 4 many of you --5 COMMISSIONER BELL: What year? 6 7 CHIEF CRAIG: 1977. 8 COMMISSIONER BELL: You were only 18, I 9 recognize that. CHIEF CRAIG: I was 19 years old. 10 11 COMMISSIONER CRAWFORD: It was '77, but 12 I'm a little bit older than you. CHIEF CRAIG: Just a little bit. 13 14 COMMISSIONER CRAWFORD: '77 was a good 15 year. 16 CHIEF CRAIG: It was a good year. 17 And lastly crime is still trending in 18 the right direction. Our violent crime as of 19 today is down -- overall violent crime is down 7 20 percent. Property is down 7 as well as overall Part 1 crime is down 7 percent. 21 22 Homicide which for the first time we're 23 down 8 percent which is good news, non-fatal 24 shootings are still down, so everything is still

25

trending downward, but we're now in the second

	Page 45
1	quarter and that's a good indication of quarter 3
2	and 4.
3	We just have to kind to continue this
4	work. I'll open it up for any questions that any
5	of the Board might have.
6	COMMISSIONER BELL: Commissioners?
7	Well, Chief, I just want to commend you
8	congratulate you on your 40th year of continuous
9	service to law enforcement. That is a milestone
10	and if we would have known that, I would have
11	bakes a cake.
12	CHIEF CRAIG: Well, you know,
13	technically it's tomorrow, so if you're coming to
14	the graduation tomorrow you can bring the cake
15	with you.
16	COMMISSIONER BELL: Okay. Very good,
17	Chief.
18	CHIEF CRAIG: Eva, I think you and I
19	started at the same time.
20	COMMISSIONER DEWAELSCHE: '78, I was
21	just a brief period I've been a commissioner
22	longer, eight years.
23	COMMISSIONER BELL: But that is a
24	milestone on a serious note. We looking forward
25	to your continuation of service to especially

Page 46

1	Detroit PD.
2	CHIEF CRAIG: Thank you, absolutely.
3	COMMISSIONER BELL: As we celebrate
4	tomorrow graduation two classes tomorrow, two
5	classes tomorrow.
6	CHIEF CRAIG: 52 graduates.
7	COMMISSIONER BELL: 52 graduates, that
8	is outstanding because the issue always comes up
9	we don't have enough police officers as you as
10	well know, so that's really a special occasion.
11	I would hope that the commissioners
12	that can make it will attend Second Ebenezer
13	Church tomorrow at 10:30 AM.
14	Bishop Vann is hosting, so if you can
15	make that a ceremony, that would be outstanding.
16	CHIEF CRAIG: Thank you.
17	COMMISSIONER BELL: So as we move on to
18	the next item would be we were able to hear on
19	medical marijuana. Any outstanding ad hoc
20	committee reports at this time?
21	COMMISSIONER SANDERS: Through the
22	Chair, I just wanted to say I went on a
23	ride-along in Precinct 9 and it was pretty good.
24	We still need to get new cars which we're getting
25	them, but it was pretty good.

Page 47 The officers were great. Learned a 1 2 They took good care of me, very good care lot. of me and I really appreciate these ride-alongs 3 as I'll go along because I learn a lot from the 4 officers and what they do out there instead of 5 sitting behind this desk right there and not 6 7 knowing exactly how they are always on the borderline of trouble. 8 9 And they conduct themselves very well in Precinct 9 and I've been doing this for like 10 11 four weeks now and my next one is going to be 12 Precinct 4. I want to keep going until I get all 13 of them. COMMISSIONER BELL: Well, that's great, 14 that's great interaction, so we appreciate you 15 interacting with the officers, especially in the 16 17 scout car and you rode through the 9th Precinct? 18 COMMISSIONER SANDERS: Yes. 19 COMMISSIONER BELL: A week ago you were 20 in the 5th Precinct, so he's covered the east 21 side. Thank you. 22 Mr. Hicks. 23 SECRETARY HICKS: Thank you, Mr. Chair.

24

25

I would just call your attention to the agenda,

there's five items that are listed and, again, I

Page 48 would just point out that these are items that 1 2 are incoming to the organization and therefore they're listed for your information and not on 3 the agenda for any particular action tonight. 4 5 And you can look at those items and they range from simply notification that we 6 7 received at FOIA request, a Green Light update, and in this particular case we received two draft 8 directives rom the Chief's office and so forth. 9 10 So you can see those items in there. 11 Beyond that, Mr. Chair, that covers everything I 12 wanted to cover tonight. 13 COMMISSIONER BELL: Thank you, Mr. 14 Hicks. Any --15 COMMISSIONER VANN: Mr. Chair, I wanted to commend the Chief for the initiative for Green 16 17 Light. To see it continue to grow throughout the 18 city is a really really positive development. 19 And for the recognition that people now 20 have of the Green Light in the community. I don't know exactly what kind of outreach you're 21 22 doing so that they know what that Green Light 23 means, but there are enough Green Lights out there now for people to start talking, start 24

25

asking.

Page 49 And I've been able to tell a whole lot 1 2 of people what they mean because they didn't know and they're excited and I think that as it 3 spreads now just to gas stations, but to other 4 places of business as well I think we're going to 5 really have a much better way from a grass roots 6 7 level of keeping those places safe. 8 CHIEF CRAIG: Through the Chair, 9 Commissioner Vann, I want to thank you for 10 acknowledgment on that. 11 That was a very small idea that --12 looking back to see where it is today I would 13 have never imagined. It has had a tremendous 14 impact, not only on crime, but in neighborhoods. 15 I want to give you a couple of -- just two brief examples that recently happened. 16 17 Since the Green Light started come out, 18 right now as of today we have 170 Green Light 19 locations and we have roughly 65 to 70 in what we 20 call the pipeline. 21 So people are interested, they're 22 intrigued. You know, business districts, the Corktown Business District is going online. So 23 business districts are signing up and so before 24

you know it there will be Green Lights

Page 50

1	everywhere.
2	But recently we had a carjacking
3	incident at a Green Light gas station.
4	Apparently the suspect didn't realize that it was
5	a Green Light and we had not had an incident like
6	that for almost the beginning because once word
7	got out, the suspects made different decisions.
8	But in the instance there was a
9	carjacking incident. Within four hours of that
10	incident after we became aware of it suspect was
11	taken into custody, wanted on several
12	carjackings, so that's some good news.
13	We had an unfortunate tragedy a couple
14	of days ago where an individual, a woman who was
15	in a car, was having an argument with a
16	pedestrian, turned out to be her boyfriend. The
17	argument continued and it went a block or so. At
18	some point she made the wrong decision to hit him
19	with her vehicle which ended in a fatality.
20	Our officers who responded out quickly
21	recognizing they were in a Green Light area, they
22	called into our real time crime center and said
23	pull up the video from the locations, two of the
24	locations where this argument started and where

it ended.

Page 51 They did that -- this is the patrol 1 2 officers -- they could see the argument very clearly there was something going on. And at the 3 second Green Light location -- again this is on 4 the street, to show the power of these 5 high-definition cameras, at the second Green 6 Light location you could actually see her 7 8 striking this man with her car. 9 She was arrested. She left a location and she was arrested within hours of that 10 11 incident. So the Green Light is very effective. 12 A lot of cities are looking at what we're doing 13 here and once we get our new real time crime 14 center online that's when I think we'll really see a change. 15 COMMISSIONER DEWAELSCHE: 16 I would like 17 to add, I was at the press conference when you 18 introduced the Green Light program. I think it 19 would be very beneficial to have another press 20 conference because I don't think the community -because back then we only had a handful --21 22 CHIEF CRAIG: Yes. COMMISSIONER DEWAELSCHE: The number is 23 24 tremendous.

CHIEF CRAIG: I think it's important to

Page 52

get out not only the number, but the success stories because I would tell you what we're starting to see now is that not a lot is occurring in and around Green Light locations and while even though we're showing a slight uptick in carjackings, a lot of them are occurring on residential streets, sometimes at intersections.

And so there was a time when most of them, the majority were occurring in an around gas stations. So it's had an impact on the non-Green Light gas stations because it's not like the suspects go out and do the site survey before committing a crime.

They look for opportunity and then thigh hit, but they're staying away from gas stations and party stores and that's what we want.

And every time we make an arrest, especially within a 24-hour period, it sends a message. In fact, I will also tell you that there was what we call a reverse call-in of young men who were prone to engage in violent behavior and during this little mini call-in I wasn't at that call-in, but I was told that one of the

Page 53 young men who admitted being involved in criminal 1 2 activity said, "I don't know what we're going to do right now. These Green Lights everywhere, 3 where we do what we do?" 4 I mean, he actually said it. I wish I 5 6 had been there is actually hear it, but -- which 7 is good. And certainly to our neighbors out in Oakland County, we're not trying to push crime, 8 9 but not in Detroit, it shouldn't happen here in Detroit. 10 11 COMMISSIONER DEWAELSCHE: You said 12 there were plans to have a press conference, 13 another one? 14 CHIEF CRAIG: Yeah, we've talked about In fact, the Mayor and I have had a 15 it. conversation because these success stories, we 16 17 don't want to see any crime, but when this 18 tragedy involving the hit and run, it was a 19 fatal, and how we use the Green Light technology. You probably remember that fatal 20 accident involving a child on Alter -- you might 21 22 remember, it was Alter and Jefferson probably a 23 year ago where a cab struck a child. And it was in the early hours of the 24

morning and it happened across from a Green Light

Page 54 location. Because of that Green Light we were 1 2 able to track back, it was a cab, we got the cab number and that suspect was taken into custody. 3 So I mean it's -- I've not seen 4 anything like it and this is only the beginning. 5 There's other technologies that we're embedding, 6 7 we're talking about facial recognition, we used 8 some of that. 9 We even see a suspect and literally use facial recognition technology to identify who 10 11 that suspect is. So we are finally entering into 12 where you should be in terms of our crime 13 fighting efforts. 14 COMMISSIONER DEWAELSCHE: Great, thank 15 you. 16 COMMISSIONER BELL: Commissioner 17 Mallett? 18 COMMISSIONER MALLETT: Mr. Chairman, 19 when he was the president of Sinai-Grace 20 Hospital, chief, we tried to support the efforts of some neighborhood block clubs who wanted to 21 22 take computer technology and to put a small camera on the abandoned homes and then have those 23 homes monitored by the president of the block 24

25

club.

Page 55

1 So that -- because at that time with 2 the number that was coming up so quickly houses were being stripped, so on and so forth. 3 It's less of an issue now because most 4 of the houses are in too sorry a state for 5 criminals to be particularly interested in, but 6 7 one of the more vulnerable spots out there remains the parks and recreation facilities some 8 9 of which remain -- we've not been able to open yet, so there are -- it would seem to me there 10 11 would be some city-owned property that would be 12 advantaged by, Number 1, making sure they were 13 secure and then, Number 2, obviously providing 14 information about the particular location. 15 So I would just success to you and to the corporate counsel that the technology on a 16 17 smaller scale with lesser equipment engaging 18 perhaps some of our neighborhood CB patrols and 19 that kind of thing, Chief, I just think there's a 20 way for you to extend this technology out further, involve the neighborhood groups. 21 22 Sinai-Grace couldn't afford to supply the technology to the block clubs then because 23 that was five or six years ago, the technology, 24

25

Mr. Chairman, was expensive. It's much much

Page 56

1	cheaper now and I just maybe that's a way to
2	also bring our CB patrol into the 21st century.
3	CHIEF CRAIG: Through the Chair,
4	Commissioner Mallett, you're absolutely correct.
5	We are having discussions about the expansion of
6	Green Light. There is lots of interest in
7	certain neighborhoods now. I could see a
8	scenario where Sinai-Grace might say well, we're
9	going to invest in the neighboring community and
10	become part of it and so now that we're starting
11	to look at business districts like we're wiring
12	up or in conversations with Corktown, Avenue of
13	Fashion is another area where they're talking
14	about wiring. I know in Southwest Detroit early
15	when we started to really roll out, that business
16	district I can't I think it's Vernor, is it
17	Vernor, where a lot of the they're very
18	interested.
19	And then certainly Palmer Woods is
20	interested in having maybe one of the first Green
21	Light neighborhoods. So endless possibilities.
22	I can see a time coming and, see, what's good
23	about Green Light because of the high definition
24	cameras, you know, when we can used Green Light

25

-- and maybe the crime didn't occur right on the

Page 57 1 property, but it was on a public street adjacent 2 to a Green Light, we can use that and we can track back. 3 And certainly we have analysts that 4 work in there that are doing phenomenal work and 5 the police officers believe in it, so it's 6 7 nothing like it. 8 When ComStat came online, when Bill 9 Bratt introduced it in New York that was the big thing in law enforcement. I believe that Green 10 11 Light is becoming the big thing right now. 12 COMMISSIONER MALLETT: Congratulations. 13 COMMISSIONER CRAWFORD: Through the 14 Chair. Yes, sir, you somewhat, Chief, answered 15 my question in terms of other cities calling Detroit to talk about something that's really 16 17 innovative, so are we getting a bunch of phone 18 calls because I notice, well, historically 19 Detroit, Detroit Police Department, has been innovative in certain areas. This is most 20 21 certainly one of them now today. 22 So if you've not, I'm sure in the 23 future you're going to get many more calls from 24 other cities.

CHIEF CRAIG: Absolutely.

Page 58

1	COMMISSIONER CRAWFORD: Other
2	municipalities and police departments. Also too
3	in terms of Green Light and I realize in the
4	public domain there is this expectation of
5	what isn't expectation of privacy in the public
6	domain. Has there been any perhaps discussion
7	about the mobility of Green Light, certain areas
8	that it can just be moved into the city.
9	Say if it's a particular spot where
10	there's what one might describe it as a hot spot
11	for crime or something like that that occurs?
12	CHIEF CRAIG: Through the Chair, we are
13	looking at some separate camera technologies to
14	deal with illegal dumping in the city of Detroit.
15	We will be talking about that in the form of a
16	press conference.
17	I know the Mayor is committed to that,
18	and, you know, certainly it's no secret that
19	illegal dumping has been a problem here and some
20	of our neighbors from other cities decide Detroit
21	is a good place to dump.
22	So the message will be you dump in
23	Detroit, we're going to find you and when we do,
24	we're going to take your car and you're going to
25	have a hefty fine. And so dumb legally or don't

Page 59 1 dump at all. That's going to be the message. 2 In terms of the portability, the Green Light, there's different technologies. I kind of 3 know where you're going with it. You touched 4 briefly on privacy. I know that the ACLU has 5 raised some issues. 6 7 There's no expectation of privacy in a 8 public domain. I mean, we're on a public street. 9 This is about creating a safe city, so are we more concerned about those committing acts of 10 11 violence or should we be concerned about creating 12 a safe city, and I'm concerned about creating a 13 safe city and doing it legally and ethically. 14 COMMISSIONER BELL: Thank you. 15 Commissioner Shelby? COMMISSIONER SHELBY: A question for 16 17 the Chief. One of the complaints we hear in the 18 neighborhoods a lot of times is they don't see 19 police officers in the neighborhoods. 20 Has any thought been given to the handheld drones to assist the officers in patrol 21 22 operations? 23 Through the Chair, CHIEF CRAIG: 24 there's been some conversations and when I hear

25

people say they don't see officers in the

Page 60

neighborhoods, the first question I always have is do you know your commander, do you know your captain, do you know your NPO.

The NPOs have flexibility. The whole idea behind the NPO program is that they would have a visible police officer that can be on the ground doing the work. And so I always encourage residents if you don't know your NPO, that's part of the problem, and we have -- we just hired 15 new NPOs. We had an NPO meeting on Monday, very encouraging meeting.

One of the things that I left them with is the necessity to not just be locked into a day watch or daylight hours, that things go on off hours. We've been getting some recent complaints, some of the commissioners may have heard, about some activity along Atwater. We have a plan for it.

You know, they've opened up some new residences there, so the new residents are complaining of in that area near Chene Park, you got people that are now trying to use that roadway as a new Belle Isle. They're drag racing, smoking marijuana, and so we're in the process of putting a zero tolerance in that area

Page 61 so that that does not become Belle Isle. 1 2 And so the idea is when we work with our neighborhoods, Neighborhood Watch. 3 mentioned our radio patrol, that's necessary. 4 But the idea is, if that person is 5 complaining, ask them if they're going to the 6 police station or do they know their commander. 7 And if they don't, they should. 8 9 COMMISSIONER BURTON: Through the Chair, one of the things that I find to be very 10 11 useful and I've been sharing with my constituents 12 is what happened to the DPD Connect, that app, 13 and that's a great resource that many of my 14 constituents find to be very helpful and very useful because they can contact their 15 neighborhood police precinct as well at NPO and 16 17 also leave anonymous tips. 18 So I've been pushing that to my 19 constituents, also the non-emergency number which 20 I think a lot of my seniors kind to be very useful which is 267-4600. 21 22 So I just find a lot of different things that DPD has created for us as elected 23 officials to push to our constituents to be very 24

25

careful, so I've just been using those resources

Page 62

1 to share with my constituents.

on, I had mentioned earlier that I had one more matter, but for the sake of time I'm not going to -- I'm just going to casually mention that Commissioner Mallett raised the issue with our Chief Investigator last meeting that he had been reading some of the cases of the high profile officers.

So I received communication from a retired lieutenant and I had him go down to Office of the Chief Investigator. He filed a complaint, but there was involving an active lieutenant and it's going through the retired officers in terms of his demeanor and how could this person function as a lieutenant, you know, and the bottom line is, Chief Investigator pulled his file and it's quite extensive since 2003, about 80 cases.

But basically it's quite involved and you can see -- so I would trying to nip this in the bud with the retired officers community, as you well know is quite extensive, and this person live in Detroit, been in -- well-rounded since 1972.

Page 63

So I would like to have some dialog as
to how do we respond to officers like this who
has extensive background and now he's in the rank
of lieutenant and working a one-man car and so
I'd like to have the Chief, Mr. Hicks and seek
out can we have some further dialog and I won't
take any more time on it, but it really disturbed
me when I look at this type of profile, his
career, and I something and he's leading other
folks, but it was really it wasn't the
procedure, the demeanor, but we are concerned how
we respond to anyone in the community in terms of
a traffic stop.
It was not a felony stop, it was just a

It was not a felony stop, it was just a traffic stop, the debate about procedure, the traffic signs and all that, but it led into, "Well, I'm going to give you a ticket for no registration. You know what to do with it."

So he filed a complaint and from there we would review that. That's neither hear nor there, that's -- but we're just concerned about this officer's extensive record and he's now in the rank of lieutenant, so I will share that with you in terms of after the meeting as far as what precinct and the name, etc that we can --

Page 64 CHIEF CRAIG: Yeah. I was looking for my new professional standards commander. I hope that you had a chance to sit down with him and have a conversation, but that needs to happen. COMMISSIONER BELL: Okay. Thank you. We can get to the bottom of it and I can share that, but you raised that concern and I said let's look at his record because he had already checked and it was true what he indicated, that this has some background because he started making telephone calls as you well know to see what the profile was, so we confirmed it so I can move on to the next item.

Old business? New business?

Announcements, we meet next week on Thursday June
27 at 3 PM, the Public Safety Headquarters right
here at Third. Our next community meeting will
be on July 13 -- correction of the location,
we're going to have it at the Boys & Girls Club
at 4242 Collingwood in Detroit and that's what we
approved at this meeting here. Make your
preparation.

SECRETARY HICKS: Mr. Chair, there is an item corporation counsel has which you can take up either under old or new business, there

Page 65

1	is one item.
2	COMMISSIONER BELL: That would be the
3	next business because we don't have any oral
4	communication or we have already fulfilled that.
5	I'm going to ask Mr. Butch Hollowell, corporation
6	counsel to speak now.
7	MR. HOLLOWELL: Thank you,
8	Mr. Chairman, thank you, Mr. Hicks. I have for
9	the Board's consideration two resolutions and
10	based upon your guidance, what I would suggest is
11	that I would ask for a vote on each of the two
12	resolutions.
13	The first one is based upon the
14	recommendation of corporate counsel the Board of
15	Police Commissioners hereby rescinds the towing
16	permits of Gasper Fiore and Boulevard & Trumbull
17	and its corporate affiliates.
18	COMMISSIONER VANN: So moved,
19	Mr. Chair.
20	COMMISSIONER MALLETT: I was just going
21	to say for the record we identify ourselves. So,
22	Mr. Chairman, Conrad Mallett moves adoption.
23	COMMISSIONER VANN: Supported.
24	COMMISSIONER BELL: It's been properly
25	moved and supported. Discussion? Those in favor

Page 66 1 aye? 2 COMMISSIONERS: Aye. 3 COMMISSIONER BELL: Opposed? Motion carries. 4 5 MR. HOLLOWELL: Thank you, Mr. Chairman. The second resolution that I would 6 7 recommend is the following: Based on the 8 recommendation of corporation counsel the Board 9 of Police Commissioners hereby supports the view 10 that the process for awarding towing permits 11 should be transferred to the City's Office of the 12 Chief Procurement Officer. 13 COMMISSIONER MALLETT: Mr. Chairman, 14 Conrad Mallett supports the resolution. 15 COMMISSIONER SANDERS: Second. 16 COMMISSIONER BELL: Been properly moved 17 and supported. Discussion? Those in favor, aye? 18 COMMISSIONERS: Aye. 19 COMMISSIONER BELL: Opposed? Motion 20 carries. 21 MR. HOLLOWELL: Thank you, Mr. Chair, 22 thank you, Board. 23 COMMISSIONER BELL: Is there any other 24 business before this body at this time? Chair would entertain a motion --

Page 67 COMMISSIONER MALLETT: Move adjournment. COMMISSIONER DEWAELSCHE: Second. COMMISSIONER BELL: Properly moved and supported. Discussion? Those in favor, aye? COMMISSIONERS: Aye. COMMISSIONER BELL: Opposed? Motion carried and thank you for your attendance at this afternoon's meeting. (Proceedings concluded at 4:36 p.m.)
