- 3 COMMISSIONER BELL: Mr. Hicks, do we have a
- 4 quorum?
- 5 MR. HICKS: Yes, we have a quorum.
- 6 Commissioner Brooks has asked for an excused absence and
- 7 Commissioner Carter is also -- has an excused absence.
- 8 COMMISSIONER BELL: We might have excused
- 9 absence from Commissioner Derek Sanders. He might be
- 10 traveling, perhaps. That was an issue of dialogue. I'm
- 11 going to ask the commissioners to approve the agenda for
- 12 this afternoon meeting.
- 13 COMMISSIONER CRAWFORD: So moved.
- 14 COMMISSIONER MOORE: Supported.
- 15 COMMISSIONER BELL: Properly moved and
- 16 supported. Discussion; those in favor aye.
- 17 ALL: Aye.
- 18 COMMISSIONER BELL: Those opposed? Motion
- 19 carry. The next item of business would be approval of
- 20 the minutes from January the 12th.
- 21 COMMISSIONER VANN: I so move, Mr. Chairman.
- 22 COMMISSIONER DEWAELSCHE: Support.
- 23 COMMISSIONER BELL: Properly moved and
- 24 supported. Discussion; those in favor, aye.
- 25 ALL: Aye.

- 1 COMMISSIONER BELL: Those opposed? Motion
- 2 carried. Mr. Hicks, would you introduce the staff for
- 3 the board of police commission, please.
- 4 MR. HICKS: Yes, thank you, Mr. Chair. To
- 5 my immediate right is Robert Brown and Ms. White who's
- 6 our policy section and Ms. Johnson who's of our fiscal
- 7 section and I'm going to come back to Chief Investigator
- 8 Drake. I do want to indicate at this time that Sergeant
- 9 Quinn is handling the recording for the day. Media
- 10 Services is providing the taping for today's meeting and
- 11 Caitlyn Mancini is the court reporter. And I'd then
- 12 like to return to Chief Investigator Drake to introduce
- any of her staff who may be there. I'm getting a wave
- 14 from Ms. Drake so it appears that none of her staff is
- 15 here but as you know sitting in the front row is Chief
- 16 Investigator Drake. Now Mr. Chair, as I indicated you
- 17 do have a quorum.
- 18 COMMISSIONER BELL: Thank you. We have
- 19 people now. Go on Chief Investigator Drake.
- 20 CHIEF INVESTIGATOR DRAKE: Supervising
- 21 Investigator Lawrence Akbar is here with me today.
- 22 COMMISSIONER BELL: Thank you. To my far
- 23 left the chief of police Chief James Craig; good to see
- 24 you this afternoon.
- 25 CHIEF CRAIG: Thank you.

- 1 COMMISSIONER BELL: Could you care to
- 2 introduce any of the staff members of the DPD family.
- 3 CHIEF CRAIG: Yes, actually starting on the
- 4 first row is Deputy Chief Fitzgerald and Assistant Chief
- 5 White. Any other department members please stand and
- 6 introduce yourselves.
- 7 CAPTAIN SERDA: Captain Serda, civil rights.
- 8 SERGEANT HEWITT: Sergeant Gerald Hewitt,
- 9 Office of the Chief.
- 10 UNKOWN SERGEANT: Sergeant Michael
- 11 (inaudible.)

- 15 Stanley, civil rights.
- 16 LIEUTENANT SIMS: Lieutenant William Sims,
- 17 civil rights.
- 18 COMMANDER SIMS: DeShaune Sims, Commander,
- 19 professional standards.
- MS. JONES: Lisa Jones, Professional
- 21 Standards Bureau.
- 22 CHIEF CRAIG: Thank you.
- 23 COMMISSIONER BELL: Thank you, Chief. Do we
- 24 have any elected officials or represented elect
- 25 officials attending our meeting this afternoon? Would

- 1 you see introduce yourself, please.
- 2 MR. DIVERS: Arthur Divers, I'm the liaison
- 3 representative for the Honorable Cushingberry City
- 4 Council District 2.
- 5 COMMISSIONER BELL: Thank you for your
- 6 attendance. Do we have any recognized organization or
- 7 precinct delegates or I see --
- 8 MRS. PANNELL: Detroit Police Citizen
- 9 Academy Sharon Pannell.
- 10 COMMISSIONER BELL: Thank you any others?
- 11 If not I want to extend a warm welcome to all of you in
- 12 attendance. Any members first time here we appreciate
- 13 you coming out for our third meeting of the year. As we
- 14 move on I guess the next item of business would be I
- 15 have a brief report. I just want to say that I quess
- 16 it's appropriate that civil rights is here and on our
- 17 agenda for this meeting. This is post Dr. Martin Luther
- 18 King holiday on Monday and I think it's something that
- 19 some people call it MLK but I give reference to Dr.
- 20 King.
- I just want to state that Dr. King made one
- 22 of his final appearances in Detroit area specifically
- 23 Grosse Pointe and Grosse Pointe south and hit over 2,700
- 24 people there and it was a great deal of concern about
- 25 his appearance and Detroit area especially in Grosse

- 1 Pointe. They had to take out a significant liability
- 2 insurance to guarantee that if anything happened the
- 3 property would be okay. I don't know if you remember
- 4 one of the groups that protest among others that at that
- 5 significant time but Dr. King one of his remarks was
- 6 stated that we should overcome because the arks of the
- 7 moral universe is long but it's bent toward justice.
- 8 And as you well know three weeks later he was shot and
- 9 killed in Memphis, Tennessee but as he was leaving that
- 10 group -- I met a couple people last year that was part
- 11 of the organizing and there was great deal of mixed
- 12 emotion about Dr. King involvement and coming to that
- 13 particular five points but they went ahead and it's one
- of the most of hated crowd that he probably encountered
- 15 in terms if you read his history in terms of involvement
- 16 but he got through that but left a legacy on that
- 17 particular area.
- 18 As we look at this day and age pre Dr. King
- 19 weekend we had the issue about racial issues in this
- 20 Detroit Police Department. I want to say at the outset
- 21 I agree with Chief Craig that that is not the case; it's
- 22 not widespread; it's not a significant issue but it's
- 23 there because people are there are people of color and
- 24 when I started my career in 1971 we had one of the
- 25 largest classes in the history of Detroit Police

- 1 Department at that time. There was 20 black officers in
- 2 my class and it was quite an experience but most of us
- 3 had lifetime experience in terms of jobs, military; we
- 4 was not 18 years old of age so we was veterans.
- 5 And I started my career at Mack and Gratiot
- 6 at 7th precinct and out of all of that I remember the
- 7 stress hearing at Bethel Reverend Charles Butler, I
- 8 attended that; that sort of shaped my awareness too;
- 9 Hancock was there and what I witnessed with the big four
- 10 and other instance of racism so we started a Concern
- 11 Police Officer Equal Justice, C-P-O-E-J, and later on I
- 12 got involved with the Guardians Police Association and I
- 13 became the president and spent ten years.
- 14 And I recall my first conference was in
- 15 Boston, Massachusetts. As you recall that was bustling
- 16 and that was bustling and at the same time they were
- 17 having the world series there and we had black officer
- 18 from all over the country in attendance and I think
- 19 Mayor Kevin White was there and he came before our
- 20 conference the first day he said I know you are police
- 21 officer but I give you forewarning do not go over to
- 22 south Boston; it will not be a good experience. And I
- 23 recall the people were saying well if you want busting,
- 24 why don't you bust your son -- talking about the son
- 25 Kennedy at the time, your son put him on the damn bus;

- 1 that pretty much the dialogue at the time.
- 2 So I think I have seen racism up front in
- 3 the Detroit Police Department coming out of the south
- 4 but I think it's an issue that I met with Chief Craig
- 5 this week it was very rewarding meeting. And I'm
- 6 looking forward to that type of dialogue, understand the
- 7 DPD position on this matter, filing a grievancy but I
- 8 think it's going take dialogue. I think it's going to
- 9 take interaction and we going to be included in the
- 10 process the Board of Police Commission CORE is going to
- 11 be suspended for a period of time. The chief is meeting
- 12 but this is a integrated group and we hope to even talk
- 13 to a retired Officer Bennett and Mark Diaz and all the
- 14 others but this department is 60 to 70 percent black of
- 15 all ranks. When you look at that, that was not the case
- in the '70s, '80s. We have come a long way.
- When Mayor Young initiated affirmative
- 18 action he wanted the balance so every black that was
- 19 promoted white was promoted, females, and all that; it
- 20 was a balanced effort over the years for those who might
- 21 not be aware so it was not a negative. When you talk
- 22 about affirmative action I remember just prior to in the
- 23 ranks of detectives they made all the detectives
- 24 sergeants. That was affirmative action; that was not
- 25 the case in DPD prior to in the '70s under Coleman A.

- 1 Young but he made all the detectives prior to so I don't
- 2 know how the history but the personnel directive Gail
- 3 Oxendine give us a breakdown of this department every
- 4 month.
- 5 I would hope that if any black officer or
- 6 white officer or female officer have any concerns do not
- 7 be silent please come forward. You can talk and
- 8 interact, I think the Chief but more important we have
- 9 11 commissioners here, we have a board secretary you can
- 10 contact us 24/7. If you have any concerns, please do
- 11 not be silent but we need facts. You should not be
- 12 intimidated with the department that reflects this
- 13 community. We are concerned but I think we can move
- 14 forward. That would be in the spirit of Dr. King in
- 15 terms of the movement that we should be initiating and
- should be concerned about people of all races. So we
- 17 are concerned.
- 18 I think when we look at what's happening
- 19 throughout other cities, other countries there's an
- 20 issue involved. We know what's happening in D.C. next
- 21 week -- I mean this week but that's not the bottom line.
- 22 America is great. I heard -- listen carefully to
- 23 President Obama farewell speech. He's going to respond
- 24 as a citizen; we should do the same. You have any
- 25 concern exercise your due right. This is not a

- 1 dictatorship; this is democracy at work and this
- 2 department and this city and this country so I just want
- 3 to share that with you that we take these concerns
- 4 seriously but let's not blow them out of proportion in
- 5 terms of reality or what we're dealing with and so
- 6 that's what we looking forward getting to the bottom of
- 7 it.
- 8 So I just want to close by thanking you and
- 9 share that with others in terms of citizen, DPD members,
- 10 organization, who so ever make them aware that we are
- 11 concerned but I don't think racism is at the top of the
- 12 scale from my experience. I think these commissioners
- 13 have been around this city and all the departments; we
- 14 are returning commissioners so but we are here to
- 15 address any those concerns so thank you for your
- 16 attendance and now I'm going to ask Chief Craig to --
- 17 you have the mic, sir.
- 18 CHIEF CRAIG: Thank you, Mr. Chair and Board
- 19 of Commissioners. As Chairman Bell pointed out
- 20 certainly very encouraged my meeting I do look forward
- 21 to continued dialogue and I think that's the way
- 22 business should be done. I support what this board
- 23 represents. I've come up in pleasing now up for almost
- 24 40 years. Oversight is the norm for me. It wasn't
- 25 until I went to some of the smaller municipalities after

- 1 leaving Los Angeles and things were somewhat different.
- 2 But I am encouraged.
- 3 As you know as it's been pointed out DPOA
- 4 did file a grievance. I put a hold on CORE and I want
- 5 to emphasize a hold on it not to eliminate. I believe
- 6 in CORE as you all know now that the idea came to
- 7 address what Ms. Oxendine and I saw as well as the
- 8 executive team an increase in EEO complaints. And I
- 9 thought it would be a great opportunity to get the
- 10 temperature if you will of what's going on and for the
- 11 most part it worked. In fact there were some things
- 12 that we reported out last week and it worked out very
- 13 well and I am still encouraged.
- I am meeting with the CORE committee I think
- it's either tomorrow or Monday I have to check my
- 16 schedule but I'm going to talk about and ask what should
- 17 the new CORE look like. I mean in terms of building and
- 18 safeguards. Clearly as this board reflected and said
- 19 yes, it should be a standing committee in my
- 20 conversation with Chairman Bell we talked about putting
- 21 together an NOP which we would present to you the board
- 22 for your evaluation and then we'll move forward. We
- 23 want to move quickly 'cause we don't want to hold off
- 24 the work that CORE is doing but we just want to make
- 25 sure the appropriate safeguards are put in place.

- 1 I took to heart what Commissioner Mallett
- 2 you brought up the issues of written documents and
- 3 certainly FOIA that's very important. The whole intent
- 4 and idea was that we would give verbal briefings as
- 5 reported out last week. At one point during the
- 6 briefings the cochairs both reported out some issues in
- 7 the communications division which we responded to with
- 8 an environmental audit and we have taken some actions
- 9 from that.
- 10 So going forward we certainly want to make
- 11 sure you involved in what we're doing along those lines
- 12 and I'll take any questions on that but also as it
- 13 relates to the budget I know that we're meeting with
- 14 Mr. Hicks I believe that's tomorrow or is it Monday? I
- 15 think it's Monday.
- MR. HICKS: Excuse me, Mr. Chair through the
- 17 chair we have a request into your office for Tuesday or
- 18 Wednesday and the expectation at that would be meeting
- 19 with the leadership of the commission and the budget
- 20 committee along with staff so we would -- essentially we
- 21 were asked by our budget committee to arrange a meeting
- 22 with you directly so that we would give you the findings
- 23 as from our vantage point so that you would quite
- 24 frankly not be blind sided.
- 25 CHIEF CRAIG: Understand.

- 1 MR. HICKS: And we're still waiting to hear 2 specially however a date -- of those two dates a time for that meeting which we also would be amenable to an 3 evening exchange if that helps your schedule as well. 4 5 CHIEF CRAIG: Yeah, I think they've already 6 isolated time; I just don't have it in front of me but one of the things I have asked to be done we have not 7 8 and certainly Lisa is here she can support this, this 9 disparity with the numbers because of this software 10 issue still exist. I'm more and more concerned now 11 because it's been too long. We got a call out to Mr. Hill; I would like Mr. Hill to come to that meeting 12 13 as well because I need to understand from him what is 14 going on. 15 Now at the Mayor's weekly meeting some of 16 the departments reported that they're not having any 17 problems. And if that's case why are we still having 18 problems? You can't make a decision if you don't have 19 the right numbers and then we can't report out if we 20 don't have the right numbers. So I'm very concerned and 2.1 I really want Mr. Hill at that meeting so that he can 22 explain to us both of us the issues. Because it seems
- 24 couple weeks, same issue. I mean is it going to get

to me, we've been reporting out to you now for the last

25 fixed? I mean it just makes no sense.

23

- 1 One staff member there reported that -- was
- 2 being reported there's more money in the budget than
- 3 what's being reported. I need to know with certainty
- 4 what's there so we can operate effectively. So at this
- 5 point I'll take any questions anyone may have.
- 6 COMMISSIONER BELL: Commissioners?
- 7 COMMISSIONER CRAWFORD: I don't have any
- 8 questions I have a statement and then later on I'll
- 9 expound on that grievance piece on policies and when
- 10 it's appropriate.
- 11 COMMISSIONER BELL: Under new business that
- 12 will be fine.
- 13 COMMISSIONER CRAWFORD: Yes, sir, that will
- 14 be fine but on the issue of CORE committee as I stated
- 15 from the very beginning, Chief, and I commend you for
- 16 starting CORE I just had an issue with one of the
- 17 cochairs so to speak.
- 18 CHIEF CRAIG: I understand.
- 19 COMMISSIONER CRAWFORD: You know what's all
- 20 been said at the media, what's all been said at the
- 21 table is that in terms of what allegedly components, the
- 22 alleged components, were in terms of segregation and
- 23 discrimination and all white units in DPD slash racism.
- 24 And then it was stated that it was just rumor innuendo
- 25 and perception. There has been no investigation into

- 1 the allegations that were brought forth by CORE so I
- 2 just often wondered how one could call them rumors if
- 3 there has been no investigation and perception.
- 4 Also too historically black police officers
- 5 have never went to the union in the history of DPOA that
- 6 I can recall and filed complaints about racism,
- 7 discrimination or segregation. Always and this will
- 8 bear true and today they field EEOC complaints;
- 9 Commissioner Chair Bell will I know remember this we
- 10 often went to, and I say we, to the NAACP. Outside of
- 11 that even today there are those who still may have
- 12 reached out to, and I know for a fact did reach out to
- 13 the Detroit Coalition Against Police Brutality because
- 14 the late Ron Scott told me that within the last couple
- 15 years and he didn't elaborate but he just said we've had
- 16 a few black officers come to their organization and talk
- 17 about racism in Detroit Police Department.
- 18 Having said that there's -- I just take
- 19 issue particularly with the DPOA too and I'll expound on
- 20 that later because like as I said we never went to the
- 21 union. I vote from protest to policy. That's why I sit
- 22 here. Or one of the reasons why I sit here because I
- 23 was one of the ones that held a number of protests
- 24 against the DPOA which by the way that so called diverse
- 25 union President Diaz stated last week is -- reflects the

- 1 direction and the protest from the black officers within
- 2 the DPOA. So he has benefitted from and the union has
- 3 benefitted from that protest. He wasn't there. It's
- 4 something we activists nearly always ask when people
- 5 complain is where were you when. Where were you when.
- 6 And the Guardians Commissioner Bell is part
- 7 of the Guardians. What occurred I do know for a fact
- 8 and I was a part of that lawsuit during the layoffs and
- 9 chief you were laid off too during the layoffs in late
- 10 '79, '80 where there were 1,100 African Americans laid
- off or people of color and women; the layoffs of 1,100
- 12 which represented African American people of color,
- women it was 800 that virtually destroyed the
- 14 affirmative action program. The DPOA in essence fought
- 15 against which is -- this represents their history; they
- 16 fight against -- they fought against affirmative action
- 17 and promotions also too. And even in the issue that we
- 18 took of was the Guardians and also Detroit African
- 19 American Police Association that I was one of the
- 20 cofounders of a number of issues but the DPOA fought
- 21 against the diversity, against segregation and against
- 22 the racism that existed.
- Now we didn't take it to the DPOA. I know
- 24 the Guardians did. They met with Chief Hart back in
- 25 their day. When I first came on the job I met with then

- 1 Inspector Stanley Knox at the 7th precinct on issues and
- 2 also as the Chief Stanley Knox. And even later years
- 3 Chief Benny Napoleon and they addressed those issues.
- 4 So they dealt with those issues. So of course the DPOA
- 5 didn't -- we didn't take these kind of issues or
- 6 grievances to the DPOA 'cause we knew they had a history
- 7 of ignoring them. I mean we didn't take them to them
- 8 'cause we knew the history of how they would fight
- 9 against that and so I'm not the least bit surprised by
- 10 what occurred Monday but I'll talk about that later in
- 11 terms of the policy grievance but it's really
- 12 disrespectful that press conference that occurred Monday
- on the anniversary of Dr. King's birthday. Thank you.
- 14 The.
- 15 CHIEF CRAIG: Through the chair and I
- 16 understand the issues as you pointed out I was laid off;
- 17 I'm wondering what was the award because I never got my
- 18 award. After I left was there some kind of award. In
- 19 fact it took the city of Detroit I think they called me
- 20 back three years after I was already in LA so I don't
- 21 know if that was a response to some suit. I was also a
- 22 member of the Guardians. It was through that membership
- 23 and that experience that I had an idea of what
- 24 relationships should look like. There was a lot more
- 25 mentoring that went on in Detroit Police Department. I

- 1 can candidly say that doesn't exist to the level it did
- 2 then. You know, the city was very prideful. African
- 3 Americans certainly did support one another and the
- 4 Guardians I would have to say just from my experience
- 5 and after leaving LA that's what they were known for is
- 6 mentoring and developing; and as a young police officer
- 7 I vividly remember Lieutenant Bustule (sic) at the 10th
- 8 precinct who mentored me coming up but my time here was
- 9 short lived. Then moving on to LA and then later
- 10 becoming the same -- virtually the same position as
- 11 Chairman Bell I became the president of Los Angeles
- 12 Black Police Association, a time I was very proud of
- 13 very humbled because it was also the same time when the
- 14 Rodney King incident took place.
- 15 So at that point as you all know Los Angeles
- 16 was thrust into national international spotlight so
- 17 there were a lot of things we had to deal with locally.
- 18 I only say that I understand racism; I'm responsive to
- 19 it. I didn't start CORE because it was political.
- 20 There's no politics; it's just an opportunity to take a
- 21 good -- a great department to the next level. I believe
- 22 in CORE, I believe in the work but I must say this that
- 23 it was pointed out when you talk about investigations
- 24 that was not an investigation. Although it's not to say
- 25 that the issues that were raised could not have turned

- 1 in.
- 2 One of the agreements that the cochairs
- 3 discussed with me was a whole issue of an anonymity;
- 4 that the people that would talk to CORE would not be
- 5 made known to the department that was -- but also stress
- 6 that if there is any allegations of misconduct, we want
- 7 to investigate but folks know if they're going to remain
- 8 anonymous, then I have no investigation. It's an
- 9 anonymous statement whether it's based on perception,
- 10 rumor or fact how do we then move forward? And yes, I
- 11 encourage, you know, members of the department that when
- 12 faced with misconduct that if we're talking about
- 13 discrimination, that it make it known to the department
- 14 so we can investigate it. And maybe there's a lack of
- 15 confidence however the one thing I will say in terms of
- 16 remarks about the DPOA in my time here they've never
- 17 been shy about bringing matters to my attention whether
- 18 it's representing a black officer or white officer; I'm
- 19 not suggesting that in the past that was an issue but
- 20 when you got have a police department that's majority
- 21 African American why would one not want to bring forth
- 22 issues to their union? I mean so that shocks me.
- 23 Again because I sat down with the union and
- 24 we talked about a number of complaints, still talk about
- 25 complaints, and so I have to believe in part that if

- 1 they say that those matters haven't been brought to
- 2 their attention I know that the grievance committee said
- 3 that many times they referred these members to the
- 4 appropriate place whether it's internal affairs maybe
- 5 it's EEO. But one thing that came out in the report,
- 6 and I would choose my words carefully, I certainly don't
- 7 want to offend the person sitting in that seat. The
- 8 sergeant who was working at the EEO certainly faced
- 9 criticism not only from CORE committee but also faced
- 10 criticism from the union and my internal advisor. I was
- 11 concerned about that because I got the unanimous
- 12 (inaudible) that many felt that the complaints were not
- 13 taken seriously.
- So to resolve that we are making internal
- 15 moves to address that because we want any member of the
- department that when they go to EEO that their
- 17 complaints are taken seriously. Sometimes it's a matter
- 18 of explaining not all complaints that come into EEO are
- 19 in fact EEO and maybe some did feel like they were
- 20 explained properly, maybe it's internal investigation,
- 21 maybe it's contractual, or not sure. So I just want to
- 22 leave the board knowing that I and my executive team we
- 23 take any allegations of misconduct particularly those
- 24 involving discrimination very seriously.
- 25 COMMISSIONER CRAWFORD: And pardon me

- 1 through the chair.
- 2 COMMISSIONER BELL: Yes.
- 3 COMMISSIONER CRAWFORD: In terms of what
- 4 occurred layoffs and the so called reward that you
- 5 didn't see perhaps but those of us who filed out, those
- of us who were part of the lawsuit because I gave
- 7 deposition myself and then Officer Wooly Griffin were
- 8 making sure that officers working for Atlanta PD at the
- 9 time so in terms of what came down as a result of that
- 10 lawsuit was everyone was called back to work. There was
- 11 a ruling by the judge that stated they wanted to fall
- 12 back and reverse seniority because it had destroyed the
- 13 affirmative action program and the Honorable Coleman A.
- 14 Young said no, we're not going to do it in reverse
- 15 seniority; we're going to call everybody back according
- 16 to seniority; that was the ruling. Thank you.
- 17 COMMISSIONER BELL: Thank you. Chief,
- 18 before we get back to you in terms of reporting out I'm
- 19 going to -- we have a resolution that Commissioner
- 20 Mallett is to read. Is he in the audience; is he here?
- 21 If not, we will go forward with the resolution and we
- 22 just move that on the agenda in case that person would
- 23 be in attendance; we don't want them to wait too long
- 24 from business formality.
- 25 COMMISSIONER MALLETT: This is a resolution

- 1 honoring Mr. Mike Bruggeman. Mr. Mike Bruggeman, the
- 2 Senior Vice President for Security for Rock Security
- 3 Command Center on January 20th, 2017 will retire after
- 4 more than five years of dedicated service and whereas
- 5 Mr. Bruggeman serves on the Board of Commissioners for
- 6 the Detroit Crime Commission, was appointed by Governor
- 7 Rick Snyder to the Michigan Intelligence Operations
- 8 Center for Homeland Security. He's a board member of
- 9 the Detroit Public Safety Foundation and the cofounder
- 10 and chair of the Project Lighthouse Detroit, recognized
- 11 as one of the best public/private partnerships in 2014
- 12 by the Department of Homeland Security and was a
- 13 previous board member of Crime Stoppers in southwest
- 14 Michigan and received the Chairman's Rooky of the Year
- 15 award in 2011 from Rock Ventures.
- 16 And whereas Mr. Bruggeman also served on
- 17 Mayor Mike Duggan's Public Safety Transition Team,
- 18 Detroit Public Schools Transition Team for Safety and
- 19 Security and worked with the gun buy-back programs in
- 20 the Detroit area; and whereas Mr. Bruggeman in a Police
- 21 Reservist with the city of Detroit's Police Department.
- 22 He has a master's degree from the University of Detroit
- 23 Mercy a bachelor's in management of human resources from
- 24 Spring Arbor University and he is a board member and
- 25 Certified Protection Professional of the American

- 1 Society for Industrial Security.
- 2 And whereas in recognition of his years of
- 3 dedicated service and contributions to the overall
- 4 safety of the city of Detroit now -- excuse me -- now
- 5 therefore be it resolved that the Detroit Board of
- 6 Police Commissioners speaking for the citizens of the
- 7 city of Detroit and the Detroit Police Department award
- 8 this resolution to Mr. Mike Bruggeman in recognition of
- 9 years of committed service. We solute and congratulate
- 10 you for your significance impact on the overall safety
- 11 within the downtown service area and the Third Precinct.
- 12 His professionalism and dedication to law enforcement
- 13 throughout the city of Detroit merits our highest
- 14 regards. And this is issued, Mr. Chairman, by the
- 15 Detroit Board of Police Commissioners.
- 16 COMMISSIONER BELL: Thank you, Commissioner
- 17 Mallett. The chair would entertain a motion.
- 18 COMMISSIONER DEWAELSCHE: Motion to approve.
- 19 COMMISSIONER VANN: Supported.
- 20 COMMISSIONER BELL: Moved and adopted.
- 21 Those in favor -- I'm sorry discussion; those in favor,
- 22 aye.
- 23 ALL: Aye.
- COMMISSIONER BELL: Those opposed? Motion
- 25 carried. Thank you, Mr. Bruggeman; thank you for your

- 1 service. Chief Craig you want to continue in terms of
- 2 stats or whatever you want to share outside of that
- 3 scope of that report.
- 4 CHIEF CRAIG: I'll take any other questions;
- 5 I don't know in terms of budget if Lisa has a point of
- 6 clarification that may be beneficial for the board;
- 7 otherwise my presentation is done.
- 8 COMMISSIONER BELL: Thank you.
- 9 MS. JONES: Good afternoon. Lisa Jones, CFO
- 10 chief I did want to provide an update that we were able
- 11 to obtain the data that you requested per the office
- 12 budget since our meeting this afternoon. And John Hill
- is anticipating your call so I will share that
- 14 information with the board and I've also shared it with
- 15 you via e-mail.
- 16 CHIEF CRAIG: Okay so through the chair so
- 17 I'm assuming then that for the meeting next week we'll
- 18 have the accurate numbers?
- MS. JONES: Absolutely we have it.
- 20 CHIEF CRAIG: Perfect, thank you.
- 21 COMMISSIONER BELL: Thank you. Next item of
- 22 business if there's no other questions or comments for
- 23 the chief would be civil rights.
- 24 CAPTAIN SERDA: Good afternoon Honorable
- 25 Commission and commission staff, Chief Craig, my

- 1 colleagues in the audience, and citizens. Appreciate
- 2 you being here and it's my pleasure to give you an
- 3 overview of our Office of Civil Rights. So you know our
- 4 purpose is to make sure the department stays in
- 5 compliance with our consent decrees which as you all
- 6 know we have completed and are out of monitoring but one
- 7 of the provisions of the consent decrees is that there
- 8 had to be sustainability and so our office does that by
- 9 conducting audits by doing regular meetings with the
- 10 precinct command staff and their CLOs to make sure that
- 11 their precincts are in compliance and where they're not
- 12 we work with them to get them back into compliance.
- We also do -- so this is our make up of our
- 14 unit very small but very dynamic unit. As you can see
- 15 the bottom line we have it's listed seven civilian
- 16 auditors. We actually have six but they are the
- 17 civilian auditors that were hired many of them at the
- 18 beginning of the consent decrees and did all of the work
- 19 behind the scenes to compile stats and information to
- 20 help us get through those consent decrees. Six of them
- 21 are still on staff and we have recently under the
- 22 Assistant Chief White's direction have put them out in
- 23 the field.
- In other words, instead of them staying in
- 25 the office and gathering all this information they have

- 1 been assigned to precincts to assist with the CLO
- 2 function and to assist with the monitoring of the
- 3 compliance. So each of them has assigned either two or
- 4 three precincts and this just happened within the last
- 5 few weeks so kind of in a transition period at this
- 6 point but they are at their assignments.
- 7 So we make sure the compliance tasks are
- 8 completed in a timely manner and that's mostly done by
- 9 meeting with these precincts; we meet with two precincts
- 10 every Wednesday. We have their statistics and
- 11 information to go over under several categories: Use of
- 12 force, audio/video compliance, stop and frisk, and a
- 13 couple other categories. So right now we're in the
- 14 transition of the civilian auditors doing that work
- 15 within the precincts. Is there a question? Okay.
- So why do we do accountability? Obviously
- 17 we're mandated to comply with our own department
- 18 policies not just the consent decrees and that's kind of
- 19 how the consent decrees morphed from, you know, you're
- 20 ordered to do this to now it's part of our policy; it's
- 21 made us a better department. We're now doing, you know,
- 22 best practices and we're able to show that through
- 23 reports, through statistics, through stats, and so when
- there is a problem, you know, if there's an indicator
- 25 that there's an issue, then we can advise the command of

- 1 what they need to do: Retrain or maybe even need to
- 2 revise our policies from time to time.
- 3 So under uses of force we look at detainee
- 4 injuries, allegations of use of force and actually uses
- 5 of force. We look at arrests for probable cause and
- 6 arraignment and arraignment means, you know, we strive
- 7 to have prisoners arraigned within 48 hours and when
- 8 they're not we document that and try to make sure that
- 9 there's a reason for it and many times there is and if
- 10 there's not, then we take action on that. And we also
- 11 look at employee performance as far as vehicle pursuits,
- 12 citizen complaints, and stop and frisks.
- We also have a duty of environmental audits
- 14 and the environment we're talking about is the
- 15 environment of that entity. So we have done these
- 16 environmental audits in precincts and also specialized
- 17 units so when we go to that unit we're looking at
- 18 everything. We're talking to the personnel from bottom
- 19 up asking them what's working here, what's not working,
- 20 what complaints you might have. But we're also looking
- 21 at facilities, fleet, equipment, so we looked at all
- 22 those items, compiled that together, and report to the
- 23 chief and the assistant chief.
- Couple other things I want to mention is we
- 25 also monitor and keep the calendar for the chief duty

- 1 officers. There are currently two full-time chief duty
- 2 officers. So it takes some doing to make sure that the
- 3 calendar is taken care of and that they get all the
- 4 information that they need to do their duties. The
- 5 chief duty officer if you don't know is the ranking
- 6 person on duty in the evening generally from 7 p.m. to 3
- 7 a.m. so if something major happens in the city, they're
- 8 the ranking person at that scene and will evaluate and
- 9 take whatever action is necessary including
- 10 notifications up the chain all the way to the chief and
- 11 also garnering resources if they're needed for a
- 12 particular scene. So they respond to those scenes in
- 13 the late night hours.
- We also have recently taken over body worn
- 15 camera so there's another presentation for that subject
- 16 so we'll talk in more detail when that comes up on your
- 17 calendar. If there's any questions. I'm sorry I am
- 18 remiss I didn't introduce my staff that's here.
- 19 Lieutenant Sims, William Sims, and Lieutenant Sherell
- 20 Stanley and the other staff is not here. Okay.
- 21 COMMISSIONER BELL: Commissioner, any
- 22 question or comments?
- 23 COMMISSIONER SHELBY: Yes, through the
- 24 chair. Captain Serda, is there any one area that stands
- out more often? Tell me what area stands out more often

- 1 when you're conducting your compliance.
- 2 CAPTAIN SERDA: I would say that we are
- 3 still struggling a little bit with audio/visual and it's
- 4 mostly technical problems but yeah we still come across
- 5 that and we try to work with the commands to address
- 6 that but that's still an issue.
- 7 COMMISSIONER MALLETT: Captain, what does
- 8 that mean, struggling with audio/visual? I'm a civilian
- 9 I don't know what's going on.
- 10 CAPTAIN SERDA: So the scout cars are
- 11 equipped with cameras and the officers wear body mics
- 12 and so they're supposed to turn them on at certain
- 13 points. At certain points they automatically come on;
- 14 they can be triggered so there are times when the system
- 15 is not working properly so they have to take it down to
- 16 Lyndon Radio to get it fixed and get tied up for a
- 17 while. Some of them don't do that when they should so
- 18 we're monitoring that. So, you know, those are the kind
- 19 of issue when I say audio/visual and the new part of
- 20 that is the body worn camera because that ties in but
- 21 that's not fully implemented yet.
- 22 CHIEF CRAIG: Through the chair I'd like
- 23 Assistant Chief White and give a little more detail
- 24 about questions.
- 25 ASSISTANT CHIEF WHITE: To add a little bit

- 1 further, I'm sorry, James White for the record. To add
- 2 a little bit more to Captain's comments on the body worn
- 3 camera versus the in-car video one of the reasons that
- 4 we're moving to the body worn camera is because we have
- 5 so many problems with the in-car system. We have two
- 6 systems out there now Data 911 and what's the other one?
- 7 Insight. Insight has really not been a good product for
- 8 us. Data 911 was better but still not great. The new
- 9 software that we have is very promising. I want to say
- 10 sun guard -- WatchGuard. And it is shown significant
- 11 promise. We have not had failures with the system,
- 12 correct me if I am wrong, in the performance. The
- 13 reports that I get we are always in the high 90th
- 14 percentile tile of performance. Some of the failures
- 15 that we have seen have been caused by user error. So
- 16 the process or the program is showing to be quite
- 17 promising.
- 18 We're right now in phase one of
- 19 implementation. We've gone through risk mitigation
- 20 which ended December, mid December and so now we're
- 21 doing full implementation; and the good thing about this
- 22 implementation is that the process from going from body
- 23 worn to in-car camera is seamless so literally as the
- 24 officers are transitioning from having the camera on
- 25 their bodies, talking to a citizen, foot chase it

- 1 goes -- it bounces from the body to the car seamlessly
- 2 so it really is a good system; I don't know if you want
- 3 to expound on that a bit.
- 4 CAPTAIN SERDA: I think it's definitely, you
- 5 know, the latest technology. We've put it through a lot
- of testing. We didn't just go out and buy the system we
- 7 put it through rigorous testing at two precincts and
- 8 it's performed very well. The company has been very
- 9 supportive on-site all the time, always available. So,
- 10 you know, we're pretty excited about rolling it out to
- 11 the other precincts.
- 12 CHIEF CRAIG: Through the chair I just want
- 13 to also on this seamless in-car video to body worn
- 14 camera we are probably if not the first major city to
- 15 have such a system. There are only a few small
- 16 departments that have it. This is the first time that
- 17 this company has outfitted a department of our size but
- 18 the benefits as you all know urban policing does not
- 19 just take place in front of a police car. Many times
- 20 there's stops and contacts away from the front so the
- 21 idea of the seamless integration from in-car to body
- 22 worn by way of example if there's a foot pursuit that
- 23 goes some distance from the police car, that transition
- 24 takes place and you can actually capture the contact
- 25 which makes this probably a system that I would imagine

- 1 other departments will follow.
- 2 So we're very fortunate in being one of the
- 3 first to deploy this. As Chief White pointed out we
- 4 have ended a risk mitigation phase; we're going into
- 5 implementation. That implementation is starting with
- 6 the 11th precinct so we have 4 and 7 outfitted and that
- 7 will (inaudible) 11th precinct.
- 8 ASSISTANT CHIEF WHITE: If I may add, Chief,
- 9 I would be remiss if I didn't comment on the hard work
- 10 of your team. Particularly we've had to divide up CRIB
- 11 work because CRIB has morphed into the sustainability
- 12 phase of the consent judgment now that we've concluded
- 13 this so we've got two lieutenants Sherell Stanley who
- 14 will oversee the auditing process in the field replacing
- 15 those sworn officers that are working as CLOs in the
- 16 precincts with civilian auditors so that allows us to
- 17 put officers back on the street and take those
- 18 administrative functions and transition those over to
- 19 the professional auditors that we have since redeployed
- 20 to the field.
- 21 But the work of Lieutenant Sims who has
- 22 taken on this project and he has put in many, many hours
- 23 making sure that this implementation has gone smoothly.
- 24 I'd like for both of them to stand up. William Sims and
- 25 Sherell Stanley are the two lieutenants on the project.

- 1 Thank you.
- 2 COMMISSIONER MOORE: Through the chair do we
- 3 have an approximate date on the completion of the
- 4 cameras when the complete department will be outfitted?
- 5 CAPTAIN SERDA: It's going to be
- 6 approximately a year because we want to roll it out
- 7 precinct by precinct to make sure they're operating good
- 8 before we move on to the next one so approximately a
- 9 year.
- 10 COMMISSIONER MOORE: And I just want to
- 11 commend your staff too, very knowledgeable when policing
- 12 and administrative work both of them so.
- 13 CAPTAIN SERDA: Yeah, I'm very fortunate to
- 14 have them.
- 15 COMMISSIONER VANN: Mr. Chair, I'd just like
- 16 to ask I need some clarification with regard to the
- 17 parameters of the civil rights department here. You
- 18 capture compliance data?
- 19 CAPTAIN SERDA: Correct.
- 20 COMMISSIONER VANN: Okay. But do you
- 21 provide the enforcement of that which you find? For
- 22 example, I'm an officer I'm routinely cutting off my
- 23 body camera or I'm cutting off my in-car camera and you
- 24 have discovered that through the audits that you're
- 25 doing from a data standpoint.

- 1 CAPTAIN SERDA: Right.
- 2 COMMISSIONER VANN: Are you also the
- 3 enforcement; are you also the correction or are you just
- 4 the data person?
- 5 CAPTAIN SERDA: What we do with that
- 6 information is when we meet with the command staff we
- 7 point it out and we name names because it's just a
- 8 closed meeting so we expect them to take action and we
- 9 follow up to make sure that they do.
- 10 COMMISSIONER VANN: Okay. And I notice that
- 11 you put morale up there. I've always been very
- 12 concerned about police morale. What criteria do you use
- 13 to assess that?
- 14 CAPTAIN SERDA: Well one of the things is
- 15 with the environmental audits we're meeting with
- 16 officers and civilians from the line staff. We meet
- 17 with them one on one. Their comments to us are
- 18 confidential, their names are not used so, you know,
- 19 they're able to share with us information that maybe
- 20 they couldn't share with anybody else and we're able to
- 21 report that without them feeling like they're going to
- 22 get thrown out there with their name and all that. So I
- 23 think that, you know, many of them have told us that
- 24 they appreciate the opportunity to do that and so I
- 25 think that alone, you know, helps morale.

- 1 COMMISSIONER VANN: Do you routinely capture
- 2 data from officers with low morale?
- 3 CAPTAIN SERDA: That's not a category per se
- 4 but that's something certainly to consider as we do our
- 5 audits.
- 6 COMMISSIONER VANN: I'm just a bit concerned
- about the safety net or the support system that's there
- 8 for officers who are going through issues and having
- 9 personal problems.
- 10 ASSISTANT CHIEF WHITE: If I may through the
- 11 chair. As part of the environmental audit one of the
- 12 things that we've asked the team to look at is the
- 13 overall morale of the operation because at times what we
- 14 find if the operation has low morale, then that affects
- 15 everything from citizens's complaints to work
- 16 performance to showing up for work, a number of issues
- 17 can be correlated with low morale so from a numbers
- 18 measurable standpoint I don't want to leave the board
- 19 with the impression that we go out with a figure in mind
- of who has what morale; if ten people are happy, then
- 21 that means that the command has overall good morale;
- 22 that's not what we're looking for.
- 23 What we're looking for is how does the
- 24 officers react to their supervisors; are the officers
- 25 showing up for work; how are they reacting to the

- 1 community; how are they reacting to directives from my
- office, from the chief's office, those types of things.
- 3 And it paints a whole picture of the operation and at
- 4 times we find if we've got low morale, we've got low
- 5 attendance, we've got high citizens's complaints, then
- 6 we have a problem with leadership and then we can look
- 7 at leadership and look at tweaking leadership and
- 8 mentoring or training or in some cases moving.
- 9 CHIEF CRAIG: Through the chair this
- 10 environment audit's something that frankly I brought
- 11 from Los Angeles; it's a tool that has been used very
- 12 effectively in making environmental assessments. It's
- 13 no secret that as Chief White pointed out high
- 14 complaints what's causing that it may be a number of
- 15 high sick usage; a number of factors go in that raise a
- 16 flag that this is a precinct or an entity that's
- 17 troubled. It may result in us making command change.
- 18 Because we all know the tone of that entity is usually
- 19 set from the top so we have over time made some command
- 20 shifts to address the environment. And so it's a tool
- 21 that's very effective. We've used it -- how many audits
- 22 have we done since the start; four?
- 23 ASSISTANT CHIEF WHITE: Four.
- 24 CHIEF CRAIG: Four audits and in fact White
- 25 will tell you initially when we brought this forward it

- 1 was some apprehension because you going into someone's
- 2 command and you're asking questions that frankly make
- 3 some people feel uncomfortable but it's proven to be a
- 4 great tool and it's a great tool for a command officer
- 5 because then the command officer can come back with the
- 6 findings and make some adjustments.
- 7 ASSISTANT CHIEF WHITE: If I also may
- 8 comment on one last thing and I promise I'll sit down on
- 9 the what is CRIB's reaction to the data that we find.
- 10 So we have a management awareness process and we also
- 11 have which is our management awareness system which is
- 12 MAS and we're looking to grow that with our new CAD so
- 13 there are some components that will transition over to
- 14 our CAD.
- But where CRIB is today is outcome based
- 16 management so we used to do is if an officer had so many
- 17 complains within a certain amount of time, they would
- 18 come up for what we call a peer review and that's
- 19 relatively anecdotal where you don't really get a true
- 20 reflection of the officer so now what we look at is
- 21 you've got an officer for ten years who works in patrol
- 22 how does this officer compare to other officers with the
- 23 same amount of time working in patrol? How do officers
- 24 compare to each other working in the traffic, well,
- 25 working in traffic, working in narcotics and then if we

- 1 have outliers at each individual component, what we'll
- 2 do is we'll address those outliers and we address them
- 3 through training, sometimes it's discipline, sometimes
- 4 we find that some people have been in some assignments
- 5 too long.
- 6 One of the things that the chief implemented
- 7 is really drilling down on officers who have been in
- 8 these specialized commands for two or three years and is
- 9 it best for their career development, number one, but do
- 10 they still recognize that they work for the Detroit
- 11 Police Department. I mean we've got some groups that
- 12 partner with other entities in the city, you know, task
- 13 force and we've had to reel some people in to, you know,
- 14 kind of remind them that, you know, you're a Detroit
- 15 police officer working in the task force. What they do
- 16 is very important and -- the work that they do is very
- 17 important in CRIB. They look at a number of different
- 18 things like I said and I'll leave it there.
- 19 COMMISSIONER BELL: Commissioners, any
- 20 others?
- 21 COMMISSIONER DEWAELSCHE: Mr. Chair, if I
- 22 may. So I had some questions about the audit itself and
- 23 some of the answer or questions that were asked kind of
- 24 answered some of my questions a little bit but what I'm
- 25 trying to understand is so you audit the precincts one

- 1 by one. Is this -- how often do you do it? Who gets
- 2 the information? And how often do they get it? Is it
- 3 like once a year? And you did mention that you sit down
- 4 with the command staff and then the question about the
- 5 enforcement that kind of helped a little bit but who
- 6 gets is it like a report that gets issued like once a
- 7 year or quarterly or?
- 8 CAPTAIN SERDA: Yes, and I want to
- 9 distinguish between the environmental audit which is
- 10 specific to an entity not always the precinct and the
- 11 compliance audits that we do; those we do to precincts
- 12 every week. They're notified ahead of time. What we do
- 13 to prepare for that is we ask for particular information
- 14 from the precinct including analyzing video and then we
- 15 also analyze like run sheets, daily activity logs is the
- 16 proper name for them, and we look for compliance issues
- 17 and when we get our report compiled we put it into a
- 18 Powerpoint slide show and then two precincts per week
- 19 are brought into headquarters and they receive this
- 20 information ahead of time so that they're able to
- 21 answer, you know, if there's an issue.
- For example, I'll just give you one example
- 23 if there's a use of force report we go through 12
- 24 different categories on whether that use of force report
- 25 was properly done, timely done, in compliance so if

- 1 there's any issues on that report, we're going to go
- 2 over with them to see what the problem was and try to
- 3 advise them on how to fix that and not make the same
- 4 mistake. But they always have that information ahead of
- 5 time so that they can prepare so the command staff their
- 6 CLOs get those reports. Of course the chief and the
- 7 assistant chief always get those. The assistant chief
- 8 many times comes into the end of those meetings,
- 9 addresses the command staff, goes over the report itself
- 10 and makes his own comments. So those are done on a
- 11 pretty regular basis. We kind of look for ones that
- 12 maybe are having some issues those may come up a little
- 13 more often than the others but they all get a turn; it
- 14 rotates.
- 15 COMMISSIONER DEWAELSCHE: So once a year
- 16 maybe.
- 17 CAPTAIN SERDA: No, no. I mean there's 12
- 18 precincts 2 per week so they come up pretty often.
- 19 COMMISSIONER DEWAELSCHE: So you're
- 20 constantly doing this?
- 21 CAPTAIN SERDA: Yeah, maybe once every two
- 22 months at the most.
- 23 COMMISSIONER DEWAELSCHE: And the metrics
- 24 that you use -- I'm sorry, did somebody else -- the
- 25 metrics that you use are in the figures or metrics that

- 1 were produced in the consent decree?
- 2 CAPTAIN SERDA: Yes.
- 3 COMMISSIONER DEWAELSCHE: Is that kind of
- 4 what your benchmark?
- 5 CAPTAIN SERDA: Yeah, that's a benchmark;
- 6 there's some others. For example, as we get into body
- 7 worn camera that's a morphing of, you know, audio and
- 8 video but that's going to start being included to make
- 9 sure there's compliance there. But we also look at
- 10 training. We look at, you know, I mention stop and
- 11 frisk, audio video we look at for example another
- 12 example is the vehicles that they deploy; are they
- 13 deploying vehicles that have working audio, video? We
- 14 want -- so we monitor that and we produce a report on
- 15 that so that they know. And there's reasons, you know,
- 16 why they maybe in full compliance or not. Sometimes
- 17 they don't have enough cars with that but most of the
- 18 time they do so we're monitoring, they see it, and if
- 19 there's issues, we bring it up to them.
- 20 COMMISSIONER DEWAELSCHE: So you did mention
- 21 citizen complaints and I just wondered if you use OCI.
- 22 CAPTAIN SERDA: OCI sends their reports to
- 23 our office. I review each and every one of them. And
- 24 the ones that are sustained go to disciplinary unit
- 25 which is on the same floor as I am over on at the Third

- 1 Precinct building. So yeah. Yeah, we go through your
- 2 office.
- 3 COMMISSIONER DEWAELSCHE: Thank you. Thank
- 4 you very much.
- 5 CHIEF CRAIG: Through the chair I just want
- 6 to go on the record I know Mr. Hicks has been asking for
- 7 the environmental audit; I have no issue so going
- 8 forward for those that we've conducted we have no issue
- 9 with releasing them. They don't have names as was
- 10 pointed out by the captain but it can give you a sense
- 11 of the environment in a given precinct or entity.
- 12 Also it goes to when we have to make
- 13 changes, command level changes. I know one of the
- 14 concerns at your table at different community meetings
- 15 is that when a command officer's moved from one command
- 16 to another you may not have all the information. At
- 17 least this way you'll know that this command officer
- 18 probably needs to be moved. They might have good
- 19 relations or adequate relations in the community however
- 20 the work place is toxic so it's important to make those
- 21 moves.
- 22 COMMISSIONER BELL: Mr. Hicks?
- MR. HICKS: Thank you, Mr. Chair. In fact
- 24 the chief is largely preemptive what I was going to ask.
- 25 These environmental or these audits, class of audits

- 1 came to our attention when Chief LeValley described his
- 2 command in front of the commission that was a particular
- 3 reference to audits and we began to request those
- 4 audits. We thought that those audits would be some
- 5 value to us as we reviewed the budget. At that time we
- 6 did not -- at that time we had not received. I'm
- 7 pleased to hear that the chief says that moving forward
- 8 we would receive them.
- 9 I would in addition to that at least
- 10 re-raise the asked before was a list of previous audits.
- 11 We didn't really want to get our hands on the actually
- 12 audits at that time; we wanted a list so that we could
- 13 look at the list and then determine if there was
- 14 something of special interest in terms of our review.
- 15 So I would hope that in addition to what the chief has
- 16 already committed to if we can still get a list of the
- 17 previous audits so that we can determine whether or not
- 18 we may have some interest in those other areas.
- 19 CHIEF CRAIG: Through the chair no problem;
- 20 we'll make sure that have Celia from my office comprise
- 21 a list of those commands that we have conducted,
- 22 environmental audits but then going forward we will
- 23 provide you with copies of that.
- 24 COMMISSIONER BELL: Thank you. Anymore
- 25 questions or comments? I do have one question maybe

- 1 perhaps we haven't talked how do we rate police officers
- 2 and sergeants and lieutenants? What's the process now?
- 3 CHIEF CRAIG: I have to (inaudible) rated
- 4 maybe White or Gail Oxendine.
- 5 MS. OXENDINE: Good afternoon, Board Gail
- 6 Oxendine for the record. Every 6 months officers
- 7 receive a performance evaluation. It's a standardized
- 8 form that was approved by the Department of Justice
- 9 during the time of the consent judgment which is
- 10 continued and used today. So for the prior 6 month
- 11 period the supervisor has I think it's 60 days or 90
- 12 days to complete the evaluation for the prior 6 month
- 13 period and then those are filed. The supervisor is
- 14 supposed to get a signature of a higher ranking officer,
- 15 two supervisory signatures on the form, supposed to sit
- down, have the meeting with the member and present the
- 17 evaluation and have discussions about the information
- 18 therein.
- 19 COMMISSIONER BELL: Would you say do we
- 20 continue to have a disparity between police officer in
- 21 the precincts and the police officer in the bureau?
- MS. OXENDINE: When you say disparity.
- 23 COMMISSIONER BELL: Normally if you work in
- 24 the bureau from our police experience you receive a name
- 25 plus (inaudible). Only some senior officers the

- 1 precinct receive those ratings there was always an
- 2 average they would have you toe the line in reference to
- 3 police officer in the precinct.
- 4 MS. OXENDINE: I can't say that I've noticed
- 5 that in particular but I, you know, I wasn't looking for
- 6 it either so I don't have any data to support or
- 7 disprove it.
- 8 COMMISSIONER BELL: They had a scale that
- 9 you had.
- MS. OXENDINE: Yes.
- 11 COMMISSIONER BELL: Commander Shelby would
- 12 know what I'm talking about, some of the old school know
- 13 what that was. So they could not compete in terms of
- 14 promotion and merits in reference to officer working in
- 15 the bureau versus those who working in the precincts;
- 16 that type of disparity.
- MS. OXENDINE: Like I said I have not done
- 18 any analysis of that.
- 19 COMMISSIONER BELL: Can you take a look at
- 20 that perhaps and see and perhaps not I'm just maybe
- 21 speaking of the past but my second part of the question
- 22 is that how do you -- what is the morale in 2016?
- 23 Captain, have you looked at that and what would be the
- 24 morale in 2016? I have always had issues in reference
- 25 to that issue when Commissioner Vann talking about

- 1 morale with those working among others that morale is
- 2 always going to be high in say gang squad or narcotics.
- 3 You know, but morale in the precinct is totally
- 4 different; they come from equipment, you know,
- 5 performance all that. So I just want to see how do you
- 6 measure that in this day and age?
- 7 MS. OXENDINE: One of the -- before the
- 8 Captain comments on that question back to your first
- 9 question you mentioned something about promotions I just
- 10 want to make clear that performance evaluations were not
- 11 part of the promotional process.
- 12 COMMISSIONER BELL: You changed that?
- MS. OXENDINE: Not part of the promotional
- 14 process. It used to be but no longer.
- 15 COMMISSIONER BELL: Okay thank you.
- 16 CAPTAIN SERDA: So as far as the morale I
- 17 think, you know, I could only really comment on where
- 18 we've done the environmental audits because we haven't
- 19 done a department-wide assessment or analysis of morale
- 20 but certainly -- I'm sorry were you going to say
- 21 something? Well at the places where we have done an
- 22 assessment and we looked at morale were they were issues
- 23 for example at one entity a lot of it had to do with
- their physical environment and we were able to ask for
- 25 and receive some upgrades and changes that certainly

- 1 addressed some of their issues and, you know,
- 2 contributed to a more positive morale.
- 3 COMMISSIONER BELL: Equipment, cars
- 4 basically?
- 5 CAPTAIN SERDA: Even their work space.
- 6 CHIEF CRAIG: Through the chair I kind of
- 7 wanted to just globally about morale because that's
- 8 something that's important. As I've often times said
- 9 publicly there's a correlation between officer morale
- 10 and productivity i.e. crimes for example.
- 11 However, one of the things that I'll just
- 12 take you back in time this department when I arrived
- 13 here had police officers only on patrol that were forced
- 14 to work 12 hours under the gales of 10 percent of pay
- 15 being stripped but what was most interesting is that
- 16 while these police officers in patrol were forced into
- 17 12 hour shifts their supervisors and those officers and
- 18 supervisors in specialized units were working 8 hour
- 19 shifts. And so that created a pretty significant morale
- 20 issue. I would probably say that more so than pay
- 21 really created a lot of problems especially for the
- 22 officers in the field. As you know that's been changed
- and so we're always looking for opportunities.
- Also when we talk about the environmental
- 25 audits some of it comes out of when you hear there's a

- 1 morale issue going into the environmental audit. The
- 2 other component or response to that is we have had a
- 3 number of command officers that we put on a work plan.
- 4 And work plan is a special assessment that's monthly; it
- 5 usually goes between three, four, five months. That way
- 6 the command officer who's in this work plan has an
- 7 opportunity to meet the expectations. The expectations
- 8 are laid out. James White will meet with the concerned
- 9 command. They're given a template; there might be a
- 10 number of factors it's usually four or five issues and
- 11 they're met with their commanding officer monthly and
- 12 then there's a close out meeting.
- The reason why that's important we all know
- 14 that the rank of captain and above is at-will. Instead
- 15 of hearing issues of commander not working, captain's
- 16 not performing instead of just de-appointing them this
- 17 gives the person an opportunity to meet the
- 18 expectations. I would say probably in most of the
- 19 cases, would you agree James, that most of the folks
- 20 have met the conditions of the work plan and made better
- 21 employees. Some have had to have extensions but we
- 22 haven't had one -- we had one now that we're looking at.
- ASSISTANT CHIEF WHITE: That's correct, sir
- 24 we have one now that we're looking at.
- 25 CHIEF CRAIG: One that had extended has not

- 1 met that exception and so there may be an issue going
- 2 forward but it's a great tool instead of wake up one
- 3 morning and say you're not performing; you're done. So
- 4 while captains and above know that they're in these
- 5 at-will positions we have an opportunity to perform
- 6 position expectations where they might be lacking and so
- 7 far it's worked out fairly well.
- 8 COMMISSIONER BELL: I'm pleased to hear
- 9 that; that's progressive 'cause that was not the case
- 10 back when.
- 11 CHIEF CRAIG: Exactly. I know that here the
- 12 chief and everybody, the appointed, new people come in;
- 13 it creates some stability and as you know our command
- 14 team now is very young and so those that should be
- 15 mentoring them are young as well and so if we find that
- 16 some are not meeting the expectations, this is an
- 17 opportunity to mentor them at a much higher level in the
- 18 organization.
- 19 COMMISSIONER MALLETT: Mr. Chairman, just
- 20 one thing. Chief, as you are rebuilding the CORE effort
- 21 and I'll leave it to you and A.C. White and
- 22 Ms. Washington to figure out how you're going to do that
- 23 within some kind of operational legal framework I'm one
- of those persons I've written three or four articles on
- 25 the success of diversity as a concept in the workplace

- 1 and the education circumstance. If it is an
- 2 environmental truth that we do have for whatever reason
- 3 including, Chief, the fact that nobody black has applied
- 4 or no female has applied; all white, all male task force
- 5 units, specialized bureaus, what have you it would seem
- 6 to me that the work of the civil rights unit would be a
- 7 great benefit to you because of the data they collect.
- I would say that you do have an opportunity,
- 9 Chief to write your own article an examination of those
- 10 entities within your 67 percent black police department
- 11 what is the performance of those non-diversity driven
- 12 units versus the diverse units. Diversity for
- 13 diversity's sake is not what I'm talking about.
- 14 Diversity for higher performance has always been the
- 15 result. I think it would give CORE the diversity
- 16 council however you guys are going to set that up a very
- 17 significant opportunity to explain particularly inside
- 18 the police department why we're doing this; why this is
- 19 important; why you all need to think about making the
- 20 affirmative decision to make sure that you have a
- 21 diverse group of people providing service. Not just
- 22 because it's the right thing but because the performance
- 23 of the unit demonstrably in 100 different cases has been
- 24 proven to be better.
- 25 So the -- this is where I think, Chief, that

- 1 the collection of data sometimes is an exercise you to
- 2 do it, we've got this consent decree or the hangover
- 3 effect where we're producing reports. Under your
- 4 leadership, Chief I guarantee you the public really
- 5 appreciates deeply the fact that you're not just
- 6 checking the box that the reports are being filled out.
- 7 But because of the high quality performance there's a
- 8 higher expectation and so I would expect that, you know,
- 9 you would be adventurous in your use of this data in
- 10 terms of your drive to continue to improve the
- 11 department.
- 12 CHIEF CRAIG: Through the chair.
- 13 Absolutely. As I've said and I'll continue to say it I
- 14 believe in diversity. In fact if you line this
- 15 department up with most we're probably more diverse.
- 16 COMMISSIONER MALLETT: I'm sure that's the
- 17 case.
- 18 CHIEF CRAIG: If you look at the executive
- 19 team we are represented. When you look at each of our
- 20 precincts not by accident but by design we have paired
- 21 certain command officers together.
- 22 COMMISSIONER MALLETT: Very obvious, Chief.
- 23 CHIEF CRAIG: Because we know the importance
- 24 of having that good mix. Because we know what implicit
- 25 bias means. And we know that sometimes one command

- 1 officer may not see something that another one might and
- 2 it certainly makes folks in the commands feel better.
- 3 One of the challenges and I reported out last week so we
- 4 know historically in the departments SRT Special
- 5 Response Team or SWAT as it's called in some cities and
- 6 this is not uncommon to Detroit we've never had a female
- 7 tactical officer not ever. Sniper, not part of SRT.
- 8 Yes, and so I have been pushing vigorously that I know
- 9 we can identify female officers in this department to
- 10 play a role in SRT as a tactical officer.
- 11 That has happened and it only happened
- 12 because I frankly was at the department field day
- 13 identifying five officers female officers and said do
- 14 you want to work SWAT? And couple of them were a little
- 15 surprised by the ask but they all decided to go through
- 16 the physical fitness process; they did so. Of the five
- 17 one passed. Four did not. So to make what I consider a
- 18 reasonable accommodation I extended the testing. I
- 19 directed the commander (inaudible) to give those female
- 20 officers and male officers, anybody who wanted to be in,
- 21 additional time to get up to speed physically. Because
- that's usually the main deselector.
- 23 What has happened we now have two female
- 24 operators first time in the history of the department;
- 25 the three other females decided on their own they wanted

- 1 to drop out. So that's one example and then I use the
- 2 other example on the flip side; I know the report
- 3 reflected on all white units but was not mentioned and
- 4 is factual so another high profile called TRU Tactical
- 5 Response Unit that unit's about 80/85 percent African
- 6 American. The supervisors there's one white and then an
- 7 African American lieutenant. Also above the lieutenant
- 8 is an African American captain, and an African American
- 9 commander but the unit is essentially predominantly
- 10 African American.
- 11 That's one example so does it mean that that
- 12 unit in some way there may be some biases. But again we
- 13 talk about all the units just like ones that are white
- 14 and ones that are predominantly black. Traffic
- 15 enforcement unit. I don't know if this is historic with
- 16 the Detroit Police Department but that unit's 100
- 17 percent African American, if my memory serves me; 100
- 18 percent and the -- we now for the first time in recent
- 19 time we have a white supervisor leading that unit so
- 20 again that's another opportunity.
- 21 COMMISSIONER MALLETT: Absolutely.
- 22 CHIEF CRAIG: Because as a police chief I'm
- 23 for all of the officers Hispanic, white, you know,
- 24 whether someone's LBGO. There's an LBGO coordinator in
- 25 the department for both external working out in the

- 1 community as well as dealing with issues internally.
- 2 And so it's a work in progress; we recognize that we
- 3 can't change things overnight but sometimes it just
- 4 takes the effort to go in regardless of the culture
- 5 because I talk about SRT because it is cultural and it's
- 6 not just cultural here; it's cultural all over. And it
- 7 just takes someone to say no, we want female officers;
- 8 we know female officers that are capable of doing this
- 9 type of work.
- 10 COMMISSIONER MALLETT: Thank you, Chief.
- 11 COMMISSIONER MOORE: Through the chair.
- 12 Yes, sir. Commissioner Mallett one day I'd like to read
- 13 your articles. There's several that you posted. Yes,
- 14 sir Chief and, you know, what you just said in terms of
- 15 diversity and that is obviously appearance of black
- 16 (inaudible) 85 percent African American, 100 African
- 17 American, and I was one who, and I know those of us here
- 18 too, would like to see diversity represented on both
- 19 sides. So I believe it's Commissioner Bell stated the
- 20 last week or something to the effect about there
- 21 shouldn't be any all white unit; there shouldn't be any
- 22 all black unit in the Detroit Police Department; there
- 23 should be some representation of diversity so thank you
- 24 for that.
- 25 Also Captain, sir, thank you for the

- 1 presentation, sir and it's been years since we've known
- 2 each other. I do recall you were the president of the
- 3 Hispanic Latino Police Officers Association.
- 4 CAPTAIN SERDA: Still are.
- 5 COMMISSIONER CRAWFORD: Still are okay. And
- 6 represented their issues well. And as I stated earlier
- 7 back as an activist in the community there was always
- 8 that question with those who weren't a part of the
- 9 activism and protests for change and diversity and a
- 10 number of other issues in this department; we used to
- 11 ask where were you when; well I knew where you were
- 12 okay.
- 13 CAPTAIN SERDA: And just to comment on that,
- 14 you know, for a long time I was the only Hispanic
- 15 command officer. Under Chief Craig we have four command
- 16 officers that are Hispanic but even better than that we
- 17 have a recruiter now recruiting, a Hispanic recruiter
- 18 that is an award winning recruiter; she's outstanding
- 19 and we have several other Hispanics in recruiting so
- 20 we're making great strides under Chief Craig and we
- 21 appreciate it.
- 22 COMMISSIONER CRAWFORD: Yes, sir, well it's
- 23 about the ultimate measure of a man it's not where you
- 24 stand in times of comfort and convenience but where you
- 25 stand in times of conflict.

- 1 CAPTAIN SERDA: Yes, sir.
- 2 COMMISSIONER DEWAELSCHE: Mr. Chair, if I
- 3 may say that's Sergeant Gonzalez, correct, that you're
- 4 referring to? We often mention Starr Gonzalez.
- 5 CAPTAIN SERDA: Yep.
- 6 COMMISSIONER BELL: As we close -- I'm
- 7 sorry.
- 8 COMMISSIONER BURTON: Through the chair I
- 9 just want to just add to the diversity piece. You know,
- 10 when I look at this department I look at the 12
- 11 precincts I see inclusion, I see diversity, and so I
- 12 just want to say I notice the diversity, how the
- 13 department has been diversifying; I see the inclusion.
- 14 COMMISSIONER BELL: As we close this out I
- 15 want to thank you, Captain. And I want to also say to
- 16 Chief Craig and DPD and members of the audience that
- 17 this is not the department that I know. This is not the
- 18 '70s, this is not the '80s and this is not the '90s.
- 19 This is not even 2003 when I retired. I always
- 20 indicated that we needed a fresh look at chief of police
- 21 in terms of Detroit Police Department and what I have
- 22 interact across this country from the LA to New York,
- 23 Boston all that and been involved that Detroit it was
- 24 more or less like the same tune, the same people who
- 25 surfaced to the top.

1	And all due respect for me with all the past
2	police chiefs but I think we have really with the
3	consent decree with the 11 years that we was under that
4	that was much too long, too expensive, and it should
5	have dealt within a short period of time but here we are
6	today that this department is more progressive in so
7	many areas of accountability, staffing, and community
8	interaction; we have come a long way and I have to
9	commend the leadership of this department and I don't
10	give kudos lightly but I give it where a person is
11	deserving; and this department since I've been on board
12	since 2014. I'm impressed; I know we're not there yet
13	'cause there's no perfect police department.
14	We talk about morale you have to look at
15	2020 (inaudible) in Chicago. How enforcement has
16	dropped to the bottom in terms of morale and, you know,
17	but basically regardless of what is happening in Detroit
18	it's never about the money; it's always about service
19	and I know people still raise the issue about residency
20	but I'm concerned about the quality of police service in
21	the city of Detroit and we have come a long way. And I
22	think we can all attest if we want to be honest with
23	ourself in terms of what we have witnessed because when
24	they close the precinct down I didn't even know that
2.5	command officer was not working 12 hours but the troops

- 1 was working 12 hours. That's ridiculous when you lock
- 2 people out of precinct; that was ridiculous so the
- 3 NPOs -- is officer King still here? Stand up Officer
- 4 King. He's from the 5th precinct; he's one police
- 5 officer who's totally invested in this community and
- 6 he's a model example of the 12th precinct so that's been
- 7 a great program. I just want to thank you for your
- 8 ongoing service. I hope you keep another five years; he
- 9 getting a little bit mature. But he's out there 24 -- I
- 10 mean, you know, he's just engaging but all these
- 11 officers are committed but we just have to say let's
- 12 give them a round of applause.
- 13 Standing ad hoc committee reports to my
- 14 left, to my right. If not Mr. Hicks.
- 15 MR. HICKS: Thank you, Mr. Chair just have
- 16 two quick items. One is that in the last meeting you
- inquired about, and also Commissioner Dewaelsche,
- 18 inquired about the rotations of the presentation of the
- 19 law department relative to the marijuana shops in town.
- 20 Originally, as I indicated it would come to us on the
- 21 15th of December; we've communicated with them. They
- 22 are eager to come back but we also noticed that they're
- 23 coming back to us in March and the schedule is kind of
- 24 close in between so we're going to still try and work
- 25 that in but they will be coming as part of the regular

- 1 schedule in March as well. Still going to make that
- 2 effort.
- 3 Second thing is that I wanted to point out
- 4 and you should have received this yesterday that we are
- 5 making a new addition to your board packet and in that
- 6 board packet as bureaus and units of divisions come up
- 7 for presentation we are providing you with a quick
- 8 economic or financial summary for those units indicating
- 9 the amount of dollars that the department is putting
- 10 behind them, the amount of personnel that the department
- 11 is putting behind them, and then trying to give you a
- 12 quick summary of what the mission of that particular
- 13 unit would be.
- 14 And then as staff we have gone back and
- 15 continued to go back and look at the older transcripts
- 16 inside of the office and try and isolate questions that
- 17 you've asked in the past questions that may not be
- 18 immediately in front of you now but that you've asked in
- 19 the past and we've tried to align those questions up in
- 20 this packet. We hope to keep it always to one page so
- 21 it's a quick reference for you and that the first one of
- 22 those was on the civil rights division which is in your
- 23 packet. We attached a financial summary which is the
- 24 cost center associated with the division in this
- 25 particular case and what we're trying to do is to give

- 1 you a financial sense as well of the size if you will
- 2 and operation of these varying units.
- 3 So this will be something that will be a
- 4 regular feature in your packet; we would hope to
- 5 transmit at least the first of those to you when you
- 6 receive either the Tuesday package or the copy of the
- 7 minutes, the draft minutes, so you'll have some time in
- 8 advance of the meeting to review it. With that
- 9 Mr. Chair that's all I wanted to add.
- 10 COMMISSIONER BELL: Any questions or
- 11 concerns? Mr. Hicks, I would like you to keep us posted
- in terms of the number of the Greenlight; that issue
- 13 come up with the community all the time. If we can keep
- 14 a report on that weekly or every two weeks I think that
- issue come up with the community all the time; how well
- 16 are we talking with the Greenlight, when is it coming
- 17 (inaudible), how many of precincts in my area; so get
- 18 those questions, those inquiries too; what's happening
- 19 because people really enthused about that.
- 20 Even if we can get the numbers of marijuana
- 21 clinics that we have too; I think that's another issue
- 22 come up all the time. Seems though it's been debated
- 23 one popping up one or not, whatever. We can get that
- 24 type of information; I just think we need to be armed
- 25 with that information for the community. I hate to rely

- 1 on the city managed all the time with information I
- 2 think it's a public safety issue.
- 3 MR. HICKS: Mr. Chair, if I could suggest as
- 4 these I know this issue comes up in almost every one of
- 5 your meetings but as a way to phase into this we can
- 6 give you that kind of information in advance of each of
- 7 your community meetings, which more likely that the
- 8 community people will engage so we'll make those
- 9 standard reports in advance of community meetings.
- 10 COMMISSIONER BELL: Thank you.
- 11 COMMISSIONER MOORE: Through the chair, I do
- 12 have a concern but I guess I can bring it up with you
- off line, Mr. Hicks, regarding the numbers producing the
- 14 numbers of various units I think that could possibly be
- 15 a safety issue. But I'll talk to you later about that.
- MR. HICKS: Sure.
- 17 COMMISSIONER BELL: Old business? New
- 18 business? Mr. Crawford.
- 19 COMMISSIONER CRAWFORD: Through the chair in
- 20 reference to the policy committee as I stated earlier I
- 21 was not only was I offended I received many calls from
- 22 the community about the press conference that the DPOA
- 23 held Monday and that was by its leadership President
- 24 Mark Diaz in reference to filing a policy grievance and
- 25 even perhaps as they stated they'll go on with

- 1 arbitration to call for the ban or one might say the
- 2 abolishment of the CORE committee.
- 3 As I stated I thought the CORE committee and
- 4 I stated it back when it started last year was a good
- 5 thing. Commend the chief for it. I just had stated
- 6 over and over a issue with one of his cofounders. What
- 7 I would like to say this is on the Monday the very day
- 8 of Dr. King's anniversary, I mean that was really
- 9 offensive considering and it was a slap in the face of
- 10 all those who support diversity to say the least and it
- 11 was a direct front to Dr. King's legacy.
- 12 The statement that the DPOA would actually
- 13 file a grievance against its own members so to speak.
- 14 The one might say the discriminatory hypocrisy is that
- 15 they didn't file a grievance and there was no press
- 16 conference when the LBGTQ was formed in the department
- 17 and also reached out to the community and again I
- 18 commend the chief for that on terms of the issues that
- 19 were brought up and just even discussed to have this
- 20 open relationship and there's still those throughout the
- 21 community the feedback is great. But there was no
- 22 policy or no press conference to file a policy grievance
- 23 or even go to arbitration to strike that down or ban
- 24 that.
- 25 So again the history, I'm not surprised

- 1 because this is what historically what unions -- union
- 2 presidents unfortunately some of them, and police unions
- 3 do and it speaks for itself that mere action. However,
- 4 as chair of the policy committee I hope the commission
- 5 would join me in opposing this and the department and
- 6 the mayor of the city in Detroit fighting this
- 7 particular grievance. And I'm certain we'll prevail and
- 8 I do recommend any tweaking or changes or and I stated
- 9 last year I had no issue with who the department chose
- 10 to appoint as a chair and cochair; I just had an issue
- 11 with the one individual.
- 12 So that's my issue with it and also too
- 13 Mr. Hicks and also to the director of personnel HR
- 14 Oxendine I would like all of the EEOC complaints, the
- 15 number that we have, all of the litigation paid out by
- 16 the department in the last four years. I've asked for
- 17 this periodically over the last two or three years;
- 18 haven't gotten that but for the last four years if we
- 19 can just get the number of EEOC complaints because the
- 20 complaints are filed through EEOC not the DPOA and that
- 21 speaks volumes to as to why the membership would go to
- 22 union but the history speaks to that; the history of the
- 23 union.
- And it's no surprise because as I stated
- 25 this is what unions do. Not only do they in this case

- 1 you want to oppose a vehicle or communication from the
- 2 officers to the department but also too historically
- 3 they have engaged in, you know, intimidation and that's
- 4 why members don't feel so comfortable and I know this
- 5 because I 30 years as member in the DPOA and I know the
- 6 issues that we fought was Mark Diaz was fighting a
- 7 different kind of fight. He was fighting to stay out of
- 8 prison; we were fighting for diversity and we were
- 9 fighting for a number of other issues that we felt were
- 10 a front to not only our constitution but civil rights in
- 11 the Detroit Police Department.
- MS. OXENDINE: So with respect to the number
- of EEOC complaints that is provided every year to the
- 14 police commission and the annual report if you want to
- 15 know what that was for 2015 you will find that in the
- 16 annual report in that information I provided to the
- 17 board. And we're more than happy to provide you with a
- 18 number of complaints for 2016 calendar year.
- 19 COMMISSIONER CRAWFORD: Yes, ma'am.
- 20 MS. OXENDINE: I wouldn't know about the
- 21 litigation information but I would know about the number
- 22 of complaints that actually had been filed in my office.
- 23 COMMISSIONER CRAWFORD: Yes, ma'am okay well
- 24 thank you and well I did ask and like I said that's not
- 25 part of you in terms of the number of dollars paid out

- 1 in litigation.
- MS. OXENDINE: Correct, sir.
- 3 COMMISSIONER CRAWFORD: But we will seek
- 4 that from the appropriate entity, the law department; is
- 5 that correct Mr. Hicks?
- 6 MR. HICKS: Yes. Through the chair. We do
- 7 have on our schedule a presentation from the law
- 8 department. We are still trying to hammer down the
- 9 actual individual who would make such a presentation in
- 10 the law department. But we're in general communication
- 11 with them; we have not gotten the specifics of the who
- 12 and the caliber of the information in which they would
- 13 bring with them. This might be one of those with
- 14 situations, Mr. Chair, where a call might advance
- 15 staff's ability in order to get that conversation going.
- 16 COMMISSIONER CRAWFORD: Through the chair.
- 17 Mr. Hicks, I would definitely like to know if there is
- 18 any pushback perhaps we need to utilize that subpoena
- 19 power that the board does have.
- 20 COMMISSIONER BELL: Commissioner Crawford,
- 21 we -- Deputy Chief Washington can -- but we'll make that
- 22 formal request again for (inaudible) council which we
- 23 made a formal request I think upon two or three
- 24 occasions and we have opportunity to meet with the mayor
- 25 next week, the chair and vice chair; we will pursue

- 1 again at that time.
- MS. WASHINGTON: Mr. Chair, Celia Washington
- 3 legal advisor. I was not privy to all of the requests
- 4 that were made to the city law department. I know that
- 5 I did speak with Butch specifically about payouts. We
- 6 have -- we got some preliminary information last year.
- 7 I can certainly reach out and get an update but if
- 8 there's anything I can do to facilitate; I think part
- 9 of -- I'm not speaking for the law department --
- 10 different people do different things and if there's an
- 11 overall report out that's coming from the law
- department, maybe a little bit of planning we'll make
- 13 sure that the right people are at the podium. But if
- 14 there's something specifically that...
- 15 COMMISSIONER BELL: He just wanted to know
- 16 payouts of lawsuits involving police officer and we have
- 17 made that request in writing and I made the request
- 18 verbally so Commissioner Mallett.
- 19 COMMISSIONER MALLETT: Well, the only thing
- 20 I would say is Mr. Hicks, I'm certain with the amount of
- 21 you spend on council (inaudible) staff the city
- 22 council's got this, right? I mean, these numbers are
- 23 available so I mean maybe it is that we skip right past
- 24 the law department and call the council president's
- office and say can we have the report; I mean I'm sure

- 1 it exists somewhere; it's just not difficult and every
- 2 year, right, the city council has to approve the law
- 3 department's budget and it has to approve the
- 4 settlements. I'm positive that somewhere in the city
- 5 council analyst's office (inaudible).
- 6 COMMISSIONER BELL: We hope to pursue it and
- 7 we'll report back to the board next week.
- 8 MR. HICKS: I will try that -- through the
- 9 chair I will try that avenue as well.
- 10 COMMISSIONER CRAWFORD: One last thing
- 11 through the chair Commissioner Mallett is absolutely
- 12 correct because over the years there was councilwoman
- 13 Sheila Cockrel who took interest in that and I was
- 14 always somewhat a part of that in those meetings where
- 15 they talked about the litigation was paid down in
- 16 reference to Detroit Police Department. Absolutely
- 17 correct.
- 18 COMMISSIONER MALLETT: Commissioner
- 19 Crawford, can I ask Commissioner Crawford that you walk
- 20 back from the recommendation that you made regarding the
- 21 DPOA. Maybe we can let the chief as he reconfigure the
- 22 CORE and working with A.C. White and D.C. Washington
- 23 figure out. If they are able to construct the framework
- 24 that produces the kind of work product I think the chief
- 25 is looking for I am also fairly confident, and I don't

- 1 know anybody, Commissioner Crawford, in DPOA but I'm
- 2 fairly confident that if they can come up with the
- 3 structure, that the complaint lodged by DPOA would be
- 4 withdrawn because this will meet whatever expectation
- 5 that they have.
- 6 So I would ask that we give the police
- 7 department leadership whatever time they need to
- 8 construct CORE along the new vision that the chief has
- 9 described and then we see what happens before we have to
- 10 vote on an action that might create unnecessary conflict
- 11 with the work that police department leadership is
- 12 already engaged in.
- 13 COMMISSIONER CRAWFORD: Through the chair,
- 14 Commissioner Mallett, I wholeheartedly support that. My
- 15 issue was not -- and I even just stated here a few
- 16 minutes ago that I support CORE and the concept of CORE
- 17 and the committee and I commend the chief on doing that
- 18 and the tweaking or changing of CORE. I would be
- 19 opposed to that not the least bit; what I'm opposed to
- 20 or appalled by I feel the disrespect not only Dr. King's
- 21 legacy but the disrespect to those of us who are
- 22 pro-diversity and pro-justice so to speak within the
- 23 department. And pro-individuals just even having a
- 24 voice. I'm opposed to the DPOA in the filing, just the
- 25 mere filing of -- or what they say in the press

- 1 conference that they would file a policy grievance even
- 2 go to arbitration opposing this and the CORE committee
- 3 and even call for it to be disbanded. That's not my
- 4 call for it to be disbanded; that's their call; that's
- 5 what their president said.
- 6 COMMISSIONER MALLETT: I get it,
- 7 Commissioner but I --
- 8 COMMISSIONER CRAWFORD: I support
- 9 wholeheartedly what you're saying.
- 10 COMMISSIONER MALLETT: The point that I'm
- 11 making is that we are in a very, very tough political
- 12 environment. Very tough. We have all of the time
- 13 people stating that if you disagree with me in any way,
- 14 you're a bad person; that fundamentally since I'm right
- 15 and you're wrong you must be a bad person. The --
- 16 that's a dangerous place for us to occupy and the whole
- 17 country, Commissioner, is there. We have got to figure
- 18 out a way to disagree with each other and then not
- 19 decide that they're bad. Now I know you've got 30 years
- 20 of history; I don't thank God. I am glad to be a
- 21 civilian member of the Board of Police Commissioners and
- 22 grateful that the only Mallett who was a police officer
- 23 is my father. I escaped that duty and responsibility.
- 24 I appreciate deeply the policemen and women who have
- 25 done that for me.

- But I do think, Commissioner, that it's
- 2 important that we accept the public responsibility. You
- 3 got 30 years of issue at the DPOA and you fought that
- 4 fight mightily and I am with you and I applaud you. I
- 5 am asking though in this particular instance that we
- 6 step back and let this police department leadership
- 7 manage. If they don't meet your expectation,
- 8 Commissioner Crawford, then you can offer it again.
- 9 What I'm asking is give them time to figure this out. I
- 10 believe that there's a relationship between the chief of
- 11 police and I believe it's Sergeant Diaz. As I believe
- 12 that he can be convinced by the chief that the changes,
- 13 the tweaks as you described will be enough. What I'm
- 14 asking to you, Commissioner, is let this process work.
- 15 If I doesn't then, you know, we meet every week. What I
- 16 am saying is is that we see what the chief and his team
- 17 can do to make the problem that you've described go
- 18 away.
- 19 COMMISSIONER BELL: Let me.
- 20 COMMISSIONER VANN: Mr. Chair, I hear the
- 21 discussion here and I know that you're going to rule
- 22 because you're our chair. But I guess what I'm most
- 23 appalled at is in our last meeting the president of the
- 24 DPOA stood before us with an impassioned speech about
- 25 how he was supporting this effort. And when it was

- 1 discussed and when it was brought to the floor he gave,
- 2 you know, this impassioned oratory, missing his son's
- 3 birthday talking to us about diversity in the department
- 4 and how he supported what the efforts of the chief were.
- 5 I mean just the shear hypocrisy of that.
- 6 Somehow I missed the e-mail. I didn't even
- 7 know that they had a news conference on Martin Luther
- 8 King Day; maybe I was observing the holiday but to hear
- 9 today if this is so, that the DPOA now has a grievance
- 10 and they filed it and it's public and they want to
- 11 disband CORE and all of that when we just heard from
- 12 this man last in our community meeting last week of
- 13 course in our district say this. I'm appalled at that
- 14 sincerely because I don't think that that's sincere.
- 15 You could not have been sincere if you had plans to file
- 16 a grievance. And so I just wanted to observe that in
- 17 the midst as an insert to your discussion.
- 18 COMMISSIONER BELL: Commissioner Crawford.
- 19 COMMISSIONER CRAWFORD: Yes, sir, one last
- 20 comment.
- 21 COMMISSIONER BELL: You have spoken
- 22 thoroughly to the issue. I'm going to ask you to
- 23 hesitate. And I'm going to recognize the lieutenant
- 24 here and then I'm going to have some comments and we're
- 25 going to close this out.

- 1 LIEUTENANT STANLEY: You just happen to have
- 2 a CORE member in the room and she's speaking right now.
- 3 I'm Lieutenant Sherell Stanley and I am a member of the
- 4 Committee for Race and Equality. And the committee
- 5 quite frankly does echo the concerns that the DPOA has
- 6 asked that CORE be dissolved. We echo that concern
- 7 when, you know, when you uncover potential
- 8 discriminatory treatment and preferential treatment by
- 9 members of this department that's not a reason to
- 10 disband the committee that came up with the finding,
- 11 okay. The committee of course and everyone in this room
- 12 should know that we were not at liberty to disclose the
- 13 names of the members who came forward with information
- 14 and provided that information to CORE in order to
- 15 provide those findings and make recommendations to Chief
- 16 Craig.
- We have commended the chief time and time
- 18 again for getting in front of this issue and
- 19 commissioning this committee in order to be proactive,
- 20 okay, as opposed to reactive; in order to get in front
- 21 of potential discriminatory treatment and preferential
- 22 treatment by command officers and others, okay? The --
- 23 let me reiterate that we were not at liberty to give the
- 24 names and disclose the names of the members that came
- 25 forward with that information. That's why it was not

- 1 intended to be an investigatory memorandum to the chief.
- 2 We served in an advisory capacity. The chief gave us
- 3 direction, we followed that direction, and reported out
- 4 accordingly, okay. And again we stand behind the
- 5 chief's intention to get in front of this matter instead
- 6 of behind it.
- 7 COMMISSIONER BELL: Thank you, Lieutenant.
- 8 I just want to say that I met with, as I indicated to
- 9 you, I met with Chief Craig on this particular issue and
- 10 I hear Commissioner Mallett and Commissioner Crawford
- 11 and Lieutenant here that we are going -- and I think I
- 12 have relationship with Mark Diaz and DPOA and Mark
- 13 Young, LSA and committees cross section of people and it
- 14 appears that the chief and the committee wanted to go
- 15 forward and we wanted to go forward.
- So I think that there's room for dialogue in
- 17 reference to that. Sometime perhaps things shape itself
- 18 within DPOA ranks and the president had to respond in
- 19 certain -- you know how that goes. That's the politics
- 20 we don't know but we want to go forward in terms of the
- 21 dialogue and restructuring and perhaps this would
- 22 resolve itself and we'll report back next week in
- 23 reference to the chief indicated he's going meet with
- 24 the committee. We are concerned and I want to say the
- 25 DPOA from the past is not the DPOA today. I think they

- 1 are progressive. I like the leadership; I know the
- 2 leadership. We haven't talked this year but we have
- 3 talked last year and there's ongoing dialogue so I think
- 4 even LSA -- I don't have that much interaction with the
- 5 command officer but I do know the leadership team there
- 6 but I think we can bring this to a head.
- 7 It's good to have open discussion but let's
- 8 not get bent out of shape to attack and I appreciate
- 9 Commissioner Mallett's concern and Commissioner
- 10 Crawford's concern but we're going to move forward and
- 11 work this out. It's an issue that we need to have
- 12 debate it will have to be some form of order in terms
- 13 of -- unionism as you well know that's a different --
- 14 this board, this membership he might respond whatever.
- 15 I don't know. But I will call Mark; he's been very open
- 16 to supporting this board and he stated -- I agree with
- 17 Commissioner Vann he came to the forum said blah, blah,
- 18 blah. Then on Monday morning and I missed the chief
- 19 call that he was going to initiate it, you know, but it
- 20 is what it is. Let us move on and deal with it. Yes,
- 21 ma'am.
- 22 LIEUTENANT STANLEY: I just want to say too
- 23 that Sergeant Diaz did come to the last CORE meeting
- 24 which was this past Tuesday and we did have some
- 25 dialogue and we encouraged him that in the future to

- 1 have dialogue on the front end as opposed to the back
- 2 end. We thought it was very premature to have a press
- 3 conference quote unquote and to an extent undermine the
- 4 credibility of CORE and those members who are on the
- 5 committee. So we did have that dialogue and that we
- 6 hope going forward, and I'm sure we have the chief's
- 7 support in that regard, that if the DPOA or any other
- 8 union for that matter is going to have a press
- 9 conference, that we have some dialogue and we
- 10 communicate; and it's about respect; it's about
- 11 communication and that's how we send a positive message.
- 12 Because that's what this is. The community should know
- 13 that this is a positive thing, this committee, okay,
- 14 that the chief has impaneled. And the angle that was
- 15 taken by the DPOA makes it appear to be something much
- 16 less.
- 17 COMMISSIONER BELL: Chief?
- 18 CHIEF CRAIG: Through the chair I just want
- 19 to also I think I said it earlier I did meet with Mark
- 20 the following day 10:00 morning meeting and he assured
- 21 me once again he's committed to CORE; he's most
- 22 concerned as some of his members it was safe quards,
- 23 some safe guards and he connected it from a perspective
- of officer safety; however, I told him we will discuss
- 25 whatever those safe guards might be but he again

- 1 reassured me that he is committed to CORE. And I know
- 2 that Mark Young from LSA as well as Arc over at COA are
- 3 all committed to CORE.
- 4 So how it looks I'm meeting with the entire
- 5 CORE committee I certainly want to understand what --
- 6 how they feel. You know, I did talk to the cochairs in
- 7 the aftermath of the DPOAs and so I'm optimistic that
- 8 we're going to have CORE, and it's going to continue to
- 9 move forward and do the good work. As I said in my
- 10 remarks and response to the DPOA I applaud the work of
- 11 every member that worked on CORE and you talk about
- 12 visiting 47 roll calls; that's no slight undertaking.
- 13 I'm talking about all shifts. So that was tremendous
- 14 work, a lot of benefits came out. I know during the
- 15 course we had meetings and they would share certain
- 16 things that frankly I acted on before a report was
- 17 generated. So we want to keep that kind of dialogue;
- 18 it's very important.
- 19 COMMISSIONER BELL: I think this is a unique
- 20 committee. So let's move forward, thank you.
- 21 COMMISSIONER CRAWFORD: Through the chair.
- 22 Since Commissioner Mallett asked me about walk this back
- 23 I believe it was when the DPOA walks back their
- 24 grievance I'll walk back. I am a very patient man; I'll
- 25 give it time but when they walk theirs back and it's

- 1 something that I've always understood about leveraging
- 2 power being seated at this table and out in the streets
- 3 it's leveraging of that power. And if you see me in a
- 4 fight with a bear, help the bear.
- 5 COMMISSIONER BELL: Okay. We're going to
- 6 move on. Announcement: Our next meeting is Thursday
- 7 January... is that the 26th 3 p.m. here at public safety
- 8 headquarters and our next community meeting February 9th
- 9 is forthcoming we'll let you know perhaps by next week.
- 10 Just next item would be oral communication from the
- 11 audience. Please be respectful, give your name, and you
- 12 have two minutes and pay attention to Mr. Brown. If you
- 13 going to come forward, I would please the mic give your
- 14 name.
- 15 MR. HUNT: Hello to the board and chief of
- 16 police my name is Jacky Hunt and I have a citizens
- 17 complaint. Recently last year I had four of my cars
- 18 towed that was in a yard. And police put a sticker on
- 19 it Monday and by the next Wednesday I should have moved
- 20 them. Well they were abandoned stickers but the
- 21 vehicles were not abandoned. I was there today when he
- 22 came out I was there early like 7:00 in the morning;
- 23 they came around 10:00 so I was there waiting on my tow
- 24 people to move my cars but he arrived and the scene
- 25 changed. He wouldn't let my tow company tow all the

- 1 cars. He said once he was there it was too late and he
- 2 kept using a gambling phrase all bets are off; if these
- 3 cars are not yours, I'm going to have them towed.
- 4 So he ran the VINS, turned out to be my
- 5 cars; he towed them anyway. And he was lacking on
- 6 information. I had been checking on how to get my cars
- 7 back; I went down to the court found out policies had
- 8 changed that you must pay for your vehicles in full,
- 9 bring the receipt down to the court, and then they'll
- 10 release their cars. Well that was new to me and having
- 11 my cars towed was new and by the time I went to court
- 12 and found this information out, I was already out of
- 13 like 2,000 dollars which I didn't have and I still don't
- 14 have.
- So the end result is that they'll be towed
- or auctioned off if you don't do anything. Well at this
- 17 point in time I'm not sure where in that process that is
- 18 as far as auctioning off. But I feel that the problem
- 19 could have been mitigated and taken care of if he had
- 20 allowed me to have all of my cars towed. Well he seemed
- 21 bent on towing the cars nonetheless anyhow and as I said
- 22 or he had my cars -- he had my towing agency he told
- 23 them to leave the scene.
- So I feel that I'm out of money
- 25 unnecessarily. I've had dialogue with the city of

- 1 Detroit Parking Division, that hasn't worked out. I
- 2 wrote -- sent e-mail to the board; I wonder if you got
- 3 it because it seemed a lieutenant said that he was put
- 4 in charge by the board; his name is Lieutenant Parish.
- 5 And we've been talking; he even came out to my job. So
- 6 the end result of all of that is he wonders how much I
- 7 can pay. Well to begin I think I shouldn't need to pay
- 8 anything but my cars are still in the storage and I'm
- 9 enlisting the help of the board to help wherever they
- 10 can.
- 11 COMMISSIONER BELL: Sir, Chief will respond
- 12 as I mentioned earlier -- stand right there. We have
- 13 Chief Investigator Drake will take your complaint and
- 14 Chief Craiq.
- 15 CHIEF CRAIG: Right, thank you Mr. Chair.
- 16 Through the chair we have Lieutenant Parish here if you
- 17 want to hear from he just walked in. Maybe he can shed
- 18 some light. Have you been briefed on this Lieutenant?
- 19 LIEUTENANT PARISH: I submitted a report to
- 20 you in this regard.
- 21 CHIEF CRAIG: Are you prepared to brief out?
- 22 LIEUTENANT PARISH: I can.
- 23 CHIEF CRAIG: Thank you.
- 24 LIEUTENANT PARISH: Good evening,
- 25 Commissioner Bell. So like I said I submitted a report

- 1 to Assistant Chief White on the matter. I talked to
- 2 Mr. Canty, who's the director over at municipal parking;
- 3 he agreed to release the vehicles for the cost of towing
- 4 only. These vehicles were appropriately tagged and were
- 5 sitting on a city owned lot for based on my conversation
- 6 with Mr. Hunt for years; they had been tagged for days
- 7 prior to being seized. There were six vehicles on the
- 8 lot according to the conversation I had with Mr. Hunt.
- 9 On the day the officer responded and called for tow
- 10 trucks Mr. Hunt removed at least one perhaps two of
- 11 them. That still left four vehicles. When I talked to
- 12 Mr. Canty and we had this discussion by e-mail I relayed
- 13 to him the fact that Mr. Hunt had at least initiated the
- 14 steps of getting his vehicles removed so why don't we
- 15 give him consideration regarding the storage costs.
- 16 Mr. Canty agreed and that's why we were going resolve
- 17 the matter for the cost of towing only.
- 18 We are still asking for the cost of towing
- 19 because these vehicles had been tagged for days and it
- 20 was not until the officer took the force of action that
- 21 Mr. Hunt attempted to seize these vehicles and remove
- 22 the vehicles. Unfortunately, it's just too long and I
- 23 felt that a happy medium was to impose a cost for towing
- 24 only. I did e-mail Mr. Hunt this. I did leave him
- 25 several voicemails regarding this; it has been difficult

- 1 to reach Mr. Hunt on a regular basis although we have
- 2 managed to talk to each other.
- In any event I recommended that the matter
- 4 be closed with that resolution, the option of recovering
- 5 the vehicles for the cost of towing only. These
- 6 vehicles have been removed from the auction process;
- 7 they were slated to go to auction on January 25th. And
- 8 they are waiting to be picked up again for the cost of
- 9 the towing only which is 125 dollars per vehicle.
- 10 COMMISSIONER MOORE: Through the chair I
- 11 have a quick question. Did you advise the gentleman
- 12 that you work for the Board of Police Commissioners?
- 13 LIEUTENANT PARISH: No, sir I didn't advise
- 14 him; what I advised him was that I had received a
- 15 complaint from the Board of Police Commissioners. I
- 16 received the e-mail that Mr. Hunt had sent to the board
- 17 through the Assistant Chief of Police. I submitted my
- 18 report to the Assistant Chief of Police. Obviously if I
- 19 ever wanted to reach the board, I would go through the
- 20 board's secretary. However I work through Assistant
- 21 Chief James White on these matters.
- 22 COMMISSIONER BELL: Thank you and sir you
- 23 can talk to him, okay. Thank you.
- 24 LIEUTENANT PARISH: And just as a note,
- 25 Commissioner in one of my e-mails I did make the point

- 1 that if he actually wanted to make a complaint against a
- 2 police officer, that would be outside of my purview;
- 3 that would have to go through the Office of Chief
- 4 Investigator on that matter. I was only dealing with
- 5 the towing aspects, trying to get his vehicles resolved
- 6 before they hit the auction block.
- 7 COMMISSIONER BELL: Appreciate your help,
- 8 thank you.
- 9 MS. GEORGE: Hello, good evening to the
- 10 Chairman Bell and to the commissioners and I like that
- 11 Commissioner Crawford about the bear; I'll remember
- 12 that. I admire your courage. My name is Michelle
- 13 George and Chief Craig, you're doing a very good job. I
- 14 have a question I know I was here at the police meeting
- 15 maybe about two weeks ago and we were discussing the
- 16 recruitment of young people in the city of Detroit in
- 17 law enforcement and I was curious to know -- I'm curious
- 18 to know about the barriers; I know with the Detroit
- 19 Public Schools we're fighting, they're taking away
- 20 literacy out of the program even though it's of young
- 21 children but that's very important but I'm curious to
- 22 know about the dispensaries.
- 23 I know that Chairman Hicks talked about the
- 24 dispensaries. In the city of Detroit, and I think Chief
- 25 Craig has done a very good those dispensaries are

- 1 dangerous. As you saw on the news yesterday on Gratiot
- 2 that stench of that new kush is very dangerous and I
- 3 don't know what to say when you ride down Livernois you
- 4 can smell it. I'm going to deal with the city council
- 5 about that. When I was at the congressional black
- 6 caucus they were talking about a lot of the kush smell
- 7 in apartment buildings and I know I got into a very
- 8 strong debate with a lobbyist in the senate building
- 9 about putting these marijuana dispensaries in urban
- 10 cities and I know Attorney Crump, which is Trayvon
- 11 Martin's attorney, we talked about that; it's
- 12 environmental racism.
- As a nurse you get dizzy from that; I know I
- 14 spoke at a community meeting about what you don't about
- 15 marijuana; it could kill you. That kush is dangerous.
- 16 We need to get those dispensaries out the city. And I
- 17 always think about they put -- that's why I was telling
- 18 Chief Craig he's doing a good job if any -- unless you
- 19 smoke -- unless someone smoke weed themselves if you
- 20 don't smoke weed, you need to sit in there around that
- 21 kush and I quarantee you in 15 minutes you will lose
- 22 your memory, you will have -- get dizzy from that so we
- 23 need to really work on getting those dispensaries out of
- 24 the city of Detroit.
- 25 A lot of those dispensaries 9 out of 10 is

- 1 laced with mold. Most of those dispensaries are owned
- 2 by people who do not live in the city of Detroit; they
- 3 live out of the state and I don't know why in the urban
- 4 cities why we have to treat ourselves so low; they're
- 5 not in Oakland County. I saw one I think in upper
- 6 Michigan near Traverse City a marijuana dispensary, but
- 7 we really need to work on getting every one out of the
- 8 city. Thank you, because when you ride down the city
- 9 you can sit at a car -- it gets in your car and it's
- 10 becoming very dangerous, thank you.
- 11 COMMISSIONER BELL: Thank you. I think
- 12 maybe Director Gail might want to respond to the first
- 13 part about recruitment issue.
- MS. OXENDINE: I'm not really sure of the
- 15 question; I'll talk to her.
- 16 COMMISSIONER BELL: She mentioned -- anyway
- 17 you can talk to her one on one; is that okay with you?
- 18 MS. GEORGE: Yes, sir.
- 19 MRS. SMITH: Good afternoon. Bernice Smith,
- 20 precinct delegate. Last week I wrote this down so I
- 21 won't be -- chief, I wish you would stay a while.
- 22 CHIEF CRAIG: I got to go to a calling.
- 23 MRS. SMITH: All right. Just for a minute.
- 24 Last week I witnessed a cold, uncaring police department
- or police commission meeting. A Detroit citizen

- 1 appeared before you asking for her help. She stated
- 2 that her van was towed after her boyfriend got out of
- 3 the car to give her a peck so she could take it to her
- 4 aunt that was in the hospital. When he got ready to go
- 5 back, turned around, his van was going down the street
- 6 being towed. A man told him that they stayed in that
- 7 particular area; they have spotters there and they stay
- 8 in that particular area and that is the Medical Court
- 9 apartments.
- 10 What happened was he stated that it's
- 11 constantly they steel from not steal but they tow from
- 12 30 to 40 cars -- okay, stop Brown. And then the complex
- 13 it is run by the Plymouth nonprofit housing association.
- 14 My complaint with this board is that all of you were
- 15 silent; not one of you said anything in regards to
- 16 letting the young lady be talked to a police
- 17 investigator when she started crying. I got in touch
- 18 with a board member myself and told them about the
- 19 meeting that was held last year; and they stated that
- 20 the president who has had contact -- that we have to
- 21 have contact with and the president is no other than
- 22 Mr. Willie Bell.
- Now I ask why are you Mr. Bell knowing a
- 24 problem at the Medical Court not help the couple
- 25 especially after Ms. Stephanie Lucas who is here now

- 1 broke down crying? No one showed any compassion and
- 2 that is a travesty. You were sitting there all silent.
- 3 You didn't even offer any help for the young lady at
- 4 all. This is my precinct, 149 over 20 years I've been
- 5 here since 1996 and I wasn't told until now but God
- 6 rights all wrongs and the TV station, radio, and the
- 7 mayor will be notified about this incident. Goch, or
- 8 whatever their name is, & Son's Towing has to go. They
- 9 are making a mint in that particular area.
- I suggest to you the housing association put
- 11 up a stand or put up a fence there and have passes be
- 12 distributed to the tenants so you won't have to worry
- 13 about nobody coming in there. You have a sign there but
- 14 the sign is so little people don't pay attention to it.
- 15 So I'm very upset about this because I feel as though
- 16 something should be done about it. You're making money
- off of those people's coming in that interest both black
- 18 and white and it should be stopped. We're working on
- 19 it.
- 20 COMMISSIONER BELL: Thank you but you are
- 21 incorrect. We had officer talk with both parties who
- 22 came to the meeting last week and I'm not going to
- 23 debate you this is a --
- MRS. SMITH: You didn't do anything about
- 25 it.

- 1 COMMISSIONER BELL: Ma'am, this is a totally
- 2 separate, private matter that we address it in a forum
- 3 where they talked so this is not the place for it.
- 4 Thank you.
- 5 MRS. SMITH: They were supposed to come to
- 6 the president and you're the president.
- 7 COMMISSIONER BELL: The time is up.
- 8 MRS. SMITH: How much money is being made
- 9 off of this? All right, well we'll talk about it on the
- 10 air.
- 11 DR. DIVERS: Mr. Chairman Bell, members of
- 12 the board of commissioners I'm Arthur Divers. I'm the
- 13 liaison for the Honorable George Cushingberry city
- 14 councilman for District 2. I guess I just have two
- 15 points here. Number one, you were talking about that
- 16 civil the CORE committee. And it's my opinion it was no
- 17 mistake that they had that press conference. His point
- is to deliberately prevent that committee from becoming
- 19 a stationary or standard committee. Make no points
- 20 about it; don't be fooled. He may say one thing as he
- 21 did when at the meeting and then he was most insulted
- that this would be brought up in such a powerful
- 23 oratory; that this was taint against the department.
- 24 And I'm sure you were there. So don't be fooled by that
- 25 smooth talker. He means to prevent that committee from

- 1 becoming a part of the department.
- The second point I want to make. I know I
- 3 want to commend the department for its work, its
- 4 dedication, and what it has done but I think you need
- 5 more police officers. You're understaffed, your pay is
- 6 low. You have people who come through your training
- 7 which is considered one of the best training programs in
- 8 the state and not only that in the nation, and then they
- 9 get it and then they leave and go to other departments.
- 10 Once they get that certificate that document it opens up
- 11 opportunities and they leave you.
- 12 So you have some problems with morale. If
- 13 you had seasoned officers, command officers and others
- 14 and you have young persons coming on to your staff and
- 15 if they get out of line or make a mistake, these
- 16 seasoned officers can mentor them and provide guidance
- 17 to them so they will know the role and how to deal with
- 18 issues that they will meet in the community. But I want
- 19 you to think about that. You need more officers, you
- 20 need better pay if you want to retain not only if you
- 21 want to grow as an organization and that's very
- 22 important. In addition to all the things you have done
- 23 crucial to your success is that you have sufficient
- 24 officers on staff, on technical unit, all across; if you
- 25 want to do an effective job. And I think that you're

- 1 capable of doing that and I wish you well and as a
- 2 representative of Mr. Cushingberry, Councilman
- 3 Cushingberry he supports you. But I do think you need
- 4 to know that he wants to stop that from becoming a
- 5 permanent part of your organization. Make no bones
- 6 about it. And also you need to double your recruiting
- 7 so that you can do a much more effective job. Don't
- 8 think that you need to have less when you can do more.
- 9 That's not true. Thank you.
- 10 COMMISSIONER BELL: Thank you, Dr. Divers.
- 11 COMMISSIONER BURTON: Through the chair I
- 12 have a question for Assistant Chief, A.C. White. I'd
- 13 like to know -- I know that the department is growing as
- 14 far as numbers but where we are today as far as growing
- 15 our reserve officers or reserve division?
- ASSISTANT CHIEF WHITE: That is not a report
- 17 through me and I do not have those numbers. I know that
- 18 the unit has grown but director do you know the numbers?
- 19 MS. OXENDINE: No, I don't have the numbers
- 20 but I think there was some information given when
- 21 Lieutenant Potts came with the Chaplin CORE and also I
- 22 think Commander Bettison made -- I was at a meeting a
- 23 few meetings before that where he reported out some
- 24 numbers about the number of reserve officers that had
- 25 grown. We did at our professional ceremony that we just

- 1 recently have the chief appointed for the first time a
- 2 chief of I think called it the chief reserve officer
- 3 like the chief of police for the reserves if you will.
- 4 So that's a first. So Commander Bettison is probably
- 5 the best person to answer that question with respect to
- 6 the numbers and whatever his process is to grow that
- 7 group. He would have that information.
- 8 COMMISSIONER BURTON: Thank you.
- 9 COMMISSIONER BELL: Any other comments from
- 10 the audience? If not, the chair will entertain a motion
- 11 for adjournment?
- 12 COMMISSIONER MALLETT: So moved.
- 13 COMMISSIONERS: Support.
- 14 COMMISSIONER BELL: Properly moved and
- 15 supported. Those in favor, aye.
- 16 ALL: Aye.
- 17 COMMISSIONER BELL: Opposed? Motion
- 18 carried; thank you.
- 19 (Meeting concluded at 5:11 p.m.)
