1	Detroit, Michigan
2	Thursday, May 11, 2017
3	At approx. 6:41 PM.
4	COMMISSIONER BELL: Good evening. I
5	was traveling from the east side, so it's evening
6	over here, it took that long to get here this
7	evening, but it's good to see all of you here
8	this evening for the weekly evening meeting of
9	the Board of Police Commissioners for the month
10	of May, so I'm Willie Bell, your Chair from
11	District 4 representing the Board of Police
12	Commissioners.
13	So I'm going to call the meeting to
14	order and I'm going to call our very own Bishop
15	Vann, Commissioner Vann for invocation, please.
16	COMMISSIONER VANN: May we pray?
17	(INVOCATION WAS GIVEN).
18	COMMISSIONER BELL: Thank you, Bishop
19	Vann. I don't know about you, but I always feel
20	blessed when he pray for us and collectively for
21	the city of Detroit.
22	But what I would like to do at this
23	time to have a special prayer for a young man who
24	Officer Johnson who's still lingering fighting
25	for life. I just ask you to meditate on him and

	Page 4
1	close your eyes and just think some positive
2	things for him and his family and all the
3	hospital staff and all those who are impacting
4	him and all the officers who are praying for him,
5	so just a moment, please.
6	(SILENCE).
7	COMMISSIONER BELL: Thank you. As we
8	move forward, I'm going to ask my commissioners
9	on my right to introduce themselves and any other
10	brief remarks they might want to make in terms of
11	their service with the Board. Thank you.
12	COMMISSIONER DEWAELSCHE: Thank you.
13	Eva Garza Dewaelsche, commissioner at large and I
14	want to thank you for hosting our meeting again
15	today. Thank you.
16	COMMISSIONER SANDERS: Derrick
17	Sanders, commissioner at large and I'm just glad
18	that we made a prayer for the officer that's
19	wounded in the area of Precinct 2, that really
20	touched me and touched all of us and the
21	commissioners and I just hope that he's able to
22	pull through.
23	COMMISSIONER BROOKS: Elizabeth Brooks,
24	commissioner at large, and I just want to say I

25

am at large, but I'm representing all districts

	Page 5
1	and all neighborhoods, so when I come into your
2	neighborhood to recruit, please know why I'm
3	there; thank you.
4	COMMISSIONER BELL: Thank you. To my
5	left?
6	COMMISSIONER BURTON: I'm Commissioner
7	Willie Burton assigned District 5, but I serve
8	city-wide.
9	COMMISSIONER VANN: Commissioner Edgar
10	Vann, District 2, Northwest Detroit.
11	COMMISSIONER SHELBY: Good evening, my
12	name is Richard Shelby, police commissioner for
13	District 1. I want to thank everyone for coming
14	out tonight. I want to thank all the community
15	leaders for making District 1 the great district
16	that it is.
17	I'm going to ask for special
18	acknowledgement to the command staff of the
19	Detroit Police Department and to the president of
20	6th and 8th Precinct Community Relations Council.
21	Is Ms. McGee here, Mary McGee? Is anyone here
22	from her from the Community Relations Council?
23	I want to acknowledge them for the work
24	that they do. I also want to acknowledge the
25	NPOs that makes my job a lot easier.

Page 6 1 They answer and they address a lot of 2 concerns in the community. This is an exciting time for District 1 because if things go as 3 planned, we should have a new 8th Precinct on 4 Grand River by June. 5 6 (APPLAUSE). 7 COMMISSIONER SHELBY: And that will be our own precinct, so let's keep our fingers 8 9 crossed. Again, I want to thank everyone for coming out and hope you enjoy an informative 10 11 meeting. 12 COMMISSIONER BELL: Thank you, 13 Commissioner Shelby, representing District 1. 14 He's been providing great leadership over three and a half years and he's just really a blessing. 15 When Commissioner Shelby speaks, you really have 16 to listen because he's a quiet spirit, but he's 17 18 always right on target. 19 And do we have any representatives of 20 the pastor or leadership of this great church, Harvest Christian Church? 21 22 COMMISSIONER VANN: Mr. Chair, the 23 pastor is here, Pastor Bob King. 24 COMMISSIONER BELL: Rev. King, pastor,

would you care to make any appropriate remarks

Page 7 you feel as though at this time, we would 1 2 appreciate it. REV. KING: On behalf of the church we 3 just want to welcome you to Northwest Detroit. 4 Sometimes we're forgotten because we're west of 5 Telegraph, but we are part of Detroit and we're 6 7 not going anywhere and so we welcome you to this 8 district and to our community and thank you for 9 just the wonderful job you're doing and we're standing with you for transformation of this city 10 11 and the police department and so, again, thank 12 you very much for all the work that you do. 13 COMMISSIONER BELL: Thank you, Pastor. 14 Commissioners, the Chair would entertain a motion 15 to approve the agenda for this evening's evening. 16 COMMISSIONER VANN: So moved, 17 Mr. Chair. 18 COMMISSIONER DEWAELSCHE: Support. 19 COMMISSIONER BELL: It's been properly 20 loved and supported. Those in favor, aye? 21 COMMISSIONERS: Aye. 22 COMMISSIONER BELL: Those opposed? 23 Motion carries. The next item would be approval of the minutes from May 4, 2017. What is your 24 25 pleasure?

Page 8 1 COMMISSIONER DEWAELSCHE: Support. 2 COMMISSIONER SANDERS: Support. 3 COMMISSIONER BELL: It's been properly moved and supported. Discussion? 4 Those in favor, aye? 5 6 COMMISSIONERS: Aye. 7 COMMISSIONER BELL: Those opposed? 8 Motion carried. At this time I would like to 9 have our Board Secretary Mr. Gregory Hicks introduce the Board staff, please. 10 11 SECRETARY HICKS: Thank you, Mr. Chair. 12 Here at the table this evening we have a new 13 addition. Some of you may know that Robert 14 Brown is away from the city and taking his place 15 next to me is Theresa Blossom who is in change of our media and community coordination area. 16 17 We also have Ms. Johnson, our fiscal 18 person who is directly in front of me and then I 19 know that the Chief has several people who are here from the Office of the Chief Investigator 20 and I will come back to you, but I also want to 21 22 indicate that Sgt. Quinn is doing the taping for 23 this evening, Media Services is doing the audio-visual work for today and then Dale Ross is 24

the court reporter for today.

Page 9 So Chief Drake? 1 2 CHIEF INV. DAVIS-DRAKE: afternoon, everyone. Pamela Davis-Drake, Chief 3 Investigator. With me today is Supervising 4 Investigator Abdullah Nelson. We have two 5 investigators with us as well, Deanne Turner and 6 7 Lashane and I believe that's it. 8 SECRETARY HICKS: And, Mr. Chair, you 9 do have a quorum. COMMISSIONER BELL: Thank you for the 10 11 quorum and thank you for the introduction of 12 staff and good to see all of you here this 13 evening. And to my far left, he's not in uniform 14 today, but we can still recognize him as Chief of Police James E. Craig. 15 16 CHIEF CRAIG: Thank you. 17 (APPLAUSE) . 18 COMMISSIONER BELL: And if Chief Craig 19 will introduce his team we would appreciate it. 20 CHIEF CRAIG: Thank you, Mr. Chair, but 21 as I get started I wanted to thank you and the 22 Board for all your support for Officer Johnson 23 who is still fighting for his life in the hospital. I was there today. Certainly there 24

25

are -- he is showing signs of improvement and so

	Page 10
1	we're encouraged, but I also want to thank all of
2	Detroit because they have truly been praying and
3	I know through those prayers he is showing small
4	signs of improvements, but we'll take that for
5	now, so I want to thank that.
6	So in terms of introductions, I start
7	with 1st Asst. Chief Stair.
8	1ST ASST. CHIEF STAIR: Good evening,
9	1st Asst. Chief Lashinda Stair.
10	COMMISSIONER BELL: Let's give her a
11	round of applause, newly promoted 1st Assistance
12	Chief.
13	(APPLAUSE).
14	(REMAINING COMMAND STAFF WAS
15	INTRODUCED).
16	(APPLAUSE).
17	COMMISSIONER BELL: And, Chief, is that
18	it?
19	CHIEF CRAIG: That should be it.
20	COMMISSIONER BELL: Thank you, Chief,
21	for that introduction. And do we have any
22	elected official with us this evening, any
23	elected officials or representatives of elected
24	officials.

Dr. Divers?

Page 11 DR. DIVERS: I'm the chief of staff 1 2 liaison for the Hon. George Cushingberry who's President Pro Tem of Detroit City Council, 3 District 2. 4 5 (APPLAUSE). 6 COMMISSIONER BELL: Thank you, Dr. 7 Divers. Yes. MS. ODOM: Corina Odom of the office of 8 9 City Councilmember Raquel Castaneda-Lopez. 10 COMMISSIONER BELL: Thank you, and our 11 corporation counsel Butch Hollowell is in the 12 house this evening. Good to see you, sir. Any 13 others? 14 And give yourself a round of applause 15 for all you very important people who have made this meeting this evening. 16 17 The next item is my report. 18 going to make a brief report and this is Police 19 Week. We are finishing up, you have one more day to make your way to a precinct and say hello to 20 these officers who are doing a fine job 365 plus 21 22 days around the clock and they are outstanding, so this is your opportunity to say thank you to 23 24 these officers.

Let's say thank you now. Thank you.

Page 12

1	(APPLAUSE)
2	COMMISSIONER BELL: Okay, this is
3	Police Week and the Chief is going to be
4	traveling with a team of people he going to
5	speak to that for the national memorial service
6	for officers across this country, so I'm not
7	going to steal his thunder, so I can't get to go
8	to D.C., so I'm going to stay right here with
9	you.
10	The next item we're going to we're
11	going to reset our May 18 meeting, 2017 meeting
12	from 3 PM to 2:30 PM and the rationale is that
13	we're going to conduct some personnel matters, so
14	the Chair would entertain a motion to make that
15	adjustment of a half hour.
16	COMMISSIONER DEWAELSCHE: Make the
17	motion to approve.
18	COMMISSIONER VANN: Supported.
19	COMMISSIONER BELL: It's been moved
20	and supported. Those in favor, aye?
21	COMMISSIONERS: Aye.
22	COMMISSIONER BELL: Those opposed?
23	Thank you for your cooperation on that.
24	The next item on the agenda I think
25	I'm following the agenda here, would be that we

Page 13 have a recommendation for executive appointment 1 2 to the rank of Deputy Chief and that individual is Comm. Todd Bettison, the all-purpose young man 3 who serves in so many capacities in the city of 4 Detroit DPD and you have his bio, his resume 5 before you, you received it prior to. So the 6 Chair would entertain a motion to that effect. 7 8 COMMISSIONER DEWAELSCHE: Motion to 9 approve. 10 COMMISSIONER VANN: I second that 11 motion, Mr. Chairman. 12 COMMISSIONER SANDERS: Certify that 13 motion, Mr. Chairman. 14 COMMISSIONER BELL: It's been moved and 15 second. Do we have any discussion on the motion? 16 Those in favor, aye? 17 COMMISSIONERS: Aye. 18 COMMISSIONER BELL: Those opposed, 19 Motion passed, so --20 (APPLAUSE) . 21 COMMISSIONER BELL: I guess the 22 Commander should come forward, right, Chief. CHIEF CRAIG: I would concur. 23 24 Chief needs to make a comment, but, you know, he's a little long winded.

Page 14 1 COMMISSIONER BELL: Well, we know that. 2 We'll give him 2.5 since this is his day. DEP. CHIEF BETTISON: Okay. Well, 3 first of all I want to thank God who's head of my 4 household, and then thank the Chief, thank my 5 command officers, thank my neighborhood police 6 7 officers, thank the Board, thank the community 8 because without the community -- I mean we as 9 police officers is just a department. That's what makes us different. We have the support of 10 11 the community, so it's just a whole lot of thank 12 yous. 13 If I forgot anybody, it was a mistake 14 of the head, not the heart. So I'm a little emotional right now, so thanks. 15 16 (APPLAUSE). 17 COMMISSIONER BELL: That means that 18 you've been workings 12 hours a day and I was 19 told now you got to work 15 hours a day, so man, 20 I don't know, you better keep praying. I don't how you going to handle all that. 21 22 You've got a family too, but well deserving, well deserving, well deserving. 23 And the next item of business would be 24 resolution for --

Page 15 COMMISSIONER VANN: Mr. Chair, if I 1 2 may, I'm just, you know, excited about this appointment and I just want to commend the Chief 3 of Police James Craig because this is my second 4 stint as a police commissioner. 5 I served in the 1990s into the 2000s 6 7 and I've seen this department in other days. 8 I've seen this department when, you know, 9 opportunities were not necessarily available to everyone. And I want to thank our Chief and the 10 leadership of the department now for many of us 11 12 who've been around a while like yourself and 13 others who are sitting at the table know that 14 there's been a great change in the Detroit Police 15 Department. We have great police community 16 17 relations and we have great leadership, so to all 18 of the leaders who are here, thank you very much 19 for all that you do and to Deputy Chief Bettison, 20 congratulations. 21 (APPLAUSE) 22 COMMISSIONER BELL: Okay. Thank you, Commissioner Vann, for those appropriate remarks 23

and I agree with you 110 percent in terms of the

change of status quo in terms as we're moving

24

Page 16 forward. So we have witnessed that and we've 1 2 been part of the future now, so that's a 3 blessing. Commissioner Vann or is that 4 Commissioner Shelby, this is 8th Precinct or 5 which one has the honors. Yes, sir, Commissioner 6 7 Shelby and I think we have a young officer who's going to come forward, is that Officer Campbell, 8 9 NPO -- Coleman, I'm sorry, Coleman. COMMISSIONER VANN: I have a resolution 10 honoring Ms. Peggy Nobel from District 2, but I 11 12 think we have Mr. McClary before, wasn't it. 13 COMMISSIONER SHELBY: This is a 14 resolution honoring Mr. Titus McClary. 15 WHEREAS, Mr. Titus McClary was a native of Georgetown, South Carolina. He came to 16 17 Detroit as a teenager and joined Ebenezer A.M.E. 18 Church with this family and 19 WHEREAS, Mr. McClary graduated from 20 Highland Park High School in 1955 and went to earn a bachelor's degree in criminal justice from 21 22 the University of Detroit. He later studied 23 Urban Ministry at Tyndale College. NOW THEREFORE BE IT RESOLVED that the 24

25

Detroit Board of Police Commissioners, speaking

Page 17 on behalf of the citizens of the great city of 1 2 Detroit and the Detroit Police Department acknowledges the dedication and legacy of Mr. 3 Titus W. McClary. 4 5 His commitment to improving the professionalism of law enforcement and to serving 6 7 the greater Detroit community merits or highest 8 regards. 9 COMMISSIONER BELL: Thank you, Commissioner Shelby. I just want to recognize --10 11 this is more a resolution for Titus McClary, and 12 I had the honor and privilege of working with him 13 in the early '70s. He was a founding members of 14 the Guardians of Michigan, a black police 15 organization, and also he was active with the National Black Police Association and he went on 16 17 to have a distinguished career. He was presently 18 at the time of his death he was on Highland Park 19 Council, before that he was also Mayor of Highland Park and also the school Board. 20 He had an extensive record of 21 22 involvement and I will present the resolution to the family tomorrow, so that's why I wanted to --23 I know him personally and worked with him and 24

25

continue with his involvement with the Wayne

Page 18 County Black Caucus in terms of so many 1 2 activities that he engaged in, so so many years. At one time we thought he was the only 3 officer in Highland Park which I had some 4 interaction with because on a national level he 5 made sure that he was not from Detroit, but he 6 7 was from Highland Park and he put you on the map over and over again. I'm talking about Nelson 8 9 here who's the former Highland Park public safety officer and I know you probably had to work with 10 11 him on -- okay. 12 So that's why we want to recognize this 13 particular resolution and memorial service for 14 Titus McClary tomorrow morning at 10:30 and 15 thank. So the Chair would entertain a motion 16 to that effect. 17 18 COMMISSIONER DEWAELSCHE: So moved. Second. 19 COMMISSIONER SANDERS: 20 COMMISSIONER BELL: Been properly moved 21 and supported. Those in favor, aye? 22 COMMISSIONERS: Aye. 23 COMMISSIONER BELL: Those opposed? 24 Motion carries, thank you, thank you. Yes, Commissioner Vann, our next resolution. 25

Page 19

1	this is your opportunity.
2	COMMISSIONER VANN: Thank you very very
3	much. This is a resolution honoring Ms. Peggy
4	Nobel.
5	WHEREAS Peggy Nobel is a dedicated
6	supporter of the city of Detroit, she received
7	her general education diploma from the Detroit
8	Public School District. She continued her
9	studies and received both her bachelor's degree
10	and master's degree in social work from Wayne
11	State University, and
12	WHEREAS, Ms. Nobel is the president and
13	organizer of the College Park Community
14	Association. Her commitment to the overall
15	well-being of her neighborhood does not only
16	include her work with the Detroit Police
17	Department, but also her efforts working along
18	with other concerned citizens of her
19	neighborhood, and
20	WHEREAS, Ms. Nobel's sincerity and
21	devotion to her neighborhood through community
22	service is an example of the type of citizen that
23	most residents in this community would want as a
24	next-door neighbor and would consider to be a
25	stand-up citizen, always vigilant against

	Page 20
1	lawlessness. Ms. Nobel has been a true pillar to
2	the advancement of her community and the city of
3	Detroit, and
4	WHEREAS Ms. Nobel has received
5	community service awards from the Detroit City
6	Council District 2, the Wayne County
7	Commissioner's Office and Cathy Garrett, Wayne
8	County Clerk's Office. She prides herself in
9	living by the motto "Success is not what you
10	accomplish, but the struggles one prevails
11	through".
12	NOW THEREFORE BE IT RESOLVED that the
13	Detroit Board of Police Commissioners speaking on
14	behalf of the citizens of the great city of
15	Detroit, Detroit Police Department acknowledge
16	the dedicated support of Ms. Peggy Nobel. Her
17	generous spirit and commitment to improving the
18	quality of life for all citizens in the 8th
19	Precinct and throughout the city of Detroit
20	merits our highest regards.
21	We thank you for your leadership and we
22	congratulate you, Ms. Peggy Nobel. This is
23	signed by all of the commissioners of the Board
24	of Police Commissioners hear on May 11, 2017.

I so move, Mr. Chair.

Page 21 1 COMMISSIONER DEWAELSCHE: Support. 2 COMMISSIONER SANDERS: Support. 3 COMMISSIONER BELL: It's been properly moved and supported. Those in favor, aye? 4 5 COMMISSIONERS: Aye. 6 COMMISSIONER BELL: Those opposed? 7 Motion carried, thank you. 8 You have the mic and you can be short 9 and brief. OFFICER COLEMAN: My name is Officer 10 11 Coleman, neighborhood police officer. We've been 12 doing it for about three years and Peggy Nobel 13 has been an inspiration to us with the NPO 14 program and the neighborhood police officers and 15 the police department, so she couldn't be here today, it's her birthday celebrations. I think 16 17 she's 80, she won't tell me -- well, people told 18 me she was 80. 19 Her neighborhood group is throwing a 20 block club meeting surprise party for her right now and she apologizes that she couldn't be here, 21 22 but she has to be there, so I told her how I'd 23 rush over there right now and make sure she gets 24 this.

She thanks everybody for being here and

Page 22

1	this appreciation.
2	COMMISSIONER BELL: Thank you, Coleman,
3	the one and only neighborhood police officer on
4	the west side.
5	(APPLAUSE)
6	COMMISSIONER BELL: Ladies and gents, I
7	asked earlier elected officials and I would like
8	to recognize a young lady who needs no
9	introduction and as Commissioner Vann stated
10	earlier back in the day I had an opportunity to
11	interaction with the legendary Erma Henderson as
12	Council President and I say to this Council
13	President she is walking in those shoes, but she
14	walking in her own shoes and she represents the
15	city at large and she's a great supporter of this
16	Board and of the Detroit Police Department and
17	all the citizens of the city of Detroit, so I'm
18	going to ask her to come forward and she have to
19	say something.
20	Let's give a round of applause to
21	Council President Brenda Jones.
22	COUNCIL PRESIDENT JONES: Good evening
23	to everyone and, you know, I tried to stay in the
24	back and I told them I did not want to say
25	anything but thank you for all of the

Page 23 commissioners for all that you do and all that 1 2 you give and thank you for all of you all for being here and thank you to the officers and as 3 rank go up, you all did not come here to hear me, 4 that's why I tried to stay in the back and I told 5 them I did not want to say anything because when 6 7 you want to hear me, you come to City Council. 8 So I don't have anything to say. 9 You're here to hear them, so I am going to take my seat and probably go back out the room so that 10 11 they won't call me up when you're here for the 12 Board of Police Commissioners meeting, so thank 13 you. 14 COMMISSIONER BELL: Thank you. The next item on the agenda would be our newly 15 appointed AC Williams. 16 17 ASST. CHIEF WILLIAMS: That's correct. 18 COMMISSIONER BELL: And you can explain 19 why the Chief left early too and his team, thank 20 you. 21 ASST. CHIEF WILLIAMS: Thank you, 22 through the Chair. Chief Craig, he left --23 they're going to be departing today to go to D.C. 24 for the Washington Memorial. We have several

25

officers who are going to be placed on -- their

Page 24 names on the wall, so he along with a number of 1 2 our command staff, our officers and other members will be going down to D.C. and they'll be leaving 3 early, some left early this morning. 4 5 For the report out, city-wide we're looking at year to date comparing 2017 to 2016 6 7 our homicide rate is up 3 percent. Sexual 8 assault is down 18 percent. Robbery -- I'm 9 sorry, my numbers are -- sexual assaults are down 15 percent, robbery is down 8 percent. 10 11 We have no change on our carjackings, 12 we're basically at 0 percent change, so 2016 we 13 had 105, 2017 we had 105. 14 And give me one quick second here. want to make sure my data is correct going down. 15 So for non-fatal shootings we're down 3 percent. 16 Our overall violent crime we're down 8 percent 17 18 from 2016. 19 If we go to our property offenses for 20 burglary we're up 8 percent city-wide, for larcenies we're down 14 percent. Stolen vehicles 21 22 we're down 6 percent and we have an overall 23 reduction year to date in all property offenses by 6 percent. Any questions? 24

25

COMMISSIONER BELL: Commissioners, any

Page 25 questions for the Assistant Chief or concerns? 1 2 Well, if not, we thank you for your report. ASST. CHIEF WILLIAMS: Thank you. 3 COMMISSIONER BELL: We move on to the 4 next item would be hearing from the Building, 5 Safety Engineering and Environmental Department 6 7 on medical marijuana. Presentation from that 8 particular group and it's good to see you. Thank 9 you for coming out. MS. FILSEN: Good evening, 10 11 commissioners. My name is Jada Filson, I'm the 12 zoning manager with the Building Department. 13 CHIEF JOHNSON: My name is Chief 14 Johnson, I'm the Chief of Property Maintenance 15 and Code Administration for Building and Safety Engineering Department. 16 17 MS. FELSON: We just wanted to give a 18 quick presentation about medical marijuana within the city of Detroit. This is our mission 19 20 statement for our department. Basically we are trying to make sure the citizens are safe in 21 22 structures within the city of Detroit. 23 So I am the manager of the Zoning 24 Division. So basically we deal with special land

25

use hearings and under our ordinance medical

Page 26 marijuana would be a special land use. 1 It falls 2 under controlled use in our current ordinance. And also Chief Johnson is representing 3 the Property Maintenance Division, so he deals 4 with enforcement of the medical marijuana 5 facilities if they're licenced and unlicensed, we 6 7 do investment. 8 So last year March we started the 9 medical marijuana ordinance and as you know it is only allowed in certain districts, certainly B 10 districts and industrial districts. 11 12 So with that ordinance anyone that 13 applies for a medical marijuana facility in the 14 city of Detroit needs to apply through our website. That is, you know, the Detroit website, 15 detroitmi.gov. We do not take applications at 16 17 the Building Department at all. They would need 18 to apply with their application, their site 19 plans, floor plans, security plan, disposal plan. 20 There is also a spacing requirement with MMCC. You cannot be within 1,000 feet of a 21 22 school or a controlled use or a religious institution. If you are, you would have the go 23 to the Board of Zoning Appeals to try to get that 24

25

spacing waived and that is the end of our

Page 27

	5
1	presentation oh, and then it's just zoning
2	approval.
3	Just pretty much repeating where you
4	can submit the application through the website.
5	Oh, and there also is a search engine I want to
6	put out there, so if you go to the City's website
7	you can put in your address and it will let you
8	know what if you're eligible to proceed
9	through the application process.
10	CHIEF JOHNSON: So one of the exciting
11	things that we want to make sure that everyone is
12	aware of, we have tools that would help one to
13	identify where facilities that have opened is and
14	if in fact there are legally open.
15	We know that in our community we have a
16	lot of medical marijuana facilities that's
17	popping up pretty regularly. In fact, we can see
18	we know that in fact there has been an increase
19	in the Eight Mile Corridor, Grand River Corridor
20	and Gratiot and some of those other larger
21	streets that are impacted by traffic.
22	And so these facilities are becoming
23	very common to see spring up without any notice.
24	In fact, what we find through our process of
25	surveys is that there's an enormous amount of

Page 28

medical marijuana facilities that's open that are
not legally open.

So we have a process through the
Enforcement Division. That process includes

Enforcement Division. That process includes surveying, identifying locations that are opening, responding to complaints and so we're very excited when we get communications from the public to let us know that there is a location that has opened, and the reason I use the word "excited" is because now our adrenalin starts to increase and we're ready to take action because we want everybody to have a safe neighborhoods, particularly those facilities that are near schools, near churches and all of those controlled areas.

We're fortunate to have a great partners in the Detroit Police Department.

Deputy Chief Bettison has taken a lead to assist us with making sure that as we go through the process of closing those facilities down that we are in fact protected.

And we have a good unit that specifically concentrates on that type of enforcement. We have Supervisor Wilkins here, his team is charged with going in and putting

those orange placards that you may see in some of those facilities and at the same time making sure that everybody that's in those facilities that's illegal is out.

Page 29

And in fact if they re-open we go
through the process of providing or giving them
-- issuing tickets as well as it could include
misdemeanor criminal citations.

So in that piece then we then rely on our great partner the Law Department to really help us to make sure that we're following all of the legal requirements that's necessary to effect the enforcement efforts. So even though you may see facilities that may be open and you may conclude that they may be legal, if you want to be sure go to our website,

As you can see on the screen there it has specific identifiers that helps you to see the actual locations for the facility under the conditions the ones that are closed -- I don't know if you can raise that up -- the closed ones are in red and then those ones that are open which the only three that's legally open in terms of approval is in green.

detroitmi.gov/medicalmarijuana.

Page 30

Then we have those ones that are in yellow, those ones that are yellow are locations that in fact have put in an application and yet they're not open. Then we have another section that's in blue or identified in blue which is those locations that they put in an application, they are open, they're allowed to stay open until the application process has ended.

The key point is those ones in red because if we see those ones in red and we go through the survey process and we get a complaint from you the community we'll go back to those locations and make sure that they are in fact closed. If they're not, then we're going to take enforcement action.

So that's the fullest extent of our presentation. The whole purpose of us being here is to really talk to communities and community leaders and certainly inform you contact us, let us know if in fact you have a facility that has opened and you want to make sure that it's opened legally or else we want to go through the process of closing it.

And so we're here to answer any questions. We'll be in the back at the end of

Page 31 this session if you want to answer questions. 1 2 You also have the opportunity to go on the website and provide a complaint. 3 There is a section that allows for that 4 and so that information that you put in, it will 5 go to our Smart Sheet, we'll get the information 6 immediately and then we'll take action if 7 8 necessary on those complaints. 9 COMMISSIONER BELL: Commissioners? COMMISSIONER SHELBY: 10 Through the 11 Chair, once you find a place that's illegally 12 operating, how long does it take to shut that 13 place down? 14 CHIEF JOHNSON: A place that is 15 illegally operating? 16 COMMISSIONER SHELBY: That comes to 17 your attention, how long does it take you to shut 18 that place down? 19 CHIEF JOHNSON: We shut down -- we do 20 enforcement actions on facilities weekly and so if you give us -- for example, if you contact us 21 22 today and say can you check out this facility, we 23 first would go through our data system and see if there is a location that is legally established 24 and then we will respond in that respect, but if

Page 32 in fact it is truly -- has not put in an 1 2 application or the application has been denied and the zoning appeals process has exhausted, 3 then we will go out and send a notice the 4 following week. 5 And so our notice goes out on 6 7 Wednesday, we close them down on Friday. And so that's our time frame for which we do the 8 9 closings. So if you give us information for next week, we're going out and we're taking action. 10 11 COMMISSIONER SHELBY: Just for 12 clarification, you have some dispensaries that's 13 operating and they're still in the application 14 process? 15 CHIEF JOHNSON: Yes, so one of the pieces of the ordinance allows for -- and Mr. 16 17 Hollowell can kind of talk more about the piece 18 of that, but the ordinance allows for buildings 19 that were operating prior to April 1 to start the 20 application process and continue to operate until 21 they exhaust our application process, and then if 22 they take it to Board of Zoning Appeals and they 23 exhaust that process. 24 COMMISSIONER SHELBY: Just one last

25

question. How long is that application process?

Page 33 1 CHIEF JOHNSON: You want to talk about 2 that? 3 MS. FILSON: Right now in BSEED the application process is probably a few weeks. I 4 5 know that the Board of Zoning Appeals is kind of backed up right now because we were inundated so 6 much with so many applications and now we're 7 8 through the process and so everyone is getting 9 shipped to the Board of Zoning Appeals, so --COMMISSIONER VANN: Mr. Chair? 10 11 COMMISSIONER BELL: Yes, sir. 12 COMMISSIONER VANN: Several questions 13 come to mind. I'll try to ask the most succinct 14 ones. No. 1, with the pending applications is 15 this a part of the Detroit ordinance in terms of law or is this coming from the State or -- I 16 17 couldn't open a liquor store and sell liquor with 18 a pending application. Why is this being allowed? 19 20 CHIEF JOHNSON: Can I suggest through the Chair that Mr. Hollowell does his 21 22 presentation which may answer that question. COMMISSIONER BELL: He can come 23 24 forward, yes, sir. 25 MR. HOLLOWELL: Chairman Bell, members

Page 34 of the Commission, again Melvin Butch Hollowell, 1 2 corporation counsel and I serve as legal counsel for all City agencies, the Mayor's office, the 3 City Council, my Council President Brenda Jones, 4 the police department and all City agencies. 5 We also worked hand in glove with the 6 City Council in designing the ordinance as we 7 8 It certainly is not a perfect ordinance, speak. 9 commissioner, as it relates to how can we be open when others are not open, but we tried to strike 10 11 the right balance. 12 And I think once you see where we are 13 today versus where we were we're getting there, 14 we're getting there. When I talk to my 15 colleagues around the country, so I'm the city attorney for Detroit, but when I talk to city 16 attorneys in Denver and San Francisco and 17 18 Philadelphia and around the country. I think we've handled it better I think 19 than anybody else. We've paid out less in terms 20 of lawsuits. We have had fewer instances, 21 22 instances of litigation. We've had more success in administrative and legal judgments from orders 23 24 from the Court.

I think we've struck the right balance

Page 35

1	and let me just go through it and we'll take it
2	from there. So again, this from the Law
3	Department. What we've tried to do is to balance
4	between oversaturation and patient rights, so
5	they just started popping up all over the place.
6	And what happened was that the voters
7	went to the poles, Michigan voters went to the
8	poles in 2008 and they approved the use of
9	medical marijuana in certain instances, although
10	when it was approved at the poles it was pretty
11	messy in terms of how it was written, and so
12	there were a number of Supreme Court and Court of
13	Appeals cases that were kind of all over the
14	place.
15	Are dispensaries allowed, are they not
16	allowed, what are some of the regulations and so
17	it began to open up. And by the time that the
18	City Council passed and you should understand,
19	it's not just one ordinance that's in place,
20	there are two ordinances in place.
21	The first ordinance deals with zoning
22	issues and that was spoken to by my colleagues in
23	BSEED and again it can only be in heavy
24	commercial which is B2 through B4 or heavy

25

industrial, M1 through M4. That's the zoning

Page 36

part of it, so -- and then that speaks to the thousand radial feet from schools, a church, a park, a liquor store or another medical marijuana facility.

And separate from that the Council passed an ordinance that deals with the licensing issue, do you have a site plan, a security plan, and the like. So there are two ordinances that are operating. So the baseline was 283. These were the alleged locations that came in from the start. When they did come in -- I don't know why it won't stick on -- there we go. That's where we started, so I sent a letter to each of the 283.

It was not a nice letter. The letter says that you are operating at your own risk, that in fact until you have received a license, both licenses from the City of Detroit, you are operating at your own risk and you are subject to any and all enforcement of the City of Detroit. That could be the police department, that could be Building, Safety and Engineering, that could be the Law Department going into the chief judge for any judge in the Circuit Court and asking for an order.

Page 37 So I have reserved the right to 1 2 exercise all of our potential enforcement actions against any of the potential facilities, so that 3 letter was sent out immediately after the 4 ordinance was passed to put them on notice, which 5 of course helps me in front of a judge. 6 7 On the history piece, in 1970 the 8 Congress passed the Drug-Free Zone Act which 9 means that -- so what is drug-free zone? A drug-free zone is where a Schedule 1 drug which 10 11 -- you know, marijuana is still a Scheduled 1 12 drug, and so a Schedule 1 drug, you cannot have 13 the manufacture or distribution of a Schedule 1 drug within 1,000 radial feet of a school. 14 15 What do I mean by radial feet, so if 16 you take --17 COMMISSIONER BELL: Excuse me, but 18 would you talk about the mic because we are 19 recording. MR. HOLLOWELL: Yeah, sure. So radial 20 21 feet is the edge of the property and so you do a 22 big circle and if it's within 1,000 feet of that circle, that's a drug-free zone. 23 24 So after -- in the '70s then most of

25

the states including Michigan passed its own

Page 38

version of the Drug-Free Zone Act. Michigan is a little different, so we have not just schools, but also libraries. Now, our ordnance adds some other things, so we have a state law in place.

I already talked to you about 2008, voters went to the poles and it's only supposed to be used for certain things such as cancer, HIV AIDS and glaucoma and chronic pain. The law says five patients, 12 plants per patient. It was — the law was revised by the state legislature in December of 2016 which clarified the dispensaries are in fact legal and that edibles — so it's not just smoking a joint, but it's edibles, so sometimes they have gummy bears or they're in rice crispy treats or brownies or these kind of things, so edibles.

The way the technology -- the agricultural technology is working is let's say you had a joint and that joint was 90 percent buzz, but 10 percent the delivery of certain medicine and we've known for centuries that there are certain medicinal properties in it, they're now starting to engineer it so that the medicine is 90 percent medicinal and 10 percent the other way.

Page 39

1	So they are making changes in that
2	rapidly. The City again self-regulates. When we
3	looked at Councilman Tate and the rest of the
4	Council passed that ordinance which became
5	effective March 1 of 2017, I already talked to
6	you about the M1 through M4, heavy industrial,
7	and B1 through B4, heavy commercial. Why those,
8	because we wanted to take it out of the
9	neighborhood. That's why those zones were
10	picked.
11	You have to close also by 8 o'clock PM,
12	that's another thing that you can help us be eyes
13	and ears. If you call in and you see oh, there's
14	still an "open" sign and it's 9 o'clock, it's 10
15	o'clock, you can call that in. That's a
16	violation. I can use that in my pleadings.
17	So after so that's kind of how we
18	got where we are. The dispensaries allowed under
19	the ordinance, we did not put a hard cap on that,
20	so I've talked to city attorneys, my colleagues
21	in Toronto and Paris and San Francisco and a lot
22	of other areas. Some put caps on it and some
23	haven't.
24	Most of them have gotten bogged down in

25

litigation; we haven't. We've won every case by

Page 40

1	the way, and so we didn't put a hard cap on it,
2	it's a soft cap, which means that if you look at
3	the 1,000 foot radius for all of the criteria and
4	if you look at the zones, the B2 through B4, in
5	the end you're going to fit no more than probably
6	50 across the city and most of them again will be
7	located in heavy commercial and heavy industrial
8	areas, so about 50 locations when they get done.
9	As BSEED indicated before I got up,
10	they're at about three have been approved so far.
11	You can track it on the web and on the
12	detroitmi.gov/medicalmarijuana, so again it
13	tracks the status enforcement in real time, the
14	applications. So what they do is they come in
15	for these special land use hearings, they make
16	their case. Mr. Blackman and others are
17	generally there on behalf of the community.
18	He's been wave your hand,
19	Mr. Blackman, so he's been great. So he is he
20	speaks on behalf of the community. He's got a
21	very legitimate perspective in terms of what you
22	were saying, Commissioner Vann, and saying I
23	don't think this is necessarily good, but then
24	you have others who have the right to say I do

25

think it's good, so we have a law which allows

Page 41

1 for due process.

That's why we've done so well in court, we've tried to balance the interests as best we can. If they lose at the special land use hearing they have a right to appeal to the Board of Zoning Appeals and if you lose at the Board of Zoning Appeals you can appeal it to the Circuit Court.

And I serve as counsel to both the Board of Zoning appeals, BSEED as well as if the action gets into Circuit Court. There have been the number of actions in Circuit Court. You may remember the very first one, got a lot of publicity. The judge in the case had -- we got the judge thrown off the case. They tried to get a class action. We got the law firm thrown off the case and that was very important for me and for the Law Department to set a tone that if you are going to file a case, you're going to have a hard time in this respect, so we haven't lost a case yet.

It is an inter-departmental solution, so that's DPD and BSEED, so what I typically ask for is that we have an NPO, a neighborhood police officer, working in tandem with an inspector from

Page 42 They go in together, for safety purposes 1 2 and other purposes. You knock on the door. If they don't 3 open the door, you don't need to kick the door in 4 because under the building code if a business 5 does not allow entry for an enforcement official 6 that is a per se violation of the code. 7 8 all I need. All you need to do is write down the 9 fact that I knocked on the door, I tried to get in, they didn't let me in. 10 11 If they do let you in, I don't need you 12 to take anything. All I need you to do is take a 13 photograph and I can use that in my pleadings in front of any court. 14 15 We also look at weed maps which is a -it's a website, I look at that. 16 If it's 17 registered there, I'll put that in the pleadings 18 as well, Metro Times, I'll put that in there as 19 well, and then I can file lawsuits in Wayne 20 County Circuit Courts and, again, we've been very successful in that regard. 21 22 So this is -- so you see that -- you 23 see that orange poster right there and underneath it is a padlocking, so if we take an 24

25

administrative action and what I ask for is a

Page 43 range of relief from the Court, I ask for 1 2 shutdown, I ask for postering, I ask for fines, penalties and I ask for padlocking. 3 There's a lot of money involved in 4 this, so they try to get around it every which 5 6 way. 7 So we continue to follow them even n 8 social media. So it might be that you see that 9 the orange sticker is still there in the front and the padlock is there, but you can go on weed 10 11 maps and they'll say yeah, we've meet you around 12 back at 10 o'clock. We still follow it, we follow 13 it. We want to let you know that we follow it. And then on the plants, 12 plants per 14 patient, new testing protocols. I'm also 15 concerned now about what's the next step, where 16 17 are we going next on this and that is on the 18 testing side of things. 19 I mean, if you go and get -- you know, 20 I take Lipitor, so if I go to CVS and get my Lipitor refilled, it tells me that it's good and 21 22 it's from this place and it's got certain testing, etc. 23

24

25

This is something that's being

ingested, so we're going to need to have testing

	Page 44
1	protocols for this, laboratories that are going
2	to be certified. We're getting ahead of the
3	game. The State frankly we didn't wait for
4	the State in terms of their legislation, so we're
5	going to have to have testing protocols for this
6	to ensure life and safety issues are complied
7	with in the city.
8	COMMISSIONER VANN: Mr. Hollowell I
9	mean I'm respectful of your presentation, thank
10	you for bringing it, but it doesn't look like
11	we're doing a good job of managing these
12	facilities from the City's standpoint.
13	MR. HOLLOWELL: Take a look at this
14	next slide.
15	COMMISSIONER VANN: Well, I want you to
16	address that.
17	MR. HOLLOWELL: 14 lawsuits were filed
18	in eight weeks, no lawsuits lost, 167 facilities,
19	167 closed by City enforcement.
20	78 of those were closures by BSEED and
21	DPD. The balance were closed by lawsuits. We
22	have a very dedicated we have not lost a case
23	and let me tell you something.
24	Because of the money that's involved in
25	this, they now are not just hiring smaller

Page 45 lawsuits, they're hiring the biggest law firms in 1 2 town. So we have closed 167 facilities in the 3 city without losing a case. Nobody in the United 4 States has that record, nobody. 5 COMMISSIONER VANN: I mean, that's 6 7 great from a legal perspective, but I think that 8 what the community wants to hear -- I know in my 9 district where I live and you live as well, we know that one of the Number 1 concerns, 10 11 especially in the 12th Precinct, with Woodward, 12 Eight Mile, etc. are the proliferation of these 13 dispensaries that are illegally open. open all kind of hours, they're selling fake 14 15 medical cards to people, they're doing all kinds of stuff, literally almost under the nose of a 16 system that's not managing them well. 17 18 I'm glad that you're doing well with 19 your lawsuits, but the dispensaries are still in the community and it's a deleterious effect in 20 the community on the people in that community 21 22 property values, quality of life, you name it. And I just think that, you know, I 23 24 would like to see the vigorous enforcement from

25

the City's perspective with these dispensaries

	Page 46
1	and I just don't think I think we've taken
2	sort of a laissez-faire attitude with it, that's
3	what it appears.
4	MR. HOLLOWELL: No, sir, no,
5	commissioner. No, sir.
6	COMMISSIONER VANN: In my district
7	that's what it appears to me. And I think what
8	we need to do is I mean, how can you vouch for
9	the veracity of the products that are being sold?
10	How are we managing the facilities?
11	You're allowing people I couldn't open up I
12	couldn't sell liquor, I can't sell lottery
13	tickets, I can't cut hair without a license
14	legally.
15	And so why is it that these
16	dispensaries are allowed to proliferate without
17	licenses or pending licenses and not even
18	approved facilities?
19	I mean, I'm just I'm very concerned
20	about it and it's like one of the Number 1 things
21	that my constituents ask about.
22	MR. HOLLOWELL: So, if I could, with
23	respect I validate where you're coming from. I
24	vigorously disagree, vigorously disagree as it
25	relates to the approach. No one has had the kind

Page 47 of success that we've had and the reasons that we've had success is we haven't kicked in the door. We could do that. There is a temptation to do that, but what happened is I'm in Federal Court then, it stayed open, I've got a claim saying you stole my patients' medicine, and we get something that get ties up the courts for two years.

By doing it this way, we have closed down 167 facilities. If we go to the first slide, we started with 283, we started with 283. There is no laissez-faire about this whatsoever. We have all of our resources that are dedicated on the strike force within the Law Department, very vigorously going toward this.

Is there something that we could do as it relates to tightening up the law, I think so.

Is there a way that we could do it better in terms of enforcement with respect to getting into court, absolutely not, absolutely not.

And when you look at the cities around the country they have been paralyzed with lawsuits, we have not. So I will defend my lawyers in the nth degree in terms of the process that they have gone through and, again, we have

	Page 48
1	closed 167, 65 are in the approval process, we've
2	had three approved, we got about 50 more, Bishop,
3	we've got about 50 more to be closed.
4	So we're going to keep on that path. I
5	understand what you're saying, but I also know
6	how difficult the work is as it relates to
7	getting these facilities in front of a judge,
8	allowing the other side to argue the case, filing
9	the briefs on this case and then winning every
10	one in front of a court.
11	So I'm very proud of the job that our
12	lawyers have done in this case.
13	COMMISSIONER BELL: Any other comments,
14	Commissioner Vann?
15	COMMISSIONER VANN: No, I'll leave it
16	there.
17	COMMISSIONER BELL: Any other
18	commissioners?
19	COMMISSIONER BROOKS: Yes, I just want
20	to thank you. I thought it was a very good
21	report, I feel good about it because the
22	commissioners brought this to you, to the Council
23	and you all have been doing a wonderful job I
24	think.
25	And my question would be, when you have

Page 49 the 50, will they be located in the city in 1 2 different areas or just wherever they are? MR. HOLLOWELL: Yes, commissioner, they 3 will be -- so those 50 will have to be separated 4 by at least 1,000 feet within only heavy 5 industrial or heavily commercial areas and 1,000 6 feet, what is that, about three football fields 7 and then it has to be, again, 1,000 feet from a 8 9 school, a park, a church, a liquor store which is a "controlled use" under the zoning ordinance or 10 11 another medical marijuana facility. 12 And so when they're open, again they 13 will be subject to inspection like any other 14 business in the city and they will be in places 15 where we will take them out of the neighborhoods, again heavy industrial, heavy commercial. 16 17 COMMISSIONER BROOKE: Thank you. 18 COMMISSIONER BELL: Yes, ma'am. 19 COMMISSIONER DEWAELSCHE: Yes. The question I have is earlier it was mentioned that 20 21 there are several appeals that the facility can 22 take, so what is the average length -- I don't 23 know if that was answered or asked earlier, because on Woodward and Seven Mile there has to 24

25

be five or six like within a block or two blocks.

Page 50

None of them look like they're closed 1 2 and you're saying only three are legally open right now, so -- and they've been there for years 3 -- at least since 2008 or around that time. 4 of them are closed so what is the length or the 5 average length of the appeals process? 6 So first the ordinance 7 MR. HOLLOWELL: 8 only went into effect in 2016, so March 1, 2016 9 from that ate and each one of those -- actually there are five -- each one of those five are in 10 11 the application process. 12 The application process, I think BSEED 13 can answer it more, more quickly. Once it gets 14 through the special land use hearing and the 15 appeal is to the Board of Zoning Appeals they can hear, I think, a half a dozen to a dozen cases on 16 17 a monthly basis, and then it's really up to each 18 one of the facilities if they lose at the Board 19 of Zoning Appeals and decide to appeal to the 20 Circuit Court they've got 30 days in which to make that -- to file a Complaint and then the 21 22 City has the right to answer the Complaint and 23 litigate the case.

CHIEF JOHNSON: And so one of the additional pieces to that, so we have roughly 135

24

cases or applications that's going through the process and so when you factor that into almost a dozen or so appeals that can be heard at any one given time, they meet I think once a week, and so that becomes a longer process.

Page 51

They also have to go through the application, the full application process which includes a building permit and all those other types of regulatory activity.

That of course will allow these processes to be for a longer period of time, certainly than we would like. And then of course with those ones that are in the application process and open, those are only the ones that were open prior to that April or March date.

Then we closely monitor those ones, so that if they close, then all bets are off, they cannot reopen. Those ones that are on Woodward we are monitoring those ones to in fact catch them at the point of being open, catching them to see if they have signs up, so we're constantly going down Woodward, down Eight Mile, Grand River, all of these streets that we would typically find that may in fact have these facility that's popping up.

Page 52

1	And so we have an enforcement office
2	and that office itself has seven inspectors.
3	Then we have another 30 inspectors that go
4	through the city throughout the city to do
5	inspection activity.
6	As they're out in these communities and
7	on these streets, all the inspectors are charged
8	with letting us know if there are facilities that
9	in fact have opened. We then go back out and
10	take action to those ones that has illegally
11	that is open illegally. And so to that extent we
12	are constantly out there and to the
13	commissioner's point, this is a chief concern of
14	the director of Building and Safety.
15	It's a huge responsibility that I have
16	and then I have a deputy chief as well as
17	supervisors that are charged with making sure
18	that any of those facilities that's open that can
19	be identified that we get on those right away.
20	So the community is of excellent help to letting
21	us you know that in fact there are facilities
22	that have popped up.
23	We encourage, please, contact us. We
24	want to get out, we want to address those ones
25	that in fact are opening illegally.

Page 53 1 COMMISSIONER DEWAELSCHE: Excuse me, I 2 have one more. It was very helpful to know that they were not supposed to be open after 8 so I'm 3 glad I learned that because often I see cars in 4 these lots of these facilities. 5 But the other question I have or that 6 7 least, you know, when you said earlier that --8 or, I'm sorry, attorney Hollowell, when you said 9 earlier that these facilities are for glaucoma, cancer, HIV, then why are they in hospitals? 10 11 MR. HOLLOWELL: Well, the voters -- I 12 I mean, the voters -agree. 13 COMMISSIONER DEWAELSCHE: No one would 14 be opposed to that. 15 MR. HOLLOWELL: I wouldn't disagree with you, commissioner, but the voters of the 16 17 state of Michigan went to the poles and that was 18 the law they passed. I didn't pass that law, so 19 I have to enforce that law and that's how it was 20 written. 21 COMMISSIONER DEWAELSCHE: It was just a 22 sarcastic comment; thank you. MR. HOLLOWELL: No, I know. So the law 23 24 is what it is and I have to enforce it.

COMMISSIONER BELL: Any other comments

Page 54

1	from the commissioners.
2	COMMISSIONER VANN: Mr. Chairman, just
3	one last thing. The last comment was well taken.
4	I think we can see the idiocy of this and how
5	it's unfolded, but this will not be the only
6	thing we have to deal with. We have a political
7	party out there right now that's putting this on
8	the ballot next year so they can get people out
9	to vote for governor and if this passes, whatever
10	iteration of that recommendation passes, are you
11	preparing for that particular moment as well
12	because obviously with the confusion that took
13	place with medical marijuana in this city, state
14	and again with the federal law, how is all of
15	that going to be reconciled with that
16	eventuality?
17	MR. HOLLOWELL: You're right on the
18	money as usual, commissioner. Yes, I've heard
19	the same thing that you have, that they are
20	working very hard and even last year they were
21	working hard to try to get this on the ballot to
22	legalize and that's different than medical
23	marijuana. What the commissioner is talking
24	about is legalizing it as some states have done

such as Colorado.

Page 55

1	And they've had a lot of problems in
2	Colorado. They did the same thing a year ago in
3	Ohio, so they were able to get enough signatures
4	to put it on the ballot in Ohio. It lost,
5	everone thought it would pass, but it lost in
6	Ohio even though it was leading in the poles most
7	of the way.
8	And one way or the other I think you're
9	right, I think that there will be enough
10	signatures to put this on the ballot. It was on
11	the ballot in Detroit as you know about a decade
12	ago where we passed it, we decriminalized
13	marijuana in the city of Detroit by a 70 percent
14	margin for an ounce or less.
15	But it probably will get on the ballot.
16	Whether it passes or not, I don't know what the
17	political climate will be.
18	Are we preparing for it, yes, we are.
19	In particular I'm looking at Colorado and some of
20	the problems. At first they were saying oh, this
21	is going to be so great. That hasn't turned out
22	to be so great in terms of people say it's going
23	to be just a source of revenue and then they
24	segment it into three separate sections, so you
25	have the manufacturer, that is let's say the

Page 56

State would identify certain areas that will be fields, so instead of growing corn you'd grow marijuana right.

So you have the manufacture and then you have the distribution, how do you get it from the marijuana farms let's say in Alpena or Cadillac or the Upper Peninsula and get it distributed on trucks or however it would be distributed.

And then you have the retail side of it, that is the dispensaries that we see. Those three areas are what the state legislature has been talking about and those who would like to put it on the ballot in Michigan and other states.

And in each one of those you have people that are making the argument, well, you know, it's jobs, you can tax it, you can use the taxes, you can get it out from underneath the shadows, so I've heard all the arguments. But I've been paying very close attention to what's going on around the country, particularly Colorado. We will be prepared for that if it does get on the ballot and I've got a great team, so it is possible that it's on the ballot next

Page 57

1	year.
2	COMMISSIONER BELL: Commissioner
3	Carter?
4	COMMISSIONER CARTER: What kind of
5	enforcement are you doing to ensure that that
6	happened? Are the inspectors going out after
7	do they change shifts or do they do the
8	enforcement after 8 o'clock? Do they do
9	inspections after 8 o'clock?
10	CHIEF JOHNSON: Well, this is the
11	challenge. We do do inspections. There are
12	occasions where we will do inspections. We're
13	looking at some policies and procedures that we
14	can work along with the police department,
15	particularly with those officers who are
16	patrolling at night because they certainly can be
17	a representative of our actions.
18	In other words, if they identify a
19	facility that's open, we need only to get that
20	information and then we can take our enforcement
21	action against that facility.
22	It certainly goes to the fact of the
23	application process. We've had some discussions
24	about that so that if there is a person that's
25	going through the application process and is

allows to be open during that process and yet go beyond what the scope of the permission is, then we're moving to -- considering removing that application process then -- which then would make that facility as a whole illegal.

Page 58

So there are some steps. We do have some challenges with having different shifts and those types of things and being able to do our other types of activities, but that on occasions we will do some types of enforcement later on in the evening which will allow us to identify those facilities.

COMMISSIONER CARTER: And then it's important that the citizens report, as you stated, that when they see dispensaries open after 8 o'clock?

CHIEF JOHNSON: I can't stress that enough. I mean, the fact is that every time we get those reports, that gives us an opportunity to act because, quite frankly, we do find that the majority of those facilities that open, they open up in the evening or in the afternoon when we've already done our inspections quite often, particularly when we go through closings and so much more later on in the evening or in the

Page 59 afternoon we find ourselves doing closings as 1 2 opposed to before we were doing closings earlier during the day, so we're looking at all avenues, 3 all opportunities to make sure that those illegal 4 facilities are not operating. 5 And so the community's involvement is 6 7 so great and our community is unique in that or 8 an urban community because we do get a lot of 9 involvement from community members and we get, like Mr. Blackman, those ones who have -- that 10 11 make a voice and they ring in my ear and so I'm 12 waiting for that ring and we're taking action. 13 COMMISSIONER CARTER: Thank you. Thank 14 you, Mr. Chair. 15 COMMISSIONER BROOKS: Yes, I have one other -- this is my last one. I'm wondering if 16 17 the dispensaries will take a chance with the 18 Green Light Project. I think that would be very 19 helpful for them because it feeds into the police 20 department? MR. HOLLOWELL: You mean once the 50 --21 22 COMMISSIONER BROOKS: Once they're 23 open, officially open. 24 MR. HOLLOWELL: That's a great idea.

COMMISSIONER BROOKS: Officially part

Page 60

1	of the 50, the Green Light.
2	MR. HOLLOWELL: And they already have
3	the green lights, right, so yeah. So you're
4	right, it would be a great idea.
5	COMMISSIONER BROOKS: Thank you.
6	COMMISSIONER BELL: Commission Burton?
7	COMMISSIONER BURTON: Mr. Corporation
8	Counsel Butch Hollowell, I just want to say great
9	presentation right away. Thanks for enlightening
10	this Board.
11	Secondly, there are at few dispensaries
12	in my district in the 5th District that some of
13	my constituents are pretty concerned about and
14	I'd like to know I can get those addresses. I
15	guess I don't know, would I send them to your
16	office or who do I e-mail them to to see are they
17	in compliance with the City of Detroit of that
18	nature, but I can send that over perhaps by
19	Monday.
20	CHIEF JOHNSON: That would be great, so
21	my e-mail is ericj@detroitmi.gov. You can send
22	that any of those addresses to me, any
23	community person, you can share that e-mail with
24	your communities, use that e-mail ericj and just
25	indicate as your heading either if you have a

	Page 61
1	difficult time with medical marijuana, the
2	spelling, I did earlier on, is it j or h, you can
3	certainly just say MMCC and that will clue me in
4	to it and I'll open it up and we will address
5	it, so yes, please, send the information to me.
6	COMMISSIONER BURTON: So would it be
7	ericj in Groupwise?
8	CHIEF JOHNSON: Yes, but for those who
9	don't have Groupwise ericj@detroitmi.gov.
10	COMMISSIONER BURTON: Thank you. I will
11	be e-mailing you something on Monday, thank you.
12	COMMISSIONER BELL: Is there's no other
13	questions and comments, I know this issue is
14	really complex legally and the community concern
15	about it, so hopefully we can have some ongoing
16	dialog that we can really have share
17	information just like you said, 8 PM closing, we
18	was not aware I assume DPD was aware of that
19	particular issue, but I would make one request,
20	that you share one copy of your Powerpoint, that
21	would be helpful to the commissioners and to the
22	office and we can duplicate it from there.
23	That would enlighten us in terms of we
24	go forward because it comes up as you will know
25	throughout the community in terms of it appears

Page 62 like we operate in the same manner that we have 1 2 beer and wine stores in the city of Detroit and I know that's not the case, but there's appearance 3 of that reality in terms of how people's 4 perception of it, so I want to thank you for 5 bringing forth your Powerpoint, Mr. Hollowell and 6 7 BSEED team. We look forward to some more 8 interaction on that. 9 If there's no other issues, thank you. 10 MR. HOLLOWELL: Thank you, Mr. Chairman. It's a delight to be in front of you. 11 12 I'll come in front of this honorable body at any 13 time that you so request. 14 I'll take a copy of this report and give it to Greg Hicks if that would be helpful 15 and I'm available to you at any time, so thank 16 17 you again for the opportunity. 18 COMMISSIONER BELL: Thank you, we appreciate it. Audience, thank you for your 19 20 patience. I hope that you have taken time to fill out the cards. BSEED, I don't know if Butch 21 22 Hollowell is going to still be around, but if your questions comes up, I'm pretty sure they can 23 entertain any concerns you might have, so we'll 24

25

move on.

Page 63

1	I'd just like to do a little
2	housekeeping. Let the record reflect that
3	Commissioner Reggie Crawford is excused absent
4	for this meeting, he could not make it, he's out
5	of town.
6	So as we move on to presentation from
7	the Homicide Division, that would be the next
8	item.
9	COMM. WILSON: Good evening, Board
10	members, Assistant Chief. For the record, Marlin
11	Wilson, Commander, Major Crimes Division. With
12	me today I have Lt. McGinnis of the Homicide
13	Division.
14	This evening we're going to give you a
15	brief overview of the Homicide Unit year-to-date.
16	So I'm going to start with the staffing levels.
17	Currently we have 64 members assigned to
18	Homicide. That includes one captain, three
19	lieutenants and an administrative team. The
20	remaining members are divided in-between nine
21	squads.
22	Those nine squads are as follows. We
23	have five district/precinct squads and they
24	handle the bulk of the investigations.
25	Next we have Fatal Squad, they handle

Page 64 all traffic-related facilities. The Homicide 1 2 Task Force, that's a joint task force between ourselves and the Michigan State Police. 3 They handle all of your police officer 4 involved shootings as well as fatalities 5 involving multiple victims. 6 7 Next we believe our Inactive Case Squad 8 which focuses on cold cases and lastly we have 9 the Headquarters Surveillance Unit which is the apprehension arm of Homicide. 10 Year to date the Homicide Unit has 11 investigated 97 homicides. That's an increase of 12 13 2 percent compared to last year. The current 14 closure rate is 69 percent which is an increase 15 of 16 percent and I just want to make one note. That 69 percent is approximately 5 16 17 percent above the national average. 18 In order to achieve that closure rate 19 we work with many units and I just want to 20 highlight a few. 21 We work with Michigan State Police, 22 Michigan Department of Corrections, Mothers of Murdered Children, our federal partners, FBI, 23 24 DEA, United States Marshals and ATF.

Lastly for my portion or the

presentation I just want to highlight a couple of initiatives that we have ongoing. We work with, at I said earlier in the previous slide, Mothers of Murdered Children, the Victim Assistance Program, as far as our Ceasefire Outreach Program.

Page 65

We utilize these services to provide advocacy and direct service programs for the families impacted by homicides, so what that encompasses is they conduct monthly support group meetings, individual peer counseling as well as providing financial assistance for funeral service and transportation costs back and forth to court.

One of the most recent initiatives that we took on is probably about two months in, we started work with the Drug Enforcement

Administration on their Overdose Project. We got some data from DEA which was pretty alarming. In the year -- last year there was over 816 overdose deaths recorded in Wayne County with 406 of those occurring in the city of Detroit.

So based on that information, we had a conversation with the Chief. We met with the stakeholders from DEA and we joined their task

Page 66

1	force.
2	So we go out with them on a regular
3	basis and we meet weekly, we exchange information
4	and the goal is for us to use data-driven target
5	enforcement against individuals that are selling
6	and using. We also want to go out and provide
7	education to the public regarding this issue.
8	We have our first townhall meeting
9	that's going to be scheduled for June 14 at Wayne
10	State University, 6 PM to 8 PM at their Law
11	School which is 471 West Palmer and that's open
12	to the public, everyone is welcome to attend.
13	You can go there and ask questions, get
14	literature and things of that nature. That's
15	going to conclude my portion and I'm going to
16	have Lt. McGinnis complete the presentation and
17	what he's going to do is give us an update on our
18	Ceasefire enforcement related to Homicide.
19	LT. McGINNIS: Good evening. For those
20	of you that are not aware, Ceasefire is a
21	community-led program, it's a crime prevention
22	strategy that began in Detroit in 2013 and it
23	started in the 9th and 5th Precincts, otherwise
24	known as the Eastern District.

25

And it's a different model for fighting

Page 67 crime than what the police department and police 1 2 officers are used to. It encompasses using community resources collaboratively to combat the 3 crime by targeting high offenders or groups that 4 are driving up the crime. 5 The numbers in the 9th and 5th 6 7 Precincts show that it seems to be working, so it is now expanded as of just over a year ago to the 8 9 west side to include the 6th, 8th and 12th Precincts. 10 11 So the slide there that is up shows the 12 homicides from 2012 where we were at near the 400 13 and all the way through to 2016 where the numbers 14 dropped to 302. What this shows is the number of 15 homicides in the 9th and 5th Precincts specifically in that time frame and you can see 16 17 that in those two precincts in 2012 we had 88 18 homicides. By 2016 we were down to 61 and 19 Ceasefire started in those precincts in 2013, so it's hard not to think that the Ceasefire program 20 did not have an influence in driving those 21 22 numbers down. The next slide, this shows our homicide 23

24

25

closure rate for the 9th and 5th Precincts which

for that same time period while the homicides

Page 68

were going down, our homicide closure rate was going up from just in 2012 closing only 18 cases to closing 35 or nearly 70 percent of the cases in 2016.

So, again, that supports that the Ceasefire program is working. So this slide shows the numbers from 9 and 5 in comparison to the numbers from the 6th and 8th Precincts.

9 and 5 are in blue, and 6 and 8 are in orange and the reason why I wanted to show this slide is because you can see it going down in 9 and 5 where in 6 and 8 it went a little bit, but then it went back up, and so that's where we hope the Ceasefire program will have the same effect in the 6th and 8th Precincts.

I can speak a little bit to the program itself. It's new to me. As a police officer or former street police officer I have bought into the idea, I think it works. I think the numbers show that it works. It involved Michigan Department of Corrections. We have community outreach partners that are able to speak to these groups or gangs that are driving up the crime and send the message and have them receive the message better than me, a police officer in

Page 69 uniform who they may not listen to. 1 2 The Wayne County Prosecutor's Office is involved as well as the Assistant U.S. Attorney's 3 Office, all of the federal partners and the 4 Michigan State University does quite a bit with 5 analytics. So I imagine at some point this Board 6 7 will probably have a presentation if it hasn't already from our Gang Intelligence Unit which is 8 9 the unit that is driving the Ceasefire program. However, I just wanted to introduce the 10 11 numbers to you as relates to Homicide and how we 12 think it is working. Thank you. 13 COMMISSIONER BELL: Thank you. Commissioners, questions or comments? 14 15 COMMISSIONER VANN: Very quickly, Mr. Chair, these are good statistics. 16 17 the sort of abysmal closure rate that took place 18 in the past. I've seen it down through the 19 years, so to see that you're making progress

ASST. CHIEF JOHNSON: Through the Chair, I just want to commend the Homicide Section. A lot of people don't really realize, piggybacking on what Commissioner Vann just spoke on that the actual implication that it has that

toward better metrics is a good thing.

20

21

22

23

24

Page 70 we're nearing 70 percent closure rate. 1 I mean, 2 that's the highest -- we're above the national average right now. It is very significant and I 3 just wanted to make sure that significance is 4 stressed going forward, so good job. 5 COMMISSIONER DEWAELSCHE: I do have a 6 7 These charts are extremely helpful to 8 see the progress and I think it's extremely 9 helpful to show to the community as well, not just to the Board, so I think you for the 10 11 Powerpoint. 12 It shows that we're moving in the right 13 direction and I thank you for your work, 14 appreciate it. 15 LT. McGINNIS: Thank you. COMMISSIONER BELL: Once again, on 16 17 behalf of the Board make sure you provide a copy 18 of your Powerpoint, please, we would appreciate 19 that and thank you for your work and continue 20 work. I just wish that you were not so busy due to the nature of homicide, responding to the 21 22 crisis scene of a shooting, it might be fatal. I always convey to people, they wonder why we don't 23 have enough police to respond in 9-1-1. 24

A homicide scene requires manpower to

Page 71 be there for the Homicide team to come out, so 1 2 you talking about tieing up a minimum of three to four cars, that might be still true? 3 4 LT. McGINNIS: That's true. COMMISSIONER BELL: So that's why when 5 you look at the manpower, they're not available 6 because they're tied up on a homicide potential 7 scene or any fatal shooting that, so I just want 8 9 to commend you for the outstanding work and your national average, but it's still no relief to the 10 11 moms and dads on TV asking for closure, but one 12 message that we can convey to the public is that 13 we need gun safety. 14 We need more people to be conscious about their firearms. I understand you have a 15 right to bear arms, you carry arms in your 16 17 household, but there's too many kids, too many 18 shooting of police officers, too many shootings 19 period of people with guns they do not have the 20 ability to use them safely, so make sure you store them and you properly have safekeeping. 21 22 I understanding the nature, when you 23 pull that trigger, you can't put it back and so that's -- I just want to remind the public keep 24 that in mind as we live in a gun society, so

Page 72 thank you, thank you once again. 1 2 LT. McGINNIS: Thank you, sir. 3 (APPLAUSE) COMMISSIONER BELL: And finally our 4 host precinct, the 8th Precinct. Thank you for 5 being patient. 6 7 CAPT. WERBOYCE: For the record, Capt. 8 Kirt Werboyce, 8th Precinct here representing 9 No. 8 for Comm. Jacqueline Pritchett. Good evening to the Board, AC Williams. Thank you for 10 11 coming over to the west side and specifically to 12 the 8th Precinct, I'm glad to have you here. 13 Going to report out on some of the 14 things going on in No. 8 over the past year. 15 Start off with description of our boundaries. have the northern border is Eight Mile from Five 16 17 Points Road to Greenfield. Eastern border is 18 going to be the Greenfield corridor, Eight Mile down to Schoolcraft. We have our western border 19 is Five Points to Puritan, Telegraph to Fenkell, 20 and then our southern border is Puritan to Five 21 22 Points -- excuse me, Five Points to Telegraph, 23 Fenkell from Telegraph to Evergreen and 24 Schoolcraft from Evergreen to Greenfield.

The population of the 8th Precinct is

Page 73

1	approximately 86,000 people. We have three
2	public high schools, one of them being
3	Communication and Media Arts, Henry Ford and the
4	Old Redford Academy. We also have three middle
5	schools and sic elementary schools within our
6	boundaries.
7	Some of our community assets within the

Some of our community assets within the precinct are 200 churches, 400 businesses including approximately 62 gas stations and six senior citizen homes. As most of you know and it was mentioned earlier that we're going to be opening up a new home here at 2155 West McNichols sometime in June. I think the kickoff date is tentatively scheduled for the 26th. There will be more information coming out on that through downtown and headquarters, but I was over there recently and progress is very good.

Walls are up, electricity and HVAC have already been routed, so we're very excited about that and look forward to having everybody over there for our grand opening.

Some of the initiatives that we're taking that have been primarily administered by our neighborhood police officers who are a huge asset for our precinct. I'm going to review

those right now.

23

24

25

Page 74

2	Starting with some of our youth
3	programs and, commissioner, you mentioned gun
4	safety. It's a primary focus for us. We're
5	tired of seeing children and youth even
6	accidentally shooting themselves by playing with
7	guns, so we have something called Eddie the Eagle
8	Gun Safety Program, and our officers are
9	presenting the students from pre-K through the
10	third grade how to help identify and dangers and
11	hazards of firearms.
12	We also have a program called Cops Read
13	to Kids and that's just as it sounds. We have
14	officers that are going to pre-K elementary
15	schools and churches reading to students age 3 to
16	8.
17	We have a yearly coat drive that we put
18	on, we've been doing it at the 6th and 8th
19	Precinct and we'll continue that at the 8th
20	Precinct going forward. We accept and distribute

on, we've been doing it at the 6th and 8th

Precinct and we'll continue that at the 8th

Precinct going forward. We accept and distribute

over 1,500 gently used or new coats for -- and

cold weather accessories for our school-age youth

and their family members in need. We also have a

health fair that's a back-to-school event which

provides students with the school supplies,

Page 75 haircuts and a mobile dentist all free of charge 1 2 One of the other things for the youth 3 is a Career Day. It's an event which we provide 4 for those that are not going to college. 5 6 gives them an opportunity to try to find a career 7 path out of high school and brings employers --8 an opportunity to meet with employers that are 9 looking for people with their skillset. And finally for our youth program we 10 11 have an anti-bullying initiative where our NPOs 12 visit schools and churches in the area to mentor 13 and educate the children of all ages on different 14 types of bullying and the steps that can be taken 15 to lessen the problem. Besides dealing with the youth we also 16 try to administer to our seniors in the precinct. 17 18 We have a senior awareness crime prevention program which tries to inform seniors about 19 20 staying safe and alert. This program includes seminars on con men and scams aimed at the 21 22 elderly. The City of Detroit Senior Services 23 also participates in this by providing 24

25

information n various programs, assistance and

1	medical services.
2	We have a very strong community
3	organization and community within the 8th
4	Precinct. Right now we have 55 active and
5	organized community-based organizations and block
6	clubs and four active CB patrols that our
7	neighborhood police officers interact with
8	regularly to address issues such as abandoned
9	vehicles, illegal dumping, blight and crime
10	complaints.
11	We also have a quarterly community
12	advisory board meeting that we have at the
13	precinct offering an opportunity to have a
14	face-to-face dialog with community members on how
15	to improve relationships between law enforcement
16	and the citizens.
17	It's a great opportunity to sit down
18	and it's not a time to complain and talk about
19	your neighbors not bringing in the garbage, it's
20	a time to try to come to a solution on how we can
21	all interact better together and provide better
22	service.
23	One of the other things we're doing is
24	we have a Blight Committee the fourth Thursday of
25	each month we hold a Blight Committee meeting at

Page 77

the Motor City Job House located at 17336 Lahser with community stakeholders to address blight issues within our boundaries.

We have Coffee with a Cop, bi-monthly meeting which residents come to the precinct and ask questions, can get to meet the executives, the NPOs directly and officers that are coming in and out of the station to do reports and it's a nice way to get to know the people that we're policing and servicing and then get them to know us, kind of a low key relaxed atmosphere.

And finally our NPOs, they do Movie in the Park, it's been going on for a few years now. It's very well-liked activity. It's an opportunity for children of all ages and come out and enjoy a great movie and meet their neighbors.

Some of the crime control strategies that we're doing is we have our NPOs and Platoon 4 doing wraparounds, so when there's a Part 1 crime that committed within our precinct we send out the NPOs to go talk to the citizens, the business owners and make sure that their questions are answered and anything they can do to provide a security assessment and things of that nature, also our Special Operations Platoon

4 officers are out there doing zero tolerance in
that area trying to gather information and help
solve some of those crimes and also with patrol
doing proactive patrol and keeping some of those
crimes down.

And as was mentioned earlier in the previous presentation we're active in Ceasefire. The 8th Precinct has been a Ceasefire member since about March of last year. It took us a little while to get ramped up, but as the numbers show our homicides are down, our non-fatal shootings are down and this program, if I can add a little bit more detail from my experience with it, is a tri-level program where we have law enforcement, a moral voice and an offer to help. These entities include such things as faith leaders, community organizations, outreach workers, neighborhood associations and human service providers. And these are focused towards gang and group members that are out there and mostly there are younger people that are committing crimes earlier that don't have a large extensive criminal background at this point. It's to give them an opportunity to try to find a different path.

Like I said, we were initially given
this about a year ago and it took a little while
for us to get a buy-in because it's not something
that law enforcement is normally used to doing.
We're used to going out and making arrests. This
is actually going out and having conversations
and offering a hand. We do what we call where
we go to people's homes and the commander and
myself along with my Ceasefire team and community
advocates will go, knock on doors and give the
message about Ceasefire and say look, we know
what you're doing, we know what you're up to, you
better stop because we have a federal partners
with us who's going to help us make sure this
doesn't happen any more, stop the gun violence,
but if you want to stop and here's an opportunity
to find a different way to go, and we're going to
try to get your license taken care of, get rid of
some of your misdemeanors, take your tickets,
help you with child care, things of that nature.
So it's only been going on on the west
side like I said for about a year, but I think if
you look at all the numbers for both the 6, 8 and
12 it shows that it's being very successful at
this point.

Page 80

We also have Eyes and Ears of our 1 2 community partnership. We work very closely with our citizen groups to target and resolve crime 3 patterns, quality of life stuff even burglaries 4 all the way up to homicides. 5 We want the neighborhoods to let us 6 7 know what's going on so we can help patrol that 8 area better. 9 Medical marijuana was discussed fairly thoroughly tonight. We have had -- we have our 10 11 share of medical marijuana dispensaries in No. 8. 12 I did a little bit of a recap myself on their 13 website and I came up with approximately at the 14 start of the whole thing we had about 50 in 8th 15 Precinct alone. With the help of BSEED and my NPOs and Special Operations going out and doing 16 inspections I think we have it down to about 25 17 18 so it's progressing. 19 They're still out there and you all see 20 them in the neighborhoods and on the major thoroughfares, but we're doing what we can not 21 22 just with what Mr. Hollowell was saying with the legal side of it going to court, but we're also 23 monitoring and making sure that they're not 24

25

having other illegal activity going on there like

gunplay, the purchase and sale of illegal narcotics, so we still have much activity going on enforcing those things as well.

And finally on our enforcement stuff, we have Green Light and Green Light is a huge initiative throughout the city. We lead the city with 26 Green Light locations, so it's been a huge buy-in by our businesses and I give a lot of credit to the people in the community because they're going to these businesses, these gas stations, these restaurants and talking to the owners and telling them look, if you get a Green Light we will come and spend our money here. I believe that people feel safer with Green Light, it's offering a place for people to feel a little bit more secure and say look, if something does happen, we can't stop all crime, but now we have great video and we have it live with the department and we can at least follow up and make sure that we're getting the people that commit these crimes and prosecuting them.

So it's been very popular in the 8th Precinct. I think we'll probably have over 30 Green Light locations before the end of June, so before July 1, and it's something that we'll

1	stressing at every community meeting we go to.
2	Just some of the significant
3	statistical information for the last year, the
4	8th Precinct we had 685 arrests, we seized 265
5	weapons in 2016 and we've already seized 132 so
6	far this year, so the officers of the 8th
7	Precinct are very active, besides just answering
8	police runs which we had 12,761 last year, 2,563
9	of them being Priority 1 runs, so that's some of
10	the statistics that were talked about earlier.
11	Yeah, we get calls non-stop all day at
12	No. 8. There's a lot of people that still live
13	here and are active here and want police service,
14	so we are doing our best.
15	I looked it up and we are about at just
16	under a 10 minute response time for calls for
17	service, that's travel time, so that's when we
18	get the call from Dispatch, takes a little under
19	10 minutes. I do believe that will improve
20	greatly once we move into our new building. A
21	lot of times we're coming from roll call down in
22	the 6th Precinct up on Plymouth Avenue.
23	Being on West McNichols now, the center
24	of the precinct, and we'll be able to respond I
25	think in a much quicker way, especially at those

Page 83 roll call changes. 1 2 That's about it unless there's any questions. 3 COMMISSIONER BELL: Commissioners, any 4 questions or comments? 5 COMMISSIONER BROOKS: Yes, I have one. 6 7 Or your Career Day would it be possible to have 8 Lt. Gardner who is head of Recruiting to come and 9 speak on Career Day because we are pushing police officers, it's not just a job, it is a career. 10 11 There are a lot of things you can go into, so if 12 that is possible I would relay that to her. CAPT. WERBOYCE: No, I think that would 13 14 be great. 15 COMMISSIONER BROOKE: And if there's anything else that you have that we could 16 17 recruit, we would have to come to this 18 neighborhood and the last thing I want to say is 19 that your report was great, you're doing a lot of 20 wonderful things in this community, you're doing a lot of wonderful things within the precinct and 21 22 I look forward to coming to your new precinct. 23 Thank you. 24 CAPT. WERBOYCE: Look forward to having

Thank you.

you.

Page 84 1 COMMISSIONER BELL: Commissioners, any 2 other comments? 3 COMMISSIONER DEWAELSCHE: If I could just add another note, that I was going to ask 4 the exact same question. I'm on the committee 5 6 with Commissioner Brooks on recruiting for police officers. What day is your Career Day, what date 7 8 is it? 9 CAPT. WERBOYCE: I will have to get that 10 information to you. Me NPO sergeant will have 11 that information. 12 COMMISSIONER DEWAELSCHE: Wonderful 13 and at the end of today's presentation -- okay, 14 so they're already involved. That's great. And what I was going to suggest too is that we need 15 to do that for every precinct who has a career 16 17 day, so maybe we can get a calendar from every 18 one of them. 19 Maybe they're not all doing that. 20 should because it is helpful. 21 The other question I had was -- well, 22 not question but a comment about the Green Light. 23 I think you make a very good point when you say that you're talking to the businesses and telling 24

them or community people are talking to the

1	businesses and saying we will frequent your
2	facility or your business if you have a Green
3	Light. In fact, at our last commission meeting
4	we had some community people who actually have a
5	plan, they actually have like a posterboard with
6	pictures of those businesses that have the Green
7	Light and they're going to the businesses and
8	trying to recruit them, so I'm so glad to hear
9	that the community here is doing the same, trying
10	to recruit the businesses.
11	CAPT. WERBOYCE: It's very active in
12	No. 8 with that. Every community meeting we go
13	to they talk about the next business they want to
14	stop in and talk to those owners and we're
15	participating with them hand in hand.
16	COMMISSIONER DEWAELSCHE: Thank you so
17	much and very good report, thank you.
18	COMMISSIONER BELL: Thank you for
19	outstanding I like your youth initiative and
20	your marijuana clinic enforcement and the Green
21	Light program, so you're not just doing you're
22	doing a little bit of everything, and keep up the
23	good work. It's always good to visit the 8th
24	Precinct and know about all I don't travel
25	here that often, so I'm pleased with what's

	Page 86
1	happening over here. Maybe I need to come back a
2	little bit more.
3	CAPT. WERBOYCE: Next month we'd love
4	to have you.
5	COMMISSIONER BELL: Thank you.
6	Commissioner Burton:
7	COMMISSIONER BURTON: I have a question
8	for members of the audience. I mean today is May
9	11, this marks the anniversary death of Mariah
10	Davis, he 5-year-old girl who accidentally shoot
11	and killed herself last year by removing a gun
12	under her grandparents' pillow.
13	You know, so basically, you know, we've
14	been asking families who have children in the
15	household to be responsible and secure their
16	weapons, specially when children are in the
17	household. No child should have access to a gun.
18	So last year, you know, we did this
19	initiative as far as pushing out a gun trigger
20	locks and I want to know if anybody in this room
21	today who has a gun who likes his gun or whatever
22	that needs a gun safety lock because no child
23	should have access to a gun. Anybody in the
24	audience because I have a gun safety lock for
25	you or should I say we have a gun safety lock for

1	you.
2	COMMISSIONER BELL: Okay, can we sort
3	of pause on that note. See Commissioner Burton
4	in reference to after the meeting and we can
5	respond because we want to try and close this
6	agenda, it's been somewhat lengthy, so thank you
7	for that comments on that, Captain, thank you
8	again.
9	(APPLAUSE)
10	COMMISSIONER BELL: Commissioners, any
11	standing or ad hoc committee reports? If not,
12	Mr. Hicks.
13	SECRETARY HICKS: Thank you, Mr. Chair.
14	Just want to indicates to you there are three
15	items listed under the Secretary's report, two
16	that I would like to call to your attention.
17	One is there is a notice for leadership
18	election and this is the second Thursday in June.
19	It's the information is included in your
20	packet, but this is the public notice of those
21	elections.
22	Secondly, that the Board of Police
23	Commissioners under Ms. Blossom putting out the
24	weekly e-news and these are summaries of some of
25	the activities which you all provide or are

Page 88 involved in, but it's written a little 1 2 differently from the policy newsletter which we have because it is written in a fashion so that 3 it's consumed by a much greater number of people 4 inside the community and you do have a copy of 5 that in your packet. 6 7 That is e-blasted throughout the City's 8 resources and other resources too, literally 9 thousands of people in the city of Detroit. With that, Mr. Chair, there was one 10 11 other communication, but you have it listed on 12 the agenda and that concludes my report for this 13 evening. 14 COMMISSIONER BELL: Thank you, sir. Any old business? Any new business? 15 Announcement, our next meeting would be next 16 17 week, May 18, Thursday at 3 PM at Public Safety 18 Headquarters on Third and Michigan and our next 19 community meeting would be on June 8, 2017 at 6:30 PM on the 4th Precinct location forthcoming. 20 21 COMMISSIONER SANDERS: I thought our 22 meeting was going to be at 2:30. COMMISSIONER BELL: Correction, 23 24 Commissioner Sanders. The meeting is going to be

at 2:30 PM.

25

Thank you, sir, for that correction,

1	2:30 PM.
2	I mentioned about June 8 is our
3	community meeting and that will be in the 4th
4	Precinct. I just want to make the commissioners
5	aware we're going to be at the academy next
6	Wednesday at 10 AM to speak to the new recruits
7	in the academy so you are invited to come out
8	next Wednesday.
9	Oral communication from the audience.
10	You have two minutes. Please give your name and
11	be respectful speaking and I'm going to have Ms.
12	Blossom to call the individuals up at this time.
13	MS. BLOSSOM: First we have Peggy
14	Dunkirk.
15	MS. GEORGE: Hi, I didn't have a card.
16	Hi, Commissioner Bell and to the Panel. Michele
17	George. I wanted to make a comment about the
18	medical marijuana. I have this pamphlet here,
19	"Second Hand Marijuana What Users and Non-Users
20	Do Not Know" so what I'm going to talk about is
21	not so much a basis of the benefits of medical
22	marijuana because I'm an HIV nurse, I know what
23	the benefits happens to HIV, but they're not
24	telling you even though the marijuana
25	dispensaries may close at a certain time, but the

Page 90 aroma the stench, is very bad. That's why I 1 2 couldn't come in here because this is a mask that I have to wear. When someone uses marijuana 3 nearby, it can affect those of us who do not 4 smoke it. That is what's happening in the 5 6 community. 7 Every day I have to drive down the 8 street Livernois with that cush smell. Also if 9 you can read, Sterling Heights had a crackdown on illegal grow operations. How did they find that 10 11 out? The people on the block had headaches. 12 That's one of the things that it could 13 Also even though the voters came out, 14 they came out to vote for weed, but they don't 15 come out to vote for anything else. In Denver, Colorado there has been an 16 increase in babies being born with PHC in their 17 18 system. 19 COMMISSIONER BELL: I'm sorry, ma'am. 20 I'm going to have to cut you off. Do you have a question for the Board of Police Commissioners? 21 22 The commentary, you have to cut that off. 23 24 MS. GEORGE: Oh, I thought it was

25

comments.

Page 91 COMMISSIONER BELL: You have to cut 1 2 that off, please. 3 MS. GEORGE: Okay. COMMISSIONER BELL: If you have a 4 5 question --MS. GEORGE: The question for the Board 6 7 is would you all look into not -- getting those 8 dispensaries out of our city because it's a 9 health risk for us. Nine out of 10 dispensaries are laced with mold and pesticide. 10 11 And also the question is, do you know 12 about the legislation with Jeff Sessions. 13 have his way, we going to see people of color 14 going back n jail if he hits the states. 15 only difference is Congress did not approve it. That's my question, I want them out of our city. 16 17 COMMISSIONER BELL: Thank you. It's 18 very complex as you heard with them dealing with this because there's a whole lot of legal issues 19 20 involved, so we have to accept what it is. 21 are concerned. 22 MS. BLOSSOM: Peggy Dankirk? 23 COMMISSIONER BURTON: Through the 24 Chair, I'd just like to say anybody that need a

25

gun safety lock I have some with me, please see

Page 92

1	me afterwards. You know, today is the
2	anniversary death of Mariah Davis, so I don't
3	want to see no child having access to a gun.
4	We can be responsible by using one of
5	these gun safety locks. Thank you.
6	COMMISSIONER BELL: Thank you,
7	Commissioner Burton. Now, let's continue with
8	the audience participation.
9	MS. DANKIRK: I would like to thank
10	Commissioner Vann for his concern about getting
11	medical marijuana shops closed. The problem with
12	that I see is when they're closed, how do we keep
13	them closed and, you know, they might pop up a
14	block or so over and the little fines that they
15	get are kind of pocket change in this business
16	unless we go with some really heavy bonds or
17	something or put them in jail for a stint that
18	makes it a serious thing.
19	As much as the counselor can go to
20	court and win judgments, it's like it's still
21	we're just seems like kind of spinning our
22	wheels. That's I'm glad you're asking the
23	questions.
24	COMMISSIONER BELL: Thank you, ma'am,

25

and Commissioner Vann was right on point. We all

Page 93 are concerned, we all -- it's complicated, so Ms. 1 2 Blossom? 3 Patricia Carter. MS. BLOSSOM: Good evening. District 7, 4 MS. CARTER: 10th Precinct Oakman Boulevard Community 5 Association. 6 7 I'd like to congratulate you, Deputy 8 Chief, and also make comments about my Commander 9 and my Captain, Capt. Kay, Commander Kay and Capt. Snodgy. We really appreciate them. 10 11 I've been going to the hearings at the 12 Zoning Board. What they've been doing is 13 postponing the hearings so that they can stay 14 open. The Zoning Board finally got onto them and 15 have been demanding that they close up the medical marijuana places which is a good thing, 16 17 and we have had at least six closed on Livernois. 18 The funniest one was kitty-corner from the 10th 19 Precinct next to a party store and right in front 20 of a nightclub. Well, they finally got them closed up 21 22 because they come in and paint the buildings green. City Planning needs to do something about 23 24 that, but there has been crime in our

25

neighborhood also. A man was murdered on

Page 94 Thanksgiving night at Chalfonte and Livernois 1 2 trying to break in. The gentleman was held up at gunpoint 3 for his medical marijuana card so crime comes 4 with it, but what I really want to ask the Board 5 is how -- the police don't have any equipment to 6 7 test them when they're high off of drugs. You can test drunk drivers. 8 9 statistics show at the end of the year last year there was more accidents and things happening 10 11 crime with people high off of drugs than it is 12 with alcohol. So it should be your job to work 13 towards something to give our police officers to 14 identify these people that are committing crimes and different things that are happening. 15 Thank you for your time. 16 17 COMMISSIONER BELL: Thank you, ma'am. 18 Ms. Blossom? 19 MS. BLOSSOM: Mitsey Ruddick and after 20 Ms. Ruddick, William M. Davis. 21 MR. DAVIS: Good evening, my name is 22 William M. Davis, 2nd Precinct District 7 also 23 secondary I'm also running for the vacant seat --COMMISSIONER BELL: Sir, no comments 24

about any politics or election, please.

1	MR. DAVIS: Okay, I'm getting to
2	something else. I was going to ask about the
3	identification of people that's on marijuana, but
4	I'm going to ask my secondary question because
5	I'm the president of a couple other groups and
6	organizations throughout the city.
7	I know there's a number of people,
8	especially mature people, that's been indicating
9	that there's an ongoing problem throughout the
10	city of people speeding down the residential
11	streets, and it appears to many that that appears
12	to be a very low priority for a lot of police
13	officers and I was wondering is there anything
14	that could be done about the number of speeding
15	going down a lot of residential streets that has
16	increased.
17	COMMISSIONER BELL: Sir, I would like
18	to say this. Contact your what precinct?
19	MR. DAVIS: This is not just in the 2nd
20	Precinct.
21	COMMISSIONER BELL: It's just
22	city-wide. They have it in my neighborhood, our
23	Commander and our Captain is working on it. We
24	have three traffic cars and this is something
25	that is really a problem and we're trying to

Page 96 address that to the best of our ability, but also 1 2 some of our best people are our neighbors that's speeding, so as we face that -- go ahead, you 3 4 want to respond. 5 Yes, they'll talk to you in the back 6 about any issue of that nature. We are trying to deal with that situation as we all 7 neighborhoods face that in terms -- I hear it all 8 9 the time about speeding. MR. DAVIS: It's not just the 2nd 10 11 Precinct because I represent people all around 12 the city. 13 COMMISSIONER BELL: City-wide, sir. We represent city-wide. We are concerned, we are 14 15 conscientious about it, we're trying to do the best we can, but I would hope that we encourage 16 your neighbors to slow down, my neighbors to slow 17 18 down. I do, I have. 19 MR. DAVIS: 20 COMMISSIONER BELL: Thank you, sir. 21 COMMISSIONER BURTON: Through the 22 Chair, through the Chair, I just want to -- I just want the audience to acknowledge William 23 24 Davis here. He's the president of the Detroit Chapter for the Detroit National Action Network

Page 97 which is Rev. Sharpton's group and they do a lot 1 2 of demonstrations throughout the city and also do a lot of things nationally. 3 Very good group, very good person right 4 here before us. He supports our Detroit Police 5 Department, he's also Detroit -- support other 6 7 elected officials throughout the city. 8 William Davis, I mean they doing some 9 great things over in NAN, National Action Network 10 over with Rev. Al Sharpton's group, state director 11 Rev. Charles Williams. Great guy by the way, 12 Williams Davis. 13 COMMISSIONER BELL: It's been duly 14 noted. 15 COMMISSIONER BURTON: A true fighter 16 for the people. 17 COMMISSIONER BELL: Thank you, sir. 18 Ms. Blossom, would you continue on, please? 19 ASST. CHIEF WILLIAMS: Through the 20 Chair, if I may I just want to address one of the comments that Mr. Davis said, that Detroit police 21 22 are not taking traffic serously. Traffic is a 23 very serious thing to us and we take it 24 seriously.

Those complaints like the commissioner

Page 98 said, you make those complaints to your precinct 1 2 city-wide they have traffic officers and they'll get on it. I just wanted to make sure I said 3 that. 4 5 COMMISSIONER BELL: Thank you.  ${\tt Ms.}$ 6 Blossom? 7 MS. BLOSSOM: Scotty Bowman. 8 MR. BOWMAN: Yeah, I was going to 9 address a couple of the comments that I third earlier in the discussion when Mr. Hollowell was 10 doing his presentation regarding the medical 11 12 marijuana laws and some of the comments from the 13 commissioners. 14 I'm one of the people that circulated 15 petitions to put it on the ballet. I'm part of the majority that voted in favor of that law. 16 17 The reason, first of all, that it isn't 18 distributed in hospitals or at a pharmacy which 19 would make sense is because the federal 20 government is not allowing that. They're putting it on Schedule 1. 21 22 COMMISSIONER BELL: Sir, do you have a question for this Board? We don't need editorial 23 24 statements. We are familiar with the issue, we

25

know -- do you have a question for this Board?

Page 99 MR. BOWMAN: 1 Yes, I do, I was prefacing 2 it. 3 COMMISSIONER BELL: Could you pose that 4 question, sir. 5 I was prefacing it. MR. BOWMAN: 6 COMMISSIONER BELL: Thank you. 7 MR. BOWMAN: Okay, and the other matter 8 is so I guess my question is -- I'll make it a 9 question. Why is it given that pharmaceuticals like oxycodone kill far more people than medical 10 11 marijuana -- in fact which I think might be zero 12 on fatalities and why is -- and there's this 13 thing comparing it to liquor stores and other 14 places and getting licenses. 15 Well, we're not restricting the number of liquor stores to 50 places, so I guess my 16 17 question is why this drive to restrict something 18 more heavily than things that are less harmful, why should it be harder for a patient who uses 19 medical marijuana to get their substance than a 20 person who uses oxycodone which is far worse, 21 22 basically pharmaceutical heroin to get their 23 substances. 24 COMMISSIONER BELL: Thank you, sir.

Ms. Blossom?

Page 100 MS. BLOSSOM: Mr. Chairman, we're done 1 2 with the comments, with the cards. COMMISSIONER BURTON: 3 Through the Chair, through the Chair, I want the audience to 4 recognize Scotty Bowman, another great guy you 5 all in the community. He's a college professor 6 teaching a lot of our students and he's a 7 8 community activist. 9 You're going to hear a lot of great 10 things from Scotty Bowman in the near future, 11 along with community activists from NAN William 12 Davis. 13 COMMISSIONER CARTER: Mr. Chair, I'd 14 like to move for adjournment. 15 COMMISSIONER SANDERS: I'll second that. COMMISSIONER BELL: If there's no other 16 17 business the Chair will entertain a motion for 18 adjournment. 19 COMMISSIONER CARTER: I just did. 20 COMMISSIONER SANDERS: I seconded it. 21 COMMISSIONER BELL: Those in favor, 22 aye? 23 COMMISSIONERS: Aye. 24 COMMISSIONER BELL: Those against?

Motion passes. Have a happy Mother's Day.
