13 COMMISSIONER WHITE: Present.

14 SECRETARY ANTHONY: Madam Chair, you
15 have a quorum.

16 COMMISSIONER CARTER: Thank you,
17 Mr. Anthony. At this time I'd like to introduce
18 AC Steve Dolunt and, AC Dolunt, would you
19 introduce the rest of the staff you have here?

20 ASST. CHIEF DOLUNT: We have Deputy
21 Chief Fitzgerald, Deputy Chief LeValley, we have
22 Commander Barren, we have Capt. Williams and we
23 have Sgt. Carpenter from Harbor Master.

24 COMMISSIONER CARTER: Thank you. At
25 this time, Mr. Anthony, would you introduce the

1 rest of the Commission staff.

2 SECRETARY ANTHONY: We have present
3 Ms. Pamela Davis-Drake, our Chief Investigator
4 seated in front; Ms. Linda Bernard who is -- she
5 just stepped away briefly, she's our attorney to
6 the Board; Mr. Robert Brown, our Administrative
7 Assistant is in the back; Sgt. Alan Quinn who
8 will be recording our proceedings and Mr. Dale
9 Rose from Hanson Court Reporting Service is
10 taking the official transcript.

11 That completes the introduction.

12 COMMISSIONER CARTER: Thank you,
13 Mr. Anthony. At this time, Commissioners, you
14 have before you the agenda for Thursday, August
15 27.

16 COMMISSIONER MOORE: So moved.

17 COMMISSIONER VANN: Support.

18 COMMISSIONER CARTER: It's been moved
19 and supported that the agenda be accepted. Is
20 there any discussion? Those in favor?

21 COMMISSIONERS: Aye.

22 COMMISSIONER CARTER: Those opposed?
23 Motion carries. You have before you,
24 Commissioners, the minutes from Thursday, August
25 20.

1 COMMISSIONER MOORE: So moved.

2 COMMISSIONER CRAWFORD: Supported.

3 COMMISSIONER CARTER: It's been moved
4 and supported that the minutes be accepted. Is
5 there any discussion? Those in favor?

6 COMMISSIONERS: Aye.

7 COMMISSIONER CARTER: Those opposed?
8 The motion carries.

9 At this time I do not have a
10 Chairperson's report and we will move right along
11 to AC Dolunt, if there's a report from the police
12 department.

13 ASST. CHIEF DOLUNT: Yeah, we're going
14 to have Harbor Master up in a second and also the
15 MOU first, are you going to do that?

16 Just a couple of things. Last weekend
17 there was a lot of things happening downtown from
18 the boat races to the concert, the concert at
19 Ford Field to the baseball game concert, the Fox.

20 No significant incidents, that was
21 good. Last night we had two fatal stabbings, one
22 that really made headlines was on a DOT bus. We
23 identified the individual and we do have a
24 warrant submitted for her arrest, is that
25 correct?

1 And tonight they're going to have a
2 Cease-Fire meeting on the east side and the Chief
3 from the U.S. Attorney -- or FBI will be there
4 and I think we're making inroads into the 9th
5 Precinct as far as crime.

6 At one point it was I believe an
7 increase of 5 percent during this year and now we
8 have a decrease of 2 percent, so it's not where
9 we want it to be, but Deputy Chief LeValley has
10 Cease-Fire on the right track.

11 And that's my report.

12 COMMISSIONER CARTER: Thank you. Is
13 there a report from the Harbor Master or no?
14 It's not ready.

15 ASST. CHIEF DOLUNT: Mere seconds.

16 COMMISSIONER MOORE: Madam Chair, I
17 have a question for the Assistant Chief. 868
18 people have signed up for the promotional exam
19 this Sunday. Is there a contingency plan as far
20 as the streets are concerned? That's a lot of
21 personnel.

22 ASST. CHIEF DOLUNT: My understanding
23 we had -- I believe it's a restricted day, so
24 they're going to backfill those people that are
25 taking the test.

1 COMMISSIONER MOORE: Thank you.

2 COMMISSIONER MALLETT: Madam Chair,
3 Chief, in light of the incident yesterday at the
4 news station I wonder -- and if this is something
5 that should be discussed in closed session,
6 that's fine, but when an incident like this
7 occurs do we up the security around the precincts
8 and do we do anything in response to incidents of
9 this type in terms of adjustments to certain
10 threat levels that we might be experiencing, or
11 is that something that we need to discuss
12 privately?

13 ASST. CHIEF DOLUNT: No, we did not
14 increase the level of security at the police
15 department at least. We had several incidents,
16 from the theatre shooting in Colorado to the
17 church shooting in South Carolina to this.

18 Police officers are getting shot every
19 day and we're always vigilant. We lost another
20 one in Louisiana yesterday during a traffic stop.
21 We lost one last week as well.

22 We're always vigilant. If this had
23 been a direct threat on a police officer -- and
24 actually we had a threat that we did not
25 disseminate to the general public on Monday, but

1 prior to this threat being put in place we
2 arrested the individual.

3 We did not want to cause a major
4 uproar. We do these things for a reason and we
5 try to keep it covert I guess to a point unless
6 the public needs to know.

7 And in this particular case that
8 unfortunately happened yesterday, I guess if I
9 was a news reporter I would be on edge right now
10 because you never know, they're very high
11 profile, but I guess the short answer is we do
12 not increase security at the precinct level or at
13 headquarters here, we just try to remain
14 vigilant.

15 COMMISSIONER MALLETT: Chief, one of
16 the things that some of the people, at least on
17 NPR, who hold themselves out to be experts, so
18 take that with a grain of salt, but that they've
19 obviously seen a significant increase in terms of
20 this workplace violence, particularly as it
21 relates to persons who are dismissed, you know,
22 from their job and that kind of thing and the
23 level of workplace violence has increased
24 significantly.

25 I don't want to misquote the numbers,

1 but it's in the thousands of these kinds of
2 events, and so I wonder is there anything that
3 the department does in conjunction with the other
4 law enforcement agencies around helping
5 businesses, large employers, go through some kind
6 of either threat analysis or provide some degree
7 if not training, but systematic contact approach
8 if an incident like this were to occur.

9 So that is recognizing that these kinds
10 of things continue to happen what's the proactive
11 relationship of the department with the business
12 community on matters similar to or directly
13 related to an incident of this sort?

14 ASST. CHIEF DOLUNT: Well, I can tell
15 you right now that -- at the City Airport the
16 other day they did an exercise on a plane crash.
17 Well, in September we are doing what they call a
18 joint counter-terrorism two-day exercise and it
19 actually starts with a violence in a workplace
20 where an individual is killed and two are
21 wounded, and we correlate with the other police
22 departments to see if it's a terrorist attack or
23 if it's a workplace violence.

24 Yesterday obviously it was a
25 disgruntled employee who had some issues, but was

1 he a terrorist, no. Do companies reach out to
2 us, yes. We do security checkups -- excuse me,
3 security survey. If they reach out to us, we'll
4 be more than glad to help them on that.

5 A lot of your major companies hire
6 private firms to teach them how to do security --
7 threat analysis and security. A perfect example
8 of that is this morning at the ComStat an officer
9 came in with another person who was not
10 authorized to be here and they told them that
11 person is not coming in. Now, I'm not saying
12 that person was a threat, the fact that security
13 here said no, you're not coming in, he didn't get
14 in. You can't stop everything and we can't live
15 in fear, we can't.

16 You have to be vigilant, you just can't
17 live in fear and I think that we're working with
18 businesses as they ask and we do get threat
19 analysis from -- the FBI sends us stuff, a few
20 that went I'm trying to kill people or do
21 workplace violence, so I think we're on top of
22 it. We submit it to our precincts, so I think
23 Wayne County in general is on top of those
24 things.

25 COMMISSIONER MALLETT: And last

1 question, Madam Chair, in light of the
2 conversation, Chief, that we had last week and
3 again with the newspaper article today on the
4 significant increase in heroin traffic in
5 Southeastern Michigan, I'm wondering has our
6 incidents of drug arrests and drug-related police
7 activity increased in response to this particular
8 report.

9 And I guess that's part of what I was
10 asking perhaps inartfully the last time that we
11 were together talking about the Gang Intelligence
12 Unit. I'm just wondering from the statistics
13 that you see and the activity that your team
14 manages have the drug arrests gone up and the
15 response level that we have to the increased
16 presence of these prescription drugs and then
17 obviously of increased use and the availability
18 of heroin.

19 ASST. CHIEF DOLUNT: I will let Dep.
20 Chief Fitzgerald comment on the arrests and the
21 raids.

22 DEP. CHIEF FITZGERALD: Yeah, I can
23 find it relatively quick. Deputy Chief Charles
24 Fitzgerald, good afternoon. Yeah, we've
25 increased our actual raid crews. Raids have been

1 up, street enforcement has been up. We're over
2 every single drug seizure from the same time last
3 year except for marijuana, we're still slightly
4 down. Medical marijuana stuff is slower than we
5 would like to be enforcing that obviously, but I
6 would say it will with a pretty small crew over
7 there. I wish my phone was faster, I could give
8 you some actual hard numbers.

9 COMMISSIONER MALLETT: We can get it,
10 Chief, whenever you have it.

11 DEP. CHIEF FITZGERALD: Absolutely,
12 thank you.

13 ASST. CHIEF DOLUNT: Let me respond to
14 your question. Heroin is a problem and
15 unfortunately people aren't looking at it as a
16 problem and I understand totally this marijuana
17 thing which personally I don't agree with.
18 Because we can't enforce the laws, the lawmakers
19 that have put that in place made it so vague that
20 it's ridiculous and I tell people a lot, they
21 keep saying marijuana is non-violent,
22 non-violent, non-violent. Oh, really?

23 My thing is this. When you graduate
24 from high school, look in your yearbook, no one
25 has under their picture most likely to die of an

1 overdose or be a heroin junkie or going out there
2 doing other illegal crimes. They don't do that.
3 They start with something small and usually it's
4 marijuana, and slowly but surely -- and it's just
5 me, and I get it, there's a lot of people pro and
6 against it, but when they say it's non-violent,
7 why are people killing each other over the
8 opportunity to sell it.

9 And that's why I was so intense last
10 week when that individual was released from
11 federal custody and had that woman killed in
12 front of her 14-year-old son. So I get the pros
13 and cons.

14 I understand medical marijuana but when
15 you see signs out there get your medical
16 marijuana card for \$50, you stand outside in
17 front of one of those medical marijuana places
18 you see everybody and their brother walking up, I
19 have a problem with that.

20 And eventually a lot of people are
21 going to get shot. I have no problem with
22 medical marijuana, I have a problem with these
23 cards.

24 COMMISSIONER MALLETT: I agree.

25 ASST. CHIEF DOLUNT: How is that?

1 COMMISSIONER CARTER: Thank you.

2 ASST. CHIEF DOLUNT: You're welcome.

3 COMMISSIONER CARTER: Thank you. At
4 this time I'm sorry that I didn't get them
5 before, but I'd like to acknowledge the presence
6 of Commissioner Burton and Commissioner Mallett
7 who came in shortly after the meeting began.

8 At this time, is Harbor Master ready?
9 thank you.

10 CAPT. WILLIAMS: To the Board, I'm
11 Capt. Williams, Metropolitan Division. We are
12 one of the divisions that are under the command
13 of Comm. Barren and on behalf of the Metropolitan
14 Division Harbor Master is going to present a
15 presentation and our presentation is going to be
16 presented by the OIC Harbor Master Sgt. Michael
17 Carpenter.

18 SGT. CARPENTER: Good afternoon. I'm
19 Sgt. Mike Carpenter. I'm the Detroit Police
20 Harbor Master and I'm the OIC of the Detroit
21 Police Underwater Recovery Team.

22 The Harbor Master Unit was established
23 in 1863 to address the issues along the Detroit
24 River. The Underwater Recovery Team was
25 established in 1969.

1 The Harbor Master Unit is full time, we
2 patrol the river, the waterways within the city
3 of Detroit. There's one sergeant, five police
4 officers assigned there permanently or full time
5 and the Underwater Recovery Team is part time and
6 they're on call.

7 There's officers from throughout the
8 department that are assigned there and we train
9 twice a month, we work large events and any type
10 of recovery that needs to be done on the river.

11 We work closely with Homeland Security
12 to maintain the international border between the
13 United States and Canada.

14 That's the Detroit City Charter, it's
15 talking about the Harbor Master. The Harbor
16 Master is actually two years older than the
17 Detroit Police Department. It was established in
18 1853 and it says that the duty of the police
19 department is to enforce the laws, ordinances or
20 rules regulating and preserving the navigation on
21 the waters of the city and to issue and serve
22 notice, orders and complaints for violations
23 thereof.

24 Every marine violation is a
25 misdemeanor, \$500 misdemeanor. The Underwater

1 Recovery Team is responsible for recovery of
2 weapons, vehicles, bodies and evidence discarded
3 in the Detroit River and adjacent waterways.
4 We've also worked with the Historical Society, we
5 have recovered some significant articles from the
6 river that would never have been seen otherwise,
7 they're in museums around the Detroit area.

8 There's some out on Belle Isle at the
9 Dawson Museum. Also we found one of the oldest
10 French muskets ever found in America, was found
11 by one of our team members.

12 We function year around. Detroit is
13 actually the only law enforcement agency that
14 maintains a vessel in the river year round. Even
15 the Coast Guard, they pull all their vessels when
16 the winter rolls around.

17 We have one that is able to function
18 throughout the winter and normally we can
19 function -- we can operate from Belle Isle to
20 downtown. Last year was the exception, it was
21 extremely cold and frozen, but normally we can
22 operate from Belle Isle to downtown year around.

23 The Detroit-Windsor border is the
24 busiest crossing in the Northern United States.
25 Because of this smugglers have targeted the area

1 from alcohol during Prohibition to drugs, money
2 and human trafficking today.

3 The history of Detroit is inseparable
4 from its river. The Detroit riverfront is rich
5 with history, the Underground Railroad, French
6 fur traders, Native American roads, English
7 occupation, Prohibition to name a few.

8 The city of Detroit has approximately
9 28 miles of riverfront on the Detroit River. The
10 river is the international border between the
11 United States and Canada and it supplies the
12 drinking water for over five million people.

13 As any Detroiter knows, there's a lot
14 of events held on the river which they seem to be
15 growing every year. This year is one of the
16 busiest years we've ever had with the new venture
17 of downtown and the concerts down there, a lot of
18 concerts at Chene Park, the fireworks, boat
19 races, grand prix and there's quite a bit of
20 infrastructure still on the river.

21 Detroit was established back in the day
22 when the river was the way to get around. That's
23 where you moved stuff. So we have -- there's
24 power plants on the river, there's -- of course
25 all or our sports venues along the river,

1 international crossings just to name a few here.

2 There's actually three crossings from
3 Detroit to Canada. There's the Ambassador
4 Bridge, there's the tunnel and there's also a
5 railway tunnel. We have wastewater treatment,
6 water intakes, GM World Headquarters, power
7 generator, petroleum plants, our sports venues
8 and we have yearly events, and that concludes my
9 presentation.

10 Is there any questions?

11 COMMISSIONER SHELBY: Through the
12 Chair, what is your response time? How long does
13 it take you to get to the area to do a recovery?

14 SGT. CARPENTER: It depends on the
15 hours. Right now we're running -- if we're on
16 duty it takes us a few minutes to get there. If
17 we're off duty and they have to be recalled it
18 can take up to 20 minutes to half an hour.

19 COMMISSIONER SHELBY: Do you go
20 underwater as soon as you arrive, get to a site
21 or you hear of a drowning that's taken place on
22 the Detroit River?

23 SGT. CARPENTER: It really depends on
24 the situation. If it's something where we have a
25 very good last seen point where -- especially

1 like a car or something in the water, yes, we'll
2 go in right away. If it's a -- we found our best
3 success so far is utilizing side scan sonar if
4 it's not a real good last seen point because it's
5 such a large area that you have to search and
6 visibility is usually pretty poor.

7 COMMISSIONER SHELBY: You don't use
8 that for bodies through, do you?

9 SGT. CARPENTER: Yes, we do. We have
10 one of the best operators probably -- definitely
11 in this area and probably nationally that can
12 pick up a body on that side scan sonar.

13 ASST. CHIEF DOLUNT: In DPD?

14 SGT. CARPENTER: Yeah, Dean Rademaker.

15 COMMISSIONER CARTER: Any other
16 questions?

17 COMMISSIONER BURTON: Yes, through the
18 Chair. I have a question. What is this training
19 like for your men on your team and how long is
20 the training?

21 SGT. CARPENTER: For the Harbor Master
22 or for the Underwater Recovery?

23 COMMISSIONER BURTON: For the
24 Underwater Recovery.

25 SGT. CARPENTER: To try out for the

1 team you have to have at least an open water and
2 advanced certifications. They come out and they
3 have to have a -- they take a physical and a swim
4 test and then they're allowed to come dive with
5 us and they see -- because it's a team mentality,
6 it's very small and close-knit. Normally they
7 dive with us for about a year before they're
8 admitted to the team.

9 COMMISSIONER BURTON: Second question,
10 what is the Detroit Harbor Master compared to
11 other Harbor Masters as far as manpower, funding
12 and so forth? How do we compare ourselves to
13 other cities?

14 SGT. CARPENTER: I've looked into it
15 some. There's different meanings for Harbor
16 Master. A lot of Harbor Masters in cities with
17 water, the Harbor Master is somebody that goes
18 around and collects dock fees and stuff like
19 that.

20 We're more along the lines of a marine
21 patrol and it varies. Like cities as large as
22 New York have a much more robust marine patrol,
23 and Chicago does. I think for the climate with
24 the way things are going financially in a lot of
25 cities I think we're doing all right.

1 COMMISSIONER BURTON: Follow-up
2 question would be how many water missions have
3 y'all gone on this year with all the stuff going
4 on downtown?

5 SGT. CARPENTER: I don't have an exact
6 count, but hundreds. We worked all the Chene
7 Park concerts, we worked the Hoedown, the worked
8 the Jimmy Buffett concert, we worked the River
9 Walk, all those concerts in front of the
10 Renaissance Center, we worked the grand prix,
11 worked the fireworks, we worked the boat races
12 and we patrol every day, we patrol the River Walk
13 every single day.

14 COMMISSIONER DEWAELESCHE: Madam Chair,
15 if I may. So there are some events that are
16 international where we're sharing, right, with
17 Canada. I'm thinking the Freedom Festival, it
18 used to be called that.

19 Do they provide any kind of support in
20 terms of working with us? Do they have a Harbor
21 Master?

22 SGT. CARPENTER: Yes, those are the
23 ones with the marine patrol.

24 COMMISSIONER DEWAELESCHE: And we work
25 with them on some events?

1 SGT. CARPENTER: Yes.

2 COMMISSIONER DEWAELESCHE: Okay.

3 SGT. CARPENTER: Normally because the
4 river is an international waterway it's a
5 shipping channel, any closures of that type like
6 we would close them for the fireworks or for any
7 -- the boat races or anything like that, that has
8 to go through the Coast Guard because of the
9 international waterway.

10 And we coordinate with all the local
11 units here and Windsor and Ontario.

12 COMMISSIONER CRAWFORD: Through the
13 Chair I just have one question. In terms of that
14 coordination through, it's Wayne County, Coast
15 Guard, everyone else, how many boats do you have?

16 SGT. CARPENTER: I have three in the
17 water and Mr. Burton, you were talking about
18 events and stuff and call-outs. We've had five
19 body recoveries this year so far.

20 COMMISSIONER SHELBY: Through the
21 Chair, what's the greatest number of citations
22 issued? You said misdemeanor \$500, that is the
23 greatest number of violations that you've seen?

24 SGT. CARPENTER: Just for speed
25 violations is our biggest problem. The people

1 get out in front of like our marinas along the
2 riverfront between Belle Isle and the mainland
3 and they throw a wake which damages the boats at
4 the docks. That's probably our biggest problems
5 out there and the jet skies long the River Walk.

6 ASST. CHIEF DOLUNT: Through the Chair,
7 any diving? We're still the only ones that can
8 dive, right? Isn't it against the law for anyone
9 else to dive in the city except for us?

10 SGT. CARPENTER: Yes, unless they get
11 permission from us.

12 COMMISSIONER SHELBY: What's the policy
13 on jet skis?

14 SGT. CARPENTER: They were not allowed
15 up to a few years ago. The State lifted that law
16 so they're just a regular boat now. They have
17 some different rules they have to maintain. They
18 have to stay a certain distance from shore, they
19 have to stay a certain distance from other boats.
20 They're not allowed to jump wakes, but they're
21 allowed to go at speeds and places that boats are
22 not.

23 COMMISSIONER SHELBY: They don't have
24 lights on, they don't have navigation lights on?

25 SGT. CARPENTER: Correct, they have to

1 be off the water at sunset and they're not
2 allowed on the water until 8 AM.

3 COMMISSIONER CARTER: Any other
4 questions?

5 COMMISSIONER BELL: Madam Chair,
6 sergeant, you mentioned bodies. Are you still
7 looking for Jimmy Hoffa?

8 SGT. CARPENTER: Yes, every day, that
9 and krugerrands.

10 COMMISSIONER BURTON: I have a
11 follow-up question as well. What is the average
12 age for a Harbor Master in the City of Detroit?

13 SGT. CARPENTER: The dive team members
14 are probably in their 30s now and the Harbor
15 Master guys are right around 50.

16 COMMISSIONER BURTON: You mentioned
17 you've got three boats in the water now?

18 SGT. CARPENTERS: Yes.

19 COMMISSIONER BURTON: How is the boats
20 and how is the equipment, the gear you guys
21 currently have? Is there any room for
22 improvement or anything the department can do to
23 help you guys along the way?

24 SGT. CARPENTER: There is. That's a
25 constant process that we're always working on.

1 We get as much as we can through grants and when
2 I find the grants aren't working we'll go through
3 the City. Right now our big push is to get a
4 couple of motors replaced on some of the boats
5 we're not using and it's constant work to get
6 diving equipment replaced, but yeah, we're --

7 COMMISSIONER BURTON: What equipment do
8 you need for your team to be effective -- to
9 continue to be effective and efficient out there
10 on the water as far as serving and protecting? I
11 know you guys are doing a wonderful job out there
12 and I've heard a lot of good things about you all
13 this year especially what y'all been doing out on
14 the water.

15 In fact, you guys are in my district by
16 the way but I'm more concerned about do you all
17 have the proper funding, the proper equipment?
18 What could the department do as far as to work
19 with you guys?

20 SGT. CARPENTER: They have been,
21 they've been working with us real well. I've
22 been working with AC White's office on getting
23 some motors replaced, and we're just putting the
24 budget stuff together for the dive team
25 equipment. What I'd like to do with the dive

1 team is rather than get a large order is replace
2 a couple of sets of gear every year so it's not a
3 large expenditure every year, and we're working
4 on that now to get that in place.

5 COMMISSIONER BURTON: Thank you very
6 much, sergeant.

7 SGT. CARPENTER: Thank you.

8 COMMISSIONER DEWAELESCHE: Madam Chair,
9 one more question in follow-up.

10 They're talking about what the Mayor is
11 talking about, developing -- his initiative
12 developing the Riverside Park in Southwest
13 Detroit and so that's additional waterway kind of
14 activity.

15 Do you anticipate any additional
16 officers needed to do that or will you have the
17 capacity?

18 SGT. CARPENTER: I can always use more
19 officers.

20 COMMISSIONER DEWAELESCHE: And if so are
21 there plans?

22 SGT. CARPENTER: I am familiar with
23 that development by the way. They're talking
24 about putting an amphitheater and beach and
25 everything down there. We'll just deal with it

1 as it comes. If I need more people then, I'll
2 request more people, but I always have a request
3 in for people because it's a lengthy process to
4 get trained to use the boats.

5 COMMISSIONER DEWAELESCHE: Thank you.

6 COMM. BARREN: Commander Barren,
7 Metropolitan Division. Just to expound on that,
8 pretty much why I came up, we have begun
9 relationships with Wayne County Sheriff's Harbor
10 Master where we're now deploying a cross-crew to
11 expand the coverage, and the manpower because
12 they have two boats, four officers and one
13 sergeant and that manpower kind of mirrors ours.

14 But we're working together now to
15 expand a coverage, and so we have afternoon and
16 day shifts to include all the waterways along the
17 river.

18 COMMISSIONER BURTON: Question,
19 Commander Barren. What is the working
20 relationship with Detroit Police Department and
21 the Wayne County Port Authority.

22 COMM. BARREN: The Port Authority?

23 SGT. CARPENTER: I deal with them quite
24 a bit. Actually they run their ferry, the ferry
25 boat from their dock to our dock during the grand

1 prix and they had some other projects they're
2 working with the Travelers Bureau, bringing
3 people from taking them out on the river and
4 letting them go to Belle Isle and they were using
5 our docks.

6 COMMISSIONER BURTON: And you have the
7 Tall Ships coming in and this is about the third
8 year now?

9 SGT. CARPENTER: Yes.

10 COMMISSIONER BURTON: So that's taking
11 -- a lot of people coming down for that, but in
12 addition I went to a meeting that they had at the
13 Port Authority about -- I think the plan is 2018
14 or 2019 or something where it's going to be more
15 cargo ships and stuff going along the river.

16 A lot of the truck drivers, doing a lot
17 of the over-the-road traveling now is going to be
18 like maybe 800 of those, so that will create more
19 jobs and things of that nature, but they're going
20 to start using the river more to transport goods
21 or whatever.

22 SGT. CARPENTER: You'd be surprised how
23 much they use it now. It is probably one of the
24 busiest waterways in the country. There's a ton
25 of stuff moves up and down that river.

1 COMMISSIONER BURTON: I remember
2 hearing something in the presentation about --
3 maybe you can help me with this -- I think on the
4 U.S. side the water is lower than the Canadian
5 Side rises a little higher where more flow
6 traveling or whatever?

7 SGT. CARPENTER: Our waterway is up
8 about 3 feet this year. There's always the locks
9 they have to come through to get in from the
10 ocean.

11 COMMISSIONER BURTON: Okay.

12 SGT. CARPENTER: So that's about it.

13 COMMISSIONER CARTER: Any other
14 question? Thank you, sergeant; thank you,
15 Commander.

16 At this time, Chief Investigator Drake,
17 you have a monthly report for us?

18 CHIEF INV. DAVIS-DRAKE: Thank you,
19 Madam Chair. Good afternoon, Board. For the
20 record, Pamela Davis-Drake, Chief Investigator.

21 The OCI Chief Investigator's report for
22 Thursday, August 27th.

23 We currently have a total of 214 open
24 cases, 24 cases have been submitted to closure to
25 either myself or a supervisor and we did have

1 during the last month one case that was submitted
2 over 90 days.

3 That case was a result of an
4 investigator who had an illness, left out of the
5 office and had a stroke, so he is recovering
6 quite well -- he's doing very well actually right
7 now, but we had to take over some of his cases.

8 One of the cases we identified an
9 officer that was one of the focus officers that
10 needed to be Garrity'd so we extended the case
11 for that reason.

12 That case has been submitted, it was
13 submitted within the time frame that the
14 extension allowed, so we did that just the one
15 and it was -- it was a good reason for it.

16 Just a quick move update. The
17 renovation for the new building is currently on
18 hold. There are some issues, contractual
19 issues, that the City is working with and we're
20 hoping that they will be resolved soon.

21 I believe you all have in your packets
22 the current statistics for the month of July and
23 I'll review them with you very quickly.

24 Citizen complaints as of July, 2015,
25 monthly complaints that we received for the month

1 of July, 110. Same time last year we received
2 111, so that's a 1 percent decrease from last
3 year.

4 At the end of July, 2015 the office of
5 the Chief Investigator had 217 open cases, 643
6 cases filed and 618 cases were closed. Those are
7 year-to-date numbers.

8 Of the 110 cases filed in July, 2015 31
9 percent involved unknown officers and as you can
10 see that number is decreasing. The alleged known
11 units involved leading in complaints were the 3rd
12 Precinct at 11 percent, the 9th Precinct at 9
13 percent, the 2nd, 8th and 11th Precincts at 5
14 percent.

15 Of the 110 cases filed in July -- I'm
16 sorry, 110 cases involved 109 allegations -- 198,
17 excuse me allegations where the leading areas of
18 concern were demeanor at 30 percent, procedure at
19 28 percent, service at 18 percent and harassment
20 at 7 percent. I'm sorry, I can't read my own
21 writing.

22 108 cases closed in July involved 225
23 allegations where the findings were 41 percent
24 not sustained, exonerated 22 percent, unfounded 9
25 percent, and 8 percent were sustained.

1 The leading areas of concern in the 108
2 cases closed in July were procedure at 39
3 percent, demeanor at 25 percent, service at 10
4 percent and property as 8 percent, and that
5 concludes my report.

6 COMMISSIONER CARTER: Commissioners,
7 anything?

8 COMMISSIONER CRAWFORD: Yes, through
9 the Chair. On the 8 percent of the cases that
10 were sustained, they go back to the department?

11 CHIEF INV. DAVIS-DRAKE: They go to the
12 Chief. All of our cases now currently go to the
13 Chief's office for the Chief or his
14 representation to review, and the sustained cases
15 go directly obviously to the Chief's office.

16 Those often times are reviewed and then
17 they go -- all of them go to Disciplinary for
18 review.

19 COMMISSIONER CRAWFORD: And after it
20 goes to Discipline do we get anything back as to
21 what happens with the cases?

22 CHIEF INV. DAVIS-DRAKE: We don't
23 always find that out. If the case goes to Trial
24 Board, then our investigators are called in and
25 we have to produce evidence, the electronic

1 evidence and so forth, but we don't find out when
2 all of them that are sustained, what actually
3 happens to them, no.

4 COMMISSIONER CRAWFORD: I believe that
5 each and every one of them that are sustained, if
6 there's -- if it goes back to the department I
7 ask that we get something back -- I don't know
8 what the time frame is or the timeline, but to
9 say that something has been done because other
10 than that we don't know. We just send it over
11 there sustained and we don't know if anything
12 every happens, if there is any discipline, if
13 there's a write-up or anything of that nature.

14 CHIEF INV. DAVIS-DRAKE: And I know,
15 Commissioner, that that did come up, it has come
16 up in several meetings before and I know the
17 department was working on providing us
18 information. I don't know where we stand with
19 that, but I know they said they were going to
20 address it.

21 COMMISSIONER CRAWFORD: That's what
22 civilian oversight is all about.

23 The other issue on the one case that
24 we're over our time on, how many days?

25 CHIEF INV. DAVIS-DRAKE: It was

1 actually almost 30 days and, again, the reason
2 for that the police officer was on furlough and
3 she was a focus officer, so we wanted to make
4 sure we interviewed her to give due process.

5 The case was not sustained, we didn't
6 have to sustain anyone in the case, but we needed
7 her Garrity interview. But, again, once the case
8 -- if an extension request comes through and it
9 comes through prior to the end of that 90-day
10 period and we extend it and I approve it, then
11 we're fine. We still are in compliance according
12 to the former Consent Decree and our own policy.

13 COMMISSIONER CRAWFORD: Okay, thank
14 you.

15 COMMISSIONER CARTER: Any other
16 questions?

17 COMMISSIONER BURTON: Yes, I have a
18 question, not for OCI, Chief Drake, but back to
19 the sergeant who gave the presentation.

20 One of the questions I want to know for
21 the underwater rescue -- for the underwater
22 rescue missions that your team goes out on, do
23 you all use any underwater video surveillance
24 camera or anything of that nature for those
25 recoveries?

1 SGT. CARPENTER: Yes, we use side scan
2 sonar, we have an ROV, we have an underwater
3 camera.

4 COMMISSIONER BURTON: Thank you.

5 COMMISSIONER BELL: Madam Chair, I'd
6 like to respond to Commissioner Crawford's
7 inquiry in terms of the Chief reporting back.

8 I think we -- like you said, we have
9 raised that issue in the past and I'd like to see
10 some type of conclusion on that issue in terms of
11 reporting out in terms of the oversight and
12 coming back to this Board.

13 I think it would be very helpful as we
14 submit it, but we have no idea and I think
15 there's been -- we've been posed this question
16 since we've been on this Board.

17 I think we need to get some type of
18 conclusion, some type of timeline if they going
19 to report out or not report out or give us some
20 idea what is transpiring.

21 Because I think one of the issues we
22 have a concern, even if it's just demeanor, I
23 mean consistently that officer might have four or
24 five cases that we talked about in the past, but
25 we have no idea if they've been counseled,

1 monitored or anything.

2 I think it would be very helpful in
3 terms of all the work that we put into it, we
4 have no idea what has transpired with an outcome,
5 did we just slap them on the wrist or we just
6 don't say nothing.

7 That would be nice for this board to
8 know in terms of that type of resolution to that
9 issue. I'm glad Commissioner Crawford brought
10 that up again.

11 Also, about that investigator I think
12 if you would provide the name we would like to
13 send a get-well card and maybe a telephone call
14 like we have in the past to let that person know
15 that we're thinking about him or her.

16 CHIEF INV. DAVIS-DRAKE: I can tell you
17 that name, that was Inv. Elgin Murphy.

18 COMMISSIONER BELL: Okay. I definitely
19 want to reach out to him in terms of -- other
20 Board members might also want to reach out and
21 let him know that we are concerned; thank you.

22 CHIEF INV. DAVIS-DRAKE: You're quite
23 welcome and I will reach out to the department
24 and we'll work together, we'll get you something.

25 COMMISSIONER BELL: Thank you.

1 COMMISSIONER CARTER: Work with the
2 department on a resolution regarding getting back
3 information?

4 CHIEF INV. DAVIS-DRAKE: Yes, the
5 information about the sustained cases and what is
6 actually -- what transpires after -- the type of
7 discipline that they would receive.

8 COMMISSIONER CARTER: Okay.

9 ASST. CHIEF DOLUNT: Madam Chair, do
10 you want to do the MOU presentation now?

11 COMMISSIONER CARTER: Yes.

12 DEP. CHIEF WASHINGTON: Celia
13 Washington, Legal Advisor. Thank you
14 Commissioner. I'm going to ask Sgt. Quinn or
15 Robert if somebody can make the computer come
16 back on.

17 But in the meantime, a couple -- to
18 address -- and from the Chief's Office I want to
19 make sure that we're clear that we want to
20 promote the transparency and we want to promote
21 the open communication.

22 Commander Sims is going to follow up
23 with some closure. That's been a discussion back
24 from the days that I was at OCI and even before
25 me to close that loop so that the Board is made

1 aware of what the conclusion is so we will do
2 whatever we can to make that happen.

3 Second issue, again I want to be
4 responsive to the Board's concerns as timely as I
5 possibly can. I want to thank Mr. Anthony for
6 working with me, I believe it was last week,
7 after the Gang Intelligence presentation there
8 was -- I can't remember which commissioner raised
9 it, in terms of re-offenders or people that were
10 in Cease-Fire that were re-arrested.

11 We have provided Mr. Anthony with an
12 e-mail with those statistics that I'm sure that
13 he will share with you. And as we prepare -- and
14 I'm going to try to -- I understand that you all
15 may have questions, but in the interest of time a
16 couple of things.

17 What I've done, and I met with
18 Mr. Anthony to find out the most effective use of
19 your time, we have pulled 11 MOUs for task forces
20 that we are a part of.

21 And particularly Commissioner Mallett
22 had mentioned with regards to the criteria for
23 the participants, the overall criteria and the
24 criteria what happens when behavior of any one of
25 the members in the task force goes awry who

1 addresses that, how members are selected and a
2 numbers of things.

3 So what we have here, we've got 11 MOUs
4 that we will just -- I have a tremendous team. I
5 really appreciate DC Fitzgerald for agreeing to
6 step up and talk about the MOUs specifically. We
7 won't take a lot of time, but I do want to at
8 least show you the dates, he'll talk about the
9 kinds of MOUs or the types of task forces to show
10 you that the Chief has signed off on these.

11 And I do know that Contracts is the
12 repository for MOUs, but I keep a binder with all
13 the MOUs with me and the Chief takes these MOUs
14 very very seriously.

15 To some it may seem knit-picky, but I
16 can appreciate the fact that he doesn't sign
17 photocopies, he doesn't sign copies where no
18 other agency has signed off. He takes these
19 things very seriously and I do too and I don't
20 mind saying that the first one that you're going
21 to see is one that I've worked with the marshal's
22 office to make sure that it's reflected amended.
23 These are not rubber stamped. To a great extent
24 they're boilerplate, but we take them very
25 seriously.

1 In terms of providing them to this
2 Board we can certainly do that for some sort of
3 an in-camera review, and again if the public is
4 particularly interested we can guide them through
5 the FOIA process to help them take a look at the
6 FOIA -- or FOIA the MOU. So DC Fitzgerald.

7 DEP. CHIEF FITZGERALD: Again, Deputy
8 Chief Fitzgerald. First one here is our
9 agreement with the Marshal's Service. This is
10 the Fugitive Apprehension Team, works out of the
11 Marshal's Service, works out of the Federal
12 Courthouse over there.

13 We have -- and I don't know how quickly
14 you want me to move through these. Do you just
15 want me to tell you what each one is and then
16 we'll shoot through, follow up with some
17 questions.

18 Each one has got to discuss supervision
19 personnel, how much will be assigned,
20 reimbursement for overtime. It will also talk
21 about how many people we'll assign to each one,
22 who's going to be responsible for the overtime.
23 It will talk about vehicles and equipment,
24 records, reports, informants, use of force. Use
25 of force is -- every agency that participates are

1 bound by their own set of rules and regulations
2 on the department.

3 They also have some that are spelled
4 out through here. If you're a part of an FBI
5 task force you're also responsible to follow
6 their guidelines as well. So it's spelled out in
7 here. It talks about a news media release.

8 This one -- there's Chief Craig's
9 signature.

10 COMMISSIONER VANN: Madam Chair, may I
11 ask a question or would you like to just finish
12 first?

13 DEP. CHIEF FITZGERALD: No, go ahead,
14 I'm sorry.

15 COMMISSIONER VANN: The use of force is
16 interesting to me because there may be different
17 levels or procedures and policies of use of force
18 with various agencies. How is that ameliorated
19 as they collaborate?

20 DEP. CHIEF FITZGERALD: It is -- again,
21 each agency is responsible for their own use of
22 force policy. The policies are discussed when
23 the person first joins the task force, they will
24 discuss what their policy is, the expectation of
25 the task force itself.

1 Like we have some people, MPS will have
2 the Taser, we don't have a Taser. So any use of
3 force that goes over and above in the city of
4 Detroit, we investigate that.

5 COMMISSIONER VANN: So -- and then --
6 because doesn't that intersect with liability and
7 a lot of other legal issues as well?

8 DEP. CHIEF FITZGERALD: It can. I'm
9 sorry, I'm definitely not the lawyer.

10 COMMISSIONER BURTON: And through the
11 Chair, I have a question too. What is DPD's use
12 of force?

13 DEP. CHIEF FITZGERALD: What is our use
14 for force, as far as what? Lethal, less than
15 lethal, a force continuum, so it's always going
16 to be one up.

17 If it's a hands-on approach, we can go
18 hands on. If it's a deadly force, we can go
19 deadly force. It's always one up, one down in
20 the force continuum.

21 COMMISSIONER BURTON: And what is the
22 use of force with DPD versus the feds? What's
23 our policy versus their policy, is there any
24 similarities?

25 DEP. CHIEF FITZGERALD: Most of them

1 are fairly similar. Again, the Taser is this one
2 that stands out the most. Some of our partners
3 use Taser and we do not use Taser. Otherwise, we
4 stick with our continuum.

5 We use the minimum amount of force
6 necessary, then we'll go into pepper spray,
7 PR124, and we move up the continuum and we'll get
8 you a copy of the continuum.

9 COMMISSIONER BURTON: Thank you.

10 COMMISSIONER CRAWFORD: Through the
11 Chair, this MOU was amended -- I can't see that
12 date, I see the 11-15, but what is that 8-11-15.

13 Okay. Is there any more signatures on
14 that one?

15 DEP. CHIEF WASHINGTON: Yeah, there's
16 the marshal's signature on there.

17 COMMISSIONER CRAWFORD: Thank you.

18 COMMISSIONER MOORE: Chief, through
19 the Chair, I understand exactly what you mean by
20 one up one down, but can you like briefly educate
21 the citizens on what you mean by one up, one
22 down? What do you mean by force continuum, is it
23 five point or six point force continuum?

24 Can you just briefly explain that for
25 clarification purposes?

1 DEP. CHIEF FITZGERALD: Sure. It's a
2 -- if you go to a police run and you want to --
3 you need to move someone off of whatever and they
4 just lay down, they're just passively resistant,
5 you can use enough force necessary to move them
6 along, to investigate them, but no more, no less.

7 Then if they stop, you stop, you back
8 down. So when I say it's one up, one down, it's
9 you meeting the escalated level of the force
10 they're using or the resistance they're using to
11 what you need to accomplish your objective.

12 Is that clear enough for you?

13 COMMISSIONER MOORE: I totally
14 understand it. I was just trying to -- wonder if
15 the citizens understood it because they're not
16 law enforcement experts and they probably haven't
17 studied use of force and, like I said, five or
18 six point depending on the department you're from
19 or, you know.

20 DEP. CHIEF FITZGERALD: And we can
21 obviously get someone from the training academy
22 even who could talk about this much more
23 eloquently than I can, but -- so I'm sorry, let's
24 get back to these.

25 This one here is the -- this is the one

1 I think that brought up a lot of these questions.
2 This is our Action Team, it's our Auto Theft Task
3 Force with Grosse Pointe Park. This is with us,
4 Detroit Police, Harper Woods and Highland Park.

5 Each one is going to -- each policy
6 will -- each MOU will talk about some of the
7 similar things about who's responsible, who takes
8 lead on the task force itself, how many people
9 you're going to give to the party.

10 Terms and conditions, the entire
11 agreement and then the execution signature of
12 Chief Hiller who is the Chief over the Action
13 Team and then Chief James Craig. Looks like they
14 were the first two to sign.

15 COMMISSIONER CARTER: Some of the other
16 chiefs would be signing?

17 DEP. CHIEF WASHINGTON: They've all
18 signed.

19 COMMISSIONER CARTER: They've already
20 signed?

21 COMMISSIONER VANN: Madam Chair, I'm
22 sorry, I don't want to prolong this, but recently
23 we saw an incident a little while ago of a police
24 officer that was serving in another municipality
25 that ended up leaving there under some cloud of

1 misconduct and then going to Highland Park and
2 possibly serving on a task force.

3 I mean, what is our policy with regard
4 to those kind of issues, if there -- are the
5 individuals monitored or scrutinized that are a
6 part of these tactical forces?

7 DEP. CHIEF FITZGERALD: I can tell you
8 for the majority of them, yes. The lead agency
9 is the person that would scrutinize the potential
10 candidates for the task force.

11 I know that FBI, DEA, Marshal Service,
12 ATF, does a background investigation on everyone
13 and they're thoroughly scrutinized. Most of them
14 have to either have top secret clearance or at
15 least a secret clearance to even enter the
16 building. So the majority of them are heavily
17 scrutinized.

18 COMMISSIONER VANN: You are aware of
19 the incident that I'm referring to?

20 DEP. CHIEF FITZGERALD: Yes, sir.

21 COMMISSIONER VANN: Okay.

22 COMMISSIONER MALLETT: Madam Chair, if
23 I might. Chief, to follow-up on what Bishop Vann
24 said, the way this conversation got started
25 Mr. Scott suggested that one of the ways that we

1 might function with an eye toward providing
2 better citizen protection was to ask the agencies
3 that we were on the task force with to set the
4 same standard of personnel inclusion that DPD --
5 that we do, that DPD does.

6 DPD says you cannot be on this task
7 force if you have a prior incident and so the
8 question was could we say to our sister and
9 brother organizations this is our standard, we
10 believe this standard is important and we believe
11 that it's a standard that has worked well for us.

12 And we wonder if you could adopt the
13 same standard. We couldn't impose it nor would
14 we, I don't think, want to say well, if they
15 don't agree we're going to quit the task force
16 and not participate.

17 But it was something, Chief, that we
18 were interested in having the department assess
19 to determine whether or not a conversation like
20 that would be beneficial, at least making people
21 aware that once there is a best practice -- and
22 I'm very proud of the fact that DPD in this
23 particular instance has a best practice -- other
24 people ought to rise up to that best practice.
25 It doesn't -- DPD did not set that standard for

1 its own level of behavior and officer inclusion
2 by accident.

3 Dolunt didn't stand up one day and say
4 you know what, this is a good rule. You all went
5 through this and figured it out by past
6 experience and professional examination and
7 determined that this was the course of action
8 that would best fit us, and the citizenry that we
9 serve.

10 And so I mean to use an example,
11 frankly in the hospital, when there is a best
12 practice and there's a physician who wants to
13 come into the system, they have to meet the
14 standard we set. They can't say well, at the
15 hospital system I come from we don't do that way.

16 Well, this is the way we do it here.
17 And particularly if the way we do it here
18 requires a higher level of intensity of training
19 of whatever it is, you have to rise to the level.
20 You can't participate if you're unwilling to be
21 better than you are.

22 And I think that in this particular
23 circumstance what we were talking about months
24 ago was not making a demand by the Commission
25 that department shall, I didn't want to be a part

1 of that, but what we did want was an assessment
2 of the possibility and to determine whether or
3 not such a conversation would prove to be
4 beneficial because the -- Lord know, the world
5 that we live in and the one that we are jointly
6 now responsible for I feel very responsible for
7 the Detroit Police Department and Commissioner
8 Burton's concerns about equipment and safety and
9 things like that are things that we all share.

10 So I want the men and women working for
11 the DPD to be protected, and one of the ways to
12 protect them is to have really high quality
13 people associated with them when they put
14 themselves in harm's way.

15 And if the people on these task forces
16 are good as my girls and guys, well then the hell
17 with them, but that's my view and I'm not a
18 professional policeman so I don't know what our
19 abilities are.

20 But I am saying that you set a
21 standard, you say to the people in other
22 industries you set a standard, you say this is
23 the standard below which you cannot go and the
24 standard just goes higher. Chief, you know that.

25 It always get harder. The standard

1 always get raised. And so without trying to
2 intervene in tactical discussions or affiliation
3 agreements and all those kind of things although
4 I'm very glad to see these, obviously
5 Commissioner Crawford had concerns about
6 signatures, very legitimate, very important and
7 I'm not trying to rush past those, but this is an
8 opportunity it seems to me for the citizens of
9 the city of Detroit to be very proud of their
10 police force.

11 We have a standard that says you cannot
12 participate in a very important task force that
13 might change your career, that might make you
14 eligible for promotion, that might give you
15 exposure to the department that will then
16 facilitate your next step, if you have in the
17 past not met the standard of behavior that the
18 department has set.

19 I think that sets us apart. I think
20 that makes us better than we've ever been,
21 provides leadership in a very important area of
22 extraordinarily high risk for the officers and
23 for the citizens. And so that was part of what
24 we were looking at.

25 And so as we review these and we go

1 over the personnel thing, it might even be -- now
2 talking to Assistant Deputy Chief Washington --
3 what -- Celia works, okay.

4 Even to say it's the only thing that we
5 could do in these memoranda is just say all
6 brother and sister department personnel should be
7 aware that membership on the task force for
8 Detroit police personnel is an honor, not a
9 right, the selection process is very rigorous and
10 the men and women who participate from our side
11 you can be sure are excellent citizens with no
12 record of past behavior or whatever the verbiage
13 is that you choose.

14 And maybe this is not the occasion
15 where we can make the same demand of you, but you
16 should be clear and your citizens can take solace
17 in the fact that we are giving you our best, and
18 we wonder, are you giving us yours. That's a
19 question.

20 And I think that -- because there has
21 to be a way from within the police department
22 community to raise the standard. I can't do it.
23 I'm sitting out here as an uneducated citizen,
24 but from within the police department
25 relationships once, Chief, you say this is our

1 standard, people got to look at that.

2 They can't ignore what DPD has done and
3 they can't ignore what DPD has done without at
4 least asking why did you do it. And I know that
5 we can give them a very long reason as to why
6 we've done all of these things and I just think
7 it would be -- I think it would be an opportunity
8 for the department to distinguish itself.

9 And the more aggressive we are about
10 extolling the standards we set, just seems to me
11 that it becomes easier for the line personnel to
12 understand why you're enforcing the standard so
13 hard, because it's a mark of distinction for us.
14 It sets us apart, it gives us the opportunity to
15 say back to our citizens you are protected by the
16 very best people that we can find, they get the
17 very best training that we can provide and we do
18 not reward people for poor behavior by placing
19 them on a task force that might compromise their
20 brother and sister officers or citizens in other
21 jurisdictions that we happen to be present in.

22 DEP. CHIEF FITZGERALD: Maybe I'm just
23 missing something. We do that across the board.
24 We scrutinize every -- we're not in task force
25 agreements right now because we don't agree with

1 the way that the task force is being run. We
2 scrutinize every single one we're in.

3 We're probably in -- 11 of them up
4 here, we're probably in one of them may have
5 missed out, but we never missed the opportunity,
6 we can always go back when we resign this MOU
7 because they're yearly, we can talk about it, we
8 can have that conversation.

9 We interview new people that come into
10 the task force, the task force will sit down,
11 they will interview the person that comes in.

12 COMMISSIONER MALLETT: That was not
13 made clear to us.

14 DEP. CHIEF FITZGERALD: There's a lot
15 of scrutiny on a lot of these task forces. We
16 have to turn our own people away sometimes
17 because they don't meet a certain criteria.

18 COMMISSIONER BELL: I think
19 Commissioner Mallett needs to understand that the
20 federal officers, FBI and others, state police,
21 their standards are much higher than DPD
22 standards in terms of certification, training and
23 etc, etc.

24 Now, there might some shortcoming with
25 some of the smaller departments, but as you well

1 know there's a whole different criteria to be a
2 federal officer, whether it be U.S. Marshal or
3 FBI, there's a whole different level in terms of
4 their training, their certification.

5 COMMISSIONER MALLETT: I get that. I'm
6 not talking about how you become a member of the
7 force, I'm talking about how you become a member
8 of the task force.

9 COMMISSIONER BELL: Well, how can we
10 scrutinize a task force if their standard -- I
11 mean --

12 COMMISSIONER MALLETT: Because you can
13 get on the job and make a mistake, commissioner.

14 COMMISSIONER BELL: I understand.

15 COMMISSIONER MALLETT: You can get on
16 the job and do something that still allows you to
17 keep your job, but you have not met the same
18 standard as set by the Detroit Police Department,
19 and that's what I was referring to.

20 COMMISSIONER BELL: I think I
21 understand what you're trying to say. I'm not
22 debating with you, I'm just speaking to the
23 standard and criteria for federal officers.

24 COMMISSIONER MALLETT: And, believe me,
25 I understand that. I'm talking about something

1 completely different.

2 COMMISSIONER BELL: Okay. Well, we can
3 move on.

4 COMMISSIONER BURTON: You know, I agree
5 with what Commissioner Conrad Mallett is saying
6 about the standard and he's right, he's right,
7 and, Mr. Chair, I think we need to listen to
8 Commissioner Mallett on this piece, that's very
9 important here.

10 Some task force we shouldn't be -- we
11 need to evaluate some of these task forces that
12 we are on, that we are participating on and we
13 got to be sure that each officer is very much
14 aware of those policies and those standards and
15 DPD, we got a great department here, but we can
16 raise the bar a lot higher in some areas.

17 DEP. CHIEF FITZGERALD: And, again, I'm
18 saying we raised it as high as we possibly can to
19 participate in these task forces. We have people
20 that we have to turn away for credit, credit from
21 15 years ago. We turn away -- all these folks
22 are scrutinized. We don't just enter into these
23 things just kind of willie nillie, there's a lot
24 of work that's involved.

25 Like Commissioner Bell said, the

1 training itself, we go into an FBI task force.
2 Federal agencies got to qualify with their
3 firearms four times a year, we only have to do it
4 twice.

5 If you go on the task force you will
6 qualify four times a year. You do your two times
7 in the city, so you're qualifying six times. And
8 all those things are scrutinized on the majority
9 of the task forces that we have right now.

10 COMMISSIONER BURTON: You mentioned
11 something about credit?

12 DEP. CHIEF FITZGERALD: Sure.

13 COMMISSIONER BURTON: So what does the
14 credit have to do with anything?

15 DEP. CHIEF FITZGERALD: Temptation. If
16 your credit is bad, you need money for this, need
17 money for that, those are certain things will get
18 you disqualified.

19 COMMISSIONER BURTON: That's
20 discrimination.

21 DEP. CHIEF FITZGERALD: No, no, I
22 wouldn't say it's discrimination.

23 COMMISSIONER BURTON: I mean, no
24 offense to anyway here, but I mean what do credit
25 got to do with a person's integrity?

1 DEP. CHIEF FITZGERALD: Because they
2 become susceptible to bribe.

3 COMMISSIONER CARTER: One person.

4 COMMISSIONER BELL: We understand. We
5 just have to enlighten the commissioner in
6 reference to those issues, but those issues are
7 crucial and as far as I know going back to my
8 whole career, we've been engaging in task forces
9 and it's now more crucial now than ever in terms
10 of fighting crime, and I think that the bar has
11 been raised a great deal in terms of scrutiny
12 with ICE and all that, but basically it's been
13 operating extremely well over the years in terms
14 of task force.

15 We cannot function just in terms of the
16 arrests of the gangs involving narcotics. That's
17 extensive investigation by task force, we don't
18 have that capability so we have to look at that
19 and welcome that and you talk about raising the
20 bar, I think that we have to step up to their
21 standards in terms of their type of involvement,
22 that type of officer going forward because we
23 want the best to represent DPD.

24 And you look at our criteria, you have
25 to realistically look in terms of what has

1 transpired over the years. Even state police
2 standards is totally different in terms of DPD in
3 terms of their training, the requirements, the
4 certification process, so we need to take a look
5 at all that before you just say okay, our
6 standard.

7 I think national standard is much
8 higher. Even when you're talking about LAPD, we
9 just pretty much in the last four or five years
10 will really brought us to a level where we're
11 getting more training. Like you said, when I was
12 on the job you qualified one time a year and a
13 lot of instances a lot of people did not qualify
14 once a year because there was no scrutiny, there
15 was no accountability.

16 So the criteria has changed in the last
17 11 years. Some police see that type of scrutiny.

18 COMMISSIONER CRAWFORD: Through the
19 Chair, yes, sir, really this is what brought all
20 this issue about is one particular task force and
21 the stuff that was in the statement. What
22 occurred that was revealed in the media and
23 subsequent investigation by the Prosecutor's
24 Office and I agree with Commissioner Mallett,
25 he's absolutely on point.

1 But you did state, sir, that when this
2 MOU comes up for review that you want to talk to
3 the supervising agency which is Grosse Pointe,
4 correct?

5 DEP. CHIEF FITZGERALD: Yes, sir.

6 COMMISSIONER CRAWFORD: That's very
7 important and I'll say this, like one local
8 famous artist once stated, I'll quote him, "This
9 is Detroit, this is what we do." Eminem said
10 that.

11 So I agree wholeheartedly with
12 Commissioner Mallett and he's on point in terms
13 of just bringing to light or expressing more or
14 less I guess I want to say evaluation of some of
15 the other individuals on the task force.

16 COMMISSIONER BURTON: Through the
17 Chair, I got a question for the Chief. Not long
18 ago this board, we met with Human Resources
19 Director Gail Oxendine and she mentioned
20 something about -- we talked about credit.
21 Credit was something that was raised in the end
22 about the entry process, joining the department,
23 and she said that was not a factor, but now we're
24 talking about we're back to credit again.

25 You know, some people have fair credit,

1 some people have good credit, some people have
2 great credit. So what are we looking at as far
3 as credit because I don't think whether your
4 credit is fair or great or excellent have
5 anything to do with a person's moral integrity,
6 morality, any of that.

7 I think it has more to do with your
8 character and please weigh in, Commissioners.

9 DEP. CHIEF FITZGERALD: How about we
10 have a separate conversation on that if you don't
11 mind.

12 COMMISSIONER BURTON: Sure. I think we
13 still would like to know as far as credit what
14 kind of score are we looking at here because
15 there's different levels of credit. You know,
16 you got people that have outstanding student
17 loans going back to school, working towards a
18 master's or whatever, so I mean that's just
19 something I'd like to see, but we can table the
20 conversation until later as you may, but I mean
21 that's something that I would like to know more
22 about.

23 DEP. CHIEF FITZGERALD: Absolutely.

24 COMMISSIONER MALLETT: Madam Chair, if
25 I might, the only -- we went down this road at my

1 suggestion and, Chief, again I just say, let me
2 apologize a little bit because the question came
3 up about the standards and there was almost no
4 response. No one said we scrutinize membership
5 on the task force all of the time, that we asked
6 questions about who participated.

7 That just didn't come up and I would
8 not have wasted the department's time if the
9 response that you're making now was one that was
10 given when this came up. We were at the
11 Westminster Church, Ron Scott asked the question,
12 and when it didn't get answered when there was no
13 response, then we said well, we'll wait to hear
14 back from the department and pushed to cause the
15 response that you're making, along with what
16 Commissioner Crawford wanted to see that they had
17 been properly signed.

18 So I don't want you to think we were
19 just on some tangent and maybe that's just an
20 opportunity, Madam Chair, for us to communicate
21 with the department more clearly so that we can
22 -- because if there is an answer to the question,
23 then, George, we should just get it and not have
24 to waste everybody's time, particularly the
25 public's time. If there's an answer that we

1 haven't gotten but is readily available, we
2 should get it and then we can go on. Lord knows
3 -- it's turning out I'm doing this for my health.

4 COMMISSIONER BELL: Madam Chair, I just
5 want to say, I think it's crucial that this
6 surfaced and now we have a signed document and we
7 had a very prominent person in this community
8 that was arrested in reference to by, an outside
9 force, in fact that was Wayne County Sheriff
10 department made this arrest on Woodward and Six
11 Mile and it was a very prominent person and that
12 case went to court and it was thrown out for what
13 reason? Jurisdiction.

14 They had no signed agreement with
15 Detroit, the City of Detroit. So you're correct
16 in that instance that there was no signed
17 agreement to give them authority to operate
18 contrary to the state police agreement in terms
19 of traffic, etc, etc. Wayne County Sheriff's
20 Department did not have that authority and the
21 case was lost.

22 And, you know, most of us know the
23 person we're talking about and about the case and
24 that to me hopefully would not -- in terms of
25 signed document -- was not presented when

1 Commissioner Crawford asked, there was a casual
2 agreement, something fell to the side. So this
3 issue surfaced and it's good for us concerned
4 parties. Thank you.

5 COMMISSIONER CRAWFORD: I just want to
6 add briefly that my concern was that, as I stated
7 before, for each and every task force that we
8 have operating the Detroit Police Department is a
9 part of, that we have a document that signed,
10 that's in place and we're okay with that.

11 So if something does occur like what
12 occurred last year, then we say we're part of
13 this task force, documentation is in place, we
14 have a documentation, a signed agreement with all
15 task forces that we're associated with.

16 DEP. CHIEF FITZGERALD: Absolutely.

17 COMMISSIONER CRAWFORD: That was my
18 concern.

19 COMMISSIONER CARTER: Thank you, sir.
20 Under announcements our next Board of Police
21 Commissioners meeting will be Thursday, September
22 3, at 3 PM at the Detroit Public Safety
23 Headquarters and our next community meeting will
24 be the 3rd Precinct at the Boy Scouts of America
25 located at 1776 West Warren at Rosa Parks

1 Boulevard September 10th at 6:30 PM.

2 At this time we would take --

3 COMMISSIONER BELL: Madam Chair, could
4 I pause for one second to cover the report out
5 for the attorney to the Board. You have a
6 package and attorney wanted us to make sure we go
7 through that package in terms of documentation
8 that you have, and don't take it leisurely and
9 ignore all the pertinent information.

10 I think last week I reported out that
11 we would have our form on Detroit is One and in
12 the package that date has been changed to
13 September 22 and you should have a flyer on that.

14 That's due to the fact that the council
15 community meeting is on the date of September 15,
16 so the package is quite extensive, please be
17 aware of it and scrutinize it at your leisure;
18 thank you.

19 COMMISSIONER BURTON: Through the
20 Chair, another announcement would be I'm hosting
21 jobs for public safety, economic growth in my
22 district, District 5, at St. John Presbyterian
23 Church which is 1961 East Lafayette, Detroit,
24 Michigan 48207 on September 14, at 6 PM.
25 Everyone is welcome to attend. Thank you.

1 COMMISSIONER CARTER: Oral
2 communications from the audience, please hold
3 your comments to two minutes.

4 Ms. McCANT: Good afternoon, Board. My
5 name is Yolanda McCant and I live in the
6 Northeastern District. I'm here today because I
7 had a situation at my house on Sunday. I have a
8 neighbor that just moved in maybe six or eight
9 months. He was a mental patient. For whatever
10 reason I'm going to say that they were not
11 monitoring his medication and he did not have --
12 he was not on his medication on Sunday when he
13 was about to ring my door knob off, and when I
14 asked him to go back across the street he in turn
15 started ringing at the gas meter which was
16 located on the side of the house.

17 I called 9-1-1. I understand that we
18 do not dispatch cars from the precinct. We --
19 this was more or less a distress call. I called
20 back, there was a second call made to 9-1-1.

21 I in turn called the station and there
22 was -- I guess they said they saw the 9-1-1 call.
23 In any event what wound up happening was there
24 was six officers because this man was just
25 totally outraged. He was at one house with his

1 door knock and the gas meter. I came out my
2 front door to find out what was going on, and
3 left my door open and he in turn tried to -- he
4 ran up just about to get into my house.

5 When we have mental patients like that
6 I called it into -- when I first called it in to
7 9-1-1 I said there was a mental patient and then
8 I get questioned well, why do I know. You don't
9 hear him? He's screaming all of these
10 obscenities, he's talking just -- so finally he
11 said, "I hear him and there's a unit on the way."

12 Okay, I do understand that we're short
13 manpower. Sometimes the precincts have one car,
14 sometimes they have no cars, but I did call the
15 station and I asked the person on the desk,
16 explained to them who I was and what I wanted,
17 and at the same time this gentleman is just
18 screaming and calling all kinds of obscenities.
19 Kids are out there and he's screaming they're the
20 devil. What do we do?

21 I understand the cars may be busy, cars
22 may have to come from wherever. We wound up --
23 they had to wind up getting three cars in order
24 to subdue him to take him wherever they needed to
25 take him.

1 And I've asked this question when we
2 got citizens like me, I don't have a ray-ray
3 running around so when I call 9-1-1 it's not just
4 to see a police car come down my street, I'm
5 calling 9-1-1 because I'm in distress. I am a
6 community person, I work in the community, I do
7 my due diligence.

8 COMMISSIONER CARTER: Thank you,
9 Ms. McCant.

10 COMMISSIONER CRAWFORD: I can, I'm your
11 commissioner at your district. I'll talk to you
12 after the meeting.

13 MS. McCANT: Thank you.

14 MR. SCOTT: Good afternoon,
15 Commissioners. I want to thank Commissioner
16 Mallet, Commissioner Crawford and Bell and Burton
17 and all of you for having the vigorous discussion
18 about multi-jurisdictional task forces.

19 These are being discussed around the
20 country. This is not just endemic to the city of
21 Detroit and when the AC was talking about how the
22 standards are higher, it's not just a question of
23 technical qualifications, it's a question of
24 transparency, it's a question of whether or not
25 the standards that relate to the public are being

1 provided in a transparent manner.

2 This whole discussion was about
3 transparency, about the presentation of the
4 information. The Violent Crime Task Force were
5 involved in a major case involving that at this
6 particular point, the federal agency has refused
7 to provide information even to federally elected
8 officials, to congresspersons. They have not
9 been able to get information.

10 So in effect this is very important and
11 we're talking a standard that across the board
12 relates to federal dollars and so if you have
13 federal dollars that are being provided, there
14 should be a confluency that allows for a standard
15 to be similar across the perspective using the
16 best standards as Commissioner Mallet related to,
17 whatever they are.

18 I mean just, because individuals may
19 qualify twice as opposed to once a year, I'm not
20 so much interested in whether or not they're
21 qualified in terms of their shooting score, I may
22 be more interested in whether they qualify in
23 terms of their ability to de-escalate and whether
24 they have an ability in terms of the presence and
25 understanding of community, whether or not they

1 have the standard that allows for diversity in
2 their ranks.

3 Those are the kinds of things we're
4 talking about. So within that context I think, I
5 really do strongly suggest, that the commission
6 should know that the public is very concerned
7 about transparency and about the regulatory
8 framework in terms of how these situations are
9 addressed.

10 So I think that a little more
11 discussion, a little more -- a work session,
12 public hearings or whatever, should be conducted
13 in this context and I think we'll get further
14 down the road because this is on the President's
15 table. This is not just here, the President of
16 the United States in their group, they're talking
17 about this.

18 So I, not wanting to take more time,
19 would suggest that since we're about to maybe
20 even go into civil litigation about these
21 matters, that let us come from the standard that
22 we're trying to technically be the best that we
23 can be, and it is not about the hierarchy of
24 forces that initiate an activity, and I want to
25 conclude with this because there was a reference

1 made to jurisdictional questions.

2 Those are questions too, because when
3 people see different units, they want to know
4 who's the jurisdiction is, where that
5 jurisdiction ends, where it begins and that
6 becomes lawyer territory because we don't know.
7 We haven't had many cases where in effect that's
8 going to happen.

9 There may be cases coming up now where
10 there may be civil or criminal litigation or at
11 least civil litigation to determine who's right,
12 who's wrong, who is culpable, who's not in these
13 situations, so I'm just saying there's a lot of
14 unanswered questions and I thank you for being so
15 vigorous, Commissioner Mallet and Commissioner
16 Bell.

17 I enjoyed the debate. I thank you for
18 being so vigorous about this because transparency
19 and the standard of what is best is not just
20 measured by the technical framework, but by the
21 standard of policing, the standard of law
22 enforcement that is in terms of advancing of the
23 human condition.

24 So I just want to leave you with that.
25 I thank you for staying on that and being

1 consistent with it.

2 COMMISSIONER BELL: I just want to
3 respond to Mr. Scott by saying, Madam Chair, that
4 when we look at these issues I think -- you say
5 the President of the United States, the U.S.
6 Attorney General, the Justice Department, Civil
7 Rights Division, NAACP and others are all
8 weighing in on those issues that we talked about.

9 When I say the qualifications, I'm not
10 just talking about qualifications in terms of the
11 whole 40 hour training as well as -- we did not
12 have in the past and that's go through the whole
13 gamut of what you're talking about, force, deadly
14 force, whatnot.

15 All those issues are now before us, and
16 so as we get our oversight authority I'm hoping
17 that we can weigh in more so because that is the
18 issue of the day.

19 It's paramount that we be involved in
20 that whole debate, so I guess that's my point I'm
21 trying to make is that it's an issue, it's a
22 national issue, it's a local issue. So as we
23 well know, all cities have their own police
24 department and that's an issue too, but that's
25 how we roll in the United States of America.

1 There's no overall standard, so we're
2 going to have those clashes in terms of whether
3 it be Grosse Pointe or Highland Park and what
4 they can do. They probably don't have those type
5 of training because they have a smaller police
6 department. All cities want their own police
7 department and there are issues that we're trying
8 to deal with.

9 MR. SCOT: I would even suggest that
10 some federal agencies have their own challenges.
11 You might remember we were involved in the Miller
12 case and the FBI and some of the standards they
13 have did not rise to the standard of the Detroit
14 Police Department even in terms of transparency.
15 So in effect I'm not so sure that we need to use
16 that and say that is necessarily better.

17 I don't know that ICE does because in
18 the case of some people in terms of the borders,
19 it doesn't rise to the standard of how we do
20 things and so forth.

21 So I'm just raising that and I'm saying
22 transparency at this particular point is very
23 important and I think the commissioners for being
24 vigilant on that and I think there needs to be
25 more of a work session in terms of the

1 development of that framework.

2 I think we stand on the epoch of the
3 possibility of doing some possibly great things
4 here if we stay the course and not back away from
5 it simply because it's a challenge. I mean,
6 that's why we're here. We're here to try to make
7 things better even if it is a challenge.

8 COMMISSIONER CARTER: Thank you,
9 Mr. Scott. Any other comments?

10 MR. REA: Good afternoon, commission,
11 through the Chair it is an honor and indeed a
12 pleasure to see you all again, many of you that I
13 know personally and others than I'm seeing for --
14 my name is Kenneth Rea, my apologies.

15 I reside on Richton between LaSalle and
16 14th and Monday evening the Slow Roll came
17 through my neighborhood down LaSalle and the
18 concern that I have -- I live in a two-family
19 flat and I have an aunt and an uncle. My uncle
20 is 95 years of age. My aunt is 86, they live in
21 the lower flat below me and I'm one of their
22 caregivers, primary caregiver.

23 And these people took -- and they had a
24 police escort of -- I think it may have been
25 anywhere from six to 10 cars.

1 And my concern is traffic was blocked
2 on these streets adjacent to -- the street coming
3 onto LaSalle and this went on for at least 45
4 minutes that I knew of, that I was aware of.

5 Because as an educator I was sitting at
6 my desktop computer doing some last minute
7 curriculum stuff for my students when school
8 starts back.

9 Now, my question is -- and if something
10 -- and I have a lot of seniors that live in that
11 area that I know of and I'm a precinct delegate
12 over there as well -- my concern and questions
13 are if an emergency had taken place, you know,
14 the thing is can the first responder get to, say
15 God forbid, my aunt or uncle to deal with that in
16 a timely fashion.

17 I have to ask, these officers who were
18 escorting these people, were they as part of
19 secondary employment or were they working on the
20 taxpayer dime at this time, and this took place
21 that I know of was between 8:30 in the evening to
22 at least 9:15 when the last bicyclist went
23 through.

24 So, you know, this is bad and this is
25 not going to be my only stop dealing with this.

1 I see something far more sinister that could
2 happen in the future because I've seen the
3 cyclists and I don't have a problem with people
4 cycling, you know, but if you're blocking off
5 traffic and you got somebody that's trying to get
6 to work and they may have had a problem with
7 tardiness and their boss tells them, "Look, you
8 better not show up late again or you might as
9 well turn around and go home", well -- and the
10 person might have and they may have children,
11 they may have a family that they're taking care
12 of off this income that they're generating
13 through the job, they may get desperate and run
14 someone over and we all know what happens next.

15 They if survive, they're going to file
16 a lawsuit against the city of Detroit, and we the
17 taxpayers -- and that's on our tab.

18 And if they don't, well of course their
19 families probably going to file. So I think that
20 there needs to be some more stricter regulation
21 in terms of where they go and, you know, and in
22 my time, I'm doing so much, I used to go -- I
23 used to go to the community relations meetings
24 and I think I'm going to begin starting to go
25 back to them. And I'm not familiar as to who the

1 commander or captain of the 10th Precinct is, and
2 this stuff need to be regulated.

3 It really needs to be regulated where
4 there's some rules in place. I don't know if
5 there is, but it appears that it's just, you
6 know, anything goes.

7 COMMISSIONER CARTER: I think Commander
8 Barren, do you have some information for Mr. Rea?

9 COMM. BARREN: Commander Barren. So as
10 you all know that program or event has grown,
11 upwards of 3,000 bikes at a time. It's all over
12 social media. You have other cities reaching out
13 to learn how it's done here in Detroit.

14 They do reach out to Detroit Police
15 Department for safety for the bicyclists and we
16 do provide police presence and block off streets
17 temporarily if needed, again to prevent
18 pedestrians and cyclists from being hit by cars.

19 I'm not sure about this particular day.
20 The captain of the 10th Precinct isn't here, but
21 yes, we do support the -- those programs by
22 having a police presence there.

23 COMMISSIONER BURTON: Through the
24 Chair, I've got a question for Comm. Barren.
25 What does Detroit -- what is the policy for

1 bicyclists because this issue comes up. It's
2 been raised several times before with
3 Commissioner -- Vice-Chair Commissioner Bell's
4 district as well as my district.

5 The gentleman sitting behind you who
6 just raised a question here from LaSalle Block
7 Club, that's my district, that's District 5, and
8 the captain over there is Captain Kay at the 10th
9 Precinct.

10 And I'd like to speak with you
11 afterwards for a moment, please, but I'd like to
12 know what is the policy for bicyclists because
13 businesses are being affected by this. Families
14 are coming home from work picking up their
15 children and having to deal with this. I mean,
16 we see these bicyclists and I have footage here
17 and I've raised this question several times
18 before and the gentleman standing behind you,
19 Comm. Barren, has footage also in his phone and,
20 you know, they took up the whole street.

21 They don't stick within a bicycle lane,
22 they take the whole street up and you might see
23 this going on for 45 minutes to an hour. And it
24 has to be some type of regulation with this
25 because it's gotten out of hand in District 4,

1 it's gotten out of hand in District 5, it has
2 gotten out of hand in District 6 which is the
3 Chair's district, Lisa Carter, and this is
4 starting to be a problem in midtown, downtown
5 where Commissioner Carter -- our Chair Carter and
6 I happen to represent downtown and midtown. This
7 is a big problem. We hear this every week when
8 we're out in the community.

9 Now LaSalle Block Club and families on
10 LaSalle Street, they have raised this question to
11 me several times. We need to get some help as
12 far as regulating this. We need to see what
13 policies are in place, enforce some policies.
14 Something needs to be done about this because,
15 you know, they take up the whole street.

16 When you try and turn out of your
17 condo, you know, try to get onto Lafayette
18 there's an issue. Folks that are going into the
19 local businesses like the Lafayette Market or the
20 Family Fare Market down in Chene and Lafayette,
21 there's a problem with people going into those
22 businesses or leaving from those businesses going
23 home or even just commuting from work to home and
24 so forth.

25 I mean, this has gotten way out of

1 hand. I mean, this is, what, 4,500 bicyclists
2 out there now? I mean, the bike lane is pretty
3 narrow, what is it, we can fit two bikes side by
4 side, but they take up the whole street, all
5 three lanes, all four lanes. It's out of
6 control. I'd love to see a policy on that or if
7 not one --

8 COMMISSIONER CARTER: Commissioner
9 Burton, why don't we let them check and see if
10 there's an ordinance before you --

11 COMMISSIONER BURTON: Sure, but the
12 gentleman behind Commander Barren has another
13 question. You in the brown suit, sir.

14 COMMISSIONER CARTER: You can't do
15 that.

16 MR. REA: I was going to say, through
17 the Chair, I do have footage as well.

18 COMMISSIONER BURTON: He's in my
19 district. He has a follow-up question.

20 COMMISSIONER CARTER: Commander Barren,
21 are you done, sir?

22 COMM. BARREN: Basically all I was
23 going to say is--

24 COMMISSIONER BURTON: No disrespect to
25 you, Commander Barren, but -- go ahead and give

1 your report, but I didn't mean to cut you off,
2 not disrespect, but he did have a follow-up
3 question. We want to hear your report first.

4 COMMISSIONER BELL: Respect the Chair.

5 COMMISSIONER CARTER: Commissioner
6 Burton, I want to hear from Comm. Barren.

7 COMMISSIONER BURTON: Sure, I want to
8 hear from Comm. Barren too.

9 COMMISSIONER CARTER: Thank you.

10 COMM. BARREN: So in response, again,
11 this Slow Roll has really picked up. So I would
12 like for you to give a department time to look at
13 what's happening and we got the Legal Deputy
14 Chief here, we've come to some type of an
15 arrangement or understanding on how to move
16 forward with this ever-growing popular bicycling
17 event.

18 DEP. CHIEF WASHINGTON: Just as a
19 follow-up and this is Celia Washington, Slow Roll
20 on Monday nights lasts an hour and a half, maybe
21 two. I believe it was the beginning of last year
22 the department was -- took the initiative and
23 reached out to the Slow Roll founders,
24 organizers, because at first Slow Roll there was
25 no police presence at all, but the department

1 reached out to Slow Roll and tried to gain some
2 sort of organization and a follow-up to your
3 other concern about the motor scooter --
4 motorized wheelchair, yeah, we've looked into
5 those ordinances. They have -- the cyclists have
6 to ride in the street.

7 Do they have to be limited to the
8 cyclist lane, probably not, but there are no
9 ordinances that are specifically on point. So
10 there is the matter of wanting to revise the
11 ordinance -- I have to reach out to the Law
12 Department who can engage with City Council to
13 find out about changing or amending that
14 ordinance.

15 COMMISSIONER BURTON: But they are
16 going against the traffic, they running. I mean,
17 this have gotten out of hand.

18 COMMISSIONER CARTER: Commissioner
19 Burton --

20 DEP. CHIEF WASHINGTON: My point is
21 there needs to be an ordinance amendment it
22 sounds as if, and if that's your contention, then
23 I can reach out to the Law Department and relay
24 your concerns.

25 COMMISSIONER BURTON: And I'll reach

1 out to them tomorrow and in fact I'm going to do
2 even better, I'll reach out to them through phone
3 and I'll submit a letter over there because this
4 is an issue that I raised several times before.
5 My constituents comes before me and they call me
6 upstairs, also on my cell phone, and they come to
7 these commission meetings and they raise this
8 concern, and nothing have been generated from
9 this and, you know, we have to serve our
10 constituents.

11 COMMISSIONER BELL: Commissioner
12 Burton, point of order. I think we have --

13 COMMISSIONER BURTON: It's not a point
14 of order.

15 COMMISSIONER BELL: -- we have to
16 respect the Chair trying to -- she has the task
17 of moderating the meeting. We just cannot take
18 over the meeting as a commissioner, so could you
19 yield to the Chair and allow her --

20 COMMISSIONER BURTON: It's not a point
21 of order, Vice-Chair.

22 COMMISSIONER CARTER: Commissioner,
23 thank you.

24 DEP. CHIEF WASHINGTON: So I'll follow
25 up with you, Madam Chair.

1 COMMISSIONER CARTER: Yes, ma'am,
2 please do in a timely manner.

3 DEP. CHIEF WASHINGTON: Yes, ma'am.

4 COMMISSIONER CARTER: Thank you.

5 COMMISSIONER CRAWFORD: I just had a --
6 I'm sorry, through the Chair, a couple of
7 suggestions. There's one that we talk to the
8 individuals that operate Slow Roll and see about
9 if they could -- or express to them about our
10 secondary employment so they wouldn't tie up
11 officers pulled from wherever they're pulled from
12 precincts or whatever to escort them. That's
13 one.

14 Two is that there's something in place
15 in terms of any emergency that would occur like
16 Mr. Rea talked about his elderly parents, so if
17 there's an emergency about the route are they
18 going to just shut the Slow Roll down so they can
19 get the EMS in and the EMS out if necessary.

20 Those kind of procedures is -- if there
21 is anything in place, I know that we would just
22 normally do that as police officers, we would
23 just normally stop traffic, make a way in and a
24 way out, but just make sure that there's
25 something that is conveyed to those who are

1 escorting the individuals involved for Slow Roll.

2 And I've seen Slow Roll numerous times
3 on Monday nights and they do -- I've never seen
4 them take up an entire street. I've seen them
5 take up a couple of lanes. I've never sen them
6 --

7 COMMISSIONER BURTON: Commissioner
8 Crawford, do you remember I showed the board
9 members --

10 COMMISSIONER CARTER: Commissioner
11 Burton --

12 COMMISSIONER BURTON: -- on my phone
13 about they --

14 COMMISSIONER CARTER: Commissioner
15 Burton, Commissioner Crawford has the floor right
16 now.

17 COMMISSIONER CRAWFORD: Personally I've
18 never seen it take up an entire street. I've
19 seen them take up the right lane or the two right
20 lanes and the entire right side of a street and
21 traffic in the opposite direction is continuously
22 flowing, but for a one-way street perhaps there
23 is a one-way street, but that's what I've
24 personally seen. Thank you.

25 COMMISSIONER CARTER: Thank you,

1 Commissioner.

2 COMMISSIONER BURTON: Through the
3 Chair, you know, this issue here raises a lot of
4 attention. This is a public safety matter here.
5 When families are traveling, they're trying to
6 get home around the hours of 6, 7 o'clock there's
7 issues here and we need to figure out a solution
8 how to fix this problem.

9 Commissioner Crawford mentioned
10 something about secondary employment
11 opportunities. Attorney Washington mentioned
12 something about reaching out to the Law
13 Department about coming up to some type of
14 ordinance or something.

15 I'm going to submit a letter from my
16 constituents from the district that I represent
17 and, you know, my constituents come before me
18 daily, they come to me all the time about
19 different issues within the community, but this
20 is several complaints that I received regarding
21 Slow Roll, and I can't help it if I'm standing up
22 for my constituents here because, you know, we
23 need to do something about this.

24 This matter needs to be resolved before
25 somebody -- before, God forbid, a casualty or

1 something happened out there. You know, you got
2 kids that play over at Lafayette Park, a ball
3 might run into the street, those guys riding on
4 their bikes, whatever.

5 We know that some of those guys out on
6 Slow Roll are out there drinking. They got their
7 cups in their hand. I got footage, beer bottles
8 in their hand, cups in their hand.

9 So, you know, we need to properly look
10 into that.

11 COMMISSIONER CARTER: We hear your
12 passion and we're going to allow DC Washington to
13 do her research and make her phone calls and you
14 write your letter and we'll come back together
15 and we'll have another discussion.

16 COMMISSIONER BURTON: I support that,
17 Madam Chair.

18 COMMISSIONER CARTER: Thank you.

19 COMMISSIONER MOORE: Through the Chair,
20 I have a quick question. Who's the point
21 of contact for Slow Roll from the department?

22 COMM. BARREN: Commander Barren. That
23 would be Capt. Petty's shop, Downtown Services
24 kind of handles the initial conversations.

25 COMMISSIONER MOORE: Because that's not

1 downtown what they were going through, so he
2 coordinates --

3 COMM. BARREN: So then if it goes
4 through a precinct we still go the Petty and then
5 the planning along the route would be mapped out.

6 COMMISSIONER MOORE: Through the
7 captain?

8 COMM. BARREN: Through the captain.

9 COMMISSIONER MOORE: And those
10 resources come from your shop --

11 COMM. BARREN: They come from --
12 primarily those officers that they see are from
13 Downtown Services Division.

14 COMMISSIONER DEWAELSCHÉ: Madam Chair,
15 just a real quick comment. I don't want to
16 prolong it, but this seems to be a new kind of
17 trend that is happening in our city. I'm sure
18 that there are other cities who have been dealing
19 with this much longer, and I would be interested
20 in finding out what their policies are, like
21 would they limit the number of bikers in these
22 events.

23 If we're talking about 3,000, that does
24 seem very very high. I've seen a few 50 or 60
25 and it seems like a lot of bikes, so even though,

1 you know, they might not be taking up the full
2 street in some areas, they're lined up. If you
3 have hundreds and hundreds you can't get through
4 if you're trying to cross. So that is a problem
5 and so I would like to know what other major
6 cities are doing that had this -- these bike
7 events on a regular basis for many many years.

8 COMMISSIONER CARTER: Thank you,
9 Commissioner Dewaelsche.

10 ASST. CHIEF DOLUNT: Can I say
11 something. What I was going to say is this
12 because I ride a bike. However, it's common
13 courtesy, so we have two options. No police
14 officers ever get hit by a car or common courtesy
15 and we're -- I'm going to reach out because I'm a
16 cyclist. I want to talk to this guy from the
17 Slow Roll. It's a great idea, it's become a
18 phenomenon in the city, but it is literally a
19 slow roll.

20 You ain't getting any exercise and this
21 is the first I'm hearing about drinking and
22 stuff. So every 10 minutes we stop the street.
23 It's like the Tour of Detroit which I ride every
24 year and people in English Village get upset, I
25 get it. It's common courtesy.

1 So we have to tell the officers, every
2 10 minutes stop traffic. Then all this drinking
3 and stuff, they might start thinking hey, that
4 ain't much fun. No, it's not, so have some
5 common courtesy. I want his number -- I'm not
6 mad at him. They don't pay their dues, just like
7 those guys that ride their bikes at the fireworks
8 and disrupt it every year and they think it's
9 funny and I don't.

10 So I want to talk to the person -- I
11 may have to go to the Slow Roll and say common
12 courtesy. He's got a very valid point. Your
13 passion is understood, I get the passion part
14 because I'm that way and I will -- if I have to
15 ride my bike and stop the traffic, okay.

16 COMMISSIONER BURTON: Through the
17 Chair, Chief, not to cut you off, Chief, I'll
18 read in the e-mail -- or shall I say text message
19 that I received -- I don't have my glasses on, it
20 was 7-28, it was from a gentleman that I was
21 scheduled to meet with here, one of my
22 constituents or whatnot, but he had an accident
23 riding this bike with Slow Roll. Can you see
24 this right here?

25 So he had an accident riding his bike

1 with Slow Roll. A guy had a beer bottle in his
2 hand and he cut him off so he fell off his bike
3 and he broke his hand. So -- and then a lot of
4 the guys from Slow Roll are not wearing their
5 helmets. I mean it's hundreds of bike cyclists
6 or cyclists or what bike riders are not wearing
7 their helmets. Some of them got open containers,
8 liquor, alcohol bottles, but this guy cut his --
9 cut him off on the bike so he fell off and broke
10 his hand. Text message right here states that
11 7-28, 2015 --

12 COMMISSIONER CARTER: Commissioner
13 Burton, come on.

14 COMMISSIONER BURTON: I'm going to show
15 it to you, Chief.

16 ASST. CHIEF DOLUNT: No, no, you're
17 killing me, the microphone is too close.

18 COMMISSIONER MALLETT: I just wanted to
19 say to the Chief that Slow Roll, Chief, has
20 figured out a way to monetize this activity, they
21 have, so I do think that -- and I think it's a
22 great idea for you to have a discussion with
23 them.

24 I would not rule out the secondary
25 patrol opportunity because actually, again, I

1 just want to assure you I do other things other
2 than listen to the radio and listen to NPR. But
3 they've got major sponsors.

4 ASST. CHIEF DOLUNT: Oh, I didn't
5 realize that, okay.

6 COMMISSIONER MALLETT: So it is not the
7 little group that was just using social media to
8 gather people a year ago. They figured out a way
9 to monetize this and that's part of the growth
10 and everything else that's going on.

11 There's literally a staff of people
12 that they have organizing this thing.

13 COMMISSIONER CARTER: Thank you,
14 Commissioner Mallet. Any other comments?

15 COMMISSIONER BELL: I think we should
16 table this issue and move on.

17 COMMISSIONER BURTON: Commission, I
18 consider myself to believe the working
19 commissioner. I want the best for the
20 department, I want the best for our residents,
21 but more importantly I want to see us have some
22 policies and ordinances in place for these
23 bicyclists because this is a safety matter here
24 and it is.

25 COMMISSIONER CARTER: And with that

1 we're going to table this discussion. We're
2 going to move on. Are there any other oral
3 comments? Any other oral comments? Any other
4 oral comments?

5 I'll entertain a motion to adjourn.

6 COMMISSIONER BELL: So moved.

7 COMMISSIONER CRAWFORD: Support.

8 COMMISSIONER CARTER: It's been moved
9 and supported. All those in favor?

10 COMMISSIONERS: Aye.

11 COMMISSIONER CARTER: Those opposed?
12 Motion carries. Thank you all for coming out.
