Re: Sale to Christopher Nichols and Nicole Stopka-Nichols of Surplus Property at 2426 Michigan, Detroit, MI 48216.

The City of Detroit Planning and Development Department ("P&DD") has received an offer from Christopher

Nichols and Nicole Stopka-Nichols, husband and wife, whose address is 2101 W. Lafayette Blvd., Detroit, MI 48216 ("Offeror"), an offer to purchase from the City of Detroit the real property described on the attached Exhibit A and more commonly known as 2426 Michigan, Detroit, MI 48216 (the "Property").

The P&DD entered into a Purchase Agreement dated May 2, 2016 with the Offeror. Under the terms of a proposed Purchase Agreement, the Property would be conveyed to the Offeror by Quit Claim Deed (the "Deed") for Fifty-Two Thousand and 00/100 Dollars (\$52,000.00) (the "Purchase Price"), subject to the approved transaction costs and transaction fee.

The Property is presently zoned B4/General Business District according to the City of Detroit. As per section 61-9-80 (7) of the City of Detroit zoning ordinance, the Offeror's intended use of the Property for personal residential use combined in a structure with a permitted commercial use (art gallery) is not a permitted use under the zoning ordinance without the necessity of a rezoning, special exception, use permit, variance, or other approval. The Offeror shall apply for and obtain rezoning of the Property or a special or conditional use permit or variance regarding the Property prior to closing and the consummation of the sale.)

The request is hereby made that your Honorable Body adopt the attached resolution to approve the sale of the Property in accordance herewith and to authorize the Director of P&DD to execute a deed and such other documents as may be necessary or convenient to effect the transfer of the Property by the City to the Offeror.

Re: Correction. Real Property at 1953-2003 St. Joseph & 3701-3719 St. Aubin, Detroit, MI.

By resolution adopted February 9, 2016, your Honorable Body authorized the transfer of the referenced property to Mark's Acquisition, LLC, a Michigan Limited Liability Company. The offeror name contained in that resolution contained a scrivener error and should have read Mark's Acquisitions, LLC.

Additionally, the Offeror intends to use this land-locked parcel for the storage of operable personal vehicles in conjunction with their current operation, which is permitted as a conditional use in an M-4 Zone, section 61-10-84. As the Offeror's intended use of the Property is not a permitted use under the zoning ordinance without the necessity of a rezoning of the Property or a special or conditional use permit or variance regarding the property prior to closing and the consummation of this sale.

We request that your Honorable Body

approve the correction of the Offeror in the resolution to read Mark's Acquisitions, LLC, and specify the necessary zoning approval as a pre-requisite to closing.

Re: Address: 16316 Plymouth. Name: Mellissa T. Gill. Date ordered removed: September 22, 2009 (JCC pg. 2071).

In response to the request for a deferral

of the demolition order on the property noted above, we submit the following information.

A special inspection on May 2, 2016 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.
2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:
 - Certificate of Acceptance related to building permits
 - Certificate of Approval as a result of a Housing Inspection
 - Certificate of Inspection, required for all residential rental properties.
3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).
4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

**RESOLUTION IN SUPPORT
OF HOUSE BILL 5578
ADDRESSING THE DARK STORES
TAX LOOPHOLE**

By COUNCIL MEMBER BENSON:

WHEREAS, House Bill 5578 was introduced in the Michigan House of Representatives to address the tax loophole that is being exploited by big box retailers and other similar commercial property owners to unfairly reduce their property taxes; and

WHEREAS, Currently, these retailers successfully argue at hearings before the Michigan Tax Tribunal the “dark store” theory of tax valuation, which essentially bases the value of their operating retail locations on the sale of properties that are vacant, often abandoned, and sometimes outside of Michigan and not on the value of comparable operating stores. The inclusion of this analysis has resulted in gross devaluation of these properties to the detriment of cities, townships and other taxing jurisdictions that are obviously dependent on these tax dollars to supply needed governmental services; and

WHEREAS, Many times these prices are being manipulated by the retailers themselves through the placement of negative use deed restrictions at their behest; which devalue buildings that they vacate and later use to support in lowering their assessments; and

WHEREAS, House Bill 5578, if enacted, would require Michigan Tax Tribunal members to make an independent determination of the fair market value of the property and separately state its findings of fact and conclusions of law based upon universally accepted appraisal standards when deciding larger property tax appeal cases. These standards will provide consistency in determining the highest and best use as part of the property valuation process. The legislation would also limit the consideration of comparable sales that have deed restrictions imposed by the seller and are aimed at keeping competitors from the market and that provide no benefit to the property buyer, only the seller’s business; and

WHEREAS, The bill prescribes an order of priority of the criteria; a set of specific criteria the Tax Tribunal must con-

sider when evaluating a taxpayer’s appeal of a property assessment; with the expectation that a balanced evaluation will be made. The likely result is higher taxable values; and

WHEREAS, The Michigan Municipal League strongly endorses this legislative initiative and is urging the legislature to not allow the Michigan Tax Tribunal to abandon decades of fair and proper handling of commercial property taxes in favor of the “dark store” theory of valuation.

NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council stands with the Michigan Municipal League, the Michigan Assessors Association, the Michigan Association of Counties and others in strongly supporting H.B. 5578 and any efforts to require a fair and equitable manner to establish property taxes for all commercial property; and

BE IT FINALLY

RESOLVED, A copy of this resolution will be forwarded to the Detroit Delegation in the Michigan Legislature, the Michigan State House Committee on Tax Policy and the Michigan State Senate Committee on Finance.

**RESOLUTION CONDITIONALLY
OPPOSING HB5557 AND 5558
TAX ABATEMENTS**

By COUNCIL MEMBER CASTANEDA-LOPEZ:

WHEREAS, The Legislature of the State of Michigan is currently considering tie-barred amendments to the Income Tax Act of 1967 and the Michigan Business Tax Act (the Acts), designated as HB 5557 and 5558, respectively; and

WHEREAS, The Acts address circumstances where a business firm acquires another firm through a merger, and the firm being acquired has been approved to receive, or has been assigned, a certificated credit under the Acts; and

WHEREAS, In many or perhaps even most individual instances, the desirability of such an acquiring firm receiving the benefit of such an abatement of tax liability that the acquired firm was to receive is self-evident, is part of the price and the incentive for the transaction, and can be an important motivation for good corporate citizens to improve the performance of the acquired company’s business operations, including its relationship with the host community; and

WHEREAS, However there are other instances where the industrial facilities involved in the transaction have a record

of pollution violations and other misconduct, and transferring the tax credit may involve, in effect, endorsing a continuing pattern of improper and undesirable conduct; and

WHEREAS, For example the Ohio corporation AK Steel (formerly known as Severstal Dearborn), with major industrial facilities located in Dearborn, Michigan, whose air pollution emissions have significant and disproportionate adverse health and environmental quality effects on residents of the City of Detroit, is a local example of a successor company that would derive benefit from HB 5557 and 5558, as currently drafted, via such tax abatements; AK Steel is located in Dearborn's south end, adjacent to the notorious 48217 ZIP code communities, the most heavily polluted area in the State of Michigan, where Detroit residents surrounded by multiple industrial facilities, factories and refineries, including AK Steel, are forced to breathe air that is so contaminated the EPA has given it a toxicity score 45 times higher than our statewide average; AK Steel and its predecessors have a long history of air pollution violations at the Dearborn location, which is one of Michigan's worst polluters; and since the facility was acquired by AK Steel, no significant progress has been made in addressing the surrounding communities' ongoing impacts and concerns about these adverse impacts of its pollution.

NOW, THEREFORE, BE IT

RESOLVED, That Detroit City Council opposes application of HB 5557 and 5558, as currently drafted, to grant tax abatements to successor corporations with significant unresolved pollution violations stemming from a predecessor's operation; and

BE IT FURTHER

RESOLVED, That the Acts should, at a minimum, be amended to condition the transfer of such tax credits on proof of the corporate taxpayer's full compliance with all applicable environmental, public health and other pollution control laws and regulations throughout the applicable time period; and

BE IT FURTHER

RESOLVED, That copies of this Resolution shall be transmitted by the City Clerk to all members of the Detroit delegation in the State Legislature; the Director of the MDEQ; the Mayor; the Governor; the Director of the City of Detroit Health Department; and other appropriate recipients.

Law Department

May 20, 2016

Honorable City Council:

Re: Proposed Emergency Ordinance to Amend Chapter 33 of the 1984 Detroit City Code, *Minors*, Article III, *Regulation of Minors in Public Places and Adult Responsibility for Violation*, for expanded curfew for the Detroit Annual Fireworks Display.

On behalf of the Police Department, I am pleased to submit the attached pro-

posed emergency ordinance which has been approved as to form.

Pursuant to the applicable provisions of the 2012 Detroit City Charter, the above-referenced proposed emergency ordinance is being submitted to your Honorable Body for consideration. This proposed ordinance amends Chapter 33 of the 1984 Detroit City Code, *Minors*, Article III, *Regulation of Minors in Public Places and Adult Responsibility for Violation*, by adding Sections 33-3-14, 33-3-15, and 33-3-16 to provide for a superseding curfew for all minors on the evening of June 27, 2016, the scheduled date for the 2016 Detroit Annual Fireworks Display, or on any rescheduled date for the event.

The proposed ordinance is nearly identical to the emergency ordinance enacted last year as Ordinance No. 14-15, except for the change in date from June 22, 2015 to June 27, 2016, and for slight rephrasing of the findings.

Thank you for your consideration. The Police Department and the Law Department will be present for any committee or committee of the whole discussion and the public hearing on this proposed emergency ordinance, and are available to answer any questions that you may have concerning this proposed emergency ordinance.

Respectfully submitted,
MELVIN BUTCH HOLLOWELL
Corporation Counsel

By Council Member Benson:

An Emergency Ordinance to Amend Chapter 33, *Minors*, Article III, *Regulation of Minors in Public Places and Adult Responsibility for Violations*, Division 2, *Curfew*, of the 1984 Detroit City Code by adding Sections 33-3-14 and 33-3-15 to provide for a superseding curfew for all minors beginning at 8:00 p.m. on Monday, June 27, 2016 (being THE scheduled date for the Detroit Annual Fireworks Display, or any rescheduled date) and continuing until 6:00 a.m. the following morning, applicable only in the area within and bounded by the Detroit River, Third Street, the Lodge Freeway (M-10), the Fisher Freeway (I-75), the extension of the Fisher Freeway (I-75) easterly to Gratiot Avenue, Gratiot Avenue, Vernor Highway, Chene Street, Atwater Street, and Chene Park.

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

Section 1. DECLARATION OF EMERGENCY

The Detroit City Council, upon receipt of testimony and evidence from the Detroit Police Department and others, and after public hearing, upon due consideration makes the following findings:

(A) On the day of and especially the evening of the Detroit Annual Fireworks

Display that takes place on the Detroit River there have been numerous incidents of harassment, nuisance, vandalism, and violence committed by persons at the viewing, parking and public places of the City before, during, and after the fireworks display;

(B) These acts of harassment, nuisance, vandalism, and violence have endangered the peace, health, safety, and welfare of the People of the City of Detroit, the many persons traveling from outside the City limits to attend this annual event, and in particular unsupervised minors before and during the City's regular curfew hours for minors and;

(C) There exist public peace, health, safety, and welfare needs for effectively governing the conduct of such minors as it pertains to harassment, nuisances, vandalism, and violence for the purpose of alleviating and eliminating these problems, whether committed against minors or committed by minors;

(D) Due to law enforcement considerations and logistics concerns, a City-wide curfew is necessary to enhance the public peace, health, safety, and welfare for the many thousands of minors and adults who attend this annual event;

(E) Due to the fact that spectators begin to gather in the viewing areas in advance of the commencement of the Detroit Annual Fireworks Display on the day of the event, the regular curfew hours for minors provided for in the City's Curfew Ordinance, codified in Chapter 33, Article III of the Detroit City Code, are not sufficient to alleviate and curtail criminal activity involving unsupervised minors in the fireworks display viewing areas;

(F) The peace, health, safety, and welfare of the community-at-large and particularly that of minors will benefit from additional curfew controls for minors in a localized area of the City during the Detroit Annual Fireworks Display;

(G) The curfew for minors in the City provides for reasonable exceptions during the specified curfew period to allow for minors accompanied by their parents, legal guardian, or responsible adult, for minors at or traveling to and from places of employment, education and training facilities, and sponsored activities under adult supervision, for minors involved in emergencies or constitutionally protected activities such as interstate travel or freedom of speech, assembly or exercise of religion, for minors on the sidewalks in front of their homes, and for minors sent on errands by their parents if the minors have proper written permission.

Section 2. Chapter 33, *Minors*, Article III, *Regulation of Minors in Public Places and Adult Responsibility for Violations*, Division 2, *Curfew*, of the 1984 Detroit City Code is amended by adding Sections 33-3-14 and 33-3-15, to read as follows:

**CHAPTER 33. MINORS
ARTICLE III. REGULATION OF
MINORS IN PUBLIC PLACES AND
ADULT RESPONSIBILITY FOR
VIOLATIONS**

DIVISION 2. CURFEW

Sec. 33-3-14. Additional Definitions.

Honorable City Council:

Re: Michigan Head & Spine, P.C. vs. City of Detroit. Case No.: 15-002989 NF. File No. L15-00350 (CB).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Twenty-Three Thousand One Hundred Thirty-One Dollars and Thirty-five Cents (\$23,131.35) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Twenty-Three Thousand One Hundred Thirty-One Dollars and Thirty-five Cents (\$23,131.35) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Michigan Head & Spine, P.C., (Tonya Johnson) and their

attorneys, Miller & Tischler, P.C. to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 15-002989 NF, approved by the Law Department.

*WAIVER OF RECONSIDERATION (No. 6), per motions before adjournment.

RESOLUTION IN OPPOSITION TO SB 853

By Council Member Benson:

Whereas, The Michigan Constitution, Art. VIII, Sec. 21, states that "Under such general laws, the electors of each city and village shall have power and authority to frame, adopt and amend its charter, and to amend an existing charter of the city or village heretofore granted or passed by

the legislature for the government of the city or village and, through its regularly constituted authority to pass all laws and ordinances relating to its municipal concerns, subject to the constitution and general laws of this state"; and

Whereas, The Michigan Home Rule City Act, MCL 117.1 *et seq*, recognizes the lawful and proper powers of local City government to make local laws, adapt to local conditions, and provide transparent and accountable governance of local communities; and

Whereas, The Michigan State Legislature is currently considering SB 853, which would prohibit a local unit of government, including the City of Detroit, from adopting or enforcing an ordinance that does any of the following: regulating the use, disposition, or sale of auxiliary containers; prohibiting or restricting auxiliary containers; or imposing a fee, charge, or tax on auxiliary containers; and

Whereas, Under SB 853 "Auxiliary container" would mean a bag, cup, bottle, or other packaging, whether reusable or single-use, that meets both of the following requirements: a) is made of cloth, paper, plastic, cardboard, corrugated materials, aluminum, glass, postconsumer recycled material, or similar material or substrates, including coated, laminated, or multilayer substrates; and b) is designed for transporting, consuming, or protecting merchandise, food, or beverages from or at a food service or retail facility; and

Whereas, SB 853 contradicts the intent of the above-cited provisions of the Michigan State Constitution and the Home Rule City Act, by seeking to impose a rigid, one-size-fits-all policy prescription prohibiting all local communities from regulating such single-use "auxiliary containers", including plastic shopping bags commonly used by local grocery and other retail stores; and

Whereas, Nationally only approximately three percent of plastic bags are recycled each year, and the materials they are made of can take thousands of years to break down; even then don't fully decompose, resulting in a tremendous amount of single-use plastic bags littering communities and washing down drains into rivers and lakes; and

Whereas, There are economically feasible and readily available alternatives to single-use "auxiliary containers" such as plastic bags, including reusable cloth bags and paper bags that can be re-used and eventually composted; the ubiquitous environmental problems associated with these items, together with the availability of common alternative container technologies, has caused many communities to consider, and some to enact, bans and regulations of such single-use containers; and

Whereas, Regardless of the individual

merits of any particular local regulation of such containers, local government is more knowledgeable and better able to prescribe such standards and regulations for their own local community than is State government in Lansing; and

Whereas, SB 853 therefore essentially contradicts the whole spirit and structure of separation of powers between the State and local levels of government as established by the State Constitution and law; and

Whereas, Under SB 853, with respect to any and all issues involving regulation of such single use containers, particularly the environmental, quality-of-life and potential public health impacts of plastic shopping bags commonly used by local grocery and other retail stores. Detroit and all other local municipal governments in Michigan would be deprived of any and all legal power to mandate, require or regulate such containers, which would be inappropriate and inadvisable;

Now, Therefore, Be It

Resolved, That for the above reasons Detroit City Council vigorously opposes SB 853; and

Now, Therefore, Be It Further

Resolved, That copies of this resolution shall be transmitted to the Mayor and Corporation Counsel, the City's State lobbyists and the Governor and the Michigan delegation in the State Legislature.

**DETROIT GREEN TASK FORCE
RESOLUTION
IN OPPOSITION TO SB 853**

Whereas, Nationally only approximately three percent of plastic bags are recycled each year, and the materials they are made of can take thousands of years to break down; even then don't fully decompose, resulting in a tremendous amount of single-use plastic bags littering communities and washing down drains into rivers and lakes; and

Whereas, On average, there are 46,000 pieces of trash in each square mile of every ocean on Earth; and

Whereas, The addition of plastics into the marine food chain can pass toxins onto predators and offspring, much of which can be passed onto humans, who bear a higher risk of many negative potential health effects including: cancer, hormone disruption, endocrine disruption etc.; and

Whereas, The use of plastic bags has severe environmental impacts on a local and global scale, including greenhouse gas emissions, harm to wildlife, atmospheric acidification, water consumption and solid waste generation; and

Whereas, Potential hazardous emissions from incinerating plastics include hydrogen chloride, dioxin, cadmium, and fine particulate matter; and

Whereas, Recycled plastic bags fre-

quently jam sorting equipment at recycling facilities, adding cost and time to the recycling process; and

Whereas, There are economically feasible and readily available alternatives to single-use "auxiliary containers" such as plastic bags, including reusable cloth bags and paper bags that can be re-used and eventually composted; the ubiquitous environmental problems associated with these items, together with the availability of common alternative container technologies, has caused many communities to consider, and some to enact, bans and regulations of such single-use containers; and

**RESOLUTION
URGING THE MICHIGAN
LEGISLATURE TO ENACT A REAL
PROPERTY TAX EXEMPTION FOR
PUBLIC SAFETY PERSONNEL WHO
MAINTAIN THEIR PRINCIPAL
RESIDENCE IN THE CITY**

BY Council Member Ayers:

Whereas, In 1990, the Michigan Legislature enacted Act 212 of 1999, "An Act to restrict certain governmental entities from requiring individuals to reside within certain geographic areas or specified distances or travel times from their place of employment as a condition of employment or promotion"; and

Whereas, The aftermath of the passage of Act 212 has been an accelerated and predictable loss of residents, tax revenue, active businesses, occupied housing stock, school age children, and a myriad of other negative consequences; and

Whereas, Attracting and retaining well-qualified police and fire personnel to the City to work and live and be active members of the community is an essential goal in any plan to revitalize the City; and

Whereas, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through its Charter-mandated legislative functions; and

Whereas, The Michigan Home Rule City Act, MCL 117.1 et seq, recognizes the lawful and proper powers of local City govern-

ment to make local laws, adapt to local conditions, and provide accountable governance of local communities; and

Whereas, The legislative enactment giving local units of government the opportunity and authority to offer, through collective bargaining, real property tax exemptions to public safety personnel who live in the City would have the likely effect of significantly increase the numbers of candidates for available public safety jobs, as well as aid in retaining current employees; and

Whereas, Allowing individual units of government discretion through collective bargaining over the availability of the exemption benefit would permit local governments (better able to assess their own specific needs) to offer the enticement of property tax exemptions to their employees; and

Whereas, Given the importance of public safety services and their essential nature in community life, a rational argument can be made for providing this significant benefit.

Now, Therefore, Be It

Resolved, That the Detroit City Council urges the Detroit delegation to the Michigan Legislature to craft and introduce legislation allowing the City of Detroit and/or local units of government the authority and opportunity to attract and retain public safety personnel through the ability to offer, by means of collective bargaining, property tax, exemptions to personnel whose principal residence is in the City of Detroit;

And Be It Finally

Resolved, That copies of this resolution shall be transmitted to the Mayor and Corporation Counsel, the City's State lobbyists, the Governor and the Detroit delegation in the State Legislature.

Department of Public Works Administration Division

May 9, 2016

Honorable City Council:
Re: FY 2015-2016 Act 51 Michigan Transportation Fund.

Each year the City of Detroit receives a distribution of Michigan Transportation funds in accordance with Act 51, Public Act of 1951, as amended.

Past experience has indicated that the level of expenditure required to maintain the Local Streets has been somewhat greater than the amount of funds received for this purpose.

Section 13 (6) of Act 51, P.A., 1951 as amended, however, allows a city to use on the street system up to 50 percent per annum of funds returned to the City of its major street system.

To take advantage of this allowable transfer of funds and to more accurately reflect expenditures of the street system, we respectfully request that your Honorable Body adopt the attached resolution, which authorizes the Finance Director to accomplish the transfer.

**City of Detroit
Downtown Development Authority**
June 2, 2016

Honorable City Council:
Re: Downtown Development Authority
FY 2016-2017 Budget.

Pursuant to Article 28, Act 197, as amended, we have prepared the attached FY 2016-2017 Downtown Development Authority's General Fund Budget for your approval prior to adoption by DDA.

The amount of funds available from the one mill tax for FY 2016-2017 has been estimated at \$850,000.00, net of collection delinquencies and reserves for tax settlements, reflecting no change from the Fiscal Year 2015-2016. Transfer from the DDA's Tax Increment Fund will remain unchanged from the 2015-16 budgeted allocation of \$750,000.00.

The FY 2016-2017 budget reflects revenues of \$1,500,000.00 to be generated from the parking operations, in line with revenues from FY 2015-2016. Other / Events Center Revenues are estimated at \$170,000.00, representing a reduction of \$310,000.00 from FY 2015-2016 due to anticipated slowdown of arena building activities. A Fund balance increase by \$250,000.00 represents an excess of revenues over anticipated expenditures.

On the appropriations side, contractual services of \$1,936,000.00, reflects no change from FY 2015-2016. The budgeted amount of \$475,000.00 for professional services and fees, inclusive of a \$10,000.00 expense for Computer Support, is in line with FY 2015-2016. There is a \$110,000.00 FY 2016-2017 budgeted expense related to parking operations. Finally, \$500,000.00 of allocated funds for Special Projects and

Contingencies for FY 2016-2017 indicates no increase from last year.

We respectfully request City Council's approval of the attached budget at its June 14, 2016 formal meeting. A waiver of reconsideration is requested.

Should any member of the Council have any questions, please contact me at 237-4638.

City Planning Commission

June 3, 2016

Honorable City Council:
Re: PC (Public Center) Special District Review of proposed alterations to Campus Martius (Recommend Conditional Approval).

The City Planning Commission (CPC) has received the request of the Downtown Partnership via the permitting process of the Building, Safety Engineering and Environmental Department (BSEED) for special district review regarding alterations at Campus Martius.

In accordance with Sections 61-3-181 and 61-11-81 of the Zoning Ordinance proposed exterior alterations within the PC (Public Center) district are subject to review and approval by the City Council, after receiving recommendation from the Planning and Development Department (PDD) and the City Planning Commission (CPC).

PROPOSED WORK

The applicant proposes to replace a current fabric awning and enclosure, located on the east face of the existing restaurant building at Campus Martius, formerly known as the Fountain Bistro, with a permanent structure. The present structure runs the entire length of the east façade of the building, providing space for outdoor dining. As the enclosure is temporary in nature, it can be opened during warm weather.

As depicted in the attached images, the applicant proposes to replace the existing awning and enclosure with a permanent structure. The new structure would occupy the same footprint as the present enclosed dining area, and have similar dimensions. It would feature a flat-roofed overhang. Including a frieze containing

what is described as a “living wall” or “green wall” containing live vegetation. The dining area would be enclosed by a folding glass wall system, known under the trade name of Nanawall, which is capable of being completely opened during suitable weather.

BACKGROUND

Campus Martius Park is one of the legacy gifts to the City from the efforts of the Detroit 300 Conservancy, which was established to celebrate the City’s 300th birthday. In 1999 a task force was created and charged with developing a plan for the park. A vision was created, a designer selected and eventually a design was approved and the land rezoned to PC (Public Center/Restricted Central Business District) zoning classification. The park opened in 2004. A copy of the approved design is attached for Your reference.

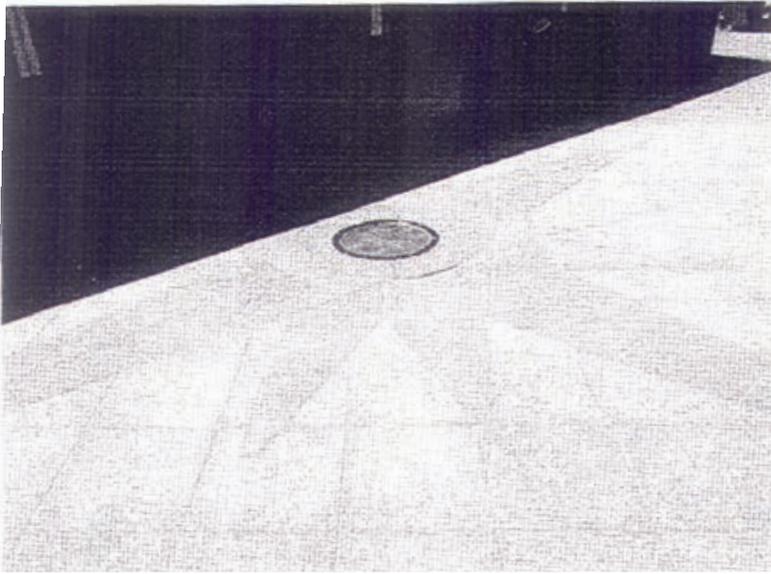

ANALYSIS

Typically, per the provisions of the Commission’s bylaws, staff will conduct reviews such as this on the Commission’s behalf. However, as the complexity of the proposal may warrant or the terms of a prior action may dictate these matters may be brought before the Commission

as was the case in this instance. The CPC received this matter at its May 19th meeting.

Generally, the Commission was pleased with the overall appearance of the proposed restaurant expansion. The Commission does not object to the aesthetic characteristics of the proposed structure. However, we are concerned that the structure would obscure (as does the present, temporary enclosure, as seen in the image below) an area of decorative concrete pavement depicting a large compass rose and highlighting the location of the historic survey marker known as the Point of Origin. The Commission feels that the Point of Origin is a significant public feature and artifact that contributes to the character of the park and the PC district, and should not be obscured.

The proposed design of the restaurant expansion recesses the entryway and relocates it from the place depicted below to a location just to the southwest along the east/west axis of the Point of Origin. While this reduces the extent to which the compass rose is obscured, the new structure still encroaches upon the area wherein this feature is celebrated.

The Commission also discuss the appropriateness of the permanent expansion of the restaurant. They noted that the original design of the park, as constructed, included an approximately 30 feet wide plaza with the Point of Origin centered between the fountain wall on the east and the wall of the café (not the fabric enclosure) on the west. This space was originally envisioned as an open

space to accommodate pedestrian traffic, movable seating and to feature the Point of Origin. Not only is the historic survey marker encroached upon, but so too is this small public plaza within the park, thereby restricting public access and movement from what had been in place before the temporary enclosure was installed.

The Commission also acknowledged

that part of the success of the park has been tied to the dining opportunities it has provided. The increasing demand for a sit-down standard restaurant over and above the sandwich and bakeshop that was there when the park originally opened, create a competing interest among the needs and desires for the park.

On Monday, May 16, 2016, CPC staff discussed this concern with representatives of the Downtown Detroit Partnership. The applicant expressed a willingness to provide an alternative design for the proposed structure that would highlight, rather than distract from, the Point of Origin.

CONCLUSION AND RECOMMENDATION

The CPC finally determined that this solution was in the design, recommending approval and directing staff to work with the applicant and other City agencies as needed to alter the design to enhance the celebration of the Point of Origin and reconcile the encroachment of the building on to it and the public space. They also appointed Commissioner Russell to work with that group to further ensure that some of his specific concerns were addressed.

The first meeting to devise a design solution was held on Friday, May 27, 2016. At that time the Partnership representatives indicated that the wall of the building could not be moved back away from the Point of Origin, nor could the recessed entry way be expanded to provide further relief. Any reduction in size of the restaurant/dining area would hurt revenue generation and make the restaurant infeasible to pursue. They also indicated that the Partnership would get a percentage of the revenues, which would be directed to the continued operation and improvement of the park.

What they were prepared to do was redesign and expand upon the pavement treatment and overall celebration of the Point of Origin. A few options were presented and discussed.

In response the City representatives indicated that the recess and the entrance to the restaurant would have to be expanded to some degree and the building both in plan and elevation would have to better honor and respond to the historic marker and plaza. We agreed that an expanded and improved upon paving treatment of the Point of Origin was desired even if the restaurant was not expanding.

This group met again on Friday, June 3rd to see the partnership's further development of the design and response to the City's requests. At that time we were informed that the recessed entry way had been widened by 6 inches to provide some additional relief for the Point of Origin and were presented with a new

and richer paving design including the radial street plan. While still desiring greater distance between the new structure and the Point of Origin, we were pleased with the new design, which also includes the flooring pattern of the restaurant and a narrative on the northern wall of the restaurant honoring the Point of Origin and radial street plan.

To that point our efforts focused primarily on the ground plan. We had yet to really address mater in 3D. It was agreed that a rendering would be prepared depicting the revised design and how the encroaching and competing features have been reconciled. A completely revised set of drawings will be providing later this week.

May 24, 2016

Honorable City Council:

Re: Petition No. 1112 – Vertical Detroit to Establish an Outdoor Café at 1538 Centre

The above named Petitioner has requested permission for Outdoor Café Service. This service will convene every April 1st through November 30th, for a period of three (3) years, from the date of your Honorable Body's approval.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioner's compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Health Department has approved this petition, subject to petitioner's strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from the Health Department's Food Safety Division.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Historic District Commission has issued the Certificate of Appropriateness for this location as of April 22, 2016.

The Planning & Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution

and that this service will convene every April 1st through November 30th for a period of three years (3) from the date of our Honorable Body's approval.

Detroit Water and Sewerage Department

April 22, 2016

Honorable City Council:

Re: Petition No. 1038 — Requested Encroachment Related to Construction of Football/Soccer/Lacross Field in Chandler Park.

We have reviewed the above Petition received by this office on March 31, 2016. With regard to DWSD's interest, our comments are as follows:

- Our records indicate that there are water mains and sewers in the area of encroachments. DWSD has no objection to the requested encroachments provided that the attached Provisions for Encroachment are strictly followed.

If you have any questions, please call me at (313) 267-8309.

Sincerely,
DEBRA SINGLETON
Engineer
Claims and Permits

By Council Member Benson:

Whereas, The Detroit Water and Sewerage Department, requested encroachment related to construction of football/soccer/lacross field in Chandler Park, and

Whereas, The above petition requests encroachment of a portion of the reserved Detroit Water and Sewerage (DWSD) water main easement in Chandler Park. The easement is reserved for the mainte-

nance, improvements, replacement and appurtenances for the DWSD water main. DWSD agrees to the proposed encroachment subject to the adoption of the attached resolution.

Now Therefore Be It

Resolved, That by approval of this petition the DWSD does not waive any of its rights to its facilities located in the right of way, and at all time, DWSD, its agents or employees, shall have the right to enter upon the right of way to maintain, repair, alter, service, insect or install its facilities, and further

Resolved, That the petitioners or its assigns further agree that no building or structures of any nature including but not limited to concrete slabs, driveways, retaining walls (except necessary line fence) shall be built or placed on said easement, nor any change of surface grade made without prior approval by DWSD or its assigns, and further

That all costs incident to the damaging, dismantling, demolishing, removal and replacement of structures or other improvements herein permitted and incurred in gaining access to DWSD's facilities for maintenance, repairing, alteration, servicing or inspection caused by the encroachment shall be borne by the petitioner or its assigns. All costs associated with gaining access to DWSD's facilities, which could normally be expected had the petitioner not encroached into the right of way shall be borne by DWSD, and further

Resolved, That if DWSD facilities located within the right of way shall break or be damaged as the result of any action on the part of the petitioner or its assigns (by way of illustration but not limitation), such as storage of excessive weights or materials, construction, etc. then in such event the petitioner or its assigns agrees to be liable for all costs incident to the repair, replacement or relocation of such broken or damaged DWSD facilities, and finally

Provided, That the petitioner shall hold DWSD or its assigns harmless for any damage to the encroaching device constructed or installed under this petition, which may be caused by the failure of DWSD's facilities.

**RESOLUTION
IN SUPPORT OF COOPERATION WITH
RAILROADS TO MINIMIZE WAIT TIMES
DURING BLOCKAGES OF RAILWAY
ROAD GRADE CROSSINGS IN THE
CITY OF DETROIT**

By Council Member Benson:

Whereas, Railroads are instrumentalities of interstate commerce, subject to

federal jurisdiction under the United States Constitution's commerce clause. Article I, Section 8, Clause 3 of the Constitution states that the Congress shall have power "To regulate Commerce with foreign Nations, and among the several States, and with the Indian Tribes"; and

Whereas, A Michigan statute, MCL Section 462.391, states: "A railroad shall not permit a train to obstruct vehicular traffic on a public street or highway for longer than 5 minutes at any 1 time, except the obstruction shall not be considered a violation under the following circumstances: (a) If the train is continuously moving in the same direction at not less than 10 miles per hour for not longer than 7 minutes. (b) If the railroad can show that the incident occurred as a result of a verifiable accident, mechanical failure, or unsafe condition."; and

Whereas, A City ordinance, Section 45-1-5, similarly states: "(a) No person operating a train in this city shall obstruct any public street or highway for a period longer than five (5) minutes, nor shall successive train movements be permitted to obstruct streets or highways until all vehicular traffic previously delayed has been cleared or a period of five (5) minutes has elapsed since the obstruction. (b) Any person owning a railroad right-of-way where the signal or gate obstructs vehicular traffic on any street or highway for a period longer than five (5) minutes shall be guilty of obstructing the public street or highway. It shall be a defense to prosecution under this section if the owner of the signal or gate shall repair or correct any defective equipment causing the signal or gate to malfunction, providing repair is commenced within twenty-four (24) hours after receipt of notice of the violation."; and

Whereas, The aforementioned Michigan statute was held to be preempted by federal regulations in CSX Transportation, Inc. vs. City of Plymouth, 283 F.3d 812 (CA 6 2002); the court held that the state law is expressly preempted by the Federal Railway Safety Act, 49 USC Section 20106; and

Whereas, Although the State statute and the City ordinance may both be preempted by the United States Constitution's commerce clause, so that they cannot directly be enforced by local authorities, all stakeholders involved – including federal regulators of railroad operations – share a common interest in minimizing wait times and blockage of railway road grade crossings by stopped or slow trains; and

Whereas, the Federal Railroad Administration recommends that railroads "work cooperatively with state and local officials to eliminate or minimize the impact of blocked crossings wherever possible"; and

Whereas, The City of Detroit's dense, heavily traveled network of roads crossed by railway grade crossings on occasion creates serious problems of delay, congestion, and even safety, particularly where it affects the movement of emergency vehicles, when the crossings are obstructed by a train for an excessive period of time; and

Now, Therefore Be It

Resolved, That all railroads operating within the State of Michigan should be encouraged to use their own resources and run their operations so that wait times and blockage of railway road grade crossings by stopped or slow trains within the City of Detroit are held to less than five (5) minutes whenever possible, and in all cases minimized, and they should work collaboratively with responsible officials of the City of Detroit toward these ends; and

Be It Further

Resolved, That copies of this resolution shall be delivered to the Mayor, the Chief of Police, the directors of the Fire Department and Department of Public Works, Conrail, CSX, Norfolk Southern, Grand Trunk, Detroit Connecting Railroad Co., Delray Connecting Railroad, Ferrous Processing, and XL Cabot industrial spur rail crossings.

**RESOLUTION
IN SUPPORT OF MANDATORY
RECYCLING IN ALL CITY
OF DETROIT FACILITIES**

By Council Member Benson:

Whereas, Municipalities have multiple options for solid waste management of waste materials produced by their own employees, offices and other municipal facilities; and

Whereas, Recycling municipal solid waste, including but not limited to waste materials produced by the City of Detroit's own employees, offices and other municipal facilities, is a proven cost-effective and environmentally beneficial method of solid waste management; and

Whereas, The City of Detroit currently recycles materials generated by the City's own operations and facilities, and City solid waste pickup contractors currently provide a recycling option for residents' own household solid waste; and

Whereas, The City Charter at Section 7-403 requires that "Department of Public Works shall prepare, implement and update as necessary a comprehensive city-wide Recycling Plan ("Plan") for the City of Detroit that provides for the capture of the City's waste stream prior to disposal. The Plan shall be submitted to City Council for approval before implementa-

tion." However, Council has not received such a plan to date; and

Whereas, In order to achieve the many economic, environmental and public health benefits of recycling municipal solid waste, rather than disposing of it via a landfill or the incinerator, the City should not only implement Section 7-403 of the Charter and adopt the required comprehensive, city-wide recycling plan; the City should also make recycling mandatory within its own offices, programs, facilities and activities, and train and enforce mandatory recycling to the maximum extent practicable so as to change the wasteful, throwaway culture of "out of sight, out of mind"; and

Now, Therefore, Be It

Resolved, That the City should increase its own efforts at recycling waste materials produced by its own employees, offices and other municipal facilities, which should be made mandatory as far as practicable.

**TESTIMONIAL RESOLUTION
FOR**

**RICHARD SHARLAND,
BEVERLY KINDLE-WALKER AND
DON HOWARD**

By Council Member Spivey:

WHEREAS, The City of Detroit for many years owned and operated the Detroit House of Corrections (DeHoCo) located in Plymouth Township and Northville Township; and

WHEREAS, The operations at DeHoCo were terminated many years ago, but the City continued to own a 323 acre parcel of property in Plymouth Township where a portion of DeHoCo was formerly situated.

WHEREAS, In 2006, the City sold a 133 acre portion of the 323 acre parcel to an entity known as DEMCO 54; however, thereafter, Plymouth Township failed to send tax bills to the City with respect to the 190 acre parcel retained by the City; and

WHEREAS, In 2011, Wayne County foreclosed on the City's 190 acre parcel for nonpayment of taxes but the City did not receive notice of the foreclosure; and

WHEREAS, Plymouth Township purchased the multimillion dollar 190 acre parcel out of foreclosure for approximately \$600,000 in back taxes without notifying the City of Detroit; and

WHEREAS, The City first learned of the foreclosure in the summer of 2012, when Plymouth Township resident Richard Sharland and City of Detroit resident Beverly Kindle-Walker attended a Detroit City Council committee meeting and so advised the City during public comment; and

WHEREAS, After learning of the foreclosure, the City attempted to negotiate a resolution with Plymouth Township by offering to pay back taxes and reacquire title, but Plymouth Township refused to discuss any such resolution, and the City

was compelled to file a lawsuit to recover title to the 190 acre parcel; and

WHEREAS, Despite Plymouth Township's vigorous opposition, the City prevailed in the litigation in the Wayne County Circuit Court and the Michigan Court of Appeals, and the Michigan Supreme Court has now declined to review the Court of Appeals decision favorable to the City; and

WHEREAS, As a result, the City now has reclaimed title to the 190 acre parcel of property which, the City believes, has a value in the millions of dollars.

NOW THEREFORE BE IT

RESOLVED, The Detroit City Council formally expresses its appreciation to Richard Sharland and Beverly Kindle-Walker for their diligence, courage and integrity in notifying the City of the foreclosure in 2012, and to Richard sharland, Beverly Kindle-Walker and Don Howard, reporter for the Plymouth Eagle, for continuing to pursue this issue with the Plymouth Township authorities, and for continuing to support the City's litigation efforts.

(a) The Council hereby finds and declares that it is necessary for the City to borrow hereunder such sum as shall be determined by the Finance Director not in excess of an aggregate amount of \$275,000,000 and to evidence such borrowing by the issuance of the Bonds not in excess, in aggregate principal amount, of such amount (the "Maximum Aggregate Principal Amount"), in minimum denominations of \$5,000 or such greater minimum denominations as determined by the Finance Director, pursuant to the Charter and in accordance with the provisions hereof, for the purposes of providing funds (i) to refund all or portions of the Refunded Bonds; (ii) to establish a reserve fund and to pay for a Municipal Bond Insurance Policy, if necessary; and (iii) to pay legal, financial, accounting, printing and other expenses related to the issuance of the Bonds, all as finally confirmed by an Authorized Officer in the Sale Order. (b) Based on the advice of First Southwest, the City's registered municipal advisors (the "Financial Advisors") the Council estimates that the refunding of the Refunded Bonds will result in an aggregate net present value savings to the City and otherwise allow the City to improve its consolidated debt repayment schedule for outstanding general obligation bonds.

Section 302. Designations, Dates, Interest Rates, Maturities, Redemption and Other Terms of the Bonds and Stub UTGO Bonds.

Except as may be otherwise determined by the Finance Director in the Sale Order, interest on the Bonds shall be payable to the Registered Owner as of the 15th day of the month, whether or not a Business Day (a "Regular Record Date"), prior to each Interest Payment Date. business on a date fixed by the Paying Agent (a "Special Record Date") with respect to the payment of such defaulted interest to be fixed by the Paying Agent, or may be paid at any time in any other lawful manner. The Paying Agent shall give notice to the Registered Owners at least seven days before any such Special Record Date.

(e) The principal of the Bonds shall be payable to the Owners of the Bonds upon the presentation of the Bonds to the Paying Agent at the principal corporate trust office of the Paying Agent.

(1) To the extent permitted by applicable law, each series of the Bonds may be sold with an original issue premium in an amount as determined by the Finance Director.

An Authorized Officer is authorized and directed to approve of a series designation with respect to each series of Bonds.

ARTICLE IV
SPECIAL COVENANTS

Section 401. Tax Exemption Covenant for Tax-Exempt Bonds. The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on any Tax-Exempt Bonds, from federal income taxation under the Code.

Section 402. Arbitrage Covenant. (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of any Tax-Exempt Bonds or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on any Tax-Exempt Bonds for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Tax-Exempt Bonds and the requirements set forth in the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of subsection (a), above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be

rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the Tax-Exempt Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of any Tax-Exempt Bonds for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

ARTICLE V
FUNDS AND ACCOUNTS;
DISPOSITION OF BOND PROCEEDS

Section 501. Establishment of Accounts and Funds. (a) The City hereby establishes and creates the following special, separate and segregated accounts and funds which shall be held in trust by the Master Trustee for the benefit of the Bondholders:

- A. Debt Retirement Fund;
- B. Series 2016 Escrow Fund;
- C. Bond Issuance Fund; and
- D. Refunding Escrow Fund.

(b) Pursuant to the Sixth Supplemental Indenture, the Master Trustee shall establish within the Series 2016 Escrow Fund, the separate and segregated sub-accounts designated the "Distributable Aid Account," the "Series 2016 Tax Levy Account" and the "General Account," the deposits into which and withdrawals from which shall be governed by the Sixth Supplemental Indenture.

(c) The UTGO Debt Millage Fund was established with the Debt Millage Escrow Trustee by the Finance Director of the City on the Effective Date under the Debt Millage Escrow Agreement. The Finance Director is hereby authorized to negotiate the terms of and amendment to the Debt Millage Escrow Agreement to establish an Additional Bonds Debt Millage Account, as defined in the Debt Millage Escrow Agreement, for payment of the Bonds, and to execute and deliver such amendment for and on behalf of the City. The Finance Director is further hereby authorized to establish such accounts, subaccounts or other funds as shall be required for the Bonds, if any, to accommodate the requirements of such series of Bonds.

Section 502. Debt Retirement Fund — All Bonds. Proceeds of the Debt Millage Revenues levied pursuant to Section 301 hereof and transferred by the Debt Millage Escrow Trustee to the Master Trustee in accordance with the terms of the Debt Millage Escrow Agreement shall be used to pay the principal of and interest on the Bonds when due. The foregoing amounts shall be placed in the Debt Retirement Fund and held in trust by the Master Trustee, and so long as the principal or interest on the Bonds shall

remain unpaid, no moneys shall be withdrawn from the Debt Retirement Fund except to pay such principal and interest. Any amounts remaining in the Debt Retirement Fund after payment in full of the Bonds shall be retained by the City to be used for any lawful purpose.

Section 503. Debt Retirement Fund — Series 2016 Escrow Fund. From the proceeds of the sale of the Bonds there shall be set aside in the Series 2016 Escrow Fund the accrued interest and premium, if any, received from the MFA, as purchaser of the Bonds. As additional security for the Bonds, Distributable Aid payments to be received by the City from time to time shall be distributed by the State Treasurer to the Master Trustee and deposited by the Master Trustee in the Debt Retirement Fund (designated the “Distributable State Aid — Common Debt Retirement Fund” in the Master Indenture), and allocated and set-aside by the Master Trustee into the Series 2016 Escrow Fund in accordance with the provisions of the Master Indenture and the related Sixth Supplemental Indenture for the payment of the principal of an interest on the Bonds when due. Any amounts remaining in the Debt Retirement Fund after the setting aside of the amounts necessary to satisfy the Deposit Date Balance Requirements (defined in the Master Indenture) of all DSA Escrow Funds (defined in the Master Indenture), shall be released to the City for deposit to the General Fund of the City.

Section 504. Bond Issuance Fund. From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Series 2016 Escrow Fund.

Section 505. Refunding Escrow Fund. After making the deposits required by Sections 503 and 504, there shall be deposited from the remainder of the proceeds of the sale of the Bonds and any moneys transferred by the City at the time of delivery of the Bonds from the debt retirement funds for the Refunded Bonds, into the Refunding Escrow Fund (which shall be maintained in cash or invested in direct obligations of or obligations guaranteed by the United States of America, not redeemable at the option of the issuer), an amount, as hereinafter described, sufficient to pay the principal of and interest on the Refunded Bonds as they become due and, except as otherwise herein provided, shall be used only for such purposes. The Refunding Escrow Fund shall be irrevocably held by U.S. Bank National Association, Lansing, Michigan as refunding escrow trustee (the “Refunding

Escrow Trustee”) in trust pursuant to a refunding escrow deposit agreement between the City and the Refunding Escrow Trustee (the “Refunding Escrow Agreement”), which Refunding Escrow Agreement shall irrevocably direct the Refunding Escrow Trustee to take all necessary steps to pay the principal of and interest on the Refunded Bonds when due and to call for redemption of the Refunded Bonds in whole or in part, as and when specified in the Refunding Escrow Agreement. The amounts, including the investments thereof, held in the Refunding Escrow Fund shall be such that the cash and investments and income received thereon will be sufficient, without any reinvestment, to pay the principal of and interest on the Refunded Bonds when due at maturity or by redemption as required by this Section. Any balance remaining in the Refunding Escrow Fund after payment in full of principal and interest on the Refunded Bonds shall be applied as provided in the Refunding Escrow Agreement.

The Refunding Escrow Trustee means and includes any company into which the Refunding Escrow Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Refunding Escrow Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a trust company or bank which is qualified to be a successor to the Refunding Escrow Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, shall be the successor to the Refunding Escrow Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding.

The Council hereby authorizes the Finance Director to approve the form of and to execute the Refunding Escrow Agreement with the Refunding Escrow Trustee for and on behalf of the City.

Section 506. Investment of Monies in the Funds and Accounts. (a) The Finance Director shall direct the investment of monies on deposit in the Funds and Accounts established hereunder, and the Master Trustee, upon written direction or upon oral direction promptly confirmed in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts in accordance with such direction.

- (i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;
- (ii) to add additional covenants and

agreements of the City for the purposes of further securing the payment of the Bonds;

(iii) to cure any ambiguity or formal defect or omission in this Order;

(iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Tax-Exempt Bonds from gross income for federal income tax purposes; and

(v) such other action not materially, adversely and directly affecting the security of the Bonds;

provided that the effectiveness of any supplemental order or resolution is subject to Section 702 to the extent applicable.

Such cash and securities representing such obligations shall be deposited with a bank or trust company and held for the exclusive benefit of the Owners of such Bonds. The Finance Director is specifically authorized in his discretion, in accordance with Bulletin 10 under Act 34, to apply to the Michigan Department of Treasury for an exemption for a Refunding at a Net Present Value Loss pursuant to Section 611(2)(b) of Act 34 because: "[t]he refunding is necessary to reduce or eliminate requirements of ordinances or covenants applicable to the existing outstanding security," the 2014 Bonds. The Finance Director is authorized and directed to apply for ratings on the Bonds, if necessary, and pay any post-closing filing fees required by Act 34 to the Michigan Department of Treasury or other specified agency, from legally available funds.

Section 902. Continuing Disclosure Undertaking. The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the MFA and the holders and beneficial owners of the MFA Bonds in connection with the delivery of the Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are subject to completion and modification prior to the delivery of the Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with law or market requirements. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 903. Delegation of City to, and

Authorization of Actions of the Mayor and the Finance Director. (a) Prior to the delivery date for the Bonds, the Finance Director may cause the preparation and approve the form and distribution of City disclosure, if necessary, for any Preliminary Official Statement or Official Statement of the MFA and offering materials to be used in conjunction with the transfer of the Municipal Obligations to the MFA in form and substance reasonably acceptable to the Bond Insurers, and the issuance of the MFA Bonds, and the Mayor or Finance Director shall deem the City's disclosure "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocably surety bond to fulfill the City's obligation to fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, but not limited to fees and expenses of bond counsel, financial advisors, accountants and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds as permitted or required by this Resolution shall be confirmed by the Authorized Officer in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Authorized Officer have been fulfilled.

Section 904. Act 34 and Act 181 Approvals of the Bonds. The Bonds shall neither be issued nor delivered unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved by the Michigan Department of Treasury and the Detroit Financial Review Commission in accordance with the applicable provisions of Act 34 and Act 181, respectively.

Section 905. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds to the MFA shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a

tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 906. Sale of Bonds. (a) Pursuant to Section 309(1) of Act 34, the Council determines to sell the Bonds at a negotiated sale. The Bonds shall be sold by negotiated sale to the MFA or to the Underwriters as represented by the Representative, all as determined by the Finance Director in the applicable Purchase Contract, at prices and on terms and conditions provided in the Purchase Contract approved by the Finance Director within the parameters established hereby, and confirmed by an Authorized Officer in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisors that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. The sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Purchase Contract.

(b) Subject to the foregoing, the Purchase Contract shall be dated the date of delivery of the Bonds. The Finance Director is hereby authorized and directed to execute the Purchase Contract for and on behalf of the City.

Section 907. Delivery of Bonds. Subject to the approval of the Sale Order, the Finance Director is hereby authorized and directed to deliver the Municipal Obligations to the MFA upon receiving the purchase price therefor in lawful money of the United States.

Section 908. Official Statement. The Finance Director is hereby authorized to execute the Official Statement or other offering materials with respect to the Bonds in the form approved by him with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be printed and used by the MFA or the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 909. Refunding Escrow Agreement and Verification Agent. In connection with negotiating with the Refunding Escrow Trustee the terms of the Refunding Escrow Agreement, if necessary, the Finance Director is authorized to select

and retain a verification agent to verify the mathematical sufficiency of the securities and cash amounts to be deposited in the Refunding Escrow Fund.

Section 910. Appointment of Bond Counsel and Financial Advisors; Engagement of Other Parties. (a) The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel, including fees related to the preparation of any special bankruptcy disclosure, if any, for the Official Statement or for the delivery of special opinions and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

(b) Given the retention of First Southwest by the MFA, the City's joint appointment by the Finance Director of First Southwest as Financial Advisors, the City's registered municipal advisors for the Bonds, and the financial advisor agreement (the "FA Agreement") related thereto are also hereby ratified and confirmed. The fees and expenses of First Southwest shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the FA Agreement.

(c) The Finance Director is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 912. No Recourse Under Resolution. All covenants, agreements and obligations of the City contained in this Resolution shall be deemed to be the covenants, agreements and obligations of the City and not of any councilperson, mem-

ber, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of the principal of or interest on the Bonds or for any claim based thereon or on this Resolution against any councilperson, member, officer or employee of the City or any person executing the Bonds in his or her official individual capacity.

Section 913. Severability. If any one or more sections, clauses or provisions of this Resolution shall be determined by a court of competent jurisdiction to be invalid or ineffective for any reason, such determination shall in no way affect the validity and effectiveness of the remaining sections, clauses and provisions hereof.

As additional security for the Bonds, the City hereby pledges its limited tax full faith and credit for the payment of the principal of and interest on the Bonds, including the proceeds of an annual levy of ad valorem taxes on all taxable property in the City, subject to applicable constitutional, statutory and Charter tax rate limitations.

the United States of America. Except as may be otherwise determined by the Finance Director in the Sale Order, interest on the Bonds shall be payable to the Registered Owner as of the 15th day of the month, whether or not a Business Day (a "Regular Record Date"), prior to each Interest Payment Date. Interest on the Bonds shall be payable to such Registered Owners by check or draft drawn on the Paying Agent on each Interest Payment Date and mailed by first class mail or, upon the written request of the Owner of \$1,000,000 or more in aggregate principal amount of Bonds (with complete wiring instructions no later than the Regular Record Date for such Interest Payment Date), by wire transfer by the Paying Agent to such Owner. Such a request may provide that it will remain in effect with respect to subsequent Interest Payment Dates unless and until changed or revoked at any time prior to a Regular Record Date by subsequent written notice to the Paying Agent.

(d) Interest on Bonds not punctually paid or duly provided for on an Interest Payment Date shall forthwith cease to be payable to the Registered Owners on the Regular Record Date established for such Interest Payment Date, and may be paid to the Registered Owners as of the close of business on a date fixed by the Paying Agent (a "Special Record Date") with respect to the payment of such defaulted interest to be fixed by the Paying Agent, or may be paid at any time in any other lawful manner. The Paying Agent shall give notice to the Registered Owners at least seven days before any such Special Record Date.

(e) The principal of the Bonds shall be payable to the Owners of the Bonds upon the presentation of the Bonds to the Paying Agent at the principal corporate trust office of the Paying Agent.

(f) The Bonds shall be subject to redemption and/or tender for purchase prior to maturity or shall not be subject thereto, upon such terms and conditions as shall be determined by the Finance Director and confirmed in the Sale Order, provided that any premium payable in connection with the optional redemption of the Bonds shall not exceed 3%.

Unless waived by any Registered Owner of Bonds to be redeemed, official notice of redemption shall be given by the Paying Agent on behalf of the City. Such notice shall be dated and shall contain at a minimum the following information: original issue date; maturity dates; interest rates, CUSIP numbers, if any; certificate numbers, and in the case of partial redemption, the called amounts of each certificate; the redemption date; the redemption price or premium; the place where Bonds called for redemption are to be surrendered for payment; and that

interest on Bonds or portions thereof called for redemption shall cease to accrue from and after the redemption date.

In addition, further notice shall be given by the Paying Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

(g) In making the determinations set forth in this Resolution with respect to the Sale Order for the issuance and sale of the Bonds, the Finance Director shall be limited to the parameters as follow:

(1) To the extent permitted by applicable law, each series of the Bonds may be sold with an original issue premium in an amount as determined by the Finance Director.

(2) The aggregate net present value of the principal and interest to be paid on the Bonds, including the cost of issuance, shall be less than the aggregate net present value of the principal and interest to be paid on the Refunded Bonds.

(h) In connection with the sale of the Bonds to the MFA, the following additional provisions shall apply:

(1) Each series of Bonds shall be in the form of a single fully-registered, non-convertible bond in the denomination of the full principal amount thereof, dated as of the date of delivery of the Bonds, payable in principal installments serially as finally determined at the time of sale of the Bonds and approved by the MFA and the Authorized Officer. Final determination of the principal amount of a series and the payment dates and amounts of principal installments of a series of Bonds shall be evidenced by execution of a Purchase Contract between the City and the MFA providing for sale of the Bonds, and an Authorized Officer is authorized and directed to negotiate the terms of, approve the form of and to execute and deliver the Purchase Contract when it is in final form and to make the determinations set forth above. An Authorized Officer is authorized and directed to approve of a series designation with respect to each series of Bonds.

(2) The Bonds or principal installments thereof will be subject to prepayment prior to maturity in the manner and at the prices and times as provided in the form of the Bonds contained in this Resolution or as may be approved by an Authorized Officer at the time of sale of the Bonds or by the MFA at the time of prepayment.

(3) The Bonds shall bear interest at the rates specified in the Purchase Contract and approved as evidenced by execution of the Purchase Contract, and an Author-

ized Officer shall deliver the Bonds in accordance with the delivery instructions of the MFA.

(4) The Bonds shall not be convertible or exchangeable into more than one fully-registered bond. Principal of and interest on the Bonds shall be payable as provided in the Bond form in this Resolution as the same may be amended to conform to MFA requirements.

(5) The Master Trustee shall record on the registration books payment by the City of each installment of principal or interest or both when made and the cancelled checks or other records evidencing such payments shall be returned to and retained by the City Treasurer.

(6) Upon payment by the City of all outstanding principal of and interest on a Bond, the MFA shall deliver the respective Bond to the City for cancellation.

Section 303. Execution, Authentication and Delivery of Bonds. The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director and authenticated by the manual signature of the Finance Director, and the seal of the City (or a facsimile thereof) shall be impressed or imprinted on the Bonds. After the Bonds have been executed and authenticated for delivery, they shall be delivered by the Finance Director to the MFA in consideration for the issuance of the MFA Bonds.

Section 304. Authentication of the Bonds. Anything in this Resolution to the contrary notwithstanding, the Bonds bearing the manual or facsimile signatures of the Mayor and the Finance Director shall require no further authorization. An Authorized Officer is authorized to deliver the Bonds in accordance with the delivery instructions of the MFA.

Section 305. The MFA's Depository. Notwithstanding any other provision herein to the contrary, as long as the MFA is the owner of the Bonds, the Bonds are payable as to principal, premium, if any, and interest at the corporate trust office of U.S. Bank National Association, Detroit, Michigan, or such other qualified bank or financial institution as shall be designated in writing to the City by the MFA (the "Authority's Depository). The City will deposit, or cause the Master Trustee, to deposit with the MFA's Depository payments of the principal of, premium, if any, and interest on the Bonds in immediately available funds at least five business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise. Written notice of any redemption of the Bonds shall be given by the City and received by the MFA's Depository at least 40 days prior to the date on which such redemption is to be made.

Section 306. Mutilated, Destroyed, Stolen or Lost Bonds. (a) Subject to the

provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the City, and the City receives evidence to its satisfaction of the destruction, loss or theft of any Bond and (ii) there is delivered to the City such security or indemnity as may be required by it to save the City harmless, then, in the absence of notice to the City that such Bond has been acquired by a bona fide purchaser, the City shall execute and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

(b) If any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

(c) Any new Bond issued pursuant to this Section in substitution for a Bond alleged to be mutilated, destroyed, stolen or lost shall constitute an original additional contractual obligation on the part of the City, and shall be equally secured by and entitled to equal proportionate benefits with all other Bonds of like tenor issued under this Resolution.

Section 307. Form of the Bonds. The Bonds shall be in substantially the following form with such insertions, omissions, substitutions and other variations as shall not be inconsistent with this Resolution or required by the Michigan Attorney General and the MFA or permitted by the Sale Order or as approved by an Authorized Officer and Bond Counsel:

The additional interest shall continue to accrue until the MFA has been fully reimbursed for all costs incurred by the MFA (as determined by the MFA) as a consequence of the City's default. Such additional interest shall be payable on the interest payment date following demand of the MFA. In the event that (for reasons other than the default in the payment of any municipal obligation purchased by the MFA) the investment of amounts in the reserve account established by the MFA for the bonds of the MFA issued to provide

funds to purchase this bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the MFA issued to fund such account, the City shall and hereby agrees to pay on demand only the City's pro rata share (as determined by the MFA) of such deficiency as additional interest on this bond.

**ARTICLE VII
SUPPLEMENTAL RESOLUTIONS**

Section 701. Supplemental Resolutions Not Requiring Consent of Holders of the Bonds. The City may without the consent of any Bondowner, adopt resolutions supplemental to this Resolution for any one or more of the following purposes:

(i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;

(ii) to add additional covenants and agreements of the City for the purposes of further securing the payment of the Bonds;

(iii) to cure any ambiguity or formal defect or omission in this Order;

(iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Tax-Exempt Bonds from gross income for federal income tax purposes; and

(v) such other action not materially, adversely and directly affecting the security of the Bonds; provided that the effectiveness of any supplemental order or resolution is subject to Section 702 to the extent applicable.

Section 702. Opinion and Filing of Supplemental Resolution. Before any supplemental resolution under this Article shall become effective, a copy thereof shall be filed with the Master Trustee, together with an opinion of Bond Counsel that such supplemental order or resolution is authorized or permitted by this Article; provided that Bond Counsel in

ARTICLE VIII DEFEASANCE

Section 801. Defeasance. Such cash and securities representing such obligations shall be deposited with a bank or trust company and held for the exclusive benefit of the Owners of such Bonds. After such deposit, such Bonds shall no longer be entitled to the benefits of this Resolution (except for any rights of transfer or exchange of Bonds as therein or herein provided for) and shall be payable solely from the funds deposited for such purpose and investment earnings, if any, thereon, and the lien of this Resolution for the benefit of such Bonds shall be discharged.

ARTICLE IX OTHER PROVISIONS OF GENERAL APPLICATION

Section 901. Approval of Other Documents and Actions. The Mayor, the Finance Director, the Treasurer, Corporation Counsel and the City Clerk are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file applications with and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for an Order or Orders of Approval to issue all or a portion of the Bonds, and apply for such waivers or other Treasury approvals as necessary to

implement the issuance, delivery and security for the Bonds, and as required by the Michigan Department of Treasury and Act 34. The Finance Director is specifically authorized in his discretion, in accordance with Bulletin 10 under Act 34, to apply to the Michigan Department of Treasury for an exemption for a Refunding at a Net Present Value Loss pursuant to Section 611(2)(b) of Act 34 because: "[t]he refunding is necessary to reduce or eliminate requirements of ordinances or covenants applicable to the existing outstanding security," the Refunded Bonds. The Finance Director is authorized and directed to apply for ratings on the Bonds, if necessary, and pay any post-closing filing fees required by Act 34 to the Michigan Department of Treasury or other specified agency, from legally available funds.

Section 902. Continuing Disclosure Undertaking. The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the MFA and the holders and beneficial owners of the MFA Bonds in connection with the delivery of the Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are subject to completion and modification prior to the delivery of the Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with law or market requirements. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 903. Delegation of City to, and Authorization of Actions of the Mayor and the Finance Director. (a) Prior to the delivery date for the Bonds, the Finance Director may cause the preparation and approve the form and distribution of City disclosure, if necessary, for any Preliminary Official Statement or Official Statement of the MFA and offering materials to be used in conjunction with the transfer of the Municipal Obligations to the MFA in form and substance reasonably acceptable to the Bond Insurers, and the issuance of the MFA Bonds, and the Mayor or Finance Director shall deem the City's disclosure "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations therein and herein contained, including without limitation, the securing of ratings

by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocably surety bond to fulfill the City's obligation to fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, but not limited to fees and expenses of bond counsel, financial advisors, accountants and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds as permitted or required by this Resolution shall be confirmed by the Authorized Officer in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Authorized Officer have been fulfilled.

Section 904. Act 34 and Act 181 Approvals of the Bonds. The Bonds shall neither be issued nor delivered unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved by the Michigan Department of Treasury and the Detroit Financial Review Commission in accordance with the applicable provisions of Act 34 and Act 181, respectively.

Section 905. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds to the MFA shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 906. Sale of Bonds. (a) Pursuant to Section 309(1) of Act 34, the Council determines to sell the Bonds at a negotiated sale. The Bonds shall be sold by negotiated sale to the MFA or to the Underwriters as represented by the Representative, all as determined by the Finance Director in the applicable Purchase Contract, at prices and on terms and conditions provided in the Purchase Contract approved by the Finance Director within the parameters established hereby, and confirmed by an Authorized Officer in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisors that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to

market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. The sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Purchase Contract.

(b) Subject to the foregoing, the Purchase Contract shall be dated the date of delivery of the Bonds. The Finance Director is hereby authorized and directed to execute the Purchase Contract for and on behalf of the City.

Section 907. Delivery of Bonds. Subject to the approval of the Sale Order, the Finance Director is hereby authorized and directed to deliver the Municipal Obligations to the MFA upon receiving the purchase price therefor in lawful money of the United States.

Section 908. Official Statement. The Finance Director is hereby authorized to execute the Official Statement or other offering materials with respect to the Bonds in the form approved by him with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be printed and used by the MFA or the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 909. Refunding Escrow Agreement and Verification Agent. In connection with negotiating with the Refunding Escrow Trustee the terms of the Refunding Escrow Agreement, if necessary, the Finance Director is authorized to select and retain a verification agent to verify the mathematical sufficiency of the securities and cash amounts to be deposited in the Refunding Escrow Fund.

Section 910. Appointment of Bond Counsel and Financial Advisors; Engagement of Other Parties. (a) The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Bonds. City Planning Commission

June 3, 2016

Honorable City Council:

Re: The proposal of the City Planning Commission to amend District Map No. 4 of the Detroit Zoning Ordinance, Chapter 61, Article XVII of the

1984 Detroit City Code, to rezone the land at 601 Mack Avenue (Tolan Playfield) from the current R6 (High-Density Residential District) zoning classification to a PR (Parks and Recreation District) zoning classification. (RECOMMEND APPROVAL)

On Thursday, May 19, 2016, the City Planning Commission (CPC) held a public hearing and voted to recommend approval of a proposed amendment to Article XVII, District Map No. 4 of the Zoning Ordinance regarding property commonly known as 601 Mack Avenue – Edward Tolan Playfield. The land is currently zoned R6 (High-Density Residential District) zoning classification; the proposed map amendment would change the zoning to the PR (Parks and Recreation District) zoning classification.

BACKGROUND

The Detroit Fitness Foundation anticipates developing an indoor, multi-sport facility under an inflatable dome, including: a concrete oval for running, walking, and in-line skating; a wooden cycling track (velodrome); and a multi-purpose infield on a concrete floor.

The CPC heard an earlier proposal in 2015 for a site on Gratiot Avenue at St. Aubin Avenue – a site subsequently withdrawn from consideration by the applicant. Due to the efforts of Planning and Development Department Director, Maurice Cox, in conjunction with Alicia Bradford, the former Director of the Recreational Department, Tolan Playfield has been identified by the City as a more suitably situated site for this activity. The property would remain under City ownership, but would be operated by the Foundation in partnership with the City via an agreement that is presently drafted and will be presented to Your Honorable Body separate and apart from this rezoning.

PROPERTY DESCRIPTION

The subject property is an 8.91 acre site bounded by the Queen Lillian development (Wayne State University office building) on the north, the Chrysler Freeway (I-75) service drive on the east, Mack Avenue on the south, and Detroit Public School property (Benjamin Carson school and Spain school on the west. (A vicinity map included in the CPC public hearing notice is attached for reference.)

PLANNING CONSIDERATIONS

Surrounding Zone and Land Use

The zoning classification and land uses surrounding the subject area are as follows:

North: PD (Planned Development District) – Medical/educational office buildings occupied by Wayne State University and Children’s Hospital.

East: PD (Planned Development District) across the Chrysler Freeway (Forest Park housing development); B4

(General Business District) gas station at the northeast corner of the Chrysler Freeway and Mack Avenue.

South: R5 (Medium Density Residential District) across Mack Avenue – Brewster housing.

West: R6 (High Density Residential District) – Carson school and Spain school.

Previous Rezonings

The Tolan Playfield has come before Your Honorable Body on four occasions in recent years. In 2009, a rezoning to PD (Planned Development) for Children’s Hospital and a separate PD for the “Queen Lillian” project, occupied by Wayne State University, were authorized. Major modifications of those PDs were approved in 2010 and 2011, respectively. These two projects also trigger amendments to the Master Plan and the Medical Center urban renewal plans.

Master Plan Consistency and Detroit Future City

The Master Plan of Policies places the subject site within the Lower Woodward subsector of Neighborhood Cluster 4. The “existing land use” on the Master Plan map is identified as “Recreation/Open Space;” the “future land use” is “Recreation.” The Master Plan describes Recreation as follows:

Recreation areas are typically over 10 acres in size and serve both active and passive recreational functions (e.g. playfields, special parks, picnic grounds). Recreation area status may also apply to certain waterfront areas (e.g. public wharfs) suited to marine-oriented or general recreational facilities. (Pg. 65)

The Detroit Future City 50-Year Land Use Scenario for the area including the site and the bulk of the greater Midtown area is “District Center.”

District Centers are active, medium-to-high density, mixed-use areas that provide an even split of residential and employment uses. They are typically anchored by a major commercial or institutional employer such as a university or medical center. Residential areas incorporate a mix of housing types from multi-family to townhouse to detached single-family. Multiple medium-density residential neighborhoods typically surround a District Center. District and neighborhood center retail types cater to resident and employee populations. Major civic, cultural institutions and public spaces provided regional and neighborhood destinations.” (Pg. 114)

The Planning and Development Department has noted that the proposed rezoning is consistent with the City’s Master Plan.

Land Use Considerations

The subject site is surrounded by institutional and residential uses. The proposed augmentation of the park’s recre-

ational amenities should afford more of a 12-month recreational/fitness venue for families and seniors in nearby townhouse developments, to students at the adjacent Spain and Carson schools as well as the employees of area establishments.

Zoning Considerations

The existing R6 District lists 56 permitted uses: 33 uses on a by-right basis and 23 uses on a conditional basis.

The proposed PR District lists 18 permitted uses: 13 uses permitted on a by-right basis and 5 uses on a conditional basis, including “solar generation stations” — a land use just added to the PR District when ordinance No. 13-16 went into effect on May 20, 2016 in conjunction with the O’Shea Playfield rezoning to PR.

The R6 District does not allow for indoor commercial recreation facilities, such as is proposed by the Detroit Fitness Foundation. The PR District lists indoor and outdoor commercial recreation facilities as a by-right use, subject to review by the Planning and Development Department and approval by resolution of City Council. While the rezoning is will be necessary to allow this type activity a subsequent approval by Your Honorable Body for this specific proposal will be require before proposed sports and fitness facility can advanced and apply for applicable permits.

Medical Center Rehabilitation Project No. 1

The subject property also falls within what has historically been the Medical Center Rehab Project No. 1. although the Citizens’ District Council for the Medical Center area was dissolved by action of the Emergency Manager, the June 26, 2009 development plan, which was adopted and modified during its tenure, designates the Tolan property for use as “Playfield.” The “Proposed Zoning” for the subject property is indicated as “R6.”

Because the Tolan Playfield land in Medical Center #1 is not zoned PD (Planned Development), the “urban renewal” plan for the area does not list specific permitted uses and does not have binding effect on future development. However, the proposed land use and development accompanying the requested rezoning to PR comport with the 2009 development plan.

TEXT AMENDMENT

At the CPC’s regular meeting of January 21, 2016, the petitioner withdrew the velodrome project rezoning (Gratiot at St. Aubin) and the proposed accompanying text amendment was approved by the CPC for consideration by City Council. The text amendment addressed two issues:

- It modifies the prohibition against bicycle tracks (velodromes) near residential to apply only to outdoor velodromes; and

- It realigned the off-street parking requirement for indoor commercial recreation facilities to allow the Planning and Development Department to determine the appropriate number of spaces needed, given the configuration of the proposed facility.

The CPC report and recommendation, dated February 10, 2016, was forwarded to City Council, which took up the issue on February 18, 2016; the text amendment was reported out of committee and was introduced at the formal session of February 23, 2016. However, the scheduling of a date for the public hearing was deferred pending identification of the alternate site. Now that the Tolan Playfield has been agreed upon by the Executive branch of the City and the Detroit Fitness Foundation as the preferred site, the charter-mandated City Council public hearing on the text amendment has been scheduled for June 9, 2016.

As provided in Sec. 61-3-17 of the Zoning Ordinance, the CPC’s recommendation has a “shelf life” of 120 days. If Council fails to take action on the text amendment recommendation by June 16, 2016, the ordinance will be deemed to have been denied. If, as a result of the June 9th public hearing, Council decides to not vote on the text amendment at the June 14th formal session, a resolution will need to be adopted by Council to extend the 120-day review period in order to avoid rehearing of the text amendment at the Commission.

NEIGHBORHOOD ENGAGEMENT; RESULTS OF THE PUBLIC HEARING

The Planning and Development Department, Recreation Department, the Department of Neighborhoods, the General Services Department, and the Mayor’s office have collaborated to ensure that significant developments in the greater Midtown area are presented to the community prior to formal consideration by the CPC and City Council. For example, the Choice Neighborhoods grant application initiative that involves the rezoning of land use in the Eastern Market and at the former Brewster public housing site, was discussed in detail with the community. The Tolan Playfield indoor, multi-sports facility was raised in the context of those recent meetings.

Mindful of the considerable concern and response from residents at the Nicholas Hood Senior Medical Courts townhouse development just north of Tolan, when parts of Tolan Park were proposed to be rezoned for medical office buildings, a meeting targeted to those same residents, as well as to the townhouse residents south of Mack in the new Brewster homes, was held on May 18th at the playfield. About forty members of the public were present for the meeting at Tolan and generally responded very

enthusiastically to the proposed playfield enhancements.

The CPC held the statutory public hearing on the rezoning at its regular meeting of May 19, 2016. At that meeting, eleven (11) members of the public spoke in favor of the proposed playfield enhancements — many of them young bike riders whose only velodrome option in Southeast Michigan is located in Rochester, Michigan, an inconvenient drive away.

CONCLUSION AND RECOMMENDATION

At its May 19th public hearing, the City Planning Commission determined that land uses permitted under the proposed PR District classification would be appropriate for the subject site and found that the proposed rezoning was consistent with the Master Plan and otherwise consistent with the rezoning approval criteria specified in Sec. 61-3-80 of the Detroit Zoning Ordinance. The Planning Commission voted to recommend approval to Your Honorable Body of the rezoning of 601 Mack Avenue, Tolan Playfield, from the R6 (High-Density Residential District) zoning classification to the PR (Parks and Recreation District) zoning classification.

The rezoning ordinance has been approved as to form by the Law Department and is attached for Council's consideration and introduction at the earliest opportunity. The Recreation Department and the Detroit Fitness Foundation intend for work to begin at Tolan Playfield during the current construction season.

Planning & Development Department
June 7, 2016

Honorable City Council:

Re: Petition No. 1068 – Shangri-La Restaurant to Establish an outdoor Café at 4710-12 Cass Avenue.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene every April 1st through November 30th, for a period of three (3) years, from the date of your Honorable Body's approval.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioner's compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Health Department has approved this petition, subject to petitioner's strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from the Health Department's Food Safety Division.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Planning & Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution and that this service will convene every April 1st through November 30th for a period of three years (3) from the date of your Honorable Body's approval.

Respectfully submitted,

JOHN SAAD, P.E.

Council Member Benson, on behalf of Council Member Sheffield, moved for adoption of the following one (1) resolution:

RESOLUTION CALLING FOR IMMEDIATE SHUT DOWN OF ENBRIDGE PIPELINE 5 RUNNING THROUGH THE GREAT LAKES

By Council Member Sheffield:

WHEREAS, Enbridge Corporation's "Line 5" is a pair of 62-year old pipelines

that carry oil and natural gas through the Great Lakes under the Straits of Mackinac; and

WHEREAS, the Straits of Mackinac in particular are characterized by very strong bi-directional east and west currents, up to more than 10 times greater than the flow of Niagara Falls, creating very dangerous forces that could threaten the integrity of Line 5 and the ability of emergency responders to contain the oil in the event of a spill; and

WHEREAS, A 2014 University of Michigan study states that the Straits of Mackinac are the "worst possible place" for an oil spill in the Great Lakes; and

WHEREAS, The Great Lakes contain 20 percent of the world's available fresh surface water, and provide drinking water for more than 35 million people; and

WHEREAS, Enbridge Corporation has a poor environmental record, including more than 1200 reportable leaks, spills and releases between 1996 and 2013; and

WHEREAS, Enbridge was responsible for one of the worst oil spills in United States history in 2010 when their Line 6b ruptured near Kalamazoo, leaking almost 1 million gallons of highly corrosive and polluting tar sands oil for 17 hours before shutting down the line; and

WHEREAS, Enbridge was found to be in violation of safety-critical spacing requirements for supporting their pipeline in 2014 under the 1953 easement for Line 5, resulting in a leak in a section of the pipeline north of the Straits of Mackinac in December 2014; and

WHEREAS, Corrosion is the most frequent reason for such pipeline failure; and

WHEREAS, Line 5 was built before the Great Lakes Submerged Lands Act was passed, so it was not required to have a permit to ensure the safety of Great Lakes water quality and public health; and

WHEREAS, Michigan's Attorney General has stated that Line 5 "wouldn't be built today", and that "the pipeline's days are numbered"; and

WHEREAS, The United States Coast Guard Commandant testified before Congress in 2015 that the Coast Guard would not be able to respond effectively to an open water oil spill in the Straits of Mackinac; and

WHEREAS, There is no plan for how to recover oil if such a spill were to occur during the winter when the lakes are covered by ice; and

WHEREAS, The Great Lakes and their water supplies for the people of Michigan and others are best protected by preventing pollution and environmental degradation, including possible oil spills, than by relying on after-the-fact, unproven attempts to clean up contamination and restore water quality after a spill occurs; and

NOW, THEREFORE, BE IT RESOLVED, That Detroit City Council supports shutting down Line 5 forthwith; and

BE IT FURTHER

RESOLVED, That Detroit City Council supports HR 182 and CR 15 introduced by State Representative Sarah Roberts and Jeff Irwin, calling on Governor Snyder and Attorney General Shuette to shut down Line 5; and

Re: Rasyaha Harris vs. City of Detroit, et al. Case No.: 15-007442-NI. File No.: L15-00478 (PMC).

On June 6, 2016, a case evaluation panel evaluated the above-captioned lawsuit and awarded Sixteen Thousand Two Hundred Fifty Dollars and No Cents (\$16,250.00) in favor of Plaintiff. Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Sixteen Thousand Two Hundred Fifty Dollars and No Cents (\$16,250.00), payable to The Reizen Law Group, her attorneys, and Rashaya Harris, to be delivered upon receipt of a properly executed Release, and Stipulation and Order of Dismissal entered in Lawsuit No. 15-007442-NI and, where it is deemed necessary or desirable by the Law Department, a properly executed Medicare Reporting and Indemnification Affidavit, approved by the Law Department.

**RESOLUTION FOR
 THE STATE TREASURER TO ENTER
 INTO AN AGREEMENT WITH
 AIRBND TO COLLECT HOSPITALITY
 TAXES ON SHORT TERM RENTALS**

By Council Member Ayers:

Whereas, Airbnb is the most popular example of a new and growing popular model for short term housing and travel, where visitors to a city can contract through Airbnb to stay in residences rather than traditional hotels; and

Whereas, According to Airbnb's web site they currently list over 300 available residence in the City of Detroit; and

Whereas, Michigan's hotel tax, identified as an "an excise tax on persons engaged in the business of providing rooms for dwelling, lodging, or sleeping purposes to transient guests", is set forth at MCL 141.861 *et seq.* An additional hotel excise tax is levied by MCL 207.624, the "State Convention Facility Development Act". The State collects these taxes; and

Whereas, Airbnb's web site indicates that it routinely enters into agreements with states and other taxing jurisdictions — most recently Connecticut — to collect such hotel or accommodations taxes, where it is authorized to do so by law; and
 Now, therefore, be it

Resolved, That Council strongly urges the State Treasurer, who also serves as Chair of the City's Financial Review Commission, to undertake collection of the hotel tax from Airbnb; and

Be it further

Resolved, That copies of this Resolution shall be delivered to the Mayor, Corporation Council, the City Assessor, the State Treasurer and other members of the Financial Review Commission.

City Planning Commission

June 17, 2016

Honorable City Council:

Re: Special District Review, 500 Woodward Avenue, Ally Bank Roof Signage (Recommend Approval).

City Planning Commission staff is in receipt of a request to affix a 700-square foot sign on the exterior of the One Detroit Center, located at 500 Woodward Avenue on land zoned PCA (Public Center Adjacent/Restricted Business District (see attached image). The proposed sign would be comprised of four lowercase letters, "ally," denoting building's new signature tenant Ally Bank and building's name change to "Ally One Detroit Center." The sign would be crimson in color and internally illuminated. Please see attached drawings for additional details.

Sec. 61-3-182 of the Detroit Zoning Ordinance provides the following:

Sec. 61-3-182. Review roles.

This Division [Article III, Division 6] provides for review and approval by the City Council of the exterior design, appearance and location of all development in a PC or PCA District. In addition, this Division requires that the City Planning Commission and the Planning and Development Department prepare a written recommendation prior to City Council action regarding any project within a PC or PCA district.

Further, Sec. 61-3-185 specifies special district review includes exterior signs. CPC staff has concluded its design review of the proposed sign and finds approval by your Honorable Body to be appropriate. The unique architecture of 500 Woodward offers interesting regulatory challenger, since the on-premises sign provisions of Chapter 3 of the 1984 Detroit City Code are fairly generic.

REVIEW

Sign area. Sec. 3-7-5(a) limits on-premises business signs to not more than 500 square feet in area. However, that provision applies citywide, "... except for business within developments that require City Council approval of plans ...". Land

zoned PCA — along with the PD (Planned Development) district, SD4 (Special Development District, Riverfront Mixed-Use in excess of 3 acres), and SD5 District (Casinos) are those zoning district classifications for which City Council approval prior to the issuance of permits is required. The amount of signage proposed for 500 Woodward in excess of 500 square feet. However, CPC staff finds the proposal to be proportional to the overall size and bulk of the high-rise building at that location.

Sign placement. Sec. 3-7-3 of the City Code specifies that "A business sign shall not cover or conceal architectural features of a building including, but not limited to, windows, arches, sills, moldings, cornices and transoms. The proposed sign would not cover any of those architectural features but rather opaque coverings in front of a mechanical equipment area. Staff determines that the proposed sign would not violate this section.

Sec. 3-7-6(b) of the City Code addresses the placement of signs on multiple-story buildings, and while it significantly restricts where signs might be located on the "wall" of a multiple-story building" the area where the Ally sign is proposed is found above the horizontal band (similar to a frieze on a classical building), upon a gable end or pediment of the high rise. On May 24, your Honorable Body adopted Ordinance No. 20-16, which amended Chapter 3 in order to allow for roof signs. The proposed placement of the sign being part of the roof, is thereby subject to this new provision. Therefore, staff determines that the proposed sign is not in conflict with the applicable provisions of the City Code.

CONCLUSION

CITY Planning Commission staff recommends approval of the proposed Ally Bank sign as depicted in the attached drawings. A resolution approving the sign and authorizing the Buildings, Safety Engineering and Environmental Department to issue a sign permit consistent with the proposal image is attached.

Respectfully submitted,
MARCELL S. TODD, JR.
Senior City Planner

By Council Member Leland:

Whereas, The City of Detroit is in receipt of a request from Ally Bank for the display of a 700-square foot exterior roof sign at One Detroit Center, located at 500 Woodward Avenue in the City of Detroit; and

Whereas, 500 Woodward Avenue is located on land zoned PCA (Public Center Adjacent/Restricted Central Business District); and

Whereas, The Detroit Zoning Ordinance requires the City Planning Commission and the Planning and Development Department to submit reports and recommendations to City

Council with respect to any exterior changes to the buildings or premises on land zoned PCA; and

Whereas, City Planning Commission staff and the Planning and Development Department have reviewed the proposed sign and find that it does not violate the provisions of Chapter 3, Article VII of the Detroit City Code (Advertising and Signs) as discussed in the City Planning Commission report dated June 17, 2016 and the PDD report dated June 6, 2016; and

Whereas, Roof signs are newly permitted in the PCA on buildings in excess of 500' in height; and

Whereas, Section 3-7-5(a) of the Detroit City Code provides an exception for Detroit City Council to authorize signs in excess of 500 square feet in area; and

Whereas, City Council finds the proposed 700 square foot signs to be proportionate to the size of the existing building; and

Whereas, City Council, consistent with Section 61-11-97(11) of the Detroit Zoning Ordinance, finds the proposed sign to be tastefully designed, visually appealing and in character with surrounding development.

Now, Therefore Be It

Resolved, That the Detroit City Council approves the proposed Ally Bank sign at 500 Woodward Avenue consistent with the drawings prepared by Principle and dated February 15, 2016, and authorizes the Buildings, Safety Engineering and Environmental Department to issue a permit for same subsequent to receiving an authorizing signature from both CPC and PDD on the applicable permit application and drawings.

Re: Petition No. 1028 — Detroit Opera House to Establish an Outdoor Café at 1526 Broadway.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene every April 1st through November 30th, for a period of three (3) years, from the date of your Honorable Body's approval.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioners compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

Approval from the Detroit Police Liquor

License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution and that this service will convene every April 1st through November 30th for a period of three (3) years, from the date of your Honorable Body's approval.

**RESOLUTION
TO REPROGRAM CURRENT AND
NEW HARDEST HIT FUNDS FOR
TAX FORECLOSURE PREVENTION IN
THE CITY OF DETROIT**

By Council Member Sheffield:

Whereas, As reported in the Detroit Free Press on April 20, 2016, "Conceived as a response to the housing crisis of 2008-9, the [federal government's] \$7.6-billion Hardest Hit Fund was at first limited to state-based programs aimed at keeping residents in their homes, largely through mortgage assistance and principal reduction efforts. In that initial round, Michigan received \$498 million. But in the years that followed, Michigan asked for and received permission to use some funding for blight removal efforts, especially in Detroit, where as many as 40,000 blighted, abandoned buildings have been identified. The Treasury agreed, believing that removing such structures helped to stabilize neighborhoods and, in turn, keep other residents in place in their homes."; and

Whereas, As noted above, the original Congressional intent of appropriating the Hardest Hit Funds was to enable residents threatened with foreclosure to keep their homes; and

Whereas, Tragically, for a number of bureaucratic, legal, social, political and economic reasons, a majority of homeowners in many states — specifically including Michigan — have not been able

to access funds and benefit from the program; and

Whereas, The City of Detroit has been the hardest hit community in the country by residential home foreclosures, which have left many previous Detroit homeowners now homeless and devastated, and harmed many Detroit residential neighborhoods, as well as the City's tax base; and

Whereas, Detroit today still has an unparalleled large number of families threatened with foreclosure on their homes, and would therefore benefit more than other communities if these funds were used for their intended purpose of foreclosure prevention; and

Whereas, Although the Duggan administration and associated anti-blight agencies have made the understandable decision to reprogram Hardest Hit Funds to blight removal by demolishing vacant structures, there are compelling reasons for using at least some of these funds for the competing purposes of foreclosure prevention; and

Whereas, Failing to stem the tide of foreclosure leads to more blight as fast or faster than it can be eliminated via demolition, and the benefits to the City of removing blight have come at a great cost of lost home ownership and associated population loss; and

Whereas, From a human perspective, foreclosure prevention has even greater impact on neighborhood quality of life than does blight removal, and therefore stemming the tide of foreclosures should be a high priority; and

Whereas, At least a substantial portion of Hardest Hit Funds used for demolition could be spent in more efficient and balanced ways, versus only demolishing occupied or potentially repairable homes, thereby potentially increasing blight, poverty and homelessness; and

Now, Therefore Be It

Resolved, That a portion of the "Hardest Hit Fund" (HHF) dollars should be reprogrammed from blight elimination to tax foreclosure prevention in the City of Detroit; and

Be It Further

Resolved, That copies of this Resolution shall be delivered to the Mayor's Office, Michigan State Housing Development Authority (MSHDA), Housing and Urban Development Department Detroit Office, Congressional Representatives Conyers and Lawrence, and Senators Stabenow and Peters.

Honorable City Council:

Re: Address: 322 W. Seven Mile Rd.
Name: William Brewart. Date ordered removed: March 22, 2016. (J.C.C. pgs _____).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information.

A special inspection on April 21, 2016 revealed the building is secured and appears to be sound and repairable. The owner has paid all taxes and is current. The proposed use of the property is owner's use and occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of six months subject to the following conditions:

1. A permit for rehabilitation work shall be obtained within 30 days.

2. The building shall be maintained securely barricaded until rehabilitation is complete. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

4. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

3. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. City of Detroit
Office of the Chief Financial Officer
 June 27, 2016

Honorable City Council:
 Re: 1st Amendment to the Demolition Advance Funds Loan Agreement.

This correspondence confirms the Office of the Chief Financial Officer's support of the 1st Amendment to the Demolition Advance Funds Loan Agreement between the City of Detroit and the Detroit Land Bank Authority.

The purpose of this amendment is to reflect incremental rounds of the Hardest Hit Fund demolition program supporting DLBA demolition efforts in fiscal years 2017 and 2018.

The City has sufficient cash reserves to accommodate the amendment and does not foresee an issue with Detroit Land Bank's Authority ability to repay the advance.

Please do not hesitate to contact me or Michael Jamison, Deputy CFO / Director of Financial Planning & Analysis, with any questions.

Best Regards,
 JOHN W. HILL
 Chief Financial Officer

NOW, THEREFORE, BE IT

RESOLVED THAT: The Detroit City Council hereby authorizes the City, with the approval of the Chief Financial Officer, to extend the Demolition Advance Fund for the Detroit Land Bank, in an amount not to exceed twenty million dollars in outstanding advances at any time, which advances can be utilized by the Detroit Land Bank solely for cash flow to make payments to third parties providing demolition related contract services under the Hardest Hit Fund demolition program, and which advances shall be promptly repaid by the Detroit Land Bank within forty-five (45) business days of receiving the final draw down of Hardest Hit Fund dollars from MSHDA.

**DEMOLITION ADVANCE FUNDS
LOAN AGREEMENT**

This Loan Agreement ("Agreement") is entered into this 31st day of March, 2015, by and between the Detroit Land Bank Authority, a Michigan public body corporate (the "DLBA") and the City of Detroit, a Michigan municipal corporation, acting by and through its Finance Department (hereinafter the "City" and together with the DLBA, the "Parties").

WITNESSETH:

WHEREAS, The Detroit City Council passed a Resolution (**Exhibit A**), dated March 10, 2015, authorizing the City, with the approval of the Chief Financial Officer, to create a Demolition Advance Fund for the DLBA, in an amount not to exceed twenty million dollars in outstanding advances at any time; and

WHEREAS, Significant delays by the Michigan State Housing Development Authority ("MSHDA") in providing reimbursement to the Detroit Land Bank for related costs incurred under the federally funded Hardest Hit Fund demolition program have made it impossible for the Detroit Land Bank to make timely payments to contractors required to continue demolition; and

WHEREAS, The Parties have determined that the timing of the DLBA's present need to pay demolition-related contractors will create a cash flow problem for the DLBA if the City does not advance funds to the DLBA at this time as presented in **Exhibit B** ("Expanded Demolition Activities Projected Cash flow"); and

WHEREAS, The City agrees to advance to the DLBA a maximum of twenty million (\$20,000,000.00) dollars (the "Demolition Advance Funds") at a rate of zero (0) percent per annum to be used by the DLBA to pay costs related to the federally funded Hardest Hit Fund demolition program; and

WHEREAS, The DLBA agrees to use

the Demolition Advance Funds solely for the payment of costs related to the Hardest Hit Fund demolition program; and

WHEREAS, The DLBA agrees to return to the City the Demolition Advance Funds at the earliest date practicable, but not later than the earlier of July 31, 2016 or forty-five (45) days after receiving the final payment of Hardest Hit Fund dollars from MSHDA;

NOW THEREFORE, In consideration of the mutual covenants and agreements herein set forth, the Parties agree as follows:

1. The foregoing recitals are incorporated herein as terms of this Agreement, as though fully restated in this Paragraph 1.

2. The DLBA may request a drawdown of Demolition Advance Funds as a revolving line of credit in multiple increments not to exceed twenty million dollars (\$20,000,000.00) in aggregate amount outstanding at any time.

3. To initiate a drawdown request, the DLBA will execute a "City of Detroit DLBA Line of Credit Drawdown Request" form (**Exhibit C**) and send via email, facsimile and/or mail to the Chief Financial Officer and/or his designee.

4. Upon receipt and confirmation of an executed City of Detroit DLBA Line of Credit Drawdown Request form from the DLBA ("Receipt Date"), the City, within five (5) business days of the Receipt Date, agrees to remit payment to the DLBA via check or electronic transfer the requested amount of Demolition Advance Funds indicated on the executed City of Detroit DLBA Line of Credit Drawdown Request form. **Exhibit D** provides the current mailing address and electronic payment instructions for the DLBA.

5. The DLBA agrees to use the Demolition Advance Funds solely for payments to third parties providing services under the Hardest Hit Fund demolition program.

6. The DLBA agrees to notify the City via written correspondence each time it receives from MSHDA a reimbursement of demolition-related costs incurred under the federally funded Hardest Hit Fund demolition program.

7. The DLBA agrees to return the Demolition Advance Funds to the City in multiple increments at the earliest date practicable, but no later than the earlier of July 31, 2016 or forty-five (45) business days after receiving the final payment of Hardest Hit Fund dollars from MSHDA.

8. The DLBA shall maintain full and complete records (including books, ledgers, journals, accounts and other documentation) reflecting all of its operations related to this Agreement. The records shall be kept in accordance with generally accepted accounting principles and maintained for a minimum of five (5)

years after the expiration of this Agreement. The City shall have the right at any time without notice to examine and audit all records and other supporting data of the DLBA as the City deems necessary.

9. The City and the DLBA agree to produce a report on the performance of this Agreement and include it in the DLBA's Quarterly Progress Report to the City Council of the City of Detroit beginning with the three months ending June 30, 2015 and ending upon the earlier of the terms of this Agreement being satisfied or a date determined by City Council.

10. This Agreement is made and entered into for the sole benefit of the City and the DLBA, their successors and assigns, and no other persons shall have any right of action hereunder.

11. Each of the Parties shall have the sole remedy of specific performance in the event of a breach of this Agreement by the other party.

12. This Agreement shall be interpreted and the rights of the Parties hereunder shall be determined according to the laws of the State of Michigan.

13. This Agreement may be executed in several counterparts, and each executed counterpart shall constitute an original instrument, but such counterparts shall together constitute but one and the same instrument.

14. Should any part, term or provision of this Agreement be determined by the courts to be illegal or in conflict with any law of the State of Michigan, the validity of the remaining portions or provisions of the Agreement shall not be affected thereby.

15. Nothing contained in this Agreement or any action of any party taken pursuant hereto or in connection herewith shall create any relationship of agency, partnership, co-venture or joint venture so as to render either party liable in any manner for the actions of the other party, and shall not make one party an agent, partner, co-venturer or joint venturer of or with the other party.

16. This Agreement may only be amended by written consent executed by both Parties.

IN WITNESS WHEREOF, The City and the DLBA by and through their duly authorized officers and representatives have executed this Agreement as of the day and year first above written.

City of Detroit

Housing and Revitalization Department

June 30, 2016

Honorable City Council:

Re: Approval of HOME Loan Modifications/ Subordinations.

The City of Detroit through the Housing and Revitalization Department ("H&RD"), has continued to work closely with the Michigan State Housing Development Authority (MSHDA) ensure long term viability and affordability for jointly funded Low Income Housing Tax Credit Project. Last fall MSHDA approved additional assistance to rehabilitate two projects of Cass Corridor Neighborhood Develop-

ment: 1) Mt. Vernon Apartments and 2) Architects Building. This approval was conditioned on the City forgiving a large portion of the current HOME Loans balance for each project, to allow additional debt and security to fund approximately \$4 million in new repairs for each project. I have provided a brief description of the projects in the paragraphs that follow.

Mt. Vernon Apartments is a 45-unit historic rehabilitation project located at 677 W. Alexandrine in the mid-town neighborhood. MSHDA has approved a new total development budget of \$4,069,411.00 for the project. The City will not contribute additional funding for repairs, but will accept \$1,200.00 annually and a lump sum payment at closing of \$150,000.00 for its remaining HOME Loan balance of \$2,265,653.00. The City's affordability restriction will continue on the project for a new term. The project has targeted rents for residents with incomes at or below 50 and 60 percent of the area median income for a new 30-year project term (See Exhibit 1).

Architects Building is a 51-unit historic rehabilitation project located at 415, 422 and 426 Brainard also in the Midtown neighborhood. MSHDA has approved \$4,982,462.00 in new development funding for the project. The approval is conditioned upon the City accepting \$1,200.00 annual payments and a lump sum payment of \$150,000.00 for the remaining HOME Loan on the project, \$2,323,853.00. The City's affordability restriction will continue on the project for a new term. The project has targeted rents for residents with incomes at or below 50 and 60 percent of the area median income for a new 30-year project term (See Exhibit 1).

H&RD is requesting authorization to modify and subordinate the HOME loans on both projects with anticipated closing dates projected for August 2016. Consistent with the process adopted by City Council for approving modifications and subordinations of HOME Loans and grants for development partners, the Department is requesting that your Honorable Body review and approve the attached list of transactions contained in Exhibit 1.

We request approval of the attached resolution with a Waiver of Reconsideration, so additional housing investment and neighborhood reinvestment can continue through HOME program projects. Should you have questions or require additional information, please do not hesitate to contact me.

Respectfully submitted,
DARWIN L. HEARD
Manager II

By Council Member Leland:

Whereas, The City of Detroit receives an annual allocation of HOME funds and issues a Notice of Funding Availability (NOFA) from the U.S. Department of Housing and Urban Development ("HUD") through the Housing and Revitalization Department (H&RD) for the purpose of creating affordable housing opportunities in Detroit neighborhoods; and

Whereas, The City Council authorized the Housing and Revitalization Director to accept and utilize HUD HOME and other NOFA funds according to HUD regulations during the City's annual Budgeting process; and

Whereas, The City Council also authorized the Budget Director to appropriate HUD HOME, CDBG and NSP funds, and establish appropriation numbers; and

Whereas, The Finance Director was also authorized to establish necessary accounts, honor vouchers and payrolls in accordance with H&RD requests, and HUD regulations.

Whereas, That the City Council approves HOME Loans and/or Grants, and HOME Loan Modifications and Subordinations (with payoff) for Developers and/or borrowers indicated on the attached Exhibit I; and

Now, be it finally

Resolved, That the Housing and Revitalization Department Director or his designee, is authorized to process, prepare, and execute all loan and grant documents required to modify HOME Loans, Grants and/or Mortgages, and to subordinate HOME and/or CDBG funds according to HUD regulations for the approved list of developers and borrowers.

Waiver of Reconsideration per motions before adjournment.

Re: Establishment of the Ferlito Group Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Ferlito Group Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on July 7, 2016 as required by the Act. No impediments to

the establishment of the NEZ were presented at the public hearing.

The developer proposes to construct a 21,800 square foot apartment building consisting of 12 new condominium units along with a restaurant and office space at 438 Selden in Midtown at an estimated cost of \$3.9 million dollars.

We request your Honorable Body's approval of this resolution.

Respectfully submitted,
JOHN SAAD

Manager — Development Division
Planning & Development Department
By Council Member Leland:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific

property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Ferlito Group NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Ferlito Group Neighborhood Enterprise Zone was conducted before the Detroit City Council on July 7, 2016, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

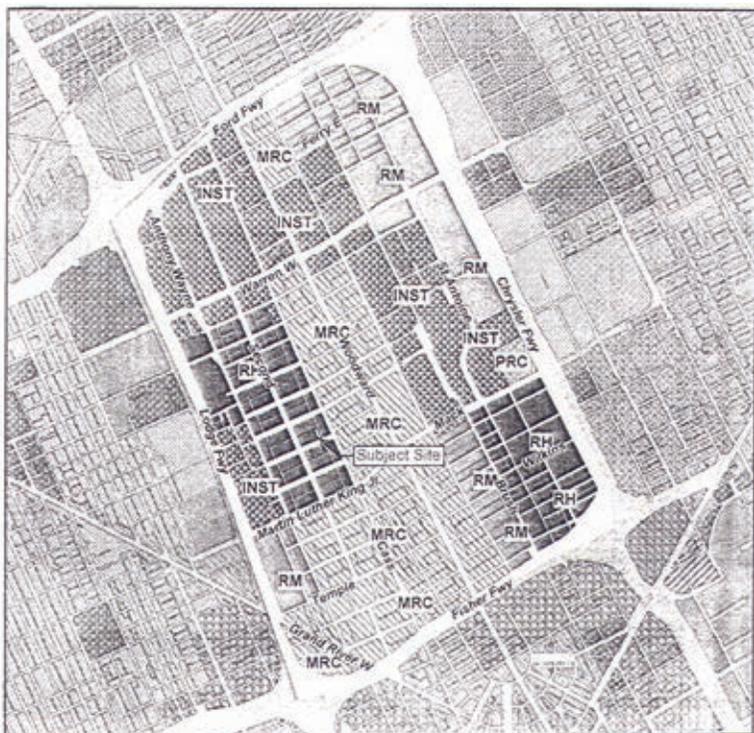

Whereas, No Impediments to the establishment of the Ferlito Group Neighborhood Enterprise Zone were cited;

Now Therefore Be It

Resolved, That the land described in the attached legal description, and shown on the attached map, is hereby established as the Ferlito Group Neighborhood Enterprise Zone pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Honorable City Council:

Re: Petition No. 1180 — Calexico Restaurant to Establish an Outdoor Café at 1040 Woodward Avenue.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene every April 1st through November 30th, for a period of three (3) years, from the date of your Honorable Body's approval.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioner's compliance with applicable City ordinance related to outdoor café activities and the

remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Health Department has approved this petition, subject to petitioner's strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from the Health Department's Food Safety Division.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards the above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution and that this service will convene every April 1st through November 30th for a period of three (3) years, from the date of your Honorable Body's approval.

Respectfully submitted,

June 14, 2016

Honorable City Council:

Re: Petition No. 929, Giffels Webster, request that the City of Detroit outright vacate portions of the public right-of-way to facilitate the Brush Park Parcel A+B redevelopment project.

Petition No. 929, Giffels Webster on behalf of Bedrock Real Estate Services, request for outright vacation of two east-west alleys in the blocks bounded by John R. 60 feet wide, Brush Street, 60 feet wide, Adelaide Street, 60 feet wide, Alfred Street, 60 feet wide and Edmund Place, 60 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report:

This request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW.

The Planning and Development Department reports that the location is under HDC review and a provision that the new development must obtain the Historic District Committee's certificate of appropriateness.

The Public Lighting (PLD) reports involvement with five alley lights. The luminaries and bracket arms must be removed prior to closure. A provision for the PLD removal has been made a part of the resolution.

AT&T reports manholes with facilities and conduit in them. The developer will need to contact AT&T for the relocation or removal of their facilities.

DTE Energy — Electric reports being involved in both alleys. The alley North of Alfred, between John R. and Brush has overhead work, system conduit and cable; and the estimated cost of removal and relocation is: \$148,927.69. The alley South of Alfred, between John R. and Brush also has overhead work, system conduit and cable; and the estimated cost of removal and relocation is: \$113,973.86; also DTE Energy will need to maintain an easement that is the full width of the alley from the east right-of-way line of John R. and extending 100 feet east to the NB transformer #463.

The Detroit Water and Sewerage Department (DWSD) reports no objection if the petitioner agrees to relocate the sewers in accordance with the DWSD provisions for relocation at no cost to DWSD. The DWSD provisions are a part of the resolution.

All other city departments and utilities have reported no objections to the vacations and provisions for all utility relocations have been made a part of the attached resolution.

The property adjoining the two subject

alleys is mainly city-owned and is the subject of a development agreement. There is one other owner of property adjoining the alley who should be notified of the City Council formal session considering this matter. The Assessor's office lists the owner of property commonly known as 227 Adelaide Street as: Woodward Building Plaza Inc., 743 Beaubien, Ste. 201, Detroit, MI 48226.

There is an appropriate resolution, containing the necessary conditions, attached for consideration by your Honorable Body.

Respectfully submitted,
RICHARD DOHERTY, P.E.

RESOLUTION IN OPPOSITION TO EXPANDED WASTE STORAGE AND TRANSPORT BY US ECOLOGY

By COUNCIL MEMBERS BENSON AND SHEFFIELD:

Whereas, On July 15, 2015, the Michigan Department of Environmental

Quality (MDEQ), Office of Waste Management and Radiological Protection, gave formal notice of its intent to issue a hazardous waste management facility expansion operating license to US Ecology Michigan, Inc., pursuant to Part 111, Hazardous Waste Management, of the Natural Resources and Environmental Protection Act, 1994 PA 451, which would allow US Ecology to construct and operate additional units to store and treat more hazardous waste at its facility located 6520 Georgia Street, Detroit; and

Whereas, With this permit, DEQ intends to allow a more than ten-fold increase – from 64,000 gallons to nearly 666,000 gallons – in the size of their facility in the City of Detroit near the municipal border with Hamtramck; and

Whereas, This expansion plan threatens the health of residents of Detroit and Hamtramck, among others, because hazardous and radioactive waste will be transported down highways and city streets adjacent to residential neighborhoods, before it is pumped into the US Ecology facility for processing and the liquid waste from US Ecology is then dumped into Detroit's wastewater treatment plant, a practice that was stopped by the State of Pennsylvania when scientists found that city treatment plants were not equipped to remove such toxic and radioactive industrial chemicals from the water; and

Whereas, The purpose of this expansion is to enable US Ecology to profit from the irresponsible and dangerous transport, processing, storage and disposal of waste water contaminated with toxic and radioactive pollutants by the process of hydraulic fracturing for fossil fuels, also known as fracking, an irresponsible, extremely undesirable and hazardous activity that is inconsistent with the interests and health of residents in the areas surrounding the US Ecology facility, among others; and

Whereas, Because fracking waste can be highly radioactive but in many cases is not subject to regulatory controls for its radioactivity, and there is no safe level of ionizing radiation, expansion of US Ecology's facility would, in effect, allow large amounts of radioactive materials to be treated as if they are not radioactive, for purposes of their hazardous transport, processing and disposal in an environmental justice community populated by a large percentage of People of Color and working poor who are already overburdened with a high and adverse, disproportionate cumulative impact of pollution from many industrial and urban sources. This is unjust an unacceptable; and

Whereas, The US Ecology plant at 6520 Georgia St., near the Hamtramck-Detroit border on the east side, is within a mile-and-a-half of a public playground, Dickinson East Elementary School,

Oakland International Academy charter school, several churches and occupied residential neighborhoods; and

Whereas, The City of Detroit should not be used as a dumping ground for hazardous toxic and radioactive wastes created by out-of-state or other outside industrial polluters; and

Now Therefore Be It

Resolved, That Council demand that MDEQ deny US Ecology's permit expansion;

and Be It Further

Resolved, That copies of this resolution shall be provided to the Mayor's office, the Detroit Health Department, the MDEQ, the members of the Detroit delegation in the State Legislature, Congressional Representatives Conyers and Lawrence, and Senators Stabenow and Peters.

**RESOLUTION
REFERRING COMMUNITY BENEFITS
AGREEMENT INITIATIVE TO THE
ELECTION COMMISSION**

By Council President Jones:

Whereas, Petitions seeking initiation of an ordinance to amend Chapter 14 of the Detroit City Code, by adding Article XII, *Community Benefits*, were timely filed with the City Clerk in June 2016, for inclusion on the November 8, 2016 ballot; and

Whereas, Section 12-104 of the City Charter requires that these petitions be transmitted to the City's Department of Elections, and within ten (10) days of receipt, the Department of Elections shall canvass the signatures to determine their sufficiency and make a report of the result to the City Council; and

Whereas, The Department of Elections

has duly determined that the signatures and the petitions for a Community Benefits Ordinance are sufficient; and

Whereas, A formal challenge to the proposed initiative was evaluated by the Department of Elections, who recertified the petitions; and

Whereas, Section 12-107 of the Charter states that once the Department of Elections determines the petitions are sufficient and timely filed, the City may within sixty (60) days enact the ordinance, which is proposed by the petition, in accordance with Sections 4-115, 4-117 and 4-118 of the Charter; and

Whereas, At this time City Council respectfully declines to enact the ordinance proposed by the initiative petitions, in order to avoid unnecessary delay in moving this matter to the Election commission for their consideration; and

Whereas, Section 12-108 of the Charter requires that City Council shall forward the proposed initiative to the Election Commission, who shall make a determination as to whether the question can lawfully be placed on the ballot and report their conclusions to the City Council; if there is no legal impediment to placing the measure on the ballot, the Election Commission shall place the question on the ballot and submit the measure to the voters in accordance with the applicable requirements of Michigan Election Law, MCL 168.1, *et seq*,

**RESOLUTION
IN MEMORIAM
SERGEANT KEVIN DWAYNE MILLER
Detroit Police Department**

By COUNCIL PRESIDENT JONES:

WHEREAS, We, the members of the Detroit City Council, pause today to honor the memory of the late Sergeant Kevin Miller, who was granted his angel wings on June 29, 2016; and

WHEREAS, Kevin Miller was born on February 11, 1967, in Detroit, Michigan, to the union of Hobert and Netricia Miller. He received his adolescent education in the Detroit Public School system, where he was a member of the Cooley High School Junior Reserve Officers Training Corps (JROTC). Kevin graduated in 1985 and furthered his education by becoming a Licensed Cosmetologist and graduating from the Wayne State University College of Urban, Labor and Metropolitan Affairs; and

WHEREAS, Kevin accepted Christ at an early age and was a faithful member of Always in Jesus Presence Ministries. He was ordained as a Minister on May 24, 2015. He studied the Word of God endlessly and enjoyed spreading the goodness of the Lord. Kevin was not only a gifted Preacher, he was also blessed with an

angelic voice to sing God's praises. He had numerous accomplishments – too many to list – which included being a published author, host of the radio talk show "Miller Talk," candidate for Detroit City Council, and a mentor for Saving Our Sons and Daughters (SOSAD). He raised more than \$100,000 for the Michigan Special Olympics by sitting on a billboard in Downtown Detroit; and

WHEREAS, While in high school, Kevin embraced his passion for law enforcement and joined the Detroit Police Explorers, which exposed him to the day-to-day operations of the Detroit Police Department. This inspired him to join the Detroit Police Department at age 19. After graduating from the Detroit Metropolitan Police Academy, Officer Miller began his twenty-nine year career with the Detroit Police Department in February 1987. Throughout his tenure, he held several positions and was afforded the opportunity to serve the citizens of the City of Detroit in many capacities. He was assigned to the Sixth, Eighth and Eleventh Precincts, Law Department Police Section. Tactical Services Section, Police Recruiting and the Office of the Chief of Police. In March 1997, he was promoted to the rank of Sergeant. On July 3, 2007, Sergeant Miller was assigned to the Northeastern District (now the 11th Precinct) where he spent the remainder of his career; and

WHEREAS, Sergeant Miller served the department and the citizens with loyalty, professionalism, integrity and dedication. He considered his brothers and sisters in blue as family. The Sergeant was dedicated to making things better in any way he could and was often a voice for those that couldn't speak for themselves. Sergeant Miller trained and mentored numerous officers, contributing greatly to the development of many adept professional law enforcement personnel. He was the recipient of several departmental awards for his work during the Super Bowl and All-Star games, as well as the funeral for civil rights icon, Rosa Parks. Sergeant Miller was widely respected throughout the law enforcement community and by the citizens he diligently served.

Re: Isaiah Tugwell v. City of Detroit. Case No.: 15-001613-NI. File No.: L15-00115.

On March 8, 2016, your Honorable Body approved authority to accept a case evaluation award and settle the above-captioned lawsuit in the amount of One Hundred Sixty Thousand Dollars and No Cents (\$160,000.00) in favor of Plaintiff Isaiah Tugwell and Three Thousand Dollars and No Cents (\$3,000) in favor of Intervening Plaintiff D & L d/b/a Alwaysz on Time Transportation. Plaintiff, who has continued treatment since the case evaluation hearing, rejected the case evaluation award. The parties have since participated in court-ordered facilitation.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that settlement in the amount of Two Hundred Thousand Dollars

We, therefore, request your Honorable Body rescind the original resolution, adopt the amended resolution submitted herewith and direct the Finance Director to issue two drafts — one in the amount of One Hundred and Seventy-Five Thousand Dollars and No Cents (\$175,000.00) payable to Isaiah Tugwell and Liss & Shapero, his attorney and one in the amount of Twenty-Five Thousand Dollars and No Cents (\$25,000) payable to Synergy Spine and Orthopedic Surgery Center LLC and KGK & Associates, PLLC, its attorney, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit 15-001613-NI, approved by the Law Department.

**MEMORANDUM OF UNDERSTANDING
BETWEEN THE
CITY OF DETROIT
AND THE
DETROIT FIRE
FIGHTERS ASSOCIATION**

Re: Assistant Fire Dispatchers

The Detroit Fire Department together with the Detroit Fire Fighters Association recognizes the need to hire experienced dispatchers. To that end, the parties agree to the following changes in salary structure:

1. The current salary range for Assistant Fire Dispatcher is commensurate to the Fire Fighter salary range set at \$31,553 to \$51,506.
 2. Due to the specialized nature of the Assistant Fire Dispatcher the City requires the flexibility to hire experienced personnel at a higher salary rate than the minimum set for the Fire Fighter range.
 3. For experienced personnel hired from within a City of Detroit Department and to create a lateral move, the City can set the salary within the range of Fire Fighter not to exceed the maximum salary.
 4. For experienced dispatch personnel hired outside of the City of Detroit, 3 years of actual dispatch experience will be equivalent to one step of the salary range of Fire Fighter.
 5. Department seniority will apply for any and all contractual procedures including, but not limited to, assignment of overtime, shift picks, promotions and lay-offs.
 6. The application of this MOU is prospective and does not affect the salaries of any current Assistant Fire Dispatchers.
 7. This MOU will expire with the end date of the current DFFA Collective Bargaining Agreement 2014-2020.

Petition No. 517 of Exotic Cars whose address is 14500 W. Seven Mile Road, Detroit, Michigan 48235, request to install and maintain encroachment with berm parking on Strathmoore Avenue on the side of their business. The request is being made to provide additional parking.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) reports having facilities in the encroachment area, but has no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made part of this resolution.

Traffic Engineering Division — DPW reports being involved and approves provided certain conditions are met. The TED conditions have been made a part of the attached resolution.

DTE Energy Gas, Comcast and SBC Telecommunications — report involvement; and provisions protecting all utilities in the encroachment area are a part of the resolution. All other involved City departments and privately owned utility companies reported no objections.

I am recommending adoption of the attached resolution.

Respectfully submitted,
RICHARD DOHERTY, P.E.

City Planning Commission

July 18, 2016

Honorable City Council:

Re: Proposed amendments relative to sign provisions – Chapter 61, Chapter 3, Chapter 50 (**Request Extension of Review Period**).

On April 7, 2016, the Planning and Economic Development standing committee took up the report and recommendation of the City Planning Commission

(CPC) to amend the sign ordinances of the City of Detroit.

The Detroit Zoning Ordinance specifies in Sec.61-3-17, "Where a petition for a proposed Zoning Ordinances text or map amendment is not voted upon by the City Council within one hundred twenty (120) days of the time of receipt of the City Planning Commission's report, it shall be deemed to have been denied, unless extended by the City Council."

The specified 120-day review period will expire on Friday, August 5th. The Administration has convened an inter-departmental group to review the CPC-approved ordinance in anticipation of contracting with a sign consultant toward offering ordinance review in light of nationwide best practices and in light of the 2015 U.S. Supreme Court decision, *Reed vs. Gilbert*.

Consequently, the CPC requests the 120-day review period be extended for an additional 120 days to avoid having to re-start the ordinance revision process all over at the Planning Commission. A resolution toward that effect is attached.

Whereas, The City Planning Commission voted to recommend approval of sign ordinance amendments on June 18, 2015; and

Whereas, The U.S. Supreme Court issued its ruling in the signage-related case, *Reed vs. Town of Gilbert* on June 18, 2015; and

Whereas, The March 31, 2016 report and recommendation of the City Planning Commission was taken up by the Planning and Economic Development standing committee on April 7, 2016; and

Whereas, The Planning and Development Department and the Law Department have determined it to be appropriate to further review and research planning/design, aesthetics, and constitutional issues related to signage with outside counsel; and

Whereas, The Detroit Zoning Ordinance specifies in Sec. 61-3-17 that "Where a petition for a proposed Zoning Ordinance text or map amendment is not voted upon by the City Council within one hundred twenty (120) days of the time of receipt of the City Planning Commission's report, it shall be deemed to have been denied, unless extended by City Council; and

Whereas, It is the will of Detroit City Council that the Planning Commission-recommended sign amendments not be denied due to expiration of the 120-day review period on August 5, 2016;

Honorable City Council:

Re: Delegation of City Council Special District Review and approval of building permit applications during summer recess 2016 (**Recommend Approval**).

According to the City of Detroit Zoning Ordinance the Detroit City Council approves by resolution any work undertaken by permit on land zoned PC or PCA after receiving recommendation from the Planning and Development Department and the City Planning Commission. It has become the practice of Your Honorable Body to delegate this responsibility to the staff of the City Planning Commission during periods of recess when permit applications of this sort are anticipated. The Council's delegation of this responsibility allows work compliant with the City Code to advance during recess, when the Body is not conducting business in the context of Your regular meetings.

Attached for Your consideration You will find a resolution effectuating the delegation of Special District Review and action jointly to the Planning and Development Department and the City Planning Commission for Your summer recess 2015.

Whereas, The Detroit Zoning Ordinance requires that any permit application submitted to the Building and Safety Engineering and Environmental Department related to the Exterior design, location and appearance of work within the Public Center (PC) District and the Public Center Adjacent/Restricted Central Business (PCA) District must be reviewed by the City Planning Commission (CPC) and the Planning and Development Department (P&DD); and

Whereas, Consistent with Sec. 61-3-182 of the Zoning Ordinance, the City Council approves by resolution, any such permit application subsequent to receipt of a report and recommendation from the Planning and Development and the City Planning Commission; and

Whereas, The Detroit City Council will be on recess July 25, 2016 through September 6, 2016; and

Whereas, Time sensitive permit requests for work in these districts may be received by the City; and

Whereas, It is the desire of the Detroit City Council to facilitate such requests and not unnecessarily delay the issuance of building permits.

Now, Therefore Be It

Resolved, The Detroit City Council authorizes the Planning and Development Department and the City Planning Commission to jointly review, approve, approve with conditions or deny any permit applications for land zoned PC or PCA submitted between July 25, 2016 and September 6, 2016, and to do so in consultation with other City agencies as may be appropriate.

Honorable City Council:

Re: Request for amendment to licensing provisions for bicycle track/velodrome (Sec. 5-14-5), Petition #719

At the request of City Planning Commission staff, the Law Department has prepared and approved as to form the attached ordinance to amend City Code Section 5-14-5.

On June 21st, Your Honorable Body approved the Zoning Ordinance text amendment that modified the prohibition against the location of a bicycle track/velodrome near residential to apply only to outdoor facilities. This text amendment was part of the request related to the proposed indoor multi-sports facility (including bicycle track/velodrome) to be located at the Tolan Playfield on Mack Avenue at I-75. The rezoning hearing for the Tolan Playfield is scheduled for July 21, 2016.

As part of its presentation to the Planning Commission and City Council, the Detroit Fitness Foundation indicated the proposed facility would be open to the general public year round and would include a walking track in addition to the bicycle track and other features. The indoor walking track is proposed to be available to the public at 6:00 AM, the same as the park itself. However, the licensing provision in Sec. 5-14-5 of the City Code specifies that such facilities remain closed between midnight and 8:00 AM. The proposed amendment would allow for the proposed facility at Tolan to be licensed and to begin daily operation at 6:00 AM.

We request that your Honorable Body

consider and enact the attached ordinance at the earliest opportunity.

Historic Designation Advisory Board
Draft Final Report
Apostolic Way Church of God/ Assumption Greek Orthodox Church

By a resolution dated May 5, 2015, the Detroit City Council charged the Historic Designation Advisory Board (HDAB), a study committee, with the official study of the proposed Apostolic Way Church of God/Greek Orthodox Church Historic District in accordance with Chapter 25 of the 1984 Detroit City Code and the Michigan Local Historic Districts Act.

The Apostolic Way Church of God/ Assumption Greek Orthodox Church Historic District is composed of 2 buildings located at 11000 Charlevoix, just west of the Conner Creek Greenway. The proposed district is 1.5 miles north of Belle Isle (NR-listed), and east of the locally designated Ossian Sweet House on the corner of Garland and Charlevoix.

Boundaries:

The boundaries of the proposed Apostolic Way Church/Assumption Greek Orthodox Church Historic District, shown in bold lines on the attached map, are as follows:

On the north, the centerline of Charlevoix Avenue;

On the east, the centerline of the north-south alley running between Charlevoix Avenue and East Vernor Highway;

On the south, the southern boundary line, extending east-west, of Lot 6 of the Richard Lemay Subdivision, Liber 239, Page 559, Wayne County Records;

On the west, the centerline of Fairview Avenue.

Boundary Justification

The boundary is defined by the public streets or alley located on the north, east and west; and the lot line on the south of Apostolic Way Church of God/Assumption Greek Orthodox Church proposed historic district.

Detroit's Greek Orthodox Community

Following the end of its war of independence (1821-1832) Greece faced a series of economic challenges, such as declining crop values and a slow rate of indus-

trialization that encouraged Greeks to migrate in search of better opportunities. Greek immigration to the United States began in earnest in the 1880s, and increased around the turn of the century. Many of the Greek immigrants who arrived in Detroit settled in the area between Brush and St. Antoine Streets, which was originally part of the Beaubien Farm.

Jean Baptiste Beaubien was one of many early Detroit residents who owned a parcel of land referred to as a ribbon farm because its long and narrow shape provided frontage on the Detroit River. After his death, Beaubien's estate was divided among his fourteen children who gradually sold off portions of their inheritance as individual lots.

Although real estate sales were slow, the trend to sell individual lots of former ribbon farms coincided with the first organized wave of German immigrants to Detroit in the mid-1880s. While many of these early immigrants were laborers and mechanics, they were soon followed by skilled craftsmen and professionals who took up residence on Lafayette and Monroe streets. As these new immigrants established businesses on Monroe Street and Gratiot Avenue, these two major commercial zones came to be known as 'Dutchtown' or the 'German Quarter.'

According to the 1880 Census of Detroit, the area bounded by Lafayette, Monroe and Gratiot was populated by other ethnic groups, including Jews and African Americans (who established synagogues and churches, such as Second Baptist Church), but Germans remained the predominate group until the early 1900s. The gradual departure of German immigrants from the area coincided with the city's continued expansion and the infiltration of factories and warehouses on residential districts near Detroit's downtown. by that time, German residents has

grown prosperous enough to move their families and businesses to less congested parts of the city, primarily on Detroit's east side.

The arrival of Greek immigrants at the turn of the century coincided with the departure of German residents from the area formally known as the German Quarter. Just as the Germans had before the, Greek immigrants settled on Macomb Street near Randolph. the area offered relatively low rents due to its mix of commercial, industrial, and residential buildings. As the Greek community continued to thrive, they took up residence on Lafayette and Monroe Avenues, and opened up bakeries, coffeehouses and restaurants.

In 1911, the Greek community built the Annunciation Church on Macomb Street, which was the first Greek Orthodox Church in Michigan. The establishment of the church was intended to serve as a hub for Detroit's growing Greek community. By the 1920s, due in part to the implementation of U.S. immigration quotas such as the National Origins Act of 1922, Greek immigration slowed to a halt. But certain areas of Detroit, such as the predominately Greek neighborhood that eventually became known as Greektown, had already succeeded in attracting a diverse immigrant community. A 1920s survey of the children attending St. Mary's School, on the southwest corner of St. Antoine and Monroe Avenue, revealed the multi-ethnic character of the area – the families whose children attended the school were Polish, Greek, Italian, Lebanese, Latino and African American.

As the city grew more congested, Greeks followed the trajectory of German immigrants before them moved their families to residential neighborhoods far from Detroit's bustling downtown. While the move away from the downtown had its advantages, it had its disadvantages as well. Members of the Greek community were now quite a distance from their home parish on Macomb Street.

By the late 1920s, the eastside Detroit Greek community near Charlevoix had become firmly established and needed a local parochial school and place of worship. In 1928, seven men from the eastside community met to discuss the feasibility of a new church. As word quickly spread throughout the Greek community about the impending plans for a new church, eastside Orthodox Greeks contributed their time and resources toward fundraising efforts. The seven initial founders set a high precedent of contributing \$5 each, and even appointed a temporary treasurer, but their fundraising efforts fell far short of raising funds required to erect a new eastside church for the Orthodox Greek community.

The following year, they settled on a far

less ambitious solution. The founders rented a "rickety old wooden structure" on the corner of Hillger and Kercheval. The building had been a saloon prior to Prohibition, but took on a new life as a Church and a new home for a Greek School named "Socrates." Mr. Constantine Kokalis was the first Greek School teacher, and thirty-five families enrolled their children in school as the community continued their fundraising efforts for a new church. Calliope Hadgikosti was among the early attendees of the Greek School, and she recalls. "The basement floor was still dirt and sand. Space heaters were brought in to eliminate the dampness on the cold and sandy floors."

Despite their humble beginnings, the first Church Council established the Assumption Greek Orthodox Church in 1930. Since the meeting with the seven founders was held a few weeks after the Fast of Koimisis, the Board of Trustees voted on the name "Koimisis Tis Theotokou" meaning Dormition (falling asleep) of the Virgin Mary.

The following year, as fundraising efforts for a new church continued, the Assumption Church and Socrates School was moved to the second floor of the International Odd Fellows Hall on Hart Street, just south of E. Jefferson. During the Depression, fundraising efforts continued. Mr. Nicholas Manos, president of the parish, cashed in an insurance policy and loaned \$1,200 to the church. This was quite a hefty sum which amounted to a yearly wage. The loan helped to fund the purchase of a lot at the corner of Beniteau and Vernor Highway, and inspired other acts of generosity. By the spring of 1933, sufficient funds had been raised for a new church.

Over the years, the Assumption Greek Orthodox Church became the hub of the eastside Greek community. The Socrates School soon outgrew its location at Beniteau and classes had to be moved from the church building to Foch Intermediate School, a public school a few blocks away. The Ladies "Socrates" Auxiliary was formed, whose members provided additional fundraising support for the school and church, and the Youth Group took regular trips to Belle Isle to go ice skating and canoeing, and dancing at Eastwood Gardens at 8 Mile and Gratiot. During World War II, members of the church participated in "home front" activities such as rolling bandages for the Red Cross and donating money to the Greek war relief. Despite the turbulence of the time, the church treasury was increased by \$80,000, one third of which was raised by the Ladies Socrates Auxiliary.

It wasn't long before the eastside Greek community outgrew the church on Beniteau. By that time, the majority of the households in the neighborhood were

Greek and the area had come to be known as a miniature Greektown, with its own businesses including funeral homes and grocery stores. As plans were made for future expansion, it was widely acknowledged that the new church would do well to remain close to its current east-side location. In 1946, land was purchased for a new church on Charlevoix, two blocks away from Beniteau, and once again fund raising efforts went into full swing.

The Assumption (KOIMISIS) of the Theotokos Greek Orthodox Church was constructed in stages, starting with the concrete footings and foundation which were constructed in October of 1948 under permit #30801 for a cost of \$175,000. In April of 1949, permit #40340 was pulled to complete the masonry and other above grade elements of the church for an estimated cost of \$250,000. Once the new church was completed, the main floor of the former church on Beniteau was converted into a basketball court. When there weren't basketball games, the main floor was used to hold dances. The basement continued to be used for Greek School classes and youth meetings.

As the community continued to grow, they recognized the need for a community center. After only a year of fundraising, the Assumption Community Center was constructed in 1957 next door to the church. Building permit #73489 describes the building as a "community house." The estimated construction cost of the brick and stone community house was \$152,000.

In 1996, Stelios Maris, a well known iconographer from Athens, was commissioned to complete the iconography of the Greek Orthodox church. He produced painted religious images, called "icons", in accordance with the conventions of Byzantine and Orthodox Christian tradition. The work of Stelios Maris could be found in Greek Orthodox Churches throughout the United States, such as the Annunciation Greek Orthodox Church in Dayton, Ohio, and the St. Sophia Greek Orthodox Cathedral in Miami, Florida. The iconography at Assumption Greek Orthodox Church on Charlevoix was completed the following year, to great fanfare, but their excitement was short lived.

In 1967 the Detroit uprising broke out, and the resulting social unrest rattled the Greek Orthodox community. The transition was gradual at first. That same year, the church offices were moved to rented space in St. Clair Shores. Greek families soon followed suit, as they moved their children from Southeastern High School to Finney, then to Grosse Pointe Park. For nearly ten years, the administration of the parish and all council meetings were held at the St. Clair Shores location, and Greek

families who had, at one time, made up the majority of families in the area, eventually abandoned their home parish.

The Assumption Greek Orthodox Church was one of the first Greek Orthodox Churches to leave downtown and establish itself in the neighborhood and had grown to become the center of the eastside Greek community. The church had helped to keep the Greek culture alive by teaching Greek language and ethnic dancing to children, and members of the congregation were heavily invested in the City of Detroit through charity work and other philanthropic activities. While some members of the Greek Orthodox congregation wanted to stay at Charlevoix and continue to invest in the neighborhood, the majority wanted to move out of Detroit to a brand new community.

By the early 1970s, parish leaders decided to move the congregation to nearby St. Clair Shores. In 1972, they purchased 10 acres for a new campus. This time, fundraising efforts only took a few short years. By 1976, construction began on the new campus inn St. Clair Shores and on May 1, 1977, the Greek community attended the final liturgy at the 11000 Charlevoix location. But the church complex soon found a new owner; in the late 1970s, both buildings were sold to a new congregation – the Apostolic Way Church of God.

Origins of Apostolic Way Church of God

The founder and early members of Apostolic Way Church of God can trace their roots to the Clinton Street Greater Bethlehem Temple Church, which began in the spring of 1919 when a preacher named W. M. Gray pitched an open aired tent and began evangelical services. W. M. Gray was soon joined by Elder J. W. Childs of Flint, Michigan, and by June of that year they moved their small tent service to a storefront on Lafayette Street.

Over the next few years, they moved the location of their services to a storefront at 1716 St. Aubin Street, a rented living room on Lafayette Street, a tent on Clinton and Rivard Streets, a small storefront at 1466 Monroe Street, and eventually the living room of one of the parishioners – Mr. and Mrs. Miller who resided at 628 Napoleon Street.

Although their location moved from place to place, the doctrine of their services remained the same. The young congregation was part of the Apostolic Faith which emerged out of a 1901 Pentecostal revival in the state of Kansas which swiftly spread throughout the United States. The name 'Pentecostal' is derived from 'The Day of the Pentecost,' the Greek name for the Jewish Feast of Weeks which marked an important turning point in the history of the early Christian church. Pentecost was

a Jewish feast celebrated fifty days after Passover, which drew thousands of pilgrims to Jerusalem. On what would later be termed the Day of the Pentecost, the twelve apostles were gathered in a house when they saw a spectacular vision – a tongue appeared to come down from the sky and branch off to touch all twelve apostles. The gathering pilgrims were astonished by what happened next. Every pilgrim claimed to hear an apostle speaking to them in their own foreign language, which came to be known as “speaking in tongues.”

The places of worship that emerged as a result of the 1901 Pentecostal revival may have taken different names (such as Apostolic Faith Mission, Pentecostal Mission, Apostolic Faith Assembly, Full Gospel Assembly/Mission), but they all shared a common background of the Pentecostal faith and common belief in the importance of preserving the faith taught to the saints in the days of the Apostles.

It wasn't until the death of Mr. Miller, whose living room had provided a place or worship for the small congregation, that a concerted effort was made to find a pastor who could help unify and build the church. A few members of their congregation had recently attended church service at Christ Temple Apostolic Faith Assembly in Indiana led by a charismatic Assistant Pastor – Elder Samuel Nathan Hancock. After praying over the best course of action, they decided to contact Elder Hancock.

On December 16, 1921, Elder Hancock arrived in Detroit for what was meant to be a brief visit to help shape his decision on whether or not he would leave Indianapolis. The decision appeared to have already been made by the time he entered the small church. Elder Hancock walked in and took over the service.

That very night, Elder Hancock was appointed as the new pastor. His first step was to find a new location for worship service. He moved the congregation to a building at St. Antoine and Montcalm Streets, but after one year the congregation outgrew the building. In 1923, Elder Hancock purchased two small houses at 2238 Clinton Street. One house was converted into a church building that was able to seat 159 people, and the second house was used as a parsonage.

Under Elder Hancock's leadership, the congregation soon outgrew the house and by 1926, the parsonage was added to the church building which increased the seating capacity to 400. the following year, The Bishop Board of Pentecostal Assemblies of the World, Inc., ordained Hancock as “Bishop” Samuel N. Hancock. In 1929, a new church was built at 2254 Clinton that had the seating capacity of 1,200. This time, the congregation assisted

in the erection of the new church. Bishop Hancock planned and designed the building, and members of the church helped to dig out the basement, lay the foundation and bricks, set the steel posts and beams, and install the laths.

The congregation's final move took place in 1962, when Bishop Hancock and his congregation purchased the Jewish synagogue, Sharey Zedek located at 2900 W. Chicago Blvd. at Lawton Street. The new location had a seating capacity of 1,800 and was located on 2-1/2 lots of land which encompassed nearly the entire block. The following year, Bishop Hancock passed away after a brief illness. In the wake of Bishop Hancock's death, several new pastors joined Clinton Street Greater Bethlehem Temple Church, including Eugene Tompkins, who was the future founder of Apostolic Way Church of God.

Tompkins was born on a farm in Bullock County, Alabama on October 12, 1931. As the seventh of ten children, he worked for many years to help support his family. While in his early twenties, he attended church services at Detroit's Clinton Street Greater Bethlehem Temple Church and heard a sermon by Bishop Hancock. Although raised a devote Baptist, the message of the Apostolic Faith preached by Bishop Hancock had a profound effect on Tompkins. Soon after his visit to Clinton Street Greater Bethlehem Temple Church, Tompkins was ordained in the ministry.

When Bishop Hancock passed away in 1963, a few months after purchasing the Jewish synagogue, Sharey Zedek, at 2900 W. Chicago Boulevard, Tompkins was called back to his old church, where he stayed as 1st Assistant Pastor for nearly 14 years.

In 1977, Tompkins was among several families who met for an organization meeting at ABC Nursery on the north side of Detroit to discuss the start of a new church. Later that year, they founded the Apostolic Way Church of God. Many of the early church members had belonged to Clinton Street Greater Bethlehem Temple Church and as they began to look for an ideal location for their new church, they used Clinton Street as their guide. They wanted a new church that could comfortably accommodate a large congregation, with ample room for parking. There were quite a few buildings to choose from. Many of the congregations situated in large historic buildings in Detroit were struggling with upkeep and maintenance further aggravated by drastic population loss. As of such, many congregations were selling their properties and consolidating their services. The eastside Greek Orthodox Community had just moved their congregation to a new church campus in St. Clair Shores, and

their empty church at 11000 Charlevoix and the neighboring community house caught the eye of several members of Apostolic Way Church of God.

The Apostolic Way Church of God purchased the church and neighboring community center on Charlevoix. Although the church sat across from Southeastern High School, parishioners described the surrounding community as being in dire straits. Apostolic Way Church of God launched several outreach programs in an attempt to use the church as an anchor to help stabilize the neighborhood. They purchased HUD properties in an effort to provide affordable housing for local residents, and they opened a food pantry. In 1978, a permit was pulled to convert part of the social hall into a daycare center which provided employment for members of the community. As car theft and other crimes became increasingly common, Elder Tompkins set his sights on solutions beyond the ministry that could help curtail the wave of crime taking place city-wide. In 1989, he patented the Invisible Watchman, which was a remote electronic anti-auto theft device. If a motorist is roused from their car, they could dial a phone number which remotely shut down the car by activating the antitheft system.

Despite their best efforts, the neighborhood around Charlevoix continued to decline and so did their church membership. In 1986, a winter storm caused considerable damage to the church dome and the roof of the community hall. And in 2008, due to severe water and structural damage, the church voted to close the main church structure and remodel the hall as the primary place of worship.

Architecture Description

The proposed Apostolic Way Church of God/Assumption Greek Orthodox Church Historic District consists of two buildings located at 11000 Charlevoix – the tall, single storied Greek Orthodox Church (1949) and the neighboring one-story community hall (1957). This two-building complex is unified by similar building materials, stylistic accents, and landscape features. A broad grass-covered lawn sits in front of both buildings, and a wide concrete walkway connecting the sidewalk along Charlevoix to each main entrance, with an additional concrete walkway connects the sidewalk along Charlevoix to each main entrance, with an additional concrete walkway connecting the side entries of both buildings. Framed in buff-brick, the lawn sign is consistent with the color of both buildings. A large surface lot sits to the rear.

Greek Orthodox Church

The Greek Orthodox Church is a thirty foot tall single-story buff colored brick structure trimmed in light beige smooth stone. In plan, it is a Latin cross, with a prominent dome topping the intersection

of the cross gables of the red clay-tile roof. Formerly clad in copper, the dome features round-arched windows that encircle its entire drum and a stone cross at its apex.

The Charlevoix façade consists of a monumental entrance wall composed of a beige-colored two-story arched stone relief that contrasts against the buff-brick of the rest of the façade. Five stone steps lead to a plaza preceding the entryway, which consists of three flat-arched door openings, the wider central doorway accented overhead by a projecting triangular stone pediment supported by two columns. Centered above the pediment in the arched relief is a large round window with stone mullions. Detail running along the moldings of the doorway and elsewhere throughout the exterior of the church consist of intricately carved Greek crosses, and almost all of the windows are bordered with intricate, stone arches and columns.

Two square towers topped by domes originally clad in copper are located on either side of the Charlevoix façade. Although nearly identical in plan, – with narrow, regularly placed arched windows with decorative stone trim, the eastern tower stands much taller than the western one. Atop the eastern tower sits a circular stone cupola featuring narrow, decorative open arches and a dome crowned with a stone cross. The western tower rises to just about the height of the building's cornice. Like its counterpart, it features a dome and a stone cross, but without the cupola.

The side elevations are nearly identical, each with a three-bay, one-story wall situated between the corner tower and transept arm that corresponds with the interior side aisles, which are lit by three sets of narrow arched windows with stone trim between successive brick pilasters. A pitched red clay tile roof connects the one-story projection with the clerestory wall of the church. The clerestory has three sets of three windows directly above the windows on the first level but much smaller in size and with decorative stone hood molds. A secondary entrance, approached up four masonry steps, leads to a double entry door in the end wall of each transept arm. The doorway is flanked by an arched window with decorative stone hood molds. Above the tympanum of the door, centered in the transept wall, is a round window with stone mullions, identical in design to the round window centered in the front façade of the church.

Geometric volumes quite common in Greek architecture are explicitly visible at the rear of the church. A tall, half-round cylindrical shape is flanked by single-story cubes, with paired round-arched windows separated by stone half-round

columns in between. A small round window is centered above the center of the cylindrical wall. Above the cylinder is an inverted conical shape which forms a small, half-dome in the apse on the interior of the church.

Community Hall

The community hall is a one-story buff brick rectangular structure with a flat parapet roof. Its dimensions are 60 feet wide by 100 feet long by 14 feet tall. The main entry, centrally located, is accessed by three steps leading to a portico with a colonnade of three arched openings, the central one taller and wider. The doors themselves are now filled in with security screens. The side elevations of the portico have a single arched opening. The portico is crowned with a gable roof. On either side of the portico are two tall arched windows in-filled with glass block. A stacked stone water table with a molded upper course runs along the entire width of the front façade and serves as the sill for the windows to the sides of the portico. Atop and set back from the front façade is an attic story.

The side elevations have square-shaped windows that are primarily infilled with brick or glass block. The rear elevation has two single entry doors with aluminum shutters, with a ramp providing an accessible entry to one of the rear doors.

A high degree of integrity of the site and the exteriors of the church building and its associated community center remain, although since the church has not been used since 2008, its openings have been boarded and copper has been removed from its domes.

Criteria

The proposed historic district meets the first and third criteria contained in section 25-2-2:

(1) Sites, buildings, structures, or archeological sites where cultural, social, spiritual, economic, political or architectural history of the community, city, state or nation is particularly reflected or exemplified.

(3) Buildings or structures which embody the distinguishing characteristics of an architectural specimen, inherently valuable as a representation of a period, style or method of construction.

Composition of the Historic Designation Advisory Board

The Historic Designation Advisory Board has nine appointed members and three *ex-officio* members, all residents of Detroit. The appointed members are: Kwaku Atara, Melanie A. Bazil, Keith A. AN ORDINANCE to amend Chapter 25 Article II of the 1984 Detroit City Code by adding Section 25-2-199, Apostolic Way Church of God/ Assumption Greek Orthodox Church Historic District, and to define the elements of design for the district.
 IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:
Section 1. Chapter 25, Article II of the 1984 Detroit City Code is amended by adding Section 25-2-199 to read as follows:
Sec. 25-2-199. Apostolic Way Church of God/Assumption Greek Orthodox Church Historic District.

- (a) An historic district to be known as the Apostolic Way Church of God/ Assumption Greek Orthodox Church Historic District is established in accordance with the provisions of this article.
- (b) This historic district designation is certified as being consistent with the Detroit Master Plan.
- (c) The boundaries of the the Apostolic Way Church of God/ Assumption Greek Orthodox Church Historic District are as shown on the map on file in the office of the City Clerk, and are as follows: Beginning at the intersection of the centerline of Charlevoix, 60 feet wide, and the centerline of Fairview Avenue, 66 feet wide; thence easterly along the centerline of Charlevoix to the centerline of the north-south alley, 10 feet wide, first west of Beniteau Avenue; thence southerly along said alley centerline to the south line as extended of Lot K, "Plat of part of the Estate of Richard Lemay, being a Subdivision of Lots 7 to 10 inclusive of the

Subdivision of P.C. 26, and of Lots 7 to 12 inclusive of the Subdivision of P.C. 688, and of Lots 2 to 11 inclusive of the Subdivision of P.C. 724; all in the Township of Grosse Pointe (Now Detroit)" as recorded in Liber 239, pages 557-559 of Deeds, Wayne County Records; thence westerly along said southerly line of said Lot K extended to the centerline of Fairview Avenue; thence northerly along said centerline of Fairview Avenue to the centerline of Charlevoix Avenue and the Point of Beginning. Commonly known as 11000 Charlevoix.

(d) The defined elements of design, as provided for in Sec. 25-2-2 of this code, are as follows:

(1) *Height.* The primary church building of the Apostolic Way Church of God/Assumption Greek Orthodox Church is a two (2)-story, thirty (30) foot tall structure. The tower on the northeast corner is significantly taller. The Community Hall is one story, or fourteen (14) feet tall.

(2) *Proportion of Buildings' Front facades.* The Charlevoix Avenue front (north) façade of the Church, including the towers, is taller than wide. Without including the towers, the front façade is slightly wider than tall to the peak of its gable. The side (east and west) elevations of the Church are emphatically wider than tall. The front façade of the Community Hall is also emphatically wider than tall.

(3) *Proportion of openings within the facades.* The front façade of the Church consists of an entryway centered on its first story composed of a double-door opening flanked by single-door openings, all taller than wide. Centered at second-story level is a large ocular window with divided lights. The first level of each tower has a single rounded-arched window opening in each of its exposed faces that is taller than wide; the eastern tower has a smaller, round-arched opening at its second level, also taller than wide. Just below the eaves of the east and west towers, on all of its exposed faces, are identical single, elongated, round-arched window openings. The taller east tower culminates with a cupola encircled with long, narrow, round-arched openings. Between the tower and the transept arms, the east and west side elevations feature three sets of round-arched window openings that are taller than wide, forming arcades in both the first story and clerestory levels. The transept arm on each side elevation features a wide, round-arched entrance opening flanked on each side by round-arched window openings, all taller than wide. An ocular window with divided lights, identical to that of the front façade, is centered at the second story level of each transept wall. At the southern end of each side elevation is a single door-wide entrance opening with paired, round-arched windows to its south. The rear elevation of the Church features a

single small, round window centered in the cylindrical apse end wall, and a single set OF small, paired, round-arched windows in the south elevation of each cubical wall. Basement windows in the rear are square or rectangular. The major dome over the crossing of the Church is encircled by round-arched openings taller than wide. Almost all openings in the Church are filled with protective coverings. The Community Hall features a three-sided open portico with three round-arched openings, the central one taller and wide. The side elevations of the portico each has a single round-arched opening the same size as the central one in front. Within the porch, the entry into the building is filled with a large, metal roll-up door. On either side of the portico are two tall, round-arched windows in-filled with glass block.

(4) *Rhythm of solids to voids in front facades.* Due to the overall symmetry of the building and the repeated use of similar round-arched, arcaded openings throughout, a strong, regular rhythm of solids to voids is exhibited on the front façade of the Church and its side and rear elevations, as well as the front façade of the Community Hall. Openings are arranged horizontally and are joined by continuous window or door hoods with columns between them, forming arcades. This regular, flowing rhythm is carried up through the eastern cupola and the dome over the crossing.

The side elevations possess a strong rhythm of regularly spaced window openings with three sets of round-arched openings forming an arcade with a column separating the openings, between wall buttresses. The clerestory features smaller arcaded openings without buttresses between sets. Transept arms similar to front façade, with a double entry door flanked by an arched window. Above the tympanum of the door, centered in the transept wall, is an ocular window with divided lights. The portico of the Community Hall, with the larger arched opening in its center and side elevations, has a lively rhythm, its flanking, individual window openings, two per side, continue in a regularly spaced pattern.

(5) *Rhythm of spacing of buildings on streets.* The Church and Community Hall form a spatial relationship to each other through common setbacks, walkways, and shared lawns.

(6) *Rhythm of entrance and/or porch projections.* Although a two-building complex, a consistent rhythm between them is created by the stone steps leading to plazas or porches preceding the entryways.

(7) *Relationship of materials.* The major relationship of materials is that of face brick and visible mortar joints with smooth stone trim and decorative elements. The roof of the Church is clay tile.

The original copper-clad domes now bare their tar and wooden structure.

(8) *Relationship of Textures.* The major textural effect is common bond face brick contrasted with smooth stone trim, water tables and wall panels, and carved or molded architectural details. The repetitive trim with stone crosses adds to the textural relationship around the arcaded windows and under the eaves of the Church. The clay tile roof adds a robust textural contrast with the body of the Church and, originally, the smooth copper dome and its ribbing would have created a textural relationship with the roof.

(9) *Relationship of colors.* The primary color of both the Church and the Community Hall is buff-colored brick and beige stone trim. The church is covered by the red tile roof; the original copper domes would have weathered to green. The window frames are covered with boards, such that their color cannot be discerned.

(10) *Relationship of architectural details.* Architectural details are concentrated on major architectural elements, including towers, domes, entrances and fenestration. The monumental entrance wall of the Church is composed of a two-story arched stone relief with the entryway centered on the first level. The entrance consists of three flat-arched door openings, the wider central doorway accented overhead by a projecting triangular stone pediment supported by two columns with ornamental capitals. Centered above the pediment in the arched relief of the upper level is a large round divided window. Two square towers topped by domes originally clad in copper are located on either side of the Charlevoix façade. Although nearly identical in plan with narrow, regularly placed arched openings with decorative stone trim, the eastern, taller tower bears a circular stone cupola featuring narrow, decorative open arches and a drone crowned with a stone cross. Like its counterpart, the western tower features a dome and a stone cross, but without the cupola. Detail running along the moldings of the doorway and elsewhere throughout the exterior of the church consists of intricately carved Greek crosses, and almost all of the windows are bordered with intricately molded stone arches and columns. The dome features round-arched openings that encircle its entire drum, and a stone cross at its apex. The rear, or south elevation, of the church is composed of a tall, half-round cylindrical shape flanked by single-story cubes, punctured with paired round-arched windows with stone half-round columns in between. A small round window is centered above the center of the cylindrical wall. Above the cylinder is an inverted conical shape which forms the small, half-dome of the apse. The centrally placed, main entry of the Community Hall

features a gabled portico with a colonnade of three arched openings, the central one larger. A molded cornice and molded course along the arcaded portico openings unify the composition. The side elevations of the portico have a single arched opening similar in size to the central one in front. On either side of the portico are two tall arched windows in-filled with glass block. A stacked stone water table with a molded upper course runs along the entire width of the front façade and serves as the sill for the windows to the sides of the portico. Set back from the front façade is the higher parapet wall of the main roof, which appears as an attic story from the frontal view.

(11) *Relationship of roof shapes.* The main gable roof of the Church is intersected by a transverse gable over the transept arms, its crossing crowned by a large round dome. The corner towers have small domes atop. A pitched roof connects the one-story first story with the clerestory wall of the church. The Community Hall features a flat parapet roof over the width of the porticos entrance section with a gabled pediment, and, behind this section, a higher flat parapet roof.

(12) *Walls of continuity.* A wall of continuity is created by the uniform setback of the two buildings comprising the Apostolic Way Church of God/Assumption Greek Orthodox Church Historic District along Charlevoix Avenue and the front sidewalk that connects them.

(13) *Relationship of significant landscape features and surface treatments.* Broad, grass turf lawns are planted in front of both the Church and the Community Hall. A wide concrete walkway connects the public sidewalk along Charlevoix Avenue to the main entrances of each building, with a perpendicular concrete walkway connecting the two front entrances. A yellow-colored brick-framed sign sits on the lawn between the two buildings. Extending from another concrete walkway running front to back between the two buildings is a particular walkway connecting the side entries of both buildings. All of the elevations of the Church have grass turf lawns; a paved driveway leading to the rear parking lot skirts the west lawn of the church and east side of the Community Hall. The west side of the Community Hall is planted with evergreen shrubs at its foundations and a broad, grass turf lawn between it and the Church. A large surface parking lot with concrete parking curbs sits to the rear; most of its pavement is overgrown with grass within its cracks.

(14) *Relationship of open space to structures.* Both the Church and Community Hall buildings are fronted by and connected between them by an ample grass turf lawn. Open space exists

to the rear in the form of a parking lot. Vacant parcels to the historic district's sides, where buildings once existed, alter its original relationship to its surroundings.

(15) *Scale of façades and façade elements.* The façade of the Church is large, with its major architectural elements, including the eastern tower and the crossing dome, also large in scale. Details within, such as the running panels of crosses beneath the gable eaves, capitals and window pediments, are generally small in scale. Other façade elements and details, such as window and entrance arcades, domes, and crosses on top of the domes, are complimentary in scale to the building. Façade elements of the Community Hall are also complimentary to the scale of the front façade, which is long in width.

(16) *Directional expression of front elevations.* The primary Charlevoix Avenue (north) façade of the Church is vertical in directional expression, emphasized by the front gable and towers, especially the east tower. The Community Hall is horizontal in directional expression due to its width, with a slight rise in the center of the portico due to the front-facing gable.

(17) *Rhythm of building setbacks.* The two buildings comprising the Apostolic Way Church of God/Assumption Greek Orthodox Church Historic District have similar setbacks from Charlevoix Avenue, thereby establishing a consistent rhythm.

(18) *Relationship of lot coverages.* The footprints of the two buildings in the Apostolic Way Church of God/Assumption Greek Orthodox Church Historic District occupy a small portion of the lots upon which they are situated. The majority of the parcel is occupied by the driveways, parking lot, and green space. An empty lot exists to the west of the Church, decreasing the coverage of the footprints of the buildings to approximately twelve (12) per cent.

(19) *Degree of complexity within the façades.* The façade of each building is not complex; both are symmetrical, with regularly arranged fenestration, with the exception of the east and west towers of the Church. Detail within the façades of the Church is repetitive, limited largely to window hoods and areas beneath eaves, and does not add to the complexity. The front façade of the Community Hall has hood moldings but is otherwise devoid of representative detail, resulting in a straightforward appearance.

(20) *Orientation, vistas, overviews.* The Church and Community Hall are oriented toward Charlevoix Avenue, which runs east-west and ends at the Chrysler Jefferson North Assembly Plant, one block east. Southeastern High School is located immediately across Charlevoix Avenue to the north. A substantial amount of green space is located within the dis-

trict, particularly between the two buildings, and vacated parcels to the east and west of this historic district are covered by green lawns, and green overgrowth borders the rear and sides of the parking lot. A residential neighborhood of scattered one to two-story residential buildings in poor to fair condition line the surrounding streets.

(21) *Symmetric or asymmetric appearance.* The front façade of the Church is symmetric in appearance, with the exception of the attached, significantly taller eastern tower and its shorter, western counterpart. The front façade of the Community Hall is symmetrical.

(22) *General environmental character.* The Apostolic Way Church of God/Assumption Greek Orthodox Church Historic District appears as a prominent landmark on Detroit's far-east side. The historic Detroit public school, Southeastern High School, occupies the block directly across Charlevoix Avenue from the Church complex; it is oriented to the side street, Fairview Avenue. The existence of both sites in close proximity reinforces their presence as institutional anchors in a once thriving residential, working class community that currently consists of scattered housing among an accumulation of cleared lots, which are now green space. One block east of the Church and Community Hall is the Chrysler Jefferson North Assembly Plant, signifying the historic automobile-related, industrial nature of this area of the City of Detroit.

Section 2. All ordinances or parts of ordinances, or resolutions or parts of resolutions, in conflict with this ordinance are repealed.

Section 3. This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

Section 4. If this ordinance is passed by two-thirds (2/3) majority of City Council members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-118 paragraph 1 of the 2012 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-118 paragraph 2 of the 2012 Detroit City Charter.

RESOLUTION SETTING HEARING

By Council Member Leland:

Resolved, That a public hearing will be held by this body in the Committee Room, 13th Floor of the Coleman A. Honorable City Council:

Re: Authorization to Acquire Real Property/Acceptance of Donation. 7380, 7384, 7388, 7392 and 7398 Cameron Street and 7401 Chrysler Drive, Detroit, MI 48211.

The Detroit Health Department ("DHD") is hereby requesting the authorization of your Honorable Body to acquire certain real property at 7380, 7384, 7388, 7392 and 7398 Cameron Street and 7401 Chrysler Drive, Detroit, MI 48211 ("Property") from the Michigan Humane Society, a Michigan non-profit corporation ("MHS") for the purposes of housing the Detroit Department of Animal Care and Control at that location. The Property is located on the service drive of I-75 and Custer Avenue just north of East Grand Boulevard and south of the new MHS facility. The Property includes the former MHS building and parking to service the building. The building contains approximately 15,000 square feet of space.

DHD intends to use the Property to house the Detroit Department of Animal Care and Control.

MHS has agreed to donate the Property to the City by quit claim deed. The Property has an estimated fair market value of \$230,000.00. DHD requests authority to acquire the Property and accept the donation of the Property. We respectfully request your approval to 1) acquire the Property for the purchase price of \$0.00, and 2) accept the donation of the Property from MHS by adopting the following resolution with a Waiver of Reconsideration.

Respectfully submitted,
ABDUL EL-SAYED, MD, DPhil
Executive Director & Health Officer

EXHIBIT A

Legal Description of the Property

Lots 27, 28, 29, 30, 31, 56, 57, 58, 59 and 60, SUBDIVISION OF LOT 3 OF SUB OF 1/4 SECTION 58 10,000 A.T., according to the plat thereof recorded in Liber 17 of Plats, page 54 of Wayne County records.

A/K/A: 7380, 7384, 7388, 7392 and 7398 Cameron Street and 7401 Chrysler Drive.

RESOLUTION

By Council Member Leland:

Whereas, The City of Detroit through the Department of Health and Wellness Promotion ("DHWP") wishes to acquire certain real property at 7380, 7384, 7388, 7392 and 7398 Cameron Street and 7401 Chrysler Drive, Detroit, MI 48211 ("Property"), which is more particularly described in the attached Exhibit A, from the Michigan Humane Society ("MHS"); and

Whereas, MHS wishes to donate the Property to the City of Detroit for the sum of \$0.00; and

Whereas, The Property has an estimated value of \$230,000.00; and

Whereas, The Buildings, Safety Engineering and Environmental Department has reviewed the environmental conditions of the Property; and

Whereas, In accordance with Chapter 2, Article I, Division 2 of the Detroit City Code: (1) the City Council finds that the Property has received appropriate environmental inquiry in accordance with the review referred to in the preceding paragraph; (2) pursuant to the request of DPD, the City Council finds that despite the presence of environmental contamination, it does not post a risk based upon the proposed use of the Property; furthermore, acquisition of the Property is necessary as it is included in a project plan and that acquisition of the Property will not prejudice the right of the City to recover response costs from any potential responsible parties under State and/or Federal law; (3) the City Council finds and declares that the preservation of the promotion of the public health, safety, welfare or good outweighs the cost of the environmental assessment and therefore waives the requirement that the seller bear the cost of the environmental assessment; and (4) within 45 days of recording the deed to the Property, the DHWP shall have prepared and submit to the Michigan Department of Environmental Quality a Baseline Environmental Assessment which may be done by the City or on its behalf by the Detroit Building Authority;

Now, Therefore Be It:

Resolved, That the Executive Director of DHWP, or his authorized designee, is authorized to accept and record a deed to the City of Detroit for the Property, as well as execute any such other documents as may be necessary to effectuate transfer of the Property from MHS to the City of Detroit for a purchase price of \$0.00, and to incorporate any technical amendments or changes to the deed (including but not limited to corrections to or confirmations of legal descriptions) in the event that

changes are required to correct minor inaccuracies, provided that the changes do not materially alter the terms of the donation and acquisition of the Property.

A WAIVER OF RECONSIDERATION IS REQUESTED.

RESOLUTION

By COUNCIL MEMBER SHEFFIELD JOINED BY COUNCIL MEMBER CUSHINGBERRY, JR.:

RESOLUTION IN SUPPORT OF DETROIT PUBLIC LIBRARY AND OTHER PUBLIC LIBRARIES TO BE EXCLUDED FROM TAX INCREMENT FUNDING TAX CAPTURE

Whereas, The mission of the Detroit City Council is to promote the economics,

cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and

Whereas, The mission of the Detroit Public Library (DPL) "... enhances the quality of life for the diverse and dynamic community in the City of Detroit. The library enlightens and empowers its citizens to meet their lifelong learning needs through open and equitable access to information, technology, and cultural/educational programs. The Detroit Public Library system will provide easy access to local and global information that will assist all users in the development of a lifetime of enrichment and growth;" and

Whereas, On July 1, 1731, Benjamin Franklin drafted an action plan and rules for the "Library Company." With the financial support of 40 schillings from fifty founding members and an additional 10 schillings annually to allow the library to grow, the Library Company opened to the public. Franklin opened the first public library because books were expensive and most people could not afford them. Franklin, self-taught through reading two hours per day after the age of 10, believed that reading could substitute for the absence of a formal education, thereby bridging a significant gap between the "haves" and "have nots"; and

Whereas, Michigan's first constitution written in 1835 explicitly states "the legislature shall provide for libraries." On March 25, 1865, the Detroit Public Library opened in one room of the old Capitol High School located at State and Griswold streets with a collection of 5,000 books.

Whereas, In 1989, the Detroit Public Library initiated its computer public service program at the Chandler Park Branch. Today, computerization exists throughout the DPL system, which on a daily basis provides hundreds of its customers access computers and the Internet; and

Whereas, The "Digital Divide" is the contemporary term to describe the socioeconomic disparity between the people who have the resources, opportunities and skills enabling them to benefit from digital resources, in particular computers and the Internet, and those who do not have these resources, opportunities or skills. The term highlights the issue that those who do not have access to such technology, are potentially destined to a future of economic disadvantages; and

Whereas, In 1995, the U.S. Department of Commerce identified public libraries as essential partners in addressing the disparities in computer and Internet access faced by minorities in urban areas and the underprivileged. Traditionally, libraries have served as one of the few institutions that have provided public resources for local residents in poor, urban neighbor-

hoods to bridge the digital divide; and

Whereas, Unfortunately however, for decades, the Detroit Public Library has seen its revenues from property taxes decline due primarily to a shrinking tax base causing branches to close and its services have been curtailed. In addition, potential new revenues are not realized due to State Act tax capture authorities, which principally do not provide for opt-out provisions for public libraries for Tax Increment Funding (TIF) tax captures; and

Whereas, On March 16, 2016 the Michigan State Senate passed seven bills if subsequently passed by the State House and signed by the Governor, would provide for the exclusion of public libraries from tax capture;

1. Senate Bill 579 (Substitute S-2 as passed by the Senate)

2. Senate Bill 619 (Substitute S-1 as passed by the Senate)

3. Senate Bill 620 (Substitute S-1 as passed by the Senate)

4. Senate Bill 621 (Substitute S-1 as passed by the Senate)

5. Senate Bill 622 (Substitute S-1 as passed by the Senate)

6. Senate Bill 623 (Substitute S-1 as passed by the Senate)

7. Senate Bill 624 (Substitute S-1 as passed by the Senate); and

Whereas, The Detroit City Council as a supporter of the Detroit Public Library, expresses its support of the seven pending bills that would allow for the Detroit Public Library and the rest of the public libraries in the State of Michigan to opt-out of TIF tax captures and realize new sources of revenue derived from the tax revenues generated from new TIF development projects. Thereby calling for the Detroit Delegation in the State House, the House Committee on Tax Policy, the Michigan State House and the Governor to approve the seven bills; Now therefore Be it

Resolved, That this resolution be forwarded to the City of Detroit's Lansing Lobbyist, the Detroit Delegation in the State House, the House Committee on Tax Policy, the Michigan State House and the Governor. ✓

 Re: Establishment of the Brush Park Development Company Phase I, LLC Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description which will establish the Brush Park Development Company Phase I, LLC Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a pub-

lic hearing on this matter on July 14, 2016, as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

The developer proposes to construct approximately between 325 and 450 new residential units. The development project will also consist of the rehabilitation of four (4) historic structures and approximately 40,000 square feet of retail/commercial space bounded by Edmund, John R, Brush, Division, Adelaide and Woodward Avenue.

We request your Honorable Body's approval of the resolution.

Respectfully submitted,
 JOHN SAAD

Manager – Development Division
 Planning & Development Department
 By Council Member Leland:

Whereas, Michigan's Public Act 147 of

1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Brush Park Development Company Phase I, LLC NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance

requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Brush Park Development Company Phase I, LLC NEZ was conducted before the Detroit City Council on July 14, 2016, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Brush Park Development Company Phase I, LLC NEZ are known:

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Brush Park Development Company Phase I, LLC NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Honorable City Council:

Re: Corrected – Request for Approval of Qualified Eligible Next Michigan Business, Next Michigan Renaissance Zone and Related Tax Benefits for Flex-N-Gate Detroit LLC in the general area of 7000 Georgia Street in accordance with Public Act 376 of 1996. (Petition #1207)

Petition #1207 has been submitted to the Detroit City Clerk on behalf of Flex-N-Gate Detroit, LLC (“Flex-N-Gate”) for approval of

the Detroit Next Michigan Corporation (“DNMDC”) to submit a next Michigan renaissance zone application (“Application”) to the Michigan Strategic Fund (“MSF”) for approval of a next Michigan renaissance zone in the City of Detroit at an approximately 30.583 acre parcel located within the I-94 Industrial Park in the area generally bounded by Huber to the north, Georgia to the south, St. Cyril to the east and Sherwood to the west (the “Site”).

The proposed next Michigan renaissance zone will help to support Flex-N-Gate’s proposed development of the Site as further summarized below.

Company/Project Introduction

Flex-N-Gate currently employs more than 18,750 people at 55 manufacturing facilities and nine product development and engineering facilities throughout the United States, Canada, Mexico, Argentina, Brazil, China and Spain. Flex-N-Gate

is a top global supplier of exterior trim components, aluminum and steel modular stamped body in white and chassis assemblies, lighting and other OEM automotive products.

Flex-N-Gate plans to construct and operate 350,000 square foot manufacturing facility on the Site (the "Project") that includes stamping presses, spot welders, air compressors, robots, office furniture and computer equipment. Construction is scheduled to begin in December 2016 with an estimated to exceed \$95,000,000.00 and will create a minimum of 400 new jobs in the City of Detroit.

Basis of Eligibility

The Project satisfies DNMDCC program guidelines as follows:

- A supply chain business providing a majority of its services to businesses engaged in the shipment of tangible personal property, including inventory, via multimodal commerce.
- Eligible business is opening a new location in Michigan and plans to create new jobs in Michigan.
- Eligible business has provided proof of financing for 100% of the project.
- The Economic Development Corporation (EDC) has authorized the sale of the 30.583 acre site to Flex-N-Gate Detroit, LLC and negotiated special provisions for an approved infrastructure improvement plan.
- Eligible business has committed to create a minimum of 400 jobs by December 31, 2020.
- Project has been evaluated to verify that but for the requested incentives the project would not proceed at this location.
- Eligible business demonstrated commitment at two formal community meetings held June 16, 2016 and June 30, 2016 to a community engagement process and presented proposed site design, workforce employment strategy and agreed to address concerns about truck patterns.

On June 30, 2016, the DNMDCC Board approved by resolution the following actions with respect to the Flex-N-Gate Project: (i) applying for the designation of a next Michigan renaissance zone within the boundaries of a next Michigan development district, (ii) making recommendations for the certification of an eligible next Michigan business as a qualified eligible next Michigan business entitled to exemptions, deductions, and credits; and (iii) making recommendations as to whether a qualified eligible next Michigan business should receive the benefits of a renaissance zone in accordance with Public Act 376 of 1996, as amended.

Pursuant to the Council Resolution approved April 26, 2016 that requires the DNMDCC to seek approval of Detroit City Council before the DNMDCC may exercise its powers under the Act, we hereby request that your Honorable Body approve the attached resolution that authorizes the

DNMDCC to submit the Application to the MSF and also 1) approves the Application, 2) designates the Site as a next Michigan renaissance zone, 3) certifies Flex-N-Gate as a qualified eligible next Michigan business and 4) grants Flex-N-Gate certain tax benefits under the Act for a period of ten (10) years with the ability to extend for an additional five (5) years.

Respectfully submitted,

JOHN SAAD

Whereas, Pursuant to Act 376 of 1996 (the "Renaissance Zone Act"), the DNMDCC, as a next Michigan development corporation, may make recommendations to the Michigan Strategic Fund ("MSF") for businesses to receive certain renaissance zone benefits by: (i) applying for the designation of a next Michigan Renaissance Zone within the boundaries of a next Michigan development district, (ii) making recommendations for the certification of an eligible next Michigan business as a qualified eligible next Michigan business entitled to exemptions, deductions, and credits; and (iii) making recommendations as to whether a qualified eligible next Michigan business should receive the benefits of a renaissance zone; and

Whereas, By prior resolution of Detroit City Council establishing the DNMDCC and pursuant to the bylaws of the DNMDCC, prior to exercising certain powers under the Renaissance Zone Act, the DNMDCC must first seek approval of Detroit City Council; and

Whereas, Flex-N-Gate Detroit, LLC ("Flex-N-Gate") has requested that the DNMDCC submit an application, in the form attached hereto as **Exhibit B** (the "Application"), to the MSF for approval of certain tax incentives allowable under the Renaissance Zone Act for Flex-N-Gate's planned 350,000 square foot manufacturing site and approximately \$95 Million investment (the "Project") on a **30.583 acre** parcel located within the I-94 Industrial Park in the area generally bounded by Huber to the north, Georgia to the south, St. Cyril to the east and Sherwood to the west, as more particularly depicted on **Exhibit A** hereto (the "Site"); and

Whereas, the DNMDCC Board has by resolution approved:

- 1) the following actions with respect to the Project: (i) apply to the MSF for the

designation of a next Michigan renaissance zone for the Site, (ii) making a recommendation to the MSF to certify Flex-N-Gate as a qualified eligible next Michigan business entitled to exemptions, deductions, and credits on the basis of the Application; and (iii) making a recommendation to the MSF that Flex-N-Gate and the Project receive benefits of a renaissance zone for a period of 10 years with the ability to extend an additional five years; and

2) the Application, together with such changes to the Application the DNMD C staff deems necessary or appropriate to ensure the accuracy of supplemental documentation, including but not limited to parcel information, community engagement strategies and additional information to demonstrate compliance with workforce and procurement strategies to promote the hiring of Detroit residents; and

Whereas, The DNMD C Board has authorized DNMD C staff to submit the Application to the City Clerk, together with a request that the Detroit City Council take all actions required to approve the Application; and

Now Therefore Be It

Resolved, That Detroit City Council hereby approves the Application, together with any such subsequent changes to the Application that the DNMD C staff deems necessary or appropriate and that Planning & Development Department ("P&DD) Director, or his authorized designee, approve to ensure the accuracy of supplemental documentation, including but not limited to parcel information, community engagement strategies and additional information to demonstrate compliance with workforce and procurement strategies to promote the hiring of Detroit residents; and be it further

Resolved, That Detroit City Council hereby approves the following actions with respect to the project: (i) designation of a next Michigan renaissance zone for the Site, (ii) certification of Flex-N-Gate as a qualified eligible next Michigan business entitled to exemptions, deductions, and credits, on the basis of the Application in Exhibit B; and (iii) that Flex-N-Gate and the Project shall receive the benefits of a next Michigan renaissance zone for a period of ten (10) years with the ability to extend an additional five (5) years; and be it further

Resolved, That the Detroit City Council hereby authorizes the DNMD C to submit the Application, as well as any other documents required to effectuate the Detroit City Council approvals given herein, to the Michigan Strategic Fund for approval; and be it further

Resolved, That the Detroit City Council hereby 1) approves the DNMD C Renaissance Zone Development Agreement that is attached hereto and made part

hereof as Exhibit C and 2) authorizes the P&DD Director, or his authorized designee, to execute the DNMD C Renaissance Zone Development Agreement, as well as such other documents as may be necessary to effectuate the intent of this resolution on behalf of the City of Detroit.

Detailed history and back ground of company including products			

Flex-N-Gate employs more than 18,750 people at 55 manufacturing facilities and nine product development and engineering facilities throughout the United States, Canada, Mexico, Argentina, Brazil, China, and Spain. Starting with after market parts in 1956 and moving into O.E. in 1968. Flex-N-Gate, is a top global supplier of exterior trim components, aluminum and steel modular stamped body in white and chassis assemblies, lighting and other OEM automotive products.

Section 2 - Project Description

Project Overview (over 3-year period) including expected total private investment amount, equipment to be purchased and types of building to be constructed or purchased and any necessary infrastructure improvements etc.

Flex-N-Gate Detroit endeavors to construct and operate a 350,000 sq foot manufacturing site on a 30 acre parcel located at 7000 Georgia St. Construction is estimated to begin Dec 2016. Machinery required but not limited to are stamping presses, spot welders, air compressors, robots, office furniture and computer equipment. Production is slated to begin calendar year 2018. Flex-N-Gate has a credit facility with Wells Fargo Bank and expected private investment is \$95,075,000.

<p>Project Timeline (start/completion dates for investment)</p>	<p>Construction to begin Dec 2016 and be completed by Q1 2018</p>
<p>Number of jobs to be retained or new jobs to be created at the facility <u>and percentage (%) of jobs being transferred from another Michigan location</u> (attach Description of type of new jobs, required skillsets, degree requirements)</p>	<p>400 0% will be transferred from other areas.</p>

<p>What will be the anticipated economic impact on the city?</p>	<p>It will allow for new job creation in an area with very high unemployment and will provide training to those who require it. The long term ripple effect is creating the need for new commercial businesses in the surrounding area. This "snow ball" effect will essentially create more jobs indirectly from Flex-N-Gate's project, thus keeping Detroiters employed long term and creating local business growth.</p>
<p>Is this project being competitively-sited and if so, what other communities are being considered for this project?</p>	<p>Ohio, Indiana, and Canada</p>
<p>All applications must demonstrate that "but for" the abatement, the proposed project would not be feasible (i.e. higher costs projections after taxes and or other estimated costs of doing business such as lease rates, increased training budgets due to lack of a skilled workforce, millage rates are considerably higher as compared to other sites under consideration).</p>	<p>Due to the higher millage rates in Detroit, without exemptions Flex-N-Gate would locate in a bordering state with lower costs or not proceed with the project at all.</p>

Mr. Bill Beistline
Vice President of Purchasing
Flex-N-Gate
4336 Coolidge
Royal Oak, MI 48073

Dear Mr. Beistline:

Thank you for taking the time to meet with us at the Michigan Economic Development Corporation (MEDC) for a more in-depth conversation regarding Flex-N-Gate's manufacturing facility, allowing us to gain a more thorough understanding of the needs and requirements of this project. This letter outlines our revised offer and replaces the original offer letter dated April 14, 2016.

Following our discussion with you, and based on the revised estimated project parameters provided, \$95 million in qualified capital investment which will create at least 650 new jobs over three years, we are pleased to provide an amended economic development package of state and local incentives now totaling up to \$25.2 million. Please see the revised "Incentives Profile for Flex-N-Gate" attached for a more-detailed description of the "Incentives being offered.

This offer includes up to \$3.5 million in funding from the Michigan Business Development Program ("MBDP" or "Program"). The MBDP is designed to provide a great, loan, or other economic assistance to qualified businesses that make qualified investments or create qualified new jobs, or both, in Michigan. While the Program is operated and funded through the Michigan Strategic Fund ("MSF"), recommendations for awards under the Program are presented by the MEDC to the MSF Board.

Under the MBDP, qualified new jobs are in addition to jobs already located in Michigan. Based on the projected number of jobs and investment anticipated by this project, the MEDC is interested in further exploration of a possible recommendation to the MSF Board for approval of a performance-based grant.

If you decide to accept these proposed incentives, please sign and date this letter in the space designated below, and return it to the MEDC. Your signature constitutes acceptance of the terms and requirements of this proposed incentive package. These incentives remain subject to a

business integrity review, background check process, and other general due diligence as may be necessary or required; the results of which must be satisfactory to the MEDC, the Office of the Chief Compliance Officer, and related authorities. The MEDC must receive your written acceptance by May 5, 2018; otherwise these proposed incentives and services may be subject to renegotiation. Upon acceptance, the offer will remain active for 90 days while due diligence is conducted and the MSF Board considers approval.

Again, I want to thank you for allowing the MEDC the opportunity to redesign our incentive package to better meet the needs of your project. We are confident that Michigan can offer all of the elements required to ensure that Flex-N-Gate's manufacturing facility is a success. If you have any questions or concerns, please do not hesitate to contact Stephanie Fries, either by phone at (517) 649-5175 or email to fries1@michigan.org. Ms. Fries will continue to be available to coordinates all aspects of your company's project.

**DETROIT ECONOMIC
 GROWTH CORPORATION**

March 30, 2016

Mr. Steve Arwood
 Chief Executive Officer
 Michigan Economic
 Development Corporation
 300 N. Washington Square
 Lansing, MI 48913

Dear Mr. Arwood,

The Detroit Economic Growth Corporation ("DEGC") is pleased to submit this proposal indicating support for the establishment of a new manufacturing facility by Flex-N-Gate, Inc. ("Project Jaguar") in the City of Detroit. The contemplated investment is very important to the City of Detroit and as discussed with representatives of Flex-N-Gate Inc., we are confident that this project will lead to a positive economic impact for the City of Detroit and southeastern region of Michigan.

Therefore, as the economic development agency for the City of Detroit, we would like to express our absolute endorsement of Flex-N-Gate's contemplated investment, as this project exhibits our primary goal, to *leverage private investment with public sector policies to encourage economic activity in the City of Detroit*. On behalf of the City of Detroit, we are pleased to outline the incentives that are available for the site under consideration.

The incentives and the established values provided below are based on information provided to the Detroit Economic Growth Corporation, either orally or in writing. These key assumptions are as follows:

- Flex-N-Gate, a global, tier-one manufacturer of metal and plastic original equipment components and mechanical assemblies for the automobile industry proposes to establish a new manufacturing facility in the City of Detroit. The new facility will provide stamping, welding and sub-assembly operations.

- Flex-N-Gate is contemplating an investment of \$100 million to operationalize the new facility, which includes the construction of an approximate 375,000

square foot building within the footprint of Detroit's I-94 Industrial Park, situated along the Mt. Elliott Corridor. This project is expected to lead to the creation of 757 new jobs in the City of Detroit.

PROPOSED INCENTIVES

Proposed incentives are listed below followed by a detailed description.

- Michigan Renaissance Zone, PA 376 of 1996
- Industrial Facilities Exemption, PA 198 of 1974

INCENTIVE DESCRIPTION

Michigan Renaissance Zone

The Michigan Renaissance Zone, PA 376 of 1996, as amended provides incentives to businesses that will locate or materially expand its operations within a Michigan Renaissance Zone. Projects associated with a designated Renaissance Zone are mainly focused on business development and are company and project specific. Qualified projects shall be granted the benefits of renaissance zone status including an exemption from ad valorem real and personal property taxes, corporate income taxes and a waiver of the utility users tax for a period of up to 15 years, as determined by the City of Detroit and the Michigan Strategic Fund.

Industrial Facilities Exemption

The Plant Rehabilitation and Industrial Development Districts Act, (known as the Industrial Facilities Exemption) PA 198 of 1974, as amended, provides a tax incentive to manufacturers to enable renovation and expansion of aging facilities, assist in the building of new facilities, and to promote the establishment of high tech facilities located within an established Industrial Development District (IDD) or Plant Rehabilitation District (PRD). An Industrial Facilities Exemption (IFE) certificate entitles the facility to exemption from ad valorem real and/or personal property taxes for a term of 1-12 years as determined by the local unit of government.

Please note, proposed incentives are contingent upon receipt of all required documentation, staff review, local legislative approval, state approval and fulfillment of eligibility requirements and conditions of this proposal. Additionally, this commitment is contingent upon agreement between the City of Detroit and Flex-N-Gate that shall include a Detroit Resident Hiring Plan that outlines Flex-N-Gate's employment goals at this facility and the means by which Flex-N-Gate intends to effectuate these goals.

LOCAL AGENCY COORDINATION

The DEGC will collaboratively work with all city departments, utility companies, the Michigan Economic Development Corporation (MEDC) and other public and private organizations engaged in economic development in the City of Detroit, including Detroit Employment Solutions Corporation (DESC), a Michi-

gan Works! Agency that has the ability to identify skilled workers capable of meeting the company's workforce demands. Additionally, DEGC will coordinate your efforts with local leaders and provide ongoing assistance to Flex-N-Gate, Inc. during this process.

PERMITTING

The DEGC will work with the City of Detroit's Building, Safety Engineering and Environmental Department and all local permitting to grant the necessary permits in a timely and orderly manner.

Please be advised that we are very excited about the potential of Flex-N-Gate establishing a new manufacturing facility in Detroit along with the significant employment opportunities that are being proposed, DEGC is pleased to support the resources outlined in this letter.

In closing, please allow this to serve as indication of our commitment and support for the proposed project. We look forward to working with the Michigan Economic Development Corporation (MEDC) and Flex-N-Gate, Inc. to develop this project in the City of Detroit.

Sincerely,
MALINDA JENSEN

CITY OF DETROIT
DNMDC RENAISSANCE ZONE
DEVELOPMENT AGREEMENT**

THIS DNMDC RENAISSANCE ZONE DEVELOPMENT AGREEMENT ("Agreement") is entered into by and between the City of Detroit, a Michigan municipal corporation, acting by and through its Planning and Development Department ("City") with an office at Two Woodward Avenue, Suite 808, Detroit, MI 48226, the City of Detroit Next Michigan Development Corporation ("DNMDC") with an office at 500 Griswold, Suite 2200, Detroit, MI 48226 and Flex-N-Gate Detroit, LLC ("Company"), a Delaware limited liability company with an office at 5663 East Nine Mile Road, Warren, MI 48091.

WITNESSETH:

Whereas, 1996 PA 376, also known as the Michigan Renaissance Zone Act (the "Act"), allows a next Michigan development corporation to recommend approval to the board of the Michigan Strategic Fund ("MSF") for (1) certification of an eligible next Michigan business as a qualified eligible next Michigan business and (2) designation of certain areas as next Michigan renaissance zones that may provide certain tax exemptions, deductions or credits to businesses as provided in the Act; and

Whereas, Pursuant to 2010 PA 275, the DNMDC was established by resolution of the City Council of the City of Detroit for the purpose of attracting eligible next Michigan businesses to the City of Detroit to engage in multi-modal activities that foster significant job creation and other investment opportunities; and

Whereas, The Company has requested the support of the DNMDC and the City in receiving renaissance zone benefits for Company's planned approximately 350,000 square foot manufacturing site and approximately \$95 million investment in the City of Detroit on an approximately 30-acre parcel located within the I-94 Industrial Park in the area (the "Project") and generally bounded by Huber to the north, Georgia to the south, St. Cyril to the east and Sherwood to the west; and

Whereas, The Company desires the DNMDC to submit an application (the "Application") to the Michigan Strategic Fund to 1) designate the Company as a qualified eligible next Michigan business and 2) create a new next Michigan renaissance zone ("Ren Zone") for the Company's headquarters and facilities to be established at 7000 Georgia Street, Detroit, MI 48211 (the "Site") for which the Company will receive certain tax exemptions, deductions and credits pursuant to the Act; and

Whereas, By resolution of the DNMDC ("DNMDC Resolution"), the DNMDC has approved the following actions with respect to the Project, subject in each case to approval by Detroit City Council: 1) apply to the MSF for the designation of a next Michigan renaissance zone for the Site, 2) make a recommendation to the MSF to certify the Company as a qualified eligible next Michigan business entitled to exemptions, deductions and credits and 3) make recommendation to the MSF that the Company and the Project receive the benefits of a next Michigan renaissance zone for a period of 10 years with the ability to extend for an additional five years; and

Whereas, By resolution of the Detroit City Council ("City Resolution"), the City has approved 1) the establishment of a next Michigan renaissance zone for the Site, 2) the certification of the Company as a qualified eligible next Michigan business and 3) the DNMDC to submit an application and requests for approvals to the MSF consistent with the DNMDC Resolution. A copy of the City Resolution and DNMDC Resolution are attached hereto as Exhibit A and Exhibit B, respectively, and are made a part hereof; and

Now, Therefore, to encourage approval of a Ren Zone and in recognition of the investments the City will make toward the economic growth of the Company, which in turn will benefit the City, the parties hereby agree as follows:

1. Size and Location of Ren Zone. The Company represents that the Site and proposed new Ren Zone will be the one continuous distinct geographic area consisting of approximately 30 acres, as more particularly described in the DNMDC Resolution.

2. Duration of the Ren Zone. The City has approved the Ren Zone for a ten (10) year period, beginning and ending according to the Michigan Strategic Fund Resolution approving the DNMDC's Application, with the ability to extend an additional five (5) years.

3. Obligations of Company. Conditioned upon the Company's receipt of a Ren Zone, the Company shall:

a. Project. Construct the Project that is described in the Application and complete the investment and create the jobs required by this Agreement.

b. Capital Investment. Invest at least ninety five million and 00/100 Dollars (\$95,000,000.00) for the Project at the Site by the end of 2018.

c. Job Creation. Create a minimum of 400 new Full-Time Jobs within the Ren Zone by December 31, 2020. For purposes of this Agreement, a "Full-Time Job" shall include a person: 1) who is employed by the Company or its affiliates on a salary, wage, commission, or other basis, for a minimum period of forty (40) hours a week and 2) from whose compensation the Company, or its affiliates, including a staffing agency are required by law to withhold City of Detroit income taxes. Contract and part-time jobs do not count towards this job creation requirement. For certainty, an individual's absenteeism will not be taken into consideration in determining whether the Company employs that individual in a Full-Time Job. For purposes of this Agreement, a "Detroiter" shall be a person who is domiciled in the City of Detroit.

Additionally, with respect to the 400 Full-Time Jobs that Company shall create, the Company shall adhere to the following:

i. Company will create and submit an initial City of Detroit Resident Employment Plan by the end of the third quarter of 2016 in a form and with sufficient information reasonably acceptable to the City, including but not limited to a list of positions the Company will fill and the hiring qualifications associated with those jobs.

ii. Company will provide the City, at least twice per year, with anonymized data about the number of persons the Company has employed at the time of reporting who are 1) Detroiters and 2) local community residents of adjacent neighborhoods to the Site. The Company has the goal of hiring as many Detroiters as possible.

iii. Company acknowledges that it is committed to hiring Detroiters and those

who live in the neighborhoods and communities adjacent to the Site, regardless of age, and is committed to hiring returning citizens and others across a variety of labor intensities.

iv. Company will endeavor to work closely with the City and the Detroit Economic Growth Corporation to publicize Company job openings. This includes holding multiple job fairs where interested Detroiters can learn more about the Company jobs being offered and can apply for any such jobs.

v. Company shall provide on-the-job training and hire, where required, employees in advance of completion of the Project. Until the Site is ready to accept employees, training for such employees may be done at other Flex-N-Gate facilities.

d. Truck Routes. During the term of this Agreement:

i. Company shall require that its owned or leased trucks and/or heavy equipment ("Company Trucks") will only access the Site for construction, deliveries or otherwise using the truck route outlined in the attached Exhibit C ("Truck Route"), which is incorporated herein by reference. The City may, at its own discretion, redefine the Truck Route from time to time upon the approval of such alternate route by the City's Planning and Development Department Director. Company will pay the City \$500 for each Company Truck that accesses the Site by any route other than the Truck Route.

ii. In all of its written agreements concerning the supply of materials to the Site, Company will include a provision requiring such that suppliers' owned or leased trucks ("Supplier Trucks") will only access the Site for construction, deliveries or otherwise using the Truck Route and pay the Company \$500 for each Supplier Truck that accesses the Site by any route other than the Truck Route. Company shall then remit to the City only those fees that Company collects under such a provision.

iii. Payments arising under this clause 3.d. shall be paid to the City of Detroit Planning and Development Department.

e. Landscaping Standards. During the term of this Agreement, Company shall adhere to the landscaping standards for the Site as outlined in the attached Exhibit D ("Landscaping Standards"), which is incorporated herein by reference.

f. Other Conditions. During the term of this Agreement the Company shall:

i. Maintain the Site in reasonable condition, including, but not limited to, all buildings, equipment, landscaping, yards, fencing, parking lots and all fixtures, reasonable wear and tear excepted.

ii. For any construction taking place on the Site, the Company agrees 1) that at least fifty-one percent (51%) of the construction workforce must be bona-fide

City of Detroit residents and 2) that at least thirty percent (30%) of the total dollar value of contracts related to construction of the Project must be Detroit Headquartered Businesses and/or Detroit Based Businesses. The requirements and penalties of the City's Executive Order 2014-4, Utilization of Detroit Residents on Publicly-Funded Construction Projects, shall apply to all construction on site regardless of whether or not such construction is considered to be a publicly-funded construction project.

iii. Comply in all material respects with all federal, state and local laws, including, but not limited to, all applicable tax, environmental, zoning and land use laws.

4. Reporting by the Company to the City. Not later than January 31 of each year during the term of this Agreement, Company shall provide the City with an annual written report covering the year commencing on the first and ending on the last day of the immediately prior calendar year ("Status Report") which contains the following information substantially in forms reasonably acceptable to the City:

- a. Detroit Resident Hiring Report.
- b. Contract Compliance Report (Form EEO-1).
- c. Current Employer Information Report (Form EEO-2).
- d. The progress of the Project.
- e. The amount of capital investment made by the Company, or caused to be made by the Company, within the Site.
- f. The number of individuals employed by the Company within the Site and the number of new jobs created by the Company within the Site for that respective period.
- g. Confirmation that the Company is still engaged in the businesses for which the Project was undertaken.
- h. The most recent state equalized value (SEV) and taxable value of all real and personal property within the Site.
- i. Any other information requested by the City that is found to be reasonable by the Company.

Company will deliver two (2) copies of the Status Report to both the Planning & Development Department and Human Rights Department of the City of Detroit.

Upon receipt of a written request, the Company shall provide the Planning & Development Department a copy of Company's construction plans, building permits and certificates of occupancy. These documents, along with periodic site visits to the Site by the City, will only be used by the City to assess the Company's progress in constructing the Project.

5. Zone Benefits. During the term of the Ren Zone, the Company shall receive the exemptions, deductions, credits and other benefits allowable under the Act for

the Ren Zone. The Company acknowledges that such benefits do not include relief from payment of certain property taxes related to bonds, debt service, special assessments, as well as Michigan Sales or Use Tax.

6. Payment of Exempted Taxes for Shortfall of Job Creation. If the Full-Time Job creation requirement in Section 3. c. herein is not met, the Company agrees to pay the City an amount equal to the difference between the amount of ad valorem tax and other taxes otherwise due on the Site without the Ren Zone, and the amount of ad valorem tax and other taxes due on the Site under the Ren Zone, for that given year, multiplied by a fraction, the numerator of which is the shortfall in the number of Full-Time Jobs indicated in the Status Report, and the denominator of which is the total number of Full-Time Jobs set forth in Section 3.c. above. Prior to taking any action to require the Company to pay an amount to the City pursuant to this Section, the City will afford the Company an opportunity to present at a public hearing reasons for the employment shortfall.

Furthermore, if the Company does not fulfill the requirements in clauses 3.c.i. through 3.c.v. (inclusive) above, it shall attend such hearings before Detroit City Council as are reasonably required by Detroit City Council and/or the City in order for the Company to explain the reasons for such non-compliance and propose remedies for such non-compliance. Any hearing called pursuant to this Section shall, at a minimum, be attended by the Vice President of Human Resources of the Company, or an equivalent executive of the Company.

7. Collection of Taxes. Nothing in this Agreement shall limit the City's ability to collect taxes from Company based on the Company's ineligibility for exemptions, deductions or credits under MCL 125.2690, Sec. 10(1)(b) of the Act.

8. Notice of Noncompliance. Upon the Company's default of this Agreement, 1) the City shall provide the Company with reasonably detailed written notice of City's determination that the Company has defaulted and/or failed to comply with any provisions of this Agreement and 2) the Company shall have ninety (90) days from its receipt of such notice to cure the noncompliance within ninety (90) days, the City may proceed with any remedies available to it.

9. No Limitations of Remedies. The City and the Company agree that each of the rights and remedies provided by this Agreement may be exercised separately or cumulatively, and shall not be exclusive of any other rights and remedies provided by law. Invalidation of any of the provisions contained in the Agreement by operation of law, judgment, court order or otherwise

shall not invalidate any of the other provisions of the Agreement.

Honorable City Council:

Re: A resolution to amend the **Detroit Master Plan of Policies** in the vicinity of Meyers and West McNichols Roads.

Pursuant to the City of Detroit's City Charter (Section 8-102), the Planning and Development Department (P&DD) has submitted for your consideration and action a proposal to amend the **Detroit Master Plan of Policies**. Approval by your body and subsequent adoption by City Council of this resolution would correct a scrivener's error regarding the Future Land Use designation of property along Meyers Road in the **Master Plan of Policies**.

Location

Meyers Road immediately south of West McNichols Road

The subject site is located in the Neighborhood Cluster 9, Harmony Village

Neighborhood Area of the Master Plan of Policies and includes the east side of Meyers Road between W. McNichols Road and James Couzens Highway.

Description of Amendment

The Neighborhood Cluster 9, Harmony Village Neighborhood Area Future Land Use map currently shows the east side of Meyers Road between W. McNichols Road and James Couzens Highway designated as "RL", Low Density Residential. The RL designation conflicts with the commercial development of this location. Presently, there is no residential development along this stretch of Meyers south of McNichols, nor is there anticipation that there will be any such development in the future. Except for the subject portion, Meyers Road between W. McNichols and Puritan is designated as "CN", Neighborhood Commercial. Furthermore, none of the Harmony Village policies call for any shift in land use to residential along Meyers Road. Therefore, it is the determination of P&DD that the present designation of RL for the subject portion of Meyers is a scrivener's error, and should be corrected by amending the subject map, P&DD recommends that the Future Land Use designation for the subject portion of Meyers be amended to "CN", Neighborhood Commercial to reflect the current and future development patterns of this site.

Recommended Master Plan Amendment

The Planning and Development Department requests that the Future Land Use designation of "RL", Low Density Residential for the east side of Meyers Road between W. McNichols Road and James Couzens Highway be amended to "CN", Neighborhood Commercial. P&DD has determined that the present designation of RL is a scrivener's error that should be amended.

Respectfully submitted,

Resolution to Amend the Detroit Master Plan of Policies

A RESOLUTION TO AMEND THE DETROIT MASTER PLAN OF POLICIES IN THE VICINITY OF MEYERS AND WEST MCNICHOLS ROAD

By Council Member Leland:

Whereas, The Detroit Master Plan of Policies, adopted July 28, 2009, consists of policies and methods for improving the City of Detroit as a place for people to live and work based upon their needs and desires; and

Whereas, The Detroit Master Plan of Policies is approved and adopted as a major reference for evaluating proposed development activities and/or action programs such as neighborhood plans, urban renewal plans, zoning amendments, property acquisitions or disposition, and construction of public or private facilities; and

Whereas, The Detroit Master Plan of Policies is continuously studied and amended as needed to reflect the desires of residents, businesses, and industries of the City of Detroit; and

Whereas, The Planning & Development Department requests that the Harmony Village Future Land Use map be amended for the east side of Meyers Road between West McNichols Road and James Couzens Highway to show a Future Land Use designation of "CN", Neighborhood Commercial where a designation of "RL", Low Density Residential now exists; and

Whereas, The Planning & Development Department has determined that the current Future Land Use designation or RL is a scrivener's error that should be amended; and

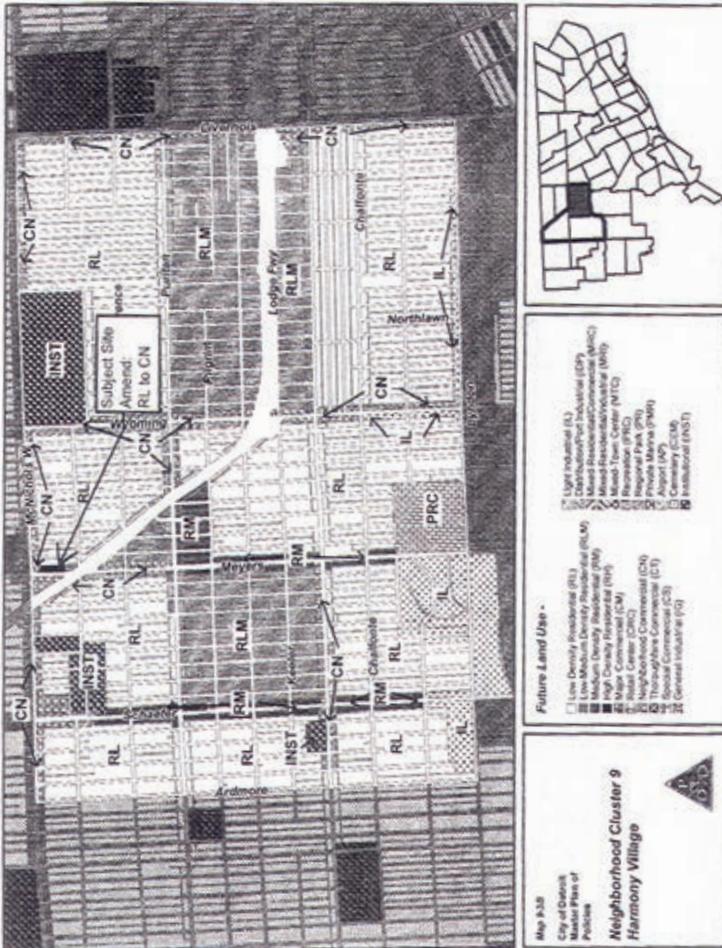

Whereas, The proposed amendment will allow the Future Land Use for the Meyers site to reflect the existing and future development patterns of that location and conform to the Future Land Use designation of CN for the adjoining portions of the Meyers and McNichols frontages;

Now, Therefore, Be It

Resolved, The Detroit Master Plan of Policies is amended as follows:

1. The only map to be modified is the Neighborhood Cluster 9, Harmony Village Neighborhood Area Map 9-3B:

A.) The east side of Meyers Road between the W. McNichols and James Couzens frontages, which is now shown as "RL", Low Density Residential; map is amended to show "CN", Neighborhood Commercial.

Honorable City Council:
Re: Amendment to Sales Resolution.
Surplus Property Sale: 12045 Kilbourne

On October 30, 2012, your Honorable Body authorized the sale of the above captioned property to Richard Aaron Robertson, Jr. The property consists of a single family residential structure on an area of land measuring approximately 5700 square feet and zoned R-1 (Single Family Residential District). The Offeror, Mr. Robertson, proposed to renovate the dwelling.

Due to unavoidable personal circumstances, Mr. Robertson was unable to comply with the terms of the sale but still wishes to purchase the property. It has come to our attention that substantial repair is now needed to 12045 Kilbourne. The dwelling appears to be structurally sound. However, an inspection of the property revealed missing siding and gutters, broken windows, apparent water damage to the basement, a dilapidated wood back porch and debris throughout.

We, therefore, request that your Honorable Body adopt the attached resolution, authorizing an amendment to the sales resolution due to the condition of the property, to reflect an adjustment in the sales price from \$3,600 to \$2,400.

Respectfully submitted,
MAURICE COX

Whereas, Offeror intends to renovate the structure for use as a single family residential dwelling, which is permitted as a matter of right in an R-1 (Single Family Residential District) zone and an inspection of the property revealed that significant repairs to the structure are needed.

Resolved, That in accordance with the foregoing communication, the authority to sell 12045 Kilbourne to Richard Aaron Robertson, Jr. be amended to reflect an adjustment in the sales price from \$3,600 to \$2,400 due to the condition of the property.

Now, Therefore Be It

Resolved, That the Mayor of the City of Detroit, or his authorized designee, be and is hereby authorized to issue a quit claim deed to 12045 Kilbourne, the property more particularly described in the attached Exhibit A, and such other documents as may be necessary to effectuate the sale, to Richard Aaron Robertson, Jr., for the amount of \$2,400.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene every April 1st through November 30th, for a period of three (3) years, from the date of your Honorable body's approval.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioner's compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

Honorable City Council:
 RE: Petition No. 736 — Bedrock Real Estate Services request approval of a permanent encroachment for potential seating along the front of the building located at 1201/1217 Woodward.
 Petition No. 736 — Bedrock Real Estate Services request to install and maintain an encroachment for sidewalk cafe seating on Woodward Avenue, 120 feet wide and State Street, 60 feet wide. The

request is also to install and maintain encroachments for storefront canopy on Woodward Avenue and a retractable awning at the exit doors in the north-south alley at the rear. All of the encroachments are in the block bounded by State Street, 60 feet wide, and West Grand River, 60 feet wide, Griswold, 60 feet wide, and Woodward Avenue, 120 feet wide.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The request is being made to rehabilitate an existing building and to provide for a possible future outdoor cafe for the building at 1201-1217 Woodward Avenue.

Traffic Engineering Division — DPW (TED), reports being involved and approves provided certain conditions are met. The TED conditions have been made apart of the attached resolution.

Detroit Water and Sewerage

Department (DWSD) reports being involved, but has no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Department and Public Lighting Authority; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
