

**Regular Meeting**  
**10/01/2020**

1 DETROIT BOARD OF POLICE COMMISSIONERS

2 REGULAR MEETING

3

4 Thursday, October 1, 2020 3:00 p.m.

5

6 CONDUCTED VIRTUALLY, VIA ZOOM

7

8 COMMISSIONERS:

9

10 WILLIE E. BELL, Chairperson (Dist. 4)

11 ANNIE HOLT, Vice Chairperson (At-Large)

12 DARRYL. D BROWN, Commissioner (Dist. 1)

13 WILLIE E. BURTON, Commissioner (Dist. 5)

14 WILLIAM M. DAVIS, Commissioner (Dist. 7)

15 JESUS HERNANDEZ, Commissioner (At-Large)

16 SHIRLEY A. BURCH, Commissioner (Dist. 6)

17 EVETTE GRIFFIE, Commissioner (Dist. 2)

18 MARTIN JONES, Commissioner (At-Large)

19 LISA CARTER, Commissioner (Dist. 6)

20

21 MELANIE WHITE, Secretary to the Board

22 ROBERT BROWN, Board Staff

23

24 REPRESENTING OFFICE OF THE CHIEF OF POLICE

25 ASSISTANT CHIEF BETTISON

1 Detroit, Michigan

2 October 1, 2020

3 At or about 3:00 p.m.

4 CHAIRPERSON BELL: I'm going to call  
5 the meeting to order. And invocation by I didn't  
6 get the name of the chaplain.

7 MS. WHITE: Commander Chaplain Darren  
8 Penson.

9 CHAIRPERSON BELL: Thank you.  
10 Chaplain.

11 MS. WHITE: And staff is locating  
12 Commander Chaplain Pinson. Chairperson Bell, we  
13 are experiencing technical difficulty with  
14 Chaplain Penson.

15 CHAIRPERSON BELL: Thank you, Ms.  
16 White. Let us pray.

17 (Invocation given)

18 COMMISSIONER JONES: Great job, Chair.

19 CHAIRPERSON BELL: Do we have a quorum  
20 yet.

21 MS. WHITE: Yes, sir.

22 CHAIRPERSON BELL: I'll started out  
23 with District 1.

24 COMMISSIONER BROWN: Brown. I'm here.

25 CHAIRPERSON BELL: District 2?

1 District 3.

2 COMMISSIONER BURCH: Good afternoon.

3 Commissioner Shirley Burch. District 3. Love

4 Where you Live.

5 CHAIRPERSON BELL: Thank you. District

6 4, Commissioner Bell. Yes. Thank you. District

7 5. District 6.

8 MS. WHITE: Commissioner Carter was on

9 the line.

10 CHAIRPERSON BELL: Yes. I'll come

11 back. District 7?

12 COMMISSIONER DAVIS: Good afternoon,

13 everyone. Police Commissioner William Davis of

14 the mighty District 7.

15 CHAIRPERSON BELL: Thank you. At-Large

16 Commissioner Hernandez.

17 COMMISSIONER HERNANDEZ: Good

18 afternoon. Jesus Hernandez At-Large.

19 CHAIRPERSON BELL: Thank you.

20 Commissioner Jones.

21 COMMISSIONER JONES: Good afternoon

22 honorable Board and honorable guests.

23 Commissioner Martin Jones At-Large.

24 CHAIRPERSON BELL: Thank you.

25 Commission Holley asked to be excused for this

1 meeting. I don't think he's on the call  
2 Vice-Chair.

3 MS. WHITE: I see that her microphone  
4 is un-muted. Madam Vice-Chair Holt?

5 VICE-CHAIRPERSON HOLT: Yes, please.  
6 I'll say it again. Good afternoon everyone.  
7 Annie Holt At-Large.

8 CHAIRPERSON BELL: Thank you. District  
9 6. District 5. Ms. White.

10 MS. WHITE: Mr. Chair, you do have a  
11 quorum.

12 CHAIRPERSON BELL: Thank you. The  
13 Chair would request approval of the this afternoon  
14 meeting October 1st for the agenda.

15 COMMISSIONER: So moved.

16 COMMISSIONER: Second.

17 CHAIRPERSON BELL: Been properly moved  
18 and supported. Discussion? Those in favor, yes.

19 COMMISSIONERS: Yes.

20 CHAIRPERSON BELL: Those opposed.

21 Motion carry.

22 COMMISSIONER BURTON: Mr. Chairman, you  
23 do have to call for a record roll call vote, still  
24 part of the Governor's Executive Order. And, for  
25 the record I was present for roll call. The Board

1 secretary never acknowledged me.

2 CHAIRPERSON BELL: Thank you.

3 COMMISSIONER BURTON: Never  
4 acknowledged me and set my camera.

5 CHAIRPERSON BELL: Approval of the  
6 minutes for September 24th, 2020. The Chair would  
7 entertain a motion.

8 COMMISSIONER: I move we accept the --

9 COMMISSIONER: And second.

10 CHAIRPERSON BELL: We will do a roll  
11 call. District 1.

12 COMMISSIONER BROWN: No.

13 CHAIRPERSON BELL: District 2.  
14 District 3.

15 COMMISSIONER BURCH: No. Question.

16 CHAIRPERSON BELL: Question.

17 COMMISSIONER BURCH: I mean discussion.  
18 That's what you do after, right? I'll wait.

19 CHAIRPERSON BELL: Okay. Thank you.  
20 District 4, Bell, yes. District 5.

21 COMMISSIONER BURTON: No.

22 CHAIRPERSON BELL: District 6?  
23 District 7.

24 COMMISSIONER DAVIS: No.

25 CHAIRPERSON BELL: A-Large Commissioner

1 Hernandez.

2 COMMISSIONER HERNANDEZ: Yes.

3 CHAIRPERSON BELL: Commissioner Jones?

4 COMMISSIONER JONES: Yes.

5 COMMISSIONER BELL: Vice-Chair Holt.

6 VICE-CHAIRPERSON HOLT: Yes.

7 CHAIRPERSON BELL: Ms. White.

8 MS. WHITE: The motion failed.

9 CHAIRPERSON BELL: Thank you.

10 COMMISSIONER BURCH: Commissioner Bell,  
11 do I now speak about my question?

12 CHAIRPERSON BELL: Yes, ma'am.

13 COMMISSIONER BURCH: Okay. I just  
14 wanted it to be noted, and I didn't see it, unless  
15 I overlooked it in the minutes from last week,  
16 that I did say as Commissioner of 3rd District, I  
17 did not have the opportunity to vote on one of the  
18 recommendations. I just want to make sure that's  
19 on record because I didn't see it.

20 CHAIRPERSON BELL: Ms. White.

21 MS. WHITE: Yes. Through the Chair,  
22 Honorable Commissioner Burch, and Honorable Board,  
23 the Board receives the weekly transcribed or  
24 transcription report that includes the verbatim  
25 statements made during each weekly board meeting.

1 So that information was included in your Board  
2 packet. The summary Board minutes includes the  
3 actions and decisions, and the vote posed by  
4 Commissioner Burch was included in the respective  
5 motion that she requested it to be included in.  
6 So the vote was accounted for, and the specific  
7 verbatim statement made is included in the  
8 transcribed report.

9 COMMISSIONER BURCH: Mr. Chair, excuse  
10 me to Ms. White. How did you put my vote in if I  
11 wasn't there to vote? Remember I said that my  
12 phone completely went out? I was not a part of  
13 the process. So how can you say my vote went in  
14 when I didn't have the opportunity to say yea or  
15 nay. I don't understand that one.

16 CHAIRPERSON BELL: Commissioner Burch,  
17 your vote was not counted, but the record  
18 indicated how you would have voted. The  
19 circumstance of how we have to deal with  
20 accountability. You voiced that concern, have  
21 been duly noted. But officially your vote was not  
22 counted because you were not present at that time.  
23 Do we understand?

24 COMMISSIONER BURCH: So you're saying  
25 that my vote really wasn't a part of it, that's

1 what I'm saying.

2 CHAIRPERSON BELL: That is correct.

3 COMMISSIONER BURCH: I just want to be  
4 clear.

5 CHAIRPERSON BELL: Yes, ma'am.

6 COMMISSIONER BURCH: Okay. If that's  
7 the way you all do business.

8 CHAIRPERSON BELL: That is standard  
9 procedure. You have to be present to vote. And  
10 unfortunate, I think that happened before, a week  
11 before with Commissioner Jones, he had some  
12 technical problems and thereafter, we just  
13 indicated that he would have voted yes on the  
14 confirmation on one of the appointment positions.

15 COMMISSIONER BURTON: Point of order,  
16 Mr. Chairman. You do not have the power or  
17 authority to do that, to count a vote as a yes  
18 vote when a person wasn't there to give their vote  
19 only the record.

20 CHAIRPERSON BELL: Duly noted,  
21 Commissioner Burton. Yes, ma'am.

22 MS. WHITE: I just want to indicate  
23 through the Chair. That is an item that we can  
24 seek legal clarity on. In the past when Honorable  
25 commissioners have had technical difficulties, we

1 have indicated in the record that -- which, which  
2 vote the commissioner requested to be acknowledged  
3 for. So we will seek legal clarity on that item  
4 and bring it back to the Honorable Board.

5 COMMISSIONER BURTON: I disagree.

6 CHAIRPERSON BELL: Thank you, Ms.  
7 White.

8 COMMISSIONER. Mr. Chairman?

9 CHAIRPERSON BELL: Yes, sir.

10 COMMISSIONER: Just a quick note on  
11 that. From what I understand the rule is that if  
12 they do not vote, it is if they're just only there  
13 is a quorum and it can't be counted as a yes or a  
14 no vote. That's different from the abstentions.

15 CHAIRPERSON BELL: That is correct.  
16 But we will get clarity. My understanding  
17 primarily you have to be present to vote. And  
18 even though you have technical problems but you're  
19 not officially part of that voting, but the record  
20 indicate that you're having technical difficulty.  
21 Just like if you stepped away in person and you  
22 went to recess, whatever, but they had a vote,  
23 then you can't say that I voted because you were  
24 not there. That's standard procedure.

25 Ms. White. Would you introduce the

1 staff.

2 MS. WHITE: Yes. Through the Chair.  
3 Thank you, Chairperson Bell. The Department of  
4 Innovation technology is monitoring and recording  
5 the Board's meeting today. Our court reporter is  
6 Miss Mindy Womack, and following Board staff are  
7 in attendance today, Mr. Robert Brown, Miss  
8 Theresa Blossom, Community Relations Coordinator  
9 Miss Jonya Underwood, Administrative Assistant and  
10 Investigator Tiffany Stewart, Lieutenant James  
11 Coles representing Police Recruitment and Police  
12 HR Division, Interim Chief Investigator Lawrence  
13 Akbar, Supervising Investigator Ainsley Cromwell,  
14 Supervising Investigator Lisonya Sloan, Senior  
15 Investigator Rosalia Madrigal, and that concludes  
16 the Board staff introductions for today.

17 CHAIRPERSON BELL: Sitting in for the  
18 Chief of police James Craig.

19 AC BETTISON: Assistant Chief Todd  
20 Bettison. Hello Board.

21 CHAIRPERSON BELL: Hello. Thank you  
22 for your attendance. Good afternoon, Assistant  
23 Chief. We would ask you to introduce any DPD  
24 staff that might be in attendance. If you need  
25 some help of Ms. White, feel free.

1 AC BETTISON: Actually, I don't today.  
2 I'm pretty good. We'll get it started. So I have  
3 Commander Decker from Major Crimes, Captain  
4 Liddell, Professional Standards Accountability,  
5 Captain Tosqui, Realtime Crime Deputy Chief Bliss.  
6 I have Commander Hope from Chief's Neighborhood  
7 Liaison. Captain Maye Homicide, Director  
8 Graveline, Professional Accountability Standards,  
9 Sergeant Firsdon from IA, Commander Serda, Trisha  
10 Stein, Lieutenant Stanley, and Deputy Chief Hag.  
11 And of course we got LSA President, you know,  
12 under the elected officials category, Mark Young,  
13 on the line as well.

14 CHAIRPERSON BELL: Thank you, sir. I  
15 appreciate that. Ms. White any other officials or  
16 elected officials or representatives.

17 MS. WHITE: Not at this time, sir.

18 CHAIRPERSON BELL: Okay. Any other  
19 feedback on the Commissioners that was on and  
20 dropped off? Ms. White.

21 MS. WHITE: Commissioner Griffie has  
22 arrived and we're still trying to locate  
23 Commissioner Carter because she was on the line  
24 earlier.

25 COMMISSIONER GRIFFIE: Mr. Chair, this

1 Evette. Yes, I'm present.

2 CHAIRPERSON BELL: Thank you. How many  
3 commissioners do we have?

4 MS. WHITE: We now have nine.

5 CHAIRPERSON BELL: Okay.

6 COMMISSIONER BURTON: So Mr. Chairman,  
7 when did we start calling Commissioners in the  
8 middle of session. We've never done that before.  
9 Something new that we voted on or something.

10 CHAIRPERSON BELL: We have always tried  
11 to make sure we have the communication lines since  
12 we're on Zoom. It's been from day one because  
13 it's all been technicality issues, communication  
14 issues with your personal and also with your  
15 department technology. So we be trying to  
16 accommodate people if they make us aware, at least  
17 try to reach out to them. I have experienced that  
18 myself, so I can't say. Yes ma'am.

19 MS. WHITE: Through the Chair, Madam  
20 Commissioner Carter has joined the Zoom line.

21 COMMISSIONER CARTER: Yes. Good  
22 afternoon, everyone. Sorry I'm having technical  
23 difficulties.

24 CHAIRPERSON BELL: Yes, ma'am.

25 COMMISSIONER CARTER: Thank you.

1 CHAIRPERSON BELL: And I think that's  
2 primarily the issue that we're going to have  
3 ongoing issue with the technical part of it. It's  
4 just the nature of the business. It's not  
5 unusual. Most of it been on calls. That's also  
6 issue of that kind.

7 Moving on to my report. I'll make it  
8 brief as always. Over three months ago a majority  
9 of Minneapolis City Council pledged to de-fund the  
10 city police department. It shook up the country  
11 with that statement. Now some of the council  
12 members like a do over. One council member who  
13 supported stated that he met by a spirit not by  
14 the letter of his words. The council present  
15 stated that I think our pledge has created  
16 confusion in the community. However, Minneapolis  
17 moved to ban choke holds, put in place new  
18 deescalation requirements and changed reporting  
19 measures for the use of force for death. The  
20 council did not have unilateral power to end the  
21 city police department. As you well know, the  
22 mayor was in opposition to that type of a  
23 statement.

24 The lesson is that we should be mindful  
25 of the language and words we use and how it can be

1 interpreted. Detroit City Council on Tuesday  
2 voted six to three to extend the 2020 contract  
3 with law enforcement company through September  
4 2022. In Detroit Free Press I made some comments  
5 on the vote in support of the council voted, how  
6 they voted. But the article in the Free Press  
7 focused on the Board of Police Commission with  
8 others in opposition to council approving the  
9 contract. It was stated, we do not need retired  
10 police officers on a civilian Board of Police  
11 Commissioner. They thanked pro police and don't  
12 care enough about the community needs and wants.  
13 There have been no comments in reference to the  
14 council vote outside of the some comments  
15 personally, but no one has responded yea or nay in  
16 terms of how they voted. The council has agreed  
17 that they would not err and be like council in the  
18 past prior to their arrival eight years ago.  
19 They're in accord.

20 I would hope that we take note in terms  
21 of not attacking one another, make negative  
22 statements about fellow commissioners. Any  
23 comments of vote is always by the majority, and  
24 you see that all the time. That vote was six to  
25 three, and they have taken other votes in terms of

1 six to three or whatever, but you achieve a  
2 minority opinion in terms of discussing the media  
3 disagreement. They state their position  
4 sometimes, but it's in accord. I would hope that  
5 we could have a little bit more harmony and be  
6 more in accord in terms of the spirit of this body  
7 that's been around since 1974. That is my hope,  
8 that is my desire, I pray for that, for unity  
9 because we have men and women in blue that serve  
10 in this department 24/7 putting their life on the  
11 line and extending themselves to all what we're  
12 dealing with in terms of COVID-19, and also this  
13 department has been attacked by that. But they  
14 have responded to protests. We know they're  
15 working overtime and we're still on demand, but  
16 all demand is there in terms of service. So in  
17 the spirit of Detroit because some people express  
18 their opinion, that's over 800 some thousand  
19 people in the City of Detroit. So that is not the  
20 majority opinion. And I support the mayor stating  
21 that some instance has been unfair in terms of  
22 issues we have dealt, there's no balance. I hope  
23 that we have a little bit more balance in terms of  
24 media. That's why I try to state the position  
25 majority opinion of this Board as in the past, and

1 that's been the case with other chairs in trying  
2 to have that type of representation duty bound by  
3 the charter in terms of spokesperson. But  
4 Commissioners have the right to speak up and be  
5 concerned, but I just hope that we keep that in  
6 mind that what we witness sometimes is not in the  
7 best interest of the spirit of the people in terms  
8 of viewing our meeting and interacting with us,  
9 and that's why I think this article sort of  
10 focused in on that. They didn't focus on the  
11 council how they voted. So I'll close on that  
12 note. Thank you.

13 COMMISSIONER BURT: Mr. Chairman.

14 CHAIRPERSON BELL: Ms. White, we have  
15 the resolution, is that Sergeant, is that Irvin.

16 MS. WHITE: Yes. Yes, sir.

17 CHAIRPERSON BELL: Could you post that,  
18 please.

19 MS. WHITE: Yes. We will bring it up,  
20 and Madam Vice-Chair Holt will be reading the  
21 resolution.

22 CHAIRPERSON BELL: Thank you.

23 VICE-CHAIRPERSON HOLT: Thank you  
24 through the Chair. Is it up, Ms. White.

25 MS. WHITE: Yes, ma'am.

1 VICE-CHAIRPERSON HOLT: Thank you.  
2 Resolution Honoring Sergeant Chimene Irvin.  
3 WHEREAS Chimene Irvin was appointed to the  
4 Detroit Police Department on August 11, 1986.  
5 Upon graduating from the Detroit Metropolitan  
6 Police Academy, Officer Irvin began her career at  
7 the Twelve Precinct; and  
8 WHEREAS Officer Irvin's assignments with the  
9 Detroit Police Department included the Twelfth  
10 Precinct and Court Section; and  
11 WHEREAS Officer Irvin displayed tremendous  
12 knowledge and leadership skills, and was promoted  
13 to the rank of Sergeant only August 23rd, 1999.  
14 As Sergeant, she was assigned to the First  
15 Precinct, Central District, Third Precinct,  
16 Investigative Operations, and Commanding Officer  
17 of the Third Precinct Detective Unit where she  
18 served until her retirement; and.  
19 WHEREAS Sergeant Irvin was the deserving  
20 recipient of the following awards; Officer of the  
21 Quarter, Female Officer of the year, three Chief's  
22 Citations, both consent Judgment Awards, the Ford  
23 Fireworks Award, the Major League Baseball  
24 All-Star Recognition Award, the Rosa Parks Funeral  
25 Recognition Award, and Super Bowl XL Recognition

1 Award, as well as numerous letters of commendation  
2 from citizens and superiors, and.

3 WHEREAS Sergeant Irvin has tirelessly served the  
4 Detroit Police Department, the citizens of Detroit  
5 and its neighboring communities for 34-plus years.  
6 She has served the Detroit Police Department and  
7 the citizens of the City of Detroit with loyalty,  
8 professionalism, integrity and dedication and is  
9 widely respected throughout the law enforcement  
10 community as the consummate professional.

11 NOW THEREFOR BE IT RESOLVED That the Detroit  
12 Board of Police Commissioners, speaking on behalf  
13 of the citizens of the great City of Detroit  
14 recognizes and honors the lifelong contributions  
15 and commitment to excellence in public service of  
16 Sergeant Chimene Irvin. Her display of courage  
17 and unwavering community spirit has improved the  
18 quality of life for the citizens of Detroit. We  
19 wish you all the best in your future endeavors.  
20 We thank and congratulate you, Sergeant Chimene B.  
21 Irvin. Board of Police Commissioners. Through  
22 the Chair. Hello.

23 CHAIRPERSON BELL: Yes, ma'am. I hear  
24 you.

25 VICE-CHAIRPERSON HOLT: Okay. I move

1 that we accept this resolution and add to our  
2 archives.

3 COMMISSIONER: Support.

4 CHAIRPERSON BELL: Properly moved and  
5 supported. Discussion? Those in favor aye or  
6 yes.

7 COMMISSIONERS: Yes.

8 CHAIRPERSON BELL: Those opposed no.  
9 The motion carries. Thank you, Vice-Chair Holt.  
10 We move on to Assistant Chief Bettison.

11 AC BETTISON: Thank you, Commissioner  
12 Bell. I'll start out with crime. Just looking at  
13 our crime overall and our property crime. You  
14 know, consistently property crime is down in all  
15 categories, so property crime down 23% and, you  
16 know, the category of burglary down 34%. Larceny  
17 is 22%. Motor vehicle theft 14%. Overall  
18 property crime down 23% like I said. But we're  
19 struggling in the area of violent crime, and even  
20 nationally it's just been an uptick in violent  
21 crime. To put that in perspective, so criminal  
22 homicides, that's up 22%, sexual assaults, good  
23 news is that's down 29%. Aggravated assaults,  
24 which includes felonious assault where weapons are  
25 used up 22%. Our nonfatal shootings up a whopping

1 51% and robbery is down 19%, carjacking's down 9%.  
2 For Part 1 violent crime 12%. So when you average  
3 the total reduction in property crime, Part 1  
4 property crime with Part 1 violent crime, we're  
5 still showing an overall decrease in Part 1 crime  
6 of 12%, which leads us into our update when it  
7 comes to Coronavirus update as well. We're still  
8 doing good. DPD currently has five members who  
9 last tested positive for COVID. Of course the  
10 department at one point has had 368 total members  
11 who tested positive for COVID, and at one point  
12 when we go back to April, early March, we remember  
13 the staggering numbers we had close to 700 members  
14 that were on quarantine. So the mechanisms we put  
15 in place as far as wearing masks, social  
16 distancing, taking temperatures at our precinct  
17 stations overall that appears to be working.  
18 We're not gong to take our eye off the ball  
19 because we know that we're moving into, we're into  
20 the fall season, and this is going into the flu  
21 season as well. So we're taking advantage of CBS  
22 working to ensure that we're getting our members  
23 making access available for flu shots because  
24 definitely do not want to have the flu and COVID  
25 at the same time. So always I've had mine and

1 urge the community as well to ensure that they  
2 inoculate themselves with flu shots also.

3           Going into our critically injured  
4 officers in the line of duty. Police Officer  
5 Keith Anthony assigned to the 4th Precinct is  
6 still recovering. And on August 11, 2020, officer  
7 responded to a call to assist for a kidnapping  
8 run. Upon arrival he assisted other officers with  
9 the rest of the suspect. He sustained, Officer  
10 Anthony sustained multiple injuries during the  
11 arrest and was conveyed to Henry Ford Hospital for  
12 head injuries and a fracture to his lower  
13 extremity. So he's been placed off disabled and  
14 for having surgery. So we're praying for his  
15 speedy recovery.

16           Sergeant Michael Bailey assigned to the  
17 7th Precinct back on May 31st during the height of  
18 the protests, he was assigned out for protest and  
19 crowd control in the area of Adams and Brush.  
20 While trying to detain a protester he was injured  
21 to his lower extremities. He was conveyed to the  
22 ERH Hospital and he had surgery, and he's still  
23 off recovering as well. And our Mark Robins, our  
24 neighborhood police officer over on the east side,  
25 he's still off recovering as well, so we wish him

1 a speedy recovery. And Detective Kimrey Beckham  
2 is off recovering where she has sustained a  
3 gunshot wound, an accidental gunshot wound and  
4 she's recovering as well.

5 But I really kind of wanted to zero in  
6 on Police Officer Keith Anthony. You know, during  
7 the process of trying to arrest a suspect how he  
8 was injured which goes into line that we're seeing  
9 more aggression and more anger towards the police  
10 in light of this culture right now. If you think  
11 about how looking nationally, looking what  
12 occurred in Los Angeles how the officers were  
13 recently attacked. Even in the station when the  
14 suspect went in, attempted to shoot an officer,  
15 you know. Thank God the weapon didn't go off, and  
16 that suspect was detained and has been charged  
17 with attempted murder out in LA. But our officers  
18 out in the street when I talk to them, they tell  
19 me that it's a lot of tension out there. Our  
20 officers are doing their best to deescalate in  
21 face of what is occurring nationally, which goes  
22 also what I wanted to talk about is a social media  
23 post that went up, got a lot views. And it was  
24 posted by street reporter where he showed an  
25 incident occurring over in the 4th Precinct and

1 some of the newspaper articles had it listed as  
2 man punched by Detroit Police officers. Says he  
3 was asking why when they took his friend down.  
4 And I want to have Detective Graveline who watched  
5 the video chime in on this as well, so if you can  
6 release his microphone, Ms. White. But what I  
7 would tell you is that, you know, when you look at  
8 the video recording that's taken on a cell phone,  
9 it shows a snapshot, and it shows what the person  
10 who's taking the video wants you to see, meaning  
11 it never focused on the crowd. And what I will  
12 tell you is it was 25 to 30 folks there in the  
13 street having a street party, and that officers  
14 observed an individual with some sort of alcohol  
15 bottle, tequila bottle in the hand. They also  
16 observed the individual with a pistol with an  
17 extended clip in his shorts, so that's why they  
18 were there to do that investigation. And when  
19 they attempted to investigate the subject, the  
20 pistol fell to the ground. And also individuals  
21 attempted to interfere from the crowd with that  
22 arrest. And officers did have to use force to  
23 make that arrest and also contain that scene. And  
24 so at this point, I will turn it over to Director  
25 Graveline. So Director Graveline, based off of

1 what you've seen from the body-worn camera, could  
2 you elaborate.

3 DIRECTOR GRAVELINE: Thank you,  
4 Assistant Chief. Through the Chair.

5 CHAIRPERSON BELL: Yes, sir.

6 DIRECTOR GRAVELINE: So we have  
7 reviewed the body-worn camera, and as assistant  
8 chief described, the officers conducted an  
9 investigation for a CCW, found a weapon on that  
10 individual, were able to secure the weapon, and  
11 the person refused to comply with the arrest,  
12 stiffened up his arms, refused to handcuffed.  
13 That ended up leading to a taser incident.  
14 Multiple people started to crowd around the  
15 officers. The officers gave multiple verbal  
16 commands to step back. One of the individuals  
17 continually continued to reach towards his cargo  
18 pockets on his pants multiple times. They were  
19 asked -- he was asked to step back and to keep his  
20 hands out of his pockets where the officers could  
21 see them. He refused. He got up close to where  
22 the arrest was happening. The officers attempted  
23 to arrest him for interfering with the arrest.  
24 That began a struggle on the ground as he who was  
25 clearly under the influence as well ended up

1 struggling with the officers and ended up being a  
2 little bit of a melee on the ground. Another  
3 individual walked up and continued to film with  
4 his camera, got right up on top of the officer,  
5 was told to step back. He slapped one of the  
6 officer's hands away, and that's when he was taken  
7 to the ground for interfering with the arrest  
8 procedures that night.

9           So as Assistant Chief was mentioning,  
10 this actually occurred over about seven, eight  
11 minute long time period, and the video that was  
12 spread through social media and then through some  
13 of the papers picked up about three to four  
14 minutes into it and did not capture the CCW  
15 arrests or any of the resistance to the arrest  
16 prior to beginning.

17           AC BETTISON: And just what I would say  
18 is, our officers in many places around the country  
19 you hear cases like Commissioner Bell you even  
20 talked about in Minneapolis where police officers  
21 actually started de-policing and really, you know,  
22 based off of not feeling supported, not doing  
23 police work. Here in the City of Detroit that is  
24 absolutely not happened. Our officers are still  
25 answering 911 calls and our officers are still,

1 you know, enforcing the laws in this City. Case  
2 in point, just the week of September 14th through  
3 September 20th, our officers recovered 90  
4 handguns, ten long guns, 84 CCW arrests were made.  
5 So we're still out there actively working to make  
6 sure that we can keep this community safe and do  
7 our best to address violence in this city.

8 So at this time, I'll rest and take any  
9 questions that the Commissioners may have.

10 CHAIRPERSON BELL: Commissioners.

11 COMMISSIONER BURCH: Mr. Chair.

12 CHAIRPERSON BELL: Yes. Go ahead.

13 Commissioner Burch.

14 COMMISSIONER BURCH: Thank you so much,  
15 Commissioner Bell. AC, how are you, sir?

16 AC BETTISON: Doing great. How are  
17 you?

18 COMMISSIONER BURCH: Mighty grateful to  
19 you, mighty proud of you.

20 AC BETTISON: Thank you, ma'am.

21 COMMISSIONER BURCH: I just want to say  
22 over here in Number 11, we still have a lot of  
23 issues, okay, but you all are addressing it the  
24 best you can. I want to commend the narcotics  
25 unit because many times they get calls in the late

1 night of these people doing lawlessness that they  
2 do. And AC, I just want to commend them because a  
3 lot of times those that are on the battleground,  
4 as you would say, they don't get those thank yous.  
5 So I want to thank the Sergeant Austin and  
6 Muhammad and Lieutenant Coles. I call out their  
7 names, okay?

8           And I want to say to you, sir, there  
9 was an incident up at 7 Mile. It's that fenced-in  
10 church right on the corner across from the  
11 cleaners. That's an area that they fenced off.  
12 Do you know anything, AC, what happened at that  
13 corner? That's the night that we did call in  
14 about random shooting, and then they fenced it off  
15 with the yellow tape. Can you address that at  
16 all, or don't you know?

17           AC BETTISON: I believe that you're  
18 talking about a shooting that happened at 7 Mile  
19 and Dequindre right there.

20           COMMISSIONER BURCH: Yes, sir.

21           AC BETTISON: We do have a Greenlight  
22 at that location so we did capture some video  
23 footage, and what I can tell you is it's still an  
24 active investigation, and I'm looking at it right  
25 here. A black Jeep pulled up next to a read Chevy

1 sedan and fired shots, and our green light video  
2 footage actually sees the muzzle flash coming from  
3 the black vehicle firing into the red sedan. So  
4 with that, you know, we're definitely working it.  
5 And two individuals were shot. Thank God no one  
6 succumbed to their injuries, but we do have some  
7 leads and I will keep you updated as we get more  
8 information.

9 COMMISSIONER BURCH: I appreciate that,  
10 and we appreciate that because we do try to guard  
11 our community with the assistance of the Police  
12 Departments. So thank you again for your service.  
13 Stay safe, and we'll speak off the air about other  
14 subjects. I thank you, though.

15 CHAIRPERSON BELL: Commissioners.

16 COMMISSIONER DAVIS: Davis again.

17 CHAIRPERSON BELL: Yes, sir. You got  
18 it.

19 COMMISSIONER DAVIS: I have two things,  
20 sir.

21 AC BETTISON: Yes, sir.

22 COMMISSIONER DAVIS: One is the racing  
23 and people doing donuts and everything. Is that  
24 about the same? Is it going down? Is it going  
25 up?

1 AC BETTISON: So it is going down.  
2 We're still doing drifting and drag racing  
3 enforcement on the weekends, and the statistics of  
4 the stats are lower because there's fewer folks  
5 that are engaged in it. I know at one of our  
6 problem locations, which was Grand River and  
7 Oakman, where that is a tremendous hotspot, we  
8 haven't had any instances over there that I'm  
9 aware of, and we still run our detail. But what I  
10 will tell you is the Detroit Police Department,  
11 Wayne County Sheriff and others have been there  
12 consistently and the spotters come through and  
13 take a look because they're still looking. And  
14 one of the spotters told a lieutenant like you  
15 guys are still here, and it's like absolutely,  
16 because we know that you're still looking.

17 So we believe that as the weather  
18 continues to move on closer to the frost and the  
19 icy period that that will start to really  
20 diminish. But we've seen a natural decrease in  
21 drafting, drag racing, but we still have a big  
22 issue with speeding just in general with folks  
23 going too fast, so we will continue to do traffic  
24 enforcement. But to your question, it has gotten  
25 a lot better, sir.

1 COMMISSIONER DAVIS: All right. I've  
2 gotten some good reports over by the Grand River  
3 Oakman.

4 My next concern is not a question, but  
5 has the Department started formulating any plans  
6 to stop potential voter intimidation, especially  
7 we have outsiders trying to encourage outsiders to  
8 come and intimidate voters. I know it's a  
9 violation of 18 US code 594, but we're going to  
10 make sure that people are not being intimidated as  
11 they vote and make sure that we especially  
12 discourage outsiders from coming in trying to  
13 intimidate our people.

14 AC BETTISON: I'm so glad that you said  
15 that as well because I've gotten those same calls  
16 from concerned citizens, and our seniors  
17 especially of being fearful wondering if it's  
18 going to be safe for me to go vote. Absolutely it  
19 will be safe. We are in preparation right now,  
20 and I'm working with our metro unit, and we're  
21 going to ensure that we have extra patrols out,  
22 extra officers out that will be working at the  
23 polling locations. And when I say working, giving  
24 it attention so we'll be ready to respond and  
25 ensure that no one interferes with our Detroiters'

1 right to express themselves at the poll. That's  
2 sacred.

3 COMMISSIONER DAVIS: And the Detroit  
4 Police Department.

5 AC BETTISON: Yeah. The Detroit Police  
6 Department is working with the Wayne County clerk  
7 as well, and so we definitely have it covered.  
8 And as we move closer to November, I will keep  
9 this commission updated. Thank you.

10 COMMISSIONER BURTON: Mr. Chairman?

11 CHAIRPERSON BELL: Yes, sir.

12 COMMISSIONER BROWN: AC, I'm sorry to  
13 hear about the incident with the officer. I hope  
14 he recovers well. I know the challenges that you  
15 guys are up against and just a lot of us are very  
16 grateful that the men and women of the Detroit  
17 Police Department are coming to work every day.  
18 And although I know you don't feel appreciated  
19 sometimes, but we appreciate you, even those  
20 that's calling on that cry for help. But I just  
21 have two questions. I had a situation where I had  
22 a call from a resident, and she may be having some  
23 issues. And I talked with one of the NPOs, but I  
24 wanted to know, when we started the social work  
25 program, is that in play now that maybe we can

1 send the social worker with the NPO to the house  
2 to evaluate a person that's constantly calling,  
3 and calling, and calling?

4 AC BETTISON: So we have a pilot  
5 program in place, and at this point, I hate to put  
6 her on the spot, but if somebody could un-mute  
7 Tricia Stein.

8 COMMISSIONER BROWN: I could call her  
9 offline.

10 AC BETTISON: Okay. Okay. But yeah,  
11 we do. And so I just had a call yesterday and  
12 we're looking to really, really expand that, and  
13 we're going to put putting in ask in for grant  
14 dollars so we would definitely ask the Board  
15 supports us with our request. We put it in for  
16 grant dollars, but we definitely want to get more  
17 money so that we can have behavioral specialists  
18 out with our officers when they respond to those  
19 type of runs. So thanks.

20 COMMISSIONER BROWN. Great. That's  
21 good to know. Then I'll reach out to you and I'll  
22 get her information and we can direct it to the  
23 8th Precinct area.

24 Also I got another call from the east  
25 side about one of the clubs, the gentleman's clubs

1 over there with their billboard exposing the body  
2 parts of women. Is there an ordinance against  
3 that, and I'm pretty sure it is. Can we just go  
4 and talk to him or have someone just go speak to  
5 them about the advertisement?

6 AC BETTISON: So let me take a look at  
7 it and I'll get with Doug Baker because we were  
8 very, very effective over at the 8th Precinct with  
9 gentleman's club on Eight Mile and we actually  
10 ended up getting it shut down, and so if something  
11 is lewd, lascivious, we will definitely work to  
12 get that addressed and taken down, so let's talk  
13 offline about that, and we can work towards it.

14 COMMISSIONER BROWN: Okay. Thank you.

15 COMMISSIONER JONES: Through the Chair.

16 CHAIRPERSON BELL: Yes. Commissioner  
17 Jones.

18 COMMISSIONER JONES: Just wanted to  
19 acknowledge Assistant Chief Bettison and Officer,  
20 I hope officer. I forgot what her new rank was.

21 AC BETTISON: Commander.

22 COMMISSIONER JONES: I spent a couple  
23 of nights downtown at the protest last week and I  
24 was able to speak with both of them, and I wanted  
25 to applaud the conduct of the officers that were

1 out there. I think Detroit Police Department is  
2 doing an excellent job with managing the protests.  
3 I look forward to being out there again and  
4 working with them again, because I will be keeping  
5 and eye on things as well. Thank you.

6 AC BETTISON: Thank you, sir.

7 COMMISSIONER BURTON: Through the  
8 Chair.

9 CHAIRPERSON BELL: Yes.

10 COMMISSIONER BURTON: You know, I have  
11 a couple of questions. One of the questions is  
12 Assistant Chief Bettison, where are we right now  
13 when it comes to police response time in America's  
14 blackest and poorest city, Detroit, Michigan?  
15 Where do we stand when it comes to Priority 1  
16 calls, Priority 2 and green light locations?

17 AC BETTISON: So Commissioner Burton,  
18 when it comes to Priority 1, right now our average  
19 time that we're sitting at is total response time,  
20 ten minutes thirty-eight seconds that I'm looking  
21 at. And then the prior week it was thirteen  
22 minutes. So that's for Priority 1. I'm not  
23 seeing -- oh, Priority 2 response time, which is  
24 not as imminent or life threatening like Priority  
25 1, that sits as of yesterday that was at 21

1 minutes, and then the prior week it was at  
2 thirty-five minutes. So in regards to Priority 3,  
3 Priority 4, Priority 5, I don't have that. And  
4 those right here, some of them don't get a  
5 response per se with a actual unit, they're  
6 transferred over telephone crime reporting unit  
7 because not every police run requires a response,  
8 a physical response, so they're categorized  
9 differently, but I hope that answers your  
10 question.

11 COMMISSIONER BURTON: Yes. And my last  
12 question for you is we see that's City is about  
13 installing 4500 speed bumps across the city. Will  
14 that have any effect on police response times or  
15 any other first responder that may be approaching  
16 trying to arrive to a scene when they got these  
17 speed bumps? Will that have any effect on police  
18 response time or any other service response time?

19 AC BETTISON: I really don't think so  
20 because typically the speed bumps are placed in a  
21 fashion in a city evaluation or an assessment with  
22 Traffic Safety Engineering, and they'll put them  
23 not on main thoroughfares, but on side streets  
24 where the typical speed limit is supposed to be 25  
25 miles per hour anyway. So, you know, taking into

1 account with them being on the side streets versus  
2 the main thoroughfares, officers typical speeds  
3 when they're responding, whether it's officers EMS  
4 or fire, the typical speeds will be increased on  
5 the main thoroughfares, but when they hit those  
6 side streets because so many stop signs that you  
7 have to make typically whether they have lights  
8 and sirens on anyway, it's just not safe or  
9 prudent to be able to go that fast. So the amount  
10 of time if it would be any would be statistically  
11 insignificant.

12 CHAIRPERSON BELL: Thank you Assistant  
13 Chief White -- I mean Bettison. Try that again.  
14 Okay. Thank you, sir. Okay.

15 I just want to commend the Department  
16 in terms of having a hundred chaplains  
17 representing the chaplain corps in Detroit, and  
18 it's the largest delegation of chaplains in the  
19 United States of American, and I just want to  
20 commend those 20 who joined your ranks. That is  
21 outstanding in terms of that type of volunteer  
22 service on a spiritual, need and they have been  
23 responding.

24 As you well know, when we talk about  
25 these officers being injured, or whatever it is,

1 they're assigned to the precinct throughout the  
2 City of Detroit at large they respond. I just  
3 want to thank you for that type of commitment and  
4 I had an opportunity to convey that to them, and  
5 we have to really get them before us to share that  
6 historic landmark of a hundred chaplains in  
7 uniform representing the Chaplain Corps, and I  
8 know you played a vital role of carrying out Chief  
9 Craig's vision for that several years ago. We're  
10 now we're at that milestone, and we're still  
11 growing.

12 AC BETTISON: Yes, sir. And to the  
13 community, I definitely just want to thank Chief  
14 Chaplain Caldwell for his commitment, and I think  
15 this Board knows the commitment of chaplains, but  
16 to the community as well, our chaplains also like  
17 over the 8th Precinct they participate in a  
18 program called After Care.

19 They also will respond to critical  
20 scenes involving injuries, assaults where citizens  
21 have been injured or hurt. And then also even if  
22 community members need somebody to come and pray  
23 or be there with them, our prayer warriors, our  
24 chaplains will be there for you as well. So if  
25 anybody if anybody listening would report to the

1 Board of Police Commissioners, you wanted a  
2 Detroit Police Chaplain to come out, come visit  
3 you, come pray with you, they will definitely be  
4 available to do that. So we want to ensure that  
5 we wrap our arms around everyone and with having a  
6 hundred chaplains, I need a whole lot for them to  
7 do anyway, and they're willing to step up and do  
8 it.

9 CHAIRPERSON BELL: Thank you, sir.

10 AC BETTISON: Put them to work. Let's  
11 put them to work.

12 COMMISSIONER BURCH: Mr. Chair?

13 CHAIRPERSON BELL: Commissioner Burch.

14 COMMISSIONER BURCH: Thank you to AC  
15 Bettison and to Commissioner Brown, if you would  
16 be so kind when you have that call regarding the  
17 social worker and the billboard, may I be a part  
18 of that conversation? I just wanted to ask the  
19 commissioner and AC.

20 CHAIRPERSON BELL: Yes, ma'am.

21 AC BETTISON: Absolutely. I definitely  
22 wanted to invite on behalf of Chief Craig  
23 Commissioner Willie Burton to be a part of it as  
24 well. Commissioner Burton, when the Chief was on  
25 the last zoom call and we talked about mental

1 illness and we talked about just the overall  
2 enhancing the services that we provide, you know,  
3 police, Wayne County Mental Health Authority, and  
4 I know that they changed their name to DWIHN, and  
5 I have to get the new language right. However,  
6 you know, sir, every call you always advocate for  
7 mental illness and for increased response to them.  
8 So we definitely want you, Commissioner Burton, to  
9 be a part of that with us per Chief Craig.

10 COMMISSIONER BURTON: Thank you.

11 CHAIRPERSON BELL: Thank you, sir.

12 We're going to hear from the Detective Bureau at  
13 this time.

14 COMMANDER DECKER: Good afternoon  
15 Honorable Board and through the Chair. I'm  
16 Commander Eric Decker currently assigned to Major  
17 Crimes. Theirs is a PowerPoint. I'm not sure how  
18 the program goes if we're going to put that up and  
19 we'll go through the PowerPoint.

20 MS. WHITE: Yes.

21 COMMANDER DECKER: Detective Bureau  
22 under Deputy Chief Marlon Wilson consists of  
23 investigative operations, major crimes, and  
24 organized crimes. Sorry about that. Getting some  
25 feedback. Today we're going to really concentrate

1 on more the major crimes part as well as crime  
2 intelligence unit. If you could please skip down,  
3 ma'am. Under major crimes of course is homicide  
4 responding to all homicides in the city, unnatural  
5 deaths, suicides, infant deaths. Fatal squad,  
6 which is our vehicle accident investigation  
7 responding to all fatal and critical vehicle  
8 accidents in the City. Part of homicide is an  
9 inactive case squad, looking back at cases to see  
10 if any new leads can be developed. Headquarter  
11 surveillance is a small group of officers doing an  
12 incredible job out there directly working with our  
13 homicide detectives to apprehend people wanted in  
14 connection with homicides. Developed about five  
15 years ago and been extremely successful.

16 We also have a missing persons, which  
17 is a one sergeant unit that the amount of work she  
18 puts into missing persons are currently in one of  
19 our funeral homes in the area conducting search on  
20 John Doe victims that have been buried, but just  
21 incredible amount of work by one person sergeant.  
22 And also under homicide is our arson, which is  
23 joint between DPD investigators and fire arson  
24 lieutenants.

25 Next page please, ma'am. Included

1 under major crimes is special victims unit, our  
2 domestic violence, handling all married, formerly,  
3 currently reside together with a child in common  
4 cases. Of course sex crimes, which contains four  
5 different squads, the unknown squad, the known  
6 squad, the child squad and the sex squad, which is  
7 the rape kits, and then child abuse, investigating  
8 all alleged criminal action against children under  
9 16 years of age.

10 Our auto theft, our catch unit is under  
11 major crimes. They handle all carjackings, all  
12 stolen vehicles in the City of Detroit and also  
13 conduct auto parts inspections. And then public  
14 order crime, copper task force in the old days,  
15 but they handle the dumping, the graffiti, the  
16 scrapping, energy theft, and also part of that is  
17 the cyber crimes unit. They get very deep into  
18 the whole computer crimes going on these days and  
19 you'll see a large increase.

20 Some of the statistics AC Bettison hit  
21 on them. Unfortunately, our homicides are  
22 extremely high, 22%, 232 today versus 189 at this  
23 time last year. You look at the fatal squad and  
24 it goes back to some of that traffic, just almost  
25 doubling the numbers, 235 compared to 164 cases,

1 again, critical and fatal cases. I don't know if  
2 the COVID, just so many things going on that that  
3 unit is just running crazy right now, so busy, so  
4 many accidents out there ending in fatalities,  
5 unfortunately.

6           Fortunately, our special victims unit  
7 is down lower in crime this year going through  
8 those sex crimes and child abuse crimes 474 to 674  
9 reduction in 200 cases. Auto theft under the  
10 carjackings is a little bit down. You'll see the  
11 public order crimes going back to our copper task  
12 force, a huge increase, 751 to 500, and then the  
13 cyber crimes 77 versus 66. There are very  
14 long-term and deep seated computer type  
15 investigations.

16           Statistically coming out of the special  
17 victims units, you can see the caseload again way  
18 down in domestic violence. Fortunately the child  
19 abuse unit all of them down. You'll see, though,  
20 that the warrants are not down that much. The  
21 groups just continue to do the work out there and  
22 bring offenders to justice.

23           Captain Tosqui is going to talk to you  
24 a little bit about crime intelligence unit, and  
25 then I think we're going to get back together and

1 maybe talk about a little facial recognition and  
2 how important it is in major crimes.

3 CAPTAIN TOSQUI: Through the Chair.

4 CHAIRPERSON BELL: Thank you.

5 CAPTAIN TOSQUI: My name is Captain  
6 Aric Tosqui. I'm the Commanding Officer of the  
7 Crime Intelligence Unit. We are supported by  
8 approximately three quarters civilian and a  
9 quarter sworn. Underneath the Crime Intelligence  
10 Unit we have the Realtime Crime Center that houses  
11 both the crime intelligence and the traffic  
12 management. Currently it's under construction and  
13 we're just placed throughout the City including  
14 8th Precinct, Precinct Intelligence Unit, the 9th  
15 Precinct, Precinct Intelligence Unit. But we're  
16 still in 24/7 full-time operation.

17 Also with us is the Project Greenlight  
18 team. Project Greenlight is a public private  
19 partnership where businesses enter into an  
20 agreement to provide realtime footage in exchange  
21 for our staff devoted to receive, monitor, analyze  
22 the feeds, provide special patrol visits to the  
23 various businesses. As of this week there was 702  
24 businesses in the program.

25 We have the counterterrorism threat

1 analysis team under the Crime Intelligence Unit.  
2 That team has a task of looking at ongoing threats  
3 both domestic and foreign as relates to terrorism  
4 and looking at different types of infrastructure  
5 issues throughout the City of Detroit and suburban  
6 areas.

7                   Lastly under the Crime Intelligence  
8 Unit we have the Audio Video Extraction Response  
9 Team, otherwise known as AVERT. AVERT has a  
10 couple roles, one is that they are responsible for  
11 setting up the locations for all the cameras for  
12 Project Greenlight. So they determine where all  
13 the cameras are going to be placed, and once they  
14 are placed, they go afterwards and assure the  
15 compliance that the cameras are installed  
16 properly. And second, anytime there is any audio  
17 or video evidence that needs to be extracted from  
18 any type of location, whether it's residential or  
19 business, they are the ones that go out and do  
20 that. They've been highly trained to do that, and  
21 they're the only ones in this Department that are  
22 able to do that.

23                   Next slide, please. So when we put  
24 out, the Crime Intelligence Unit puts out on a  
25 weekly basis a report to the Board of Police

1 Commissioners, that provides us information about  
2 facial uses or facial recognition. I want to  
3 highlight a couple parts of that report. And this  
4 is coming from the report that sent out this week,  
5 and its part of the Board's package, and it should  
6 be up at the citizen base website. You can see  
7 that we had a hundred and six uses of facial  
8 recognition this year so far out of which 64 of  
9 them led to a match and 42 did not lead to a  
10 match. So that means that 64 of those would have  
11 again gone on to the detectives for further  
12 investigation to corroborate that the much match  
13 was legitimate, and that the suspect would be  
14 identified. The bottom part is on the second page  
15 of the report that we've sent out, and that is  
16 demographics about the source of the probe photo.  
17 So if you recall back in May, we met with the  
18 Board of Police Commissioners. It was asked to  
19 change the report and add demographics as it  
20 relates to race, gender of the probe photo as well  
21 as the source. It has been highly talked about  
22 that Project Greenlight is only used for facial  
23 recognition, and I'd like to point out here that  
24 Project Greenlight is only the third highest  
25 sources for our pro images for facial recognition,

1 which social media being the first and security  
2 cameras from various businesses being the second.  
3 So those are two things that I definitely wanted  
4 to point out. This report, as I said available  
5 weekly.

6                   Please go on to the next slide. Point  
7 out a fee of the crimes that had occurred and the  
8 type of suspects and victims that we have for  
9 these cases. So we just look at the latest one.  
10 There was a robbery at the 8000 block of  
11 Greenfield where a 16 year old male was robbed.  
12 Through the use of facial recognition, we were  
13 able to generate a match. Detectives followed up  
14 in that match, and through various corroborating  
15 evidence we were able to identify a suspect and  
16 bring that suspect to warrant status. And you can  
17 see here the types of warrant statuses that these  
18 violent suspects have. Two counts of armed  
19 robbery, two counts of assault with intent to  
20 murder, two counts of assault less than murder,  
21 one count of carrying concealed weapon, and seven  
22 counts of felony firearm just on this one case  
23 alone. I won't go through each of these.  
24 Everyone that's watching can read this, but you  
25 know, we're looking at very serious crimes of

1 aggravated assault and robberies here. We're  
2 looking all throughout the city.

3 And you can see the types of accounts  
4 that's coming on here. We have assault with  
5 intent to murder, assault with a dangerous weapon,  
6 robbery armed, felony firearm. And the last one,  
7 that subject was on probation and was violated by  
8 the probation officer in this case.

9 So that's just some of the examples of  
10 the outputs of our use of facial recognition as a  
11 lead, and when the detectives take that lead and  
12 they find the corroborating evidence, they're able  
13 to bring about this type of resolution for cases  
14 that wouldn't cases that may otherwise be  
15 whodunits.

16 And at this time, we would ask that we  
17 have a video that we would like the Board to play.  
18 This is a video that we presented to Detroit City  
19 Council at their Public Health and Safety  
20 Committee meeting, and for those that did not get  
21 a chance to see it, we offer it here for the Board  
22 of Police Commissioner's.

23 CHAIRPERSON BELL: Thank you.

24 MS. WHITE: Captain Tosqui, if you have  
25 the video readily available, I have designated you

1 as cohost for that shared screen feature.

2 CAPTAIN TOSQUI: I will make it  
3 available.

4 MS. WHITE: Allows you to enable volume  
5 right within that panel, that panel boxes.

6 (Video played)

7 COMMANDER DECKER: Through the Chair.  
8 The very powerful video to bring that closure  
9 first and I'll also been involved with City  
10 Council meetings and spent a lot of time in this  
11 last couple weeks. And listen, I understand some  
12 of the issues that facial rec and how contentious  
13 it can be. I want to thank this Board that  
14 supported us and came up with this policy and  
15 allowed us to use this technology. It's a lead.  
16 It's something that has to be corroborated. Just  
17 a lot into it. It's not like hey, here's Max.  
18 That's your person. There's so much mirror.

19 And again, I represent major crimes  
20 part, the homicide, the rapes, the carjackings,  
21 the ones that are allowed for facial recognition.  
22 And I don't know the price of life to bring that  
23 closure to a family or to a rape victim to take  
24 that suspect on.

25 There's another part along with the

1 families and the victims, especially these  
2 homicides, these sex crimes investigators, they're  
3 not a 9 to 5 job. It's not eight hours that they  
4 spend on a job and come back. They take these  
5 cases in. It's part of them. They carry them  
6 forever. They talk to those families over and  
7 over. And there's a piece, you know, it's a huge  
8 puzzle out there that it's a scavenger hunt to go  
9 find that puzzle piece and to identify that  
10 perpetrator is a huge part of that puzzle.

11 I'm going to ask Detective Manzella to  
12 share facial recognition story from a homicide  
13 investigator, if I may through the chair.

14 CHAIRPERSON BELL: Yes, sir.

15 DET. MANZELLA: Through the Chair.  
16 Thank you. My name is Detective Laura Manzella.  
17 I am currently assigned to the homicide section.  
18 I've been with the Detroit Police Department  
19 probably for 21 years. I have a case where facial  
20 recognition was utilized. I'm going to give names  
21 because Defendant in the case pled guilty. I have  
22 a father Maleek Slater, who's a victim, a mother,  
23 Clairenda Holcomb, who's a victim. They have  
24 three children together, an eight month old, a  
25 three year old, and a five year old.

1           Back in May of 2018 Maleek brought a  
2 person to a barbecue that the people at the  
3 barbecue didn't know this person. Maleek ended up  
4 leaving with Clairenda and this is unknown person.  
5 A few hours later, Maleek's body was found on the  
6 east side of Detroit in the middle of a street  
7 with no shoes on and no identification. The next  
8 morning Clairenda's body was found still on the  
9 east side of Detroit still on the east side of  
10 Detroit in a separate location. She was severely  
11 beaten. You can tell she fought for her life.  
12 She was shot two times in the head. She was left  
13 in the middle of the street also with her clothes  
14 torn. It was horrible. And then a couple hours  
15 later their vehicle was found burnt also on the  
16 east side of Detroit.

17           From witnesses that were at the  
18 barbecue, one of the witnesses pointed me towards  
19 a gas station that this unknown person went to  
20 with him and Maleek. We were able to retrieve  
21 video. It was not a Greenlight location, so the  
22 video was really grainy. So what we did is we  
23 actually put the video out to the news. From the  
24 news through Crime Stoppers, I actually got a tip  
25 of a Facebook account that they believed belonged

1 to this person. The Facebook account was in a  
2 fake name. So from there, there was a good  
3 picture I could get from this person and I sent it  
4 out to facial recognition, to Crime Intel. Crime  
5 Intel came back with a name. At that point, I did  
6 not stop my investigation. I continued. I met  
7 with witnesses from the barbecue. Photo lineups  
8 were shown. The man from the facial recognition  
9 photo, his name was Reginald Greene was identified  
10 as the person that left with Clairenda and Maleek.  
11 From there, I looked through Maleek's cell phone  
12 records. The same day as the homicide, I was able  
13 to find a phone number that belonged to a Reginald  
14 Greene. So from there, I was able to type on  
15 Reginald Greene's cell phone. His cell phone was  
16 plotted and he was actually at the dump site of  
17 Maleek's body. His cell phone was there. His  
18 cell phone was also at the dump site of  
19 Clairenda's body, and then his cell phone was also  
20 placed at where the vehicle was burnt. So all  
21 three locations, his cell phone as at. So from  
22 there, we located Mr. Greene, did search warrants,  
23 talked with him. He denied knowing Maleek and  
24 Clairenda. A warrant was sent to the prosecutor's  
25 office, which the signed.

1 Further on, DNA came back, and because  
2 Clairenda fought so hard for her life, his DNA  
3 ended up coming back underneath her fingernails.  
4 So thankfully for all this investigative purposes  
5 and also because of facial recognition, I was able  
6 to get Reginald off the street as fast as possible  
7 and get some type of justice for these children  
8 that lost both of their parents in a horrific  
9 crime. Thank you.

10 CHAIRPERSON BELL: Than you, Detective,  
11 for that reporting out. I was impressed by that  
12 when I witnessed that when you went before the  
13 subcommittee of the council. I know Councilman  
14 Roy Macallister is a former homicide detective,  
15 and also Councilwoman Ayers was so moved by what  
16 she experienced and with those witness families  
17 and with this Detective testifying, I was moved by  
18 that. I thought it would be appropriate for this  
19 Board to see the actual work of what we're doing  
20 here. It's not in a vacuum. These are real  
21 people who have witnessed the victim of crime over  
22 and over again. And plus this Detective in terms  
23 just knowing that type of work putting in, like  
24 you said, you don't just go home at 4:00. You're  
25 on call. You work that case I just want to

1 commend Commander Decker being one of those career  
2 what I call real cops from your reputation out  
3 there leading this task force. And Captain Tosqui  
4 I was think was important to have that type of  
5 interaction at that particular time. Thank you.

6           COMMANDER DECKER: And thank you, sir.  
7 I understand the contention behind it. I just  
8 want to thank this Board for their supporting the  
9 help on the policies and allow us to use this  
10 technology going forward to bring justice, take  
11 bad people from the streets and justice for  
12 victims. And I'm sure myself and Captain Tosqui  
13 will answer any questions from the Board.

14           CHAIRPERSON BELL: Commissioners.

15           COMMISSIONER DAVIS: Question.

16           CHAIRPERSON BELL: Yes, sir.

17           COMMISSIONER DAVIS: Question. I know  
18 recently, the Michigan State Police they posted it  
19 was an article about them dealing with missing  
20 people, missing persons. I was wondering, what  
21 type of success rate do you have dealing with  
22 missing people or missing persons? And also is  
23 some of those, A has some of those been found to  
24 be involved or been placed in human trafficking?

25           COMMANDER DECKER: I don't have great

1 answers for you, sir. I mean our -- currently  
2 we're doing -- you know, DNA is huge. I'm not  
3 sure if that's the article that you're talking  
4 about. That's what our current dig is out to  
5 identify unidentified or John Doe or Jane Doe  
6 decedents, and it's not only homicide decedents,  
7 it's just John or Jane Does. From our more huge,  
8 I mean one of them is a huge success to me to  
9 bring again that closure to a family. And from a  
10 strict homicide perspective, it's very hard to  
11 solve a homicide when you don't know who the  
12 victim. It's possible we have obtained warrants  
13 on John Doe victims, but most of the cases have to  
14 start with identification. The rest of your  
15 question, sir? Statistically, Commissioner?

16 COMMISSIONER DAVIS: I was asking do  
17 you all help to find very many missing people?  
18 Because I know there was an article about the  
19 police and successful they had been in helping to  
20 find missing people.

21 AC BETTISON: Assistant Chief Bettison  
22 through the Chair. This article came out a couple  
23 hours ago, and I had a chance to read it. And  
24 absolutely when it comes to human trafficking, if  
25 you remember the Board approved us getting a grant

1 about two and a half years ago. It was a cops  
2 grant that focused on human trafficking, and we  
3 were going to hire 15 police officers and add it  
4 to our vice unit. So our vice unit, along with  
5 her our with our sex crimes unit worked hand in  
6 hand with Michigan State Police on a task force.  
7 So oftentimes what doesn't get reported is that  
8 DPD is involved in this as well, and that it's  
9 really multi-jurisdictional. So we have DPD  
10 officers assigned, and I'll be able to get you  
11 more specifics by checking in with our vice unit  
12 to see whether or not we were involved. But when  
13 it comes to human trafficking, it doesn't just  
14 stop in one city, it's across counties, and  
15 sometimes even across state lines.

16 So we have recovered missings, and the  
17 biggest problem that we have oftentimes is because  
18 those Johns, those pimps will get them addicted to  
19 drugs. It's finding them places to get them that  
20 support that they need to reintegrate them back  
21 into society. So we partner with other agencies  
22 as well so that it's one thing to recover them,  
23 but also to be able to get them whole. And we  
24 work also with 36 District Court, Judge Shannon  
25 Holmes, so that even if a girl is picked up for

1 prostitution, to be able to make the distinction  
2 of whether or not they're a victim, or whether or  
3 not they're out there willingly. So I hope that  
4 answers some of the questions, but I can give you  
5 much more thorough report a little later,  
6 Commissioner.

7 COMMISSIONER DAVIS: Okay. Thank you.

8 AC BETTISON: Thank you, sir.

9 COMMISSIONER BURCH: Mr. Chair. Mr.  
10 Chair.

11 CHAIRPERSON BELL: Yes, ma'am,  
12 Commissioner Burch.

13 COMMISSIONER BURCH: Yes. First of all  
14 I'd like to congratulate Commander Decker in his  
15 new position. Evidently, sir, you happened to be  
16 in the right place of all the good work that  
17 you're doing thus far.

18 I wanted to say to AC Bettison,  
19 regarding the facial recognition, it is such a  
20 topic. Can you explain to me why is there so much  
21 division and different opinions about the  
22 Greenlight and the facial recognition? Some say  
23 it's racist. Some say it is ugly as far as those  
24 green lights make a person think I won't go to  
25 that location because it must be under a criminal

1 investigation. They think of that place instead  
2 of being safety, what you think they're thinking,  
3 they may think AC, why am I going to that place of  
4 business? That green light to me can be a  
5 negative signal. I gave you quite a bit to talk  
6 about, but what makes the citizens keep not  
7 wanting the Greenlight? There's something to  
8 that. Could you just share, Commander Decker, and  
9 AC.

10 AC BETTISON: I'll start it out because  
11 Greenlight is completely separate from facial  
12 recognition. The two are completely separate.

13 COMMISSIONER BURCH: I know that.

14 AC BETTISON: Yep.

15 COMMISSIONER BURCH: Yes. I know that.

16 AC BETTISON: And I was initially  
17 tasked by Chief Craig on the ground to be one of  
18 the, you know, get the Greenlight started. So I  
19 was on the ground before we even knew what the  
20 Greenlight was going to look like. And as we  
21 developed and got partners to come on board, it's  
22 all about branding. So we never imagined that we  
23 would have close to seven hundred green lights.  
24 We started out with I believe it was nine  
25 businesses, you know, eight Greenlight locations.

1 And soap from there, you know, how do you brand  
2 it? How do you let folks know that this is a save  
3 haven. And so with branding, we coined it  
4 Greenlight. So we had to find a Greenlight. So  
5 what was the Greenlight that we identified and set  
6 upon. We didn't know that we would get up to 700  
7 of them, but that was based off of the community  
8 actually going to businesses, protesting  
9 businesses that they didn't feel was safe. So  
10 this was a community drive. It wasn't a police  
11 drive to get all these green lights. And there  
12 have been many community block clubs and groups  
13 that have wen to businesses where they didn't feel  
14 safe and demanded the owner joint the program.

15 I can give you another example right  
16 there at Grand River and Wyoming. Horace  
17 Sheffield along with the DABO Center. They  
18 demanded that that gas station across the street  
19 become a Greenlight. And those citizens over  
20 there won't go to a place unless it's a  
21 Greenlight. So I do understand that we got to the  
22 point --

23 COMMISSIONER BURCH: AC, please. I  
24 understand what you're saying. I was one of the  
25 ones the very first beginning when Chief Craig

1 started that. I was on the street telling people  
2 to get the Greenlight. But please go to the  
3 facial recognition. What is it that they keep  
4 coming to us on public comments? Some of my  
5 people in the neighborhood, I don't like facial  
6 recognition. Some like it. I looked at the tape  
7 of mothers that lost their husbands or their son.  
8 I've watched that okay. I'm just saying what is  
9 it that we can bring some kind of closure to this  
10 facial recognition because after all, Detroit is  
11 predominantly black. I think that's why the  
12 people are saying that it's a racist system. And  
13 when you make mistake a, AC, and that person goes  
14 to jail then, again, he's embarrassed, his family  
15 is embarrassed and then the City is sued. I've  
16 never seen so many people suing the City.  
17 Everybody is sue happy. So what are you going to  
18 do about that when the facial recognition makes a  
19 mistake again? It's made two already, right?

20 AC BETTISON: I got you, Commissioner.  
21 I'm going to comment, and what I will tell you is  
22 thank God the City of Detroit got a Board of  
23 Police Commissioners. So give yourselves a round  
24 of applause because you all help us get model  
25 policy and even make us strengthen policy to

1 protect the citizens in the community. So this  
2 policy that we have is a model policy that ensures  
3 protection and safeguards. And as a result, we  
4 modify and craft our policies to be more stringent  
5 than the would have been before. So that's what  
6 having civilian oversight does, and that's a  
7 direct result of this Board of Police  
8 Commissioners.

9 In those two to cases that we're being  
10 sued for with misidentification that's been  
11 probably displayed in the news, both of those  
12 cases came from the same detective and came before  
13 the policy was implemented that you all approved.  
14 Since then, we haven't had an issue. And then  
15 more so, the issue with those two cases wasn't a  
16 misidentification, it was an issue of sloppy  
17 detective work.

18 So why people don't like facial  
19 recognition, there's been national articles that  
20 have been written that said that with the  
21 algorithm, it doesn't identify black or brown  
22 people as accurately as it would Caucasian  
23 individuals. So that has been a bone of  
24 contention.

25 However, the issue also is the fact

1 that people don't understand how we use it. We  
2 don't rely on the first pick that facial  
3 recognition gives us. If we rely just on the  
4 first pick, meaning when you put the picture of a  
5 still shot, they call it a probe photo, into the  
6 software, it will give you anywhere from 25 to 50  
7 pictures. We have trained analysts, trained by  
8 the FBI that will go through and look, and they  
9 use other factors as well, but they use biometrics  
10 that they've been trained on, which is the study  
11 of the face, and then also other things, and I can  
12 have Captain Tosqui speak more to that. After  
13 they believe that it's an individual, it can be  
14 picture 25, it could be picture three. Then  
15 another analyst has to peer review it and ha to  
16 agree. Then from there, it has to go to a  
17 supervisor before it even goes out to the  
18 detective that initially submitted a photograph to  
19 be run through the system. So those are layers  
20 that the Board of Police Commissioners ensured  
21 that we have there. And we never use still live  
22 shots. We took that completely out. So it's  
23 never running through the software of a camera  
24 when you walk into a business and somebody's  
25 taking an image of your face and running it

1 through all these different databases. And we  
2 also only utilize our own DPD mug book. So  
3 there's a of misinformation out there, and through  
4 these various forums like this, we seek to educate  
5 our community. And also prior to COVID pandemic,  
6 we were given tours of our Realtime Crime Center.

7 COMMISSIONER BURCH: That's okay.  
8 That's okay, AC. Thank you.

9 CHAIRPERSON BELL: AC Bettison, thank  
10 you. We're going to wrap that portion up. We're  
11 going to wrap it up.

12 COMMISSIONER BURTON: I have a comment,  
13 Mr. Chairman.

14 CHAIRPERSON BELL: Do you have a  
15 question?

16 COMMISSIONER BURTON: I have a -- I do  
17 have a comment. Through AC Bettison. We just saw  
18 recently in New York where an 18 year old student  
19 was misidentified. His name was Ousmane Bah. He  
20 was 18 years old. He was misidentified by facial  
21 recognition where now him and his family is suing  
22 Apple for a billion dollars. The City of Detroit  
23 is begging for another unwanted casualty by  
24 continuing to allow law enforcement to use facial  
25 recognition. I call it techno racism, cannot

1 identify one black male from another. We saw  
2 where Roberts Williams was misidentified with this  
3 racist technology. Michael Oliver, another black  
4 man here in the City of Detroit was also  
5 misidentified.

6 CHAIRPERSON BELL: Mr. Burton, we're  
7 gong to wrap it up. You got your point across.

8 COMMISSIONER BURTON: He slept on a  
9 concrete floor.

10 CHAIRPERSON BELL: Assistant Chief,  
11 we're going to wrap this up.

12 COMMISSIONER BURTON: What happens if  
13 it was your son, your loved one? Would you still  
14 want to use this racist technology?

15 CHAIRPERSON BELL: We're going to move  
16 on.

17 COMMISSIONER BURTON: My question for  
18 you, Chairman Bell, and for anybody on the  
19 Commission.

20 CHAIRPERSON BELL: Thank you. We're  
21 going to move on. It's duly noted. We're going  
22 to move on to the next. Thank you Assistant and  
23 Commander and the Captain. Everybody got their  
24 point across. Thank you. Now we're going to move  
25 on to Civil Rights Division.

1 MS. WHITE: Yes. Lieutenant Firsdon.  
2 We are unmuting his microphone.

3 CHAIRPERSON BELL: Thank you.

4 LIEUTENANT FIRSDON: Sorry about that.  
5 I apologize. I am Lieutenant Firsdon from the  
6 Civil Rights Division. I appreciate the Board  
7 allowing me the opportunity to present on behalf  
8 of the Civil Rights Division today, and on behalf  
9 of Deputy Chief Mark Bliss.

10 First, I would like to describe what  
11 the Civil Rights Division is responsible for. We  
12 are responsible for the substantive -- oh, excuse  
13 me. Is the PowerPoint ready?

14 MS. WHITE: Yes. We are bringing it  
15 up.

16 LIEUTENANT FIRSDON: Sorry. Thank you.  
17 Okay. The Civil Rights Division is responsible  
18 for the substantive and procedural requirements of  
19 all police-citizen contacts within the constraints  
20 of the Detroit Police Department policy,  
21 constitutional policing practices, and -- excuse  
22 me. Constitutional policing practices and the  
23 law. Law. This is accomplished through audits  
24 and inspections. The Detroit Police Department's  
25 policies audit team and compliance team are

1 assigned to the Civil Rights Division. The Civil  
2 Rights Division is responsible for the following  
3 commands, that is risk management, the management  
4 awareness system, and the body-worn camera review  
5 team.

6 Currently we have 14 personnel assigned  
7 to Civil rights which includes a captain, two  
8 lieutenants, two sergeants, four police officers,  
9 two police assistants, one performance and  
10 compliance analyst manager, one performance and  
11 compliance analyst, and one performance and  
12 compliance analyst. Excuse me, the first one was  
13 a senior performance and compliance and the second  
14 one is a performance compliance analyst. Those  
15 are auditors.

16 So our methods of maintaining  
17 compliance are through risk management, the  
18 management awareness system, our body-worn camera  
19 team reviews, which is Event Recording Compliance,  
20 and now we have added a layer of ensuring that the  
21 members are completing their on duty introductions  
22 and synchronizations with their in-car video  
23 systems, conducting environmental audits,  
24 specialty audits, and compliance audits.

25 So risk management's responsibilities,

1 they monitor and evaluate the management awareness  
2 system. The management awareness system is a  
3 proactive tool. It provides a systematic review  
4 performance indicators. And currently there are  
5 52 performance indicators as indicated in the  
6 manual. So once a threshold is met with  
7 performance indicators, risk management reviews a  
8 member's profile. We have two categories of once  
9 a threshold is met. And the first one is a  
10 category one, which means there's three  
11 performance indicators with met within six months,  
12 and those indicators include traffic crashes, use  
13 of force, citizen complaints, and civil  
14 litigations. And a category two would be five  
15 separate occasions of a member missing course  
16 being sent to court in six months. So once a  
17 determination is made as to whether performance  
18 value, a determination is made as to whether a  
19 performance and valuation enhancement review  
20 session is required. PEERS is a meeting attended  
21 by the member and the supervisor for the purpose  
22 of discussing performance issues.

23 So the following are some examples of  
24 audits at the Civil Rights Division. Conducts.  
25 The first one is a body-worn camera. This is

1 outside of our normal bi-weekly report for  
2 CompStat purposes. We do get requests and do  
3 body-worn camera audits that are date specific and  
4 focus specific. And as previously stated, we had  
5 recently done one, which included a 15-day review  
6 of all introductions and synchronizations  
7 throughout the department.

8 Another example of audits we conduct is  
9 the environmental audit, and these are generally  
10 at the direction of the Chief of Police. So these  
11 are command specific and the focus on morale,  
12 staffing, attendance, sick time, cases closure  
13 rate, EEO, Equal Employment Opportunity, Americans  
14 with Disabilities Act, training, firearms  
15 inventory, facility and vehicle inspections, and  
16 citizen complaint records, which are handled by  
17 the Office of the Chief Investigator.

18 So we also do specialty audits which  
19 are focused and topic specific. Some examples of  
20 ones we've done recently is we've audited the  
21 department safes and the vending machines to  
22 ensure that we do have access, knowing what we  
23 have in our safes, what our combinations are,  
24 where there came from, we can properly access  
25 them. And vending machines ensuring that are

1 licensing is uniform and that we are handling  
2 monies uniformly also.

3           And we also do compliance audits, and  
4 these are our audits that we reports out  
5 routinely. And the first one is body camera  
6 audits. We report those out bi-weekly, and use of  
7 force audits, which is ongoing. And we also  
8 conduct a quarterly report on buccal swabs, and we  
9 also -- we conducted energy weapons, also known as  
10 tasers, daily. We review those documentations, we  
11 review the videos and we upload those results into  
12 a Smart Sheet.

13           And why does the Department audit. We  
14 audit to ensure compliance with Department policy  
15 and law to mitigate liabilities, to document and  
16 track statistics, to identify issues, to identify  
17 safety issues, to identify trends and patterns and  
18 recommend improvements to operations. And the  
19 audits that we conduct, we do make a finding and  
20 make recommendations with those audits to policy  
21 if applicable.

22           So when we conduct and environmental  
23 audit, we do it with the assistance of Civil  
24 Rights Division, Risk Management Professional  
25 Standards Bureau, Human Resources EEO,

1 professional education and training, resource  
2 management, and fleet management.

3 At this time, I'd like to open it up  
4 for questions.

5 COMMISSIONER BROWN: Through the Chair.

6 CHAIRPERSON BELL: Yes, sir.

7 COMMISSIONER BROWN: Excellent  
8 presentation. And if Commander Decker is  
9 listening, excellent presentation also as well.  
10 Can certainly move one to reconsider certain  
11 things. But with your audits, on your  
12 environmental audits, how are they prompted,  
13 because I had a two-part question.

14 LIEUTENANT FIRSDON: So they're  
15 prompted by direction if there's and identified  
16 problem, and they're also prompted by request from  
17 a commanding officer.

18 COMMISSIONER BROWN: And does that lead  
19 into some type of investigations like emails, text  
20 messages and things concerning City property?

21 LIEUTENANT FIRSDON: That is not part  
22 of the environmental audit. What we look at is  
23 the topics of as stated is the attendance, the  
24 facilities, morale, complaints, stuff of that  
25 nature, not at members text messages or emails.

1 COMMISSIONER BROWN: Okay. Thank you.

2 LIEUTENANT FIRSDON: You're welcome.

3 COMMISSIONER DAVIS: Davis.

4 CHAIRPERSON BELL: Yes, sir.

5 COMMISSIONER DAVIS: Question as it  
6 relates to the environmental audits. Was you  
7 involved with the environmental audit at the 6th  
8 Precinct dealing with some of those racial issues,  
9 and do you all help to audit racial issues.

10 LIEUTENANT FIRSDON: So I was not  
11 involved with the 6th Precinct audit through the  
12 Civil Rights division. I was actually at the  
13 disciplinary administration at the time.

14 COMMISSIONER DAVIS: But do you all  
15 have a schedule? Did you all -- I think you all  
16 probably should go around to different precincts  
17 and do environmental audits. Is there any plans  
18 to do anything like that?

19 LIEUTENANT FIRSDON: As stated, they're  
20 at the direction of generally the Chief's Office  
21 or a designee, or at the request of a commanding  
22 officer. Like when a commanding officer takes  
23 over a command, they will request audits to  
24 identify any problems. If they hear something,  
25 after talking with their staff they, I can't say

1 often, but occasionally they request an  
2 environmental audit.

3 COMMISSIONER DAVIS: Okay.

4 COMMISSIONER JONES: Through the chair.

5 COMMISSIONER BELL: Yes, sir.

6 COMMISSIONER JONES: Back when he was  
7 going through the latter part of his presentation,  
8 it was something in one of the lines about a swab,  
9 same thing explained what that definition of those  
10 letters were.

11 LIEUTENANT FIRSDON: So a buccal swab  
12 is when a member -- excuse me, when a citizen is  
13 arrested and they're taken to the DDC, the Detroit  
14 Detention Center, by statute, if somebody's  
15 arrested for a felony or a high misdemeanor such  
16 as a sexual, a CSC, criminal sexual conduct  
17 charge, a high misdemeanor such as that, by  
18 statute they're required to provide a DNA sample.  
19 So that audit that to make sure that we are doing  
20 that in compliance with statute.

21 COMMISSIONER JONES: Okay. Thank you  
22 very much. And also wanted to acknowledge  
23 Commander Decker also in his presentation for  
24 Greenlight and also for FRT.

25 CHAIRPERSON BELL: Thank you.

1 LIEUTENANT FIRSDON: If I may.

2 CHAIRPERSON BELL: Sure.

3 LIEUTENANT FIRSDON: This is something  
4 discussed with Ms. White, and I know that a topic  
5 that comes up quite often with the Board through  
6 watching the meetings is body-worn camera  
7 compliance.

8 CHAIRPERSON BELL: Yes, sir.

9 LIEUTENANT FIRSDON: Just for  
10 statistics purposes, this year the Police  
11 Department, the Civil Rights Division, we have  
12 reviewed 26,512 events of members body-worn camera  
13 videos to ensure that they're in compliance, and  
14 of those 26,513 videos, we are not 97% in  
15 compliance with the use of body-worn cameras.

16 CHAIRPERSON BELL: Thank you've.

17 LIEUTENANT FIRSDON: And this is up  
18 from 16,801 last year for the entire calendar  
19 year, and we are still at 97% compliance last  
20 year.

21 CHAIRPERSON BELL: Thank you. Thank  
22 you for reporting out. Ms. White?

23 MS. WHITE: Yes. Through the Chair.

24 CHAIRPERSON BELL: Could we recess for  
25 about five minutes, please?

1 MS. WHITE: Yes, sir.

2 CHAIRPERSON BELL: Could you put us on  
3 pauses on recess, please.

4 MS. WHITE: Yes, sir.

5 CHAIRPERSON BELL: Yes, sir.

6 (Whereupon a recess was

7 Held in the proceeding)

8 CHAIRPERSON BELL: Okay. Thank you.

9 MS. WHITE: Okay. So we are back on  
10 the record, sir, and the meeting is being  
11 recorded. And just briefly through the Chair,  
12 Honorable Board, the incoming correspondence is  
13 listed on the Board's agenda for today. There are  
14 six items and they are specifically listed on the  
15 agenda and one other item that I would like to  
16 highlight at this time that is not listed was that  
17 is for the record and for your clarity. Recently  
18 the Board approved the Department's Taser X2  
19 conducted energy weapon Department directive  
20 304.7. And one of the questions raised during  
21 that presentation was whether or not officers or  
22 members are allowed to carry tasers during  
23 secondary employment. And for the record, the  
24 Department policy does allow members to carry  
25 tasers during secondary employment to allow the

1 less lethal options that are afforded during  
2 regular tour of duty. So again, for the record,  
3 tasers are allowed by policy to be carried during  
4 secondary employment. And so I wanted to clarify  
5 that for the record. And that concludes the  
6 incoming correspondence for this week.

7 CHAIRPERSON BELL: Thank you, Ms.  
8 White.

9 COMMISSIONER BROWN: Through the Chair?

10 CHAIRPERSON BELL: Yes, sir.

11 COMMISSIONER BROWN: Ms. White, correct  
12 me if I'm wrong because I don't have it in front  
13 of me, but didn't the policy specifically say that  
14 they were not allowed to carry tasers in secondary  
15 employment? The one that we voted?

16 MS. BURCH: I agree.

17 MS. WHITE: No, sir. Through the  
18 Chair. The policy that was previously approved by  
19 the Board in 2017, in 2017, did allow and did  
20 permit officers or members to carry tasers during  
21 secondary employment, and that was actually one of  
22 the recommendations that the Board posed to the  
23 Department was to make sure to address whether or  
24 not they could be carried during secondary  
25 employment, and again, it's allowed to provide the

1 member with the less lethal option, both during  
2 regular employment or regular tour of duty and  
3 also during secondary employment.

4 COMMISSIONER BROWN: Right, but I'm  
5 talking about the policy that we just voted on  
6 specifically where I think I recall reading it,  
7 and saying specifically that they were not allowed  
8 to carry tasers. So do we need to really revisit  
9 this to look at it to make sure.

10 CHAIRPERSON BELL: Ms. White, why don't  
11 we share that policy in the near future. You can  
12 send it out after this meeting and, in fact, we  
13 can review it.

14 MS. WHITE: Will do.

15 CHAIRPERSON BELL: Okay. We're going  
16 to move on.

17 COMMISSIONER BROWN: Thank you.

18 CHAIRPERSON BELL: Thank you, sir.  
19 Unfinished business. New business. Ms. White, I  
20 think Commissioner Holt, or Commissioner Carter,  
21 one of the two.

22 MS. WHITE: Yes. Madam  
23 Vice-Chairperson Holt? Okay. I do still see her  
24 on the line. Maybe she is muted. Commissioner  
25 Carter?

1 COMMISSIONER BURTON: I have something  
2 under unfinished business and new business.  
3 Somebody keeps muting my mic form the BOPC.

4 MS. WHITE: Through the Chair, I just  
5 want to also indicate that we are locating  
6 Commissioner Carter and Vice-Chair Holt. And also  
7 for the record, Honorable Board, you do have the  
8 capabilities of self-muting and muting your  
9 microphones at any time during the meeting. Thank  
10 you.

11 COMMISSIONER BURTON: Under new  
12 business, Mr. Chairman.

13 CHAIRPERSON BELL: Ms. White, you have  
14 the floor on behalf of those two Commissioners.  
15 You just have to pause, sir.

16 MS. WHITE: Yes. The Commissioner,  
17 Madam Vice-Chairperson Holt --

18 COMMISSIONER BURTON: Right now I call  
19 for Chairman Willie Bell's resignation for the  
20 abuse of Chairmanship.

21 CHAIRPERSON BELL: Ms. White, go ahead.

22 MS. WHITE: Yes. Through the Chair,  
23 Honorable Board, Madam Vice-Chairperson Holt, she  
24 wanted to make a quote.

25 COMMISSIONER BURTON: I just got a

1 second from Commissioner Bill Davis.

2 CHAIRPERSON BELL: Go ahead, Ms. White.

3 MS. WHITE: Excuse me. Through the  
4 Chair, Madam Vice-Chairperson Holt wanted to  
5 indicate on the record that she had a proposed  
6 bylaw amendment, and I will share that information  
7 at this time to the entire Board. But just  
8 reading from what Madam Vice-Chairperson  
9 indicated, the specific provision that she  
10 proposing to amend is as follows: Article 4,  
11 officers of the Board duties removal and Board  
12 staff Section 7 removal. It states in part, any  
13 officer may be removed by the Board by a majority  
14 vote whenever in its judgement, the best interest  
15 of the Board would be served thereby. So that is  
16 the current bylaw provision. Madam  
17 Vice-Chairperson Holt is proposing to amend  
18 the Board bylaw to the following: Article 4  
19 officers of the Board duties removal and Board  
20 staff to read as follows: Section 7. The Board  
21 may by an affirmative vote --

22 COMMISSIONER BURTON: Point of order.  
23 I put a motion on the floor to call for Chairman  
24 Bell's resignation.

25 COMMISSIONER JONES: Point of order.

1 Ms. White has the floor.

2 COMMISSIONER BURTON: Point of order.

3 I put a motion out there to call for Chairman  
4 Willie Bell's resignation.

5 CHAIRPERSON BELL: Ms. White, continue,  
6 please.

7 MS. WHITE: So through the Chair, the  
8 Board may by an affirmative vote of the two thirds  
9 seven members remove the Chairperson, Vice  
10 Chairperson for cause. Prior to any such removal,  
11 at least three members of the Board shall have  
12 filed a request in writing that the Chairperson or  
13 when the proceeding involve the Chairperson, the  
14 Vice Chairperson schedule such action at a Regular  
15 or Special Board meeting, the Chairperson or when  
16 the proceedings involve the Chairperson, the Vice  
17 Chairperson may at his or her discretion approve  
18 or reject the request. If the Chairperson or the  
19 Vice Chairperson approves the request, the person  
20 subject to removal shall be notified and shall be  
21 provided an opportunity to address the Board prior  
22 to the vote. And so that is the proposed bylaw  
23 amendment that is en route to your inbox. And  
24 please note that the current bylaw provision that  
25 indicates and provides for revision to bylaws

1 allows for a 30-day review and distribution of the  
2 actual bylaw amendment and then for a vote to take  
3 places. And so that information is being  
4 distributed to your inbox.

5 CHAIRPERSON BELL: Thank you, Ms.  
6 White. Thank you. Ms. White, did we establish an  
7 agenda? I don't think we did, is that correct?

8 MS. WHITE: No, sir, we did not.

9 COMMISSIONER BELL: It was not  
10 approval, so the Chair we're going to move to  
11 announcements. The next meeting is going to be on  
12 Thursday October 8, 2020.

13 COMMISSIONER BURTON: Mr. Chairman, I  
14 call for your resignation as Board Chairman  
15 because of how you dictate these meeting.

16 CHAIRPERSON BELL: The next committee  
17 meeting going to be Thursday, November the 12th.  
18 Oral communication at this time.

19 COMMISSIONER BURCH: Mr. Chair, I have  
20 announcements.

21 CHAIRPERSON BELL: Thank you, Mrs.  
22 Burch. Make your announcement.

23 COMMISSIONER BURCH: Okay. I would  
24 like that in lieu that AC Holt, whatever happened  
25 to her, I wanted to mention just about the voting.

1 CHAIRPERSON BELL: Yes, ma'am.

2 COMMISSIONER BURCH: AC also said, Mr.  
3 Chair, that they the police will be around where  
4 the people will feel safe going to vote. I wanted  
5 to know, did anybody have the drop boxes that  
6 going to be all through the City, were the police  
7 going to monitor those boxes and was it going to  
8 be like a volunteer watching those boxes so that  
9 they wouldn't be tampered with? And that's my  
10 question to AC and to everybody listening out  
11 there, I believe that a person should be sitting  
12 at the drop off locations, drop off box locations.  
13 And the other thing, the announcement I had is  
14 that there's a positive billboard with the Local  
15 Engineers 324 Spectrum Neon Belmont Shopping  
16 Center Imperial Market that we have posted at  
17 State Fair and Woodward on the south side of  
18 Woodward beyond the Perfecting Church under  
19 construction. That's the good news and positive  
20 news that anybody wants to invest in what we're  
21 doing in the neighborhood. Please call  
22 Commissioner Burch. Thank you.

23 CHAIRPERSON BELL: Thank you,  
24 Commissioner Burch. And I would bring it not only  
25 to attention AC Bettison, I would have that

1 discussion with Chief Craig and the mayor in  
2 reference to DPD. I know they can't sit on those  
3 boxes, but they can monitor, and we'll make sure  
4 that we have that dialogue. Mr. Brown? Is that  
5 Mr. Brown?

6 MR. BROWN: Yes, sir. Good afternoon,  
7 Mr. Chair and Honorable Board. We currently have  
8 12 speakers. Your first speaker would be  
9 Lieutenant Mark Young, President of LSA, Ms.  
10 Bernice Smith, followed by Mr. Eric, Minister Eric  
11 Blunt.

12 LIEUTENANT YOUNG: Can you hear me?

13 CHAIRPERSON BELL: Yes, sir.

14 LIEUTENANT YOUNG: First all, I want to  
15 thank you, Commissioner Bell, for the statements  
16 that you made in the beginning about the  
17 anti-police rhetoric, the defund the police, all  
18 of that stuff. We told you from the beginning,  
19 that was emotional rhetoric, agenda driven not  
20 data, not fact driven. Minneapolis and other  
21 cities are now suffering the consequences. Well,  
22 actually, they're not suffering the consequences,  
23 the honest, decent citizens, especially the youth,  
24 the seniors, and hard working people are suffering  
25 from the anti -police rhetoric.

1           One of the things that upset me and it  
2 drives me to anger to this day is that our city  
3 did not inform the anti-police and the anti-police  
4 rhetoric people about how much progress we've  
5 made, our achievements, our already reform, how we  
6 dealt with a barricaded gunman for two to three  
7 days because we show compassion versus use of  
8 force. In many cases, our members were injured  
9 because we want to avoid using force.

10           I want to say to the men and women on  
11 the Detroit Police Department, they are the  
12 greatest. They are the best, and they do it  
13 unconditionally. You've already defunded them.  
14 In the past we use layoffs and bankruptcy and  
15 everything to defund them, so they got their  
16 victory there. I hope they enjoy it.

17           Crime is out of control to some  
18 degrees, but they still show up. Some people say  
19 it's not a good time to be a police, I am proud to  
20 represent the real police. Also every tool  
21 available to these men and women, you have an  
22 obligation to make it available to on facial  
23 recognition included, along with benefits and  
24 wages for them. Make this a career and not a job.

25           Also, the other thing that fuels my

1 anger right now is a lack of participation in the  
2 census. It's deplorable. Another bankruptcy  
3 could be looming if we don't step up and resolve  
4 this issue quickly. We believe that victims  
5 matter.

6 MR. BROWN: Ms. Bernice Smith. Ms.  
7 Smith?

8 MS. PANSELL: No. She's not here.  
9 This is Sharon. I couldn't get her on the phone,  
10 okay?

11 MR. BROWN: Okay. Minister Eric Blunt.  
12 Mr. Blount.

13 MINISTER BLOUNT: Can you hear me?

14 MR. BROWN: Yes, sir.

15 MINISTER BLOUNT: Yes. Can you hear me  
16 Board?

17 CHAIRPERSON BELL: Yes, sir.

18 MR. BROWN: Yes.

19 MINISTER BLUNT: Okay. Good. Chairman  
20 Bell, your opening comments on the requirement for  
21 unity of statement is wrong, especially with  
22 controversial issues. Just like the supreme  
23 court, the dissenting opinion is and deserves to  
24 be heard. Recall that you, even you, Chairman  
25 Bell, went out of your way to make a TV interview

1 on opposing the Boards decision not to discipline  
2 Dewayne Jones. The Chief's report out to this  
3 civilian oversight Board, not including the status  
4 of disciplined officers, even those on the Giglio  
5 Brady list is problematic, especially in light of  
6 the fact that the report out has for years  
7 included details on fallen and injured officers.

8 At Tuesday's City Council meeting, one  
9 of the many disturbing statements DPD leadership  
10 made was that even if the facial recognition  
11 contract does not go through, they were still  
12 going to do it anyway. This is highlighted by  
13 Councilman Lopez' dissenting opinion and it was  
14 published in the Detroit News. This we're going  
15 to do it anyway is extremely dangerous coming from  
16 a police department to a city council meeting.  
17 Today the facial recognition technology repeated  
18 presentation only highlights successes. A  
19 critical analysis of performance must include both  
20 sides. Why DPD leadership will never let the  
21 story of those falsely identified share their  
22 stories reveal the corruption used by DPD in  
23 support of facial recognition technology.

24 The presentation by the Civil Rights  
25 Unit, who approved the 52 measure indicators? Are

1 there other indicators that are just as good? How  
2 do we know if these indicators are best practices?

3 AC Bettison loves to state, we are the  
4 model of this and that, never with any proof. I  
5 yield my time.

6 MR. BROWN: Mr. Chair, your next three  
7 speakers would be Love Where you Live, Doniko  
8 Williams and Susan Steigerwalt.

9 LOVE WHERE YOU LIVE: Hey, I'm District  
10 3, or Love Where I Live. Liza Belvy is my name.  
11 Please consider how you can be democratic and let  
12 elected commissioners be heard, and how you can  
13 delay a vote if someone falls off a call. I'm  
14 teaching my courses for Wayne State remotely, so  
15 I'm sympathetic to technological issues, but I ask  
16 you to think about how to adjust procedures so you  
17 can uphold democratic values and not whatever  
18 you're doing here. Oh, so embarrassing. I feel  
19 very sad that my Commissioner was not heard.

20 I also feel like DPD knows how hated  
21 this facial recognition program is to spend so  
22 much time and effort on trying to emotionally  
23 manipulate this Board to support FRT. The time  
24 for anecdotal stories is over. I second what  
25 Minister Blount said. I want to hear statistics.

1 I want to hear per dollar amounts on how much you  
2 paid for FRT and how many cases were solved, with  
3 the lawsuits filed against the City for wrongful  
4 arrests factored in. Closure, while nice, does  
5 not bring a person back, and each of the women in  
6 the videos said the cases were almost closed and  
7 not each closed.

8 So using faulty technology like FRT  
9 that misidentifies people of color more than half  
10 the time is wrong. Surveillance is not safety.  
11 Facial recognition is not about safety. The  
12 technology is dangerous, it is racist. It's  
13 another area of this country where people of color  
14 are preyed upon. No more. I pray the God gives  
15 you courage to do the right thing and to stop this  
16 unjust program.

17 Finally, I would rather that money to  
18 deal with people having mental issues not go to  
19 DPD, but to an organization of social workers  
20 without guns who get more than eight hours of  
21 training dealing with mental health. As all you  
22 have said, DPD is way overworked, so let's move  
23 some of these tasks that could be better done by  
24 other organizations over to those other  
25 organizations and away from DPD. Thank you. Yes.

1 Also, I feel like these meetings would be better  
2 without Chairman Bell's opening remarks, they're  
3 very embarrassing and it makes me feel like these  
4 meetings are just his personal platform. Thank  
5 you, Commissioners Brown, Burton, Burch, Davis,  
6 the majority of our democratically elected  
7 commissioners who represent the people of Detroit  
8 for your bravery --

9 MR. BROWN: Mr. Williams. Mr.  
10 Williams.

11 MR. WILLIAMS: Yes. Hello.

12 MR. BROWN: Yes. We can hear you.

13 MR. WILLIAMS: Hello.

14 MR. BROWN: Yes. We can hear you.

15 MR. WILLIAMS: Hi. Yes. I would like  
16 to say assuredly that I am not in favor of  
17 Chairman Bell's remarks, and I, too, second that  
18 he should resign. This is very embarrassing. You  
19 know, you've been on here for too long, and you  
20 have no respect for the citizens, for the  
21 residents that you are paid to serve, and you do  
22 not serve us here on this Board, Commissioner  
23 Bell. It's very, it's very shaming of you right  
24 now. I hope the media doesn't get to you tonight.

25 Anyway, I want to say that I am still

1 against facial recognition technology. I am still  
2 against racial profiling of the Detroit Police  
3 Department. It is very unfair. You know, for an  
4 African American city, 80% African American city  
5 to have facial recognition where other states and  
6 other cities have banned it because of false  
7 identification, because it identifies people who  
8 haven't even committed crimes. I believe in  
9 community policing. Community policing as well as  
10 watch of the leg of the Detroit Police Department.  
11 Now, I may not say defund the police, but I damn  
12 sure say reform the police, and that means reform  
13 has to come through the people. And we have laid  
14 out policies, demands and such that have not been  
15 followed. Again, I would like for Chairman Bell  
16 to please hand in his resignation of the City of  
17 Detroit. Thank you.

18 MR. BROWN: Ms. Steigerwalt.

19 MS. STEIGERWALT: Hi. Can you hear me?

20 MR. BROWN: Yes, ma'am.

21 MS. STEIGERWALT: Great. First of all,  
22 Commissioner Bell, it seems, does not believe in  
23 the 1st Amendment. I think that's really  
24 critical, and I want to echo that the previous  
25 speakers regarding, regarding the need for

1 minority views being supported, not crushed. Of  
2 course we want crime solved, but I want to also  
3 echo that to, to put a video together that does  
4 not mention Robert Williams and Michael Oliver is  
5 completely, completely unfair to the subject.  
6 Very emotional video. Not balanced.

7           Also concur that, that we need data on  
8 how many people are misidentified as well as  
9 identified before instead of this sort of  
10 anecdotal data. And I am personally as a  
11 physician and a 44-year, 44-year member of the  
12 Detroit community oppose facial recognition  
13 because it's a flawed technology. And it is  
14 stated and stated that it is processed in a  
15 different way with five people having to look at  
16 it. That's totally inefficient and wasteful.  
17 They could be doing something else, or we could  
18 save the Department money so that we could have a  
19 group of social workers coming out and take care  
20 of the people that need social work, not policing.

21           Just want to add that Oakland, San  
22 Francis, Boston, Portland, Summerville and others  
23 have discontinued facial recognition. Again, if  
24 we use a flawed technology, any technology can be  
25 used or misused, why use a flawed one and risk

1 people being in appropriately --

2 MR. BROWN: Mr. Chair, your next three  
3 speakers would be Ms. Ashley Smith followed by Mr.  
4 Scotty Boman, follow by JW. Ms. Smith.

5 MS. SMITH: Hi. I'm Ashley Smith,  
6 sister of Sheldy Smith, victim of Detroit Police  
7 brutality. I would have to say that I agree with  
8 Minister Blount and Love Where You Live.  
9 Personally, I find it unconstitutional deal  
10 against the 5th Amendment to have cameras being  
11 utilized in such a manner. Also, I think it's  
12 literally a waste of taxpayer's money to utilize a  
13 system when there's a state mandate for mask. So  
14 we have an inaccurate use of technology.

15 So I believe -- I agree with the  
16 citizens. I think there's added value -- there's  
17 no added value with this program, especially in  
18 today's time of COVID-19 and people's face not  
19 even being viewable or really seeable.

20 Also I thought it was a slap in the  
21 face to me and my family for DPD to talk about  
22 fund raising for mental health programs where  
23 we've all known, and we've all heard me  
24 complaining about you promoting a police officer  
25 who attacked a person who had a mental health

1 issue. So, you know, it comes up very fraudulent,  
2 and very fake, and very inconsiderate.

3           Again, justice for Sheldy, end Project  
4 Greenlight. And also, I think we need to -- I'm  
5 disappointed in this meeting. We have to be fair  
6 and we have to follow Robert's Rules of Order.  
7 And also I believe that citizens should be able to  
8 ask questions to subject matter experts about  
9 items such as Project Greenlight and facial  
10 recognition because it affects the citizens more  
11 than anyone else. I don't think it should just be  
12 questions to the Board themselves, but to the  
13 community in whole. So hopefully, that will be  
14 soon. Thank you.

15           MR. BROWN: Mr. Boman.

16           MR. BOMAN: Hello. Once again, there's  
17 way too many things going wrong here to comment on  
18 all of it. But of special note this meeting we  
19 have Commissioner Bell, again, ignoring Robert's  
20 Rules where a motion was seconded and not  
21 recognizing Commissioner Burton. And, of course,  
22 I could see his bias in the matter because it was  
23 for him to resign, and he doesn't want to do that.  
24 But the -- and then there's this discussion of the  
25 majority of people being able to silence a

1 minority of commissioners and being able to gang  
2 up on them and keep them out; that they want to  
3 make the bylaws that way. Maybe I should remind  
4 you the City Charter defines how people become  
5 police commissioners and who can and cannot be a  
6 police commissioner, not your bylaws.

7           Finally, okay, then we got -- oh,  
8 there's no final yet. The facial recognition  
9 thing in addition to and, again, you know, we've  
10 heard the fact that you have one person tell the  
11 story doesn't change the fact that yeah, we've  
12 heard that it solves some cases. I mean from a  
13 factual standpoint, that's all you're saying.  
14 And, again, we have the broader problem of  
15 creating a system that systemically discriminates  
16 while it's flawed, and if it is fixed, becomes a  
17 dangerous means of mass surveillance or tracking  
18 everyone's movement, or even a social credit  
19 system like they have over in China.

20           Finally, back to Sheldy Smith, and back  
21 to Dewayne Jones. Regardless of what happens to  
22 Mr. Jones, and I have not heard this addressed, I  
23 brought it up several times, what about all of the  
24 officers who were trained to do what he did and  
25 say that he did exactly what they would do, and if

1 they had it to do over again, if they were in his  
2 situation, they'd do exactly the same thing, you  
3 need to deal with that, the training of all those  
4 offices, because you said Jones was wrong. Well,  
5 how can they be right?

6 MR. BROWN: JW.

7 JW: Can you hear me?

8 MR. BROWN: Yes, ma'am.

9 JW: Okay. Great. First of all, shame  
10 on everybody who supported the facial recognition  
11 technology, but those are the same people that are  
12 probably going to sell us out on the Fairgrounds,  
13 and so everybody who cares about the Fairgrounds,  
14 please get on that call right now because it seems  
15 like Marshall Bullock went out and did some  
16 chicken dinner politics and got a bunch of people  
17 to get on and say yes, not really knowing much  
18 about it.

19 Also, I suggest, Chairman Bell, that  
20 you watch Chairman Alton James of the City  
21 Planning Commission run a respectful meeting. You  
22 continue to disrespect my elected official and  
23 that's why there should all be elected officials  
24 on the Board. Justice for Sheldy, that was just  
25 another egg on the face that you won't handle this

1 right. Now, hey, Love Where You Live, you may not  
2 love where you live if Amazon gets their warehouse  
3 and they bulldoze our historic buildings there.  
4 So -- and -- however, you know, for the whole  
5 concept the defund the police, I agree, that's not  
6 the best terminology. I'm not against all police,  
7 but I am against the ones that misbehave and  
8 follow corrupt orders from above. I would like to  
9 commend Officer Maurer 2564 who helped me out with  
10 exemplary service. But yeah, defund the police  
11 also covers the concept of prosecutors and  
12 attorney generals that cover for law enforcement  
13 that lie, kind of like what happened to me in  
14 California when the attorney generalship of Kamala  
15 Harris' people just told lie, after lie, after  
16 lie, and then the courts looked the other way. So  
17 folks, we got not a good selection here.

18 MR. BROWN: Mr. Chair, your next two  
19 speakers would be Miss Michele George followed by  
20 Miss Brown. Miss George.

21 MS. GEORGE: Can you hear me? Hi, Mr.  
22 Brown.

23 MR. BROWN: Hi. Yes, we can.

24 MS. GEORGE: To Chairman Bell and to  
25 the Honorable Board, and also to Assistant Chief

1 Bettison, thank you for your report.

2 Chairman Bell, the issue when  
3 Commissioner Burch tried to get on, that was just  
4 disrespectful. She still should have been allowed  
5 to vote. You should not be the only one going to  
6 see Chief Craig and Mayor Duggan. So hopefully if  
7 it's not bylaws like Scotty said, maybe it could  
8 be some type of with Charter.

9 Also Council President Brenda Jones,  
10 Council President Sheffield and Lopez voted down  
11 facial recognition. The issue that we have with  
12 the Commissioner Burch like you were stating, it's  
13 data privacy concern, facial recognition, racial  
14 bias, low reliability, lack of regulation, and  
15 individual privacy concerns. I feel for those  
16 families. I also had a cousin murdered. But the  
17 issue is, just like Minister Blount said, to make  
18 that -- that's the problem I have with the City.  
19 Oh, we're going to do it anyway. And that's why  
20 Lieutenant Mark Young, you are correct about the  
21 increase in crime. Because I'm telling you,  
22 somebody ever knocked me in my head, the first  
23 thing I'm going to do is call the police.

24 So we pray for the police. We want the  
25 police here, absolutely. But I wanted to say

1 also, Lieutenant Mark Young, President Trump took  
2 money from the justice department so police  
3 precincts wouldn't have the money to make people  
4 look at the violence and vote for him. Also he  
5 took away racially sensitive training. So if  
6 anybody saw the debate, the President also  
7 defunded the police. So it can have the opposite  
8 effect. I wanted to definitely make that point.

9 But also I have some African American  
10 nurses knows about this facial recognition, and  
11 I'm asking the citizens to write the Michigan  
12 Department of Civil Rights. We were on the call  
13 yesterday for public comment to have a hearing on  
14 facial recognition. We need you all to vote.  
15 Don't hurt the police. We need the police. We  
16 don't need you --

17 MR. BROWN: Miss Brown.

18 MS. BROWN: Can you hear me?

19 MR. BROWN: Yes, ma'am.

20 MS. BROWN: Okay. Thank you. Good  
21 afternoon, Commission. My name is Tara Brown, and  
22 i live in District 5. That is part of the Tiny  
23 Homes Community right there at Monterey and  
24 Woodrow Wilson. Thank you Commissioner William  
25 Davis for asking about the drag racing because it

1 is a problem. The other night we're at Elmhurst  
2 exit 60 right off the Lodge. The other night, our  
3 power was knocked out after a drag racer lost  
4 control of his car and hit a pole. This has been  
5 ongoing at the intersection of Monterey and  
6 Woodrow Wilson. So when I hear somebody say that  
7 the drag racing has -- when I hear specifically AC  
8 Bettison say that the drag racing has started to  
9 go down, I don't where he's talking about. Maybe  
10 on Grand River, because it certainly is over on  
11 Monterey and Woodrow Wilson. And with this drag  
12 racing, people have been hit by and fallen out of  
13 cars that have lost control. Someone has been  
14 shot and killed at one of these drag races. I  
15 mean what is the plan that the City of Detroit has  
16 to do something about this and be serious about  
17 it? You have Detroit Police, Detroit Police  
18 employees and City of Detroit employees out there  
19 spectators and participants, and I mean this is  
20 ongoing. The police, we call the police.  
21 Sometimes they come, sometimes they don't. They  
22 turn on their sirens. They scare them off with  
23 the sirens, and then five minutes later they come  
24 back. And everybody is complaining about it, but  
25 nothing is happening with this drifting and this

1 is drag racing.

2 And I also want to say, with all due  
3 respect, it is the job of Chief Craig to protect  
4 and serve the citizens of Detroit. It is not his  
5 job to help derelicts find a place to race cars  
6 that they knew they didn't have a place to race  
7 when they bought them. He should have stayed out  
8 of that because now once he set that precedent  
9 where he gave them a place to drag race, or  
10 suggested one, now they all feel like they're all  
11 in with him, and it's just absolutely lawlessness,  
12 and everybody is doing what they want to do. You  
13 all need to speak to the Detroit Police, or I  
14 don't know what has to happen, but something --  
15 somebody needs to come up with a plan. These  
16 houses are 3 and 400 square feet, and if somebody  
17 hits one of them, they're going to kill us.

18 MR. BROWN: Mr. Chair, that was your  
19 last speaker.

20 CHAIRPERSON BELL: Thank you, Mr.  
21 Brown. When we're talking about the technology,  
22 my system is fading. We just hit a rain storm in  
23 this area, and I'm losing power. I was trying to  
24 hold on and make sure everybody who had public  
25 comments and we got them in. So we have had folks

1 dropping off, so we're going to stand adjourned.  
2 We don't have an official agenda now way to vote  
3 it down, so we stand adjourned, Ms. White, because  
4 I don't have power, and Vice-Chair Holt has left  
5 the meeting, and other Commissioners left the  
6 meeting too, so we stand adjourned. Thank you for  
7 your attendance.

8 (The proceeding was adjourned at 5:20 p.m.)
