

# WATER METER APPOINTMENTS

## Have a meter appointment?

Make sure you follow the proper plumbing set-up and clear a safe pathway to the meter location before our technician arrives. This can avoid having to schedule a second appointment. You can view the meter diagrams at [www.detroitmi.gov/DWSD](http://www.detroitmi.gov/DWSD) and click on "Water and Sewer Meters." (If you are a residential customer it may look something like the image below.)

SMALL WATER METER DIAGRAM

## Have a meter appointment, but can't make it?

If you need to reschedule, call DWSD at **313-267-8000 right away**. A missed appointment pulls resources from other residents and businesses that also need assistance. And, now a missed meter appointment will be a \$40 fee on your DWSD account.

**WORKING HARD FOR YOU**
