

# JOIN US FOR MIDWEST - TIREMAN

## COMPREHENSIVE NEIGHBORHOOD FRAMEWORK COMMUNITY OUTREACH ORDINANCE MEETINGS

The City of Detroit's Planning and Development Department (PDD), on behalf of The City of Detroit Mayor's Office, seeks to develop Neighborhood Framework Plans to ensure economic and quality of life improvements occur within Detroit neighborhoods, and in a manner wherein every Detroiter has an opportunity to participate and benefit.

The City envisions a Detroit built on inclusionary growth, economic opportunity, and trust and a process that creates a cohesive vision for the City of Detroit and residents of the Midwest-Tireman.

The Framework proposes to offer site-specific concepts, policy recommendations, and implementable actions supporting neighborhood stabilization. The process involves exploring the potential of future demands of new housing, small business/maker space retail development, the catalytic potential of the Joe Louis Greenway, open space planning, and new industrial development with the desire to mitigate any potential harm to the community. Through community engagement, tangible economic development strategies should be identified to both permanently and temporarily activate identified opportunity areas such as key nodes, sites, and thoroughfares within the neighborhood.
