Honorable Detroit City Council:

The Proposed Fiscal Year 2023-2024 Budget and Fiscal Years 2024-2027 Four-Year Financial Plan builds on the Mayor and the City Council's collaboration to set a fiscally sustainable course for Detroit. For ten years, the Plan of Adjustment (POA) let us pause pension payments to improve City services, invest in our community, and improve the quality of life for Detroiters. Many thought we could not accomplish these goals, and the 2024 "pension cliff" would be insurmountable.

Together, we have grown our economy, our revenues, and our reserves to help us meet this moment. Ten years ago, income tax revenues were \$254 million, and the POA projected \$313 million by FY24. Now, we are projecting \$393 million in FY24 (more than double the POA projected growth). We have amassed \$473 million in the Retiree Protection Fund to pay our pensions and protect our budget.

With economic risks ahead, we must continue our commitment to long-term fiscal stability and growth. This \$2.6 billion budget is balanced, despite pressure to keep up with current services and competitive wages. This budget increases our Rainy Day Fund to \$150 million, to ensure we can withstand a downturn. This budget provides taxpayer relief, by reducing our debt millage by two mills over two years. Through this budget, we keep our promise to our retirees and sustain services for Detroiters.

Mayor Duggan has worked hand in hand with the City Council over the last nine years to get the City where we are today. With our shared commitment to Detroit and its long-term fiscal stability, we look forward to reviewing the Mayor's Proposed Budget and Four-Year Financial Plan with the City Council.

Sincerely,

Jay B. Rising

OVERVIEW

Geography & Economic Drivers

The City of Detroit is located in southeastern Michigan, in Wayne County, with a land area of approximately 139 square miles. The City is the center of the nation's 14th largest metropolitan statistical area and is the 27th largest city with a reported population of 639,111 as of 2020, according to the U.S. Census Bureau. Detroit is the commercial capital of Michigan and a major economic and industrial center of the nation. Although Detroit is known internationally for automobile manufacturing and trade, the City also has major companies in the financial and technology sectors, educational and health care institutions, and entertainment venues with four major sports teams and three casinos located within the City limits. The southeastern border of the City lies on the Detroit River, an international waterway, which is linked by the St. Lawrence Seaway to seaports around the world. It is the busiest border crossing in North America, carrying a substantial share of international trade between the United States and Canada. There are seven major employment districts, and four Fortune 500 companies have world headquarters within the City.

Governmental Structure

Detroit is a home rule city with significant independent powers, pursuant to the provisions of the Constitution of the State of Michigan (the "State"). In accordance with the City Charter (the "Charter"), the governance of the City is organized in two branches: the Executive Branch, which is headed by the Mayor, and the Legislative Branch, which is composed of the City Council and its agencies. The Mayor and the members of the City Council are elected every four years unless a special election is required, as provided for in the Charter.

The Mayor is the chief executive of the City and has control of and is accountable for the Executive Branch of City government. The Charter grants the Mayor broad managerial powers, including the authority to appoint all department directors and deputy directors. The Charter also delegates the responsibility for the implementation of most programs, services, and activities solely to the Executive Branch. The City Council, composed of seven members elected by district and two members elected at large for four-year terms, is the City's legislative body.

In addition to the Executive and Legislative Branches, the City also includes the 36th District Court, which is responsible for adjudicating certain legal matters that arise within the City,

including state felony arraignments and preliminary examinations, state misdemeanor and City ordinance violations, civil litigation for claims of \$25,000 or less, and landlord/tenant disputes. The City is responsible for all funding of the 36th District Court in excess of fines collected by the Court, except for judicial salaries, which are funded by the State.

Financial Governance

Michigan Public Act 181 of 2014 established the Financial Review Commission (the “FRC”) to monitor the City’s compliance with the Plan of Adjustment, as confirmed by the Bankruptcy Court on November 12, 2014, and to provide State oversight of the City’s financial activities. The FRC’s oversight of the City lasts no less than 13 years. However, once the City meets certain criteria, the nature of the oversight is scaled back. On April 30, 2018, the FRC granted the City its first waiver of active oversight. The FRC continues to monitor the City and reviews the waiver annually and, by July 1 of each year, makes a determination as to whether to renew the waiver for the subsequent year.

In 2014, the Home Rule City Act (Michigan Public Act 219 of 1909) was amended and established the Chief Financial Officer (the “CFO”) position in the City. The CFO is vested with authority over all financial and budget activities of the City. As a result, all finance, budget, procurement, property assessment, and grants management functions were restructured under a new centralized financial management organization called the Office of the Chief Financial Officer (the “OCFO”). All departmental financial functions are under the authority of the OCFO, which increases control over all City financial activities.

Budget Process

The City’s budget process is informed by a comprehensive planning process that includes departmental, procurement, grant, staffing, technology, capital, and long-term financial planning. The City adopts a budget annually for the next fiscal year, in accordance with the Uniform Budgeting and Accounting Act (Michigan Public Act 2 of 1968). Pursuant to Section 4t of the Home Rule City Act, the budget process also includes independent biannual revenue estimating conferences that establish the revenue estimates for the budget and an annually balanced four-year financial plan that includes the City’s adopted budget plus an additional three forecasted years. The total of expenditures cannot exceed the total of estimated revenue, so that the budget as adopted is a balanced budget. Through its four-year financial plan, the City ensures ongoing expenditures are supported by ongoing revenue.

On or before March 7, the Mayor submits to the City Council a proposed budget and four-year financial plan for the fiscal year beginning July 1. After public hearings, the City Council adopts the budget and four-year financial plan, with or without amendment. The mayor can veto amendments made by the City Council, and the City Council can then override the veto with a two-thirds majority vote.

The City's budget and four-year financial plan cannot exceed revenue certified by the independent Revenue Estimating Conference. The CFO must certify the budget is balanced and complies with the Uniform Budgeting and Accounting Act. The City must transmit the adopted budget and four-year financial plan to the FRC. However, it is not subject to FRC approval while the City is under a waiver of active oversight.

The City's budget has been prepared in accordance with U.S. generally accepted accounting principles, except that transfers to/from other funds have been included as revenues and expenditures. Budgetary appropriations are made at the function level, the legal level of budgetary control. Expenditures for a specific function cannot exceed its appropriation.

The mayor may propose budget amendments during the fiscal year, which are subject to the City Council's approval. If the mayor advises the City Council during the fiscal year that there are available appropriations and revenue in excess of those estimated in the budget, the City Council may make supplemental appropriations for the year up to the amount of the excess. In the case of estimated revenue shortfalls, the City must maintain a balanced budget, and the mayor may request that the City Council decrease certain appropriations to do so. In any case, the mayor is under no obligation to spend an entire appropriation. Also, at any time during the fiscal year, the City Council, upon written request by the mayor, may transfer all or part of any unencumbered appropriation balance among programs, services, or activities within an agency or from one agency to another.

Budgetary Trends

In accordance with the requirements of the Home Rule City Act, this Four-Year Financial Plan includes Mayor Duggan's proposed annual budget for the fiscal year beginning July 1, 2023 and ending June 30, 2024 (FY 2024) plus three forecasted years (FY 2025, FY 2026, and FY 2027).

In FY 2024, the City will resume making actuarially determined annual required contributions for its legacy pension obligations ten years after bankruptcy per the Plan of

Adjustment. The proposed FY 2024 General Fund budget includes \$148.9 million for this purpose, with \$57.2 million supported by the Retiree Protection Fund (RPF), a trust fund established and funded by the City to ensure budget stability as annual legacy pension payments resume.

The proposed FY 2024 General Fund Recurring Budget totals \$1.3 billion and includes increasing revenues, driven by growth in income taxes and other major tax revenues, balanced against rising labor and contractual costs across nearly all City departments and functions. Excluding legacy pensions and debt service, recurring General Fund personnel and non-personnel costs rise by 9.1% and 11.3%, respectively, compared to the FY 2023 Adopted Budget. Excluding the use of the RPF, projected recurring revenues and expenditures both rise by \$107.1 million (9.3%).

In addition, the proposed FY 2024 General Fund budget includes \$2.6 million of one-time expenditures, the largest being \$1.8 million for the Affordable Housing Development and Preservation Fund.

Certain General Fund departmental expenses were consolidated or transferred in FY 2024 to provide enhanced program management and control, including:

- Nearly \$27 million of rent and utilities transferred from departments to Non-Departmental Nearly \$22 million in enterprise technology transferred from Non-Departmental to the Department of Innovation and Technology
- Over \$8 million for construction and facilities management transferred from the General Services Department to the renamed Construction and Demolition Department
- Over \$600,000 of employee parking expenses transferred from departments to the Human Resources Department

Across all City funds, the proposed budget totals \$2.6 billion and supports over 10,791 FTE, an increase of 278.5 FTE. Increases for staffing are primarily in Health, General Services (net of FTE transferred to Construction & Demolition), and Water and Sewerage.

FOUR-YEAR FINANCIAL PLAN REQUIREMENTS

The City balances its budget over four years to ensure fiscal stability

Each year, the City adopts a balanced annual budget and four-year financial plan for the upcoming fiscal year and the three that will follow. This ensures ongoing expenditures are supported by ongoing revenues, and that future needs will be met. Per Section 4t of the Home Rule City Act, the four-year financial plan must include and meet the following:

1. Projection of all revenues and expenditures of the city for each fiscal year, including debt service.
2. Projection of cash flow for each fiscal year.
3. Schedule of projected capital commitments for each fiscal year.
4. Measures to assure that projected employment levels, collective bargaining agreements, and other employee costs are consistent with projected expenditures and available revenue.
5. Measures to assure compliance with mandates under state and federal law consistent with projected expenditures and available revenue.
6. Measures to assure adequate reserves for mandated and other essential programs and activities in the event of an overestimation of revenue, an underestimation of expenditures, or both.
7. Statement of significant assumptions and methods of estimation used for projections included in the financial plan.
8. Any other information the mayor, governing body, or chief financial officer of the city considers appropriate.
9. Projected revenues and expenditures for each fiscal year covered by the financial plan shall result in a balanced budget according to generally accepted accounting principles, including compliance with the uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to 141.440a.
10. Include contributions necessary to assure that pension systems for employees and retirees of the city are adequately funded.
11. Provide for the issuance of or incurring of debt by the city only in compliance with the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, and the Michigan financial review commission act, if applicable.
12. Provide for the payment in full of debt service on all debt issued or incurred by or on behalf of the city.
13. Provide for operations of the city to be conducted with projected cash resources based upon projected cash flow for each fiscal year.
14. Include a general reserve fund for each fiscal year to cover potential reductions in projected revenues or increases in projected expenditures equal to not less than 5% of the projected expenditures for the fiscal year.
15. For each fiscal year, provide for the elimination of any deficit incurred in the prior fiscal year according to generally accepted accounting principles.
16. Rely upon revenue and expenditure projections based upon reasonable and appropriate assumptions and methods of estimation.
17. Rely upon cash flow projections based upon reasonable and appropriate assumptions as to sources and uses of cash, including timing.

PLANNING, PRIORITIES & PERFORMANCE

Over the past three years, the City of Detroit has introduced new methods of resource planning to better align the budget with strategic priorities and align resources with results. The City's budgets for the General Fund and many special revenue and enterprise funds are now organized around Strategic Outcomes, which represent the long-term vision of City leadership to deliver superior City services and improve the quality of life for Detroiters. Every year, the City establishes key priorities and initiatives that fall under one or more of these strategic outcomes.

The Fiscal Year 2023-2024 Budget continues to build on that framework by connecting the goals, current services, and associated metrics of City departments to these Strategic Outcomes. For some departments, the Budget now also directly associates dollars and personnel with City services. This work is ongoing, and we expect to continue to expand the number of departments publishing service-level budgets in future years, as we move towards greater budget transparency, reflecting national standards and best practices.

Strategic Outcomes

The FY 2024 budget classifies agency appropriations to a strategic outcome or one of its components. The strategic outcomes are:

- **Safer Neighborhoods** in which residents are and feel safe. This includes safe streets, fire safety, law enforcement, crime prevention, resiliency, and health emergency response.
- **Vibrant and Beautiful City** characterized by healthy and accessible assets. This includes housing stabilization, inclusive and walkable neighborhoods, a beautiful, sustainable physical environment, and access to cultural amenities.
- **Economic Equity and Opportunity** with programs to reduce barriers and fight intergenerational poverty so Detroiters benefit from a vital neighborhood business climate and robust city economy.
- **Effective Governance** occurs through City-community collaboration for equitable progress. This involves accountability of leadership, oversight, and outreach to all.

- ***Efficient and Innovative Operations*** largely comprises the City’s government operations and internal-facing administration: finance, personnel, information technology, facilities, fleet, legal, and agency administration. It also includes funding for debt service and fiscal stability reserves.

Programs and Performance

In each departmental section, the Budget now displays a description of Operating Programs and Services, departmental Goals and Strategic Priorities corresponding to City Strategic Outcomes, and Metrics corresponding to departmental Goals. In some departments, the Budget is also displayed by delivered Service. This new level of program and performance reporting builds upon prior efforts to connect service delivery with City Strategic Outcomes, and lays the foundation for further use of this information with budgetary analysis and decision making. As the City builds out this framework, our focus on programs and performance will continue to develop and become a more visible part of the annual budget process.

PUBLIC ENGAGEMENT

The City has three main streams of public engagement efforts around the budget: public meetings, informational campaigns, and ongoing citizen input. These efforts are strategically timed around the budget development process.

FY24 Budget Development Process

Public Meetings

In October each year, the Office of Budget hosts informational meetings on how the budget process works, called the Annual Public Budget Meetings. During these meetings, representatives from major City departments highlight key budget components relevant to their work, as mandated by the City Charter. The Annual Public Budget Meetings also include time for public comment. Subsequently, throughout the month of October, the Office of Budget and the Department of Neighborhoods host District Budget Priorities Forums in each district, providing a community-based platform for residents to ask questions and voice their budget concerns and priorities. Finally, hearings hosted by City Council on each

department's budget offer an opportunity for citizen input on the budget before it is adopted in April.

Informational Campaigns

To provide additional information to residents, one-to-two-page flyers are intermittently generated by the Office of Budget and Media Services. These flyers serve to summarize information presented during public meetings, support learning in lesser-known areas of the budget, and concisely present high-level takeaways from all gathered citizen comments. These flyers are physically distributed to citizens through the Department of Neighborhoods, neighborhood public libraries, and to City Council, as well as being more widely dispersed through the City's GovDelivery email system. All flyers are also available on the Office of Budget website (detroitmi.gov/budget) and on OCFO social media pages.

Ongoing Citizen Input

Citizens can learn more about the budget at any point during the year through the City's budget website (detroitmi.gov/budget). Additionally, citizens are always encouraged to email the Your Budget inbox (yourbudget@detroitmi.gov) with any questions, priorities, or thoughts around the budget. This email is monitored weekly by Office of Budget staff.

Goal Setting & Process Improvement

In Fiscal Year 2022-2023, the City conducted a review of its budget engagement processes and determined strategic changes could be made to better reach residents. These changes included:

- Public meetings were moved to earlier in the fiscal year to allow more time for analysis and incorporation of comments
- The Annual Public Budget Meeting was split into two parts to ensure each was a manageable length and more time was allotted for public comment
- A new engagement platform called Slido was used during the District Budget Priorities Forums to test out different ways of allowing residents to engage and share input
- Questions asked during the District Budget Priorities Forums were restructured to be more open-ended in response to feedback from Fiscal Year 2022 engagement processes

The City remains committed to improving its budget engagement processes on an ongoing basis, including the number of residents reached, resident satisfaction with these engagement opportunities, and ensuring budget implementation and spend best reflects citizen priorities.

REVENUE AND ECONOMIC OVERVIEW

Detroit Economic Forecast

- The **Detroit Economic Outlook for 2022-2027**, previously released earlier in February, predicted that Detroit's economy will continue growing at a steady pace, despite projections of a mild national recession in late 2023 to early 2024.
- The forecast is prepared by the City of Detroit University Economic Analysis Partnership, which is a collaboration of economic researchers at the City, Wayne State University, Michigan State University, and the University of Michigan.
- The forecast maintains a faster recovery for Detroit than the State overall. Jobs at establishments within city boundaries are projected to surpass pre-COVID pandemic numbers by the end of 2023.
- Economic growth is expected to moderate to a steady state starting in 2025 as major infrastructure and development projects already underway come online. Blue-collar jobs in manufacturing, construction, and transportation continue to be key drivers for economic growth through 2027. For the full report, go to: detroitmi.gov/budget

Detroit February 2023 Revenue Estimating Conference - Overview

- The City holds independent biannual revenue estimating conferences, per Section 4t of the Home Rule City Act, in September and February to establish the revenue estimates for the City’s annual budget and four-year financial plan.
- The Revenue Conference has approved higher revenue estimates based on stronger projected income and utility tax collections. Updated forecasts show employment stability in key sectors, boosting income tax collections as wages continue to catch up to prices. Stronger than expected internet gaming collections and elevated natural gas prices have offset weaker on-site gaming collections, increasing revenue expectations. All other revenues are expected to see stable but more modest growth. Note that conference estimates do not include budgeted inter-fund transfers and use of prior year surplus. For the **February 2023 Revenue Estimating Conference** report, go to: detroitmi.gov/budget
- FY 2023 General Fund recurring revenues are projected at \$1.226 billion for the current fiscal year ending June 30, up \$39.1 million (3.3%) from the previous FY 2023 conference estimate in September 2022. The increase is driven by stronger anticipated income tax collections and utility users tax collections. In addition, the City is projecting \$3.1 million in non-recurring revenues for FY 2023.
- General Fund recurring revenues for FY 2024, which begins July 1, are now forecasted at over \$1.253 billion, an increase of \$39.2 million (3.2%) from the previous FY 2024 conference estimate in September 2022. The projected increase is driven by income taxes, as the local economy stabilizes and adjusts to a tight labor market. The conservative General Fund revenue forecasts for FY 2025 – FY 2027 show continued, but modest, revenue growth of around 2% per year on average. Note that all revenue estimates exclude the use of fund balance, which may otherwise appear in the City budget.

FY 2024 Revenue Summary, All Funds

Recurring General Fund Revenue

Detroit February 2023 Revenue Estimating Conference – Major Revenues

- Detroit levies a **City Income Tax** at current rates of 2.4% for residents, 1.2% for nonresidents, and 2.0% for corporations. Nonresidents taxes only apply to work performed within the City’s boundaries. The primary drivers behind income tax revenue are resident and nonresident employment levels, and wages. The base year employment estimates are tied to observed local area employment data, and employment growth rates for each employment category are projected independently. Wage growth is projected using observed regional and local wage data and is assumed to be uniform for each employment category.
- **Revenue Sharing** payments from the State come from two components: constitutional and statutory. The State Constitution requires constitutional revenue sharing payments to municipalities based on 15% of the 4% portion of Michigan’s sales tax collections. The State allocates amounts to municipalities based on population as of the last decennial Census. Statutory allocations have instead been determined annually in the State budget as a percentage change from the prior year allocation. Projections are set by the Michigan January 2023 Consensus Revenue Estimating Conference.
- In accordance with the Michigan Gaming Control and Revenue Act and associated development agreements, a **Wagering Tax** on adjusted gross receipts (AGR) is applied to the three casinos operating in Detroit. On-site sports betting at casinos began in March 2020. The State launched internet gaming and sports betting in late January 2021. Only internet gaming and sports betting conducted within Michigan’s borders is authorized. AGR growth is the primary forecast driver using data from the gaming control board to identify growth trends.
- The City levies real and personal **Property Taxes**. Collections consist of current year taxes, delinquent taxes, and related auction proceeds. The City currently levies 19.952 mills for general operating purposes. However, the millage rate and taxable values are subject to various abatements and exemptions. The primary driver for growth during the forecast period is a lagged inflation rate determined by the State Tax Commission (US Consumer Price Index for Urban Consumers lagged by one year) applied to the reported tax year 2022 base, which is defined as the cap for growth in taxable value under the State constitution (Proposal A).
- The City levies a 5% **Utility Users Tax** on consumption of electricity, gas, steam, and telephone services referred to as utility users tax. Annual changes in the revenue forecast are largely based on the average growth rate in household units that is consistent with prior-year trends. Additional adjustments may be made to growth rates in line with energy price forecasts from the Winter Outlook published by the U.S. Energy Information Administration.

Detroit February 2023 Revenue Estimating Conference – Other Revenues and Non-General Fund

- The **Other Revenues** category includes various non-major General Fund revenues that are mostly administered by individual departments related to their operations and services.
- The FY 2023 estimates grow by 8.7% over the FY 2022 actuals, driven by casino municipal service fees, related to higher internet and sports betting activity than previously estimated, higher license, permits, and inspection fee activity year-to-date, and lower than projected court fines and fees in FY 2022. The estimates also assume that revenue sources have stabilized since COVID-19 and continue an aggregate long term growth trend of 0.8% to 1% through FY 2027. The forecast excludes non-recurring items, such as asset sales.
- **Non-General Fund** revenues include enterprise, grant and special revenue funds. Major examples include water and sewer bills, bus fares, solid waste fees, intergovernmental aid for roads and transit, and other restricted revenues. Note that amounts above exclude General Fund contributions, interfund transfers, and the use of fund balance. Non-General Fund revenues represent the remaining 46% of total revenues.
- The Major Street Fund receives most of its revenue from gas and weigh tax distributions from the State. The forecast has been adjusted based on the reported 2020 Census results, which impact the distribution formula. The Debt Service Fund represents the City’s debt millage, which raises property tax revenue sufficient to pay debt service on voter-approved bonds. The Solid Waste Management Fund includes the annual \$240 solid waste fee seen on the summer property tax bill, which supports residential curbside garbage collection. The Transportation enterprise fund is for the Detroit Department of Transportation (DDOT). It includes bus fares, State formula aid for bus operations, and transit capital grants.

DEBT SERVICE OVERVIEW

Unlimited Tax General Obligation (UTGO) Debt Service

- UTGO bonds are authorized by voters and repaid from the City's debt millage
- They support capital improvement projects throughout Detroit

* Does not include projected debt service for remaining authorizations for \$40M in Capital Improvement UTGO bonds and \$75M in Neighborhood Improvement Plan UTGO bonds.

Limited Tax General Obligation (LTGO) Debt Service

- LTGO bonds are primarily repaid from the City's General Fund revenues
- They supported settlements with creditors and reinvestment projects after the City's bankruptcy

General Fund and Enterprise Funds*
(\$ in millions)

* 2014 B-Notes are split approximately 80% General Fund and 20% Enterprise Funds.

Michigan Transportation Fund Bonds and HUD Notes Debt Service

- MTF Bonds support streetscape improvement projects and are repaid from gas and weight taxes distributed to Detroit under Public Act 51 of 1951
- HUD Notes financed local development projects under the federal Section 108 Loan Guarantee Program and are secured by the City’s annual Community Development Block Grant

Debt Policy and Bond Credit Ratings

- The City follows its [Debt Issuance and Management Policy](#) to guide planning and decision-making related to debt
- In March 2022, both Moody's and S&P upgraded the City's credit rating based on improving finances and economy
 - Higher credit ratings lower borrowing costs and serve as an indicator of the City's fiscal health
 - More information is available on the City's [Investor Relations website](#)

RETIREE PROTECTION FUND OVERVIEW

Retiree Protection Fund (RPF)

- Beginning in FY24, the City will resume annual pension contributions, currently estimated at \$148.9 million, for its closed and frozen legacy pension plans per the bankruptcy Plan of Adjustment (POA)
- Going beyond the POA requirements over the past 8 years, the City has amassed over \$463 million in the RPF, an irrevocable trust fund exclusively for future pension payments
- The proposed additional \$10 million deposit in FY23 will bring the total to over \$473 million before FY24
- The RPF strategy has always been two-fold:
 - Build a pension funding resource to gradually draw down every year beginning in FY24
 - Gradually build room in the recurring City budget for annual pension contributions before FY24 begins

Retiree Protection Fund
(\$ in millions)

Retiree Protection Fund – Revised Long-Term Plan

- Under the RPF plan, the FY24 “pension cliff” becomes a steady ramp, while making the full annual required contribution.
- Annual Required Contributions can vary significantly due to investment returns and actuarial assumptions.
- All of the amounts below for FY24 through FY27 are reflected in the City’s Four-Year Financial Plan.

* Projections of annual legacy pension contributions based on FY22 Actuarial Valuations. “Grand Bargain” contributions from the Foundation for Detroit’s Future and the Detroit Institute of Arts (FDF/DIA) continue through FY34. Graph above excludes \$194.8 million “Grand Bargain” contribution from the State of Michigan in FY15. DWSD and Library liabilities and contributions are separate.

DISCLAIMER: The City’s proposed FY 2023-2024 budget and FY 2024-2025 through FY 2026-2027 forecast for legacy pension obligations uses a 20-year amortization for the Police and Fire Retirement System (PFRS) only because that is the funding policy approved by the PFRS. The budget uses a 30-year amortization for the General Retirement System, which has not approved a funding policy. The City is challenging the PFRS funding policy in litigation currently pending in the United States Bankruptcy Court for the Eastern District of Michigan. The City seeks an Order that 30-year amortization is required by the Plan of Adjustment. The City reserves all rights and remedies to enforce the Plan of Adjustment and nothing in this budget should be construed to the contrary.

BUDGET RESERVE (“RAINY DAY FUND”) OVERVIEW

Increasing the General Fund Budget Reserve (“Rainy Day Fund”)

- The City maintains a Rainy Day Fund at no less than 5% of projected recurring expenditures each fiscal year, per Section 4t of the Home Rule City Act
- Pre-pandemic, the City pro-actively increased the Rainy Day Fund to \$107.3M (10% of projected expenditures), and ultimately no draw on the fund was needed to maintain a balanced budget
- Last year, the City added another \$30.7M deposit and is proposing another \$12 million this year

CASH FLOW FORECAST

Common Cash Pool Five-Year Forecast, FY 2023-2027

- Cash balances remain strong due to the City’s reserve balances and a short-term boost from the City’s \$826 million allocation of American Rescue Plan Act fiscal recovery funds.
- The City will begin spending down a portion of its Retiree Protection Fund in FY24, meanwhile the Budget Reserve (“Rainy Day Fund”) has grown. The City continues to spend down balances allocated for capital improvements.

BUILDINGS, SAFETY ENGINEERING AND ENVIRONMENTAL DEPARTMENT (13)

Mission

The Buildings, Safety, Engineering, and Environmental Department provides for the safety, health, and welfare of the public as it pertains to buildings and their environs in an efficient, cost effective, user friendly and professional manner. BSEED enforces construction, property maintenance, environmental compliance, and zoning codes, which preserves and enhances property values and promote a quality of life to make Detroit a preferred place to reside and conduct business. BSEED also operates as the City's Environmental Affairs Department.

Operating Programs

- **Administration** is responsible for identifying and allocating resources to properly manage, plan, provide program development, customer relations, strategic planning, and implementation of policies. Key processes include records of construction archives, plans and permits for structures within the city, managing the schedule of various boards and commissions, including the Construction Board of Appeals, the Board of Rules and the Wrecking Board.
- **Construction Inspection Division** protects and promotes public health, safety and welfare in new construction development and renovated existing structures by verifying compliance with applicable codes and taking appropriate enforcement action when necessary (State of Michigan Construction Codes; State Public Act 407 of 2016). Enforcement may include misdemeanor violations, show cause, and stop work orders. There are 6 Teams:
 - **Buildings** inspects construction activities to ensure that structures comply with approved plans, building codes and standards, and permit fire alarm systems, generator function and other life safety systems. This team performs inspections for wrecking, signs, awnings, tents, and temporary use, issue Certificates of Occupancy and coordinate Board of Wrecking Examiners.
 - **Mechanical** inspects heating and cooling appliances; refrigeration installations related to air conditioning, process or storage; gas piping; and fire suppression systems for compliance with approved plans and State Codes. They approve Licenses to operate mechanical equipment.

BUILDINGS, SAFETY ENGINEERING AND ENVIRONMENTAL DEPARTMENT (13)

- **Electrical** inspects new construction, alterations, and renovations of electrical, signaling and fire alarm systems. They issue electrical contractor, journey worker, master electrician, fire alarm technician and sign specialist licenses, and coordinate the Board of Electrical Examiners.
- **Boiler** inspects all large capacity boilers and monitors compliance with “post-of-duty” safety requirements. This team enforces City and National Board Inspection Codes. The License Examiner conducts examinations for steam and refrigeration occupational licenses.
- **Elevator** conducts inspections for all elevators, escalators, moving walks and chair-lift installations, also for National ASME Code A17.1 compliance. This team also administers examinations and issues licensing for Elevator Journey workers in Detroit.
- **Plumbing** conducts inspections of new construction, alterations, and renovations of plumbing systems to ensure they meet approved plans and Code. They register plumbing contractors and water treatment operators. Plumbing cross-connection inspections identify water systems in need of protection from contaminants, per the State Safe Drinking Water Act.
- **Dangerous Buildings Division** enforces ordinance (8-16) and State Law requiring certain actions to remedy dangerous structures. Demolition activities have been reassigned to the Demolition Department; the division continues to inspect the work. This includes response to dangerous building complaints; property ownership identification and notification; filing documents of record; presentation at “show cause” and City Council hearings; deferral and rescission request processing. It also includes Fire Insurance Escrow, wrecking and Fire Run inspections.
- **Development Resource Center (DRC)** acts as an information resource center for development projects under City Charter (Sec. 7-405, “One-Stop Service”); building application intake; mapping the development process; weather conceptual, new construction, rehabilitation and alterations; Green Storm Water; activating vacant lots for land-based ventures; or tactically preserving existing structures. This includes **Welcome Resource Center/Intake Center (WRC)** allowing customers to create accounts, upload plans and applications for review; **Electronic Plan Review (ePLANS)** for submittal of construction or site plans, through the **Plan Review Division** which ensures that developments or building projects comply

BUILDINGS, SAFETY ENGINEERING AND ENVIRONMENTAL DEPARTMENT (13)

with City Ordinances and Codes. Plan review verifies compliance to Zoning Ordinance, Michigan Building Code, Michigan Residential Code, Michigan Rehabilitation Code, Michigan Electrical Code, Michigan Mechanical Code, Michigan Plumbing Code, International Fuel Gas Code, City Elevator Code and Boiler Code. The division coordinates with various Agencies, and approves Building Permits, Demolition Permits, Sign Permits, Awning Permits, and Temporary Use Permits.

- **Environmental Affairs (EA)** coordinates with other governments and the community to protect Detroit's natural resources. The City Charter requires EA to coordinate environmental protection policies, so they review and approve Environmental Site Assessment reports for all properties being acquired, Brownfields Redevelopment and Revitalization efforts under the Michigan Natural Resources and Environmental Protection Act (PA451 of 1994), funding for cleanup of contaminated sites; and enforcement of Chapter 42 (Solid Waste, and Illegal Dumping) and Chapter 8 (Property Maintenance) through Environmental Enforcement. This unit develops and monitors Host Community Agreements (HCA) per the Wayne County Solid Waste Management Plan.
- **Licenses and Permitting Division** includes the **Business License unit**, which educates and enforces compliance of City Codes for regulated Detroit businesses, and the **Permits unit** which assists contractors and homeowners to obtain the necessary permits for businesses or homes. When a customer is purchasing property, this unit provides the application necessary to schedule an inspection. This division assists businesses to achieve compliance and issues misdemeanor violations to non-compliant business operators. It coordinates Show Cause Hearings to determine if a license should be denied, suspended, or revoked in accordance with city code; and assures Special Events operate as indicated.
- **One-Stop Virtual Permitting** consolidates development-related reviews, approvals, and permit issuance in one location and provides a Permitting Wizard to navigate through the required Zoning, Permitting, Fees, and Licensing.
- **Property Maintenance Division (PMD)** inspects rental residential and commercial structures to encourage neighborhood stabilization by addressing blight, safety and welfare. It corrects noncompliant properties, and if tenant relocation is necessary (re: no heat, water or electricity), PMD works to find temporary living arrangements. This includes Residential Inspections, Pre-sale Inspection, Commercial Inspections, Issuance of violations and enforcement at 36th District Court and the Department of Appeals and Hearings and Compliance Agreements.

BUILDINGS, SAFETY ENGINEERING AND ENVIRONMENTAL DEPARTMENT (13)

- Zoning Division** is the designated Zoning Administrator for the City (per City Charter Sec.7-401), coordinating all applications for permits, grants, variances, waivers or exceptions. This includes providing zoning assistance, interpretation and verification; facilitating zoning review prior to the establishment of new uses; performing Site Plan reviews; processing zoning variances for the Board of Zoning Appeals and special land use hearings for conditional, controlled and regulated land uses. This Division conducts Hearings for Medical Marihuana and works on zoning ordinance revisions.

DEBT SERVICE & LEGACY PENSION (18)

Mission

Overseen by the Office of the Chief Financial Officer, the Debt Service & Legacy Pension section includes revenues and expenditures to support certain long-term obligations of the City of Detroit, including bonded debt and the unfunded actuarial accrued liability for pension benefits earned prior to July 1, 2014, which were modified, closed, and frozen per the bankruptcy Plan of Adjustment (the “legacy pension”). Funding for the employer contributions to the hybrid pension plans for current active employees appears in their respective departments’ budgets in Employee Benefits.

Bonded debt includes both unlimited tax general obligation (UTGO) and limited tax general obligation (LTGO) bonds. UTGO bonds are authorized by the voters and repaid from the City’s debt millage. They support capital improvement projects throughout Detroit. LTGO bonds are primarily repaid from the City’s General Fund revenues. They supported settlements with creditors and reinvestment projects after the City’s bankruptcy. Debt service paid from special revenue and enterprise funds appears in their respective departments’ budgets, including the Departments of Public Works, Transportation, Housing and Revitalization, and Water and Sewerage.

In FY 2024, the City will resume making actuarially determined annual required contributions for its legacy pension obligations ten years after bankruptcy per the Plan of Adjustment. The FY 2024 General Fund budget includes \$148.9 million for this purpose, with \$57.2 million supported by the Retiree Protection Fund (RPF), a trust fund established and funded by the City to ensure budget stability as annual legacy pension payments resume. The RPF strategy has always been two-fold: (1) Build a pension funding resource to gradually draw down every year beginning in FY 2024, and (2) Gradually build room in the recurring City budget for annual pension contributions before FY 2024 begins. In addition to the RPF resource, the City receives \$18.7 million annually from the Foundation for Detroit’s Future and the Detroit Institute of Arts toward legacy pension obligations. This funding was part of the “Grand Bargain” during the City’s bankruptcy, and it continues through FY 2034.

DISCLAIMER: The City’s proposed FY 2023–2024 budget and FY 2024–2025 through FY 2026–2027 forecast amortization for legacy pension obligations uses a 20-year amortization only because that is the policy approved by the Police and Fire

DEBT SERVICE & LEGACY PENSION (18)

Retirement System (PFRS). reflects the current policies enacted by GRS and PFRS. The City is challenging the PFRS funding policy in litigation currently pending in the United States Bankruptcy Court for the Eastern District of Michigan. The City seeks an Order that 30-year amortization is required by the Plan of Adjustment. The City reserves all rights and remedies to enforce the Plan of Adjustment and nothing in this budget should be construed to the contrary.

DEPARTMENT OF PUBLIC WORKS (19)

Mission

The Department of Public Works (DPW) provides excellence in the delivery of essential environmental and infrastructure services, thereby ensuring a safe and clean environment in a cost-effective manner.

Operating Programs and Services

- **Administrative Division** provides overall management and efficiencies. It houses the Street Administrator, who oversees all street-funded DPW operations including Traffic Engineering and Street Maintenance Divisions and the majority of City Engineering. It accounts for State Gas and Weight Tax revenue and for State and Federal grants on a project basis.
- **Street Maintenance Division** serves 673 miles of major streets and 1,875 miles of local streets, 29 bridges, and 807 traffic signals with maintenance, including the repair of potholes, snow removal, residential street resurfacing, installation of residential speed humps, maintaining public areas underneath viaducts, and the physical facilitation of street closures. This activity provides for the management, construction, and maintenance of streets, bridges, traffic signals, traffic control signs, pavement markings, and non-motorized improvements.
- **City Engineering Division** designs, surveys, engineers and inspects roads and bridge improvements on the public right-of-way. This division manages all major road and bridge construction projects, including paving and streetscape enhancement projects. Plan and petition review services on behalf of planned construction projects ensure compliance with State and City construction standards.
- **Traffic Engineering Division** installs and maintains traffic control devices, pavement markings and street layouts to make the street system safe and fit for public use. It ensures safe, expeditious traffic flow through traffic control devices, signals, parking control devices, geometric improvements and pavement markings. The **Traffic Sign Shop** fabricates, repairs, and maintains traffic control and street name signs. Activities include evaluating and planning requests for changes in the street system and interfacing with external agencies such as the Federal Highway Administration, Michigan Department of Transportation and Wayne County Road Commission to coordinate highway planning. **Public Act 48**, the Metropolitan Extension Telecommunication Rights-of-Way Oversight Act (METRO), is designed to accelerate the deployment of high-

DEPARTMENT OF PUBLIC WORKS (19)

speed broadband internet connections throughout the State. The State assesses fees on telecommunication providers that use the public rights-of-way. Revenues collected can be appropriated and used for rights-of-way related purposes.

- **Solid Waste Division** provides for collection and disposal of waste generated by residential homes and commercial establishments, engaging accepted industry standards to collect, process and dispose of refuse, yard waste and recyclable material. Services include scheduled weekly and bi-weekly collections of refuse, bulk, yard waste and recyclables performed by contractual waste haulers; disposal or processing activities for each; annual inspections of commercial businesses; commercial refuse collection; and residential street sweeping. Solid Waste enforcement activities are performed by the Building, Safety Engineering and Environmental Department in coordination.
- **Greater Detroit Resource Recovery Authority** is a public body corporate created under Michigan Public Act 179 (1947). The GDRRA Board of Directors was established in 1984 to provide efficient, environmentally responsible waste disposal service to the residential, commercial, industrial sectors of Detroit as part of a total post-collection system including transportation, recycling and disposal.

Mission

The Detroit Department of Transportation (DDOT) provides public transit services that are reliable, clean, customer-focused, safe, and secure. Fixed route bus service throughout the City of Detroit, and to parts of neighboring communities, helps to ensure that Detroiters, employees, and visitors can safely and reliably travel and make connections to the larger region. Complementary ADA paratransit services are provided for people who are elderly and people with disabilities through MetroLift.

DDOT is the largest public transit provider in Michigan and prides itself on providing reliable, clean, safe, and efficient service to an average of 25,000 riders daily. For routes and fare information, visit ridedetroittransit.com. DDOT's Main Office is at 100 Mack Ave. Two bus operating facilities, Shoemaker and Gilbert, serve as bus terminal operations and daily bus repair work. A third bus operating facility, Coolidge, is in the rebuild design phase. In addition, DDOT maintains the daily operation of the Rosa Parks Transit Center, which is a passenger facility, serving over 5,000 customers a day.

Operating Programs and Services

- **Fixed Route Bus Services** is the primary mode of public transportation for all residents and visitors to the City of Detroit. Comprised of 37 routes making up the local service network mostly operating seven days a week.
- **Paratransit** service supplements fixed route bus service for all residents and visitors meeting ADA mobility limitation requirements.
- **Planning** manages service network planning and any associated staffing, technology, facility, fleet, and other infrastructure needed to support City transportation goals.
- **Administration** oversees strategic planning for future operations; provides inventory, personnel, security, and management information; and maintains compliance with Federal and State guidelines and regulations.
- **Plant Maintenance and Construction** recommends, upkeeps, and upgrades equipment, buildings, and properties, and construction projects.
- **Vehicle Maintenance** provides safe, clean, reliable buses, and support vehicles for use in daily public service.

Services provided support the operations of the City departments with staff dedicated to providing efficient and responsive services, in full compliance with legal requirements, while upholding the highest ethical and professional standards.

Mission

The Law Department strives to deliver exceptional and efficient legal counsel and representation to the Executive and Legislative branches of City government as mandated by the City Charter. The Law Department is headed by the Corporation Counsel, who is appointed by the Mayor with approval by City Council.

The Department is required by Charter to represent the City of Detroit in all civil actions or proceedings filed against the City. The Corporation Counsel may also prosecute any action or proceeding in which the City has a legal interest, and is the City prosecutor on cases arising from the provisions of the Charter or City ordinances and prosecute all actions for the recovery of fines, penalties and forfeitures. The Department provides advice and opinions to the Mayor, members of City Council or the head of any City agency, approving the form and substance of all contracts, bonds and written instruments, and drafting, upon the request of the Mayor or any member of City Council, any ordinance or resolution for introduction.

Mission

The Municipal Parking Department (MPD) provides economical on and off-street public parking services; enforces the City's parking ordinance; reduces parking-related congestion and pollution and improves residential quality of life; and develops parking plans to support development projects. This includes support for creative competitive strategies for the parking kiosk (meters) system, customer loyalty plans, enhanced parking experience through capital efforts, upgraded technology to maximize deployment of parking enforcement officers, better managed Citywide towing operations and coordinated use of City parking systems.

Operating Programs

- The **Auto Parking System**, pursuant to City ordinance, operates and maintains two garages one of which is downtown and one which is in the Eastern Market District. These garages, as well as the city-owned lots, contain approximately 1,254 parking spaces. The department operates 500 parking meter kiosks that include three parking zones with thirteen subzones that manage on-street parking.
- The **Parking Violations Bureau**, pursuant to City ordinance, manages the City's parking ticket processing and fine collection program and supervises parking regulations through its civilian ticket writing personnel (Parking Enforcement Officers). Enforcement efforts focus on ensuring public safety, creating parking availability, protecting the residential quality of life, and improving parking program compliance.

Non-Departmental (35)

Mission

The Non-Departmental budget provides funds for activities which are not the responsibility of any one single agency. Non-Departmental is also the depository agency for General Fund contributions for enterprise activities and for a wide variety of General Fund revenues, including four of the five major revenues (casino revenues/wagering taxes; income taxes; property taxes; state revenue sharing) and revenues from reimbursements from enterprise/non-General Fund agencies of personal services costs, transfers from other City funds, and use of prior year surplus.

Operating Programs and Services

The Non-Departmental budget includes the following independent boards, commissions, and/or agencies with citywide operations:

- **Board of Ethics** investigates and resolves complaints alleging violations of the Ethics Ordinance by public servants, and issues advisory opinions regarding Charter, City ordinances or other laws and regulations establishing standards of conduct and disclosure requirements for public servants. Opinions are rendered upon request by a public servant and published annually in a report to the Mayor and City Council. These actions are “to promote an ethical environment within City government, and to ensure the ethical behavior of public servants.”
- **Board of Police Commissioners** (BOPC) is a civilian agency that exercises supervisory control and oversight of the Detroit Police Department (DPD) as set forth in the Charter. The Board has 11 members, 7 elected by District and 4 appointed by the Mayor with City Council consent. The Board meets every week including (12) community/evening meetings in the Districts. Internal organization includes fiscal, policy, administrative, legal advisor, community outreach, and the Office of the Chief Investigator, which processes and investigates 1,500 - 1,700 complaints annually. Responsibilities include: in consultation with the Chief of Police and the Mayor, establishes policies, rules and regulations for the DPD; subpoena power for investigative purposes; review and approval of the DPD budget; investigation of non-criminal citizens' complaints against members of the Detroit Police Department; final authority in imposing or reviewing discipline of employees of the department; and disqualification appeals from police recruits hoping to enter the Detroit Police Academy.

Non-Departmental (35)

City Code Section 55-15-8(a) provides for regulation of towing to promote equitable distribution of police authorized towing.

- **Detroit Building Authority** (DBA) administers capital projects, as determined by City Departments. Critical functions: encumbering funds through Contracts of Lease; managing the bid, RFP/RFQ process; issuing contract awards; advising contractors of City requirements; execution of contract documents; monitor design development and construction for each project; oversight of payments. The DBA maintains a database of all City-owned commercial property, manages the properties within the database, manages sale of property and City leases.
- **Media Services**, formerly the Detroit Cable Communications Commission (established by ordinance in 1981), is the City's local video franchising authority with direct responsibility for review and issuance of franchise agreements and permit agreements to telecommunications providers for use of the City's right-of-way for telecommunications facilities. As the City's video production and television broadcast services provider, Media Services is responsible for daily programming, operation and management of Government Access Channel 10, Education Access Channel 22, Neighborhoods Channel 21 and Public Access Channel 68. Media Services interfaces with the Mayor's Office; City Council; City departments and commissions; educational institutions; and community organizations to produce programming that is responsive to the public's diverse information needs and interests.
- **Communications Services** staff promotes a positive city image with effective communications with the City's customers - residents, business owners, employees, visitors and the media. As the communications arm, staff provides high-quality service to city agencies and elected officials in their efforts to communicate programs, initiatives and information to various audiences. Services include strategic communications planning and counseling, media relations, event planning, website management, writing, graphic design, photography and Total Copy Center services. Staff support Motor City Makeover and Halloween in the D, under the Mayor's Communications Director.
- **Pension Administration** is responsible for the administration of the employee retirement systems, and it is the governing body for the Employee Benefit Plan. The Retirement Systems fully reimburses the City of Detroit for Pension Division personnel costs.

The Non-Departmental agency records the salaries and benefits for the 11 elected officials of the City of Detroit: Mayor, City Clerk, and City Council members, in the **Elected Officials Compensation** cost center. PUBLIC LIGHTING DEPARTMENT (38)

Mission

The Public Lighting Department (PLD) supports the Public Lighting Authority (PLA) as it maintains the upgraded streetlight system. PLD works with TMC Alliance and DTE Energy to assure the safety of the general public and to provide reliable power to customers through the City's distribution system as the City assists with converting customers to DTE's system.

On February 5, 2013, the City created the PLA, a separate municipal corporation pursuant to Michigan Public Act 392 of 2012 (as amended) and the Municipal Lighting Authority Act, MCL 123.1261, to manage and maintain the City's public lighting system. Pursuant to an amendment to the City Utility Users' Tax Act, 1990 PA 100 (as amended) MCL 141.1151-MCL141.1177, the PLA utilizes \$12.5 million in utility user tax proceeds to satisfy the debt service obligation of bonds issued to modernize the streetlight system. Through an interlocal agreement, the City provides additional funds to the PLA to finance the operations and maintenance of the street lighting system.

PLD owns and maintains hundreds of miles of underground conduit and poles for overhead lines. Various communication companies rent conduit space and/or pay pole attachment fees that provide significant revenue to the City's General Fund.

PLD is actively preparing unused substations for sale to private entities, returning them to the City's tax base. PLD also is removing unused overhead lines owned by PLD to further enhance citizen safety and reduce blight.

Operating Programs and Services

- **Administration/Overhead** encompasses one full-time position, office supplies, and dues/occupancy permits
- **PLD Reserve** is comprised of materials handling services
- **Streetlights** encompasses utility costs for streetlights, electrical grid maintenance, substation decommissioning, and removal of overhead wires/peripheral equipment/poles no longer needed

PLANNING & DEVELOPMENT DEPARTMENT (43)

Mission

The Planning & Development Department (PDD) envisions a healthy and beautiful Detroit, built on inclusionary growth and economic opportunity in an atmosphere of trust. Our mission drives us to achieve this vision by acting on these values in our work: We honor the right of every citizen to live in a socially, environmentally, and economically healthy community. We actively seek opportunities to preserve Detroit's rich history and tremendous physical assets to support neighborhood revitalization. We believe community engagement strengthens our decisions and generates confidence in the future.

Operating Programs and Services

- **Neighborhood Planning Frameworks and Implementation** projects are managed by three divisions as PDD's core programs in the City's East (Districts 3 & 4), West (1, 2 & 7) and Central (5 & 6) Regions to advance neighborhood stabilization and revitalization and support for population and job growth. Specific work includes: Development of neighborhood framework plans and implementation of framework plans in Detroit's neighborhoods, commercial, business, industrial and historic districts; engaging local communities and their leaders in planning workshops and presentations; developing urban design guidelines; designing improvements for local parks, streetscapes, open spaces, public art; developing standards green storm water infrastructure; identifying development sites, supporting parcel assembly and proposing historic building-reuse scenarios.
- **Citywide Planning Initiatives** guide major development impacting multiple neighborhoods, such as the Joe Louis Greenway and siting or growth of industrial facilities. These initiatives are coordinated by PDD's division of Design and Development Innovation.
- **Design and Zoning Reviews** are also managed by the Design and Development Innovation division. Working in partnership with other city departments, the City Planning Commission and City Council, the division guides development by translating City and neighborhood plans into regulatory language, zoning changes, ordinances and development initiatives; performs design reviews of proposed development; oversees the Sign Waiver Request processes; and facilitates Master Plan interpretations.

PLANNING & DEVELOPMENT DEPARTMENT (43)

- Historic Preservation and Adaptive Re-use** of Detroit’s significant historic buildings is directed by PDD’s Historic Preservation division to jump-start neighborhood revitalization. Work includes developing regulatory language, ordinances and initiatives to guide development, environmental protection and preservation. This division’s staff also support the Historic District Commission in enforcement of Historic District codes; review permit applications; conduct historic district reviews; and investigate district violations. Staff work in close partnership with Michigan’s State Historic Preservation Office (SHPO), the City Planning Commission (CPC), Historic Designation Advisory Board (HDAB), and other city departments.
- Urban Data Analysis and Equitable Development Legislative Affairs** are managed by two PDD divisions created in 2022 through realignment of existing positions and resources. Together, these divisions enhance PDD’s ability to identify, analyze and apply data to PDD decision-making; and strengthen PDD’s oversight of the Community Benefits Ordinance and partnerships managing development with the City Council.
- Planning, Housing and Development Communications** are coordinated and managed by a communications specialist within PDD’s Administrative Division. In addition to increasing the frequency and clarity of public communications, the Administrative Division also maintains vital support partnerships with other departments in managing PDD operations and budget, grants and vendor contracts, and personnel.

Mission

The Department of Appeals & Hearings aims for a blight-free city, by providing quality administrative hearings in a timely, efficient and cost-effective manner, with respect for the dignity of individuals and their due process rights.

The Department is an independent administrative hearings bureau that adjudicates blight violations and assesses civil fines and costs pursuant to the schedule in the anti-blight ordinances and reviews administrative decisions of City departments and agencies and makes the final agency decisions. It has conducted over 450,000 hearings since its opening in 2005.

Operating Programs and Services

- **Administration** adjudicates blight code violations issued by authorized City agents with sensitivity to the violations’ impact on the escalating problem of blight in Detroit. GENERAL SERVICES DEPARTMENT (47)

Mission

The General Services Department (GSD) efficiently supports City operations through fleet, buildings, grounds and other support so departments can focus on their core functions. GSD operating divisions provide shared services, and project management, for city government.

Operating Programs and Services

- **Grounds Maintenance Division** cuts grass and removes litter at city parks and in City-owned vacant lots, manages snow and ice removal at municipal facilities, cleans 220 bus shelters, and operates flower beds. The Division provides exterior maintenance of Detroit Land Bank Authority properties and along major commercial corridors, manages the urban forest, and maintains grass on freeway berms and medians for public rights-of-way.
- **Fleet Management Division** enhances city services by efficiently providing agencies with ready access to functional and reliable vehicles. Responsibilities include supporting the City's Vehicle Steering Committee, preparation and execution of the City's 10-Year Vehicle Reinvestment Plan, approval of vehicle specifications, receipt and disposal of vehicles, repair and maintenance of 2,400 municipal vehicles, supporting the City's employee local driving policies, and administering the loaner pool. The division operates out of the Russell-Ferry, 19th & Michigan, Erskine, and Davison yards with a body shop for simple bump repairs and a 24-hour road crew.
- **Building Services Division** provides custodial services to City-owned facilities and oversees graffiti removal throughout the city. The Security Services Unit manages functions associated with security and monitoring of City operations and facilities, including armed, bonded, and unarmed guards and monitoring equipment.
- **Landscape Design Division** designs, develops and beautifies City-owned parks, greenways and rights-of-way through Floriculture, Beautification, and Park Development Units. Staff develop and manage the City's park improvement plan, and beautify medians and gateway entries.

GENERAL SERVICES DEPARTMENT (47)

- **Strategy and Planning Division** includes a Project Management and Analytics Team to analyze service requirements of agencies; execute customer Service Agreements; and manage budget, contract and asset requirements. This division oversees creation of the City's long-term plans for the City's fleet and public spaces, as well as functional reforms such as inventory management and 3rd party operated leisure agreements and process improvement. Staff have strategic planning and project management capacity to assure successful implementation of reforms.
- **Animal Care and Control Division** provides animal control services
- **Recreation Division** operates 12 recreation centers throughout the City and provides recreation programs and activities at the centers, Spirit Plaza, Hart Plaza. Over 30 leisure sites – from historic cemeteries, historic Fort Wayne, and Eastern Market; to the new riverwalk and velodrome; to old/vacated recreation centers – are operated by the 3rd party partners under Recreation staff oversight and management. The Division is in the middle of reorganizing and improving the quantity and quality of opportunities it offers.
- **Blight Division** cleans corridors and alleys of debris and excess signage; remove graffiti and create murals on blighted space. These special post-bankruptcy operations are part of interagency enforcement initiatives designed to reduce blight. These teams work closely with the Construction & Demolition Department, the Department of Neighborhoods, and enforcement agencies such as BSEED to maximize impact of their work.
- **Facilities Division** transferred to the Construction & Demolition Department.

WATER (48)

Mission

The Water and Sewerage Department (DWSD) strives to exceed our customers' expectations through the efficient distribution of treated water, collection of wastewater for treatment and the provision of services that promote healthy communities and economic growth.

The Water Supply System is administratively part of DWSD while maintained as a separate fund in the City of Detroit's accounting system. The department leases five water treatment plants and 20 booster (re-pumping) stations and 19 reservoirs to the Great Lakes Water Authority (GLWA). Of these five water plants, two are in Detroit. There is one plant each in Allen Park, Dearborn and Port Huron. Detroit is primarily served by the two Detroit water treatment plants with some support from the Allen Park and Dearborn facilities. There are three sources of raw water supply – Detroit River at Fighting Island, Detroit River at Belle Isle and Lake Huron north of Port Huron.

The main administrative offices are located at 735 Randolph in downtown Detroit, officially known as the Water Board Building. Approximately 3,438 miles of water transmission and distribution mains within the city of Detroit are owned by the department, and it maintains more than 2,700 miles of these pipes, with the remainder maintained by GLWA.

Bifurcated from GLWA on January 1, 2016, Detroit maintains its own local system under the authority of the six-member Board of Water Commissioners as appointed by the Mayor. The Detroit local system is made up of approximately 3,000 miles of sewer collection pipe and 2,700 miles of water mains serving the neighborhoods. Detroit has full authority to repair and rebuild the local system and serves as first responder to all service disruptions, including those of GLWA-leased assets, located within the City's boundaries.

GLWA will continue to operate the regional water and sewer assets which include the water treatment plants and other water facilities. GLWA operates under the authority of a six-member board appointed by several constituencies of the authority: 2

SEWERAGE (49)

Mission

The Water and Sewerage Department (DWSD) strives to exceed our customers' expectations through the efficient distribution of treated water, collection of wastewater for treatment, and the provision of services that promote healthy communities and economic growth.

The Sewerage Department is administratively part of DWSD while maintained as a separate Fund in the City of Detroit Accounting System. The DWSD sewer system originated in 1836, and today it consists of nine pump stations, nine wet weather treatment facilities to reduce combined sewer overflows (CSO) during major rain or snow events, and a total of 3,433 miles of sewer lines that carry rainwater, snowmelt and untreated sewage to the Water Resource Recovery Facility – the largest, single-site wastewater treatment facility in North America. The facilities are leased to and operated by the Great Lakes Water Authority (GLWA). DWSD has installed 16 green stormwater infrastructure projects since 2015 that manage more than 61 million gallons of stormwater annually, further reducing CSOs and helping beautify neighborhoods. The Department currently services and sets water, sewer and drainage rates for more than 175,000 customers.

Bifurcated from GLWA on January 1, 2016, Detroit maintains its own local system under the authority of the seven-member Board of Water Commissioners as appointed by the Mayor. The Detroit local system is made up of approximately 3,000 miles of sewer collection pipe and 2,700 miles of water mains serving the neighborhoods. Detroit has full authority to repair and rebuild the local system and serves as first responder to all service disruptions, including those of GLWA-leased assets, located within the City's boundaries.

GLWA will continue to operate the regional water and sewer assets which include the water treatment plants and other water facilities. GLWA operates under the authority of a six-member board appointed by several constituencies of the authority: 2 appointed by the Mayor of Detroit, 1 each by Wayne, Oakland and Macomb Counties and 1 by the Governor from the service area outside the three counties.

Operating Programs and Services

- **Wastewater Collection** conveys sanitary and combined sewage collected throughout the service area to the GLWA operated facilities in accordance with applicable service agreements, such that public health is protected and the treated

SEWERAGE (49)

effluent discharged to the Detroit and Rouge Rivers is in compliance with limits established by the Department’s National Pollution Discharge Elimination System (NPDES) Permit and other applicable wastewater, air pollution and solid waste disposal laws, rules and regulations imposed by courts and agencies.

- **Maintain and upgrade the Detroit Local System** and serve as first responder for necessary repairs within Detroit.
- **Serve as the retail advocate for Detroit based constituents** (Detroit Retail Class), including households, businesses, non-profits, and faith-based organizations, in the procuring of water and sewerage services from GLWA.
- **Serve as the collection agent** for the Detroit Retail Class.

OFFICE OF THE OMBUDSPERSON (53)

Mission

The Ombudsperson improves service delivery through departmental accountability. The City of Detroit Office of the Ombudsperson was established by Charter referendum on November 6, 1973, became operational in 1974 and was upheld by voters in 2011. The Detroit City Ombudsperson, an independent governmental official, is appointed by the Detroit City Council.

The Office is mandated by the City Charter to use its independence to receive, investigate, mediate and resolve citizen complaints against any action, decision, recommendation, practice or procedure of any agency. The City Charter authorizes review of investigations and hearings conducted by City departments, with subpoena power, to ensure truthful and fair outcomes; recommend changes where investigations warrant; establish complaint investigative procedures and maintain records to determine areas of failure; initiate investigations where data reveals problems; provide information, referrals, assistance, and recommendations for appropriate investigation when complaints are not within City jurisdiction. Annual statistical reports are presented to City Council and Mayor. The Office does not address issues pending legal considerations in courts, or under review by City Council.

Operating Programs and Services

- **Complaint Intake and Analysis** investigates and seeks resolution to citizen complaints, advances innovative and practical policy recommendations to resolve recurring complaints, and restores citizen confidence where misunderstanding, error and omission have decreased confidence in government.

LIBRARY (72)

Mission

The Detroit Public Library (DPL) enlightens and empowers people by providing diverse and dynamic pathways to literacy and learning. DPL is an independent municipal organization administered through the Detroit Library Commission. Funding for library operations is generated through a dedicated millage of 4.63 mills. As Michigan's largest public library system, DPL offers services through its Main Library and 21 neighborhood branches: a collection of over 4.4 million cataloged items which includes books, magazines, and professional journals, as well as extensive audio, video, and DVD collections; 4 million manuscripts, music scores, photographs, pictures, and government documents; and over 800 public access computers.

Operating Programs and Services

- **The Main Library**, located in the Midtown Cultural Center, is an architectural jewel and the largest public library building in the state. It is a center for literacy support, library services, cultural programming, technology access, and computer classes.
- **The Mobile Library** allows Wayne County residents to check out books and audio-visual materials, access digital collections, connect with free Wi-Fi, or participate in program activities.
- **Library Collections** are composed of four departments in the Main Library which includes Circulation; Business, Science & Technology (BST) and Social Science, Education & Religion (SSER); Special Collections; and Music, Art & Literature (MAL).
- **Library Branches** include Bowen, Campbell, Chandler Park, Chaney, Chase, Conely, Duffield, Edison, Elmwood Park, Franklin, Hubbard, Jefferson, Knapp, Lincoln, Parkman, Redford, Sherwood Forest, SIR Douglas, Skillman, and Wilder in Detroit's neighborhoods. They serve as community centers connecting citizens to information and technology. Each branch is different, offering a range of services and programs tailored to fit the specific community served.
- **Library Enrichment Programs** includes three (3) departments in the Main Library: 1) Children's Library, 2) Children's Library Services, and 3) Technology, Literacy & Career Center (TIP)/The Community Information & Referral Service (TLC).
- **Administration** is composed of twelve (12) departments: Director's Office, Marketing, Human Resources, Public Services Office, Bibliography, Print Shop, Technical Processing, Information Technology, Financial Operations, Facilities, Security Operations, and Shipping.
