Section 1. Project Summary and Background

1.1. PROJECT REQUEST

The City of Detroit Office of Contracting and Procurement (OCP) on behalf of x department requests proposals from qualified Respondents to render certain technical or professional services ("Services") as set forth in this RFP to provide Automatic License Plate Readers (ALPR) on City of Detroit freeway entry and exit ramps, by installing APLRs at City boundaries on freeways within City of Detroit borders, and by installing ALPRS on Freeway Intersections.

1.2. BACKGROUND/DESCRIPTION OF ENVIRONMENT

The City of Detroit Police Department is looking for qualified vendors with a minimum of five (5) years' experience installing and maintaining ALPR in large municipal areas. This Request for Proposal (RFP) seeks to install ALPRs on every freeway entry and exit ramp within the City of Detroit borders. The City of Detroit Police Department is also looking to install ALPRs at the freeway locations where the City of Detroit borders other cities.

This project is separate but coincides with a larger project where the City of Detroit Police Department will install streaming cameras on every quarter mile of freeway within the City of Detroit's boundaries.

The City of Detroit freeways have:

- Over sixty (60) miles of freeways within its borders.
- Two hundred and ninety (290) entry and exit ramps.
- Twelve (12) locations that border neighboring cities on freeways within the City of Detroit boundaries. Thirty-eight (38) places where freeways intersect with other freeways.

Currently, the City of Detroit Police Department uses ALPR technology on surface streets, Patrol Vehicles, and on three (3) ALPR mobile units.

The City of Detroit Police Department uses ALPR technology from Genetec, Flock, and will soon be using Motorola Vigilant APLR technology.

The City of Detroit Police Department:

- Operates a Real Time Crime Center (RTCC) where video and ALPR assets are monitored.
- Facilities have Internet Access.
- Vehicles have controlled access to the Internet.
- Has an on-premises server and storage infrastructure.

1.3. AWARD CLAUSE INCLUDING RENEWAL OPTIONS

If a contract is awarded as a result of this RFP, it will be a City of Detroit **IT Contract (Attachment E)**. **The term of the contract will be for 3-5 years.** Any renewal option exercised under this contract is effective only after the approval of the Detroit City Council and signed by the Chief Procurement Officer. **The City anticipates one or multiple awards as a result of the RFP.**

Section 2. Statement of Work

2.1. SERVICES TO BE PERFORMED

The City of Detroit Police Department seeks bidders to install a turnkey ALPR solution at 290 freeway Entry and Exit ramps along with installing an ALPR solution at 12 freeway border crossings. A turnkey solution is defined as a solution that is ready to go. The user will only need to login and be ready to operate all features of the system. The ALPRs should collect data on all vehicles traveling within the ALPR camera field of view. Collected data will need to be:

- Uploaded immediately.
- Analyzed against a database of vehicles stolen, and/or involved in criminal activity.
- Available for end user viewing
- Searchable and reportable

The ALPR end user interface should provide the user with the ability to search vehicle license plate characters, vehicle model, vehicle body style, presence of racks, vehicle history, and or presence of bumper stickers.

The ALPR solution must connect to the National Crime Information Center (NCIC) database and user defined Hotlist to match plate reads against wanted vehicles and deliver alerts to end users. The successful bidder will be responsible for all items involved with providing the City of Detroit Police Department a turnkey solution. Thus, the successful bidder will be responsible for all items involved with the design, permitting, construction / installation, maintenance, data transmission, application support, and maintenance of the ALPR solution.

Project Approach

The City of Detroit Police Department believes the installation of ALPR will be done in phases. Phase 1 will be to install the ALPR on the freeway entry and exit ramps. Phase 2 will be to install the ALPR technology on the twelve (12) freeway border crossings. Bidders are allowed to propose an alternate approach, but bidders should consider that the City currently has no agreements with the Michigan Department of Transportation (MDOT) to install any hardware on MDOT's infrastructure.

2.2. OPERATIONAL INFORMATION

Bidders should consider the following items when developing a proposal:

- The Winning Bidder is responsible for getting permission for acquiring permission to install ALPRS at a location.
- The winning bidder will be responsible for handling all electrical connections and ongoing billing of electrical connections to ALPR hardware.
- The winning bidder will be responsible for handling billing for data transmission.
- Winning Bidder's employees working on this project must have their Criminal Justice Information Service (CJIS) clearance.
- The City strongly encourages bidders to partner with Detroit based businesses for subcontracting opportunities and to hire Detroit residents for any associated employment opportunities.
- Review of the City of Detroit's technical contract; acceptance of the City of Detroit terms will expedite the negotiation process.
- It is preferred that an ALPR Cloud Solution meets Criminal Justice Information System (CJIS) cloud security standards.

- It is preferred that an ALPR Cloud Solution is SOC2 compliant.

Awarded Contractor(s) will work closely with City agency staff.

The Respondent is expected to provide service in accordance with the terms of the executed contract and under the rules, regulations, and supervision of the City.

2.3. TECHNICAL INFORMATION

The City of Detroit is committed to centralizing and warehousing data for the purpose of improving service delivery and enabling cross departmental analytics. For this reason, we expect Contractors, contractual relationships, and resulting software platforms to enable data access, data interoperability, warehousing of resulting data, and adherence to City data standards.

Specifically, the City minimally requires:

- Access to any data via APIs in a machine-readable format.
- Full documentation of APIs (including field names and objects) and the database schema used by the application.
- Ability for City to push data as needed to these software systems to update base datasets.
- Any location-based data or platform utilizes the City’s Base Units geocoder, Base Units Database, and/or address data standards as applicable. For more information see: <https://base-units-detroitmi.hub.arcgis.com/pages/about-base-units>
- The ability for the City to use and govern this data as it deems necessary - centralizing it, porting it into other systems, and using it for additional and future organizational needs.

The City prefers:

- System or platform has the capacity to store field-level metadata and display it in the user interface when appropriate
- API is able to provide data in a JSON format.
- Data system or data exports integrate easily with ESRI products including feature services.
- Systems or platforms that support data exchanges (pushes and pulls) that can happen dynamically.

What Bidder’s Responses Must Include

The Bidder’s response must include the following:

- Technical details of turnkey solution:
 - A description of latency between vehicle detection, and availability to end users.
 - A description of data retention options
 - Specification sheets for all devices in response
 - A description of operational temperature range
 - Provide detailed specification sheet to include items such as operating temperatures, API availability, NEMA ratings, IP ratings, etc.

- Completion of Attachment C to this RFP, Pricing Worksheet
- Completion of Attachment I to this RFP, Proposed ALPR Functional Requirements Checklist
- A design and delivery concept
- A description of installation concept and plan of installation (wiring and conceptual system architecture)
- A description of concept and plan for configuration and integration
- Hardware requirements
- Operating system/software environment
- Network requirements
- Database environment and storage needs
- Prime contractor and sub-contractor organizational charts with employees' resumes and qualifications.
- Description and details of three similar recent project deployments in the USA
- Proposed deployment schedule including lead-time for product manufacture and delivery.
- Proposed maintenance options for five years after installation
- Licensing options for end users, including an enterprise-wide license.
- System Implementation Project Plan
- Training plan
- Description showing how the equipment will be mounted and installed.
- Camera specifications for each camera being recommended.
- Length of Data Retention
- Description of how data would be shared with other law enforcement agencies if/when permitted by the end user.
- Listing of City of Detroit Police Department responsibilities, including site requirements
- Description of System and Equipment Maintenance, Service Level, and Support Services including warranty information.
- Description of how the ALPR system can be accessed.
- List of third-party applications the proposed ALPR system will integrate with, along with a description of the integration.
- Description of the system's auditing capabilities
- Description of wireless bands supported by the proposed ALPR system.
- Description of Public Partnerships
- Description of how the bidder solution works.
- Description of maintenance plans
- Description of Product support and maintenance.
 - The items listed below must be included in the bidder response, but is not limited to just the items listed below:
 - User Manuals
 - On-Line Documentation
 - On-line help system description

- Help desk availability and hours.
- Availability of User Groups
- Upgrade schedules
- ALPR hotlist data update schedule.

City of Detroit Police Department ALPR System requirements

The ALPR system must:

- Have a distributed security methodology.
- Have access rights to different ALPR functions.
- Include role-based security with the ability to allow access at the user, group, or global level.
- Be accessible from anywhere within the continental United States
- Provide historical ALPR data and must be refreshed on a continual basis.
- Have the ability to identify who performed a search.
- Be able to keep information indefinitely and cannot be changed.

City of Detroit Police Department ALPR Preferred System requirements

- Integrate with Microsoft Active Directory or Microsoft Azure Active Directory
- Search using user-defined parameters with query results displayed to the user in a browser.
- Results should be in a report form, mapping format, graphing format, exportable, and printable.
- Search geographically in the browser by defining an area, querying, with the system returning records gathered in that area.
- Users should be able to enter date parameters to refine geographic searches.
- ALPR data should be geo-coded.

Bidder's Product Demonstration

Each bidder will be required, at their expense, to provide proof-of-concept of the bidder's solution. The Proof-of-Concept will involve installing their ALPR hardware at one (1) Freeway Entry or Exit ramp chosen by the City of Detroit Police Department and providing the City of Detroit Police Department access to user interface for a period agreed to by the City of Detroit Police Department and the bidder.

Specifications, Change of Specification, and Errors or Omission. Specifications which refer to brand names are given for reference. Respondents may quote on equivalent articles, provided that brand name and catalog number(s) and any deviations are noted on the bid form and complete descriptive literature is furnished. Exceptions will state "Do Not Substitute."
The decision of the City shall be final.

2.4. PAYMENT & PERFORMANCE BOND (Construction)

N/A

Section 3. Proposal Evaluation and Selection Process

3.1. MINIMUM QUALIFICATIONS

Proposals will only be accepted from those firms demonstrating a minimum of 3 years of experience providing the services requested in the RFP for projects of similar scope and size.

3.2. ADHERENCE TO TERMS OF PROPOSALS

A proposal once accepted by the City of Detroit, may become a binding contractual obligation of the Respondent. The failure of a successful Respondent to accept this obligation and to adhere to the terms of the Respondent's proposal may result in rejection of the proposal and the cancellation of any provisional award to the respondent. Respondents are not permitted to take advantage of any errors or omissions in specifications since full instructions will be given should they be discovered before bid submission date.

3.3. QUESTION DEADLINE

All questions regarding the RFP shall be submitted through the Supplier Portal no later than the time and date specified on the Cover Page. In the interest of transparency, only written questions will be accepted. Answers to questions will be posted within the Supplier Portal. The City of Detroit does not guarantee a response to questions submitted after the question deadline.

Should a Respondent be in doubt as to the true meaning of any portion of this RFP or find any patent ambiguity, inconsistency, or omission herein, the Respondent must make a written request for an official interpretation or correction in accordance with the instructions for submitting questions as specified in this RFP.

Respondents are advised that no oral interpretation, information or instruction by an officer or employee of the City of Detroit shall be binding upon the City of Detroit.

Respondents requesting changes to the RFPs terms and conditions, specifications, quantities, etc.; or if clarifications are needed, must make the request in writing by the stated bid submission deadline.

3.4. EVALUATION CRITERIA

Technical Proposals will be evaluated before Cost Proposals are reviewed.

Proposal Evaluation Criteria	Possible Points
1. Performance on Bidder's Product Demonstration	20
2. Response to proposed ALPR Functional Requirements Checklist	20
3. Maintenance Plan	10
4. Pricing	10
5. Project Experience	5
Total Points Possible	65

PHASE TWO CRITERIA – PRIME CONTRACTOR ECONOMIC DEVELOPMENT

Proposal Evaluation Criteria	Possible Points
1. Detroit headquartered business	15points
2. Detroit based business	5 points
Total Points Possible	15

Maximum points for phase two not to exceed fifteen (15) points.

PHASE THREE CRITERIA ECONOMIC DEVELOPMENT & CONTRACT PERFORMANCE OF PRIME AND SUBCONTRACTOR(S)

Proposal Evaluation Criteria	Possible Points
1. Detroit headquartered business	20 points
2. Detroit based business	10 points
Total Points Possible	20

Maximum points for phase three not to exceed twenty (20) points.

3.5. EVALUATION PROCEDURE

Following the receipt of proposals, a City designated Evaluation Committee will evaluate each response. All PROPOSALS, which meet the required format of this RFP, will be evaluated. Any proposals determined to be non-responsive to the specifications or other requirements of the RFP, including instructions governing submission and format, will be disqualified unless the City determines, in its sole discretion, that non-compliance is not substantial or that an alternative proposed by the Respondent is acceptable.

The City may also at its discretion, request oral presentations, make site visits at Respondent's facility and may request a demonstration of Respondent's operations. If scheduled, a final determination will be made after the oral presentations and/or demonstrations are complete.

The City may also at its sole discretion, elect to rank order the qualified proposals, and negotiate with some limited number of the highest scored qualified respondents. A final determination would include the cumulative inputs of this evaluation procedure. All decisions reached by the Evaluation Committee will be by consensus.

Any of the additional data specs and standards described in Section 2.3, that are met will be factored positively into the overall score.

3.6. ORAL PRESENTATION/DEMONSTRATION

The City reserves the right, at its own discretion, to request oral presentations regarding proposals submitted in response to the RFP. Failure to make an oral presentation will be grounds for rejection of your proposal. Respondents will be notified by the Office of Contracting and Procurement of the date, time and location for oral presentations.

3.7. REJECTIONS, MODIFICATIONS, CANCELLATIONS

The City of Detroit expressly reserves the right to:

- 1) accept or reject, in whole or in part, any and all proposals received;

- 2) waive any non-conformity;
- 3) re-advertise for proposals;
- 4) withhold the award for any reason the City determines;
- 5) cancel and/or postpone the request for proposals, in part or in its entirety, and/or,
- 6) take any other appropriate action that is in the best interest of the City.

This RFP does not commit the City of Detroit to award a contract, to pay any cost incurred in the preparation of a proposal under this request, or to procure or contract for services.

3.8. PROTESTS

Protests can be filed with the Office of Procurement. Interested parties aggrieved by a solicitation or the award of any resulting contract, may file written notice of protest to the following:

**City of Detroit Chief Procurement Officer
2 Woodward Avenue, Suite 1008
Detroit, MI 48226
“Procurement Protest”**

At a minimum, such protests shall include:

- 1) name of protestor.
- 2) solicitation/contract number and description; and
- 3) statement of grounds for protest (reference specific text in the solicitation, bid or contract document that is at issue).

The decision of the Chief Procurement Officer and/or the Department Director are final and is not subject to appeal.

Section 4. Required Proposal Content and Submission Process

4.1. ACCURACY AND COMPLETENESS OF INFORMATION

All information pertaining to the prospective respondent’s approach in meeting the requirements of the RFP shall be organized and presented in the prospective respondent’s proposal. The instructions contained in this RFP must be strictly followed.

Accuracy and completeness are essential. Omissions and ambiguous or equivocal statements will be viewed unfavorably and may be considered in the evaluation. Since all or a portion of the successful proposal may be incorporated into any ensuing contract, all prospective respondents are further cautioned not to make any claims or statements that cannot be subsequently included in a legally binding agreement.

4.2. REQUIRED PROPOSAL CONTENT AND FORMAT

To be considered responsive, each proposal must, at a minimum, respond to the following RFP sections in their entirety, responses must be uploaded in the Supplier Portal along with the Affidavit of Disclosure Interests Form and Non- Collusion Affidavit found under requirements section of the of RFP#184156:

Required Response Item	
1.	Letter of Transmittal The prospective respondent’s proposal shall include a letter of transmittal signed by an individual or individuals authorized to bind the prospective respondent contractually. The letter must state that the proposal will remain firm for a period of one hundred twenty (120) days from its due date and thereafter until the prospective respondent withdraws it, or a contract is executed, or the procurement is terminated by the City of Detroit, whichever occurs first.
2.	Attachment A – Respondent Questionnaire Respondent shall provide their Proposal Introduction and Experience / Capacity & Staffing, per the requirements provided in Attachment A.
3.	Attachment B – Proposal Introduction and Solution / Approach Respondent shall provide their Proposal Introduction and Solution / Approach, per the requirements provided in Attachment B.
4.	Attachment C – Pricing Respondent shall provide their Pricing proposal, per the requirements provided in Attachment C.
5.	Attachment D – Forms, Affidavits and Documents- Award Winners Only Respondent will be required to provide their completed Forms, Affidavits, Insurance and Documents, if they are selected as the award winner provided in Attachment D.
6.	Attachment E – Model IT Contract Respondent shall provide their agreement to the Model Professional Services Contract or note any exceptions provided in Attachment E.
7.	Attachment F – Equipment Matrix
8.	Attachment G – Freeway Entry Ramp Locations
9.	Attachment H – Freeway Boundaries
10.	Attachment I– Functional Requirement Checklist

Required Response Item	
11.	Attachment J – Map
12.	Attachment K – Freeway Totals
13.	Attachment L – LPR Locations

4.3. REQUIRED COST PROPOSAL

Respondents are requested to make a firm cost proposal to the City of Detroit, through the completion of **Attachment C**. If a contract is entered into as a result of this RFP, it will be a contract for fees as related to providing all requested services, with a price not to exceed the total price quoted in the proposal. The City of Detroit reserves the right to select proposals from the most responsible Respondents with the most reasonable costs. The City reserves the right to select one or more firms to perform all or separate parts of this function.

4.4. ECONOMY OF PREPARATION

Proposals should be prepared simply and economically providing a straightforward, concise description of the Respondent’s ability to meet the requirements of the RFP. Emphasis should be on the completeness and clarity of content.

4.5. SUBMITTAL INSTRUCTIONS

All proposals **must** be submitted through the Supplier Portal. Each Respondent is responsible for ensuring that its proposal is received by the City on a timely basis. **Faxed or mailed proposals will not be accepted.**

Firms shall not distribute their proposals to any other City office or City employee. Proposals received become the property of the City. The City is not responsible for any costs associated with preparation or submission of proposals. All proposals submitted by the due date will be recorded in the Supplier Portal. Responses received **will not** be available for review. Proposals received will be subject to disclosure under the state of Michigan’s Freedom of Information Act. An officer of the company authorized to bind the company to a contractual obligation with the City must sign the proposals in the Supplier Portal. The successful respondent will receive an award letter. Respondents who are not awarded will receive a notification that the award decision has been made.

Section 5. General Conditions and Requirements for RFP

5.1. CONTRACT APPROVAL

Upon contract award, the City and the successful Respondent shall execute a professional services contract, which shall contain all contractual terms and conditions in a form provided by the City. No contract shall become effective until the contract has been approved by the required City Departments and Detroit City Council and signed by the City of Detroit Chief Procurement Officer. Prior to the completion of this approval process, the successful Respondent shall have no authority to begin work under the contract. The Chief Financial Officer shall not authorize any payments to the successful Respondent prior to such approvals; nor shall the City incur any liability to reimburse the successful Respondent regarding any expenditure for the purchase of materials or the payment of services.

5.2. PAYMENT

All properly executed invoices submitted by the successful Respondent will be paid in accordance with the City of Detroit Prompt Payment Ordinance.

5.3. INVOICES

Vendors must be registered in City of Detroit Vendor Portal and be a registered vendor with the City of Detroit to submit invoices and receive payments. Go to <http://www.detroitmi.gov/Supplier> to register.

AUTHORIZATION TO COMMENCE WORK OR SHIP GOODS – READ CAREFULLY!!!

Contractors may begin work or ship goods upon receipt of the required authorization, which is the CPA (Contract Purchase Agreement), in addition to *SPO (Standard Purchase Order)*, from Procurement.

The CPA (City Council Approved and Awarded Contract Purchase Agreement) alone is NOT authorization to begin work! NO letter of Intent, or Letter to Commence Work will be issued.

****Work commencing without issuance of the SPO is subject to Payment Delays and/or Non-Payment! ****

Required vendor steps to invoice:

- 1) Invoices should NOT be uploaded until the Contractor receives confirmation of review and approval from the City of Detroit.
- 2) Vendors should submit their invoices via City of Detroit Vendor Portal. Portal invoice amount and creation date must match the date on attached invoice. Please follow the below invoice requirements:

Invoice MUST contain or have as attachment:

- Vendor Name and address on Invoice
- Contact Info on Invoice (Accounts Receivable contact with phone and email)
- Remittance information (MUST be included, or the invoice is subject to rejection)
- City of Detroit contact (person who authorized work to commence)

- Invoice Date
- Date of service/delivery
- Contract number
- Purchase order number
- Total Invoice amount
- The wording “ Goods/Services” (must be noted on every invoice)

Other invoice requirements:

- Invoice must be billed based on Purchase Order rates
- Total invoice amount must tie to the total supporting documents
- Supporting documentation must be attached to the invoice in the portal

Terms are standard NET 30 Days, unless otherwise negotiated, and start from the invoice receipt date, provided that the invoice is submitted timely to our AP department with the necessary supporting documentation.

If you need payment assistance, please contact the Office of Departmental Financial Services (ODFS) 313-410-7804.

5.4. ASSIGNMENT

The services to be performed by the successful Respondent shall not be assigned, sublet, or transferred, nor shall the successful Respondent assign any monies due or to become due to him under any contract entered into with the City pursuant to these specifications, without prior written approval of the City.

5.5. MODIFICATION OF SERVICES AFTER CONTRACT APPROVAL

The City reserves the right to modify the services provided by the successful Respondent awarded a contract. Any modification and resulting changes in pricing shall be made by amendment to the contract by the successful Respondent and the City.

5.6. NEWS RELEASE

News releases pertaining to these proposal specifications or the provisions to which they relate shall not be made without prior approval of the City and then only in coordination with the City.

5.7. MISCELLANEOUS

It shall be the responsibility of the Respondent to thoroughly familiarize themselves with the provisions of these specifications. After executing the contract, no consideration will be given to any claim of misunderstanding.

The Respondent agrees to abide by the rules and regulations as prescribed herein by the City as the same now exists or may hereafter from time to time be changed in writing.

Contractors are encouraged to contract with small and minority businesses, women's business enterprises, labor surplus area firms and Detroit businesses. The City strongly encourages the hiring of Detroit residents whenever possible by contacting Detroit At Work for your hiring needs. Visit the Detroit At Work website at www.detroitatwork.com for specific contact information regarding these opportunities.

5.8. OFFICE OF INSPECTOR GENERAL

- 5.8.1. In accordance with Section 2-106.6 of the City Charter, this Contract shall be voidable or rescindable at the discretion of the Mayor or Inspector General at any time if a Public Servant who is a party to the Contract has an interest in the Contract and fails to disclose such interest.
- 5.8.2. This Contract shall also be voidable or rescindable if a lobbyist or employee of the contracting party offers a prohibited gift, gratuity, honoraria or payment to a Public Servant in relation to the Contract.
- 5.8.3. A fine shall be assessed to the Contractor in the event of a violation of Section 2-106.6 of the City Charter. If applicable, the actions of the Contractor, and its representative lobbyist or employee, shall be referred to the appropriate prosecuting authorities.
- 5.8.4. Pursuant to Section 7.5-306 of the City Charter, the Inspector General shall investigate any Public Servant, City agency, program or official act, contractor and subcontractor providing goods and services to the City, business entity seeking contracts or certification of eligibility for City contracts and person seeking certification of eligibility for participation in any City program, either in response to a complaint or on the Inspector General's own initiative in order to detect and prevent waste, abuse, fraud and corruption.
- 5.8.5. In accordance with Section 7.5-310 of the City Charter, it shall be the duty of every Public Servant, contractor, subcontractor, and licensee of the City, and every applicant for certification of eligibility for a City contract or program, to cooperate with the Inspector General in any investigation pursuant to Article 7.5, Chapter 3 of the City Charter.
- 5.8.6. Any Public Servant who willfully and without justification or excuse obstructs an investigation of the Inspector General by withholding documents or testimony, is subject to forfeiture of office, discipline, debarment or any other applicable penalty.
- 5.8.7. As set forth in Section 7.5-308 of the City Charter, the Inspector General has a duty to report illegal acts. If the Inspector General has probable cause to believe that any Public Servant or any person doing or seeking to do business with the City has committed or is committing an illegal act, then the Inspector General shall promptly refer the matter to the appropriate prosecuting authorities.

For purposes of this Article: "Public Servant" means the Mayor, members of City Council, City Clerk, appointive officers, any member of a board, commission or other voting body established by either branch of City government or the City Charter, and any appointee, employee or individual who provides services to the City within or outside of its offices or facilities pursuant to a personal services contract.
