

HUD Electronic Review Online System (HEROS) Part 58 EA- Historic Preservation Entry Guide

Step 1 - Initiate Consultation

State Historic Preservation Offer (SHPO) Status:

- Select “not required” if archaeology is not triggered under our PA.
- Select “complete” if archaeology is triggered and the review has been completed.

Advisory Council on Historic Preservation Status:

- Under our programmatic agreement, ACHP consultation is only required in instances of Adverse Effects.

Indian Tribes including Tribal Historic Preservation Officers (THPOs) or Native Hawaiian Organizations (NHOs)

- Select “not required” if archaeology was not triggered.
- Select “complete” if archaeology was triggered and the review has been completed.

The City will supply the supporting documentation related to Tribal Consultation when finalizing the HEROS submittal.

- Add the following Tribes when archaeology review is triggered:

Bay Mills Indian Community
Forest County Potawatomi Community of Wisconsin
Grand Traverse Band of Ottawa & Chippewa Indians
Hannahville Indian Community
Ketegitigaaning Ojibwe Nation/Lac Vieux Desert Band of Lake Superior Chippewa Indians

Saginaw Chippewa Indian Tribe of Michigan

Sault Ste. Marie Tribe of Chippewa Indians
Seneca Cayuga Nation

Other Consulting Parties: N/A

* Describe the process of selecting consulting parties and initiating consultation here:

The City of Detroit works under a programmatic agreement with the Michigan SHPO and Advisory Council on Historic Preservation. Consulting Parties were invited to participate in the creation of the agreement, including the City of Detroit Historic Designation Advisory Board and Planning and Development Department, Preservation Detroit, and the Michigan Historic Preservation Network.

Step 2 - Identify and Evaluate Historic Properties

1. Define the Area of Potential Effect (APE), either by entering the address(es) or uploading a map depicting the APE in the Screen Summary at the conclusion of this screen:

This should be taken from the "Project Information" Section of the Section 106 Application and is also summarized in the Section 106 determination Letter.

If the APE is extensive, you may use the "additional notes" box to communicate that this information is available as an attachment instead of filling in the Address/Location/Districts table for each resource. Upload the survey containing this information in the "Screen Summary" Section.

2. Was a survey conducted? Yes, upload relevant historic reports.

If the Section 106 application contains archaeology reports, an effort should be made to protect this information from the public.

Projects with archaeology surveys included in this entry should be identified as "sensitive information."

Alternatively, reports may be redacted to protect site location information, or completely removed from the attachment uploads with instructions on where to obtain copies of information in the additional notes box in this section.

Step 3 - Assess Effects of the Project on Historic Properties

Check the box if an unprotected archaeology report is included with the Section 106 application.

Select No Historic Properties Affected or No Adverse Effect and document the determination as outlined in the Section 106 Determination Letter.

- If a project is supplied a Conditional No Adverse Effect Determination letter from the City, the No Adverse Effect finding contains conditions.
- Outline any conditions summarized in the 106 Determination Letter.

Screen Summary

The City's Section 106 Determination letter should contain a synopsis for this section.

HEROS Historic Preservation Section supporting documentation checklist:

- Complete Section 106 application
- City of Detroit Section 106 Determination Letter

Ensure the HEROS entry reflects the determination made by the City's Preservation Specialist.

- SHPO Concurrence Letter- if archaeology is triggered for your project.
