Section 1. Project Summary and Background

1.1. PROJECT REQUEST

The City of Detroit Office of Contracting and Procurement (OCP) on behalf of the Department of Innovation and Technology (DoIT) requests proposals from qualified Respondents to render certain technical or professional services ("Services") as set forth in this RFP to provide and implement a comprehensive, turnkey software solution to securely manage physical records.

1.2. BACKGROUND/DESCRIPTION OF ENVIRONMENT

The City of Detroit has received funds from the United States Department of the Treasury (the "Treasury") pursuant to the Coronavirus State and Local Fiscal Recovery Fund under CFDA 21.027 ("ARPA Funds"), under Section 602 and 603 of Title VI the Social Security Act, as amended by Section 9901 of the American Rescue Plan Act of 2021 ("ARPA") (Subtitle M of Title IX of Public Law 117-2); and the City has allocated ARPA Funds to provide funding for appropriate and qualifying expenditures as allowed under the Treasury Guidance Interim Final Rule "Coronavirus State and Local Fiscal Recovery Funds" (86 Fed. Reg. 267878).

The Department of Innovation and Technology (DoIT) Records Management Division is responsible for maintaining and managing physical records associated with numerous City departments and functions. In order to meet state and federal records management laws and the requirements of Executive Order 2019-01, the City must have software to manage, track, and report boxes of physical records in a secure manner. The City has a newly created Records Management Center with over 25,000 square feet and secure caged shelving for over 45,000 standard boxes. Currently, the City does not have a system in place to manage the physical record boxes stored at the new site or at other City locations. The proposed system must support the record destruction process using multiple record retention schedules and barcode readers to identify boxes and locations. The department plans to use a structured process in MS Excel to track initial boxes being loaded into the Records Management Center until a software solution is implemented.

1.3. AWARD CLAUSE INCLUDING RENEWAL OPTIONS

If a contract is awarded as a result of this RFP, it will be a City of Detroit **Information Technology Contract (Attachment E)**. **The term of the contract will be for 5 years.** Any renewal option exercised under this contract is effective only after the approval of the Detroit City Council and signed by the Chief Procurement Officer. **The City anticipates one or multiple awards as a result of the RFP.**
