

I-375 RECONNECTING COMMUNITIES PROJECT PUBLIC MEETING

WHY:

The I-375 Reconnecting Communities Project needs your participation. Join the project team for a community meeting to learn about additional members, design updates, and the opportunity to share your vision on future land use.

Those attending will be introduced to the I-375 Neighborhood Framework overview, process, and timeline. The City of Detroit will lead an interactive session to collect your feedback on how the new land connects to the neighborhoods, desired land uses, and what a successful framework for the future should be.

The public meeting presentation will start promptly at 6:00 p.m., followed by a question-and-answer session.

Can't attend? The presentation and materials will be posted online at [Michigan.gov/I375](https://michigan.gov/I375) following the meeting and available until December 20, 2024, for comments.

Attendees who require mobility, visual, hearing, written, or other assistance for effective participation should contact Orlando Curry at 517-241-7462 or CurryO@Michigan.gov, preferably at least five business days prior to the scheduled meeting. Forms are located on the Title VI webpage at <https://bit.ly/MDOT-TitleVI>. Requests made after this timeframe will be evaluated and honored to the extent possible. For follow-up, please contact MDOT-I-375Corridor@michigan.gov.
