About This Project

The Michigan Department of Transportation (MDOT) is finalizing a study that has looked at a future vision for the I-75/M-102 (8 Mile Road) interchange.

The outcome of this long-term planning effort will enhance safety, improve design and mobility, and support future transportation needs that benefit the community.

Join us at this final open house where MDOT will summarize the results of our work on alternative concepts for the interchange and outline plans for future implementation.

Light refreshments will be provided!

Accommodations can be made for persons who require mobility, visual, hearing, written, or other assistance for participation. Please contact Orlando Curry at 517-241-7462. Requests should be made at least five days prior to the need. Reasonable efforts will be made to provide the requested accommodation or an effective alternative, but accommodations may not be guaranteed.
