#### **A. Background/Description of Environment**

The U.S. Department of Housing and Urban Development (HUD) has allocated the City of Detroit, through its Housing and Revitalization Department (HRD) \$95,228,000 in Community Development Block Grant – Disaster Recovery (CDBG-DR) funding to support long-term recovery efforts following storm events from the 2021 Presidential Major Disaster Declaration (federal disaster declaration FEMA #4607 - Michigan Severe Storms, Flooding and Tornadoes) with no matching requirements. These funds were allocated through the publication of the Federal Register, Vol. 87, No. 100, May 24, 2022, and 6368-N-01 January 18, 2023. The allocation was made available through the Disaster Relief Supplemental Appropriations Act Public Law 117-43 and 117-180. The CDBG-DR program funds necessary expenses related to disaster relief, long-term recovery, and restoration of infrastructure, housing, and economic revitalization, and mitigation.

The City of Detroit is expanding its basement flooding protection program to improve underground private lateral sewer lines through the CDBG-DR Private Sewer Repair Program (PSRP).
