DATE: September 30, 2025

RE: **NEIGHBORHOOD IMPROVEMENT PLAN BONDS (PROPOSAL N) FUNDS  
STATUS AS OF MARCH 31, 2025**

This report is intended to give your Honorable Body an appropriation/cost center level status as of March 31, 2025, of the Proposal N Neighborhood Improvement Bond (Proposal N NIB) funds. On November 3, 2020, the citizens of the City of Detroit approved the bond issuance of not to exceed \$250 million in unlimited tax obligation bonds<sup>1</sup> for the purpose of paying the cost of neighborhood improvements in the City through property rehabilitation, demolition, and blight remediation. The City of Detroit's Demolition Department is responsible for using the Proposal N NIB funds to demolish an additional 8,000 blighted homes and preserve 6,000 homes for future renovation and sale<sup>2</sup> to improve the safety, value, and health of the neighborhoods in the City.

As your Honorable Body knows, the Citizens approved a total of \$250 million in bonds be sold and the City issued the first \$175 million in February 2021. This was a very successful bond sale as the City of Detroit received an additional \$30.7 million in bond premium<sup>3</sup> on top of the \$175 million with total bond proceeds of \$205.7 million.

<sup>1</sup> Unlimited tax general obligation (UTGO) bonds are voter-authorized bonds paid off from property taxes based on the City of Detroit's property tax debt millage. In contrast, limited tax general obligation (LTGO) bonds are non-voter bonds and paid for out of the City's general fund and are not paid for out of property taxes based on the property tax debt millage.

<sup>2</sup> The Demolition Department plans to preserve or stabilize 6,000 homes for future renovation and sale through debris removal, roof repair, and securing of property in the neighborhoods in the City.

<sup>3</sup> According to the Office of the Chief Financial Officer, because there was a high demand for the Proposal N NIBs, along with market conditions at that time, the bonds sold at a premium, and the City was able to secure an additional \$30.75 million in bond proceeds as a bond premium. It is important to note that the City is only responsible to pay off the par amount of the bonds of \$175 million with a coupon interest rate of 5% over the 30-year life of the bonds to the bondholders. The bondholders were willing to pay the City the premium of \$30.75 million since the bonds were effectively priced to yield a bond interest rate of approximately 3.3% at time of the bond sale.

Also, as your Honorable Body knows, on July 12, 2023, the City of Detroit issued the remaining \$75 million of the voter-approved \$250 million Proposal N UTGO Neighborhood Improvement Bonds for the purpose of property rehabilitation, demolition, and other blight remediation activities. It is anticipated that another 2,500 properties will either be demolished or stabilized with this latest bond sale. This was also a very successful bond sale as the City of Detroit received an additional \$3.0 million in bond premium<sup>4</sup> on top of the \$75 million with total bond proceeds of \$78.0 million.

As a result of the two Proposal N UTGO NIB bond sales, the City of Detroit has total bond proceeds of \$283.7 million for the purpose of property rehabilitation, demolition, and other blight remediation activities.

The Legislative Policy Division (LPD) also notes that since City Council approved appropriation 21003 to house the Prop N NIB proceeds in July 2020, these bond proceeds were budgeted in appropriation 21003 Neighborhood Improvement Bonds in February 2021 when the bonds were sold. As a result, the activity in appropriation 21003 Neighborhood Improvement Bonds is not reflected in the FY 2025 budget and FY 2025-2028 four-year financial plan. Consequently, the Prop N NIB proceeds in appropriation 21003 will be balanced forward at the end of each fiscal year until the Prop N NIB proceeds are exhausted.

In addition, initially, the Prop N bond proceeds in July 2023 were appropriated in appropriation 21003. However, the City Council on January 30, 2024, approved a resolution authorizing that the July 2023 Prop N NIB bond proceeds be budgeted in appropriation 21004 for the purposes of transparency and reporting, and to distinguish the July 2013 \$75 million bond sale from the February 2021 \$175 million bond sale, which is budgeted in appropriation 21003 as denoted above. Likewise, the activity in appropriation 21004 Neighborhood Improvement Bonds is not reflected in the FY 2025 budget and FY 2025-2028 four-year financial plan. Consequently, the Prop N NIB proceeds in appropriation 21004 will be balanced forward at the end of each fiscal year until the Prop N NIB proceeds are exhausted.

LPD further notes the Demolition Department uses Prop N NIB proceeds to pay for its operational costs, including staff costs, professional & contractual services costs, operating supplies costs, operation services costs, equipment acquisition costs, and other expenses costs<sup>5</sup>. For FY 2025, the 76 budgeted positions in the Demolition Department will be paid from the Prop N NIB funds housed in appropriation 21003 Neighborhood Improvement Bonds.

Of the total bond proceeds of \$283.7 million, as of March 31, 2025, the City encumbered \$45.7 million and spent approximately \$234.6 million (including \$5.6 million spent in FY 2021, \$56 million spent in FY 2022, \$45.8 million spent in FY2023, \$78.4 in FY2024 and \$48.7 million in FY2025). Of the \$234.6 million spent as of March 31, 2025, \$221.9 million was spent on demolition contracts and \$12.7 million spent on payroll costs for City employees that are performing demolition related work. The remaining \$3.4 million is available to be spent in FY 2025 and beyond. We should note that the \$234.6 million spent through March 31, 2025, represents 82.7% of the total bond proceeds while 16.1% represents encumbrances for FY2025 and 1.2% is available.

Below schedule summarizes funds status as of March 31, 2025, and it includes activities for fiscal years 2021, 2022, 2023, 2024 and 2025.

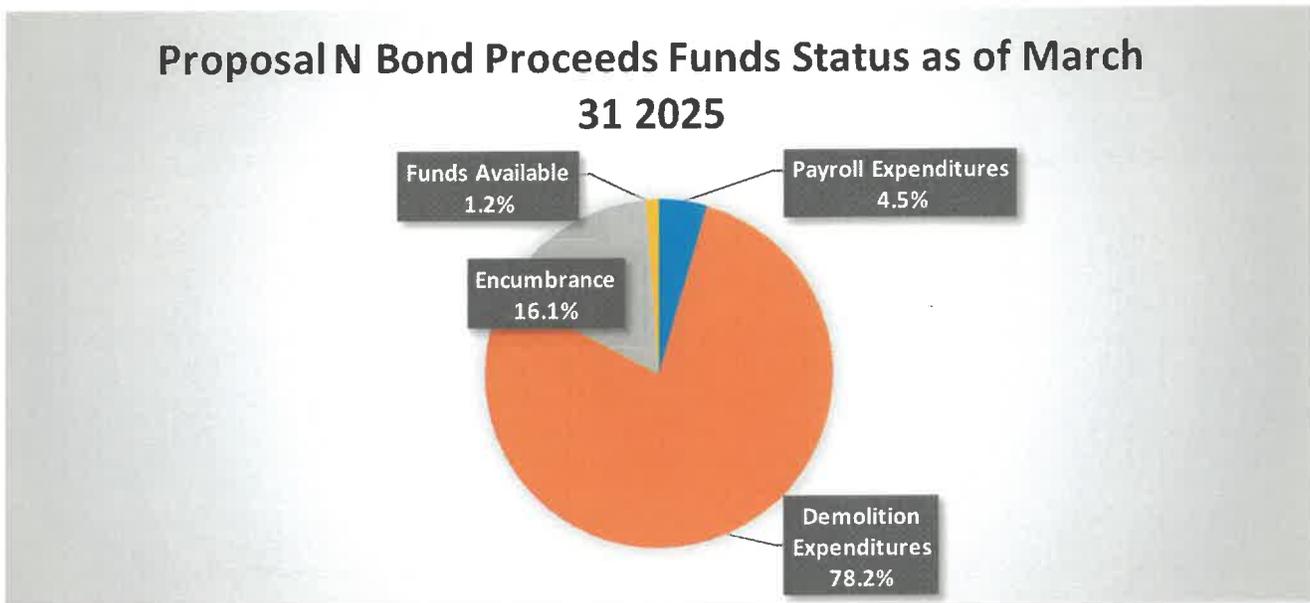

---

<sup>4</sup> According to the Office of the Chief Financial Officer, because there was a high demand for the July 2023 Proposal N NIBs, along with market conditions at that time, the bonds sold at a premium, and the City was able to secure an additional \$3 million in bond proceeds as a bond premium.

<sup>5</sup> The Office of the Chief Financial Officer has received a legal opinion from the City of Detroit's bond counsel (Miller Canfield) on the legality of using Prop N Bond funds for the Demolition Department's operations. A copy of the opinion was provided to City Council.
