- **Jill Kilbourn, Auditor IV, Office of The Auditor General** announced Madam Chair, the Towing Rate Commission (TRC) does have a quorum.

3. Approval of TRC Agenda

- **Chairperson Goodspeed** provided the agenda and asked for a motion to approve.
- **Commissioner Anyanwu** motioned to approve the May 21, 2026 Agenda.
- **Commissioner Captain Adams** seconded.
- The agenda was approved.

4. Approval of TRC 4/30/2026 Meeting Minutes

- **Chairperson Goodspeed** provided Minutes from the TRC Meeting held April 30, 2026.
- **Commissioner Captain Adams** motioned to approve April 30, 2026 minutes.
- The minutes were approved.

5. Chair Remarks

- **Chairperson Goodspeed** recognized the members of the Office of the Auditor General who are at the meeting; Jill Kilbourn and Kevin Nosotti.
- **Chairperson Goodspeed** went through the background of the Tow Rate Commission by reading sections of the Detroit City Charter.
- **Chairperson Goodspeed** stated there are currently three seated members of the Tow Rate Commission:
 - Chairperson Laura Goodspeed
 - Captain Jason Adams, representing the Detroit Police Department
 - Andrew Anyanwu, representing the Buildings, Safety Engineering and Environmental Department.
- **Chairperson Goodspeed** indicated that the City Council is close to appointing their representative to the Commission.
- **Chairperson Goodspeed** detailed the duties of the TRC; to review the administrative towing, service and storage fees for police authorized towing at least once every two years and submitting its recommendation to the City Council by October 1st of the year of review.
- **Chairperson Goodspeed** stated that the TRC is subject to the Open Meetings Act. She discussed the requirements of the Open Meetings Act.
- **Chairperson Goodspeed** indicated that the public may request to make a presentation to TRC. Request must be made in writing to the commission at least 10 days prior to the next scheduled meeting. The chair will review the request to determine the nature and appropriateness of the request before presenting the request to the remaining commissioners. Then the full commission will vote to approve or deny the request.

6. Public Comment

- **Ms. Kilbourn** indicated there were no hands raised for public comment.
- **Chairperson Goodspeed** closed public comment.

7. Unfinished Business

- **Chairperson Goodspeed** indicated there is no old business as there was not a quorum to conduct business at the April 30, 2026 meeting.

8. New Business

A. Meeting Schedule

- **Chairperson Goodspeed** stated she would like to set the cadence for the regular TRC meetings to be the fourth Thursday of each month from 1pm to 3 pm in the Office of the Auditor General, Coleman Young Municipal Center, Suite 216. This would include the following dates:
 - **June 25, 2026**
 - **July 23, 2026**
 - **August 27, 2026, and**
 - **September 24, 2026.**
 - **And additional meetings as needed.**
- **Chairperson Goodspeed** recognized member of the public Peggy Goodwin who is set to be named as the City Council representative to the Tow Rate Commission to comment on the June meeting date.
- **Ms. Goodwin** indicated the June 25, 2026 date does not work for her schedule.
- **Chairperson Goodspeed** indicated that the June meeting would be changed to June 18, 2026 if that was okay with the other commissioners.
- **Commissioner Anyanwu** made a motion to approve the meeting dates.
- **Commissioner Captain Adams** seconded the motion.
- The calendar was approved.

B. Presentations

- **Chairperson Goodspeed** went over the current tow rates previously approved by City Council. [2024 PAT Tow Rates.pdf](#)
- **Chairperson Goodspeed** invited **Peggy Goodwin** to make a presentation on behalf of the Detroit Towers Association. (attached) [Detroit Towing Authority Tow Rate Commission Presentation May 21, 2026.pdf](#)
- There was discussion of points raised in the presentation.
- **Chairperson Goodspeed** asked **Ms. Goodwin** about PAT's being mandated to be onsite for 1-3 days for the downtown detail. **Ms. Goodwin** indicated that the Police can be mandated to be downtown for special events. **Chairperson**

Goodspeed asked if this was a new practice or if had been ongoing long-term. **Ms. Goodwin** answered that it was not new and that it is handled through GovTow.

- **Chairperson Goodspeed** asked a question concerning tows being mischaracterized in GovTow. **Chairperson Goodspeed** indicated this was an issue during the 2024 Tow Rate Commission. She indicated the Detroit Towing Association and DPD were to work out these issues after 2024 TRC. **Chairperson Goodspeed** asked if that happened. **Ms. Goodwin** indicated it is an ongoing issue. A tower can tow and store a vehicle for 1-3 days and if there is an error and that tower should not have that vehicle the tower will not get paid for the storage. **Chairperson Goodspeed** asked if there are statistics or metrics on this. **Ms. Goodwin** indicated she could get them.
- **Chairperson Goodspeed** asked **Ms. Goodwin** to provide metrics and statistics to support the statement in the presentation that the tow rotation is not consistent or balanced. **Ms. Goodwin** agreed.
- **Chairperson Goodspeed** asked for the context of the statement in the presentation that the Detroit Police Chief Financial Officer stated that the Police are not a May 2025 Board of Police Commissioners (BOPC) Meeting that DPD is not a revenue generating organization. **Ms. Goodwin** indicated that the Police Chief Financial Officer was presenting the DPD budget and said they are not a revenue generating organization. But we know they generate revenue from fines and fees, etc. However, the towers are referring to the generation of revenue through towing. **Chairperson Goodspeed** explained that the DPD's expenditures are higher than revenues and DPD is a service organization that is not meant to bring profit to the City.
- **Commissioner Anyanwu** asked **Ms. Goodwin** about the slide showing the average number of Police Authorized Tows. He asked if there was similar data for the towing by DPD tow trucks. He asked if there is a similar trend. **Chairperson Goodspeed** directed this question to **Commissioner Captain Adams**.
- **Chairperson Goodspeed** asked Commissioner Captain Adams if he was presenting today. She indicated during the previous TRC he presented statistics including total hooks.
- **Commissioner Captain Adams** indicated he would not be presenting but that he anticipates presenting and possibly having separate meetings on tow data, rotation and operational overview.
- **Commissioner Captain Adams** said he would give some clarity to the points **Ms. Goodwin** brought up.
 - Special Tow Details are a long-standing operational need of the Detroit Police Department. It is a requirement of the current contract, and it

was a requirement of the prior contract. All five of our current contractors have the same language, and verbatim from the contract it reads: *Detail Tows include any instance where a tow truck will be required to be on scene or on standby, and a minimum of 3 vehicles are expected to be towed. This includes raids, blitzes, events or special deployment activities. The command requesting the detail tow will file the appropriate request with the appropriate DPD entity. A rotation specific to the detail will then be constructed. The contractor will be notified, and a control number given directly to the contractor.*

- **Commissioner Captain Adams** continued to explain that it is requirement and that for detail tows in a precinct they will use the tower in that precinct or the nearest one first. For downtown we run a rotation. Each week we go to a different tower and just keep rotating through them so that it's fair and equitable.
- **Commissioner Captain Adams** indicated that GovTow has programmed rotations for each type of tow and he cannot manipulate or change these without going through the vendor. He stated there are sometimes errors or mistakes and when that happens, he contacts the vendor and resets the rotations.
- In relation to the special tow detail, **Chairperson Goodspeed** indicated she wanted to be mindful of the purpose of the TRC, she doesn't want to discuss anything that is specific to the contracts. Unless, we are talking about adding a rate or fee related to it. **Ms. Goodwin** indicated it is really an issue of time served. The towers want to support the Police but are looking to be compensated . Nobody works for free.
- **Chairperson Goodspeed** asked for the effective dates for the current contracts. **Commissioner Captain Adams** indicated they were signed in August of 2025 and go through 2028.
- **Chairperson Goodspeed** indicated for the next meeting she would be asking for updated proposed rates, including administrative fees from the PATs and DPD.
- **Chairperson Goodspeed** indicated she would reach out to BOPC as they did last time for any proposed changes to the bonding and insurance rates..
- **Commissioner Anyanwu** asked if a fee was added would an amended to the contract be required. **Chairperson Goodspeed** asked if it is a part of the contract. She said the towers have the right to propose an additional fee.
- **Commissioner Captain Adams** then gave an overview of Police tow operations. He indicated he is the department's tow monitor. He oversees the contractors for compliance to contract and ordinance. He oversees DPD's Police Towing and Impound Unit, as well as all towing in the City, including

private towers that could be in violation of law and ordinance. He oversees the rotations, the GovTow system, the billing for the towers and confirmation of the service for the City's Accounts Payable to then pay the contractors. He oversees the five contractors: Bobby's Towing, 7D's towing, Troy's Towing, Wayne's Towing and BBK. DPD oversees over 31,000 Police Authorized Tows a year. Towing is an essential part of public safety. It does not exist as a profit organization. It is an understated primary part of public safety and as Ms. Goodwin stated they are a part of the first responders. Police towing an impound unit with or without our own tow trucks would have a big job to do, to be able to coordinate all the needs from our officers and other entities in the department to fulfill those functions and requirements.

- **Chairperson Goodspeed** brought up the issue that the Municipal Parking Department rates and or weight categories are different than Police Authorized Tows. **Commissioner Captain Adams** indicated the rates are the same, but the weights may be different if MPD is not towing under the authority of PAT but rather the parking ordinance.
- **Chairperson Goodspeed** indicated she would reach out the BOPC related to the bonding and insurance portion of PAT that is part of their responsibility. We may need to make a presentation there.

9. Public Comment

- **Chairperson Goodspeed** reopened public comment to allow members of the public who came in after public comment was closed to comment.
- There was one public commenter.

10. Adjournment

The meeting was adjourned by the call of **Chairperson Goodspeed** at 2:06 pm. The next meeting will be held on June 18, 2026, in the Coleman A. Young Municipal Center, Office of the Auditor General Conference Room, Suite 216 at 1:00 pm.

Classification	Current Fee Per Mile	2024 TRC Proposed Fee Per Mile
Light/Medium Duty	\$4.00	\$6.00
Heavy-Duty	\$6.95	\$8.89

- Notes: (A) Per the Police Authorized Towing contracts, the mileage for "Out-of-Town Retrievals" is to be calculated from the point at which the tow truck exits the City of Detroit city limits to retrieve the vehicle, to the point at which the tow truck and towed vehicle re-enters the City of Detroit city limits using the most reasonably efficient route:*
- (B) The charges are "in addition" to the towing fees associated with the category and classification of the item being towed.*

STORAGE FEES

Category	Storage	Current Daily Fee	2024 TRC Proposed Daily Fee
Motorized Vehicles and Recreational Vehicles	Light Duty	\$ 15.00	\$ 30.00
	Medium Duty	\$ 20.00	\$ 40.00

are mandated to be on site for 1-3 days at Downtown Detail. The issue is not the time commitment it is that towers often receive no work or compensation despite allocating a truck and truck operator. A Detroit Police Staff Tower would surely be paid their hourly rate. We ask to be paid for our time if no tow materializes.

There are mischaracterized tows in GovTow. An example is vehicles approved for tow to PAT's Yard only to be picked up by Police 1-3 days later and moved to a DPD yard. The PAT receives no storage compensation for these errors in GovTow.

Another example is boats that are characterized as "Parking Violations." PATs have to tow these boats to their yard and dispose of them. They are dispatched by the City to tow them but receive no compensation for towing or disposal.

PAT's no longer tow quality cars to their yards where it would be saleable in an auction, or the owner will require a second tow when they retrieve it.

PAT's mainly receive accident cars in very bad condition resulting in both auction revenue and second tow revenue being greatly reduced.

PAT auctions historically had 40-100 cars; now 10-20 cars.

UNAPPROVED MINUTES

DETROIT TOWING ASSOCIATION

SOUTHEAST MICHIGAN TOWING AUTHORITY

The Tow Rotation is not consistent or balanced. In the past, PAT's say they would receive 1-2 tows per hour. Currently they receive requests infrequently and often several at once late in the day or overnight. It is very hard to staff when the schedule is this erratic and towing is city-wide across 142 square miles.

Given the PAT's longevity in business, expertise, real estate and investment in Detroit, they should be the primary Towers in Police & City Towing.

A suggestion for efficiency is to call one heavy duty tower to tow a tractor and trailer together instead of the current practice to call two heavy duty towers to tow the tractor and trailer separately.

Detroit Police Chief Financial Officer Nevrus Nazarko stated when presenting at the May 29, 2025 Board of Police Commissioners Meeting that Detroit Police are not a revenue generating organization. We know there are revenues generated such as forfeitures and fines as a normal course of police work however, we are referring to utilizing the experts in towing who are contracted by the City.
