RE: Detroit Renewable Power Closure

A resident of District 5 reached out to our office regarding concerns with the recent Detroit Renewable Power (DRP) closure. I am requesting that the appropriate respective departments please answer the following:

1. "Will all of the municipal solid waste (MSW) and refused derived fuel (RDF) house floors be shredded, processed, and cleaned/disinfected?"
2. "Does DRP have a rodent remediation plan in place? The facility is surrounded by residential communities that rodents from the facility may migrate to."
3. "Will GDRRA still be housed on site?"
4. "What are the plans for the site? Ideally, it would be a great location for parking structures/facilities for the newly constructed Wayne County Judicial Complex."

If you have any questions, please do not hesitate to contact my office at (313)-224-4248.

Thank you for your time and effort,
