Transit Service Changes

All year long, we'll be holding Meetings, Workshops and Open Houses about your transit system and how to improve it. Please take part and help to design some exciting new ideas!

- 10** Greenfield
- 11** Clairmount
- 16** Dexter
- 99** Fresh Wagon

Changes proposed to take effect on **June 22, 2019.**

Transit Service Changes

June 22, 2019

DDOT makes changes up to four times a year.

This time around, we are proposing a few minor changes to reflect road closures, traffic safety and ridership.

We encourage your input. Attend a hearing, give us a call or send us a note. We'll follow up in early June with final information on service changes.

10 Greenfield

WEEKDAY Add two northbound trips in the early morning for better access to Providence Hospital.

SATURDAY Add one northbound trip in the early morning for better access to Providence Hospital.

11 Clairmount

Change official routing to reflect the current detour to Warren & Conner. Discontinue service on St Jean south of Warren.

This entire route is part of a major improvement effort. Stay tuned for input opportunities later in 2019.

16 Dexter

All service to JL Hudson Dr (near Wendy's) discontinued due to traffic safety concerns.

Use the improved **10 - Greenfield** for service to Providence Hospital.

The new first/last bus stop is located on Northland Dr between 8 Mile and Northwestern. Service remains available at shelter stops on Northland Dr.

WEEKDAY Minor time adjustments to accommodate new routing.

SATURDAY, SUNDAY Minor time adjustments to accommodate new routing. On weekends, all trips now travel via W Outer Dr & Southfield.

99 Fresh Wagon

Discontinue all service.

Service is available on **6 - Gratiot** and **31 - Mack** for access to the Eastern Market area.
