PUBLIC HEARING ON EXPANDING POLICE SURVEILLANCE

MONTHLY COMMUNITY MEETING

Thursday, JUNE 13th at 6:30 PM

in the 2nd Precinct at St. John Lutheran Church

*“I
always feel
like
somebody’s
watchin’ me.
And I have
no privacy”*

Technology is advancing faster and faster these days, putting new capabilities for communication and monitoring in everyone’s hands.

But what does it mean for us when police departments are the ones using that technology for law enforcement and public safety— with cameras in traffic signals and drones in the air?

21st Century Policing was supposed to be the blueprint to help communities and law enforcement agencies across the country to strengthen trust and collaboration, while continuing to reduce crime. But in 2019, is 21st Century Policing becoming the end to personal privacy?

Share your voice on new policies that will shape DPD practices and procedures.
