This will be our 4th year hosting the JDRF One Walk Detroit at Milliken State Parking and working with the City of Detroit. Please note that Milliken State Park is a State of Michigan Park and we work directly with the park to obtain special event permits required by the State of Michigan.

Due to it being a State of Michigan Park, in 2017 it was determined by the City of Detroit that we did not have to obtain permits with the City of Detroit Building and Safety and the Fire Marshall Inspection was waived. Supporting documentation can be provided upon request.

All future payments are subject to PS&E's satisfaction with the City's continued adherence to the approved maintenance plan.

It is PS&E's understanding that the Parks and Recreation Department will receive the investment payments on behalf of the City and that the City will utilize the funds to hire contractors and acquire materials to construct, renovate and/or refurbish the Facilities in the City of Detroit.

## RESOLUTION

**BY COUNCIL MEMBER;** \_\_\_\_\_

**NOW, THEREFORE, BE IT RESOLVED**, that City of Detroit ("City") through the General Service Department ("GSD") wishes to acquire twelve, (12) vacant parcels within the City of Detroit, Michigan, more particularly described in the attached Exhibit A ("Acquisition Parcels") from the Detroit Land Bank Authority ("DLBA").

**WHEREAS**, the Building, Safety, Engineering and Environmental Department has reviewed the environmental conditions of the Acquisition Parcels attached herein as Exhibit A; and

**WHEREAS**, in accordance with Chapter 2, Article I, Division 2 of the Detroit City Code: (1) the City Council finds that the Acquisition Parcels have received appropriate environmental inquiry in accordance with the review referred to in the preceding paragraph; (2) the environmental inquiry has shown that past use of the Acquisition Parcels for the period investigated has been solely for residential purposes and that the Acquisition Parcels do not pose an adverse environmental impact, therefore none of the Acquisition Parcels are considered a facility; and (3) the City Council finds and declares that the preservation of the promotion of the public health, safety, welfare or good outweighs the cost of the environmental inquiry and therefore waives the requirements that the seller bear the cost of the environmental inquiry; now therefore be it

**RESOLVED**, that Detroit City Council hereby approves acquisition of the Acquisition Parcels from the DLBA for no consideration; and be it further

**RESOLVED**, that the Director of GSD, or her authorized designee, is authorized to accept and record a deed to the Acquisition Parcels to the City of Detroit, as well as execute any such documents as may be necessary or convenient to effect the transfer of the Acquisition Parcels from the DLBA to the City of Detroit; and be it further

**RESOLVED**, that the Director of GSD, or his authorized designee is authorized to execute any required instruments to make and incorporate technical amendments or changes to the quit claim deed (including but not limited to correction of or confirmations of legal descriptions, or timing of tender of possession of particular parcels) in the event that changes are required to correct minor inaccuracies or are required due to unforeseen circumstances or technical matters that may arise prior to the conveyance of the Acquisition Parcels to the City, provided that the changes do not materially alter the substance or terms of the transfer; and be it finally

**RESOLVED**, that the quit claim deed will be considered confirmed when executed by the Director of GSD, or his authorized designee, and approved by the Corporation Counsel as to form.

---

It is understood and agreed that during the initial display, and subsequent renewal periods if applicable, the permittee shall be responsible for inspecting banners and poles, replacing and/or removing banners that are torn, defaced or in general disrepair, including rigging. Where any street banner is found to present an immediate threat of harm to the public health, welfare or safety, the City shall summarily cause its removal.

**Honorable City Council:**

**Re: Spirit Plaza; Petition No. 1773 The Department of Public Works – City Engineering Division, in conjunction with The General Services Department requests the permanent closure of Woodward Avenue, from Jefferson Avenue to Larned Street, for the purpose of continuing the activation of the Spirit Plaza programming.**

On June 12, 2017, the City of Detroit closed the referenced segment of Woodward to activate the Spirit Plaza for an initial pilot period of 90 days.

On November 21, 2017, City Council originally approved Petition No. 1773, which provided for extending the temporary closure of the above referenced segment of Woodward through the spring of 2018, so that the evaluation period could continue through the fall and winter seasons.

In October of 2018, DPW requested City Council approval to extend the temporary closure for a period to culminate on November 15, 2019, upon which time a recommendation was to be brought back to City Council for the Plaza’s optional additional year extension.

DPW is now requesting, on behalf of the General Services Department, City Council to vacate as a public right-of-way and convert into a private easement for public utilities of the full width of the above referenced segment of Woodward to facilitate the established, ongoing and future programming.

This vacation to easement, if authorized by Your Honorable Body, establishes GSD as the agency, who is responsible for ensuring that the Plaza is appropriately maintained. In addition, this vacation will allow for coordinating all outreach efforts to impacted stakeholders, as well as providing the mechanism for continued planning for events and space programming. GSD/City of Detroit’s Recreation Department and Special Events team to will continue to operate with the established agreement outlining specific responsibilities for each agency, thereby ensuring that the Plaza is being programmed in a manner that maximizes its usage and is consistent with the vision of it being the “People’s Plaza”. We will continue to provide the opportunity to employ a more expansive outreach effort to individuals that encounter the space on a daily basis, including all employees and regular visitors to the CAYMC. The vacation to easement will also provide the opportunity to install semi-permanent structures to enhance the quality of programming and the overall experience in the public space.

**WHEREAS**, the original trial period for the new “Spirit of Detroit Plaza” enhanced the downtown area with a new public space during the summers of 2017 and 2018, and the initial evaluation determined that the closure of the impacted segment of Woodward Avenue, has not been detrimental to traffic flow in the area, and the plaza has been deemed a destination for civic activity and arts and culture, and

**Honorable City Council:**

**RE: Spirit Plaza; Petition No. 1773 – The Department of Public Works – City Engineering Division, in conjunction with the General Services Department and the Downtown Detroit Partnership, requests the extension of the temporary closure of Woodward Avenue, from Jefferson Avenue to Larned Street from May 1, 2018 through November 16, 2018 for the purpose of continuing the activation and evaluation of the Spirit Plaza.**

On June 12, 2017, the City of Detroit closed the referenced segment of Woodward to activate the Spirit Plaza for an initial pilot period of 90 days.

On November 21, 2017, City Council originally approved Petition No. 1773, which provided for extending the temporary closure of the above referenced segment of Woodward through the spring of 2018, so that the evaluation period could continue through the fall and winter seasons.

DPW is now requesting City Council approval to extend the temporary closure for a period to culminate on November 16, 2019 upon which time a recommendation will be brought back to City Council for the Plaza's potential permanency.

This extension, if authorized by Your Honorable Body, establishes GSD and DDP as the agencies who will take responsibility for ensuring that the Plaza is appropriately maintained throughout the extended evaluation period. In addition, the extension will allow for coordinating all outreach efforts to impacted stakeholders, as well as providing the mechanism for continued planning for events and space programming this year, which will include celebrating the 60 year anniversary of the Spirit of Detroit. DDP will enter into a separate 3-party agreement with the City of Detroit's Recreation Department and Special Events team to establish specific responsibilities for each agency, thereby ensuring that the Plaza is being programmed in a manner that maximizes its usage and is consistent with the vision of it being the "People's Plaza". In addition, it will provide the opportunity to employ a more expansive outreach effort to individuals that encounter the space on a daily basis, including all employees and regular visitors to the CAYMC. The extension will also provide the opportunity to continue analyzing the impact to traffic on surrounding streets as DDP will employ an independent traffic consulting firm to study impact on traffic in the adjacent as well as surrounding streets. Prior to the end of the extended evaluation period, city agencies (DPW, Planning, GSD, Special Events), along with DDP will summarize to City Council our findings, which will be utilized in making a determination for the future use of the public space.

Provisions protecting all utility installations in the right-of-way have been made a part of the attached resolution.

I am recommending the adoption of the attached resolution.

Respectfully submitted,

Ron Brundidge, Director - DPW

**RE: SPIRIT PLAZA**

Dear Honorable City Council:

With regard to the closure of Woodward for the temporary activation of Spirit Plaza, the Police and Fire Departments have recently been engaged in interdepartmental meetings to go over safety and risk management for the proposed summer activation. These meetings have occurred on a weekly basis.

On April 12<sup>th</sup>, 2018, Fire and Police Departments were present at the Spirit Plaza interdepartmental coordination meeting held at the Planning and Development Department. The Fire Department expressed concern with the fire lane location initially proposed on the southbound portion of Woodward. Similarly, the Police Department identified areas of concerns regarding barriers on the Larned side of the proposed plaza. Both concerns were taken into consideration and we were able to find a mutually agreeable solution that met both the Fire Department's and the Police Department's concerns. This included a fire lane/public safety access lane on the northbound side of Woodward closest to the Coleman A. Young Municipal Center.

These interdepartmental meetings have been helpful in identifying the safety concerns and mitigating risks. We look forward to continuing coordination regarding Spirit Plaza.

The following individuals have been present during the coordination meetings:

Fire Department – Shawn F. Battle, Chief of Fire Prevention  
Fire Department – Mathew Fauls, EMS Assistant Supervisor  
Fire Department – Eugene V. Biondo, Deputy Fire Chief  
Fire Department – Sean Larkins, Superintendent of EMS

Police Department – Assistant Chief Arnold Williams  
Police Department – Captain Octaveious Miles – Downtown Captain

The Honorable City Council  
Attn: Office of City Clerk  
2 Woodward Avenue  
Coleman A. Young Municipal Center, Suite 200,  
Detroit, MI 48226

Honorable City Council

The Department of Public Works – City Engineering Division submits this petition to request the temporary closure of Woodward Avenue, from Jefferson Avenue to Larned Street for a period of five years.

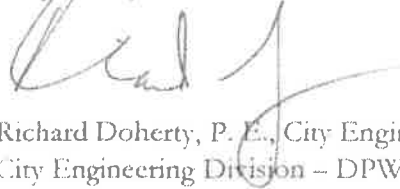

The new “Spirit of Detroit Plaza,” is a vibrant new public space located in front of the Spirit of Detroit statue. The 20,000 square-foot civic square on Woodward, between Larned and Jefferson, exists to celebrate Detroit’s diversity and complement recent enhancements to Woodward Avenue, such as the new esplanade between Larned and Campus Martius.

During the initial trial period, the civic space, as well as adjacent streets in the immediate area, have been closely monitored to evaluate the overall impact. Similar public spaces have been created in many cities around the world to improve walkability, increase access to public space, and create new business development without negatively impacting area traffic flow.

The project improves both safety and mobility for all users, creating a more direct pedestrian link between Downtown and the Detroit Riverfront, while reducing delay times for motorists travelling on Jefferson Ave, one of the cities’ busiest thoroughfares. The project also marks the latest step towards the City’s goal of establishing smarter, safer mobility for all and improving the city’s economy by reimagining Detroit’s streets to serve everyone.

This petition is being requested so that “Spirit of Detroit Plaza” may continue as a public space on Woodward Avenue between Jefferson Avenue and Larned Street.

Respectfully submitted,
