HONORABLE CITY COUNCIL

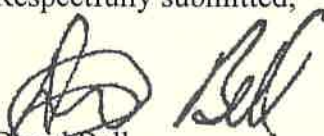

RE: RECOMMENDATION FOR DENIAL
Address: 1764 Calumet
Name: Won Percent of LLC
Demolition Ordered: March 18, 2008

In response to the request for a deferral of the demolition order on the property noted above, the Buildings, Safety Engineering and Environmental Department (BSEED) submits the following information:

A special inspection conducted on September 23, 2019 revealed that the property did not meet the requirements of the application to defer. The property continues to be open to trespass and not maintained.

Therefore, we respectfully recommend that the request for a deferral be denied. We will proceed to have the building demolished as originally ordered with the cost of demolition assessed against the property.

Respectfully submitted,

David Bell

RE: **MANDATORY BICYCLE HELMET LAW OPINION**

My office has received numerous calls from bicycle safety advocates requesting support from the City of Detroit to implement a mandatory bicycle helmet law. According to the Bicycle Safety Institute only 22% of adult riders in severe accidents were wearing helmets. Please provide an opinion on Detroit's ability to require adults and/or minors riding bicycles to wear helmets while riding in Detroit.

Please provide the opinion by 15 October 2019. If you have any questions do not hesitate to contact my office at, 313-224-1198.

MEMORANDUM

TO: Ron Brundidge, Director, Department of Public Works

THRU: Council President Brenda Jones

FROM: Council Member Raquel Castañeda-López 

DATE: September 23, 2019

RE: **Public Works – District 6 DFD Concerns**

1. I request that the alley behind Engine 33 (1041 Lawndale) between Olivet & Lafayette be vacated. On a recent visit to fire houses in my district it was brought to my attention that the petition to vacate the portion of the alley from the cross section to the street was submitted several times and a response was not received. I look forward to working with you on this matter.
2. What is the process for notifying the Detroit Fire Department about street repairs and closures for work and events? How frequently does this happen?
3. Both residents and Fire Engine 48 (2300 S Fort) have met with MDOT and advocated for an additional light/crosswalk to be placed at the entrance of the fire house and near Kemeny Recreation Center to provide greater safety for pedestrians crossing and the fire department. Has DPW worked on this issue? What is DPW's position?
4. Engine 1 (111 W Montcalm): Both the alley and the parking lot for this fire house are in very bad condition. What is the timeline for repairing them?
5. Please look into the feasibility of installing "NO PARKING" signs in front of Ladder 22, 6830 McGraw. Given the current layout it makes it difficult and dangerous to pull out of the fire house.
6. Please conduct a study of the existing street markings in front of all the fire houses in District 6 to ensure they are meeting the individual needs of each fire house. Specifically, the markings in front of Engine 52 (5029 Manistique) are insufficient.
7. Engine 34 (6345 Livernois):
 - a. There are multiple trees in the alley that cover the electrical wires behind the fire house that contribute to multiple electrical outages. What is the status of trimming or removing these trees as the alley is directly behind city owned property?
 - b. I request the alley be vacated behind this fire house. Please let me know what is needed to move this process forward.
