Director of Communications

RE: Sponsorship for Detroit Parks & Recreation 2020 Basketball League

Dear Ms. McClendon,

We are seeking sponsorship for our 2020 Detroit Parks and Recreation Youth Basketball League. For the past three years we partnered with Detroit PAL and the Pistons to operate our basketball league with over 500 youth participating. Due to changes in funding we have dissolved the partnership with both organizations and feel that this is a great opportunity for TCF to be a part of our team. Many of Detroit's professional basketball legends and current stars have started their dream of becoming professional athletes with Detroit Parks and Recreation. Those stars include Derrick Coleman, Jalen Rose, Steve Smith, BJ Armstrong and Cassius Winston who is the current number one player in college basketball. With your sponsorship you will become a part of helping us develop our youth for life skills through sports and helping them realize their dream just as some of the greats.

What we are asking for, with your sponsorship, is to cover the cost of uniforms and awards. Detroit Parks and Recreation is covering 75 percent of cost, facilities, officials and staff. We are anticipating to register approximately 500 youth ages 4 to 15 from across the city with games being played at the following sites:

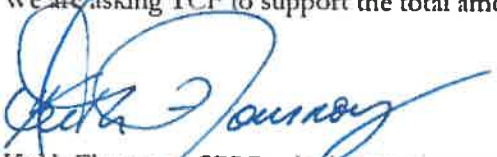

- Adams/Butzel Recreation Center – 10500 Lyndon
- Heilmann Recreation Center – 19601 Crusade
- Kemeny Recreation Center – 2260 S. Fort St.
- Coleman A. Young Recreation Center – 2751 Robert Bradby Dr.
- Joseph Walker Williams Recreation Centers – 8431 Rosa Parks Blvd.

Games will be played every Saturday, beginning January 18, 2020 through March 28, 2020 culminating with an awards banquet for the players and coaches. Teams will be practicing Monday through Friday afterschool at their respective recreation centers. For your sponsorship we will place your name and logo on all printed and electronic materials. We will also be willing to place your company banners in all of our locations.

The following is an estimated budget of the upcoming 2020 Detroit Parks and Recreation League:

Number of Uniforms	Cost per unit	Number of Awards	Cost per unit	Grand Total
500	\$25.00	500	\$3.49	
Total	\$12,500.00		\$1,245.00	\$13,745.00

We are asking TCF to support the total amount of \$13,745. Thank you for taking the time to review and consider our proposal.

RE: Request to accept a donation of playground improvements and new park benches

The Invest Detroit Foundation has awarded a donation to the City of Detroit General Services Department with playground improvements and the installation of new park benches at Clark Park, valued at \$245,000.00. There is no match requirement for this donation.

The objective of the donation to the department is to engage residents in the construction of community-designed improvements at Clark Park. Residents and high school students at Western High School worked on and submitted 532 project ideas for the park; a winning proposal for a new playground and new bench installations around the park was funded by the Invest Detroit Foundation's Participatory Budgeting Project.

I respectfully ask your approval to accept this donation in accordance with the attached resolution.

Sincerely,

RESOLUTION

Council Member _____

WHEREAS, the General Services Department has been awarded a donation from the Invest Detroit Foundation's Participatory Budgeting Project, valued at \$245,000.00; and

WHEREAS, the Law Department has approved this agreement as to form; and

WHEREAS, this request has been approved by the Office of Budget; now

THEREFORE, BE IT RESOLVED, that the General Services Department is hereby authorized to accept a donation of playground improvements and new benches at Clark Park.

Gift Letter of Request
(Attachment to Park Improvement Form)
September 24, 2019

Mr. Brad Dick, Director
Detroit Parks and Recreation Department
18100 Meyers Road
Detroit, MI 48235

Dear Mr. Dick:

On behalf of Invest Detroit, I am writing to offer our full assistance in purchasing the Participatory Budgeting projects located in Clark Park. These projects include:

1. benches located throughout the park
2. materials and equipment for an accessible playground

The location within the Park, design and project elements will be decided in coordination with General Services Department (GSD) through GSD's Clark Park design process taking place through summer and fall of 2019. The costs, approximately \$245,000, are being borne by Invest Detroit. These improvements will take place on various dates. We will begin construction of the inclusive playground in Q1 of 2020 upon completion of the GSD led Clark Park design process in fall of 2019. Invest Detroit is willing to commit a portion of the \$245,000 to assist with maintenance if determined necessary by Invest Detroit and GSD.

We have worked with community representatives to ensure these improvements are desired. In January of 2018, Invest Detroit formed a steering committee composed of residents and community stakeholders who designed the Participatory Budgeting process. In February of 2018 that steering committee collected over 532 ideas from residents for potential projects in their neighborhood. From March - May, residents and Western High School students (facilitated by Raquel Castañeda-Lopez & Maureen Anway of Invest Detroit) selected their favorite 16 projects based on need, equity, and ability to implement. Those 16 ideas were then placed on a ballot and were voted on by 655 residents and students within the area. 11% of the total neighborhood and student population voted in this process, compared to 2% in a New York City led participatory budgeting process.

Thank you for your time and consideration.

Sincerely,

BANNER PERMIT APPLICATION

For Banners in Public Right-Of-Ways

Hanging Banners From Utility Poles Guidelines

The City of Detroit will allow on its light poles only Banners that promote or celebrate the City, its civic institutions, or public activities and events in the City. The City light poles will not be used for commercial advertising or for promoting any political social advocacy organization or political message.

No person or entity shall install, place, affix or attach a Banner on any property within the City of Detroit without first obtaining a permit. Banner permits are approved on a first-come, first-serve basis.

There are four categories of evaluation criteria:

1. Petitioner eligibility
2. Banner permit application package and fees
3. Banner specifications
4. Banner placement

The Banner permit application package must include the following items in order to be evaluated:

- Completed banner permit application form
- Signed and dated indemnity agreement
- Signed and dated maintenance and removal agreement
- Copy of certificate of insurance – City of Detroit additional insured
- Sketch, drawing, or actual sample of the banner to be displayed
- Listing and/or map of the specific locations for the Banner(s)
- \$100 non-refundable permit fee submitted to Business License Department
- A refundable deposit to be held in escrow presented to Business License Department prior to the issuance of the Banner Permit – 5 or less Banners \$500.00; 6 or more Banners \$1000.00

Nothing may be attached to a utility or light pole without the permission of the City. The City Council can grant permission to attach Banners to Lighting Department poles. To get permission to hang Banners you must petition the City Council. The petition should identify where you want to hang the Banners, what the Banner will say and how long the Banners will hang.

No Banner will be allowed to block the view of traffic signals or signs. The Public Lighting Department will inspect the poles before advising the City Council about allowing any Banners to be attached. The permission given by City Council is good for up to six months. If you want to hang Banners for more than six months, you should petition the City Council for an extension.

The Public Lighting Department will supply a copy of its Banner Specifications upon request.

Honorable City Council:

RE: Petition No. 1388, Intersection Consulting Group, LLC, request to convert to easement portions of Sproat Street, Sibley Street, Clifford Street and Henry Street. Requesting easements be retained for vehicular and pedestrian traffic on Sproat Street and Henry Street utility easements.

Petition No. 1388, Intersection Consulting Group on behalf of Downtown Development Authority and Olympia Development of Michigan, LLC request to vacate and convert to sub-surface easement: Sproat Street, 50 feet wide, between Park Avenue, 60 feet wide, and Cass Avenue, 80 feet wide; also Clifford Street, 60 feet wide, from north line of Sibley Street, 50 feet wide, to north line of Henry Street, 50 feet wide; also Sibley Street, 50 feet wide, from east line of Clifford Street, 60 feet wide, to east line of Cass Avenue; also Henry Street, 50 feet wide, from Woodward Avenue, 120 feet wide, to Clifford Street, 60 feet wide.

The petition was referred to the City Engineering Division – DPW for investigation (utility clearance) and report. This is our report.

The request is being made as a part of the Little Caesar Arena development area and will allow for a pedestrian friendly area to be used in conjunction with the new arena.

The request was approved by the Solid Waste Division – DPW, and the Traffic Engineering Division – DPW.

The Detroit Water and Sewerage Department (DWSD) reports no objection if the petitioner agrees to the DWSD provisions for easements. The DWSD provisions are a part of the resolution.

The Public Lighting Department (PLD) reports involvement and the petitioner will need to allow 24 hour truck access to the area or relocate the PLD conduit in the area. The petitioners engineering firm, Giffels-Webster, has already made arrangements to relocate the conduit. Provisions protecting the PLD facilities are a part of the resolution.

DTE Energy – Gas Division reports involvement, but no objection provided that an easement is established or the petitioner pays for the cost of abandoning, removing and/or relocating their gas lines. Provisions for DTE Energy are a part of the attached resolution.

DTE Energy – Electric Division reports involvement with costs for some relocation of their facilities in the area. They are satisfied with the relocation that has already occurred provided that

easements are retained in vacated streets. Sub-surface easement provisions for all utilities are a part of the resolution.

The Planning and Development Department (P&DD) reports that portions of Sproat Street between Cass Avenue and Park Avenue are within a Historic District. The Historic District Committee (HDC) approval will be needed for that part of the project in the Historic District. A provision requiring the HDC approval is a part of the resolution.

All other city departments including the Public Lighting Authority and the Great Lakes Water Authority, also all other utilities report no involvement or no objections to the proposed vacations with conversion to easements and the encroachment area. Provisions for all utility relocations, also, easement provisions have been made a part of the attached resolution.

I am recommending adoption of the attached resolution.

BY COUNCIL MEMBER JAMES TATE

RESOLUTION IN SUPPORT OF MICHIGAN HOUSE BILLS 4488-4493 of 2019

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit’s citizens through Charter-mandated legislative functions; and

WHEREAS, A criminal conviction can create lifetime barriers to housing, employment, education and many other rights, privileges or other opportunities citizens routinely enjoy. Returning citizens continue to languish long after the debt, that has been judicially determined must be paid to society has, in fact, been paid; and long after the debt to society has been paid; and

WHEREAS, For many years, there has been widespread criticism of the use of “good moral character” as a criteria for obtaining a state licensing standard. The term, “good moral character” is vague and places too much discretion in officials to exercise their individual whims and prejudices; and

WHEREAS, On April 23, 2019, a package of six bills, broadly sponsored by bi-partisan legislators was introduced. If passed would prohibit a state licensing board from automatically rejecting a former convicted felon from receiving a state license due to a “poor moral character”. The bills included in this legislative bundle are House Bills 4488, 4489, 4490, 4491, 4492 and 4493; and

WHEREAS, House Bill 4488 would amend the 1974 PA 381, which defines “good moral character” as it relates to qualifications for occupational and professional licenses in the statutes and administrative rules of this state *and* to establish criteria for when a licensing board may consider a criminal or civil conviction as evidence in determining an applicant’s good moral character; and

WHEREAS, Specifically, House Bill 4488 would require a state licensing board or agency to consider as evidence in the determination of an individual’s good moral character-the certificate of employability and any additional information about the individual’s current circumstances, such as how long ago the offense occurred, whether or not the individual’s current circumstances, such as how long ago the offense occurred, whether or not the sentence for the offense was completed, other evidence of rehabilitation, testimonials, employment history, and employment aspirations; and

WHEREAS, House Bill 4489 would amend the Revised Judicature Act of 1961, to provide that 1974 PA 381 would not apply to determining “good moral character” for admission to the State Bar of Michigan and that, for those purposes, good moral character would be determined by the Board of Law Examiners.

WHEREAS, House Bills 4490, 4491 and 4492 would affect careers in the following industries:

- House Bills 4490 would amend the Skilled Trades Regulation Act. (MCL 339.5105)
- House Bill 4491 would amend the Public Health Code. (MCL 333.16104 and 333.21755)
- House Bill 4492 would amend the Occupational Code. (MCL 339.104)

WHEREAS, House Bill 4493 would also amend the Occupational Code to require the Department of Licensing and Regulatory Affairs (LARA) provide an annual report to the legislature regarding the number of applications for occupational licenses denied due to failure to meet the “good moral character” standard; and

WHEREAS, The passage of the legislation would give a second chance for numerous Detroiters and Michiganders to attain financial stability and maintain social structure and peer networks gained from sustainable and meaningful employment; and

WHEREAS, House Bills 4489, 4490, 4491, and 4492 are tie-barred to HB 4488, meaning that they could not take effect unless House Bill 4488 were also enacted and would take effect 90 days after enactment; **NOW THEREFORE BE IT**

RESOLVED, That the Detroit City Council, affirms that it is unequivocally committed to the development and welfare of its residents. Therefore, City Council strongly supports the passage of House Bills 4488, 4489, 4490, 4491, 4492 and 4493; **BE IT FURTHER**

RESOLVED, The Detroit City Clerk is directed to send a copy of this resolution to Gov. Whitmer, Mayor Mike Duggan, and the Detroit delegation of the House and Senate and to the Committee on Regulatory Reform.
