A PUBLIC HEARING WILL BE HELD THURSDAY, AUGUST 6, 2020 AT 5:15 PM

to consider the request of Brian Hurtianne, to amend Chapter 50 of the 2019 Detroit City Code, *Zoning*, by amending Article XVII, *Zoning District Maps*, Section 50-17-4, *District Map No. 3*, of the Detroit Zoning Ordinance to show an R3 (Low Density Residential District) zoning classification where an R1 (Single-Family Residential District) zoning classification is currently shown for the properties commonly known as 1552, 1558, 1564, 1570 Perry Street. The petitioner is proposing to develop a multiple-family dwelling.

Additionally, the City Planning Commission is requesting to amend Section 50-17-4 *District Map No. 3* of the Detroit Zoning Ordinance to show an R3 (Low Density Residential District) zoning classification where an R1 (Single-Family Residential District) zoning classification is currently shown for the properties commonly known as 1578 Perry Street and 1520 Perry Street. This request is being proposed in order to maintain the zoning consistency of the subject parcels

The location of the proposed map amendment is specifically indicated on the accompanying map. The pertinent zoning district classifications are described as follows:

R1- Single-Family Residential District

This district is designed to protect and preserve quiet, low-density residential areas now primarily developed and those areas which will be developed with single-family detached dwellings and characterized by a high ratio of home ownership. The regulations for this district are designed to stabilize and protect the essential characteristics of the district and to promote and encourage a suitable environment for activities associated with family life. To these ends, development is limited to a relatively low concentration and uses permitted by right are limited to single-family detached dwellings which provide homes for the residents of the area. Additional residential uses such as religious institutions, neighborhood centers, and utility uses necessary to serve the immediate area may be

permitted on a conditional basis.

R3 Low Density Residential District

This district is designed as a low-density multi-family district. The regulations are designed to promote and encourage town and terrace house development, courts, and garden apartments. It is intended that this district be used primarily on local thoroughfares thereby encouraging a suitable environment for family life. Among others, uses permitted by right include single and two-family dwellings, town houses, multi-family dwellings, and community facilities necessary to serve a residential district.

A Zoning Ordinance map amendment requires approval of the City Council after a public hearing and after receipt of a report and recommendation by the City Planning Commission. This Zoning Ordinance map amendment request is being considered consistent with the provisions of Article III, Division 3 and 4 of Chapter 50 of the 2019 Detroit City Code, the Detroit Zoning Ordinance.

All interested persons are invited to be present and be heard as to their views. Persons making oral presentations are encouraged to submit written copies to the City Planning Commission at cpc@detroitmi.gov via e-mail, for the record.
