A PUBLIC HEARING WILL BE HELD **THURSDAY, AUGUST 6, 2020 AT 6:45 PM**

to consider the request of Emily H. Peterson to amend Article XVII, District Map No. 48 of the 2019 Detroit City Code, Chapter 50, Zoning, by showing an SD1 (Special Development District – Small-Scale, Mixed-Use) zoning classification where an R1 (Single-family Residential District) zoning classification currently exists on one (1) parcel, commonly identified as 1920 Atkinson Avenue.

The location of the proposed rezoning is specifically indicated as the shaded area on the accompanying map.

The proposed map amendment is being requested to allow for the establishment of a Mixed-Use "Multiple-family dwelling" and "Restaurant, carry-out, without drive-up or drive-through facilities" at 1920 Atkinson Avenue. Both the proposed household living use as well as the food and beverages service use would be permitted on a by-right in the proposed SD1 zoning classification.

The pertinent zoning district classifications are described as follows:

R1 – Single-family Residential District

This district is designed to protect and preserve quiet, low-density residential areas now primarily developed and those areas which will be developed with single-family detached

dwelling and characterized by a high ratio of home ownership. The regulations for this district are designed to stabilize and protect the essential characteristics of the district and to promote and encourage a suitable environment for activities associated with family life. To these ends, development is limited to a relatively low concentration and uses permitted by right are limited to single-family detached dwellings which provide homes for the residents of the area. Additional residential uses such as religious institutions, neighborhood centers, and utility uses necessary to serve the immediate area may be permitted on a conditional basis.

SD1 – Special Development District – Small-Scale, Mixed-Use

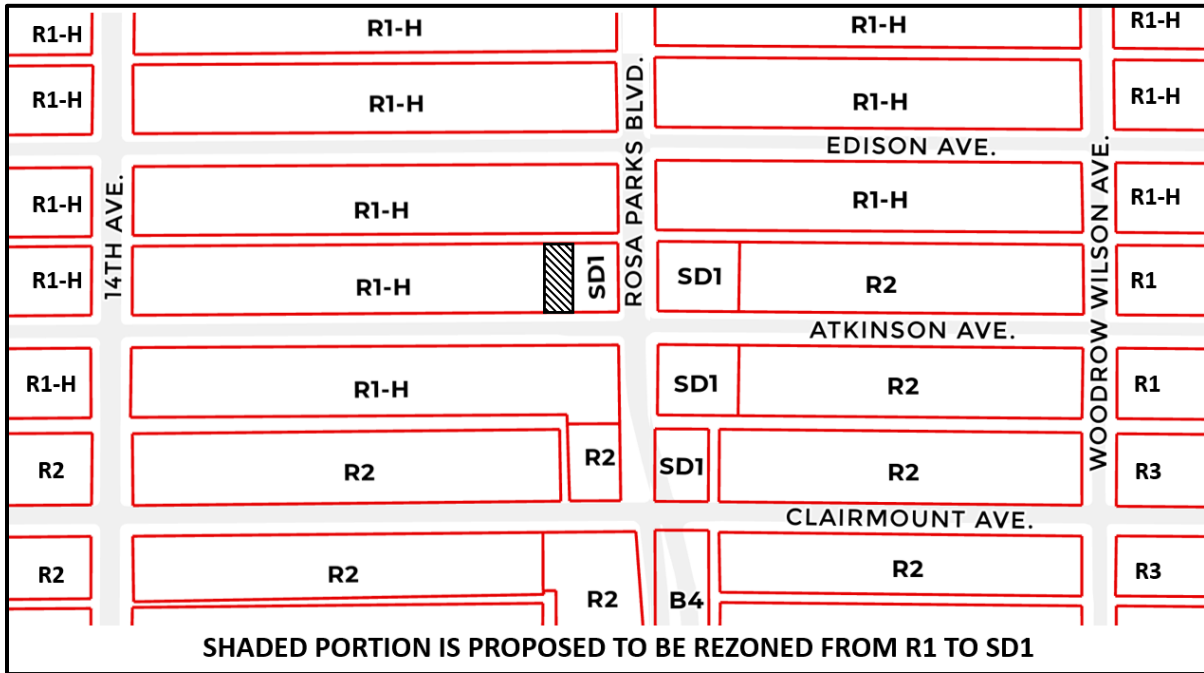

This district is designed to encourage a complementary mixture of small-scale, pedestrian- and transit-oriented uses that are compatible in a neighborhood setting. It is intended to ensure a neighborhood character and place a proper balance of activities within walking distance of one another while serving the day-to-day needs of residents. Parking requirements are reduced in certain circumstances to promote use of transit and non-motorized transportation; shared parking and a district approach to parking are encouraged to lessen demand for off-street parking spaces. Certain establishments that serve alcohol for consumption on the premises are permitted without a spacing requirement in order to attract increased pedestrian traffic to the area.

A Zoning Ordinance map amendment requires approval of the City Council after a public hearing and after receipt of a report and recommendation by the City Planning Commission. This Zoning Ordinance map amendment request is being considered consistent with the provisions of Article III, Division 3 of Chapter 50 of the 2019 Detroit City Code, the Detroit Zoning Ordinance. All interested persons are invited to be present and be heard as to their views. Persons making oral presentations are encouraged to submit written copies to the City Planning Commission at cpc@detroitmi.gov via e-mail, for the record.

Public comment/testimony may be given at the appropriate times during the meeting when called for.
