In 2019, The MID was deemed a Tier I project under the City of Detroit's Community Benefit Ordinance (CBO). The developer, Real Estate Interests and the Neighborhood Advisory Council (NAC) participated in the CBO process to determine impacts of the development on the community and to agree on appropriate community benefits to address those impacts.

Join us for The MID Annual Update Meeting to hear the latest updates on the development as well as the implementation of the community benefits agreement.
