### **NOTICE OF PUBLIC HEARING**

The Detroit City Planning Commission will conduct a public hearing on a proposed amendment to the Detroit Zoning Ordinance:

### **THURSDAY, OCTOBER 21, 2021 AT 6:00 PM**

to consider the request of Kimberly Dokes on behalf of Cinnaire Solutions to amend Article XVII, Section 50-17-6, District Map No. 5 of the 2019 Detroit City Code, Chapter 50, Zoning, to show an SD1 (Special Development District, Small-Scale, Mixed-Use) zoning classification where an R3 (Low Density Residential District) zoning classification is currently shown for three parcels commonly known as 4843, 4849, and 4867 Trumbull Street generally bounded by West Warren Avenue to the north, Trumbull Street to the east, West Hancock Street to the south, and Commonwealth Street to the west. The location of the proposed rezoning is indicated as the shaded area on the accompanying map.

The proposed map amendment is being requested to permit the development of a mixed-use building with ground floor commercial uses and upper floor residential units. The current zoning district does not allow commercial uses and required setbacks do not permit zero lot line development. The pertinent zoning district classifications are described as follows:

#### **R3 – Low Density Residential District**

This district is designed as a low-density multi-family district. The regulations are designed to promote and encourage town and terrace house development, courts, and garden apartments. It is intended that this district be used primarily on local thoroughfares thereby encouraging a suitable environment for family life. Among others, uses permitted by right include single- and two-family dwellings, townhouses, multi-family dwellings, and community facilities necessary to serve a residential district.

#### **SD1 – Special Development District, Small-Scale, Mixed-Use**

This district is designed to encourage a complementary mixture of small-scale pedestrian and transit-oriented uses that are compatible in a neighborhood setting. It is intended to ensure a neighborhood character and place a proper balance of activities within walking distance of one another while serving the day-to-day needs of residents. Parking requirements are reduced in certain circumstances to promote use of transit and non-motorized transportation; shared parking and a district approach to parking are encouraged to lessen demand for off-street parking spaces. Certain establishments that serve alcohol for consumption on the premises are permitted without a spacing requirement in order to attract increased pedestrian traffic to the area..

Zoning Ordinance amendments require approval by the City Council following a separate public hearing conducted by the Council. The Council considers the matter upon receipt of a report and recommendation from the City Planning Commission. This Zoning Ordinance map amendment request is being considered consistent with the provisions of Article III, Divisions 2, 3 and 4 of Chapter 50 of the 2019 Detroit City Code, the Detroit Zoning Ordinance.

All interested persons are invited to be present and be heard as to their views. Persons making oral presentations are encouraged to submit written copies, for the record, to the City Planning Commission via U.S. Mail at the above address or e-mail at [cpc@detroitmi.gov](mailto:cpc@detroitmi.gov). Public comment/testimony may be given at the appropriate times when called for during the meeting.
