

UNION YES

CAREER FAIR

April 19, 2022 | 10am - 1pm

Let's Get to Work, Together.

🔧 Know anyone interested in a four-year, tuition-free, paid apprenticeship program?

We're teaching hands-on skills to Carpenters, Floorlayers, and Millwrights. No experience is necessary to come meet the contractors our next generation could be working for! The Michigan Regional Council of Carpenters and Millwrights is doing more now than ever to smoothly transition young, hard-working individuals into this productive workforce.

🔧 Bring your students to our **2022 Career Fair on April 19** and show them the future they could have with contractors who offer good jobs, benefits, and paid apprenticeships.

🔧 Bring 30 copies of a one page resume and be prepared to talk to future employers.

Click here or scan our QR code to RSVP!
