to consider the request of Ibrahim Bazzi to amend Article XVII, Section 50-17-41, District Map No. 39 of the 2019 Detroit City Code, Chapter 50, Zoning, to show a B4 (General Business District) zoning classification where P1 (Open Parking District) and B2 (Local Business and Residential District) zoning classifications are currently shown on one parcel commonly known as 6181 Cadieux Rd. and generally bounded by Harper Ave. to the north, Cadieux Rd. to the east, Berden St. to the south, and Harvard Rd. to the west. The location of the proposed rezoning is indicated as the shaded areas on the accompanying map.

The proposed map amendment is being requested to conditionally allow for the development of a restaurant, fast-food, with drive-up or drive-through facilities. The pertinent zoning district classifications are described as follows:

P1 – Open Parking District

The P1 Open Parking District is designed for off-street parking of private passenger vehicles on property which abuts, or is separated by an alley or easement from, a non-residential district. The regulations permit the establishment of parking facilities to serve the non-residential uses, and at the same time do not permit the non-residential uses themselves to extend into residential areas. The district will assist in reducing traffic congestion caused by non-residential uses and at the same time will protect abutting residential areas from the deleterious effects of adjacent vehicular parking areas.

B2 – Local Business and Residential District

The B2 Local Business and Residential District provides for the day-to-day consumer goods and services required to serve a small residential area. High-traffic generating and traffic-oriented uses are restricted because of their obvious undesirable influence on adjacent residential areas.

B4 – General Business District

The B4 General Business District provides for business and commercial uses of a thoroughfare-oriented nature. In addition to these uses, other businesses, which may benefit by drawing part of their clientele from passing traffic are permitted. Additional uses, which may be successfully blended with permitted by-right uses, are conditional.

Zoning Ordinance amendments require action by the City Council following a separate public hearing conducted by the Council. The Council considers the matter upon receipt of a report and recommendation from the City Planning Commission. This Zoning Ordinance map amendment request is being considered consistent with the provisions of Article III, Divisions 2, 3 and 4 of Chapter 50 of the 2019 Detroit City Code, the Detroit Zoning Ordinance.

All interested persons are invited to be present and be heard as to their views.
