**Deputy Chief Franklin Hayes** reported on current CompStat Crime/Statistical Data for Violent Crime and Property and recent critical incidents impacting the DPD and the community. **Chief of Police James E. White** reported DPD is exploring the return of policing responsibilities for the DDOT Transportation System. The DPD responding to requests from the community as well as some of the drivers, as it relates to safety and security on the bus system. This move responds to that request as well as returns us to those services. As of right now, The People Mover Police will be intact. There is no conversation regarding them, not providing that service. They will do what they do best as relates to the DDOT, the drivers. We look at taking over those services later this year. There is roughly a \$5 to \$7 million dollars budget that we are reviewing. We anticipate about 50 to 70 police officers at DPD dedicated to protecting the transportation system. We are exploring all options, including those members that are currently assigned to transit getting opportunities with the Detroit Police Department. Those that fall within the opportunities that are provided for the by the Department, with regards to the rules, regulations, as well as the MCOLES Standards. I look forward to briefing this body when we have more information.

The following inquiries require responses from the BOPC and/or DPD:

**COMMISSIONER BERNARD:** Commented on the excellent report and the upcoming de-escalation training by Wayne State University Law enforcement training.

**COMMISSIONER MOORE:** Commented the late great Ron Scott Coalition of Police Against Police Brutality always advocated for drug testing to take place after a critical incident. Is there any conversation now, considering marijuana alcohol for all practical purposes, is more common amongst our members. In addition, he asked about one-photo line-ups.

**CHIEF WHITE:** No conversation on critical incident drug testing we are still participating in random drug testing of our members.

**COMMISSIONER MOORE:** Indicated the Policy Committee was looking at the policy submitted and it did not mention One Photo Line-ups. Is it a common practice that DPD utilizes?

**CHIEF WHITE:** They're prohibited.

**COMMISSIONER BANKS:** Commented on the reduction in homicide.

**COMMISSIONER BERNARD:** Inquired whether private towers in Detroit that tow by police mandated have a certain fee for the actual toll and storage?

**CHIEF WHITE:** We have a set toll fee that is part of the policy as well as part of their contract and the storage fees are controlled by that same contract on City of Detroit approved towers, including DPD.

**Commissioner Bernard** motioned to suspend the rules and amend the agenda to add approval of promotions. The motion passed.
