CITY OF DETROIT
BOARD OF POLICE COMMISSIONERS MEETING
March 6, 2025 at 3:00P.M.

1

2

3 CHAIRPERSON WOODS: It's 3 o'clock. Today is March
4 6th, 2025. The Board of Police Commissioners is called to
5 order. We are going to ask that the Chaplain Mary Autry,
6 if you are online, please open up with the vocation.

7 CHAPLAIN AUTRY: Yes, I will. My name is Chaplain
8 Mary Autry. And good afternoon to everyone. Father in the
9 name of Jesus, I thank you for every panelist, oh God, in
10 the name of Jesus. I thank you for the Board of the
11 Police Commissioners. God, we lift up the City of
12 Detroit, oh God. We're seeking your guidance. We're
13 seeking your peace, oh God. Thank you for your wisdom
14 that will flow through each and every leader., oh God.
15 Each and every dignitary, oh God. Thank you for unity in
16 our hearts and in our minds, oh God. For the common good
17 of the people. Bless the communities with safety and
18 love, oh God. And thank you for love and compassion and
19 harmony in this meeting, oh God. In Jesus' name, we all
20 say, amen.

21 CHAIRPERSON WOODS: Amen. I apologize for that.

22 CHAPLIN AUTRY: That's okay.

23 CHAIRPERSON WOODS: Yep. We don't have a quorum yet.
24 We expect to have a quorum very, very shortly. And so,
25 I'll go to the Secretary's report.

1 MS. GARNIER: The report for today, the incoming
2 communications can be found under tab six in your binders
3 today. And they are as listed. Also note for your
4 information, there are documents there that have been
5 requested to be placed there. Next, will be the
6 announcements of the upcoming meetings. Next board
7 meeting is next Thursday, March 13th, community meeting.
8 It will begin at 6:30 PM The location will be in the 10th
9 Precinct at Union Carpenters and Millwright Skilled
10 Training Center, which is located at 11687 American
11 Street in Detroit. The next community meeting thereafter
12 will be Thursday, April 10th, 6:30 PM and the 9th
13 Precinct at Ford Resource Engagement Center, located at
14 15491 Madeleine Street in Detroit. Upcoming committee
15 meetings are as follows, the Citizens' Complaints
16 Committee will meet next Tuesday, March 11th at 4:00 PM
17 in the Woodward Conference room here at Public Safety
18 Headquarters. Following that meeting next Tuesday is the
19 Budget Committee in the Woodward Conference Room here at
20 Public Safety Headquarters. And that will end the report
21 for today, sir.

22 CHAIRPERSON WOODS: Thank you very kindly. We'll go
23 to public comments.

24 MS. UNDERWOOD: Thank you, Mr. Chair. We have two
25 speakers in the room, then one speaker on Zoom. We'll

1 start first with Minister Eric Blount. After Minister
2 Blount, it will be Lieutenant Mark Young.

3 MINISTER BLOUNT: Good afternoon, board and the
4 Chief. I am Minister Eric Blount from Sacred Heart
5 Catholic Church here in Detroit. Chief Bettison, I
6 haven't seen you since your promotion, so
7 congratulations. I think you are the right person for the
8 job, if for no other reason, but that you know, this
9 department and as Deputy Mayor, you know, the city. So, I
10 say that to say, you know, the serious problem this
11 department has. Formal complaints to this board have
12 doubled in the last five years. That should tell you
13 something. People just don't complain about any little
14 thing that goes on. It takes a lot of courage and
15 fortitude to file a complaint. Because they know your
16 name, they know where you live, they know the situation
17 that happened. And false arrest is something that really
18 has to be dealt with. And I'll even go back to Michael
19 Jackson, who was arrested twice, and then proven innocent
20 of murdering the Jewish woman over in the Lafayette
21 Orleans area.

22 And then probably equally as more disturbing if my
23 memory serves me; an officer called 911 for assistance.
24 But then he requested that only the officers in his unit
25 respond because he wanted to kill him. That's serious.

1 Very, very serious. For the board, the ShotSpotter
2 report. What measure of performance do you have? Not just
3 general crime, but specific crimes that were solved
4 because of ShotSpotter. The last report we got was about
5 a year ago before it started up again, and it showed, you
6 know, 0.09% of guns recovered; and surely there was no
7 report of any crimes actually solved by it. And that goes
8 on with this whole surveillance system you guys have
9 going on is more of a scam. Facial recognition
10 technology. I'll just point you to one specific task that
11 I can say shows what's really wrong with this whole
12 surveillance system. But facial recognition technology,
13 when Covid came and everybody was wearing a mask,
14 mandatory facial recognition technology had to have very
15 little use.

16 CHAIRPERSON WOODS: Time.

17 MINISTER BLOUNT: I don't even see that up here.

18 CHAIRPERSON WOODS: It's up there. I gave you about
19 15 extra seconds.

20 MINISTER BLOUNT: Okay.

21 CHAIRPERSON WOODS: I just got alerted. I would've
22 given you a few more, but I got alerted. So, I want to be
23 fair to everybody. You want to respond? Go ahead.

24 CHIEF BETTISON: Mr. Blount, thank you. I look
25 forward to working with you in my role as chief, and one

1 of the things that I want to ensure that we do as well
2 is, get the information out in various different forms.
3 And so, I did a national search for a new media director,
4 and we've selected one. And I did something a little bit
5 different as well. So, I didn't, because I'm not a media
6 professional, but when we came to the interview process,
7 I made sure that I had some media professionals to
8 actually sit on the board to interview the media person
9 to help me get the best person for the position. And so,
10 with that, I just say that with ShotSpotter, you raised
11 that as a concern. I know that there have been cases
12 where ShotSpotter has led officers to the scene quickly
13 enough to actually make an apprehension. There's been
14 instances where the perpetrator was still on the scene
15 trying to even dispose of a body. And so, if we haven't
16 got that out to you, we need to make sure that we are
17 highlighting and uplifting those cases. But more
18 importantly, ShotSpotter, because we know that when shots
19 are fired, not always do people call 911. Shots have been
20 fired, officers have responded and actually got there and
21 found victims and took them to the hospital and saved
22 lives. And so, the totality of getting this information
23 out to the community so that they really understand both
24 sides of the technology. We have to do a better job as a
25 department of getting information to you, to your groups,

1 et cetera. And so, that's why we need experts and others
2 to make sure that we are telling our best story and
3 getting information out.

4 So, we're looking forward to working with you. And
5 as far as citizen complaints being on the rise; as we
6 push information out to the Board of Police Commissioners
7 and the Office of the Chief investigator educate the
8 community and make them aware of different pathways to
9 report; it may be a side effect, and I'm speculating, but
10 it could be a side effect of making citizens know that
11 the information is out there to report complaints and may
12 be more folks are doing it that way. But regardless,
13 we'll get to the bottom of it and we'll be working to
14 address it together, sir. Thank you.

15 CHAIRPERSON WOODS: Thank you. Yes. Lieutenant,
16 before we move on, we'll let him --- how many more do we
17 have on the inside?

18 MS. UNDERWOOD: Ms. Smith.

19 CHAIRPERSON WOODS: Ms. Smith. Okay. Let's do all the
20 ones on the inside and then move on. All right.

21 LT. YOUNG: Good evening.

22 CHAIRPERSON WOODS: Good evening.

23 LT. YOUNG: Some of my members have approached me and
24 are concerned about how the Board of Police Commissioners
25 think of them. And you know what my response is? Do not

1 be concerned about how the board thinks of you. You go
2 out there with excellence and you do the best that you
3 can. You should be more concerned about how the citizens
4 of the city think of you, because I'm going to tell you
5 how they think of you. They think the world of you, the
6 same people that will come before you and vilify you, are
7 the same ones that won't whisper on the phone, but no
8 911. Well, out of all the phones I report all the calls
9 for service that we answered last year. Those people
10 weren't afraid of the police. Those people aren't
11 concerned. They embrace the police. I know my neighbors
12 are so grateful because I live in Detroit. There are so
13 many police officers pulling up and down my street. They
14 are grateful, they are thankful. And they tell me so.
15 It's easy to talk about the negative from a pastor, from
16 a bishop, from an anointed one. Let's talk about the
17 positive that we do. This department has an outstanding
18 relationship with this community. You don't hear that
19 enough. They bend over backwards every day. You have men
20 and women that are so concerned about the homeless and
21 other things. You don't see that because that body worn
22 camera footage is not requested. The generosity of this
23 department and these men and women is tremendous. I never
24 hear the board talk about that. It's easy to vilify. Last
25 story. I was in a dark place and I went to Jesus and I

1 said how bad things were, and Jesus spoke to me. And you
2 know what he said? He said, "Mark, there are billions of
3 people on this planet; you hear about a few incidents,
4 but I've seen good people. That's why I'm sending you.
5 That's why I send the people that you represent. There's
6 a small amount of people that do wrong. There's no
7 perfect organization. There's no perfect person." But I
8 represent some awesome people. Thank you.

9 CHAIRPERSON WOODS: Mother Smith.

10 MS. SMITH: Good afternoon.

11 CHAIRPERSON WOODS: Good afternoon.

12 MS. SMITH: I'm thrilled to see my chief here because
13 I haven't seen him since he escorted me. I have to tell
14 it. I can't keep it quiet. You all know we lost a chief;
15 Chief Knox, and I didn't see any of you there. But anyway
16 ---

17 CHAIRPERSON WOODS: I think one of us was there.

18 MS. SMITH: One of you? All right. Well, anyway, I
19 called the chief. I had the nerve to do it because my
20 granddaughter didn't come and get me. And I said, "Chief,
21 I need a car." He said, "Okay, I'll send you an Uber." I
22 said, "An Uber? What's that?" But anyway, I listened to
23 what he said. He said, "I'll send you a car." I said,
24 "All right." He said, "Be ready by 10." I said, "Okay, I
25 will." I rushed and got dressed and everything. And I'm

1 sitting there. I live on the first floor there.

2 And I'm sitting there because I look out the window
3 and see a car. Saw the car pulled up, this black car
4 pulled up. And I got out with my walker and everything.
5 And who did I see, sitting in the car? But our chief, I
6 was so astonished I didn't know what to do. And his
7 driver came around and escorted me, folded up my folder
8 and put it in the car. And he helped me in the car. I
9 said, what did I do to deserve this? But God is good to
10 you all. I don't know how good he is to you guys, but
11 he's darn good to me because whatever I ask for, whatever
12 I try to do, he opens up the door for me. And I was so
13 appreciative to my chief escorting me to the church. And
14 there were about 30 steps going up the steps. I couldn't
15 walk up the steps. So, I told the driver, I said, "You go
16 ahead and pull up." Chief said, "How are you going to get
17 up there?" Well, we didn't go around the side of the
18 church because there were stairs over there, one of the
19 chiefs told me. But anyway, I said, "Well, I'll go up the
20 steps. God will help me go up the steps." So, I went up
21 about 30 steps. I held a banister. I went up the steps,
22 Chief behind me. And then one of the women officers, I
23 don't know who she was, but I'm thankful to her. She had
24 my purse and she held me. And when we got in, everybody
25 was looking at me. I thought I was a millionaire. Do you

1 hear me? And I kissed Knox, his wife, because I know him.

2 And we go and sit down and who comes behind us? But
3 the chief from Southfield, Baron. Mother Bernice ---

4 CHAIRPERSON WOODS: Three seconds.

5 MS. BERNICE: What?

6 CHAIRPERSON WOODS: Three seconds.

7 MS. BERNICE: Anyway, this is the first time I saw
8 him since the funeral. And I'm so grateful to you, baby.
9 I appreciate you so much. Not only because you're the
10 chief of this city. I knew you were going to be the
11 chief, but let me tell you this right quick. Two young
12 men, let me give it to them ---

13 CHAIRPERSON WOODS: We have to move on Mother
14 Bernice.

15 MS. SMITH: They met me at the hospital last week,
16 and one wants to become a police officer. I'll get back
17 with you. I have their names. Thank you so much.

18 CHAIRPERSON WOODS: Thank you so much. Please call
19 the roll.

20 MS. GARNIER: Commissioner Woods - Present.

21 MS. GARNIER: Commissioner Smith - Present.

22 MS. GARNIER: Commissioner Banks - Present.

23 MS. GARNIER: Commissioner Bell - Present District 4.

24 MS. GARNIER: Commissioner - Present, District 5.

25 MS. GARNIER: Commissioner Moore is excused.

1 MS. GARNIER: Commissioner Pressley - Here.

2 MS. GARNIER: Commissioner Dewaelsche - Present.

3 MS. GARNIER: Seven present, sir?

4 CHAIRPERSON WOODS: We have a quorum. I entertain a
5 motion for the approval of the March 6th, 2025 agenda.

6 COMMISSIONER DEWAELSCHE: So, moved.

7 COMMISSIONER SMITH: Second.

8 CHAIRPERSON WOODS: Moved by Commissioner Dewaelsche.
9 Second by Commissioner Smith. Any discussion? All in
10 favor, say Aye.

11 COMMISSIONERS: Aye.

12 CHAIRPERSON WOODS: Anyone opposed? The motion
13 carried. I entertain a motion for the approval of the
14 minutes for February 27th. 2025.

15 COMMISSIONER PRESSLEY: So, moved.

16 COMMISSIONER DEWAELSCHE: Support.

17 CHAIRPERSON WOODS: Moved by Commissioner Pressley.
18 Supported by Commissioner Dewaelsche. Any discussion? All
19 in favor say aye.

20 COMMISSIONERS: Aye.

21 CHAIRPERSON WOODS: Anyone opposed? The motion is
22 carried. Let's go to the Chief of Police Report.
23 Introduction of the staff, and so on and so forth.

24 MS. GARNIER: Present, BOPC staff, Attorney Goss,
25 Chief Investigator Warfield, Drew Fries, Felicia Tyson,

1 Teresa Blossom, Candace Hayes, Artemisia Joshua, Jonya
2 Underwood. Investigating Supervisor Elgin Murphy. Dr.
3 Francis Jackson, Parliamentarian. DPD HR Director Katrina
4 Patillo Interpreters today are Ms. Yakata and Dr. Beatty,
5 court reporter Don Handyside, Audio Visual Henry Jackson
6 and Media Services video, Charles Henry. Elected
7 officials and representatives registered thus far are as
8 follows: Marie Overall of Office of State Representative
9 Tyrone Carter, Fredia Butler, president 2nd Precinct,
10 Community Relations. LaDon Davis, Office of City Council
11 member Fred Dural III, Lieutenant Mark Young, president
12 of Lieutenants and Sergeants Association. Ron Thomas,
13 president of Detroit Police Officers of America. And
14 former Detroit Police Commissioner William Davis are
15 registered at this time, sir?

16 CHAIRPERSON WOODS: And former police Commissioner
17 Bernice Smith. She's a former police commissioner as
18 well.

19 COMMISSIONER DEWAEELSCH: Chairman, do you have a
20 report?

21 CHAIRPERSON WOODS: No, I don't have a report.

22 COMMISSIONER BURTON: Through the Chair?

23 CHAIRPERSON WOODS: Yes.

24 COMMISSIONER BURTON: There is no evidence that
25 Bernice Smith was ever a police commissioner. There's

1 nothing in the records that state that. And that request
2 has been raised before. And Robert Brown, who once worked
3 for the board couldn't find anything in the records for
4 that.

5 CHAIRPERSON WOODS: Okay. All right. Moving right
6 along. Let's go to the Chief of Police Report.

7 CHIEF BETTISON: Thank you Mr. Chairman and to the
8 honorable Board of Police Commissioners. I just want to
9 just jump into the overall crime statistics. I want to
10 say that over the past weekend; so, Friday, Saturday,
11 Sunday something that doesn't happen too often, but we
12 didn't have a homicide or we didn't have a nonfatal
13 shooting. So, that's something, knock on wood, but I
14 really don't need to knock on wood. I just give it to the
15 amazing team that we have and the community. And even the
16 technology and all of the investment. It is a cumulative
17 of everything that's continuing our downward trend in
18 crime. So, when I say community, I'm talking about CVI is
19 just all of us. Homicides right now, we're compared to
20 the same period of last year, we are at a 24% reduction.

21 And so, we know it's early yet; and to our
22 community, they will, you know, hold the numbers for the
23 year. We're sitting at 22 right now, compared to the same
24 period of time as of last year, it was 29. So that's 7%,
25 I mean, 7 people at this particular point. Sexual

1 assaults, which is concerning to everyone. 33% reduction,
2 aggravated assault, 12% reduction. And so, in all of our
3 violent part one categories, I got green arrows that I'm
4 looking at, I'm pretty sure the board has that as well.
5 But that is a good thing. Meaning we're down in all
6 categories. Robberies, which is a violent, violent
7 offense as well. 17% burglary, which is, you know,
8 definitely affects us where a home is based. Someone's
9 coming into your home. 13% or almost 14% larcenies when
10 somebody's taking something from you.

11 That's a 19% reduction. And then another particular
12 fine that affects our Detroiters as well, where someone
13 went in your vehicle 28% reduction. So, in terms of what
14 that means is 401 people that still have their vehicles
15 this year compared to last year. Violent part one, crime
16 overall, 14% reduction, property crime, 21% reduction.
17 And when it comes to non-fatal shootings, 22% reduction
18 and carjackings of 36% reduction. So, we're definitely
19 off to a good start trending down in the right direction
20 when it comes to violent crime. Some of the things that
21 have occurred reaching out to the community, and
22 neighborhood police officers over at the 12th Precinct,
23 they went and read to the kids. And so, they visited the
24 Bagley Elementary school, the Greenfield Union to engage
25 with reading Detroit police officers. They're going to be

1 doing an empowerment walk.

2 And that's going to be this Friday at the Corner
3 Ballpark, March 7th, from 11:30 AM to 2:00 PM. So, we
4 invite anyone who wants to come out and walk. I know the
5 weather, it won't be as warm as we'd like it to be, but
6 dress warm and just come out and support our ladies, our
7 women, we continue to recruit and it's a good time to be
8 a Detroit police officer. And so, even though we are at
9 98, roughly 99% of full staff rate, we know that it is a
10 large department. And so, we're always looking for good
11 individuals. And so, our recruiting team went out to
12 several events over the past week. We did a career fair
13 at Wayne State University. And if you want to meet our
14 recruiters, they're going to be at the Women's
15 Empowerment Walk at the Detroit Public Safety
16 Headquarters.

17 Well, I think that's a mistake right there. So,
18 they're going to be at the Corner Ballpark. Director
19 Patillo can give you a little bit more information on
20 that. Director, where we're going to be at for the
21 recruitment thing. Somebody from recruiting or HR? Okay,
22 we'll make sure that we update that because if somebody
23 wants to get hired, I would definitely want them to go to
24 the exact right place. Then one of the things that's a
25 community top concern, and that obviously should be on as

1 well, is traffic enforcement. And so, the 8th Precinct
2 did a traffic enforcement blitz on March 5th, 41 traffic
3 citations were issued. They impounded 4 vehicles and
4 really focused on vehicles with no plates as well. No
5 secret that oftentimes when a violent crime is committed,
6 before individuals want to do that crime, they do things
7 to obscure their plates.

8 And so, we're really focusing on that. And then, I
9 don't know if you all saw on television, Captain Star
10 Gonzalez did an excellent report and they did some great
11 work over there with progressing a quality-of-life type
12 issue. And I know when I saw the video, and I'll say that
13 a community member sent me a video that was captured on a
14 ring doorbell and it was some thieves and a U-Haul truck
15 in broad daylight just walked up to a residence and stole
16 some gutters off the house. And that just was so bizarre
17 to me. And I imagine them taking my gutters off my house
18 and it just really made me mad. I called the captain, she
19 put a detail in place, and by utilizing some of that
20 technology, license plate readers, they were actually
21 able to track down that U-Haul.

22 And we got the three perpetrators, we got them
23 arrested, we got the gutters back, and they featured that
24 story on the news yesterday. So, if nobody saw it, you
25 know, make sure you pull that up. And we have those

1 gutter thieves right there. Just for the phenomenal job
2 out there doing great work, the men and women of DPD. And
3 I'm not going to say much about this, but you know, the
4 medical examiner's report did come back from the two
5 children that tragically lost their lives over at the
6 casino parking lot there in the parking structure. And
7 so, from a DPD standpoint, I don't make charging
8 decisions. We will turn over the evidence and things of
9 that nature to the Wayne County prosecutor, but Madame
10 Prosecutor Worthy, ultimately will make the determination
11 when it comes to whether or not there'll be any charges
12 in regards to that case. And with that, that concludes my
13 report, sir.

14 CHAIRPERSON WOODS: Thank you Chief. Any questions?
15 Commissioner Banks.

16 COMMISSIONER BANKS: Thank you. Through the Chair,
17 Chief Bettison, first of all, congratulations on your
18 promotion.

19 CHIEF BETTISON: Thank you, sir.

20 COMMISSIONER BANKS: Because promotion doesn't come
21 from man. You know that, right?

22 CHIEF BETTISON: Yes, sir.

23 COMMISSIONER BANKS: You are a man of God.

24 CHIEF BETTISON: Yes, sir.

25 COMMISSIONER BANKS: Promotion comes from the Lord.

1 CHIEF BETTISON: Amen.

2 COMMISSIONER BANKS: And congratulations. But what I
3 want to ask is for Chief Bettison. I take church with me
4 everywhere I go, minister, former chair, everywhere, you
5 know, you're my man, right?

6 CHAIRPERSON WOODS: Speak through the Chair.

7 COMMISSIONER BANKS: Alright. Chief, what's the
8 difference between a taser and a stun gun? Give me the
9 difference, please, between a taser and a stun gun. Two
10 different names. I know I just asked it last week. I
11 wasn't satisfied with the answer though, and I'm coming
12 right back.

13 CHAIRPERSON WOODS: Through the Chair, the chief is
14 going to answer.

15 CHIEF BETTISON: Through the Chair. I don't want to
16 be incorrect, and so I've always, and I haven't
17 researched this, but a stun gun and a taser with
18 language, the words could possibly be used synonymously.
19 And then you can have various tasers that have different
20 voltages. And so, I will have to get back with you on
21 that one right there, because I've never researched it,
22 the taser versus the stun gun. So, I will circle back
23 around unless there's someone in here who knows the
24 answer. So, I will call a friend right now with my
25 command folks in the back.

1 CHAIRPERSON WOODS: Hey, Google.

2 CHIEF BETTISON: Yep, Google may be able to tell me,
3 or Parish. We are about to give you that answer. Thank
4 you, Mr. Chief.

5 CMDR. PARISH: As the chief indicated, there could be
6 many, many different varieties of stun guns. And
7 depending on how it's being used, it could mean a taser
8 or it could mean an off-brand weapon. But the principal
9 difference is this. A taser is scientifically designed to
10 override your neurological system to effectively seize
11 your body so that you can no longer move physiologically.
12 **A stun gun is there to cause immense pain. Okay? So, it's**
13 **not scientifically designed to actually disable you or to**
14 **immobilize you. A stun gun is usually just there to burn**
15 **you to cause pain, to get you to back off. Stun guns are**
16 **illegal in many states. But a taser is a different**
17 **principle in that regard.**

18 CHIEF BETTISON: Through the Chair, Commissioner,
19 does that answer your question?

20 COMMISSIONER BANKS: So, they do two different things
21 based on the knowledge that came out of your mouth, it
22 appears that they do two different things, is that
23 correct?

24 CMDR. PARISH: They both conduct energy through an
25 individual's person. A taser is scientifically designed

1 for a particular purpose to immobilize your body. Okay? A
2 stun gun is not, does not have the, the, the voltage nor
3 the, the, the connectivity to, to really immobilize your
4 body in most circumstances. Again, there are many
5 different brands of stun guns out there. They are illegal
6 in different states. The thing that sets the taser apart,
7 is that it is scientifically designed for law enforcement
8 to immobilize a person's body by overriding their
9 neurological system.

10 COMMISSIONER BANKS: Okay, I got it. I'm satisfied.
11 Thank you. Good job.

12 CHIEF BETTISON: I think they both cause pain.

13 COMMISSIONER BANKS: Okay.

14 CHIEF BETTISON: They do cause pain, yes.

15 CHAIRPERSON WOODS: Yep.

16 COMMISSIONER BANKS: Okay. I'm satisfied now. Thank
17 you.

18 CHAIRPERSON WOODS: You're done.

19 COMMISSIONER BANKS: I'm all set.

20 CHAIRPERSON WOODS: Commissioner Bernard.

21 COMMISSIONER BERNARD: Just quickly. It's a pleasure
22 to see you Chief. It's for all of us in this room and for
23 our community. There are two things really quickly in
24 terms of your announcements and your communication
25 section. You have now officially declared that there is a

1 code blue in the City of Detroit when the temperature is
2 20 degrees or below?

3 CHIEF BETTISON: That's the city standard.

4 COMMISSIONER BERNARD: Oh, it's the standard here,
5 okay.

6 CHIEF BETTISON: No, no. That's set by the City of
7 Detroit. And so, the housing revitalization department
8 and code blue are many different entities that came to
9 put that in place and based off of research and what's
10 good. So, that's really coming from the mayor in the City
11 of Detroit. And we all, whether it's housing
12 revitalization the Detroit Police Department to Detroit
13 Health Department City of Detroit, Homeland Security, we
14 are working to ensure that our citizens, when it's a code
15 blue, that we're getting them out of the elements and
16 that we can get them to shelter, bundled.

17 COMMISSIONER BERNARD: The good part, I mean, I'm
18 going to ask our office reprint this for the next meeting
19 on blue paper, and it might be a good idea for us to put
20 it in the precincts as well, because you have about 15
21 different centers where people can go when it is 20
22 degrees or less, that are already printed with addresses
23 and everything and their hours. So, this is like a
24 public, maybe even a PSA you might want to do on TV to
25 let people know what the code blue situation is and where

1 the facilities are. But my second question is one that
2 I've asked that you explained to us and to the community,
3 and that is what is fast? FAST.

4 CHIEF BETTISON: Fugitive Apprehension Service Team.
5 And so that's our officers that, when individuals have
6 outstanding warrants, they typically go after violent
7 offenders, individuals wanted for non-fatal shootings,
8 homicide suspects, robbery suspects, where the prosecutor
9 has secured a warrant via judge and that they're on the
10 run. So, they are actively out there working to bring
11 those violent offenders off the street. That's what they
12 do day in and day out. They serve warrants.

13 COMMISSIONER BERNARD: But this is a multi-
14 jurisdictional project with the state police, it says, I
15 guess the federal government, I don't know, you have a
16 lot of partners in FAST that you don't routinely have for
17 ordinary crimes.

18 CHIEF BETTISON: Yeah. And that's what allows us to
19 be able to go anywhere we need to go to actually get
20 those individuals. Because when folks are on the run, we
21 even work with the United States Marshals. So, regardless
22 where you go, you could be in Alabama or wherever, we'll
23 go to where we need to go to make sure that we apprehend
24 folks who have done bad things in the city and hold them
25 accountable. And with that, that's another factor that

1 contributes to us, our decreasing crime, getting the
2 right individuals off the street, holding them
3 accountable. And right before Christmas, we executed a
4 large fugitive apprehension warrant sweep. What did we
5 call that? What was the name of the sweep? Because we had
6 a nice name too. It had a holiday ring to it. We always
7 give these big one's names. So, yeah, we'll make sure we
8 get that to you. But it was a catchy name.

9 COMMISSIONER BERNARD: Thank you.

10 CHAIRPERSON WOODS: Commissioner Banks.

11 COMMISSIONER BANKS: This is going to be really
12 quick, Chair, really quick. Chief Bettison, when the
13 officers are out on the streets, when it's freezing out
14 there, 10 degrees and all that, are they taking citizens
15 to warming shelters? That's all I want to know.

16 CHIEF BETTISON: Yes.

17 COMMISSIONER BANKS: They are? They're picking them
18 up and taking them to a warming shelter?

19 CHIEF BANKS: Yes.

20 CHIEF BETTISON: Okay, great.

21 CHAIRPERSON WOODS: Commissioner Pressley.

22 COMMISSIONER PRESSLEY: Thank you. Through the Chair.

23 CHAIRPERSON WOODS: I have two questions. The first
24 is a conversation we were having with your predecessor,
25 and I just want to make sure that it's been handed off

1 and maybe you can provide some update. And it was around
2 the challenges with communication to citizens,
3 particularly those who had cases with the detectives. And
4 they were saying that they're not getting responses back
5 and they're having a hard time getting any feedback. And
6 so, I just wanted to know if there's any update on
7 improving the efficiency in responding back to citizens,
8 whether it's through the homicide department or
9 detectives.

10 CHIEF BETTISON: As a matter of fact, I just met
11 with, and through the Chair, thank you for the question,
12 Commissioner Pressley. I just met with Mothers Keeping
13 Boots on the Ground. And so, yesterday, as a matter of
14 fact, right in the room. And so we are having constant
15 communication, my former predecessor now called CEO
16 White, but at the time, Chief White, people wanted our
17 family unit and their sole purpose is really to ensure
18 that they're communicating with our homicide detectives
19 and that also they're calling back and keeping in close
20 contact with the point of contact that was selected by
21 the family to be the representative to receive
22 information when it comes to our non-fatal shootings and
23 our homicides. And so, they keep a meticulous log of it.
24 You'll still see always, at various points here where
25 family member says, "Hey, I didn't get a call," but when

1 we go back through the log and we have the conversations,
2 it is like you are the point of contact and we are going
3 to continue with that, and we're working towards
4 continuously improving it.

5 And so, it's an ongoing process, but thus far I'm
6 happy with it. And we're going to continue to build upon
7 it and take feedback from those various family members as
8 to how we can continuously improve it as well. But we
9 are, and it's a top priority for me, and so much so, that
10 when it comes to family members that have their cases
11 that are still unsolved because we know the cases will go
12 cold. I've actually already assigned additional officers
13 to our cold case unit. And so, I'm going to continue to
14 do that. And one of the things that I'm looking forward
15 to is with our budget, et cetera, identifying and putting
16 some positions in where I can look to hire some retired
17 detectives part-time to further enhance our cold case
18 unit.

19 So, everything that I can do, looking back to bring
20 forth additional eyes and enhance that aspect of it, I'll
21 be doing, and I'll communicate that with the families.
22 And I'll be able to keep the board updated. But that's
23 something that's always been very near and dear to me
24 when it comes to cold cases and traffic enforcement and
25 I'll be able to report out on what we're going to be

1 doing as far as enhancing when it comes to missing
2 children, et cetera, human trafficking. But I should be
3 updated with that.

4 COMMISSIONER PRESSLEY: Thank you. And the second
5 question, through the Chair, I know that there should
6 have been conversations between our board secretary, OCI
7 and the department regarding disciplinary actions that
8 are taken with officers who have sustained cases. The
9 data that we've been receiving has kind of been
10 aggregate, you know, to say this number got counseling,
11 this number had a disorder disciplinary action, but it
12 doesn't really give us the details according to which
13 officer or which case. And so, we are hoping to get a
14 little bit more detail on that regard so that we are
15 aware of the particular sustained cases in which
16 disciplinary action was taken. And so again, I just
17 wanted to see if you can provide some update on whether
18 or not that's something we could expect to receive moving
19 forward.

20 CHIEF BETTISON: I need to really understand a little
21 bit more, but, you know, I'm willing to sit down and have
22 a meeting so that I really understand what the ask is, so
23 that I know what that is per se. But let's discuss it.

24 COMMISSIONER PRESSLEY: Right now, we are just trying
25 to get an aggregate number so we can't tie it to a

1 particular case. So, say for instance, we have a
2 sustained case where an officer, let's say, violated the
3 policy on demeanor. We don't get a sense of what was the
4 actual disciplinary action taken on that officer. We just
5 get a general aggregate number on how many officers went
6 to counseling, how many officers had peer support, how
7 many officers were suspended, or how many officers --- I
8 don't know what all of those categories are, so we can
9 actually assign those to the particular cases, and that
10 gives us a little bit more confidence on what's actually
11 being done with sustained cases that we're seeing through
12 our OCI investigations.

13 CHIEF BETTISON: So, we'll have a single purpose
14 meeting and we will be able to come to some type of an
15 agreement or conclusion with it, because without me fully
16 --- yeah, I'm hearing what you're saying, but I need to
17 really fully see it and understand. So, when I look at
18 the report, I need to know what you're getting now versus
19 what the ask is.

20 CHAIRPERSON WOODS: We're getting nothing right now.
21 The fact of the matter is, as far as public trust and as
22 far as the process to make sure that this process is an
23 authentic process that's spinning the wheel that these
24 CCRs, when they are sustained and sent back over to the
25 department, that there is some corresponding action to

1 it. And with that corresponding action is to that
2 specific case. We, right now have a database that tracks
3 all of that, all of that stuff being done and the public
4 has the right to know what happened to their particular
5 case.

6 COMMISSIONER PRESSLEY: So, I just wanted to be
7 clear. I sympathize with you wanting to actually see what
8 we're talking about. So, we do have a citizens complaint
9 committee that is scheduled for the 11th. And I don't
10 know if someone from your department or you might be able
11 to be present, and we can have that to be a single focus
12 issue as we attempt to try to be better at responding to
13 the citizens on what disciplinary actions have actually
14 been taken.

15 CHIEF BETTISON: So, with that, I'll check my
16 calendar and do everything that I can to be there on the
17 11th, and I would like to personally be there, so that I
18 can see with my own eyes. So, I look forward to being
19 there.

20 COMMISSIONER PRESSLEY: Thank you.

21 CHAIRPERSON WOODS: Thank you very kindly.
22 Commissioner Burton and then Commissioner Smith.

23 COMMISSIONER BURTON: First off, I congratulate Chief
24 Todd Bettison for the hard work that his men and women in
25 blue are doing in the department. I looked up and I read

1 these stories about how officers out in Southwest Detroit
2 and the broken water main, but there are officers out
3 there helping people evacuate from their homes, walking
4 through water that's as high as your car, and this cannot
5 be an easy job for the men and women in blue in this
6 department. It cannot be an easy job. But those men and
7 women in blue are just helping people, I mean, evacuated
8 from their homes. People thanking the Detroit Police
9 Department for their help.

10 I would love to see the department acknowledge and
11 recognize those members, as well as us, as a board by
12 offering some tribute or certificate of appreciation for
13 their work. Personally, I'm not walking through that kind
14 of water, but those men and women in blue went out there
15 and they helped a lot of families. I'm more so concerned
16 about the long-term health of those officers and those
17 families. You know, that water, it was sewage water, it
18 was the water main break. I mean, all the pollution and
19 stuff. I'm more concerned about their health long- term.
20 It may not have any effect today, but what about three
21 years from now, five years from now? And I don't know if
22 there is anything that we can do to lobby with the state
23 to come here and help fund this department or to refund
24 that community, but we had the Harbormaster, we had the
25 4th Precinct.

1 We had SRT, and we had the community associations
2 and CB radio patrols. You know, we had so many different
3 community groups and so many different members of the
4 department. I would love to see SRT, Harbormasters, the
5 4th Precinct, and those neighborhood associations being
6 recognized by this board, but also by this great
7 department. We must remember those names of those brave
8 officers who went out there that week and help rescue
9 those families. It was not an easy job. Somebody had to
10 do it, and I can't see any other city going out there to
11 do what the Detroit Police Department went out there to
12 do. And they rescued families and they are still helping
13 families to this day. And I wanted to say thank you to
14 our chief Todd Bettison. I always have five favorite
15 chiefs in the US and Chief Todd Bettison, our chief, even
16 when he was a deputy assistant chief, he was always in
17 that top three. So now, we have our chief sitting right
18 here, leading this department and leading our community.
19 This is the future of policing right here with Chief Todd
20 Bettison. Chief, thank you for the work your men and
21 women are doing out there helping families.

22 CHIEF BETTISON: Thank you, sir.

23 COMMISSIONER BURTON: Once again, it wasn't easy, but
24 I've heard a lot of the stories from a lot of families
25 that've been reaching out to. Thank you.

1 CHAIRPERSON WOODS: Thank you very kindly.

2 COMMISSIONER BERNARD: Mr. Chair?

3 CHAIRPERSON WOODS: Yes.

4 COMMISSIONER BERNARD: I just want to say one thing.

5 If we're going to honor the people who helped, we should
6 include the Fire Department as well, because they helped
7 with DPD. That's the only point. They were out there
8 putting people in boats and all that kind of stuff.

9 CHAIRPERSON WOODS: Absolutely. Let the record
10 reflect that Commissioner Carter is present. And let's go
11 back to oral communications.

12 COMMISSIONER BANKS: Through the Chair. Again, very
13 quickly.

14 CHAIRPERSON WOODS: All right.

15 COMMISSIONER BANKS: I want to ask the Chief
16 something.

17 CHAIRPERSON WOODS: Alright.

18 CHAIRPERSON WOODS: Very briefly because we got a
19 heavy agenda. Also, some closed sessions.

20 COMMISSIONER BANKS: Will do. Chief, you have just
21 taken over for Chief White. We have nine more months to
22 go in the year. What are some of your goals and things
23 you want to achieve? You know, when a new administration
24 comes in, they have goals they want to achieve, they want
25 to make new accomplishments. What are some of those goals

1 that you want to achieve? If you can put it out to the
2 community, or if you want to, you know, I don't know if
3 you can put it out, but can you put some of them out?
4 Maybe two or three?

5 CHAIRPERSON WOODS: Have you released your plan that
6 you talked about at the ---

7 CHIEF BETTISON: No, I have not. But, through the
8 Chair, to the commissioner. So, at next week's hearing,
9 well, next week's Board of Police Commissioners meeting,
10 I can do a quick rundown of my 30, my 60, my 90-day plan.
11 But of course, every chief does a reorganization. So,
12 when it comes to the board, I definitely will submit my
13 reorg plan to you as well. Some of it's already happening
14 when it comes to graphic enforcement. I have to talk
15 about it. You see, I already started with additional
16 graphic enforcement when it comes to narcotics. That's
17 the thing as well. So, I already added additional units
18 to major crimes; our narcotics unit, we're doing more of
19 these as of right now. Missing persons, I'm beefing that
20 up. When it comes to cold cases, that's another thing.
21 I'm adding additional officers to our cold case unit.

22 And so, things like that. I want you to know that
23 when you ask me what my priorities are, my priorities are
24 the community's priorities. So, what the community is
25 concerned about, that's what I'm concerned about. And

1 that's what we're doing. Another thing that is continuing
2 crime going down. So, with our officers, you know, when I
3 took over as interim chief, making sure that with the
4 work that James White had, he had the men and women of
5 this department trying already on the trajectory down.
6 I'm Tod Bettison, I wouldn't let it go up. It has to keep
7 going down. Otherwise, I wouldn't be sitting here as the
8 Chief. I have a whole lot for you that I want ---

9 COMMISSIONER BANKS: I'm interested in hearing it.

10 CHIEF BETTISON: Yes, sir.

11 CHAIRPERSON WOODS: Thank you very kindly.

12 COMMISSIONER BANKS: I'm all set, Chair.

13 CHAIRPERSON WOODS: Thank you, Chief, for that.

14 COMMISSIONER BERNARD: Just two seconds.

15 CHAIRPERSON WOODS: Two seconds.

16 COMMISSIONER BERNARD: There's a women's empowerment
17 walk tomorrow, March 7th at 11:30 AM. We start at the
18 Corner, Ballpark, Detroit, PAL, at 1680 Michigan. So,
19 anyone who wants to walk tomorrow, I'm sure that Kyra
20 will be there. She's always leading the parade.

21 CHAIRPERSON WOODS: Speaking through the Chief
22 though.

23 COMMISSIONER BERNARD: Through the Chief.

24 CHAIRPERSON WOODS: Through the Chair, through to the
25 Chair.

1 COMMISSIONER BERNARD: Absolutely right? So, I just
2 want you to know that come out and walk tomorrow. I'm
3 going to be there and I hope everyone who can will be
4 there as well. Thank you.

5 CHIEF BETTISON: Is it just for women?

6 COMMISSIONER BERNARD: It's free for all.

7 CHIEF BETTISON: Men can support the ladies. So, it
8 is for everybody, but we are there supporting women.

9 COMMISSIONER BERNARD: Okay.

10 CHAIRPERSON WOODS: Amen.

11 COMMISSIONER BERNARD: I'll accept that.

12 CHAIRPERSON WOODS: Oral communications.

13 MS. UNDERWOOD: Mr. Chair, you have five speakers in
14 Zoom. Our first speaker is Ms. Julie Lyman, then former
15 Commissioner William Davis. Crafty Roo, and then we'll
16 continue.

17 CHAIRPERSON WOODS: You may speak. You may be heard.
18 Caller.

19 MS. LYMAN: Hello?

20 CHAIRPERSON WOODS: Yes, you may be heard.

21 MS. LYMAN: I do apologize. My name is Juliet Lyman,
22 and this is my second time being on the Zoom and joining
23 you guys. And I'm here on the behalf of my husband, Cora
24 Lyman. I was referred by the Council President's office
25 to speak with one of the commissioners who I don't think

1 is joining you guys today.

2 CHAIRPERSON WOODS: He's not here.

3 MS. LYMAN: Yes, sir. I found out about here recently
4 by contacting the Council president's office again to see
5 if any other commissioner could assist me, and they said
6 yes. So, I'm here again to see if someone could reach out
7 to me so that I could go in more depth about what I need
8 assistance with, if possible.

9 CHAIRPERSON WOODS: Okay. Do you have my telephone
10 number?

11 MS. LYMAN: No sir. I'm not sure who I'm speaking
12 with.

13 CHAIRPERSON WOODS: It is Commissioner Woods.

14 MS. LYMAN: Commissioner Woods? No, I don't have your
15 number. I have the office number, but I'm not able to get
16 anybody.

17 CHAIRPERSON WOODS: Give her my number offline. Can
18 you direct that to her? And so, when this meeting is
19 over, you can call me.

20 MS. LYMAN: Yes, sir. I do appreciate that. Do I need
21 to stay on the Zoom or ---?

22 CHAIRPERSON WOODS: You don't need to stay there; I
23 have your information. And so, continue watching the
24 meeting. When the meeting is over, about 10-minutes. And
25 then give me a call.

1 MS. LYMAN: Yes, sir. Thank you.

2 CHAIRPERSON WOODS: All right. Thank you.

3 MS. LYMAN: You're welcome. Thank you.

4 CHAIRPERSON WOODS: All right, next call.

5 MR. DAVIS: Good afternoon. Could I be heard?

6 CHAIRPERSON WOODS: You may be heard, sir.

7 MR. DAVIS: Let me start off by saying, I'd like to
8 let people know that the Detroit Retiree Task Force is
9 meeting tomorrow from 11:00 AM to 12:30 PM or maybe a
10 little bit later. For those who do not know, the task
11 force, one of the things we are doing, we are looking at
12 a 13th check for the City of Detroit General Fund
13 retirees and Police and Fire retirees. And the 13th check
14 is going to be on the agenda and other things. So, if
15 anybody's interested as a city retiree, be it general
16 fund a police and fire, tune in as it will be on Zoom,
17 and also in person. Also, I would like to see more
18 emphasis on the Board of Police Commissioners, on helping
19 to recruit, especially recruit Detroit residents. I know
20 at the time that I was on the board, there were a couple
21 of commissioners who were actively involved in
22 recruiting.

23 I do not hear anything about recruiting in the City
24 of Detroit like I used to. Also, I would like to see the
25 Detroit Police Department take a more active role again

1 in the Michigan Roundtable, Metro Detroit ALPACA. Because
2 there were some officers who were joining. I know in the
3 past, even the chief used to join well, the current chief
4 used to join. But, you know, we'd like to see more people
5 because we want to make sure that the community and law
6 enforcement have a better working relationship, because
7 there's a cross section of people from various entities,
8 governmental entities be part of that ALPACA and
9 community leaders, community resources and community
10 People want to know what's going on and have a better
11 exchange with the law enforcement community. Thank you.

12 CHAIRPERSON WOODS: Thanks very kindly. Next speaker.
13 Next speaker.

14 MR. ROO: Pay close attention, Darryl Woods. Chief
15 Bettison, I would like to congratulate you and commend
16 you for the assistance you provided for Meme, not for me,
17 for Meme. It has been well received. And again, I'd like
18 to thank you. Commissioner, Cedric Banks. I would also
19 like to thank you. Now, Darryl Woods, they don't call me
20 Roo, Black Bag Ro, Motor City Roo, Mr. Roo, for nothing.
21 Pay close attention.

22 CHAIRPERSON WOODS: I hope you did not threaten me,
23 man. I hope not.

24 MR. ROO: Man, shut up. Willie Bell. The Detroit
25 tapes outline the whole circumstance of you, Lawrence

1 Akbar and Melanie White. That's a Detroit tape. That's
2 what I call a collection. I'm going to release the whole
3 collection. I have five copies spread throughout the
4 country of everything. So, if anything was to happen to
5 me, it is still coming out. Now, Tamera Liberty Smith and
6 Darryl Woods, Kaneisha Coleman didn't shoot herself. I
7 told you all that. Now, I'm going to demonstrate it to
8 everybody. Charmaine McLeod did it. And I got a 40-year
9 reputation of being a standup 100. I don't put stuff out
10 my mouth unless I can stand on it. And I told both of you
11 all that. Now, you all are getting ready to see what I'm
12 talking about. Willy Bell, it's about over for you.

13 CHAIRPERSON WOODS: Thank you very kindly. Next
14 speaker.

15 MS. UNDERWOOD: That is your last secret, Mr. Chair.

16 CHAIRPERSON WOODS: Praise of the Lord. I'm going to
17 shut up. Let's go to the presentation of the board
18 because we have some serious closed-door sessions that we
19 need to attend to ---

20 COMMISSIONER BURTON: Through the Chair.

21 CHAIRPERSON WOODS: Yes.

22 COMMISSIONER BURTON: Before we move into that. Can I
23 say a couple words really quickly?

24 CHAIRPERSON WOODS: Yes, sir.

25 COMMISSIONER BURTON: I just wanted to say that you

1 have a lot of commissioners on this board. I really want
2 to speak to the public right now. We have a lot of
3 commissioners on the board that do a lot of work, a lot
4 of hard work in their communities, including one of our
5 past chairs, Commissioner Willie Bell in District 4.
6 Commissioner Bell has attended pretty much every
7 graduation of the new officers that come on board with
8 this department. Just, you know, very knowledgeable about
9 the department, as this is where he retired from, but he
10 does a lot of good work in his District, in the
11 community. So, a lot of times you don't see what
12 commissioners are doing. They have their sleeves rolled
13 up, they are busy here in meetings, but also in their
14 communities.

15 Someone mentioned about police recruitment.
16 Commissioner Bell has always been pushing recruitment
17 along with Commissioner Carter. Once again, you don't
18 always see the work that commissioners do. But
19 commissioners are busy working in their Districts,
20 working in these meetings, preparing you know, before
21 these meetings occurred. And so, I just wanted to say,
22 you know commissioner Bell is a great commissioner, great
23 person, but the thing about it is he does a lot of work,
24 a lot of good work. And I think the community needs to
25 sit down with him, and talk with him. Learn about

1 history, learn about how we can make things better. This
2 is a great man right here, and I had an opportunity to
3 sit with him these past 12 years, and I have learned a
4 lot from Commissioner Bell as well. So, this is a good
5 man. I just want the community to know that. I vouch for
6 him, you know, for his leadership. And he's a good man.
7 He does a lot of good work in the community that he
8 actually runs circles around a lot of us. Trust me.

9 COMMISSIONER BANKS: Wonderful.

10 CHAIRPERSON WOODS: Okay. Thank you very kindly.
11 Let's go to the Technology Utilization and Efficacy Gun
12 Fire Detection report. We are on the roll today.

13 MR. LAMOREAUX: Good afternoon Chair, commissioners
14 of this honorable board. Good afternoon, chief.

15 CHAIRPERSON WOODS: You may be heard. You have two
16 and a half minutes.

17 MR. LAMOREAUX: We're just waiting for the slides to
18 come up.

19 CHAIRPERSON WOODS: Good guys too. Thank you for your
20 hospitality and for the very citizens of the City of
21 Detroit, who have come in to be able to see the Real Time
22 crime center. You have been a great, great sport in that
23 regard, and have been a phenomenon in that space.

24 MR. LAMOREAUX: Thank you Chair. We're always happy
25 to explain everything to members of the community who

1 come in.

2 CHAIRPERSON WOODS: And speak into the microphone for
3 Commissioner Bernard.

4 MR. LAMOREAUX: Yes, sir. Okay. So, I have to lean
5 down a little bit. Can we go to the next slide, please?
6 I'll go through this part a little quickly. ShotSpotter
7 has been around for a while. We've talked plenty about
8 it. But just to go back to the beginning, what is
9 ShotSpotter? ShotSpotter uses audio sensors to detect and
10 locate gunshots that are fired within the coverage area
11 that we've defined. They are then able to provide alerts
12 to the police department allowing us to more quickly
13 respond to aid victims, identify witnesses, collect
14 evidence and then potentially identify suspects and
15 prosecute them. Next slide, please. So, what does this
16 mean? How does this work? A basic overview. So,
17 ShotSpotter uses an array of acoustic sensors.

18 They're spread throughout the coverage area, with
19 the goal of being able to triangulate the location of
20 impulsive sounds, right? So, it can cut an impulsive
21 sound. Now, that can be a gunshot, that can be fireworks.
22 It can also be a car backfiring. Once that sound is
23 captured, the audio of that is analyzed by a machine
24 learning algorithm that ShotSpotter developed. And then
25 that classifies that sound into a variety of categories,

1 whether it was gunfire, whether it was a car backfiring,
2 whether it was a firework or some other sound. That
3 information is then reviewed by an analyst in one of our
4 incident review centers. They confirm what the algorithm
5 determines. They may add some additional information to
6 that, that they are able to determine from listening to
7 the audio. And they post that alert to the police
8 department usually within about 60 seconds.

9 Why is this important? National studies suggest that
10 less than 20% of shots fired, not shooting to people,
11 just generally speaking, gunshots are reported to 911.
12 It's important because firing a gun within the city
13 limits is a violation of the ordinance; firing a gun at
14 somebody is obviously a much more serious crime. And it's
15 important that DPD be able to respond quickly to all of
16 those incidents, whether they're reported by citizens or
17 not. There's a lot of reasons why citizens may choose not
18 to report them. I can think either they've just gotten
19 used to it, which is a horrible thought, but potentially
20 they don't want to get into a dispute with a neighbor who
21 has shown the proclivity to discharge a firearm. Next
22 slide, please. So, this is a map of where we have
23 coverage. The darker green portions here show the
24 original two coverage areas that we implemented in March
25 of 2021. The lighter green areas have been added in, so

1 the total coverage we have is approximately 39 square
2 miles across 9 of our 11 police precincts. And any of
3 those shaded areas represents the current coverage area.
4 Coverage areas were picked through a data-driven process
5 where we identified zones with higher-than-average
6 shooting victims, higher than average calls to 911
7 reporting shootings and higher than average calls
8 reported to 911 for shots fired. Next slide, please.

9 So, this is a look at weekly ShotSpotter alerts
10 since April 10th, 2023. And the reason we're starting the
11 slide on April 10th is this is approximately when the
12 expansion to 39 square miles was completed. And so, all
13 of these weekly counts are being collected from the same
14 square miles. If we went back further, we'd see lower
15 counts simply because we had less coverage area. So,
16 we're looking at 2023, we saw an average of about 350
17 alerts for shots fired each week. And in 2024, we saw
18 that come down substantially to about 240 alerts for
19 shots fired. Now, you notice the gap there in the middle.
20 We have excluded the two weeks surrounding New Year's Eve
21 and New Year's Day from this graph. There were such a
22 staggering number of shots fired, alerts caught during
23 that time that it would throw off this entire graph, and
24 we wouldn't really be able to see any patterns of the
25 scale.

1 The week of New Year's Eve, approximately 2000
2 alerts in that week. Most of them are coming from, you
3 know, those two days. So, we have seen right behavior
4 changing within the area. We're seeing less people going
5 out and firing shots. And why is this important? One, you
6 know, we hope for an overall effect as part of our
7 layered technology approach to reducing overall crime
8 throughout the city. And I think we have seen that year
9 after year now as we have worked to increase our
10 leveraging of these technologies, we've seen these
11 declines. But also, from, you know, a public health
12 standpoint, a public safety standpoint. The impact on
13 children growing up with constant gunfire. We can reduce
14 that. We can make a difference in early childhood
15 development as well.

16 Next slide please. So, looking at some overall
17 metrics for 2024 compared to 2023. In 2024 the total
18 published alerts were 14,695, and in 2023, the total was
19 18,065. So, we are seeing a decline in detected gunfire
20 within the city. Now, I think it's also important to
21 remember that in 2023, between January 1st and April
22 10th, we didn't have that full coverage area. So, we only
23 had a partial area throughout that. And so even with
24 that, right, where we had a shorter gear, shorter amount
25 of time in 2023 with that full coverage area, we're still

1 seeing a substantial decrease. The total number of rounds
2 fired that were detected in those right, were over 63,000
3 in 2023, and we're down to 54,000 in 2024. So, we're
4 seeing a decrease, you know, substantial decrease in the
5 number of shots actually fired.

6 And now when it comes to enforcement stats, right?
7 So, for arrests that are connected to these ShotSpotter
8 alerts, in 2023, there were 401, in 2024, there were 373.
9 And for firearms recovered that were connected to
10 ShotSpotter alerts; in 2023, there were 708 in 2024, 596,
11 right? We're seeing a decline partially at least driven
12 by the decline in those alerts. I also think it's
13 important, you know, if you look at these numbers, right,
14 we're in completely different magnitudes. We're in the
15 tens of thousands for those first two rows, and we're in
16 hundreds for the second two rows. Firing a gun is not an
17 arrestable offense, right? It's a violation of the
18 ordinance, which is dealt with by a ticket. So, those
19 arrests are for much more serious crimes that are
20 connected to these alerts.

21 And then the next slide, please. So, why is this?
22 Another reason this is important? Many of you may be
23 familiar with NIA and the National Integrated Ballistics
24 Information Network. It's an exceptional program here,
25 DPD from the ATF. All of our bullet casings that we

1 collect, either from the scene or from firearms that we
2 recover and then test fire, are loaded into that system.
3 3D modeled and those scans are compared, so we can link
4 crimes together. Again, this is just an example of how
5 one piece of technology supports another piece of
6 technology. In this case, very directly. We saw the
7 evidence; we collected the amount of bullet casings that
8 we collected substantially increased after we expanded
9 our ShotSpotter coverage. And so that just gives us
10 another investigative tool to link crimes together,
11 hopefully finding leads across multiple cases that can
12 help us solve them. Next slide, please. And that is the
13 end of our presentation are there questions.

14 CHAIRPERSON WOODS: Questions. Yes, sir.

15 COMMISSIONER PRESSLEY: Thank you. Through the Chair.
16 I have a question, and I hope I'm remembering this
17 correctly. I believe it was around this time of last
18 year, there were some reports that the company that we
19 contracted with for ShotSpotter had like a leak, and
20 there was some concern about whether or not there might
21 be retaliation on the devices as a result of people
22 knowing where they are. And so, I just wanted to see if
23 you could provide any update on whether or not there has
24 been any material challenge as a result of the leak that
25 occurred last year.

1 CHAIRPERSON WOODS: Great question.

2 MR. LAMOREAUX: Through the Chair. Very good
3 question. Yes. So, the circumstances around that, my
4 understanding is a former employee had saved a copy of a
5 map layer that had a snapshot of sensors across the whole
6 country, and I think in other parts of the world as well.
7 They released it at that time when it was already 6
8 months old. It was quite out of date. And so, sensors
9 had, in some cases, been moved. I took a look at the
10 website that posted it, and there was no public facing
11 version I could find that allowed you to zoom in beyond
12 the city level. So, you couldn't actually see the exact
13 locations. You could only really see the approximate
14 locations. So, we didn't see any direct retaliation or
15 action taken against sensors during that time.
16 Occasionally, a sensor will come down either because of a
17 car collision into the pole or other equipment; some kind
18 of collapse. I'm aware of maybe 3 sensors that have come
19 down the whole time. But through our, you know, contract
20 with ShotSpotter, right? There are processes in place to
21 collect them and have them reinstall.

22 CHAIRPERSON WOODS: Commissioner Dewaelsche, and then
23 Commissioner Bernard?

24 COMMISSIONER DEWAEELSCHÉ: Yes. Thank you, Mr. Chair.
25 Yes, I just noticed that on the ShotSpotter metrics, the

1 periods for 24 and 23 are not the same. For '23 is an 8-
2 month period and for '24-to-12-month period. Is that
3 correct?

4 MR. LAMOREAUX: So, on the weekly ShotSpotter alert,
5 I sorry. Through the Chair. On the weekly ShotSpotter
6 alert slide. Yes. so, what is the yellow graph on the
7 green background? That is correct. That is starting ---

8 COMMISSIONER DEWAELESCHE: No, I'm actually looking at
9 the, at the ---

10 MR. LAMOREAUX: At the slide after that, the
11 biometric slide?

12 COMMISSIONER DEWAELESCHE: Yes.

13 MR. LAMOREAUX: That is 12 months compared to 12
14 months; the full year compared to the full year. The only
15 caveat for that, as you know, I think you're seeing here
16 is that between January 1st and April 10th, we were in
17 the process of expanding still, and so we didn't have
18 that full 39 square miles during that time. So, we
19 started, you know, at the beginning, right? That's why we
20 didn't include it in the weekly comparison, because we
21 would have less collected during that. So, there is a
22 slight discrepancy in what we're comparing, but overall,
23 I think it shows programmatically what we got out of that
24 program, regardless of whether it was exactly consistent
25 year-to-year.

1 COMMISSIONER DEWAELSCHÉ: Okay. So, that, I'm sorry.
2 Through the Chair, that clarifies my question that I had
3 and I just want to highlight that the numbers are
4 significantly lower in '24 as compared to '23. And if it
5 were for an 8-month period, I was going to say it was
6 really lower. But would you attribute that to the
7 significant lower numbers? Is it because of ShotSpotter?

8 MR. LAMOREAUX: I think ShotSpotter plays a very
9 large role in that, right? I think it's important to
10 think about everything in the context of our overall
11 technology strategy. That includes license plate,
12 readers, project, green light everything is thought about
13 holistically so that we get the most out of it all. One
14 technology is valuable, two technologies working together
15 are more valuable. So, ShotSpotter is definitely playing
16 a role in that. And I think, you know, that's helping
17 drive changes in behavior. I think people in those
18 coverage areas are getting a sense that if they fire a
19 gun, the police will show up. And so, we would expect to
20 see; and I think that substantial decrease in alerts and
21 total rounds you know, leads us down that path of saying,
22 we are seeing a change in behavior. People are firing
23 guns less frequently in the city.

24 CHIEF BETTISON: Through the Chair. I just have to
25 add too, it is another aspect of ShotSpotter alerts,

1 where the next day we actually send out officers with the
2 little metal detector things and ACF as well to collect
3 the shell casings. And so that creates a spirit in the
4 neighborhood and individuals who fire shots or folks who
5 frequently fire shots in the neighborhood, see that
6 wraparound, and that has a tremendous deterrent effect as
7 well. So, you're seeing fewer alerts because it's
8 changing culture and behavior in the neighborhoods.

9 COMMISSIONER DEWAELESCHE: Thank you.

10 CHAIRPERSON WOODS: Commissioner Bernard, and then
11 Commissioner Banks.

12 COMMISSIONER BERNARD: Just quickly. If I recall, the
13 ShotSpotter contract was with the California company. I
14 don't recall if it was bid on. I don't think that it was.
15 I don't know what the term of that contract is, but we
16 would be interested in knowing that. It is about, as I
17 recall, 6 or \$7 million a year. So, if you can enlighten
18 us on all of those issues. But what I wanted to ask you
19 about is, as I recall when we started ShotSpotter, it was
20 for the 9th Precinct only. Now, it's spread and I'd like
21 to know what precincts it's in. That's number one, and is
22 your plan to make it citywide?

23 MR. LAMOREAUX: Through the Chair. I believe you're
24 right. The total contract amount was about \$7 million for
25 the expansion.

1 COMMISSIONER BERNARD: The 9th Precinct.

2 MR. LAMOREAUX: No, for the total expansion, the most
3 recent contract. I believe it's been some time and I
4 wasn't directly involved in the process and taking steps,
5 you know, for the kind of planning and determining where
6 the coverage area should be. I believe we bid it out both
7 for the 2021 8th and 9th Precincts and, you know, and
8 then also for the, we, we bid it out for the expansion as
9 well. You may also remember back in 2014, there was a one
10 square mile trial in the 9th Precinct alone. That lasted
11 about 18 months. No cost to the city. And then it went
12 away. There wasn't really an interest. I think since then
13 we saw a lot of other pieces in play for technology. DPD
14 implemented a new records management system, and a
15 dispatch system. We brought time and care here, and so we
16 established the Real Time Crime Center. There were a lot
17 of other systems in place to support it. And so, in 2021
18 when we brought it back we had, I believe two square
19 miles in the 8th Precinct in four and a half square miles
20 in the 9th Precinct. That's when we really started to see
21 a lot of success in terms of evidence collection. And
22 some of you may remember the news within 24-hours,
23 approximately, maybe 30 hours of launching it we had
24 identified a ghost gun manufacturing house in the 9th
25 Precinct successfully set up surveillance, gotten a

1 search warrant and recovered a whole bunch of assault
2 rifles, not their firearms.

3 COMMISSIONER BERNARD: Is it going citywide?

4 MR. LAMOREAUX: No.

5 CHAIRPERSON WOODS: Chief.

6 CHIEF BETTISON: At this point, at this point I
7 haven't had any conversations to indicate that it's going
8 citywide. So, we have to be very economically
9 responsible. And so, it's a pretty significant cost that
10 goes along with it. And so, we've identified the most,
11 based on data, the neighborhoods where we were seeing the
12 most homicides, non-fatal shootings and shots fired. And
13 that's why we chose the 39 square miles roughly that we
14 have. Of course, the City of Detroit is roughly 141
15 square miles. So, at this particular point in time, as of
16 right now, there's no conversation to go citywide.

17 CHAIRPERSON WOODS: Let the record reflect that
18 Commissioner Hernandez is present. Commissioner Banks,
19 and Dewaelsche.

20 COMMISSIONER BANKS: I'm all set. Thanks.

21 CHAIRPERSON WOODS: Okay.

22 COMMISSIONER DEWAEELSCHÉ: Thank you Mr. Chair. I just
23 wanted to clarify that we do have a report under tab six
24 and it is by precinct and the precinct for ShotSpotter.
25 And the precincts that are not, there are 1, 3 and 7. All

1 of the other precincts have a report. So, I assume those
2 are the three that we don't have in ShotSpotter.

3 CHAIRPERSON WOODS: Commissioner Bell.

4 COMMISSIONER BELL: Thank you.

5 CHAIRPERSON WOODS: Yes, sir.

6 COMMISSIONER DEWAELESCHE: Thank you.

7 COMMISSIONER BELL: When we look at New Year's Eve
8 and New Year's Day, especially New Year's Eve, we have a
9 tremendous volume of gunshots. I would hope that you
10 would [unclear] that, but 911 probably would receive that
11 type of information. Could you look in terms of that
12 concept? And also, we need to look at in terms of the
13 gunfire decreasing, but we know that this is a violent
14 society. Too many gun shootings. We've been very blessed
15 that we are going to have a shooting this weekend. A
16 fatal shooting is only the good Lord, put it in my mind,
17 people do not respond. What happened to ghost guns that
18 we've been dealing with? Is there any feedback on that?
19 And also, in reference to other devices targeted to
20 repeat technology processes in place. We need perhaps a
21 breakdown on the board in terms of the community concept
22 when you're talking about preaching in terms of they have
23 a serious, we need to identify that we need to be
24 informed. And also, if we work together in terms of the
25 New Year's Eve educational process. Maybe we need to

1 start a campaign in reference to dealing with New Year's
2 Eve, because it's just totally out of control. I know in
3 my neighborhood, I know in your neighborhood it is still
4 with us, and we are just very fortunate. What goes out,
5 don't come down and kill somebody. Thank you.

6 CHAIRPERSON WOODS: Thank you very kindly.

7 CHIEF BETTISON: Through the Chair. Commissioner
8 Bell, you're absolutely right. We still capture it. And
9 so, the only reason you don't see the ShotSpotter data
10 for New Year's Eve and New Year's Day on here, is they
11 would've completely skewed everything. But ShotSpotter is
12 still on. We just didn't choose to put it here so that
13 you could actually see the trend line, but we still
14 responded, and for every one of those shots fired, we
15 still had a wraparound and sent officers along with the
16 metal detectors to all of those locations. And on New
17 Year's Eve our officers were out there, they were
18 working, and as a result, you can even go back, we
19 offered one house over on the Eastside, on the porch they
20 were getting ready and prepared to shoot, and we had a
21 whole arsenal off their front porch; officers in the 9th
22 Precinct thinking.

23 So, I could provide that for the boys as well. But
24 they're out there, and they're working. And I do agree
25 with you starting earlier as to what we can do as far as

1 the educational campaign, letting individuals know that
2 through the board of police commissioners, our community
3 violence intervention, our interrupters still pushing the
4 narrative out that hey, what goes up does come down and
5 its consequences for firing a gun within the city limits.
6 And then also letting individuals know that, if you're
7 using a ghost gun or some other illegal firearm, or
8 whether it's your legal firearm and you are shooting,
9 expect the Detroit Police Department to come collect your
10 shell casings and we're going to put them in our system.
11 And many of those shell casings are actually linked to
12 other crimes. So, with the credit good stuff that they
13 leave behind for us to link to serious crimes.

14 CHAIRPERSON WOODS: Thank you so much Chief, and
15 great, great points. I will ask what were the arrests
16 for? Give us a breakdown for that, you know, in the
17 future. And also like if it was a homicide and or
18 whatever it was, and then how many lives were saved
19 during the ShotSpotter, them responded to ShotSpotter,
20 because I know of a couple occasions that you guys
21 reported to us that they came in, at the nick of time and
22 they saved the lives. So, if there were some lives saved,
23 I think that the community should hear about that as
24 well, because we are saving lives in this process. If we
25 save one life it's worth the money, you know? So, I think

1 that you should detail that in the report as well.

2 MR. LAMOREAUX: Yeah. Through the Chair. It is a very
3 good point. And we can work on a breakdown of what the
4 arrest was for. In terms of saving a life, I think it
5 gets a little more complicated in terms of, you know,
6 timing, right? Would that person have died if we had not
7 gotten there in time? Is it a little hard to, where you
8 draw the line? I do have a ---

9 CHAIRPERSON WOODS: If you have a victim that they
10 could be possibly bleeding out, you know, and I think
11 that's important. Commissioner Hernandez, then you finish
12 making your point.

13 COMMISSIONER HERNANDEZ: Thank you. Through the
14 Chair. I would just go off that same point, maybe there's
15 a preventative chapter that could include some criteria.
16 And I know the Chief just mentioned that, you know, there
17 was a moment where shots were about to be fired. Maybe
18 that's one of the criteria in terms of when the response
19 time occurs, how quickly it is and so forth. It would be
20 important to capture more of a preventative sense.

21 MR. LAMOREAUX: Yes. And through the Chair, just to
22 follow up. So, for example for shots fired alerts that
23 were connected to a kind of serious RMS report. So, in
24 2023, we had 149 RMS reports for either homicide,
25 aggravated assault, or a non-fatal shooting. So that

1 means shots were fired towards the person, whether they
2 took effect or not. About those 149 that I'm talking to
3 did not have corresponding 911 calls runs in our dispatch
4 system. It was about 30% of the reports. And the same, it
5 was about 30% in 2024. So, there are 30% of incidents
6 connected to ShotSpotter alerts in the last two years
7 where shots fired towards an individual were not also
8 reported to 911.

9 CHAIRPERSON WOODS: I think that's why it is
10 important, you know, those numbers because more than
11 likely some lives were stayed there. Yes, sir.

12 COMMISSIONER BURTON: Thank you. You know, I guess I
13 have a question for the gentleman at the podium; is that
14 we would like to know what's the return on investment of
15 the Detroit ShotSpotter program? We know that this is a
16 very pricey tool that the city is using; especially when
17 it comes to alerts, you know, gunfire, alerts how many
18 people are arrested? How many guns are confiscated. I
19 mean, we have to be able to measure this in some type of
20 way to see what type of investment the city's getting for
21 its dollars. I look at cities that pushed away from
22 ShotSpotter, which would be Chicago, February of 2024,
23 Falls Springs Massachusetts, Charleston, North Carolina,
24 Dayton, Ohio, which is 3 hours away from here. Durham,
25 North Carolina, San Antonio, Texas. And the list goes on.

1 But it'd be nice if we could see what the ROI is,
2 especially how much this price tag is costing us.

3 CHAIRPERSON WOODS: Let him respond.

4 CHIEF BETTISON: I don't want to definitely explain
5 this. Through the Chair, with the report, Reverend Blount
6 raised this, as well as wanting to know the number of
7 arrests that ShotSpotter was read to. And so, with this
8 report, it states that the arrest connected to
9 ShotSpotter for 2024, it was 373, and in 2023 it was a
10 100, I mean, it was 401. And so, that gives the number of
11 arrests and, you know, as we detail out our reports,
12 given more specific information, we can look for other
13 ways to articulate, and show return on investment, the
14 ROI. So, to your point, Commissioner Burton, you know,
15 thank you for that. And then looking based on the 911
16 calls where there are a lack of 911 calls in many cases,
17 but for ShotSpotter alert, the police are very timely in
18 finding a victim, you know, getting EMS there and getting
19 individuals to the hospital, and actually saving lives.
20 So, it has an effect where we are able to get there, save
21 lives, and also in many cases arrest perpetrators and
22 deal with the situation where citizens would not have
23 normally called 911.

24 CHAIRPERSON WOODS: Okay. All right. Thank you. Well,
25 Commissioner Smith had a question.

1 COMMISSIONER SMITH: Yes. Through the Chair. I was
2 just in response to my experience with ShotSpotter. So,
3 I'm a community engagement specialist with Cease Fire,
4 Detroit, which is in partnership with DPD. And back in
5 2022, I reported an incident that we responded to, and
6 that was with the department responding to the
7 ShotSpotter going off and finding a home that had been
8 shot up and a woman had been critically injured, who had
9 been shot twice in the head, and once in the abdomen.
10 Medics came and transported her to the hospital and her
11 life was saved because of ShotSpotter. Had the
12 ShotSpotter not gone off, they would not have even
13 responded to see that a woman was nearly fatally injured.
14 So, that is my evidence and my proof of just being a
15 first responder to that scene.

16 CHAIRPERSON WOODS: Okay, thank you.

17 COMMISSIONER BERNARD: Just one final note on that.
18 Mother Bernice, who's sitting right there, showed me her
19 car. What you said earlier is true, what goes up does
20 come down because there was a bullet hole in the hood of
21 her car that was from, you told me, I think it was New
22 Year's Eve or something; you came out and there was a
23 bullet hole in your car because the shot that went up,
24 came down. So, really, it penetrates steel as well.

25 CHAIRPERSON WOODS: Yep. Alright. Thank you very kindly.

1 All right, we are going to the budget presentation.

2 MR. NAZARKO: Good afternoon, Mr. Chair, honorable
3 board, Chief Bettison. The report that was submitted to
4 the board is part of the total presentation of the budget
5 versus actual from the Department of Finance, through the
6 chief's office. And the first slide. The next slide
7 please shows the reports that are submitted to the board
8 that are the budget versus actual for quarter two. For
9 all the funds, then the general fund, quarter two, budget
10 versus actuals revenues and expenditures, vehicle
11 purchase report, capital expenditure report. And then the
12 last one, grant activity report. Next slide, please. This
13 report shows the budget and the actual for the quarter of
14 all the funds. And as you know, the police budget
15 includes four major funds. There is the general fund, the
16 largest one, forfeiture fund, the grand revenue fund, and
17 then the special revenue fund that includes the tow fund
18 together with the 911 fund.

19 As you can see from the slide of the budget for the
20 general fund, for the second quarter, ending December
21 31st, 2024 was \$18.1 million and the actual was almost
22 \$118.01 million. There was only a small variant of minus
23 0.3%. Forfeiture fund again, was the budget was \$297,000
24 rounded up, and the actual was \$273,000. A little bit
25 below budget Grant revenue fund is the one that we missed

1 the actual compared to the budget and the explanation for
2 that from \$1.9 million, we brought in only \$26,000, is
3 the timing of the recording of the grant revenue for the
4 police department. A better special revenue fund, as I
5 indicated, is a tow fund, plus the E911 fund. We budgeted
6 2.3 million dollars and we brought in 2.8 million. \$8
7 million consisting mainly of the increased, a little bit
8 increase in full revenue. Then on the expenditure side,
9 the general fund was \$3.9 million, almost \$4 million
10 below budget. And again, we do expect at the end of the
11 year to finish the year within the budget, however, not
12 at the surplus that you see at the end of 6 months. And
13 for the board to get out to emphasize the fact that this
14 presentation of these numbers represents the half point
15 of the year. So, 6 months out of 12. Therefore, this is a
16 good indication where the police department stands budget
17 wise. The other funds, again, are not a concern of the
18 forfeiture fund, and grant fund and the total class 911
19 fund all of them doing or staying within the budget while
20 supporting the operations of the police department. Next
21 slide, please.

22 This slide shows the revenues that we are expected
23 to receive; just the general fund now. The general fund
24 comprises three major revenue sources, is the municipal
25 income tax, the utility user tax, and other revenue that

1 are the total revenue and the special events combined to
2 the secondary employment. We expected to receive or we
3 had budgeted. We received \$18 million for the three
4 months, and the whole year we expect to receive \$92
5 million. So, we actually received 12 to 20% of the
6 revenues during the quarter. The established wages in the
7 middle of the slide, we spent \$86.8 million on salaries,
8 wages and overtime, and for the whole year, we have
9 budgeted \$340 million in that regard. So, we are a little
10 bit over 2% over the budget amount for the quarter.

11 Then you can see down the line, employee benefits,
12 contractual services, operating supplies, operating
13 services, capital equipment, and other expenses. All of
14 them very much stay within the budget confinements. Next
15 slide, please. This is a detailed slide and for the
16 public, it is too small a print, but I just want to let
17 you know that this is a more detail of the previous
18 slides that shows details of what the municipal income
19 tax, utility user tax and charges for services, license,
20 permit, and inspection charges, fine, forfeitures and
21 penalties coupled with the revenues from use of the
22 assets. And again, those are a lot of details. The
23 information has been provided to the board, and I'll be
24 happy to answer any questions you may have in that
25 regard. Next slide, please. While the previous slide was

1 the revenues, this slide again, has the details of
2 expenditures and the expenditures are broken down by
3 service overtime for their non-uniform, police uniform,
4 employee benefits, and all the operation services for the
5 police department, from contractual services to medical
6 expenses and professional services, the way that they're
7 budgeted, and what the actual amount was. Next slide,
8 please.

9 This is a continuation of the previous slide. We
10 continue the other services such as operating supplies,
11 operating services, capital equipment, and other
12 expenses, including training. The next slide, please.

13 This slide shows the vehicle purchase report. The
14 total of vehicles that were purchased during the quarter
15 for the months of October, November, and December. There
16 were 37 vehicles, and the slide has them broken down by
17 the type of vehicle and the month that we purchased those
18 vehicles. Next slide, please. This slide shows the
19 improvements, capital improvements, and the repair
20 maintenance that we did during the months of October,
21 November, and December, and broken down by the location
22 and by the amount. The total amount for the quarter was
23 we spent \$316,000 among all the locations that DPD has
24 operations or operates in those buildings.

25 The next to last slide shows the grant activity

1 report. There were only two new grants that started
2 during the second quarter of fiscal year 2025, and the
3 one of them was overtime traffic and enforcement in the
4 amount of \$159,250. And the other one was MCOLES
5 community policing competitive rent in the amount of
6 \$326,295,000. The grants underneath that are the grants
7 that were utilized during the quarter, but they did not
8 initiate, they did not start doing that quarter rather
9 they are continuation of the previous quarters prior to
10 the second quarter 2025. And with that slide, honorable
11 Chair, I conclude my presentation, and I'll be happy to
12 answer any questions on behalf of DPD that you may have.

13 CHAIRPERSON WOODS: Does Commissioner Dewaelsche and
14 any other commissioner have any questions? Commissioner
15 Dewaelsche.

16 COMMISSIONER DEWAELSCHE: Oh, why don't they, I'll
17 ask mine last.

18 CHAIRPERSON WOODS: Okay.

19 COMMISSIONER DEWAELSCHE: Thank you. Through the
20 Chair. So, the question I have is you mentioned that
21 we're 50% six months into the year, the fiscal year and
22 I'm looking at, for instance, total revenues for the
23 second quarter, which is the municipal utility dollar
24 revenue, that page, and it's 18 million, 18.1 million,
25 and our annual budget is 92.8 million; and it only

1 represents 20%, even though we're at 50% of the year. So,
2 is that timing? Are we going to achieve, you know, a
3 hundred percent of our budget?

4 MR. NAZARKO: Through the Chair. That's a really good
5 question. And the revenues, although we stood at 20% for
6 the quarter, most of the revenues are time sensitive,
7 meaning that, for example income tax; the police
8 department gets a portion of the overall city's income
9 tax. Most of that comes in the months of March and April,
10 as you know, when we file income taxes. Therefore, not
11 much is happening in that regard during the months of
12 October and December. [Unclear] utility user tax. We
13 receive a portion of the utility expenditures in the City
14 of Detroit. But as you know, the heaviest months are
15 January, February, and March, which are the coldest, and
16 therefore, in short to answer your question, there is a
17 timing lag, but we fully expect to receive \$92 million as
18 we have budgeted for the fiscal year.

19 COMMISSIONER DEWAELSCHE: Thank you.

20 CHAIRPERSON WOODS: Okay. Commissioner Pressley, then
21 Commissioner Bernard.

22 COMMISSIONER PRESSLEY: Thank you. Through the Chair.
23 My question is, again, relative to the grant revenue you
24 said that the shortage is really a part of the timing,
25 and so I'm wondering whether or not we should have seen

1 that in the first quarter, or should we expect to see
2 that made up in the third quarter?

3 MR. NAZARKO: With the grants, and again, that's not
4 a good question. The way that County rules work is that
5 we do book them as they come in, and usually with the
6 grants we square up, we reconcile at the end of June,
7 truly. So, the report that I will give you at the end of
8 June, will be the more accurate report. However, as we
9 move up and down throughout the year, the grants, we book
10 them, the way they come, the way that we spend them.
11 Therefore, to be more succinct on that point, I found out
12 because it, you know, kind of drew my attention as well,
13 that we had made a journal entry to book some of the
14 expenditures in the previous year to make sure that we
15 fully utilize the grants. Therefore, that negative
16 expenditure that we took money out from the second
17 quarter and put that into the 2024 year took that amount
18 down. Therefore, in the next quarter, you expect me to
19 give you a fuller and better picture of the grant
20 revenues as you expect.

21 COMMISSIONER PRESSLEY: Okay. Thank you for that. And
22 a follow up to that and kind of understand these two
23 allocations, because again, the actual for the second
24 quarter in grants is \$26,000, but the new grant started
25 in the second quarter amounts to about \$600,000? So, is

1 that captured in a different area?

2 MR. NAZARKO: The new grants that are in the
3 provision I gave you indicate the amount that we were
4 authorized and we signed the contract to spend, doesn't
5 mean that we spent or started spending those. You know,
6 we are approved. You approve them, the chief approves
7 them, the City Council approves them. But it does not
8 indicate that the report I give you doesn't have the
9 actual expenditure.

10 COMMISSIONER PRESSLEY: Yeah, but I'm talking about
11 why it's not captured in the revenue.

12 MR. NAZARKO: Because we don't give money until we
13 start spending.

14 COMMISSIONER PRESSLEY: Okay. Thank you.

15 CHAIRPERSON WOODS: Commissioner Bernard.

16 COMMISSIONER BERNARD: Just quickly. Thank you for
17 your report. I'm sorry. Thank you for your report.
18 According to the general fund, about 62% of the revenue
19 for the department goes for personnel related costs.
20 That's higher than it used to be. And I'd just like to --
21 - I know we've done some hiring and so forth, but
22 obviously, personnel and benefits are the largest part of
23 generally any budget. But to go from like 50 something
24 percent to 50% to 62% is the leap. But my second question
25 is, and it is even more important than that one, and that

1 is, what percentage, in your opinion, of our budget is
2 federal grants? And as federal grants decrease probably
3 in the next year, how do you see us being able to pay all
4 of this money and, you know, absorb the expenses related
5 to this budget, considering the fact that there's no
6 major tax increase for Detroit residents being projected?

7 MR. NAZARKO: I'll start by answering the second
8 question first, if I may. Through the Chair. Luckily, or
9 fortunately, the Detroit Police Department's budget does
10 not depend heavily on the grants. And we know that lately
11 the situation with the grants been withheld from the
12 federal government coming down, whatnot. The Detroit
13 Police Department is built to operate without being much
14 dependent on the grants of the federal government, state
15 or otherwise. Therefore, as you know, the Detroit Police
16 Department is approximately \$450 million, and the grants
17 that we expect to receive in any given year is anywhere
18 from seven to \$8 million. So, that tells you that again,
19 we are not dependent. We appreciate and we make the best
20 use of them, but the Chief's business department does
21 not, again, depend on those. Chief?

22 CHIEF BETTISON: Through the Chair. One of the things
23 that we're doing also, commissioner, is with our Public
24 Safety Trust Fund. 4605. 4606.

25 CHAIRPERSON WOODS: Please say it one more time.

1 CHIEF BETTISON: 4605, 4606.

2 CHAIRPERSON WOODS: And one more time.

3 CHIEF BETTISON: 4605. 4606.

4 CHAIRPERSON WOODS: Okay.

5 CHIEF BETTISON: More than likely we're expecting it
6 to come out of the State House of Representatives this
7 week. That's what I've been told. And, you know, if that
8 happens, and when it passes the State Senate, that'll be
9 an additional \$18 million to the City of Detroit,
10 approximately for public safety, which will benefit this
11 department. And so, that comes from state revenue sales
12 tax, and it not only benefits the DPD, it's going to
13 benefit other departments across the State of Michigan as
14 well. Grand Rapids, roughly about 3 million, and Lansing
15 will get a share from Dearborn; so, I just wanted to
16 emphasize that it's good for public safety across the
17 State of Michigan, but Detroit gets the lion share.

18 COMMISSIONER BERNARD: Thank you.

19 CHAIRPERSON WOODS: Yeah.

20 MR. NAZARKO: Through the Chair, there was another
21 question. The percentage of total funds versus [unclear].
22 It is okay that the Police Department now is operating
23 almost in full capacity; and plus, the contracts that
24 were approved back in 2023. However, it is not that major
25 increase, you know, the police department has always

1 operated from 55. The personnel expenditures are anywhere
2 from 55 anywhere to 60 to 63% of total budget.

3 CHAIRPERSON WOODS: Okay. Commissioner Dewaelsche and
4 Commissioner Bell.

5 COMMISSIONER DEWAEELSCHÉ: Just thank you through the
6 Chair. Just a quick question with regard to the
7 appropriation that you talked about, Chief, that, I'm
8 sorry, through the Chair. Is that amount already
9 factored?

10 CHIEF BETTISON: No.

11 COMMISSIONER DEWAEELSCHÉ: Into this budget? That
12 would be an amended budget. It would be an additional?

13 CHIEF BETTISON: Yes, ma'am.

14 COMMISSIONER DEWAEELSCHÉ: Okay. And you said about 3
15 million?

16 CHIEF BETTISON: 18 million.

17 COMMISSIONER DEWAEELSCHÉ: Oh, 18 million. Okay. And
18 then my other question, just really quick, under other
19 revenue, what does that incorporate? What does that
20 include? Other revenue?

21 MR. NAZARKO: The other revenue consists of the
22 special events that the City of Detroit extends to
23 personnel, and we include money. The secondary employment
24 fees that we charge. The auction of the abandoned
25 vehicles is there. And the fees we receive. General fund

1 receives a portion of the towing fees from the towing
2 operation going into the general fund, approximately
3 \$900,000 to a million dollars a year.

4 COMMISSIONER DEWAELSCHÉ: Thank you, sir.

5 CHAIRPERSON WOODS: Commissioner Bell.

6 COMMISSIONER BELL: Thank Mr. Chairman.

7 CHAIRPERSON WOODS: Yes, sir.

8 COMMISSIONER BELL: We approved the budget, and from
9 there, the mayor approved the budget and gave the final
10 budget to the Council. They are the final authority.
11 Michael, can you come back, arrange for the secretary to
12 come back to this board to highlight areas that have an
13 impact in terms of what we submitted in changes that you
14 have? It might be significant, might be insignificant. I
15 don't know, but I think we should have that opportunity
16 to review that.

17 MR. NAZARKO: Through the Chair. And upon the desire
18 of Chief Bettison, when the City Council finally passes
19 the budget, we make sure that those numbers are passed
20 down to the board.

21 CHAIRPERSON WOODS: You said you could come back and
22 report.

23 CHIEF BETTISON: Yeah. Through the Chair. Yeah,
24 absolutely. You know certainly the pleasure of the board
25 as well, so, yeah.

1 CHAIRPERSON WOODS: Yeah. Thank you so, so much.

2 Chief and let me ask about the vehicles in the 2nd
3 Precinct. Are we focused now? We have a lot of citizens
4 calling in about that, and there have been some
5 complaints about that. Are we getting the vehicles there,
6 or are there; I don't know what the situation is. I am
7 not the police, but, you know.

8 CHIEF BETTISON: Yeah. Through this year, I haven't
9 heard that.

10 MR. NAZARKO: No. Chief, the numbers I present are
11 the numbers that we purchased in the second quarter. So
12 that's [Crosstalk].

13 CHAIRPERSON WOODS: [Crosstalk] in the second
14 quarter?

15 MR. NAZARKO: The vehicles that I showed on the
16 slides.

17 CHAIRPERSON WOODS: Okay. Alright. Thank you very
18 kindly. And as well as the 9th Precinct, right?

19 MR. NAZARKO: Correct.

20 CHAIRPERSON WOODS: All right. Thank you. That's the
21 only question I had. There's nothing further. Oh., yes,
22 sir.

23 COMMISSIONER HERNANDEZ: Thank you. Through the
24 Chair. I may tow a very fine line with what I'm going to
25 ask, but is there any work underway from a budget

1 perspective regarding any potential reductions in budget,
2 whether it be grants, revenue, otherwise, based on
3 lingering executive orders at the federal level for law
4 enforcement? I'm thinking of the ripple effect it could
5 potentially have, even on what I call points of access
6 for officers, partnerships like Cleary, partnerships like
7 Wayne State. Are we going to lose any kind of funding?
8 And, is there any kind of work to even interpret to
9 control that?

10 MR. NAZARKO: The answer is no.

11 CHIEF BETTISON: Through the Chair. We have no
12 indications at this point, but as soon as I become aware,
13 if I hear anything, I'll make this board aware.

14 CHAIRPERSON WOODS: So, as long as Detroiters are
15 taxes you have a budget?

16 CHIEF BETTISON: Yes, sir.

17 CHAIRPERSON WOODS: This is mostly taxpayer dollars.
18 And then this is the reason why we answer to the public,
19 you know, because this is their money. Mostly that \$450
20 million come from citizens of the City of Detroit. And we
21 appreciate our citizens contributing and making sure that
22 we have a police department. Commissioner Burton, and
23 then we'll move on because we have some Closed-Door
24 sessions that are vitally important.

25 COMMISSIONER BURTON: I have a couple of questions.

1 I'll be short and brief on this.

2 CHAIRPERSON WOODS: Yes, sir.

3 COMMISSIONER BURTON: I would love to see more
4 dollars put into helping find missing persons here in the
5 City of Detroit. I'd love to see more dollars added to
6 the traffic enforcement unit as well. And I don't know
7 where it would be coming from in this particular budget
8 or where I should look, but I'd also like to see dollars
9 and telephone crime reported. You know, just a few
10 dollars in those areas where we could beef up the missing
11 person unit and get more officers and civilians working
12 in that office, as well as traffic enforcement. I have
13 not heard any discussions about Harbormasters, about how
14 many dollars it probably was awarded over the years for
15 Harbormasters, but I don't know how they are looking at
16 funding. I think DTE probably helped fund the mounted
17 unit patrol. These are different divisions that I would
18 love to see additional dollars go to those departments as
19 well because of the hard work, those men and women in
20 those divisions, and what they bring to this department
21 and to the great City of Detroit.

22 CHAIRPERSON WOODS: Okay. All right. That is duly
23 noted, right, Chief?

24 CHIEF BETTISON: Through the Chair. Yes, sir. Thank
25 you, Commissioner Burton.

1 CHAIRPERSON WOODS: Yep. All right. What is the
2 pleasure of the board?

3 COMMISSIONER BANKS: Go to Closed Session.

4 CHAIRPERSON WOODS: Can you read it off for us?

5 COMMISSIONER BANKS: I move that we go into Closed
6 Session pursuant to section 8 (a) of the Open Meetings
7 Act.

8 CHAIRPERSON WOODS: 8(f).

9 COMMISSIONER BANKS: MCL15.268 8(f). The department
10 requests for the board to consider administration leave
11 without pay.

12 CHAIRPERSON WOODS: No, no, no, no, no.

13 COMMISSIONER BANKS: Without pay.

14 CHAIRPERSON WOODS: Someone takes that. He doesn't
15 have his glasses.

16 COMMISSIONER PRESSLEY: I think you should call for
17 unfinished business. Maybe that'll help.

18 CHAIRPERSON WOODS: Unfinished business. Okay.
19 Unfinished.

20 COMMISSIONER BANKS: Please ---

21 COMMISSIONER PRESSLEY: You were reading new
22 business. On unfinished business. Through the Chair.

23 CHAIRPERSON WOODS: Yes.

24 COMMISSIONER BANKS: Oh, okay.

25 COMMISSIONER PRESSLEY: I'm going to move to closed

1 section pursuant to Section 8(f) of the Open Meetings
2 Act, MCL 15.268 (f) Candidate Charles Bonner for the
3 board to consider disqualified applicant appeal for the
4 DPD hiring process.

5 COMMISSIONER HERNANDEZ: Second.

6 CHAIRPERSON WOODS: Motion made by Commissioner
7 Pressley, second by Commissioner Hernandez to go into
8 Closed Session to consider disqualified applicant appeal
9 from DPD hiring process. Any discussion? All in favor say
10 aye.

11 COMMISSIONERS: Aye.

12 CHAIRPERSON WOODS: Anyone opposed? The motions
13 carried. This is a 3½minute recess.

14 (Whereupon the Board Entered into Closed Session)

15 CHAIRPERSON WOODS: Today is March 6th 2025. It's
16 5:17. The Board of Police Commissioners is back in open
17 session. Please call the roll.

18 MS. GARNIER: Commissioner Woods - Present.

19 MS. GARNIER: Commissioner Smith - Present.

20 MS. GARNIER: Commissioner Bernard - Present.

21 MS. GARNIER: Commissioner Banks - Present.

22 MS. GARNIER: Commissioner Bell - Present.

23 MS. GARNIER: Commissioner Burton - Present.

24 MS. GARNIER: Commissioner Carter - Present.

25 MS. GARNIER: Commissioner Moore is excused.

1 MS. GARNIER: Commissioner Hernandez - Here.

2 MS. GARNIER: Commissioner Pressley - Here.

3 MS. GARNIER: Commissioner Dewaelsche - Here,

4 MS. GARNIER: 10 present, sir?

5 CHAIRPERSON WOODS: There is a quorum. What's the
6 pleasure of the board?

7 COMMISSIONER BANK: Go back to Closed Session.

8 CHAIRPERSON WOODS: We are in open session. Yes, sir.

9 COMMISSIONER PRESSLEY: Through the Chair, I move
10 that we grant the applicant appeal for candidate Charles
11 Bonner to move forward in the DPD hiring process.

12 COMMISSIONER BERNARD: Second.

13 CHAIRPERSON WOODS: Motion made by Commissioner
14 Pressley, and second by Commissioner Bernard to grant the
15 appeal.

16 DR. JACKSON: Are you ready for the question?

17 CHAIRPERSON WOODS: Are you ready for the question?
18 Any discussion?

19 COMMISSIONER BELL: Mr. Chairman.

20 CHAIRPERSON WOODS: Yes.

21 COMMISSIONER BELL: I would think we would need
22 clarification on the certification process.

23 CHAIRPERSON WOODS: I think we have to be careful
24 because it was a Closed-Door matter.

25 COMMISSIONER BELL: Then I think we need some

1 clarification on that issue.

2 CHAIRPERSON WOODS: Okay. Any further discussion?

3 COMMISSIONER PRESSLEY: Through the Chair?

4 CHAIRPERSON WOODS: Yes.

5 COMMISSIONER PRESSLEY: I want to be clear that
6 granting the opportunity to move forward in the hiring
7 process does not mean that the candidate will be hired.
8 Again, it just provides him the opportunity to move
9 forward in the process.

10 CHAIRPERSON WOODS: Yep. Alright. Any more
11 discussion? There is no further discussion? All in favor,
12 say aye.

13 COMMISSIONERS: Aye.

14 CHAIRPERSON WOODS: Anyone opposed? Voice it.

15 COMMISSIONER HERNANDEZ: I opposed.

16 DR. JACKSON: If you are going to opposed,
17 Commissioner, please say no.

18 COMMISSIONER HERNANDEZ: No.

19 DR. JACKSON: Thank you, sir.

20 COMMISSIONER BELL: No.

21 CHAIRPERSON WOODS: Okay. Alright. The ayes have it.
22 What's the pleasure of the board?

23 DR. JACKSON: Motion adopted, please.

24 CHAIRPERSON WOODS: Motion is adopted.

25 Congratulations young man. Have a blessed day. Yes.

1 COMMISSIONER PRESSLEY: I move that we enter into
2 Closed Session pursuant to Section 8(a) of the Open
3 Meetings Act. MCL 15.268 (a). The department's request
4 for the board to consider administrative leave without
5 pay, but with medical benefits of Police Officer Earl
6 Anderson, Badge 31, assigned to the 5th Precinct.

7 COMMISSIONER HERNANDEZ: Second.

8 CHAIRPERSON WOODS: Motion made by Commissioner
9 Pressley, and seconded by Commissioner Hernandez. Going
10 to a close session. Any discussion? All in favor say aye.

11 COMMISSIONERS: Aye.

12 CHAIRPERSON WOODS: Anyone opposed? The motion is
13 carried. This is a 2-minute recess.

14 (Whereupon the Board Entered into Closed Session)

15 CHAIRPERSON WOODS: Alright. It's March 6, 2025. It
16 is 5:28. We are back in open session. Please call the
17 roll.

18 MS. GARNIER: Commissioner Woods - Present.

19 MS. GARNIER: Commissioner Smith - Present.

20 MS. GARNIER: Commissioner Bernard - Present.

21 MS. GARNIER: Commissioner Banks - Present.

22 MS. GARNIER: Commissioner Bell - Present.

23 MS. GARNIER: Commissioner Burton - Present.

24 MS. GARNIER: Commissioner Carter - Here.

25 MS. GARNIER: Commissioner Moore is excused.

1 MS. GARNIER: Commissioner Hernandez - Present.

2 MS. GARNIER: Commissioner Pressley - Here.

3 MS. GARNIER: Commissioner Dewaelsche - Present.

4 MS. GARNIER: 10 present, sir?

5 CHAIRPERSON WOODS: We have a quorum. What is the
6 pleasure of the board. Yes, sir.

7 COMMISSIONER PRESSLEY: I move that we accepted the
8 department's recommendation to suspend Police Officer
9 Earl Anderson, Badge number 31 with administrative leave,
10 without pay, but with medical benefits.

11 COMMISSIONER HERNANDEZ: Second.

12 CHAIRPERSON WOODS: Motion made by Commissioner
13 Pressley to accept the DPD recommendation to suspend
14 Officer Earl Anderson without pay, but with medical
15 benefits. Second by Commissioner Hernandez. Are you ready
16 for the question? All in favor say aye.

17 COMMISSIONERS: Aye.

18 CHAIRPERSON WOODS: Anyone opposed? The motion is
19 carried. Alright. The next new business I have, I will
20 ask something very pressing. Commander Parish, if you
21 come to the podium very quickly to ask of us as it
22 relates to some special orders that's coming up
23 immediately to be addressed. Yes, sir.

24 CMDR. PARISH: Absolutely. As this board's aware, I'm
25 working with planning to update our policies as part of

1 our accreditation efforts; our efforts just to get all
2 special orders transformed into policies as soon as
3 possible. Planning has submitted over a dozen policies to
4 the board, within the last four to six weeks. We are
5 going to be sending a lot more. However, we have a number
6 of special orders that are coming up on expiration on
7 March the 25th, this year. We would like the board's
8 support in extending those special orders for a period of
9 60 days to give us time to complete the process of
10 transitioning them from special orders, which are
11 designed to be temporary in nature to directives. This
12 will give us time to do the research we need to submit a
13 good directive to the board. It'll also give the board
14 staff enough time that it needs to communicate with the
15 community and stakeholders to make sure that what we're
16 presenting fits within the community that we're serving.
17 So, we can ask that of the board for its support of that
18 endeavor, I would greatly appreciate it.

19 CHAIRPERSON WOODS: Yes. And I just say that
20 Commissioner Bernard and Commissioner Dewaelsche and the
21 Policy Committee and Policy Manager has been doing a
22 powerful job in updating these policies and it has been a
23 heavy lift because every policy of the Detroit Police
24 Department is being reviewed. We're sending them out to
25 the ACLU, excuse me, University of Michigan and a number

1 of places. Yes.

2 DR. JACKSON: My apologies for interrupting you. This
3 item is not on the agenda.

4 CHAIRPERSON WOODS: No, it is a new business though.

5 COMMISSIONER PRESSLEY: So, I also have a clarifying
6 question. So, is this different than the motion to adopt
7 the use of force policy directive?

8 CHAIRPERSON WOODS: It is different.

9 COMMISSIONER PRESSLEY: Okay.

10 CHAIRPERSON WOODS: Yep. This is different. This is
11 all new business, because ---

12 DR. JACKSON: If you would, Mr. Chairman, if you
13 would announce that under new business, we are adding the
14 request to extend special, we are adding the request ---

15 CHAIRPERSON WOODS: Under new business, we are adding
16 the request ---

17 DR. JACKSON: To extend ---

18 CHAIRPERSON WOODS: To extend special orders.

19 COMMISSIONER BERNARD: For 60 days.

20 CHAIRPERSON WOODS: For 60 days.

21 DR. JACKSON: Thank you, sir.

22 CHAIRPERSON WOODS: Thank you, ma'am.

23 CHIEF BETTISON: Commissioner.

24 CHAIRPERSON WOODS: Yes.

25 CHIEF BETTISON: [Unclear] special orders [unclear].

1 COMMISSIONER [Unclear]: He doesn't want to have the
2 special order.

3 CMDR. PARISH: Currently, all special orders are set
4 to expire March the 25th.

5 CHAIRPERSON WOODS: All special orders that are due
6 to expire on March 26th?

7 CMDR. PARISH: 25th.

8 CHAIRPERSON WOODS: 25th.

9 COMMISSIONER PRESSLEY: Through the Chair.

10 CHAIRPERSON WOODS: Yes.

11 COMMISSIONER PRESSLEY: Again, do we have a list of
12 what those are? I recognize that there probably are many,
13 but I think it's important to at least look at something.
14 So, nothing slips through our hands.

15 CMDR. PARISH: I can have somebody from planning
16 [unclear].

17 COMMISSIONER BERNARD: Well, then we'll have to deal
18 with it at the next meeting. And Mr. Chair, if I may.

19 CHAIRPERSON WOODS: Yes.

20 COMMISSIONER BERNARD: This did not come up in our
21 policy meeting Tuesday, right in this room. You didn't
22 ask the committee if in fact they would endorse the
23 extension. We only agreed on one policy for today's vote.
24 And that was the use of force. So clearly, you know,
25 we're blindsided by this right now, and we can certainly

1 address it at the next committee meeting.

2 CHAIRPERSON WOODS: Well, it didn't require immediate
3 action because if we don't, then they have the right to
4 special orders that will happen and they will last a
5 year. And so, then we will not have the ability to review
6 the policy. We don't want that to happen.

7 COMMISSIONER PRESSLEY: Point of clarification. Can
8 you say that again? If we don't approve them today, you
9 said, especially ---

10 CHAIRPERSON WOODS: Not today, but you know, I think
11 you have a grace period for at least another week. And
12 so, you can have that discussion with ---

13 COMMISSIONER BERNARD: If he wants a special Policy
14 Committee meeting. I can ask the members to see if we can
15 do that. But to bring it on us at this meeting ---

16 COMMISSIONER CARTER: Through the Chair.

17 CHAIRPERSON WOODS: Yes.

18 COMMISSIONER CARTER: Is the department asking just
19 to extend what we already have until ---

20 CHAIRPERSON WOODS: We are able to update the
21 policies.

22 COMMISSIONER CARTER: We are able to update the
23 policies? That's what they're asking?

24 CHAIRPERSON WOODS: Yes.

25 COMMISSIONER CARTER: Okay. Thank you.

1 CHAIRPERSON WOODS: It's a reasonable request, and
2 it's something that's needed very much. But I'm happy for
3 you guys to discuss it throughout the week and we can
4 extend this to next week.

5 COMMISSIONER BERNARD: And we can also be prepared to
6 respond to which special order.

7 CHAIRPERSON WOODS: We need this, anyway.

8 DR. JACKSON: Mr. Chairman.

9 CHAIRPERSON WOODS: Yes.

10 DR. JACKSON: It is the Parliamentarian's advice that
11 this matter be referred to the Policy Committee and that
12 they report back at next week's meeting.

13 CHAIRPERSON WOODS: Abracadabra. What is she saying?
14 Hold on, hold on.

15 COMMISSIONER PRESSLEY: Through the Chair. I need to
16 know what is the lasting date on the special orders?
17 What's the absolute deadline that we have to extend them?

18 CMDR. PARISH: The absolute deadline is March 25th.
19 The department could always issue new special orders.
20 However, as the Chairman indicated, what we want is
21 because we're working with the board so closely on
22 transitioning these special orders into directives, we
23 want the board's support. So, Commissioner Bernard, I'm
24 not trying to blindside the board. Just the opposite
25 here. Making the request out of a conservative

1 transparency. So, we're not doing something without the
2 board's support or knowledge. And I have absolutely no
3 issue coming back next week or coming to the Policy
4 Committee on Tuesday.

5 COMMISSIONER BERNARD: We'll meet Tuesday and that's
6 out of our schedule, but we can have a special meeting to
7 address it. And we can answer your question.

8 CHAIRPERSON WOODS: I'm not referring this to the
9 Policy Committee, but I'm happy for the Policy Committee,
10 if they can, to take it up. And if not this would be a
11 board action to be able to get this done. So, I don't
12 know what the schedule is in that regard.

13 COMMISSIONER BERNARD: It is you, me and Dewaelsche.

14 CMDR. PARISH: The next policy meeting is March 18th.

15 COMMISSIONER BERNARD: I'm sorry.

16 CMDR. PARISH: The next policy meeting is March 18th.

17 DR. JACKSON: I believe the Chair indicated that they
18 would have a special ---

19 COMMISSIONER BERNARD: Oh, every two weeks.

20 CHAIRPERSON WOODS: Yeah.

21 COMMISSIONER BERNARD: And we can have a special
22 meeting.

23 CHAIRPERSON WOODS: Hopefully we can, based upon
24 people's schedules, you know, so if we can get that done,
25 I'm happy to just get it addressed.

1 DR. JACKSON: Mr. Chairman?

2 CHAIRPERSON WOODS: Yes.

3 DR. JACKSON: The Parliamentary is concerned that
4 this not be left up in the air. Either it needs to be
5 referred to the Policy Committee with a date certain by
6 which they report back, or you need to postpone it to
7 next Thursday, and ask that additional information be
8 provided. But at this point, I'm not hearing a definitive
9 action plan

10 CHAIRPERSON WOODS: Well, a definitive action plan is
11 for him to give us a list. And then once we get the list,
12 we are going to vote on it.

13 COMMISSIONER BURTON: Through the Chair.

14 CHAIRPERSON WOODS: Yes.

15 DR. JACKSON: Leave the motion to postpone because
16 now, he can't just leave it either.

17 CHAIRPERSON WOODS: We're not.

18 DR. JACKSON: But it would be the motion to postpone
19 to next week ---

20 CHAIRPERSON WOODS: Because if he had the list right
21 now, we would be ready to move on it now.

22 COMMISSIONER BERNARD: No, because ---

23 CHAIRPERSON WOODS: Yes.

24 COMMISSIONER BURTON: Through the Chair. On behalf of
25 the Commissioner Bernard subcommittee, which is the

1 Policy Committee. I like to move with her permission of
2 course, so that we move this line item to an emergency
3 meeting on the 11th, which would be next week, Tuesday,
4 at the original time of 5 o'clock.

5 COMMISSIONER PRESSLEY: Point of order. There's
6 already a committee meeting, scheduled.

7 COMMISSIONER DEWAELESCHE: Budget Committee meeting.

8 CHAIRPERSON WOODS: Yes. Right. That's what I'm
9 saying. A). We postponed it. We postponed it. I make a
10 motion

11 COMMISSIONER PRESSLEY: Just point of clarity though.
12 That motion has been made. So, you said there was a ---

13 DR. JACKSON: [Multiple seapkers] seconded motion ---

14 COMMISSIONER PRESSLEY: That's what I'm confused
15 about whether or not we have to do anything. There was a
16 matter that was brought up in a new business where no
17 motion was made. I'm confused about why we have to act,
18 whether or not it can just be on the agenda next week,
19 and make a note of whatever information is taken care of
20 on our off time.

21 DR. JACKSON: You have a matter that has been brought
22 up and a request was made. What are you going to do with
23 that item? Now, you could just say we're not through
24 discussing it, and it can become unfinished business for
25 next week. That is the third option. Mr. Commissioner. It

1 would be cleaner if you just postpone it. And the reason
2 the Parliamentarian is saying that, is that one of the
3 reasons to postpone it is because you want additional
4 information. And that's a valid reason for postponing a
5 matter. However, there's more than one way to skin a cat
6 as your grandmother would say.

7 CHAIRPERSON WOODS: What the hell we get out of here,
8 you know?

9 DR. JACKSON: The fastest thing is to just move to
10 postpone to next week. The problem, and I know you want
11 to leave. The problem from a parliamentary point of view,
12 is that if we had bylaws that told us what was the role
13 of a Policy Committee, then it would be clear that if
14 this was something that came under their purview, then
15 you would have to refer it to them. But your bylaws don't
16 talk about what these committees do. So, that's why you
17 have so many options.

18 COMMISSIONER PRESSLEY: That's Chair, that's why I
19 wanted to avoid postponing or anything to provide the
20 staff and the Chair to be able to figure something out.

21 DR. JACKSON: It ends up being the same thing, Mr.
22 Commissioner, if you don't deal with it, then it goes on
23 next week's agenda as unfinished business.

24 COMMISSIONER PRESSLEY: Or he could schedule the
25 Policy Committee meeting and then we are made aware that

1 it's been referred to the Policy Committee.

2 DR. JACKSON: We need to do one or the other.

3 COMMISSIONER PRESSLEY: And I'm saying, I don't think
4 we have the information now to be able to make that
5 statement and lock us into what we have to do next week.
6 And so, I'm just saying if we move on nothing, just
7 because we just received information under new business
8 as a point of receiving information, it allows the Chair,
9 the secretary, and the committee chair to figure out
10 whatever --

11 DR. JACKSON: If you do nothing, it automatically
12 goes under unfinished business for next week.

13 CHAIRPERSON WOODS: Okay. we do nothing. Alright.
14 What's the pleasure of the board?

15 COMMISSIONER PRESSLEY: So, just for clarity. Does
16 that include this motion to adopt the use of force
17 directive, which apparently the Policy Committee was
18 aware of?

19 CHAIRPERSON WOODS: Yes ---

20 DR. JACKSON: If you do nothing, it also will go
21 under unfinished business.

22 CHAIRPERSON WOODS: So, the ---

23 COMMISSIONER PRESSLEY: I'm saying, at this point on
24 the agenda right now. So, I'm asking because a motion for
25 adjournment was getting ready to be called. And I'm

1 saying, are we going to handle this matter?

2 CHAIRPERSON WOODS: Yeah, we're going to handle that,
3 for sure. So, that goes to the policy chair to resolve
4 that.

5 COMMISSIONER BELL: Mr. Chairman, are we still on new
6 business?

7 CHAIRPERSON WOODS: I believe so, yes.

8 COMMISSIONER BELL: I'm circulating a memo concerning
9 the board secretary. There's a charter mandate and
10 there's a bylaw mandate, I think I would request in two
11 weeks from now to have a Closed Session in reference to
12 that particular item. I just want to hopefully give you
13 an opportunity to review the concerns of the charter and
14 the bylaw, in terms of; we hired a new secretary, as you
15 well know, and we change leadership every year, which is
16 unusual for leadership, but we change every year. So, I
17 think we need to be consistent in terms of the board's
18 secretary to understand her duly fully. So, we went from
19 a two-version staff to what, several folks now. So, it is
20 a whole concern about the duties and responsibility of
21 the board's secretary, being the chief administration
22 officer, for the day to day of this board. It is not the
23 leadership, it is the board secretary, and that spells it
24 out. So, I would bring forth a motion to have that Closed
25 Session in two weeks from now.

1 DR. JACKSON: Mr. Chairman, I would defer to the
2 attorney, but I believe the meetings act requires that if
3 a personnel matter is going to be discussed in Closed
4 Session, it has to be at the request of the employee.

5 COMMISSIONER WOODS: That is correct. Yes. And we'll
6 make that clear. And I don't know where this came from,
7 but you know, we've been doing great, you know but the
8 fact of the matter is that the secretary answers to this
9 board and she gets instructions from this board, but
10 that's a new issue.

11 COMMISSIONER HERNANDEZ: Through the Chair.

12 CHAIRPERSON WOODS: Yes.

13 COMMISSIONER HERNANDEZ: I think it would be
14 appropriate to send this seeing that we're all just
15 reading this for the first time and had no prior
16 knowledge of this. It seems appropriate that this would
17 be referred over to the Policy and Planning Committee.

18 CHAIRPERSON WOODS: Absolutely.

19 COMMISSIONER HERNANDEZ: For initial review and then

20 ---

21 CHAIRPERSON WOODS: Referred.

22 COMMISSIONER HERNANDEZ: Thank you.

23 CHAIRPERSON WOODS: Okay. Alright.

24 DR. JACKSON: The use of force policy.

25 CHAIRPERSON WOODS: Yes.

1 COMMISSIONER BERNARD: Oh, I'm sorry. On the
2 direction of the Policy Committee, I moved to adopt
3 section 304.2, use of force policy directive as
4 recommended by the Policy Committee on Tuesday, March
5 4th, 2025.

6 COMMISSIONER DEWAELESCHE: Support.

7 CHAIRPERSON WOODS: Motion made ---

8 DR. JACKSON: Required.

9 CHAIRPERSON WOODS: By the direction of the Policy
10 Committee. Amen. Where's my paperwork at?

11 DR. JACKSON: Are you ready for the question?

12 CHAIRPERSON WOODS: Are you ready for the question?
13 All the favors say, aye.

14 COMMISSIONERS: Aye.

15 CHAIRPERSON WOODS: Anyone opposed? The motion is
16 carried. What is the pleasure of this board?

17 CHAIRPERSON WOODS: Motion made by Commissioner Banks
18 to adjourn.

19 COMMISSIONER BURTON: But we still ---

20 CHAIRPERSON WOODS: Hold on.

21 COMMISSIONER BANKS: One second though.

22 CHAIRPERSON WOODS: And is supported by Lisa Carter.

23 COMMISSIONER BANKS: Oh. Oh, okay.

24 CHAIRPERSON WOODS: Any discussion?

25 DR. JACKSON: It is not a discussion, but you pause

1 in case there would be any one of six things that can be
2 done. Motion to adjourn has been made but not announced.
3 So, the question would be for Commissioner Burton. For
4 what reason does he seek recognition?

5 CHAIRPERSON WOODS: Yeah. For what reason you seek
6 recognition.

7 COMMISSIONER BURTON: I wanted to make a motion at
8 this time, Mr. Chair. Something I raised earlier during
9 today's meeting that I'd like to see some form of a
10 tribute given to the men and women that went out to
11 Southwest Detroit during the broken water main break.

12 DR. JACKSON: No, this is an item that can be brought
13 up when the motion to adjourn has been made, but not
14 pronounced. He needs to make a motion at this time.

15 COMMISSIONER BURTON: So, I'd like the move that the
16 board do a tribute to the SRT, Harbormaster 4th Precinct
17 for the work that they've been doing, services for the
18 City of Detroit help the families evacuate from their
19 homes into safety.

20 COMMISSIONER BANKS: Second.

21 CHAIRPERSON WOODS: Well, okay. Motion made.

22 COMMISSIONER BERNARD: Put the Fire Department as
23 well.

24 COMMISSIONER BURTON: And the Fire Department as
25 well.

1 COMMISSIONER BERNARD: Thank you.

2 CHAIRPERSON WOODS: Yeah. Motion made by Commissioner
3 Burton to give a tribute to the 4th Precinct and to
4 whoever he deemed fit.

5 COMMISSIONER BURTON: SRT.

6 CHAIRPERSON WOODS: SRT. Yep.

7 COMMISSIONER BURTON: Harbormaster, 4th Precinct.

8 CHAIRPERSON WOODS: AC, are you making a note of that

9 DR. JACKSON: The Fire Department.

10 COMMISSIONER BURTON: The Fire Department and also
11 the honorable Tyrone Carter, State Rep for Southwest
12 Detroit. He and his wife for the work that they're doing.

13 COMMISSIONER HERNANDEZ: That had nothing to do with
14 anything.

15 COMMISSIONER BURTON: That has a lot to do with it..

16 COMMISSIONER HERNANDEZ: I'll actually ask that we
17 amend the motion for a draft to be submitted for review,
18 because we're not going to blanket approve random
19 individuals being a part of this. I was boots on the
20 ground there, literally in my neighborhood. And if
21 anyone's going to speak to this, it's going to be me. So,
22 out of respect for that, I would suggest that we have a
23 draft, not anything else. This isn't for fun and games
24 and shows. We're not going to provide support to anyone,
25 any individual. It's for our community. And if we do it,

1 we have to do it the right way. If there's any opposition
2 to that, I can't help you.

3 COMMISSIONER BURTON: Through the Chair.

4 DR. JACKSON: Can we have a motion?

5 COMMISSIONER BURTON: My motion is, I want to
6 recognize the SRT, Harbormaster, 4th Precinct, the work
7 by the honorable Tyrone Carter, and his wife Lisa Carter,
8 who's a member of this board. SRT Harbormaster, 4th
9 Precinct. Those members from the department I mentioned
10 earlier today, I'd like to recognize the men, women in
11 blue that represent this department. So, the motion is to
12 recognize; you know what? I like to amend the motion. I
13 like to recognize the men and women in the blue of this
14 department. SRT, Harbormasters ---

15 CHAIRPERSON WOODS: Commissioner Burton, can you do
16 this for ---

17 COMMISSIONER BURTON: I just made an amendment.

18 CHAIRPERSON WOODS: You are doing good? I'm saying,
19 can you do this? Can you work with the secretary, and get
20 that drafted up, so it is going to have to get approved
21 by the board anyway. And I don't think you even need a
22 motion for this brother. If you could just get with the
23 secretary with whatever ---

24 COMMISSIONER BURTON: Sure. But I'd still like to put
25 this on record and I'd like this to be a motion.

1 CHAIRPERSON WOODS: If you just put it on the record
2 clearly, and we're saying if you give it to the
3 secretary, draw this thing up and you get it to us next
4 week. I'm sure that you have the votes to get it done.
5 That's an admirable thing that you're doing. And we
6 appreciate your efforts in this regard and your passion
7 in this, because absolutely, there is no doubt that
8 people did a lot of work, from the mayor on down; the
9 mayor of the City of Detroit, who sent tons of resources,
10 as well as the Chief of Police involved everybody. But if
11 that's what your pleasure is, can you work with us on
12 this? Alright. Thank you. So, can you withdraw the motion
13 and we guarantee we'll work with you ---

14 DR. JACKSON: The motion was withdrawn because it was
15 never stated by the Chair for it does not exist.

16 CHAIRPERSON WOODS: So, the motion to adjourn is
17 still on the floor though, right?

18 COMMISSIONER BANKS: Yes, sir.

19 CHAIRPERSON WOODS: And it was second. Any
20 discussion? We went to a discussion? All in favor, say,
21 aye.

22 COMMISSIONERS: Aye.

23 CHAIRPERSON WOODS: Anyone opposed? The motion is
24 carried.

I, Donald Handyside, Court Recorder, do hereby certify that on March 6, 2025 at 3:00 p.m., I did record the Detroit BOPC meeting, the same being later reduced to typewriting and that the foregoing is a true and accurate transcription of said electronic recording taken at such time and place.

I further certify that I am not related to
or employed by any party of this cause or their
respective counsel. *[Signature]*
