AGENDA

I. Opening

- A. Call to Order – 5:00 PM
- B. Roll Call
- C. Amendments to and approval of agenda

II. Meeting minutes

Meeting minutes of February 27, 2025.

III. Public Hearings, Discussions and Presentations

- A. **5:15 PM PUBLIC HEARING** – To consider the request of the Detroit Land Bank Authority in conjunction with the Detroit City Planning Commission to amend Article XVII, Section 50-17-6, District Map No. 5 of the 2019 Detroit City Code, Chapter 50, Zoning, to show an R5 (Medium Density Residential) zoning classification where a PD (Planned Development) zoning classification is shown at 4838 Trumbull, and to show an SD1 (Special Development District, Small-Scale, Mixed-Use) zoning classification where a PD (Planned Development) zoning classification is shown at 4830 Trumbull and 4827 Lincoln. The subject properties are generally bounded by an alley to the east, West Warren Street to the north, Trumbull Street to the west, and West Forest Avenue to the south. The proposed map amendment is being requested to allow the Detroit Land Bank Authority to pursue small-scale, pedestrian and transit-oriented mixed-use development that is compatible with the surrounding neighborhood. In addition, the amendment would permit Citadel of Faith to continue using their existing parking lot for parish-related parking. The current PD zoning classification does not support these types of uses within this district. (DP) **45 min**

B. 6:00 PM PUBLIC HEARING – To consider a text amendment that would amend Chapter 50 of the 2019 Detroit City Code, *Zoning*, with respect to Institutional Building Adaptive Reuse and Tactical Preservation:

- To define institutional adaptive building reuse and provide for the adaptive reuse and preservation of vacant or underutilized institutional buildings, such as libraries, fire and police stations, post offices, court houses, schools and educational institutions, religious institutions and religious residential, utility buildings, school buildings and other institutional buildings, in residential and zoning districts where such new uses would otherwise be prohibited.
- To allow approximately 50 permissible uses that provide day to day goods and services—including residential, civic, cultural, educational, retail, office, food service, and light industrial uses on a conditional basis, when they contribute positively to the surrounding community and limit adverse impacts.
- To prevent demolition of subject buildings by requiring that at a percentage of the building be retained in order to receive certain development standard reductions.
- To allow for tactical preservation practices that modify development standards and permit the partial and incremental reuse of existing buildings through the Buildings, Safety Engineering, and Environmental Department to encourage the preservation of buildings that are revitalized one space at a time. **(KJ)**
