4 BOARD OF POLICE COMMISSIONERS

5 MS. DEWAELSCHÉ: Good afternoon, everyone. Today
6 is April 2nd and this is our Detroit Police Commissioner's
7 full board meeting. I'd like to call the meeting to order
8 and we will start with the invocation by Commander
9 Chaplain Wilson on Zoom. Thank you.

10 COMMANDER CHAPLAIN WILSON: Okay. Are we ready?

11 MS. DEWAELSCHÉ: Yes.

12 COMMANDER CHAPLAIN WILSON: All right. Okay. Good
13 afternoon to the entire board. Thank you for your service.
14 Let's approach the throne. Father, first we want to say
15 thank you. We want to thank you for your love, your
16 kindness, your mercy, and your grace towards us. God, as
17 we gather today as the Board of Commissioners, we give
18 thanks for the guiding light of the history that we have
19 with him. As we celebrate Passover, which foreshadows the
20 sacrifice that Jesus Christ made for all mankind, we want
21 to say thank you. We want to remember the promise of
22 freedom and justice for all. Lord, inspire us to serve
23 with compassion, to pursue equity, and to ensure every
24 person in our community is treated with dignity and
25 fairness. Bless the homes and the families of everyone in

3 Commissioner Williams to please read the resolution.

4 MR. WILLIAMS: Detroit Board of Police
5 Commissioners resolution honoring retired Police Officer
6 Roger [sic] Stringfellow. Whereas Russell, excuse me.
7 Russell Stringfellow, not Roger. Russell Stringfellow
8 faithfully served the Detroit Police Department beginning
9 his career on January 3rd, 1972, following his graduation
10 from the Detroit Metropolitan Police Academy. And whereas
11 Officer Stringfellow was assigned to the Fifth Precinct,
12 later known as the Eastern District, where he served with
13 distinction for over three decades until September 1st.
14 And whereas throughout his 33 years of dedication, and
15 dedicated service, Officer Stringfellow exemplified
16 professionalism, integrity, and unwavering commitment to
17 duty. Earning numerous department awards, citations, and
18 ribbons in recognition to his exemplary performance. And,
19 whereas, Officer Stringfellow consistently demonstrated a
20 strong work ethic and deep dedication to public service,
21 making a lasting impact on both the department and the
22 citizens of Detroit. And whereas Officer Stringfellow
23 retired on October 20th, 2005, concluding a distinguished
24 career marked by honorable service and devotion to the
25 safety of well-being of the community. And whereas his

1 legacy in service, dedication, and commitment continues to
2 inspire members of the Detroit Police Department and the
3 community he faithfully served. Dare it be resolved, the
4 Board of Detroit Police Commissioners hereby honors and
5 recognizes retired Officer Russell Stringfellow for his 33
6 years of dedication and service. Be it further resolved
7 that this resolution be presented posthumously as an
8 expression of the Board's deepest gratitude and respect.
9 And that a copy be transmitted to his family as a symbol
10 of appreciation for his life in service. I move for
11 adoption of the resolution to be moved.

12 MS. DEWAEELSCHE: Thank you. Williams moved for
13 the adoption of the resolution. Is there a second?

14 MR. BOWMAN: Yes.

15 MS. DEWAEELSCHE: Commissioner Bowman seconded the
16 motion. Is there any discussion? All in favor indicate by
17 saying aye.

18 BOARD: Aye.

19 MS. DEWAEELSCHE: Opposed? The motion carries.
20 Thank you. Next, we have the Chief of Police Report.
21 Deputy Chief Stewart.

22 DEPUTY CHIEF STEWART: Good morning, everyone.
23 Sorry, good afternoon. I been very busy. I had my coffee
24 today, so I do not know what is going on. Chief of Police
25 Report for today. No critically injured department members

1 to report for the week of March 26th through April 1st. In
2 our crime stats, our total part one violent crime is at 0
3 percent. We're at negative 3 percent in homicides. That's
4 one down from this time last year. In nonfatal shootings,
5 we're at negative 8 percent. We have 66 in 2025 and 61 in
6 2026. In robberies, there's a 9 percent reduction. 200 in
7 2025 and 183 in 2026. In carjackings, in 2025 we had 19,
8 and in 2026 we had a negative 16 percent reduction. So our
9 total part one violent crime is at zero. Moving along to a
10 few high visibility cases that we want to talk about, some
11 of which are closed cases. But first, I want to make the
12 board aware of a DPD investigation and a social media
13 video that is out today, today on April 2nd.

14 MR. WILLIAMS: Excuse me, can you talk in to the
15 mic, the interpreter is trying to get you.

16 DEPUTY CHIEF STEWART: Tuesday, April 2nd, 2026,
17 the Detroit Police Department was made aware of a video
18 circulating social media showing officers entering a
19 residence in the 8th Precinct and using force. We are
20 conducting an internal investigation into the matter, but
21 also upon immediate review, we have moved one of the
22 officers to an administrative assignment while we conduct
23 our investigation. I don't know if you all have had an
24 opportunity to see the video. Secondary, moving into a
25 couple high-profile closed cases that we have charges on.

1 Charges in a triple homicide on Edsel Street on February
2 17th of this year in the 3100 block of Edsel Street in
3 Detroit. It is alleged that the defendant struck three
4 victims multiple times with a hammer and a knife, fatally
5 wounding them before fleeing the scene. Following an
6 investigation by the Detroit Police Department, the Wayne
7 County Prosecutor's Office has charged Lance Allen
8 Clowney, age 27, of Detroit in connection with the
9 homicides of a 65-year-old, a 66-year-old, both of
10 Detroit, and a 72-year-old of River Rouge. The defendant
11 has been charged with three counts of premeditated first-
12 degree murder. There's another double homicide that I want
13 to talk about charges issued that occurred in 2025. On
14 November 10th, 2025, Detroit police officers were
15 dispatched to the 2900 block of Puritan for a reported
16 shooting. Upon arrival, officers discovered two male
17 victims with multiple gunshot wounds inside of an illegal
18 dispensary. One victim was pronounced deceased at the
19 scene, while the others succumbed to his injuries at a
20 local hospital. It is alleged that three defendants
21 entered the dispensary while armed, shooting both victims
22 before taking multiple items from inside and fleeing the
23 scene. The defendants later fled the state and were taken
24 into custody from various locations. Thanks to the U.S.
25 Marshals Service for their assistance in this

1 investigation. Following an investigation by DPD, the
2 Wayne County Prosecutor's Office has charged Ronnie
3 Grable, III, Maurice Harris, and Jalen Able in connection
4 with the homicides with two counts of felony murder, two
5 counts of first-degree premeditated murder, and four
6 counts of a felony firearm. Homicide has been doing a
7 bunch of fantastic work, so we do want to give kudos to
8 providing closure to those families. The Realtime Crime
9 Center assists MSP with a fatal crash investigation. On
10 March 27th of this year at 2.30 a.m., the Detroit Regional
11 Communication Center received calls regarding a pedestrian
12 walking along the Lodge Freeway. Soon after, they were
13 notified that the pedestrian had been struck. Michigan
14 State Police arrived at the scene and observed a woman
15 that was severely injured. She was pronounced deceased.
16 The driver that struck her had left the scene of the
17 accident. MSP contacted our Realtime Crime Center, which
18 located video of the traffic crash. The license plate
19 readers identified the suspect's vehicle. A search warrant
20 was completed, and the driver and vehicle have been
21 located. MSP's investigation is continuing, and the
22 investigator's report will be submitted to the
23 prosecutor's office for review.

24 Traffic enforcement, we've gotten a lot of complaints
25 regarding speeding, just in general, from amongst the

1 community, so we've been really stepping up our traffic
2 enforcement. So from this March 22nd through 28th of this
3 year, the traffic enforcement unit conducted operations in
4 five precincts. The 2nd, the 6th, the 9th, the 11th, and
5 the 12th precincts. Officers made 549 traffic stops,
6 issued 1,246 tickets for moving violations, and 201
7 tickets for speeding. A few community updates we want to
8 talk about since this is Easter weekend. Community members
9 are invited to join our officers this weekend for Easter
10 egg hunts in the 10th, 11th, and 12th precincts on
11 Saturday, April 4th, 2026. More information is available
12 on our social media pages regarding those times and
13 locations. Hooping with Cops is currently registering boys
14 for the 2026 season. This is a free youth recreational
15 basketball league in partnership with the Detroit PAL and
16 Detroit Parks and Recreation. Parents can register
17 children by calling area code 313-833-1600. And also prom
18 dress pickup days. Prom dress pickup continues at the 9th
19 precinct from 12:00 p.m. to 3:00 p.m. on Saturday, April
20 4th, April 11th, April 18th, and April 25th. The Detroit
21 Police Department's 9th precinct is currently hosting prom
22 dress pickup days for high school girls in the community.
23 Girls can pick up any of our gently used prom dresses,
24 shoes, and accessories. Various sizes and styles are
25 available. On April 4th, 11th, 18th, and 25th of this

1 year, pickup will be available at the 9th precinct located
2 at 11187 Gratiot Avenue, from 12:00 p.m. until 3:00 p.m.

3 That concludes that report, but, I did want to make
4 another couple statements. One is related to the large
5 fight downtown with the juveniles last week. So on Monday,
6 March 30th, 2026, at around 6:00 p.m., officers from our
7 downtown services detail were on patrol around Campus
8 Martius while their officers witnessed a large group of
9 juveniles in the area. Our officers continued to monitor
10 the areas. The crowd grew from approximately 150 juveniles
11 to about 300 juveniles. During this time, cause of
12 disturbance from this area began coming into our dispatch.
13 DPD officers were strategically deployed into the areas
14 along Monroe Street, Cadillac Square, and both Woodward
15 and Michigan Avenue, to disperse the juveniles from the
16 Campus Martius area. The juveniles disobeyed officers'
17 commands to leave the area and repeatedly tried to return.
18 At approximately 11:00 p.m., numerous juveniles were
19 detained. Two of the juveniles were detained, engaged in
20 resisting arrest, and one of the juveniles pushed an
21 officer while being detained, resulting in three separate
22 use-of-force incidents, involving our officers. In total,
23 12 juveniles were detained, and citations were issued for
24 various incidents. Eight for curfew violation, four for
25 disorderly conduct, two for interfering, and one for

1 consuming marijuana. Additionally, 11 parental
2 responsibility tickets were issued as well. All the
3 juveniles detained were transported to 20 Atwater for
4 Processing. Downtown services continued to canvass the
5 area until all the juveniles left the area.

6 Certainly, hopefully, we won't have major problems
7 with juveniles. This summer, I've seen across the nation
8 there have been several juvenile gatherings where they've
9 been disrupting areas. So we're trying to stay on top of
10 it and enforce what we can so we can keep the community
11 safe. And one more situation that I am going to respond to
12 or answer; Commissioner Bowman had two questions that he
13 asked the chief last week. One was, how many violent
14 incidents were interrupted due to shot spotter with no
15 other cause made to 911? So with regard to that question,
16 at this time, no specific number of violent incidents that
17 were interrupted due to shot spotter with no other 911
18 calls can be provided. However, we have multiple
19 documented incidents where we have received a shot spotter
20 alert to a violent incident where no 911 cause was made,
21 as well as violent incidents where the shot spotter alert
22 came in several minutes before the 911 call, which allowed
23 for a quicker response to the scene.

24 The second question was, how many shot spotter
25 incidents were detected, and how many of those ended in

1 arrest or prosecution? So in 2025, 11,087 shot spotter
2 alerts assisted in investigations that resulted in 256
3 arrests and 511 recovered firearms. These outcomes reflect
4 the totality of the department's investigative process,
5 where the shot spotter technology is one of several tools
6 used to identify and solve gun-related crimes.

7 MR. BOMAN: I believe I had asked to have the -

8 MS. DEWAELSCHE: Just a minute, please.

9 DEPUTY CHIEF STEWART: And that is the conclusion
10 of my hefty report.

11 MS. DEWAELSCHE: Okay, thank you so much. Now,
12 are there any questions? I know Commissioner Watts, you
13 had a question, but since she spoke about the question
14 last week, can we have...

15 MS. WATTS: Sure, no problem.

16 MS. DEWAELSCHE: Can we have him?

17 MR. BOMAN: Yeah, I am so sorry.

18 MS. DEWAELSCHE: That is okay.

19 MR. BOMAN: That was out of order. Okay, to be
20 specific, that part of what I was asking for, first of
21 all, I wanted this during given time intervals, and so
22 basically, whether we want to do this over a monthly or a
23 three-month span, I kind of want to get a sense of
24 frequency. Second of all, about the number of shot spotter
25 calls resulting in arrest, I specifically said for violent

1 crimes, and so I didn't get those statistics.

2 DEPUTY CHIEF STEWART: We will go back over your
3 questions. I'm sure you all have those documented, and
4 we'll provide you an answer.

5 MR. BOMAN: Thank you very much.

6 MS. DEWAELSCHÉ: Thank you. Commissioner Watts?

7 MS. WATTS: Yes, thank you, and thank you for
8 your report. A couple questions here, going back to,
9 Because one of my questions was going to be about the
10 incident with the juveniles and the downtown services
11 experience, and you are correct. In Chicago, Hyde Park
12 specifically, they had, sort of, the same thing, and I
13 know that you said you guys are going to be doing.
14 Hopefully doing more, but my question is, since we just
15 started in the spring and summer's not here, this incident
16 occurred. I haven't seen that in a while here. Things have
17 been going well the last past summers as far as gatherings
18 like that, but it seems to be a trend across the country
19 early. So what is the plan for DPD? I would hope that you
20 would engage more of the community, the stakeholders, the
21 leaders to get in front of this and have a plan in place,
22 just in case you have more gatherings in the downtown
23 areas more throughout.

24 As you know, Campus Martius is in downtown. We all
25 know it's thriving. A lot of communities are there. You're

1 going to have fireworks coming up and everything. So I
2 think that my advice would be, hopefully, that you would
3 have a plan of working with a lot of stakeholders,
4 especially our partners in our neighborhoods throughout,
5 just to get ahead of this in case this happens again and
6 have a plan.

7 DEPUTY CHIEF STEWART: Through the chair, I
8 absolutely agree, Commissioner Watts. We certainly can't
9 do this all without you all. We do do a lot of social
10 media monitoring to try and get ahead of it. So certainly
11 some of this stuff is last minute, if you will, and you
12 kind of got to jump on it when you do. But certainly
13 anything, especially in regards to some of the bigger
14 events that we're having, we definitely have to pull you
15 all in because we can't do it without you.

16 MS. WATTS: Yes, thank you. And not just us. I
17 mean, even throughout the community leaders.

18 DEPUTY CHIEF STEWART: That's what I'm referring
19 to. That's exactly who I'm referring to. Not necessarily
20 this board, but the various community stakeholders,
21 whether it's a community, whether it's CDI, just a number
22 of different people just joining in collaboration so we
23 can we can keep the community safe.

24 MS. WATTS: Absolutely. Thank you. And my next
25 point is related to the crime scene visit. A couple of our

1 commissioners did yesterday. Thank you for that. As you
2 are aware, in the public's aware, there's been some
3 concerns raised about that unit. So we did have an
4 opportunity to visit yesterday. Let me know when we will
5 receive another request. If any MIOSHA reports that's
6 emailed over to us, I know I requested that specifically
7 last week, within the last five years. So if we can get
8 that information, that would be great.

9 DEPUTY CHIEF STEWART: We'll definitely. We've
10 already pulled the information. We've had one MIOSHA
11 report for that location within the last five years. We
12 completed it, pulled it, and we're sending it up to the
13 chief and you'll receive that report.

14 MS. WATTS: Great. And my final comment on the
15 chair is everyone knows it's opening day tomorrow. And of
16 course, we hope there's going to be a win. We know there's
17 going to be a lot of resources in the downtown area
18 because of the crowds. But I know, and hope, you have a
19 plan to make sure that our neighborhoods throughout city
20 Detroit also still have the resources in case you're not
21 visiting again. Thank you.

22 DEPUTY CHIEF STEWART: Yes, we will.

23 MS. DEWAELSCHÉ: Thank you, Commissioner.
24 Commissioner Woods.

25 MR. WOODS: How you doing?

1 DEPUTY CHIEF STEWART: Good, and you?.

2 MR. WOODS: Great. I saw something very
3 disturbing on TV yesterday on Channel 7 where a car was
4 apparently stolen in Ferndale. And apparently it was
5 recovered here in the city of Detroit. And it was at the
6 Detroit police towing yard. But as reported, first of all,
7 I want to want to verify if that's true or not. And if it
8 is true, what system is in place to make sure that that
9 never happened again? To hold on to someone car for, for
10 months and causing the insurance company have this person
11 out, and this lady don't have a car anymore. You know,
12 that was very disturbing to see. Please update us on that.

13 DEPUTY CHIEF STEWART: So, yes, Commissioner was
14 that actually, is true. There was obviously a process
15 failure. We're going to have an investigation completed
16 with regard to that. We did have our captain of toll reach
17 out to her to speak with her and actually to the insurance
18 company as well. And we can see how we can get that that
19 situation fixed. Anytime that there is a failure in our
20 part, we try to mitigate that. We try to recover and fix
21 that, and reach out to those people who were impacted by
22 that. So I do want you to know that is true. I was highly
23 disturbed about that as well. And we will fix that.

24 MR. WOODS: Please update us on what was in place
25 and keep us updated on the investigation. Again, that's

1 very disturbing. I would like to see an audit of the
2 process, making sure that no one else car is being held up
3 like that.

4 DEPUTY CHIEF STEWART: Will do.

5 MS. DEWAELSCHÉ: Thank you. Any other questions?
6 Yes, Commissioner Camille.

7 MS. CAMILLE: Thank you, Madam Chair. Thank you
8 for your report, Chief. And thank you, Commissioner Woods,
9 for raising the concern. I'm interested in seeing the
10 results of that investigation and audit on that as well in
11 regards to the vehicle. A couple questions for you, Chief.
12 So if an officer is passing by a car accident and gets
13 flagged down by one of the individuals in the accident, if
14 they're not on an active run, are they required to provide
15 assistance even if the accident happens outside of their
16 assigned district? Or are they supposed to move on?

17 DEPUTY CHIEF STEWART: Through the chair; of
18 course.

19 MS. CAMILLE: Okay. All right. I just want to be
20 sure of that. And then I'm looking at the response time
21 report, and they're broken down by priority one and
22 priority two. Where would a car accident fall? Would it
23 fall in priority one or two, or does it depend on the
24 nature of the accident?

25 DEPUTY CHIEF STEWART: So just, through the

1 chair, a vehicle accident is not a priority one or
2 priority two. Priority one deals with violent crimes.
3 Priority two deals with property crimes. Accidents are not
4 classified as either.

5 MS. CAMILLE: Okay. Thank you. Is it possible to
6 get a report showing average response times for vehicle
7 accidents?

8 DEPUTY CHIEF STEWART: For vehicle accidents,
9 we'll have to look into that. I'm sure we could provide
10 some information to you regarding that.

11 MS. CAMILLE: Okay. Thank you.

12 DEPUTY CHIEF STEWART: It would fall into, quite
13 frankly, accidents would fall into total response time. So
14 you're looking at response times for priority one and
15 priority two, but obviously they're still dispatched to
16 accidents. So we'll get you that information. I want to
17 make sure I got you the right information.

18 MS. CAMILLE: Thank you so much. Appreciate that.
19 The next question I have is around the 911 call center.
20 And I wanted to know if the call center representatives
21 are given any type of soft skills training in addition to
22 their technical and procedural training?

23 DEPUTY CHIEF STEWART: So through the chair, I
24 would assume they are. Unfortunately, I'm not aware, but
25 we'll find you that information out. I would imagine that

1 they are provided the tools on how to respond to the
2 numerous traumatic calls that are coming in. Oh, sorry I
3 did not know you were in here.

4 COMMANDER RUSSELL: Through the chair, Commander
5 Russell, I'm over now on the Crime Intelligence Unit. They
6 are provided soft skill training as it relates to customer
7 service training, call takers and dispatchers. So for a
8 call taker, it's supposed to be 16 to 18 weeks of
9 training. That includes mental health training. That
10 includes legal training. And, of course, different things
11 that we need as far as the phone and different ways of
12 taking a call that's on the floor. As far as dispatch
13 training, there's a 19 to 20-week curriculum as well.

14 DEPUTY CHIEF STEWART: Commander Russell, while
15 you're up here, can you answer a call with regards to
16 dispatching to accident scene?

17 COMMANDER RUSSELL: So it depends. It depends if
18 it's an accident with injuries. So an accident, which
19 could be a critical accident, which could be a priority
20 two, if somebody was actually injured or we think that's
21 somebody's fatality, obviously that would be a priority
22 one. A regular accident, though, could be a priority
23 three. It just depends on how it's called in. And then, of
24 course, those are accidents that's out there where a
25 citizen's already left the scene and potentially went to a

1 precinct. So that means they're not in immediate danger,
2 which will require a one or two response. So that would
3 not meet that element.

4 MS. CAMILLE: Okay, thank you. That's very
5 helpful. So to your answer regarding 911 center, is it
6 possible for the board to see a copy of the curriculum,
7 the soft skills portion of the curriculum?

8 COMMANDER RUSSELL: Yep. I have a whole training
9 directed at the scene.

10 MS. CAMILLE: Awesome. Thank you so much for
11 that. So if someone does have a car accident and no one's
12 injured, would they get resolution more quickly by just
13 going to the precinct to report it, or should they really
14 wait there for an officer to arrive?

15 COMMANDER RUSSELL: I mean, both locations are
16 available to you. So it's really up to the citizen. But
17 both locations are available to you.

18 DEPUTY CHIEF STEWART: It probably, Commissioner,
19 would depend on whether or not their vehicle is drivable.

20 MS. CAMIELLE: Thank you so much for that. The
21 last thing, and I'm glad that Commissioner Watts brought
22 up the crime scene services visit. I do have a couple more
23 questions and concerns in that space. I mentioned during
24 the visit that the office where the techs have their
25 computers and they're making their reports. I would like

1 to see a deep cleaning in that space. I know it's a garage
2 and what's part of a garage if there's a door closing it
3 often. There's dust coming in at a higher-than-normal
4 level for an office, certainly not expecting for it to be
5 pristine. But between the techs and the cleaning crew, it
6 would be good at this point to get a really good cleaning
7 in there. There's quite a bit of dust in the workspaces
8 and the kitchen area as well. It was just not acceptable
9 in my opinion.

10 I am glad, though, to see that some of the pictures
11 that we saw, like where the biohazard bags were on the
12 floor, there's a biohazard container there now to collect
13 the gloves and other contaminated materials that are not
14 being held for evidence, so I was glad to see that. And
15 that also, I think one of the pictures we saw actually was
16 a storage room where the techs are actually doing work in
17 there. They're collecting items to go out and do work
18 elsewhere, so I was glad to see that as well. Lastly, in
19 regards to the visit, I certainly appreciate the chief
20 sending so much top brass to meet us at the facility. I,
21 personally, just am not interested really in seeing
22 productions when we're coming to see a facility. Although,
23 we appreciate you all taking the time. As oversight, it's
24 important that we see what's happening in real life. And
25 so going forward, I'm requesting that commissioners

1 actually be able to see DPD facilities without advance
2 notice so that we can see what's happening in real time
3 rather than having to wait two weeks.

4 DEPUTY CHIEF STEWART: Well certainly,
5 Commissioner, you all are welcome to go to your numerous
6 precincts. Some of these facilities, these bureaus, may
7 have seizures issues, so you probably still would need to
8 coordinate with our office regarding some of these
9 facilities. They're just not open facilities.

10 MS. IVEY: Through the chair.

11 MS. DEWAEELSCHÉ: Yes.

12 MS. IVEY: Also in regards to that.

13 MS. DEWAEELSCHÉ: Were you done, Commissioner,
14 Camille?

15 MS. CAMILLE: I did have two more in regards to
16 CSS, if you don't mind, Commissioner.

17 MS. IVEY: Yes, yeah.

18 MS. DEWAEELSCHÉ: Okay.

19 MS. CAMILLE: Thank you. So is it possible for us
20 to get a list of the locations, all the locations where
21 evidence is stored and processed? Because one of the other
22 clarifications that we got is that at that location,
23 except for the vehicles that are being held there,
24 whatever evidence is within those vehicles, no other
25 evidence is actually being stored there. Which is good

1 because the facility is not suited for that. But it would
2 be good to know all the other locations where DPD is
3 storing evidence and where it's being processed. And then
4 also, there were concerns raised in regards to the
5 curriculum or the training that the CSS staff is getting.
6 So is it possible for us to get a copy of their curriculum
7 as well?

8 DEPUTY CHIEF STEWART: Yes, it is possible for
9 you to get a copy of the curriculum. And as far as, what
10 was your first question?

11 MS. CAMILLE: In regards to the list of
12 locations. Where evidence is stored and processed.

13 DEPUTY CHIEF STEWART: Yes. Yes. So when crimes
14 occur, evidence techs take the initial evidence for
15 processing to the precincts. And then once it's entered
16 into the system and whatnot there, they bring it actually
17 here. Evidence is stored here in headquarters.

18 MS. CAMILLE: Thank you.

19 DEPUTY CHIEF STEWART: You're welcome.

20 MS. DEWAELSCHÉ: Any other questions? Okay, thank
21 you. Commissioner Ivey.

22 MS. IVEY: Oh, Commissioner Camille already
23 tapped on this. So thank you for that, Commissioner
24 Camille. I just wanted to assure the public that those
25 evidence are not stored in those garages like they were

1 led to believe that they are handled very efficiently,
2 very cautiously. And so anyone who's might be thinking
3 that their loved one evidence or evidence is just speared
4 around, it's not. So I just want to say thank you for
5 that, for the tour.

6 DEPUTY CHIEF STEWART: No, thank you all for
7 coming. A lot of you all showed up and you were able to
8 see the process, to see the location, to see how this
9 occurs and gain an understanding so that certainly, you
10 know, as commissioners you can allow your districts to
11 know that, you know, this is not a failure of a whole
12 process around here.

13 MS. IVEY: Thank you.

14 MS. DEWAELSCHÉ: Thank you. Commissioner Watts
15 and then Commissioner Woods.

16 MS. WATTS: Yeah, so on that point real quick,
17 and I just remembered this yesterday while we were there
18 for the visit. I don't know if you recall if I asked a
19 question with wearing that the bio room when you're
20 actually putting it into the dryer as we called it
21 yesterday. And then I know gloves are being worn, but I
22 asked was there like the jumpsuit, you know, the plastic
23 rubber jumpsuit that's also being worn to really ensure
24 that nothing is being contaminated. And your staff, he
25 responded, he said it's optional. I think that should be

1 mandatory, you know. I wish you guys could look at that
2 because gloves are one thing, but if you're handling some
3 kind of, where you're looking at the evidence and you're
4 putting it in there, you could get cross-contamination
5 from their clothes. So I think it would be great just to
6 have that, especially if you have it on hand in your
7 supplies, just to make it mandatory, just like it's
8 mandatory to wear the gloves while you're handling any
9 materials.

10 DEPUTY CHIEF STEWART: Thank you for that noted,
11 Commissioner.

12 MS. DEWAELSCHÉ: Thank you, Commissioner Woods.

13 MR. WOODS: Yes, as it relates to the third
14 precinct, the locker room for the officers in terms of the
15 flooding in that locker room, what steps has been done to
16 correct that and to ensure that this flooding stop over
17 there?

18 DEPUTY CHIEF STEWART: So thank you for that,
19 Commissioner. There has been a number of complaints with
20 regard to the flooding in the third precinct. There's an
21 issue with the piping over there and there's also a lot of
22 man-made issues with regard to the third precinct.
23 Certainly, when we're notified, we send GSD out there. We
24 put any issues with the cardiograph, we need to clean. We
25 definitely go out over there and we deep clean the

1 facility. Any fixes that we can do, we definitely do that.
2 We certainly do that in collaboration with GSD and we keep
3 an accurate listing of all of the issues that we've had.
4 That is a long-standing historic issue over there and that
5 precinct was something that we monitor and we have to stay
6 over. We mitigated that in a number of ways, putting hand
7 dryers in there. We certainly are in the process of
8 putting signs, please don't flush certain things. Just a
9 number of different avenues we use to address that. So
10 unfortunately, until they are moved in to another
11 building, it is just an issue that we will continue to
12 mitigate.

13 MR. WOODS: So it's a piping issue and then it's
14 a man-made issue. Is the man-made issue, is that
15 malicious?

16 DEPUTY CHIEF STEWART: I would not say it's
17 malicious. That's a very strong word, but, I would say
18 that the offices probably could do a little better
19 sometimes with some of the things that they're disposing
20 of. They're disposing of when you're flushing items into
21 the system, is the best way I'll put it. Certain things
22 should not be flushed and it causes a backup in the piping
23 in the system so then you have to snake it and, if I'm not
24 mistaking that area is also like a city of Detroit pipe a
25 little further out that gets caught. They've looked into

1 that extensively over there in that issue but part of it
2 when I say man-made is not flushing certain things.

3 MR. WOODS: Now let me ask you this, is there an
4 alternative space for to be able to have for their locker
5 room? Because if it's something that is happening too
6 much, is there an alternative space for them?

7 DEPUTY CHIEF STEWART: So there is not an
8 alternative space for them, that is the bathroom. That's
9 not their locker room, that is the bathroom that that's
10 occurring in.

11 MR. WOODS: Okay. All right.

12 MS. DEWAELSCHÉ: Any other questions for
13 Commissioner Boman?

14 MR. BOMAN: Yeah. Two different topics, so I
15 don't know if I need to rotate around on the second one or
16 if I could just do them back to back. The first one
17 regards your response to Commissioner Camille's question
18 regarding impromptu visits and CJIS compliance and looking
19 up CJIS and reading about it I see that it's a federal set
20 of guidelines followed by federal agencies. Now it may be
21 best practices for us to follow many of those policies but
22 maybe some of them don't mesh with the Detroit Charter as
23 far as civilian oversight goes and it doesn't look like
24 it's anything that's obligatory for us.

25 DEPUTY CHIEF STEWART: Yeah, so again certainly

1 it would just depend on the facility, the type of work
2 that they're doing in that location. CJIS clearance is
3 CJIS clearance, it is the federal standard by which all
4 law enforcement agencies, whether it's local or it's
5 federal are abided by. We would certainly not want to lose
6 our licensing as a law enforcement agency behind such
7 matters, but, with that regard being again, I hate that it
8 was determined that we put on a show for you all.
9 Certainly we knew that the board was coming out and there
10 had been a number of complaints made within this meeting
11 if you will, so surely we wanted to be there to meet you
12 and understand and make sure you understand what was going
13 on, answer any questions that you may have so certainly
14 that's why members of our executive staff was there.
15 Everyone else there is actually works in the building.

16 MR. BOMAN: Can I follow up on this because this
17 is still the first topic, but, thank you. The federal, you
18 said it applies to all law enforcement agencies in
19 licensing so local law enforcement must be licensed by the
20 federal government?

21 DEPUTY CHIEF STEWART: What I'm saying is CJIS
22 stands for criminal justice information systems which is
23 why I stated it depends on the building that you're going
24 into. CJIS information, we all have to take tests with
25 regard to CJIS information that's with regard to personal

1 identifying information that can't be left out. Criminal
2 histories or case files on investigative matters can't be
3 left out for the public to see. So that's CJIS. There are
4 CJIS requirements that all law enforcement officers or
5 agencies there's a standard that we're here to is that
6 we're held to so that's just CJIS. So I don't know if this
7 is probably the forum to know she asked for what buildings
8 or where they can go unannounced. Surely as an agency you
9 are concomitant to our locations because you are a board
10 of police commissioners. It's just an understanding and
11 ensuring that in this building that's going to be open
12 that we're just not popping up and be that someone is
13 aware that you all are coming because some of the
14 facilities are not open just for a number of reasons.

15 MR. BOMAN: I guess I'm interested in the
16 constitutional basis or it just seems like there's a
17 matter of the 10th amendment limitations on federal reach
18 and it just doesn't seem like that meshes with what I'm
19 hearing. The other question that, the other matter I just
20 want to have is well I was impressed that a lot of the
21 things we were worried about being exposed to the
22 conditions that we had seen in some of those pictures were
23 not necessary for us to worry about because items weren't
24 being stored there, for one thing, and that there was a
25 transition process and even then things were pretty well

1 closed up between, for instance, being brought in and
2 putting the dryer. What remains, and, I brought this up
3 when I was present as well is it is very dusty and a lot
4 of things are visibly dirty whether or not that has any
5 contact with evidence it definitely gives the appearance
6 of possible dirtiness and I guess there is a problem with
7 the people in charge of the cleaning and I don't want to
8 make our crime scene technicians have to do the cleaning
9 but seems like maybe they need to expand the cleaning
10 services and because I heard one reason given like well
11 it's a garage, but, I like a friend of mine used to own
12 the auto dealership and I used to you know get my car work
13 done at the dealership and actually you can now when I go
14 to a different one and they have a garage and it looks a
15 lot cleaner. So you know just bringing this up.

16 DEPUTY CHIEF STEWART: Well, thank you for that
17 part of the plan is to try and move those over to another
18 facility we are in the process of working those details
19 out so thank you for that surely we'll definitely have
20 further conversations with our cleaning vendors to see if
21 they can do a little bit better job over there.

22 MR. BOMAN: Thank you.

23 MS. DEWAELSCHÉ: Thank you. Commissioner Woods?

24 MR. WOODS: No, I'm good.

25 MS. DEWAELSCHÉ: Okay any other questions?

1 MR. WILLIAMS: I just want to thank the officers
2 that did come out and let us view what we viewed at the
3 crime scene location it definitely was not the same as
4 what was introduced to the public so I appreciate that.

5 DEPUTY CHIEF STEWART: Thank you Commissioner.

6 MS. DEWAEELSCHÉ: Thank you any other questions or
7 comments? All right, carrying on, thank you, chief, for
8 that report. We appreciate it and for answering all of our
9 questions. Our next item on the agenda is oral
10 communications and public comment just a reminder that
11 comments are limited to two minutes, inappropriate
12 language and comments will not be tolerated and may delay
13 TV broadcasts and video posts. Could we have our first
14 speaker please?

15 MS. UNDERWOOD: Our first speaker will be Dr.
16 Dudley followed by Ms. Bernice Smith, and Minister Eric
17 Blount.

18 DR. DUDLEY: Thank you so much commissioners it's
19 good afternoon. My name is Dr. Renee Dudley and I am the
20 president and CEO of a non-profit on the east side of
21 Detroit called the Youth Connection and I chair the Love
22 Detroit Prevention Coalition. One of the things that we do
23 quite a bit of is to look at substance use prevention
24 among our youth. In about 2017 we were approached by the
25 DEA to help them with facilitating the DEA take back in

1 the city of Detroit. We have a strong partnership with the
2 Detroit Police Department and twice a year in April and
3 October coming up on April 25th is the DEA take back. The
4 reason why this is so important is, one, to get unwanted
5 unused and expired medication out of your cabinets and
6 into safe disposal. Environmental safety, don't flush them
7 down the toilet don't throw them in the trash. And so two
8 things happened in September of 2025 we were able to get
9 permanent take back boxes in every Detroit police
10 precinct. Which means that citizens can go 24 hours a day
11 seven days a week to their precinct to get rid of any
12 unwanted pills and on the 25th they are going to be
13 disposed of by the DEA.

14 Now the issue is that we need every citizen in the
15 city of Detroit to clean out their medicine cabinets to
16 get these pills out of their homes. And so we have worked
17 with our police precincts we have a competition between
18 the precincts and since 2018 we have taken back over six
19 million pills. The idea however, is to continue to do so
20 to get unwanted pills out protect for diversion all that
21 good stuff. The competition is to win the golden throne,
22 which is the toilet that's spray-painted gold but the guys
23 compete for it all right and so the 11th precinct is the
24 reigning champions so commissioner, it's in your area that
25 they are winning and they're saying they're going to hold

1 on to it. So we want to challenge all of the districts to
2 get their citizens to bring unwanted, unused medication to
3 the precincts on the 25th from 10 o'clock a.m. to 2
4 o'clock p.m. We have flyers with a code on it they'll say
5 where they can take it even if they're not in the city and
6 they got relatives they can do it. The other big thing is
7 that we have to take out Ohio. The DEA said that Michigan
8 is in the top five but Ohio is number one and we can't
9 have that.

10 MS. DEWAELSCHÉ: One second please. Commissioner
11 Woods has a question.

12 MR. WOODS: Yeah, I just want to uplift Dr.
13 Dudley for the great work that she's doing not only in
14 Detroit but throughout the state and the country. I had
15 the pleasure to be with her in Washington D.C. about a
16 month or two ago, Chief Bettison so happy to come down
17 here as well as Scott Benson, city council member and the
18 presentation that they did was very, very stellar. And I'm
19 asking that we make sure that it's on our website or on
20 our Facebook page as relates to the flyers, and, if you
21 have any physical flyers or some flyers for us to be able
22 to take into our districts, I think it's vitally important
23 that we protect our environment from these toxic pills but
24 thank you Dr. Dudley for the great work and it'd probably
25 be good for her to come and do a presentation for the

1 community on some of the stuff that she's doing as relates
2 to drugs in our community especially among young people so
3 thank you very kindly for what you're doing.

4 MS. DUDLEY: Thank you. We do have flyers for
5 every district and also, we're going to email you a flyer
6 so if you want to print them out or send them out. The
7 scan code is for anywhere in the United States but just
8 know that it is for in Detroit, they can go to any Detroit
9 police precinct so currently those are the ones that are
10 going to be open on the 25th.

11 MS. DEWAELESCHE: Thank you. One more.

12 MS. IVEY: Yes, just thank you just a real quick
13 comment first of all I want to thank you for your effort
14 this is great especially for our environment our community
15 and you definitely if you have flyers here today if you
16 can make sure our board secretary have it. I would love to
17 take some today.

18 MS. DEWAELESCHE: Thank you. Any other comments?
19 All right our next speaker please.

20 MS. SMITH: Good afternoon to my commissioners
21 and my baby over here that I don't see very often with the
22 chief. Good seeing you baby. I love her. Love her dearly.
23 I'm not going to tell you why but I'm going to you just
24 take my word for it I love her dearly. Yes, you know what
25 I didn't hear the news on the I usually watch it on 11

1 o'clock but I did not hear the news saying all of this was
2 going on downtown. Oh my God, and I'm not too far from
3 downtown, but, the fact is it started before the summer
4 has started. What is going to happen? Do they think
5 they're going to get away with it? My suggestion, and I
6 want you to start early give out them tickets and have
7 enough police down there to control those kids, because
8 you know what they can do if they can get away with
9 whatever that they have on their mind to do. So please I
10 beg you, have enough police down there and do your duty
11 because I know you're going to do a good job whatever it
12 is, but the fact is we can't let them get started and it's
13 not even summertime yet. May is April just coming in and
14 they can start it already doing all this. I didn't hear it
15 over the news, but the fact is please don't let these
16 youngsters get away with it.

17 My suggestion get to their parents bring them in and
18 don't release them until their parents come and get them.
19 Then when the parents come, you put a fine on them at
20 least a hundred dollars to two hundred dollars. All right?
21 I'm suggesting this to you because if you hit them in the
22 pocketbook then they'll take more advantage of knowing
23 what their children are doing. I raised five and I knew
24 where every one of mine was, and what they were doing. So
25 it's not I'm not too old to realize that it is controlled

1 can be done with these kids and please do that for me. It
2 wasn't even on the news I didn't see it on the news but. I
3 want you to do your job as police and I know you're going
4 to do a darn good job because I love you, and I want you
5 to be safe out here. I tell you that all the time whenever
6 I see you but don't let them get away with it. This is
7 just the beginning of the summer, and I got time up I see
8 but do what I asked you to do. Give them parents hell and
9 bring them down to court. When you arrest them bring the
10 parents down there also and I bet you'll get some results.
11 If you don't see me about it I'll talk to them.

12 MS. DEWAELSCHÉ: Thank you. Next speaker.

13 MR. BLOUNT: Good afternoon board I'm minister
14 Eric Blunt from Sacred Heart Catholic Church right here in
15 Detroit. I had a Lenten pledge not to cuss so there's a
16 few more days left. I have a rule not to cuss in front of
17 children so you're really safe today yeah, I'll get you
18 tomorrow. But I haven't been here in a while going through
19 some issues with a family member, but it's still it's the
20 same thing. And Commissioner Williams, I don't mean to
21 pick on you but that it's just so obvious when you give
22 awards to employees that are not yours, what does that
23 tell about how your relationship is? And I'll always use
24 the Michigan Public Service Commission because the
25 utilities are a monopoly. They are the oversight for the

1 utilities. You'll never see anybody at a Michigan Public
2 Service Commission meeting taking time to give out an
3 award for DTE or consumers or any other utility. It just
4 reeks of the relationship that is wrong between this board
5 and the police department. So nothing against you I've
6 said it before for years, I've said it to each and every
7 one of you. The people's body-worn camera ordinance that
8 we're trying to get adopted by city council is for exactly
9 what happened in downtown in the downtown services and
10 their use of force against the youth gathering. We'd like
11 that type of footage to be available within days, no
12 longer than a week. We deserve to know what actually
13 happened and yes I follow Christ and he says I am the
14 truth.

15 We don't care what side of the aisle truth falls on
16 all we want to know is the truth. But when DPD is at fault
17 there's so much foot dragging that you just know something
18 else is going on. There's some manipulation of the data
19 for the budget presentation today. The budget should be
20 functional, by precinct major groups and surveillance
21 systems so if you decide to go against facial recognition
22 technology you know how much you're saving, just in
23 dollars not in the lives destroyed. Thank you.

24 MS. DEWAELSCHÉ: Thank you. Our next speaker will
25 be Ms. Williams and then we'll go into Zoom.

1 MS. WILLIAMS: Hello people okay. Last week I
2 live in 628 Delaware and I was speaking about ex-offenders
3 on the Detroit Police Department in my life being in
4 danger for quite some time but because I've been
5 complaining about ex-offenders on the Detroit Police
6 Department and non-American citizens voting in this
7 election process. But somebody came into my apartment last
8 week, illegally. LaShonda Houston is on the Detroit Police
9 Department. It's said Cheryl Hall who was at 3426 Mack
10 Avenue. LaShonda Houston is the ex-offender that works at
11 the third precinct but she lives underneath me. She got a
12 crazy daughter that continues to break inside of my
13 apartment. It's not acceptable and I'm tired of it.
14 Sharnice Kimball she works for property management. Deshon
15 Clark come on now, Dewan Clark (phonetic). All these
16 people that I'm speaking about are ex-offenders on the
17 Detroit Police Department except for Cheryl Hall.

18 So this nut continues to break inside my apartment.
19 Cut my clothes up, dresses, mess with my wigs. I'm tired
20 of it. And then when you come into my apartment and tamper
21 with my chopper and put oil in it and make it jam up. It's
22 not acceptable. So when I go to make these reports around
23 to the third and whoever's taking these reports if you do
24 not label them correctly, you will be held accountable,
25 because that's a criminal report not a general report and

1 you're going to be held accountable for not doing your job
2 correctly, when people continue to call their (inaudible).
3 I come to these meetings all the time for my cases. So you
4 can't say you are not aware what I've been talking about
5 for all these years. Not just to show up. I'm tired of
6 this. I seen Terrence Reynolds on the bus. The man that
7 raped me. He been transferred to how many different
8 precincts. He on a different shift. He going to get off
9 the bus and smile at me like he is okay. This is not
10 acceptable. You all better wake up. It's almost too late.

11 MS. UNDERWOOD: We're going to zoom. Our next
12 three speakers will be our first speaker is Michael's Mama
13 excuse me. Ms. Taura Brown and former commissioner William
14 Davis.

15 MICHAEL'S MOM: Can you guys hear me?

16 MS. DEWAELSCHÉ: Yes.

17 MICHAEL'S MOM: Okay great. So I'm Michael's mom.
18 First thing I'd like to say is I'd like to have a
19 department set or group set up specifically for finding
20 missing persons in Detroit. I'd also like to be directly
21 involved in said department or group. I would also like
22 for it to be in honor, or, in Michael's name. To the young
23 lady or I'm sorry the elder or my elder. You stated that
24 you hadn't seen the fiasco that happened downtown with the
25 kids. But it's really not just the kids. It's the system

1 as a whole. So if we give the kids something to do they
2 would do it. They have nothing to do. The system isn't
3 designed for productivity. It's not set up like that for
4 us. And so I would suggest that like the hooping for cops.
5 What are the precincts doing? First and foremost are every
6 precinct involved with that? If they are, how come the
7 community doesn't know that these things exist? I would
8 think that you guys should do due diligence and making
9 sure that each precinct that is involved in it go out to
10 the community and go ahead and recruit some of these kids.
11 I'd also like to say that there needs to be an order for
12 it to be the bridging of the gap. The community has to
13 take place. The community has a place that they need to
14 stand and take an oath to. But the cops do, too. And so
15 you guys have these different departments like the
16 neighborhood department have them. It should be weekly or
17 monthly events for the community for the youth. That way
18 it can be an under and under in a controlled environment
19 versus it just being these random block parties. These
20 random shootings. These random gatherings. You guys could
21 actually conduct these things and reach out to each
22 community and the city council district member.

23 MS. DEWAELSCHÉ: Next speaker.

24 MS. BROWN: Good afternoon commission this is
25 Taura Brown and I'm listening to this conversation about

1 the crime scene services and I'm really disappointed
2 because I've heard more conversation around body cam
3 videos and immigration than I heard about this crime scene
4 service garage. Evidence should not be being processed in
5 a garage and I don't know why that makes sense to anybody
6 there. Nobody should want a cleaning. They need to be
7 moved up out of here. They should be processing evidence
8 in the public safety headquarters where the state of
9 Michigan MSP is processing evidence and crime scene
10 materials. That location, you all asked for that visit to
11 the location two or three weeks ago. There's a reason you
12 didn't get it because they were cleaning it. I just got
13 calls and have been on the phone with people who work
14 there, and people who used to work there saying none of
15 what is being said is true. So that that's my first issue.
16 My second issue, my commissioner is asking for a MIOSHA
17 report that I sent to the entire board on March 30, 2026
18 at 4:00 p.m. Right now the only questions you all should
19 be asking is, were all the MIOSHA abatements completed and
20 when? And why hasn't there been an exposure control plan
21 since 2018? You should also be asking, was the \$10,000
22 fine paid or did they take advantage of the appeal and get
23 the things fixed that needed to be fixed?

24 Have prosecutors been notified about the findings of
25 MIOSHA? Has an assessment been conducted regarding the

1 potential impact on criminal cases of this crime scene
2 services office? They are doing everything those people
3 said that they are doing. They have no reason to come here
4 and lie to you and nobody staged those pictures. Those
5 were actual pictures before that crime scene service
6 office was clean. As a matter of fact, you should have
7 been asking what was the last time it was clean before
8 Vicki asked for a visit. You all look really gullible and
9 I'm thoroughly disappointed because I thought you'd be a
10 better commission than the last one we had, but I see you
11 all are going to be worse because you're going to believe
12 everything they tell y'all. Have a good day.

13 MS. DEWAEELSCHÉ: Next speaker?

14 MS. UNDERWOOD: Former Commissioner Davis, go
15 ahead and speak please.

16 MR. DAVIS: Good afternoon, can I be heard?

17 MS. DEWAEELSCHÉ: Yes, you may be.

18 MR. DAVIS: Okay, I have a few things I want to
19 raise. I wanted to, do commissioners get knowledge when
20 there's a dead body on the street? I mention this because
21 I drove past Rosa Parks and West Grand Boulevard back on
22 the 23rd, a little bit after 9:00 a.m. and there was a
23 body that was on the street for quite a while. In fact, I
24 got like three or four calls about that. Do people get
25 notification about that? Also, I think that we should be

1 finding stuff for our young people to do, like with
2 extended hours for rec centers, jobs for young people. I
3 know that helped keep me out of trouble because I could
4 have got into a whole lot of trouble when I was younger.
5 Things are worse now. Also, as I mentioned before, I think
6 y'all should be doing public service announcements because
7 I know there was some done in the past because you should
8 let people know that the stuff is available, like, gun
9 locks and places they can take their pills the unused and
10 used pills. And we need to make sure that the Board of
11 Police Commissioners looks in a better light and it
12 currently does.

13 But especially we need to make sure instead of
14 talking about giving a bunch of young people tickets and
15 things like that, we need to be finding things for them to
16 do. A lot of them need jobs, a lot of them need recreation
17 facilities. We need to do public service announcements
18 about the fact that school kids can now ride the bus for
19 free, seven days a week. There's a whole lot of stuff that
20 y'all should be informing the public about. And y'all
21 should occasionally, we quarterly do town halls on
22 different things. There's a whole lot of stuff y'all could
23 be doing and hopefully y'all will start doing more.
24 Because I know when I was a police commissioner, I had an
25 office at the Second Precinct, I used to let people meet

1 me up there. So y'all have a good day. Thank you.

2 MS. DEWAELSCHÉ: Thank you. Okay, we have some
3 comments. Go ahead, Mr. Morris.

4 MR. MORRIS: I'll just very quickly. It's easy
5 for somebody to come up here and say, well the board needs
6 to do more, the police need to do more. We have, the
7 Detroit Police Department have a program where they're
8 doing sports, the basketball teams for the precincts. You
9 know, they're getting prom dresses for the young ladies
10 for prom. They're collecting ties things of that nature.
11 The recreation hours have been extended. If you watch the
12 State of the City Address, they have been extended to
13 11:00 p.m. What has to happen is parents have to do their
14 part as well. Know where your kids is at. Raise your kids.
15 You know, be in your kids' lives. Get in their business.
16 Know what they're doing. So when you say the tickets, they
17 shouldn't be giving tickets. I understand that. But, what
18 you see out here in society oftentimes is a reflection of
19 what's happening behind closed doors. A lot of these kids,
20 they don't respect their parents. They don't respect
21 authority. And then they come out here in the community
22 and the police is left to deal with it. And you're in a
23 compromised situation, because, you do see a lot of times
24 the youth try to fight the police. People come. They're so
25 quick to jump in in the middle of an altercation, film it,

1 only release certain parts of it, make it go viral. And
2 now people come before us. What's the board going to do?
3 So, it starts at home. That's where it starts. Parents,
4 know where your kids are. Be involved in your kids' life.
5 Get them signed up for the program. The City of Detroit
6 has a lot of programs, a lot of them that are already in
7 existence. So it's all a matter of choice. That's what it
8 comes down to, making the choice, because the option is
9 there. Thank you.

10 MS. DEWAELSCHÉ: Thank you, Commissioner. Any
11 others? Commissioner Ivey?

12 MS. IVEY: Madam Chair, I just want to say 100
13 percent in agreement with what Commissioner Morris just
14 said. Accountability, number one. Number two, we've been
15 on this job three months and we've done a heck of a lot of
16 work. So if anybody thinks we're supposed to just jump in
17 and do what you say do, it does not work like that. We
18 need proof that all the other things you're saying. Once
19 you give us the proof, we're on the job. Let's be clear.
20 We've only been here three months. Give us a chance. And
21 I'm going to end it with this. Everything Commissioner
22 Morris said and what I was trying to say, I'm a mother of
23 four amazing adult children. And there was never a time I
24 did not know where my children were, what they were doing,
25 and who they were hanging out with. And you best believe I

1 snatched them up when they were supposed to be where they
2 was at. So let's the parents start taking accountability
3 and stop pointing the finger and expecting for this board
4 and the police department to raise your children, because
5 that's not what we're here for. Take accountability, get
6 involved in the children's lives, stay on top of them, put
7 a little paddle to them behinds, and they'll start to act
8 right. That's mine.

9 MR. WILLIAMS: Do not put the paddle. Thank you.

10 MS. IVEY: Well, I'll tell you this, when I say
11 the paddle, I mean just kind of like, I don't mean break
12 bones and bloody noses, but them thighs and buttocks,
13 it'll be all right.

14 MS. DEWAELSCHE: Any other comments? Commissioner
15 Boman.

16 MR. BOMAN: Yeah, I wanted to follow up on the
17 comment about the processing at crime scene services. Now
18 my comments that I made about the dust and so forth, part
19 of it is impressions that it makes. The second part though
20 is dust in the air. I am concerned about some kind of
21 transfer happening to evidence during the brief time that
22 it is going through there. That is the extent of my
23 concern about that, because, as far as any other
24 processing, they process motor vehicles to the extent that
25 they have to be processed on site, and otherwise they're

1 taking what's collected, if anything, from the motor
2 vehicle somewhere else. Anything, the other thing that
3 might be called processing, they showed us was there's a
4 dryer that anything that is soaked, basically things like
5 soaked in by, human fluids, blood for instance, they dry
6 out to keep it from degrading, and the various reactions
7 and molding and so forth that can happen when you have
8 something that's wet.

9 Beyond that, there isn't a lab there. There isn't
10 processing in the sense of doing any analysis of samples
11 there. They all go somewhere else. I mean, based upon what
12 they showed us, and they walked us through at least the
13 entire building that had those rooms in it, as well as
14 another building on the way to and from, and we didn't see
15 any evidence that there was additional processing of
16 anything there. I just wanted to follow up on what our
17 observations say relative to that.

18 MS. DEWAELSCHÉ: Thank you. Commissioner Camille.

19 MS. CAMILLE: Thank you, and thank you
20 Commissioner Boman. So, a question, can I ask a question
21 to the Chief? Can you just clarify for the public and
22 maybe for commissioners that weren't there, this term
23 processing is very generic that's being used. So, what do
24 you mean when the department says processing the vehicles
25 and the evidence is in the vehicles at that garage? And

1 then the other piece of it is, as what Commissioner Bowman
2 mentioned, is the drying of the maybe clothes or whatever
3 that is wet that then is packaged to be sent for storage
4 as evidence somewhere else. But Chief, can you just
5 explain what is meant by processing at that location?

6 DEPUTY CHIEF STEWART: Yes, through the board.
7 So, processing, for example, when you talk about in terms
8 of vehicle, the vehicles that are sent to that location
9 are evidence vehicles. So, they will be transported there.
10 Once there, they will be searched if there's for any
11 additional proofs of the crime. The vehicle will be
12 processed, if you will, in terms of dusting for
13 fingerprints, searching, and collecting any type of
14 biological DNA or whatnot that is on the vehicle, whether
15 it's blood evidence, or something along those lines. That
16 is what you would be determining as processing for a
17 vehicle. If you're talking about processing, as
18 Commissioner Bowman stated, he brought up the dryer, you
19 and him brought up the dryer. That is a special dryer that
20 processes, that dries out biological evidence. So, for
21 example, you may have a homicide and they are cutting the
22 clothes of the victim off of them and they're soaked in
23 blood.

24 They first have to go to this location in this
25 special dryer, which it dries out the clothing material,

1 it dries the blood inside of this dryer and it's wrapped
2 in paper. So, that would be the process. So, once it's
3 dry, they remove it, they tag it up as evidence, and they
4 transport it somewhere else. Other evidence collected from
5 crime, maybe there's a knife on the scene from a homicide
6 or an aggravated assault, responding officers will take it
7 from the scene, take it to the precinct, enter into the
8 evidence system, bag it up, and so forth, and then they
9 will bring it here to the property evidence unit here in
10 headquarters. That's what that means by processing.

11 MS. CAMILLE: Thank you for that clarification.
12 So, if the biological evidence is collected from a
13 vehicle, can you just, like, what type of container is it
14 going in to be transported here to be stored?

15 DEPUTY CHIEF STEWART: Typically speaking, if
16 you're talking about taking, that's a swab, so it will go
17 into an envelope. If you're talking about taking prints,
18 that is transported into some type of tape mechanism and
19 then it goes into envelope and is transported here.

20 MS. CAMILLE: Thank you, Commissioner.

21 MS. WATTS: Let me just real quick, I just wanted
22 to comment on a statement, basically with any of us. The
23 public is welcome to always email us documents, which we
24 encourage that, no matter what report there is. But also,
25 when we're asking the agency to give us a copy of official

1 report, that's what we need to get as well. So, I just
2 wanted to put that on the record. We're always welcome to
3 anybody to give us any email and send us information they
4 may have from the public, but also we need to have an
5 official document coming from DPD. Thank you, Madam Chair.

6 MS. DEWAEELSCHE: Thank you, Commissioner Ivey.

7 MS. IVEY: And just to hover around evidence,
8 when you say you're taking clothing off of a deceased, the
9 deceased is not coming to that garage, are they?

10 DEPUTY CHIEF STEWART: No, absolutely not.

11 MS. IVEY: Okay, I'm like, okay, thank you for
12 clarifying.

13 DEPUTY CHIEF STEWART: No, absolutely.

14 MS. DEWAEELSCHE: Thank you. Any other questions?

15 MS. CAMILLE: Through the Chair, I'm sorry. One
16 other question, and this is in relation to the last public
17 commenter, Mr. Davis, who mentioned a body that he saw.
18 I'm looking through my notifications, I don't see
19 anything. Do you mind just going back to check to see if
20 there was an incident on West Grand Boulevard and Rosa
21 Parks on the 23rd that DPD is looking into?

22 DEPUTY CHIEF STEWART: We will look for you,
23 Commissioner Camille, for former Commissioner Davis.
24 Obviously, if there's a body on the street, I would hope
25 that someone would have called 911 and we would have went

1 to the scene. Certainly, even former Commissioner Davis
2 could have called 911, and we'd get to the scene and
3 investigate if that person is deceased, if they're
4 injured, and they require an EMS, any number of issue with
5 that person. But if three or four people saw it and was
6 contacting, I would hope that they would also call 911.
7 Thank you.

8 MS. DEWAEELSCHE: Thank you.

9 MR. BOMAN: Yeah.

10 MS. DEWAEELSCHE: Commissioner Boman?

11 MR. BOMAN: Thank you. Yeah, I think, through the
12 Chair, I think Investigator Warfield had a comment about
13 that.

14 MS. DEWAEELSCHE: Go ahead.

15 MR. WARFIELD: Just real quick to the Chair.
16 There was a body, the police was there to respond to that
17 call, but there was a body at that location that was
18 reported. Thank you.

19 MS. DEWAEELSCHE: Thank you.

20 MS. CAMILLE: If we could just get an update from
21 the Department on that case, that would be helpful. Thank
22 you.

23 MS. DEWAEELSCHE: Thank you. Any other comments?

24 Next speaker.

25 MS. UNDERWOOD: Thank you, Madam Chair. We'll go

1 back into Zoom. Our next caller is Littlefield-Eaton Block
2 Club President. After her, it would be Mr. Terran Hayes or
3 Teron Haynes and then Mr. Smith and then we have one
4 public commenter in the room, and that would be the end of
5 public comments.

6 MS. JAWANA: Good evening. My name is Jawana
7 Littlefield-Eaton Black Club President and I wanted to, I
8 was getting on just to thank my Commissioner, Commissioner
9 Camille, but I actually want to thank you all and I want
10 to comment on one of the statements. The Commissioner has
11 only been here for three months and I know we need to give
12 them a little bit of grace, a little bit of time to get in
13 and figure out all the things that came before us, and
14 some of this stuff should have been addressed at the
15 budget meeting. I'm hoping some of you all were there to
16 address those concerns and actually listen to the Mayor
17 Sheffield on the things that she said. So things are
18 happening, but we just have to be a little bit more
19 patient and address our concerns without trying to say
20 you're not doing this, you're not doing that. I do have
21 meetings every second Wednesday of the month. The Second
22 Precinct have their second, every second Tuesday of the
23 month, but those communities have their meetings every
24 third Tuesday of the month. We have to come to these
25 meetings to get educated, instead of throwing the hands

1 and fingers at what someone isn't doing. What are we going
2 to do? And speaking as a mother, I have an eight-year-old.
3 I'm so attuned to everything that he does and I'm being an
4 activist for him right now to get him involved with things
5 and saying what we need for the kids to do.

6 So let's just be a little bit more patient and give
7 these commissioners a round of applause for what they have
8 done for these three months because I know my commissioner
9 has tried and we are in tune. Commissioner Morris, he's
10 doing a lot. I don't know all of you all names, but them
11 two off the top for sure is involved with me and have gave
12 me reliable resources. So I thank you all for that and you
13 keep on doing what you're doing.

14 MS. DEWAELSCHE: Thank you Ms. Jawana. Next
15 speaker.

16 MR. HAYNES: Hello, Madam Chair, may I be heard?

17 MS. DEWAELSCHE: Yes, you may.

18 MR. HAYNES: Teron Hayes, District 5. First off,
19 I want to thank the Board of Police for actually going and
20 investigating the claims that we made about the Crime
21 Scene Services Building. I also want to thank the Police
22 Department for opening that up to them, although, I do
23 criticize their availability with that. That being said, I
24 do want to speak to this idea of what processing evidence
25 is. I know that when the meeting occurred at the building,

1 I know that the Board likely didn't speak to all of the
2 text or most of the text in depth about their roles and
3 their duties. I'll say what the department is saying about
4 processing evidence at that location, is completely
5 untrue. As early as a couple days ago, technicians were
6 processing evidence in that reports room because they had
7 no idea that they were not supposed to. Throughout my
8 whole tenure, which was four years at that department, I
9 have never, ever been told that I was not supposed to
10 process evidence in that reports room. Furthermore, even
11 if we were to process evidence at one of the precincts,
12 we'd only be exchanging one report room for another.
13 Throughout this whole time that I've been advocating for
14 this change, I have been saying that there needs to be a
15 safe, clean, and sterile place for evidence to be
16 processed. And what evidence can be processed, what that
17 also means is, say there is biological evidence on a
18 physical item.

19 So if I swab evidence, I could be processing that
20 evidence at these locations and that is not appropriate.
21 That is not of sound forensic practice outlined through
22 any of our education or within the discipline. So I would
23 just like to say that if the board would like to truly get
24 an idea of what these individuals do, they would actually
25 go talk to these individuals without the department there.

1 Thank you. Have a good day.

2 MS. DEWAEELSCHE: Thank you. Commissioner Boman?

3 MR. BOMAN: Yeah, is there any chance I could ask
4 the caller a question, if he is going to respond?

5 MS. DEWAEELSCHE: I do not know, Madam Secretary?

6 MS. GARNIER: Through the chair, Commissioner
7 Boman, I think we have Mr. Haynes' information and so
8 afterwards...

9 MR. BOWMAN: I'll contact him then.

10 MS. GARNIER: Yeah, get the information, but once
11 they hang up, there's no room on Zoom for the person to go
12 to.

13 MS. DEWAEELSCHE: Thank you. Next speaker.

14 MR. SMITH: Good afternoon, may I be heard?

15 MS. DEWAEELSCHE: Yes, you may.

16 MR. SMITH: Jahdante Smith for the record. I see
17 DC Stewart is in the room. Hello to you. There are a lot
18 of issues with the towing department, the towing section
19 of Detroit Police Department. I also want to say I'm very
20 disappointed to hear how some of this stuff is being
21 handled. I was just there last week in person with my
22 seven-year-old and he was very, very defiant and didn't
23 listen. So I do side with the police. People do have to
24 deal with their own kids, but kids don't listen. I think
25 I'm a very good parent and kids are who they are. But also

1 when it comes to the crime scene services and the
2 processing of evidence, no way that there should be an
3 impound garage processing evidence because I know too many
4 people who have deceased loved ones or who have been
5 victimized by crime, like Ms. Brown, not Tara, who comes
6 down here and says she's been sexually assaulted. And for
7 any evidence in that type of case to be processed in any
8 type of unsterile environment would be egregious to the
9 process.

10 Also, I've been getting so many calls and I've been
11 tagged in a lot of Facebook status, not statuses, but in a
12 post recently about officers who have been unbecoming in
13 their conduct. Apparently one officer was suspended
14 because they barged into a house with no warrant, with no
15 full probable cause, looking for some suspect who was
16 possibly not even in the residence, I guess they didn't
17 have correct evidence or intel, and they hurt a four-year-
18 old child. And only one officer seems to be in trouble.
19 And one officer can be seen in the video very clearly
20 knocking the door almost off the hinges. It's like he hit
21 the door so hard, anybody behind the door would have been
22 seriously injured. I think this conduct is unbecoming of
23 any officer and all three to four officers that I've seen
24 in that video should all be suspended. Because if you
25 violate a person's Fourth Amendment, the lawsuits behind

1 actions like those are ridiculous. And also, if Conrad
2 Mallett is in the room, you need to leave this board. You
3 are sitting on this board and you're listening to, as you
4 would call it, discovery, and you're telling elected
5 officials how to hold police officers accountable, and at
6 the same, opposite of the token, represent them, which is
7 really terrible. Also, I want to give a shout out to
8 Commissioner Morris, doing a good job, appreciate what
9 you're doing in your district.

10 MS. UNDERWOOD: Our next speaker...

11 MS. CAMILLE: Madam Chair? I have a question for
12 the Chief as a follow-up to the comments that were just
13 made. I just wanted to confirm, Chief, you mentioned an
14 incident earlier that's under investigation right now,
15 there was an officer that was placed on, did you say desk
16 duty? I can't remember exactly? Yes, okay. So I want to
17 confirm that that's the incident that is being discussed
18 here, and if you could, I know it's open investigation,
19 there's more to look at, but can you confirm if any
20 civilians were injured in that incident?

21 DEPUTY CHAIR STEWART: Through the Chair, so that
22 is the same incident that I spoke about earlier. I cannot
23 confirm at this point in time. I actually saw the video
24 just before I came into this meeting, so I don't have the
25 circumstances or the context around what particularly

1 happened and whether or not anyone was injured.

2 MS. CAMILLE: Thank you.

3 MS. DEWAEELSCHÉ: Okay next speaker.

4 MS. UNDERWOOD: Our last speaker, Madam Chair, is
5 Cunningham.

6 DEPUTY CHIEF STEWART: I'm sorry, just as you
7 stated, just for clarification, he is placed on admin duty
8 on the desk. Thank you.

9 MS. DEWAEELSCHÉ: Thank you.

10 MR. CUNNINGHAM: Hello, I always give them my
11 number, 313-444-9114. 313-444-9114. We should always pray
12 for our police department, pray for our commissioners.
13 It's important, and since DDOT took over, I'm a transit
14 advocate, DDOT took over policing for DDOT. I see
15 improvements. I was actually assaulted downtown near the
16 transit center, and I think there should be more cameras
17 in front of the AT&T building, which, got so many buses
18 stopped right in that vicinity there, so I don't know if
19 that's a BPD thing or, because I do see cameras, but I
20 think there should be more Project Greenlight cameras in
21 that vicinity. Also, the neighborhood police and this
22 body, thank God you guys have parking, but I always harp
23 on having parking and validating parking and bus tickets
24 for those that come down to meeting, so you guys have half
25 of that, you have parking. So I want to know if there's

1 any way possible I could donate 10 four-hour passes in
2 case you ever get someone needing to get back and forth.
3 Not everybody has money. The fare is \$2 for four hours,
4 and so I usually find my own resources, and God is making
5 a way out of no way, so I just want to know if I could, I
6 have four-hour passes and two seven-day passes, that I
7 would like to donate to the commission in case anyone
8 comes, actually three seven-day passes in case anyone
9 comes taking the bus to get to and fro.

10 We've got to look out for the least of these. And
11 there's a Bible says, and anyone that calls me and needs a
12 31-day pass, when anyone donates to me, I pay it forward.
13 Nothing stays in my hands, and so this 31-day pass just
14 hit me up at 313-444-9114, and also my plate says no luck.
15 I like it, but it's getting flagged, and I said last
16 weekend, so I did get a response. They said they tried to
17 correct the problem with DPD, but they can't correct it
18 with all police precincts. So, any way, about these bus
19 tickets, I would love to get it in somebody's hand. Thank
20 you.

21 MS. DEWAELSCHE: Thank you so much for that. We
22 appreciate it. Next on our agenda, we have a presentation
23 on our DPD budget, it's the report for fiscal year quarter
24 two, October through December 2025. We have Mr. Nazarko.
25 Thank you for presenting.

1 MR. NAZARKO: Good afternoon, honorable board.
2 I'm here to present the second quarter of 2026, the one
3 that ended December 31st, 2025, high-level overview of the
4 budget versus actual report for the city of, for the
5 police department of the city of Detroit. The reports that
6 have been submitted to the board, are the quarter two
7 year-to-date budget versus actual revenues and expenses,
8 general fund second quarter year-to-date budget versus
9 actual revenues and expenditures, vehicle purchase report,
10 capital expenditure report, and grant activity report. For
11 the second quarter, again, that ended on December 31st,
12 2025, the general fund revenue came in at \$33.3 million
13 versus a budget of \$36.4 for a shortage of \$3 million.
14 Forfeiture fund, we brought in \$407,000 on a budget of
15 \$2.5 million and special revenue fund, which includes two
16 funds, the toll fund and the E911 fund. We brought in as a
17 revenue \$4 million versus a budget, total budget of \$12
18 million. On the expenditure side, the general fund spent
19 \$212 million on a budget that took \$208 million. For
20 future fund, we spent \$324 million on a budget of \$891,000
21 and then special revenue funds, as I said, toll and the
22 E911, we spent \$4.5 million on a budget of \$11.8 million.

23 MS. DEWAELSCHÉ: Mr. Nazarko, could we ask
24 questions per chart just a week?

25 MR. NAZARKO: Yes, please.

1 MS. DEWAELSCHÉ: Are there any questions
2 regarding this chart? All right, thank you.

3 MR. NAZARKO: The next slide. The next slide
4 details the different or major revenue categories for the
5 general fund only, and there are three major categories,
6 municipal income tax, utility users tax, and other
7 revenue. The municipal income tax, the budget for the half
8 year for six months was \$18.4 million, and we brought in
9 \$14.2 million. Utility users tax was budgeted at \$13
10 million. We brought \$15 million in, and then other revenue
11 that there are many categories that roll up to that line
12 item, such as special events, sale of abandoned property,
13 and other items. We had budgeted \$4.9 million and we
14 brought in the actual amount was \$3.7 million.

15 On the expenditure side, the salaries and wages were
16 budgeted for the entire year \$330 million and we spent
17 \$160 million. Employee benefits budget \$83 million, we
18 spent \$45 million. Professional contractual services
19 budget \$8 million, we spent \$2.8 million. Operating
20 supplies \$7.7 million, budgeted actual amount \$1.6
21 million. Operating services \$4 million, spent \$1.3
22 million. Capital equipment outlays \$1.2 million budget we
23 spent \$500,000 and other expenses combined \$200,000 budget
24 we spent \$763,000. Any questions on that slide?

25 MS. DEWAELSCHÉ: Any questions? I have one

1 question that I'd like to clarify and I know I probably
2 asked this the last time because we have expenditures of
3 202 million plus, but, we only have revenues of 33 million
4 so what is that other how is that other amount covered?

5 MR. NAZARKO: That's a good question Madam Chair.
6 The expenditures of the Police Department for the current
7 fiscal year the total expenditures amount to close to \$455
8 million dollars. The revenues that we are budgeted to
9 bring in have around \$90 million. So obviously the
10 difference is covered from the general fund but when we
11 show the revenues for the Police Department, we show only
12 the revenues that are either earmarked to be spent for the
13 police, and the rest comes from the general fund, or the
14 revenues that Police Department itself collects such as
15 the special events, buildings, for example utility user
16 tax. There is a provision in the law that the Police
17 Department is given a certain percentage of utility user
18 taxes the City of Detroit collects. Therefore, you know
19 that amount that we talked about earlier \$30 million that
20 we have budgeted is part of that. Same thing with income
21 tax. I believe there is provision in our city charter that
22 11 percent of the income taxes that we collect come to the
23 Police Department. The entire income tax collections are
24 more than \$200 million for the City of Detroit. Only \$36
25 million so that is the portion that the DPD gets.

1 Therefore, to answer your question is that the difference
2 between \$90 million that we collect or funds that are
3 earmarked for police and the difference in our budget is
4 funded by the City's General Fund.

5 MS. DEWAELSCHÉ: And then I just have another
6 question with regard to that. So we will never have a
7 deficit then because that amount will be covered?

8 MR. NAZARKO: By law we cannot have a deficit.
9 The entire expenditures are, we spend as much as our
10 budget allows us meaning that up to the level of revenues.
11 We cannot go even a dollar above that.

12 MS. DEWAELSCHÉ: Okay thank you for your answers.
13 Any questions? Commissioner Boman?

14 MR. BOMAN: Yeah, I'm just curious as to whether
15 the budgeted funds are at all fungible and what I mean by
16 that is in areas where the actual amount is less than the
17 budgeted amount and then other areas where it's more the
18 actual expense is more than the budgeted amount. Do
19 savings in the areas where the actual amounts less than
20 the budgeted amount become available for expenses that end
21 up where the actual goes over the budgeted amount?

22 MR. NAZARKO: Through the Chair. That's an
23 excellent question. The way that the budget works not just
24 the police department, but, the entire City of Detroit and
25 beyond that. The budget laws work like this. When the City

1 Council is in process now to approve our budget, approves
2 a budget by appropriation, and what is an appropriation is
3 an authority to spend in a certain area. For example in
4 police department we have an appropriation called crime
5 prevention. And let's say that we are budgeted there 100
6 million dollars to fund the crime prevention policing
7 activities. We have five, six appropriations within our
8 budget. The law allows us to shift, not to shift, but, if
9 any appropriation has money not spent you cannot shift
10 that money to the different appropriation unless you go
11 and ask the City Council permission saying that we have
12 spent less on this appropriation and we want to move that
13 money to the Y appropriation to fund those services
14 because we overspent on that regard.

15 Only City Council can authorize moving money from one
16 appropriation to the other. Within the same appropriation
17 we divide that into cost centers and cost centers for
18 example speaker prior to this mentioned that we spend by
19 precincts which is true under salaries and wages and
20 personnel we spend the DPD accounts the spending by
21 precinct. If we have within the same appropriation but
22 precinct one spent or downtown services, in this case,
23 spent less than the precinct number nine we can shift it
24 because there are two cost centers within the same
25 appropriation if that makes sense.

1 MR. BOMAN: Like the line items then on the
2 document we're looking at right now would each one of
3 those be a separate appropriation?

4 MR. NAZARKO: Not necessarily for example if
5 you're talking about salaries and wages and employee
6 benefits there are within those two main classifications
7 they are maybe two or three appropriations which are not
8 visible from this report.

9 MR. BOMAN: Thank you.

10 MS. DEWAELSCHÉ: Any other questions? Okay. Thank
11 you. Move on.

12 MR. NAZARKO: The next slide then is the details
13 of the items that I spoke earlier so the revenues now are
14 broken down by subcategories for example sales and charges
15 for services broken down to other reimbursements fees
16 personnel services and other department sales. This is for
17 the information for the board and the public if you wish,
18 but, on the next slide under the expenditures salaries and
19 wages for example are broken down into salaries overtime
20 for police uniform and overtime for police non-uniform.
21 Employee benefits you have so many categories they're
22 starting with pension benefits hospitalization which is
23 the insurance health insurance FICA, expense workers
24 compensation sick leave, longevity, and so on and so
25 forth. So all these items are rolling up to those main

1 categories that we just spoke in the previous slide. So do
2 you have any questions on this slide?

3 MS. DEWAELSCHE: Just real quick I want to
4 understand this report is as of December 31st, correct?

5 MR. NAZARKO: Yes, madam chair.

6 MS. DEWAELSCHE: The reason I'm asking is because
7 I noticed that the expenditures is only 48 percent, so,
8 but it is half of the year correct?

9 MR. NAZARKO: 48 percent is a good place.

10 MS. DEWAELSCHE: Right. Thank you. Any other
11 questions? Go ahead.

12 MR. NAZARKO: Going through the slides again I'm
13 not going to go there so many details in that but again
14 the Commission has the full report and as a matter of fact
15 some more details that have been provided to the finance
16 manager of the BOPC. I'd like to go to the slide that
17 shows the vehicle purchase report, right there. This there
18 was very light activity on the vehicle purchase report as
19 you can see we just purchased in November two light duty
20 trucks and in October one trailer one RTV, and then in
21 December, another trailer. So the total five vehicles for
22 the total quarter, which, is a very light activity report
23 on the purchase of vehicle side. Any questions on that?
24 Just want to clarify to the board that this report,
25 because, this is not represented in the budget numbers the

1 vehicle purchases are a separate fund fleet fund that is
2 outside of our DPD budget managed by the fleet section,
3 but this report I get from that section so it's not coming
4 from my system. So if you had any questions as to what
5 vehicle and you know what purpose what not I would not
6 know.

7 MS. DEWAELSCHE: Just a quick question how many
8 vehicles do we have budgeted for the whole year?

9 MR. NAZARKO: Through the Chair, I don't have
10 that number I can get it, but, like I said since it's not
11 part of my report and the system that I draw my reports I
12 don't have that readily available unless I ask another
13 department.

14 MS. DEWAELSCHE: Any other questions? Thank you.
15 You can move on.

16 MR. NAZARKO: The next slide shows the capital
17 improvements or repairs and maintenance that were made for
18 the months of October November and December and you can
19 see there from the DPD out of pound all the way to the
20 Oakman Boulevard and the following slide goes by precinct
21 the last one on the list is DPD training center. The total
22 amount we spent for the quarter was \$238,000. The next
23 slide shows the grants that were active for DPD during the
24 second quarter of 2026 fiscal year and the grants are as
25 follows; the city of Detroit overtime traffic enforcement

1 grant, the VOCA grant, the expanding access grant, office
2 of neighborhood state safety planning culturally specific
3 and underdeserved grant, crime victim sustainability fund
4 grant, Adam theft prevention authority, two grants in
5 their regard, and then the last one is the nation's drug
6 overdose crisis for fiscal year 2024. And Madam Chair that
7 concludes my reports and I'm available for any questions.

8 MS. DEWAELSCHÉ: Any questions? Commissioner
9 Boman.

10 MR. BOMAN: I'm just a little curious about I was
11 looking at the heli hanger, I was wondering is that over
12 at the Colmen A. Young Detroit City Airport or is that
13 another location?

14 MR. NAZARKO: Are you looking -

15 MR. BOMAN: It was like I think it was the second
16 or third from the last page maybe over here, okay, that's
17 before the precincts. Yeah, it was up there on page 9.

18 MR. NAZARKO: Steve, do you know the heli hanger
19 this report again came from another department. Oh, this
20 is for a helicopter I think. This is a helicopter place
21 where we keep the helicopters.

22 MR. BOMAN: The amounts look very small so I'm
23 trying to make sense out of that looking at a dollar?

24 MR. NAZARKO: Oh, I see that yeah. Thank you for
25 bringing it and there are two next to that the harbor

1 master and heli hanger; those two dollars I think I've
2 explained this before but the way that this expenses are
3 those are not actual expenses. Usually the department is
4 not uncommon for us when we are not certain of the
5 expenditure for a certain repair or maintenance issue we
6 do requisition for \$1 as a placeholder, until we go out
7 for bids or we call for estimates, and then we do the
8 exact requisition, but we have to do a placeholder so to
9 open appeal an authorization to spend but again the dollar
10 is a placeholder it is not an actual expense.

11 MS. DEWAELSCHE: Any other questions? I just need
12 a clarification on page 10 where you indicated the total
13 number, I mean the total amount of capital improvements. I
14 wrote down that you said \$228,000?

15 MR. NAZARKO: \$238,104.

16 MS. DEWAELSCHE: Where is that amount?

17 MR. NAZARKO: At the very bottom corner of page
18 10.

19 MS. DEWAELSCHE: No, I have \$67,738 unless
20 there's a column that I'm missing.

21 MR. NAZARKO: Can I approach and maybe different
22 version of the report? Can I approach and give you this
23 copy?

24 MS. DEWAELSCHE: I mean or maybe I just am
25 missing the last columns.

1 MR. WOODS: Through the chair, I got the \$67,738.

2 MR. NAZARKO: I'm not sure Is Mr. Fries here? I
3 emailed him this afternoon. Is that the same report I
4 emailed you, Madam Secretary?

5 MS. DEWAEELSCHÉ: We probably have to get that
6 corrected because we don't have that page. It's completely
7 different. The numbers are different.

8 MR. NAZARKO: Page 10 at the bottom corner on the
9 right should be \$234,000.

10 MS. DEWAEELSCHÉ: All the amounts are different.

11 MR. NAZARKO: That's a different report. However,
12 the reports that I sent to Madam Secretary and Drew Fries
13 today is the report I just sent. And I don't have a
14 problem again forwarding that very report to you in a few
15 minutes.

16 MS. DEWAEELSCHÉ: Yes, thank you. Are there any
17 other questions?

18 MS. CAMILLE: Through the Chair, I do have a
19 question.

20 MS. DEWAEELSCHÉ: Go ahead, Commissioner.

21 MS. CAMILLE: Through the Chair, Ms. Nazarko,
22 back to the capital improvements page there are three
23 lines of capital improvements to the DDC. Are you able to
24 share exactly what those improvements were?

25 MR. NAZARKO: I don't have the details here.

1 What's the amount of that?

2 MS. CAMILLE: So there's a line for DPD, DDC for
3 \$598,000. There's another line for building 100 for
4 \$14,852 and then for building 500, \$1,540.

5 MR. NAZARKO: I will email that information to
6 you by tomorrow.

7 MS. CAMILLE: Thank you. And through the Chair,
8 and I know we've had discussions before about needing
9 upgrades to the air conditioning unit at DDC. I assume
10 these are not related to that at all because that's still
11 on the horizon?

12 MR. NAZARKO: Absolutely not because that
13 undertaking will be in tune of a million dollars if not
14 more.

15 MS. CAMILLE: Thank you.

16 MS. DEWAELSCHE: That page may even be replaced,
17 right?

18 MS. GARNIER: Madam chair?

19 MS. DEWAELSCHE: Yes, go ahead.

20 MS. GARNIER: Could we have, Drew Fries is on
21 Zoom. If he can respond to which version of the report?
22 Because I still have the one that we had when we were
23 going to schedule before. So maybe Drew has it. Could he
24 speak to that, Madam Chair, so we can make sure we get the
25 correct report?

1 MS. DEWAELESCHE: Yes, correct.

2 MR. FRIES: Through the Chair, can I be heard?

3 MS. DEWAELESCHE: Yes, you may.

4 MR. FRIES: Good afternoon. I'm here to confirm
5 that the version that Commissioner Nazarko is presented on
6 and the numbers that he is referencing on slide 5, slide
7 10, he sent me that version this afternoon. I wanted to
8 look through the numbers and the slides to be prepared for
9 his presentation. I have the correct version. I'm not sure
10 why it didn't make it to Commissioners, but I will forward
11 that version right now.

12 MS. DEWAELESCHE: All right, thank you.

13 MS. GARNIER: If I may, Madam Chair, Drew, if you
14 could kindly forward it to myself and Candice so that we
15 can go ahead and get the copies done. All right, thank
16 you.

17 MR. FRIES: Absolutely.

18 MS. DEWAELESCHE: Any other questions? Thank you,
19 Mr. Nazarko.

20 MR. NAZARKO: Thank you, Madam Chair. Thank you,
21 Commissioner.

22 MS. DEWAELESCHE: Next, we have the report from
23 the Secretary.

24 MS. GARNIER: Madam Chair, through the Chair, we
25 apologize for that inconvenience and thank you, Mr.

1 Nazarko, for our rescheduling. Due to many priorities
2 changing, a number of presentations, so if the Board is
3 wondering, I think, for transparency, this was dated March
4 5th. It would have come before the Board prior to now, but
5 because of the budget hearings, etc., and some other
6 closed sessions that we had, we had to adjust some
7 priorities, so Mr. Nazarko was able to reverse some
8 things. We also were to have the HR report today as well,
9 the presentation for a couple months that is also backed
10 up. Ms. Patillo is, rightfully, on vacation as of today,
11 so she will be here at the April 16th meeting to catch up
12 on her report as well, in case the Board has looked at the
13 calendar that was approved and see that we are behind on
14 some of the presentations.

15 Under your tab 6 today are the incoming
16 correspondences. Our communications, rather, I apologize,
17 are the facial recognition, shot spotter, and weekly
18 reports. We also have the Memoranda from the two
19 committees that recently met this week, the Policy
20 Committee as well as the Ad Hoc Committee for Review of
21 Bylaws and Standard Operating Procedures, which there are
22 some motions later on the agenda today, under Unfinished
23 Business and New Business. As far as the announcements for
24 today, the next Board meeting is the April community
25 meeting, which is next Thursday, April 9th. We will be in

1 the 9th precinct at Highland Recreation Center, 19601
2 Brock Avenue. Also, for May, the community meeting will be
3 held Thursday, May 14th at 6:30 p.m. in the 8th precinct,
4 and that will be at the Wayne County Community College
5 Northwest Campus in the Lewis Auditorium. I just want to
6 make sure that everyone notices the building, since there
7 are several buildings on that campus, that it will be in
8 the Lewis Auditorium at 8200 West Outer Drive, Detroit.
9 And that ends the report for today, Madam Chair.

10 MS. DEWAELSCHÉ: Thank you. Okay, number seven is
11 Unfinished Business, and we have a motion from
12 Commissioner Camille on the Ad Hoc Committee.

13 MS. CAMILLE: Thank you, Madam Chair. So the Ad
14 Hoc Committee for Review of BOPC Bylaws and Standard
15 Operating Procedures did meet for the first time this
16 week. It was a good kickoff meeting. I do invite all
17 commissioners, if you have availability, to participate in
18 that meeting as well. These bylaws and standard operating
19 procedures are very foundational to how we conduct our
20 business, and all input is welcome. There is a motion
21 coming out of the committee in regards to the board's
22 statement regarding the killing of Da'Quain Johnson, which
23 was referred to committee, and I'd just like to add a
24 little bit of context about the motion to be made. So the
25 current bylaws and standard operating procedures don't

1 currently govern the issuing of such statements, and by
2 the time that language is approved, the matter will be
3 even more untimely than it is today, as that incident
4 happened in February. In addition to that, individual
5 commissioners can and have had an opportunity, and at
6 least one commissioner has issued an independent public
7 statement about the tragedy, and so by direction of the Ad
8 Hoc Committee for the Review of BOPC Bylaws and Standard
9 Operating Procedures, I move to recommend that the board
10 not issue a statement in response to the killing of
11 Da'Quain Johnson, because a statement on this matter is no
12 longer timely.

13 MS. DEWAEELSCHÉ: Okay, by direction of the Ad Hoc
14 Committee, it is recommended that the board not issue a
15 statement in response to the killing of Da'Quain Johnson,
16 because a statement on this matter is no longer timely. Is
17 there any further discussion? All in favor indicate by
18 saying aye.

19 BOARD: Aye.

20 MS. DEWAEELSCHÉ: Opposed? Motion passed.

21 MR. BOMAN: Point of order.

22 MS. DEWAEELSCHÉ: Yes.

23 MR. BOMAN: I didn't quite hear a motion, I heard
24 a recommendation that we not have one.

25 MS. JACKSON: She said by direction of the

1 committee she moves. By the direction. That's the motion
2 all day long.

3 MR. BOMAN: The motion to not have a statement.
4 Okay, thank you.

5 MS. DEWAELSCHÉ: No, no, to not have, yeah. All
6 right, under new business, is there anything else under
7 unfinished business? Hearing none, then under new
8 business, Commissioner Camille, you'll be reporting as
9 well.

10 MS. CAMILLE: Thank you to the chair. This is
11 also a motion coming from the Ad Hoc committee. This is in
12 relation to the additional documents that the committee
13 would like to review and have access to review as we
14 consider what language needs to be in the bylaws and
15 standard operating procedures. And so by direction of the
16 ad hoc committee for the review of BOPC bylaws and
17 standard operating procedures, I move that the board
18 empowers the ad hoc committee to review any and all other
19 documents that can assist in reviewing the bylaws and
20 standard operating procedures.

21 MR. BOMAN: So moved.

22 MS. DEWAELSCHÉ: No, we don't need a second. I
23 mean, we don't need a motion either. So, yeah. By
24 direction of the committee, it is moved that the board
25 empowers the ad hoc committee to review any and all other

1 documents that can assist in reviewing the bylaws and
2 standard operating procedures. Is there any further
3 discussion?

4 MS. JACKSON: Madam Chair, just as a point of
5 clarification for the board, it's important to understand
6 committees are not a deliberative assembly. A board is a
7 deliberative assembly. A convention is a deliberative
8 assembly. Committees have only that power that is stated
9 in the bylaws or stated in the motion that was used to
10 create them. By saying, empower, that means that this
11 committee will have the authority to request review any
12 other documents that they believe they need in order to
13 carry out the primary responsibility, which is reviewing
14 the bylaws. So, they want to keep coming back to you every
15 time they want to do something. Now, I don't think this is
16 controversial, but it's important for you to realize
17 that's why this motion was made, because your original
18 motion only said they can review bylaws. You didn't give
19 them the authority to run around getting other things. And
20 so, this motion is required for the committee to fully do
21 its work.

22 MS. DEWAELSCHÉ: Any further discussion?

23 MS. WATTS: Madam Chair, just for clarity, in the
24 thank you for that commentary, also in our agreement, we
25 made a distinction to make sure this has nothing or will

1 not spill over to the policy committee and the charge to
2 the policy committee.

3 MS. DEWAEELSCHÉ: Does that have to be included in
4 the motion?

5 MS. JACKSON: I'm not quite sure. What does this
6 have to do with the policy committee?

7 MS. WATTS: No, I just wanted to add on that was
8 part of the discussion. I wanted to put it on the record
9 that was part of the discussion. So, no, I'm not asking
10 for it to be added on to anything. I just wanted to state
11 it for the record.

12 MS. CAMILLE: Through the Chair.

13 MS. DEWAEELSCHÉ: Yes, Commissioner.

14 MS. CAMILLE: And I agree that was part of the
15 discussion. I think what we have in the motion that is
16 helpful is that it's referring to documents that assist in
17 the review of the bylaws. And so, a DPD policy would not
18 be helpful in that. So, I agree that DPD policy is out of
19 scope.

20 MS. DEWAEELSCHÉ: Okay. Thank you. Any other
21 discussion? Hearing none, all those in favor indicate by
22 saying aye.

23 BOARD: Aye.

24 MS. DEWAEELSCHÉ: Opposed? The motion carries.
25 Thank you, everyone. I'll entertain.

1 MS. CAMILLE: Madam Chair.

2 MS. DEWAELSCHE: Go ahead.

3 MS. CAMILLE: I have additional new business.

4 MS. DEWAELSCHE: Oh, go ahead.

5 MS. CAMILLE: New items to raise. Thank you. So,
6 I'm not sure if all of us did, but some of us did receive
7 a request by mail for a hearing for someone who, I guess,
8 is now a former DPD employee regarding a certain type of
9 retirement that they were placed on. If there hasn't been
10 any follow-up on that, I'd like to request that Counsel
11 take a look at that and advise us what is within our power
12 to do with that request. I know Counsel's not here.

13 MS. DEWAELSCHE: Yeah know he's not here, but we
14 can definitely request.

15 MS. CAMILLE: Through the staff? Okay.

16 MS. DEWAELSCHE: Through the secretary.

17 MS. CAMILLE: Thank you. Through the secretary.
18 Thank you. And, Madam Chair, I do have one additional
19 item. It's actually a request from both of you and perhaps
20 the Budget Committee as well. So, we know the budget
21 process has been intense and the Budget Committee has been
22 doing a really due diligence in making a case for City
23 Council to approve the budget that the BOPC needs to do
24 its business. I also understand, though, that City Council
25 has sent some correspondence with questions to the board,

1 and the board has responded to those, and so that the
2 other commissioners that may not be on the committee or
3 may not be privy to that information, so that we can also
4 support in the conversations to help that budget to get
5 passed. Is it possible for us to receive copies of that as
6 an FYI?

7 MS. DEWAEELSCHE: Yes. And we have Drew Fries on
8 the Zoom still.

9 MS. GARNIER: Madam Chair. Yes. I will forward
10 that information. The information.

11 MS. DEWAEELSCHE: The request to copy all the
12 board members.

13 MS. GARNIER: Correct.

14 MS. DEWAEELSCHE: I think what we're copying is
15 the Budget Committee.

16 MS. GARNIER: The manner in which the information
17 came in was not directly to the board. It came directly,
18 Mr. Fries received it. So, I hear, clearly, what you need
19 and what you want, and we spoke of that, the staff did
20 this morning, the admin side of the house. So we are
21 correcting that, and we'll get that out to you. Also,
22 Madam Chair, if I can double back to the correspondence,
23 and I believe that's the correspondence that each board
24 member received and signed for. Your staff does not have
25 it, so I would need a copy of that to get over to

1 Corporate Counsel. And I wanted to note, I didn't earlier,
2 but Corporate Counsel did advise that he was called into a
3 meeting by the mayor earlier, right before the meeting on
4 an urgent matter. I do not have a copy of the brown
5 envelope document.

6 MS. CAMILLE: Through the chair, and I did
7 realize that as well. Jonya and I did connect, so she's
8 made a copy of it. The office has it now. Thank you so
9 much for following up.

10 MS. WATTS: All right. Thank you.

11 MS. DEWAELESCHE: Thank you. Anything else?

12 MS. CARTER: I'm sorry. So, on the matter about
13 the retirement, are we requesting a legal opinion that can
14 be forwarded to the gentleman, or you just want to know
15 how we should proceed? Should we ask for a legal opinion
16 so that it can go forward to the individual that sent us
17 all that information?

18 MS. CAMILLE: Through the chair, I'm not opposed
19 to a legal opinion. I'm looking for direction on, as the
20 board, I haven't seen a request like this come to the
21 board before. I'm just wondering what we're supposed to,
22 if we need to schedule a hearing. So, I don't know if it's
23 a legal opinion from Council to us on our powers in this,
24 initially, or I'm open.

25 MS. CARTER: I think that it should be a legal

1 opinion as to how we should proceed. I mean, period. And
2 this is the first time I've ever seen anything like that.
3 And we all did sign for it. So, I think that at this time
4 we should do a motion to refer that matter to Corporation
5 Council for a legal opinion.

6 MS. DEWAELSCHÉ: So, a motion has been made by
7 Commissioner Camille.

8 MS. CAMILLE: So moved.

9 MS. CARTER: Support.

10 MS. DEWAELSCHÉ: Seconded by Commissioner Carter
11 to refer, is it Mr. Brown? Who is the?

12 MS. CARTER: Well, I didn't refer to the name.
13 It's not Brown.

14 MS. DEWAELSCHÉ: Sorry, I thought I heard you.

15 MS. CAMILLE: That is okay. It wasn't Brown,
16 though.

17 MS. DEWAELSCHÉ: To refer to the matter that we
18 all received, the information that we all received
19 regarding.

20 MS. CAMILLE: Employee hearing request.

21 MS. DEWAELSCHÉ: Okay, to Corporation Council.
22 Any further discussion? Go ahead, Commissioner Morris.

23 MR. MORRIS: Yes. Sergeant Benjamin Wagner is a
24 former sergeant with the Detroit Police Department. He
25 retired in 2017. He was arrested March the 17th, 2026.

1 He's charged with multiple counts of criminal sexual
2 conduct, where it is alleged that he committed these acts
3 while serving as a Detroit police officer. I have directed
4 Madam Secretary Ms. Barbara to see if the board, during
5 its tenure with the department, ever passed any
6 resolutions. As of today, they have not yet been
7 confirmed, so I'm going to revise my motion, but I'm
8 coming forward with a motion. I motion that the board
9 immediately, temporarily revoke any resolution honoring
10 Sergeant Wagner, and make it passed.

11 MS. JACKSON: Point of order.

12 MR. WOODS: Point of order.

13 MS. JACKSON: You need to carry that first
14 motion.

15 MR. BOMAN: Yeah, point of order according to the
16 relevance of this is to the motion made by Commissioner
17 Camille.

18 MS. DEWAEELSCHÉ: Right. The motion right now is
19 to refer to Corporation Council to provide direction.

20 MR. MORRIS: I was down there talking when you
21 all brought that. Sorry.

22 MS. DEWAEELSCHÉ: Yeah, no. We already have a
23 motion just to refer it to Corporation Counsel for
24 direction on how we should move forward. Is that correct?

25 MS. JACKSON: Yes.

1 MS. DEWAEELSCHÉ: All right. So, I'll call for the
2 question. All those in favor indicate by saying aye.

3 BOARD: Aye

4 MS. DEWAEELSCHÉ: Opposed? That motion carries. So
5 now you don't want to have a motion?

6 MR. MORRIS: Yes, I do want to have a motion.

7 MS. DEWAEELSCHÉ: Go ahead.

8 MR. MORRIS: I motion that the board immediately,
9 temporarily, revoke any resolution it may have passed
10 honoring Sergeant Wagner pending the outcome of his
11 criminal case.

12 MS. DEWAEELSCHÉ: Is there a second?

13 MS CAMIELLE: Second.

14 MS. JACKSON: Madam Chair? Parliamentarian would
15 advise that the correct terminology would be to rescind
16 and expunge from the record. Since this is a motion to
17 rescind something previously adopted without notice, it
18 requires two-thirds vote to be adopted. But the correct
19 terminology is to rescind and expunge from the record.
20 Now, if you don't want to expunge from the record, don't
21 include that. But the parliamentarian's assumption is that
22 there's concern that it not just be rescinded, but that
23 the minutes of the meeting where the resolution, if there
24 was one, was adopted, would then be edited to say on April
25 the 2nd, rescinded and expunged.

1 MS. DEWAELESCHE: Would you amend your motion?

2 MR. MORRIS: Yes. I motion that the board...

3 MS. JACKSON: I move that.

4 MR. MORRIS: I move that. Yes. I move that the
5 board immediately, temporarily rescind. That good?

6 MS. DEWAELESCHE: And expunge.

7 MR. MORRIS: And expunge any resolution it may
8 have passed under Sergeant Benjamin Wagner pending the
9 outcome of his current criminal case.

10 MS. JACKSON: So now the parliamentarian is
11 revising her advice. You cannot temporarily rescind
12 something. If you rescind it --

13 MR. MORRIS: I'll scratch that.

14 MS. JACKSON: -- you've erased it. So if the
15 commissioner is concerned about something the board may
16 have done at some point when this person retired, the
17 parliamentarian would advise as a process of parliamentary
18 procedure, not legal, but parliamentary procedure, that
19 you first ask the staff to identify if, in fact, it does
20 exist. Because there's no point in trying to rescind
21 something that doesn't exist. And then if it exists, it
22 can't be temporary. And the parliamentarian is wondering
23 if the issue of temporary is because of the legal process
24 paying out.

25 MR. MORRIS: Yes madam.

1 MS. JACKSON: The parliamentarian would then
2 advise that it may be premature to try and erase something
3 if it exists until you know what the outcome. But that's
4 just the parliamentarian's advice. But you can't
5 temporarily rescind something. When you rescind it, it's
6 gone.

7 MS. DEWAEELSCHÉ: Madam Parliamentarian, can the
8 motion be that he moves to rescind or expunge any
9 resolution that may have been issued?

10 MS. JACKSON: The term that concerns the
11 parliamentarian was the word temporary.

12 MS. DEWAEELSCHÉ: Yeah. No, no, that can be taken
13 out.

14 MS. JACKSON: If you remove the word temporary,
15 then we're on solid ground. But then you can't come back
16 if he's found innocent and say, okay, now we want to bring
17 this back. You've erased it. I mean, commissioners are
18 looking at me like you're not quite sure. Am I not being
19 clear?

20 MS. DEWAEELSCHÉ: No, you're clear.

21 MR. MORRIS: No, you're clear.

22 MS. DEWAEELSCHÉ: So then, is the recommendation,
23 or based upon what you've indicated to us, should we not
24 make the motion until we know for sure?

25 MS. JACKSON: If there is a concern by the board

1 as to whether or not the legal process is going to play
2 out, and there's always a possibility that a person may be
3 found not guilty, or whatever that legal process is. If
4 the commissioner is concerned about having a legal
5 decision on this, then it would not be wise to take action
6 at this time. If the commissioners are not concerned about
7 having a legal decision, then it's within your power to
8 rescind a resolution, if it has, in fact, been adopted.
9 So, it all depends on whether you're sitting there saying
10 he's innocent until proven guilty, or you're saying the
11 fact that he's been arrested and all of this, is enough
12 for me to say let's get rid of that.

13 MR. MORRIS: The arrest and the allegations are
14 very serious and concerning. As a commissioner, I take
15 allegations of sexual assault very seriously. We see day
16 in and day out people standing before us who are victims
17 of sexual assault. And so, for my integrity, because of
18 the allegations, I trust that the men and women of the
19 Detroit Police Department have done their due diligence. I
20 stand behind Wayne County Prosecutor's decision to charge
21 him. So, I move that the board immediately rescind and
22 expunge any and all resolutions honoring Sergeant Wagner,
23 period.

24 MS. DEWAELSCHE: Is there a second?

25 MS. CAMILLE: Second.

1 MS. DEWAELSCHÉ: Okay, a motion has been made by
2 Commissioner Morris, seconded by Commissioner Camille. Is
3 there any further discussion?

4 MR. BOMAN: Point of inquiry, is this the person
5 who has been separated from this department now for a
6 number of years, and is a retired officer who was recently
7 found to be, you know, recently basically become accused
8 of sexual misconduct? Is that the person I'm thinking of?

9 MS. DEWAELSCHÉ: Yes.

10 MR. MORRIS: Yes, it is.

11 MR. BOMAN: Okay, then I guess my issue is this
12 board of specific members here had nothing to do with any
13 resolution that we, basically, be trying to revoke
14 something a different board did years ago, assuming that
15 they even did it. Am I getting that right?

16 MS. DEWAELSCHÉ: Yes, go ahead.

17 MR. MORRIS: When an officer, when there's a
18 resolution honoring an officer for their service to the
19 department, we do that based upon the information that we
20 do know, the board of police commissioners, whoever is in
21 the seat. But if there is something that comes about later
22 that was not disclosed that would say, hey, had that
23 happened with that resolution, would we have done that
24 resolution honoring him, the likelihood being no, is the
25 precedence that I'm trying to say here. So, you can't come

1 before the board and be honored and then later on we find
2 out that the service we thought that you were honorably
3 provided to the community. If these charges are true, this
4 is he betrayed the citizens of the city of Detroit that we
5 represent. And we have victims come before us all the
6 time. There are some things the boards cannot do and there
7 are some things that the board can do. In this situation,
8 there is an action that the board can take. We have to
9 take some sort of action to say that this isn't tolerated.
10 And because, if you are honored and this later found to
11 have done these things the board has a duty to go back and
12 say, no, we're taking that back from you. Because if he's
13 convicted and he goes before the judge, these resolutions
14 and awards is what they will use to try to give him a
15 lenient sentence. And it's saying that he was doing
16 something that he was not doing. So, there's serious
17 allegations.

18 MS. CARTER: Through the chair. I think that we
19 should find out if there was. If there was a (Inaudible),
20 I think that that should be the first step and then go
21 forward from that.

22 MR. JONES: I agree with that.

23 MS. DEWAELSCHÉ: Well, a motion has been made and
24 supported, but you can vote in opposing it. Go ahead,
25 Commissioner Watts.

1 MS. WATTS: Madam Chair?

2 MS. CAMILLE: Madam Chair?

3 MS. DEWAELESCHE: Yes. Go ahead Commissioner Watts
4 and then Camille.

5 MS. WATTS: Yes. And all the dialogue has been
6 interesting. But however, I think I like how he amended
7 the motion because saying that we have to go first to see
8 if it exists. I think the language he put forth will
9 provide that, because if it doesn't exist, then it just
10 doesn't exist.

11 MS. DEWAELESCHE: Right.

12 MS. WATTS: And actually, I'd like to even go
13 further to say that if it includes some language, but not
14 now. We can discuss this later to anyone in the past that
15 fixed that category in the history. That's been allocated,
16 allocated anything. Accolade has been found guilty. We
17 send that to we don't know that right now. But I want to
18 stick with the motion that's on the floor. But I can
19 respect the other commissioners when you're saying, let's
20 find out first. I think the language that he amended to
21 for me carries that category. Because if it doesn't exist,
22 okay, it doesn't exist. But we covered it. We covered it
23 now and made a decision.

24 MR. MORRIS: Basically, instead of because I had
25 already inquired about it with them, instead of having

1 continuously going through the archives and tying up the
2 time recently visiting. I just kind of like did it like
3 that. So if it exists, it's not a boy. If it doesn't,
4 well, it doesn't.

5 MS. WATTS: Just putting it in place, basically.

6 MS. CAMILLE: Through the chair?

7 MS. DEWAEELSCHÉ: Commissioner.

8 MS. CAMILLE: Thank you, Madam Chair. And in
9 regards to any concerns regarding the outcome of the case,
10 regardless of the outcome of the case, we're not legally
11 obligated to give any resolutions or maintain any
12 resolutions. So regardless of the outcome of the case,
13 we're within our rights to pull that resolution if we
14 choose to do so.

15 MS. DEWAEELSCHÉ: Any other discussion?

16 MS. JACKSON: Call for the question.

17 MS. DEWAEELSCHÉ: Hearing none, all those in favor
18 indicate by saying aye.

19 BOARD: Aye.

20 MS. JACKSON: Sorry. Because it requires two
21 thirds vote, you got to do show of hands or roll call.

22 MS. DEWAEELSCHÉ: Why don't we do show of hands?
23 We have seven?

24 MR. MORRIS: Everyone in support except for
25 Commissioner Boman.

1 MS. JACKSON: I'm sorry, Commissioner. That
2 statement is out of order. You can ask for those opposed,
3 Madam Chair.

4 MS. DEWAEELSCHE: Sorry?

5 MS. JACKSON: You can ask for those opposed.

6 MS. DEWAEELSCHE: And those opposed?

7 MS. JACKSON: Yes. And please say the count for
8 the minutes. Eight.

9 MS. DEWAEELSCHE: Okay, was it eight? Approve the
10 motion and one opposed it. So the motion carries.

11 MS. JACKSON: Thank you.

12 MS. DEWAEELSCHE: I'll entertain a motion for
13 adjournment.

14 MS. IVEY: So moved.

15 MR. BOMAN: Second.

16 MS. DEWAEELSCHE: Okay. Motioned by everyone and
17 second by Mr. Boman. All in favor say aye.

18 BOARD: Aye.

19 MS. DEWAEELSCHE: Opposed? Thank you everyone.

20 (At 5:16 p.m., statement concluded.)
