14646 Artesian  
Detroit, MI 48223

**RE: Application Number 20-6881; 14646 Artesian; Rosedale Park Historic District**

Dear Mr. & Mrs. McCoy:

At the regular meeting that was held on October 14, 2020, the Detroit Historic District (“Commission”) reviewed the above-referenced application for building permit. Pursuant to Section 21-2-80 of the 2019 Detroit City Code, the Commission hereby issues a **Notice of Denial for the below outlined items** which is effective as of October 20, 2020. Specifically, the Commission reviewed the permit for **the below-described work**, and determined that it *does not* qualify for a Certificate of Appropriateness because it does not meet the Secretary of the Interior Standards for Rehabilitation, Standards #2) *The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided, and #9) New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment:*

- The six-foot tall vinyl fence along Eaton Avenue between the house and the garage, which was erected without permit and Historic District Commission approval.

Please note that the above-described work associated with application #20-6681 represents a violation of Detroit City Code. However, enforcement of this violation has been suspended until October 20, 2021 to provide an opportunity for you to develop a proposal to correct the work done in violation. If you have not submitted a proposal and application to the Detroit Historic District Commission to correct the violation in a matter that meets the above-outlined Secretary of the Interior Standards for Rehabilitation on or before October 20, 2021, the Detroit Buildings, Safety Engineering and Environmental Department (BSEED) will resume enforcement action on the denied work items.

Please be advised that a permit applicant that is aggrieved by a decision of the Detroit Historic District Commission concerning a permit application may file an appeal with the Michigan Department of Attorney General. Within sixty (60) days of your receipt of this notice, an appeal may be filed with:

Dear Committee,

3. See Attach Photos
4. A 6 ft High & the Length of 22 ft White Vinyl Fence was put up
5. We replaced the 4 ft Chain link fence with a 6 ft white vinyl Fence, rather than repairing the fence we remove the 4 ft chain link fence to the far part of backyard. Which forced us to build a dog run to stop my dog from being able to get out of the yard or jump the fence. This now allows my dog to have the space which requires for my dog to roam in her own space and not terrorize our community. Unfortunately, we're new to the area as of December 2019 and we were not aware a permit was needed until the inspector came out in June 2020 after the fence was put up prior to his visit. He explained due to the Pandemic COVID-19. He would allow us some time to resolve this matter because the office was closed and before issuing us a ticket. We're reaching out to resolve this issue and hoping for a proper resolution.
