Subject: [EXTERNAL] DTE Curb Guidelines Proposal
Date: Wednesday, April 14, 2021 11:25:00 AM

Dear Historic District Commission -

Please stand strong and deny DTE's request to modify language that would change curb replacement guidelines in historic districts.

As a corporation with a market value over \$26 Billion, DTE should be ashamed that it is even contemplating this change that undermines the value of Detroit's historic districts. In fact, it sets a terrible precedent for communities all over the state of Michigan. Instead of looking for ways to cheapen Detroit's unique built environment, DTE should be investing in our communities.

Thank you for your consideration of this matter.

Sincerely,

Francis Grunow
