Detroit Historic District Commission: My wife and I are resident owners of 1817 Leverette, located immediately to the west of 1819 Leverette. We have received our notification regarding the December 11, 2024 regular meeting. We have also been able to review the application materials for 1819 Leverette on your website. We find the project to be reasonable in scope and scale and we have no objections.

Thank you for your attention to this matter.

Kind Regards,

Thomas Allenson
Maureen Allenson
