[EXTERNAL] 1300 East Lafayette; Thermal Project

From BILL ROMESBURG <wcromesburg@comcast.net>

Date Fri 6/20/2025 11:09 AM

To Historic District Commission (Staff) <hdc@detroitmi.gov>

Dear Sirs,

This letter is being written to voice my strong support for the thermal project tied to 1300 East Lafayette. As a senior citizen it has become increasingly important that we have reliable, environmentally sound heating for our building. Simply stated the current on again off again heating system needs a solution. Thankfully the thermal system is just what we need. May I count on your support?

Thank you,
Bill Romesburg
