Elevation Updates - Lighting and Material/Color Refer to Virtuoso / Infuz Sheet A-2.1

Notes:

We propose to remove the existing masonry on the west side of the building to a vertical line corresponding to the existing column at the northwest corner the structure. The removal of the brick will facilitate restoring the building to a closer representation of its original architectural design and bring it into the likeness to the east side of the building. The building originally was clad throughout with traditional wooden lap board siding with wood trim at the soffits, facias, windows, and doors. The brick in question has been poorly overlaid onto the wood siding and is in various states of repair as well it was installed over and around the window openings in a manner that make the effort to rebuild and trim out these openings a greater challenge than we believe is necessary. Overall, we believe the removal of the brick will not only a more aesthetically pleasing architectural finish, it will also bring the building closer to its original design intent.

Brick on top of original siding

Masonry Removal

Specifications: LP® SmartSide® Lap Siding

CEDAR TEXTURE LAP

THE BOLD LOOK OF CEDAR WITHOUT MANY OF THE WORRIES

- One of the most durable lap siding options on the market today
- 16' length can result in faster installation
- May create fewer seams than traditional 12' siding
- Pre-primed for exceptional paint adhesion
- Self-aligning SmartLock™ option eliminates the need to measure and set lap reveal; eliminating this step in the process is likely to speed up the installation process
- APA-certified lap siding
- Treated engineered wood strand substrate

Cedar Texture

Specifications: LP® SmartSide® Lap Siding

SMOOTH FINISH LAP

SMOOTH APPEARANCE, ADVANCED DURABILITY OF ENGINEERED WOOD

- Holds up in extreme weather, including moisture, hail, freeze/thaw cycles, and up to 200 mph wind gusts
- Treated with the SmartGuard® process for superior protection against the weather, fungal decay and termites
- 16' length can result in faster installation and fewer seams
- Pre-primed for exceptional paint adhesion
- Backed by an industry-leading 5/50-year limited warranty
- APA-certified lap siding
- Treated engineered wood strand substrate

PITCH SINGLE WALL SCONCE

An architectural profile reminiscent of beautifully classic roof lines delivers significant light output in this modern LED wall sconce suitable for both indoor and outdoor applications. The Pitch Single's die-cast metal body houses powerful LED light sources that create visual appeal as light cascades down along a wall.

Outstanding protection against the elements:

- Powder coat finishes
- Stainless Steel mounting hardware
- Impact-resistant, UV stabilized frosted acrylic lensing

Can be mounted for up lighting or down lighting

SPECIFICATIONS

DELIVERED LUMENS	822.6
WATTS	26.2
VOLTAGE	120V, 277V
DIMMING	ELV
LIGHT DISTRIBUTION	Symmetric
MOUNTING OPTIONS	Downlight or Uplight
CCT	2700K, 3000K
CRI	80+
COLOR BINNING	3 Step
BUG RATING	B1-U0-G0
DARK SKY	Compliant (Downlight)
WET LISTED	IP65
GENERAL LISTING	ETL
CALIFORNIA TITLE 24	Can be used to comply with CEC 2019 Title 24 Part 6 for outdoor use. Registration with CEC Appliance Database not required.
START TEMP	-30°C
FIELD SERVICEABLE LED	No

DESCRIPTION

Light projection tuned with precision, Caliber is a discrete cylinder with minimal mounting hardware. Available in a single or double light configuration which can be mounted bothvertically and horizontally. The light engine is factory sealed for maximum protection against the harshest elements.

FEATURES

- Discrete cylinder with minimal mounting hardware
- Weather-resistant powder coated finish
- WS-W36614 is Up & down light, WS-W36610 is one direction
- Light engine is factory sealed for maximum protection from the elements
- Driver concealed within the fixture
- 5 year warranty

SPECIFICATIONS

Color Temp: 3000K

Input: 120-277 VAC,50/60Hz

CRI: 90

Dimming: ELV: 100-10% Rated Life: 72000 Hours

Mounting: Can be mounted on wall vertically or horizontally

Standards: ETL, cETL,IP65
