Subject: Safety

In spring of 2022 while attempting to walk on portions of the collapsed back porch at 691 W Canfield, I lost my balance, and grabbed onto a piece of fence to try to steady myself. The fence board broke off in my hand as it was rotten, I fell backwards onto the concrete and partially into the opening, narrowly escaping falling down into the open space below. The space was filled with broken concrete, rusted rebar and debris. I was badly bruised and lucky to not be seriously injured or killed. It was at this point that I decided that concrete porch had to come down before someone died.
