Subject: [EXTERNAL] 2035 West Boston Blvd and 2027 West Boston Blvd

Good Morning Jennifer Ross,

My name is Don Tuski and I live at 1969 W Boston Blvd. I have lived there since November of 2019. It has recently been brought to my attention that there has been a complaint about 2035 and 2027 W Boston Blvd because of inappropriate lighting. I find both homes to be very attractive and enjoy viewing them on my walks. The exterior lighting is appropriate and both houses are well cared for and add a great deal to our neighborhood. In addition, many of the homes are a mixture of several architectural styles. This makes for one of the most interesting and beautiful neighborhoods in the country. I hope we continue this historical theme.

Thank you Jennifer for all your work for the Detroit Historic Commission.

Don
