Hello Ben
Thank you again for the quick response.

We are replacing every window in the house 99% of them are double hung
We have (1) 3 panel slider in basement
(3) 2 panel slider in basement and (4) awing windows in basement.

Let me know if that works
Thanks again

Good afternoon Wael,

Thank you for this new window schedule. We do need to know where these windows will be going in the home. Currently, the locations on the window schedule indicate they are to be installed at an "unassigned" location. We would ask that the windows be visually keyed to an existing windows/opening on the building in order to better understand the final appearance of the building. I have attached an example window schedule from another project.

The application deadline for the October meeting was technically this past Monday, but if you can get us this information by midday Friday we should still be able to get the case on the October 11th meeting agenda.

Thanks again, and please let me know if you have any questions.

Best,

Benjamin Buckley

Good afternoon Benjamin

Hope all is well with you .

Here is a list of the new proposed windows for 226 Mack Detroit

They are Anderson E series which is wood with aluminum clad exterior

Hope this gets approved

Thank you
