February 2nd, 2024

Dear Miss Ross,

My name is Tim Lemons and I am the owner of Pro Roofing & Sheet Metal Inc. I have been in the roofing and sheet metal business for over 45 years. My work primarily involves the repair and restoration of church roofing systems consisting of slate, tile, EPDM and PVC roofing material. In addition, all sheet metal fabrication is done within our sheet metal shop division. Approximately 80% of our work consists of churches within the Archdiocese of Detroit.

With regard to Sweetest Heart of Mary Church, I have thoroughly read Mr. Wilk's narrative report and answers to your questions. Please know that I totally agree with Mr. Wilk's assessment and statements regarding the existing condition of the roofing system in all aspects. I further agree that the existing roofing system has reached a point well beyond its serviceable life. Over the past several decades, I have performed numerous roofing repairs to this church and I strongly recommend complete removal and roof replacement at this time for all the reasons as described in the narrative and supported by the on-site photos provided.

Should you require any further information, please do not hesitate to contact me at the number shown below.

Thank you,

A handwritten signature in black ink that reads "Tim Lemons". The signature is written in a cursive style with a large initial "T" and a long, sweeping underline.
