## GENERAL

### 1. DESCRIPTION OF EXISTING CONDITION

*Please tell us about the current appearance and conditions of the areas you want to change. You may use a few sentences or attach a separate prepared document on the right. (For example, "existing roof on my garage is covered in gray asphalt shingles in poor condition.")*

Existing driveway is in poor condition and in need of replacement.

### 2. PHOTOGRAPHS

*Help us understand your project. Please attach photographs of all areas where work is proposed.*

### 3. DESCRIPTION OF PROJECT

*In this box, tell us about what you want to do at the areas described above in box #1. (For example, "Install new asphalt shingle roofing at garage.")*

Install new driveway and expand width to accommodate two cars vs the current single car width. The width expansion would extend to the grass area on the left yard in the photo and only beyond the sidewalk, thus no need to cut into the curb.

### 4. DETAILED SCOPE OF WORK

*In this box, please describe all steps necessary to complete the work described in box #3. (For example, "remove existing shingles, replace wood deck as necessary, replace wood eaves, install roof vents, replace rotted fascia boards, paint, clean worksite.")*

Remove existing driveway and replace with new concrete. Widen the driveway with same concrete to create consistent look.

### 5. BROCHURES/CUT SHEETS

*Please provide information on the products or materials you are proposing to install. For example, a brochure on the brand and color of the shingles proposed.*
