**RE: 14846 Ashton
Detroit, Michigan 48223**

We are proposing to demo the existing detached garage due to the fact that the garage has been hit by vehicles several times and is not sitting on its foundation. The entire structure is no longer square. Due to its condition of being repaired over and over again, has compromised its structural integrity.

Please feel free to contact me with any questions you may have regarding this proposal.

Respectfully,

Zack M. Ostroff
