BRIEF PROJECT DESCRIPTION:

I have a fence surrounding my home which was installed in 2005. The fence is brown in color and stands 4 feet and a half inches tall. The fence was initially installed for my late husband and I protection and remains for my safety, protection, and sense of security. Keeping the fence up gives me comfort in knowing I will be secured while entering and leaving my home. The fence has a historic design, look as well as feel to it which complements my home. When deciding on the fence we made sure the fence would add value to our home while have a welcoming feel for our neighbors and community. I am proposing for the fence to stay put and not be removed also for the fence to be apart of The Boston- Edison District now and always with the approval of The Historic District Commission.

The fence is a Wrought Iron fence; the dimensions are as follows Eastside of Fence (facing Woodward) is 84ft and 3 inches, Southside of fence (front of the home facing Edison) is 128ft and 4 inches, Westside of fence (facing Second) is 62ft and 6 inches. The fence is 4ft and a half inches tall. Since the installation back in 2005 there has been no changes. The fence has two

TYPE OF APPLICANT: Lift Master's for the power gate for driveway entrance located in front of the house.

NAME: Sherley	COMPANY NAME: Foster
