

Gracie Brown Timeline 14686

2022: Pomeville and Sons repair quote.

- Were budget constraints why she kept receiving repair quotes versus full replacement quotes?

2023: Prioritized sewer line as a costover roof repairs and replacement.

2024/October: Victor's Quote, full roof replacement

2024/November: Had critter control out for rodents getting into the attic from holes in the roof, critter control confirmed animals were eating at the wood, causing further damage under the tiles.

2025/January: New years had her rear window on car busted out, then her boiler got flagged for needing repaired. Tried getting something in writing from Pomaville in Sons they would not provide her any documentation without her paying for the estimates they gave her.

2025/February: Gracie contacted multiple tile roofing companies for quotes, see below.

2025/March; Victors repair management visited Gracie's residence to take pictures on the roof and inside.

Timeline of other roofing/tile companies Gracie has contacted
