## APPLICANT RESPONSE

Response Date: 04/07/2025

Hi Jennifer,

The window company did go out and look at the garage. The front facing upper window is original. There is a window opening with a board over it, and there is one vinyl slider window (Please see the attached pictures).

We are asking that we be allowed to keep the garage how it is while we replace all of the windows on the house. Especially since the only window that can be seen from the road is the original window.

I would also let you to remove the nova Window quote and the Lincoln window description from the application that was submitted. Please only keep the McGlisch and Son's Pella window quote to go before the commission.
